Russian Peace Terms go to England

REPARATIONS ALMOST COMPLETE FOR CONSTRUCTION OF BIG NEW WHARF

Soviet Armistice Terms are Received by British Premier

Bolsheviki Demand Demobilization of Army and War Industries and Free Land for Soldiers and Families

LONDON, August 11.—Lloyd George today received from the Russian Soviet their terms for an armistice with Poland. They demand the demobilization of the Polish army, and all war industries and the stoppage of importation of war materials from Poland.

They also ask for free land for soldiers and their families and withdrawal of Russian Ukrainian troops from the Polish boundaries.

Lloyd George stated yesterday that he was hopeful of peace since the submission of the armistice terms, has not expressed opinion.

United States Declares Against Dismemberment of Poland by Russians

LONDON, August 11.—The United States Government today declared itself for the maintenance of the territorial integrity of Poland and against dismemberment by Russia.

The administration here is not opposed to the efforts of the Poles and Poles towards an armistice or to the recognition of a Soviet regime. The form of government they have or the one that controls the destinies of the country is no concern of America.

FRANCE HELP SOUTH RUSSIA AGAINST REDS

Paris Call Anti-War Conference in London.

PARIS, August 11.—France has offered military support for Marshal Wangel, head of the De Gaulle Government of South Russia against the Bolsheviks. The government here is convinced that the Reds propose harsh terms in connection with the Polish situation.

LONDON, Aug. 11.—The labor unions are calling a national anti-war conference.

AUTO STRUCK BY A TRAIN

Men Killed When Car Stalled in Front of Express.

MONTREAL, Aug. 11.—H. Landon, manufacturer, and E. J. J. were both killed at St. Hyacinthe when their auto was struck by a train. They were crossing the railway when their car stalled in front of an express train, killing both and shattering the machine.

SHUSWAP FATALITY

VANCOUVER, August 11.—It was Elizabeth Sheridan who was drowned in the Shuswap lake fatality and not Helena, when Rosie Clifford was also drowned. The family were advised by telegram which was not clear and was misleading.

FUNERAL NOTICE

The funeral of the late Frank Mazzei will take place from the Roman Catholic Church on Thursday, August 12th, at 10 a.m., and from there to Fairview Cemetery. Rev. Father McGrath officiating.

DAVID RAY FINED \$150

Assaulted Police Officer and Must Pay or Serve Six Months

Yesterday afternoon before Judge Young, David Ray was fined \$150 or six months in default of payment for assaulting police constable Wm. Wisley in a fight at the Fire Hall on Monday evening. This concludes the happenings in connection with the melee at the Fire Hall in which four of the firemen appeared before Magistrate McMorde yesterday morning and were fined according to the degree in which they had taken part.

The places of the offending firemen, who were dismissed at once, are being filled and James Parks is temporarily in charge.

Excellent Progress with New Hays Cove School

Cement Work should be all complete in five or six weeks; Brick arriving in large quantities

The new school building is making excellent progress. Most of the basement concrete is already laid and the first story is rising fast and most of it will be ready this month. Contractor Basso-Bert says he will be away from there in five or six weeks. Brick is arriving fast. Just now teams are hauling facing brick and as soon as the present consignment is on the ground there will be 100,000 at the site and a lot of them already laid.

Few people realize what a fine building this school will be. Architect Potter yesterday went over the plans with a Daily News representative. With the building laid out and the walls going up it is easy to see what the plan means. In all there will be eighteen class rooms and a large assembly hall to seat four hundred, with a gallery at the lower end and a stage at the other. This room is on the top floor.

The ordinary class rooms are on the two upper floors, six on each, with a principal's room and library and teachers' lunch room on the second floor. Each of these rooms is designed to accommodate forty pupils.

Possibly Swimming Bath.

On the lower floor are the domestic science, manual training and kindergarten rooms, while below that again are outside the main building is the furnace room and coal sheds with a suitable place for a swimming bath should there be money enough to build it.

The school faces down sixth Avenue and will, when complete, be a very imposing structure that will be a credit to the city. The main entrance leads direct to the second floor and there are plenty of emergency exits and fire escapes provided so that there will be no danger in case of fire. Also there will be little in the building of an inflammable nature as all the hallways are of concrete.

Complete in Spring.

Colonel McMorde, the contractor for the job, says that there is no hope of having the building ready by the end of the year, but given reasonable weather and with no serious holdup he thinks at least part of it will be ready for occupancy by Easter. In the meantime they will work hard to get the roof on before the bad weather comes, if possible.

WESTMINSTER WINS

Close Lacrosse Game Closes With Terminal City on Short End.

VANCOUVER, August 11.—In yesterday's Lacrosse game New Westminster carried off the honors against Vancouver although the match was the closest played on the coast for many a day. The score stood 8 to 7 in favor of New Westminster.

A PUBLIC MEETING TO BE ADDRESSED BY THE HON. W. J. BOWSER,

Leader of the Opposition, will be held in the Empress Theatre, Monday, August 16th, at 8.15 p.m.

Commence Dock when Tug Arrives

is on way now with Dredge and Scows preparatory to commencing active operations; Magoffin in City

"Just as soon as the tug with the dredge and scows arrives in port, we will be able to commence work at once," said S. S. Magoffin, the contractor for the new G. T. P. dock. The tug referred to with the dredge and other supplies left Vancouver some time ago and when last heard of was in the neighborhood of Swanson Bay about 100 miles south. Since that time the storm of the past two evenings has very likely tied up the north-bound outfit, but they are expected in at any time now. This is the only thing which now holds up the immediate procedure with the preliminary dredging and filling.

Mr. Magoffin, who arrived from Prince George last evening, says that the instructions are to rush the dock as quickly as possible. It is a sore need and the well known contractor smiled at the remark of the ministers who visited here recently, when they used the word "advisability" in regard to the building of a new wharf here.

Alexander in Charge.

At the present time Major Alexander who will be in direct charge of the new work is in Vancouver where he is busy engaged in assembling two more outfits. These will be brought north at the earliest possible date and will continue with the dredging and filling which will be commenced by the outfit. For the past few weeks piles and logs have been arriving and have been discharged at the coal dock.

In regard to the letting of the contract for the building of the warehouse, which will be given separate to the erection of the dock, no announcement can yet be made. The tenders were called for August 2, but the letting of the contract has been held up.

Two committees were appointed to canvass the business men and the industrial concerns. On the former are Harry Weber, Harvey Fraser and S. D. Macdonald, and on the latter are J. R. Beatty, J. J. Gillis and A. Ellis.

A large sports committee was appointed, consisting of Harry Weber, Joe Hatchford, W. E. Thompson, Harvey Fraser, Gilbert Campbell and Jas. Simpson. The advertising committee is as follows: J. M. Campbell, W. Shortridge and R. O. Miller, and the finance committee will be made up of Messrs. Beatty, Ellis, Gillis and Macdonald.

A very pleasant feature of the evening was an address by Mr. Crawford, business agent of the sheet metal workers of Vancouver, who is now on his way south. The message of the visitor was appreciated by all present.

BOWSER COMING MONDAY NEXT

Will Discuss Affairs of Province Here From Point of View of Opposition.

W. J. Bowser, leader of the opposition in the Provincial Legislature, is expected here on Sunday night and will address the people of Prince Rupert on the public affairs of the province as he sees them on Monday evening in the Empress Theatre.

Mr. Bowser was premier of the province from the time the late Sir Richard McBride resigned until he was defeated by the late Mr. Brewster. At that time people were much dissatisfied with his government and he went back to the Legislature with very few followers. Now he is looking forward to another election and is flouting the country telling the people of what he considers to be the sins of the present government and what he would do if he were in power again.

Mr. Bowser is a good speaker and is always entertaining. Doubtless there will be a good crowd out to hear him.

MAMMOTH PICNIC AT NEW WESTMINSTER

VANCOUVER, August 11.—All retail stores here and at New Westminster are closed for a mammoth picnic, the biggest in the history of New Westminster.

COMMITTEES FOR SPORTS LABOR DAY

Arrangements Made for Big Event on First Monday in September.

Last evening's meeting of the Trades and Labor Council was given over mainly to the arrangement of committees to take charge of affairs for the Labor Day celebration. Ways and means for providing a splendid day's entertainment were fully discussed and S. D. Macdonald was appointed chairman over all with Arthur Ellis as secretary.

CORSETS SAVED WOMAN'S LIFE

August Wendt of Vancouver Fired at Man and Struck Passing Pedestrian.

VANCOUVER, August 11.—Mrs. W. W. Carter of Toronto, a pedestrian, was shot in the back when August Wendt of Granville Street found his wife walking with Ole Lien and fired at Lien, but missed. Wendt was chased two blocks through the circus crowds before he was caught. He is now out on bail in the sum of \$10,000.

Mrs. Carter was not seriously injured but might have been had not the bullet from the revolver glanced from the corset steel.

Smithers Making Good Headway.

The Smithers Citizens' Association with A. Kilpatrick president and Charles Reid secretary, has published a leaflet containing a business directory and sketch of the activities and possibilities of this centre. The leaflet shows that Smithers is the first passenger and second freight divisional point on the Grand Trunk Pacific Railway. It is situated at the foot of Hudson Bay Mountain, whose snow-capped peaks rise 7,000 feet above the town. It is 226 miles east of Prince Rupert.

Smithers is the centre of government administration for Omineca district and is the payroll town of the Bulkley Valley. It has excellent schools, a modern hospital, good hotels, a fine railway station, several churches, and a public hall. It is in the centre of a rich farming country, and close by are mineralized areas that are being prospected and in which there are a number of mines. Lumbering is in progress and in fact there is everything in the neighborhood which makes for progress. Add to this an excellent climate and it is easy to see that Smithers has a future which warrants the optimistic spirit of the residents.

The leaflet is published from the press of the Interior News and is very attractively printed and well written. It should prove valuable advertising to the community.

Industrial Features Of Exhibition.

The Prince Rupert Fall Fair will be held next month and the directors and officials are busily engaged in licking things into shape so that this year's event may be more attractive than any in the past. Already good work has been done in providing for amusements and in advertising and arranging for agricultural and horticultural exhibits. What is necessary, however, to a successful fair is a good industrial exhibit. As an advertising medium this should be worth a good deal, and from a public spirited point of view it should attract everyone.

The fair without an industrial exhibit does not amount to much. It should give some idea of the resources of the vast district and show the work that is being done. This is where people gather from east and west, north and south, and if any industry is not represented it leaves a gap that cannot otherwise be filled.

Sauce for Goose Suits Gander Too.

British labor leaders seem to think it is all right for the Soviet troops to invade Poland. They fail to realize that the military activities of Russia are becoming a menace to the world and that we may have fastened on us a system of militarism worse than that against which the same labor leaders have always protested. The matter of name does not count. Let the military spirit dominate the civil authorities and a condition is bound to develop similar to that in Germany which caused the great war. Militarism is always arrogant. It is bad where the military leaders are educated and cultured. Let the military spirit get hold of the uneducated and uncultured and the condition becomes intolerable to everyone.

The labor leaders, as reported by wire yesterday, say that it would be "an intolerable crime against humanity" for the Allies to go to war to save Poland, yet it does not seem to them to be a crime to subdue Poland. If one is a crime, why not the other?

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

LAND REGISTRY ACT.

(Sections 36 and 134.)

Re application No. 11998-1. File 9373.

TAKE NOTICE that application has been made to register John A. Murray, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot six (6), Block Twenty-nine (29), Section One (1), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of John A. Murray.

AND WHEREAS on investigating the title it appears that prior to the 9th day of October, 1918 (the date on which the said lands were sold for overdue taxes), you were the owners thereof, as stated opposite your respective names.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John A. Murray, unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 16th day of April, A.D. 1920.

TIDES FAVORABLE FOR ROUND ISLAND TRIP IN LAUNCHES

The tides of Friday and Saturday nights are quite ideal for a trip around Kaien Island. It is surprising how few boat owners have made this most delightful trip in their craft. In order to catch the falls at Shawatlans and again at Zenardi at the right time the tides must be fairly high or low. Entry can be made by going in on one tide at either of the stretches of fast running water. Then by going directly around to the other it is still possible to get through on high water. The distance from the one to the other can easily be made in plenty of time to catch the tide favorably. In the same way the circuit may be made at low tide by bucking tide in at one rapid and getting around in time to run out at the other, also against the tide. It is very likely that more than one party of enthusiasts will make the trip before the week ends. It is a pleasant trip after supper and an ordinary speed launch can make it in about two and a half to three hours.

FARM AT WOODCOCK DEVELOPING FAST

R. L. Brown and George Morrow Doing Good Work Clearing and Cultivating.

R. L. Brown and George Morrow are making great progress with their farm at Woodcock, just this side of Kitwanga. They have already cleared 35 acres of land and propose to make it 50 before the end of the season. They are raising oats and potatoes and garden stuff this year and the crops are excellent.

Within a few years this farm should be shipping produce to Prince Rupert regularly. Dairying and fruit and vegetable raising will be taken up on a large scale.

Since work was commenced on this place, a number of other people have taken up land adjoining and very soon there will be a thriving settlement at Woodcock.

CANADIAN TRADE WITH SOUTH AMERICA

Warden Bailey Receives a Letter Telling of Inauguration of Service

Warden A. H. Bailey of the city police force is in receipt of a letter from a friend in Buenos Aires who describes the inauguration of a Canadian Government Merchant Marine service between that city and Canada. Branches will also be opened in other important cities of South America. At the present time a commissioner has been appointed for Buenos Aires who is pushing Canadian made goods. Canadian fabrics and manufactured articles are brought in and hides, coffee and rubber are being brought back to Montreal for distribution.

The first steamer to enter the service is the "Canadian Planter" which will now be used steadily in the trade. Other steamers are expected to go on the run in the near future.

Ten Years Ago in Prince Rupert

August 11, 1910.

A petition was presented to the City Council last evening for the grading of Sixth Avenue between Fulton and Summit Avenue.

A petition to Premier McBride was being circulated yesterday, calling upon him to use his influence with the Minister of Public Works to have the government wharf at the foot of McBride completed.

As a result of the invitation of the Publicity Club to the Pacific Motor Boat Association for the boats in the long distance race from Ketchikan to Vancouver to call here, one put in yesterday and some of the other entries are expected today or tomorrow. The boat which put in here yesterday was called the "Limit."

The Conveyor was loading one of the dinky shunting engines for use up the line this morning when the crane broke under the strain of over ten tons. The engine dropped right on top of the captain of the steamer.

NOTICE TO CONTRACTORS.

PRINCE RUPERT WHARF EXTENSION. Tenders will be received by the Honourable The Minister of Public Works up to noon, the 9th day of August, 1920, for the erection of New Timber Wharf Extension to the Present Wharf, at Prince Rupert, B.C.

Plans, specifications, contract and forms of tender may be seen on and after the 14th day of July, 1920, at the office of the Provincial District Engineer, YANCOUVER, B.C. and the DEPARTMENT OF PUBLIC WORKS, VICTORIA, B.C. By application at the above mentioned offices, contractors may obtain a copy of the plans and specifications for the sum of five dollars (\$5) or a marked cheque for that amount, which will be refunded on their return in good order. Each tender must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable The Minister of Public Works, for a sum equal to five per cent (5%) of the tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheque of unsuccessful tenderers will be returned to them upon the execution of the contract. The lowest or any tender not necessarily accepted.

CANADA anticipates a period of growth.

Her raw materials remain the envy of her competitors.

She commands capital and skilled workmanship.

Her position in the British Empire gives her prestige and opportunity.

But whether she realizes her hopes fully or only partially rests to no small degree upon her steam railways.

CLOSER to Orient or Europe than is any other

part of the NewWorld, Canada would lose this advantage if her railways proved unable to carry her goods quickly to these well-placed ports.

She must be prepared for any development of traffic east-bound or west—or south.

HER rail service must be elastic and dependable. It must have reserve capacity, whether to roll a bumper wheat crop east, or some other Canadian product west-bound for Siberia or the Antipodes.

Elasticity, dependability and reserve capacity are profoundly affected by the overwhelming increase in operating expenses as compared to revenue.

THIS is another reason why increased freight rates are necessary in the public interest!

Mrs. F. H. Dart
Likes Flavor

Mrs. Dart says they use Pacific Milk for everything but tea. She had tried canned milk "as a make-do" on several occasions, but she could never learn to like it, as she thought. Finally one day when they were out of milk she got a tin of Pacific.

The flavor was so natural and a cake turned out so well that she tried it again.

Now they use about 30 cans a month.

MUST SPEND MONEY ON G.T.P. ROADBED

So Says Hon. Dr. Reid on His
Return to Ottawa.

OTTAWA, August 10.—Hon. J. D. Reid, minister of railways and canals, on his return from a trip over the Canadian National railway system in western Canada, states that the Grand Trunk Pacific will require considerable expenditure to bring its road-bed up to standard, including the rebuilding and filling in of a number of wooden bridges. The Canadian Northern, he found to be in good condition. The work of co-ordinating the two government lines is in progress.

The minister believes that it is in the interest of Ontario and Quebec that some action should be taken to supply these provinces with coal from western Canada, as well as from Nova Scotia, for industrial purposes, in view of the possible shortage of that commodity this coming winter. He is of the opinion that a large number of coal cars and locomotives may have to be supplied by the government to the Canadian National and Canadian Pacific railways for this special purpose, in order that commercial coal may be delivered in Ontario and Quebec at the lowest possible price. The long haul and cost of equipment is what adds to the cost, and Dr. Reid feels that every effort should be made to reduce this cost to the minimum.

Mining News

Arrangements are now being made to start a diamond drill on the Delta Copper Company's property on Rocher de Boule mountain. For some time a party of men have been working away but such hard work is too slow to form a good estimate of how the property runs. By means of the diamond drill the ground will be thoroughly prospected before any permanent excavation is made for a future working tunnel.

Marked mining activity is now noticed in the Hazelton district. A large number of men were recently put to work on the Sunrise property where considerable development work has been proceeding of late.

NAVIGABLE WATERS PROTECTION ACT.
 (R.S.C. CHAPTER 33.)
 The Fish Oil and Products Limited hereby give notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the Land Registry Office for the Prince Rupert Land Registration District at Prince Rupert, British Columbia, a description of the site and plans of a wharf proposed to be built in the Skeena River near Haysport in said Province in front of Block A, B and C, being a part of Subdivision of Section Eleven, Block One, Range Five, Coast District, and Blocks One and Two being part of District Lot 445, Range Five, Coast District in said Province.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, The Fish Oil and Products Limited will under Section Seven of said Act, apply to the Minister of Public Works at his office in the City of Ottawa, and for approval of the said site and plans, and for leave to construct the said wharf.

Dated at Prince Rupert, B.C., this 16th day of July, 1929.

BEACH PARTY AT SALT LAKES CAMP

Enjoyable Time Spent by Camp
Fire Across Harbor.

A very delightful beach party was held last evening at the camp of Mrs. Fraser and Mrs. Wall near the salt lake. Early in the evening the guests arrived by launches but the rain at first dampened the ardor of a few. However, the slight showers did not prevent the swimming enthusiasts having a good time but the flies were rather bitter in their attacks on the lookers-on, so a hasty retreat was made back to the beach where a large fire was burning. The sky cleared and while all sat around the fire refreshments were served. The rest of the evening was passed in singing songs and choruses both old and new and the surrounding bluffs re-echoed the harmonies.

Among those present were Mr. and Mrs. Jas. L. Lee, Mr. and Mrs. J. N. Sinclair, Mr. and Mrs. J. R. Mitchell, Mr. and Mrs. J. Myhill-Jones, Misses Gray, Thompson, Shaghehan, Fraser, Paynter, Johnson, Morgan, Hibbard, Dyer, Mitchell, Kelly, and Lindsay; and Messrs. D. Jay, G. Mitchell, W. Mitchell, L. Barron, H. Astoria, Jas. Mitchell, S. Weston, J. Currie and E. Smith.

Sport Briefs

Football Tonight.

This evening's football game between the Sons of England and the Callies marks the opening engagement of the Gihuly cup series. The winner tonight will play the winner of the other set between the Grand Trunks and the Trail Club which is to be played on August 14. The cup tie final will then be played on the 20th. Tonight's game will be refereed by Sid Thompson, with Ed Craggs and S. L. Warrior on the side lines. The following will represent the Callies on the field: Goal—W. R. Martin; backs, Harry Menzie and Jack Stewart; halves, Jas. Currie, Bill Murray and A. Matthews; forwards, White, Wiggins, Marnell, J. Campbell and Tom Black. The S. O. E. team is as follows: goal, Sid Winsky; backs, S. Darton and Bert Wearmouth; halves, Shimmons, Bill Crisp and Kelsey; forwards, Fred Hardy, Lambe, Percy Tinker, Fanthorpe and Farquhar.

In a recent baseball game between the married ladies and single ladies at Vanderhoof, the latter won by the score of 16 to 6. One party in speaking of the game commented that the match had been won rather easily by the "Misses."

Alec and McKay, the two Indians who appeared on the line-up of the Sawmill team on Monday night, did not show up to very good advantage. It was their first game on the local field for some time and things apparently seemed strange. McKay made a very creditable showing in his fielding at short stop.

The next baseball game of interest is on Friday, August 13. If the Beavers pull the Colts down it gives a little more favorable opportunity for the Sawmill and the Red Sox to come to the front. Should the Colts win, their present lead is strengthened considerably.

Many fans have not yet got the play straightened out in their mind from Monday evening's game when during the 6th inning the Sawmill team was put out on an apparent error by a Red Sox player. The base umpire, Dick Rosson, called Bill Sherman out at second because he left the second bag and did not return when a fly ball was knocked out by Fotos. Louis caught Fotos out and then made a wild peg to third which travelled off the lot. Fowler came home from third as did Sherman from second. But when the latter was declared out the run of the former did not count. There was one down when Fotos knocked the fly ball and the two put-outs gained in the disputed play described brought the whole side out.

Fanthorpe who will play on the forward line of the S. O. E. team tonight made his first appearance in the Callies vs. Sons of England game of two weeks ago. At that time he was playing on a half back line which lacked a man and did not have a chance to show all that he could do in football. If

IN PROBATE.
 IN THE MATTER OF THE ADMINISTRATION OF THE ESTATE OF BALDOMEIRO SALINAS, DECEASED.

TAKE NOTICE that by an order of His Honor Judge Young, dated the 3rd day of July, 1929, it was ordered that William E. Williams, Executor of the Estate of Baldomeiro Salinas, deceased, be at liberty to swear as to the death of the said Baldomeiro Salinas, as of the 2nd day of March, 1929, after the expiration of one month from the date of the first publication of notice of the said order, unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, British Columbia, that the said Baldomeiro Salinas was alive subsequent to the said 2nd day of March, 1929. And it was further ordered that notice of the said order be published in the Daily News, a newspaper circulating in Northern British Columbia, for a period of one month.

DATED this 5th day of July, 1929.

JACK TONER'S SON IS ALIVE

Driver in Tanks With Royal Scots
and Was Shell-Shocked.

Jack Toner of this city is a very happy man for last Saturday he received the glad news that his son, whom he thought dead, is alive and well in England. J. D. Toner was a driver in the tanks with the Royal Scots and little word was received from him for a long time so that all his relatives and intimate friends had given him up for lost. At last, however, has come the welcome news and he tells of having returned from France suffering from shell shock. He has received his discharge and hopes to leave for New York, where his father will meet him.

When a young lad of 13 J. D. Toner joined the Royal Scots in Belfast, Ireland, as a bugler. His father later took him out of the army and the brilliant youth then came under the influence of Madame Patti who started him on his career. He was known as the Belfast newsboy impersonator of world stars and his reputation as an intertainer has spread far and wide. At one time he was on the stage as Charlie Chaplin, but the latter came to the United States and now young Toner thinks that it is his turn. At the time of the historical bombing of Scarborough he was giving a performance and it was the following morning that he enlisted. Up to that time he had been 16 years on the stage. His father is anxious to bring him to Prince Rupert in the near future.

ALBERTA LOSES TAXATION CASE

Unable to Recover \$339,524 from
Canadian National Railway

EDMONTON, Aug. 11.—The judgment of Mr. Justice Byrdman in the Supreme Civil Court dismisses the action of the King and the Provincial Treasurer against the Canadian National Railway, in which there was involved the sum of over \$339,524. This amount the province claimed, was due in taxes on the line of railway running from Lloydminster to Edmonton and the line from Edmonton to Strathcona.

Action to recover this money was started March 15th, and involved a big legal fight over the meaning of the provincial statute passed in 1906 governing the taxation of lines within the province. After a period of nearly five months, the judgment of Mr. Justice Byrdman is handed down and means that the provincial treasury will not be enriched to the extent anticipated.

The province claimed in this action the right to taxes, double taxes and penalties alleged to be due and owing in respect to the 176 and 23 miles of railway owned and operated by the C. N. company for the years 1913 to 1919 inclusive, under the provisions of chapter 30 of the Statutes of the province in 1906.

HERBS GIVE RELIEF FOR ACUTE DISEASE

Reliable Treatment for Asthma,
Rheumatism, Stomach
Complaints, Etc.

Every reader is familiar with the use of herbs by the housewife or mother and few will gainsay the wonderful medicinal properties contained in these herbs or the effective manner in which these home remedies ward off disease.

Trained herbists have done in a wide manner what has been done in a limited manner in the home. Going to the four quarters of the earth they have discovered herb species for practically all human ailments. These herbists have then prepared formulas which cover herb ingredients capable of doing the greatest good for humanity.

Wonder Health Restorer, now being sold in Prince Rupert is an illustration of this form of treatment. First prepared as his private prescription by a great Scottish herbist, it has for years been doing wonderful work. Cases are on record of its success in treating Asthma and kindred complaints, Rheumatism in all forms, indigestion and stomach troubles, kidney complaints, female troubles, nerve diseases, skin diseases, Piles, etc. Sufferers from any of these complaints should ask their druggist for a copy of "The Road to Health," a booklet which tells all about herb treatments and gives instance after instance where Wonder Health Restorer has afforded relief.

Wonder Health Restorer is for sale in Prince Rupert by Prince Rupert Drug Co. Call and enquire about the remedy and the wonderful work it does.

MILL EMPLOYEE IS PRESENTED WITH SAVINGS ACCOUNT

Last evening a committee of employees of the Prince Rupert Lumber Mill called at the home of Mr. and Mrs. Ed. Behaies at Seal Cove and presented them with a savings book at the Royal Bank with a substantial deposit to their credit. This was a gift from the mill employees to Mr. Behaies on the occasion of his recent marriage.

Mr. Behaies is edgerman at the mill and a valued employee and is well liked by his fellows as shown by the presentation made last night.

The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers.

It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.

PROSPECTOR DROWNS

Body of Robert Wilson is Recovered From Athabasca River.

EDMONTON, August 7.—The body of Robert Wilson, a prospector of the north country, who was drowned in the Athabasca river a few days ago, was recovered by Constable McDonald, of the Alberta Provincial police at a point about 48 miles below Fort McMurray. Immediately after the body was recovered it was brought back to Fort McMurray, where it was buried.

Little information has been received by the provincial police here as to who Wilson was. Supposedly he was a man well known in the McMurray neighborhood, but information as to the location of his relatives has not reached provincial police headquarters, located in this city.

All local engineers and mining equipment dealers have been interviewed but information is lacking from these sources as to Wilson's complete identification. Inspector Piper, of the Alberta provincial police, reports that a full account of the death of Wilson is expected to reach headquarters at an early hour.

That he was a prospector who had gone north to take over a drilling outfit twenty miles north of Fort McMurray, has been established. The outfit he proposed taking to Great Slave Lake, there to work on the claims of the Aurous Gold Company.

PRETTY WEDDING HERE THIS MORNING

Miss Nyman Becomes Bride of Dr. Tennant of Montreal in Methodist Church

The wedding took place this morning of Miss Anna Elizabeth Nyman, until recently teacher in the local schools, and Dr. Percy Stuart Tennant of Montreal. The ceremony was performed in the Methodist Church, with Rev. T. H. Nuttall officiating.

The bride looked very charming in a suit of navy blue silk and hat to match and was supported by Miss Hunt and Miss Pim. Miss Pim sang a solo and the wedding marches from Lohengrin and Mendelssohn's march were played. The bride carried a beautiful bouquet of roses and carnations.

The church was prettily decorated for the occasion with marigolds and asters and there were a large number out to witness the ceremony.

Mr. and Mrs. Tennant left on the train bound for Toronto by way of the Great Lakes. In the fall Dr. Tennant will complete his course at McGill University, after which he will take up medical missionary work in China.

Miss Nyman will be much missed in church and social circles as she was very popular.

PRATT'S FLY CHASER

Keep the animals contented. It is humane—sanitary—profitable to keep flies away.

FARMERS know that cows give more and better milk, that calves put on flesh faster and that horses have more vim and vitality when not worried with flies. Flies are not only scavengers—they are carriers of germs and contagion. They not only make cattle nervous and sick—they eat up farmers' profits. It is humane to use Pratt's Fly Chaser which effectively keeps them away because the animals suffer intensely in their dumb way from these stinging pests.

Order your supply of Pratt's Fly Chaser at once. Remember Pratt's is a guaranteed product. IT DOES THE WORK.
