PRICE FIVE CENTS

Would Protect The Halibut Banks PRINCE RUPERT'S GREAT ANNUAL EVENT ATTRACTS LARGE CROWDS HERE

Proposal for Protecting Halibut

William Sloan urges dividing the
banks into Six Districts and alter-
nately closed for five years

Sept. 22.—Hon. William Sloan, who has charge of the department of the Provincial Government, has issued a report last year in which he deals at length with the halibut

shows that the catch for 1919 was 19,197,565 pounds, 500,000 over that of 1918.

On the halibut treaty between the United States report protests against the inadequacy of the closed districts. Instead of a closed season for all fishing for United States and Canadian fishing boats for three report advocates that all known halibut banks be divided into six districts which should be alternately closed for five years, in manner that some of the banks would always be open

given in the report is based upon the results of investigations by William F. Thompson.

Mayor McClymont Opens the Seventh Exhibition

Display at Agricultural Hall excels past in many sections; great number of people in city for event

Production of District Is Great Object Lesson

Lots of Fun and Sport runs concurrently with Educational Features; Sports Ground and Carnival going strong

This afternoon at 2 o'clock Mayor McClymont officially opened the Seventh Annual Prince Rupert Exhibition of the Northern B.C. Agricultural Association, and the big event is now in full swing. As usual there was a good crowd in attendance for the opening ceremony which joined in the grand parade from the carnival grounds. From the enthusiasm this year's fair shows promise of being the most successful yet, and now the verdict as to its success rests with Jupiter Pluvius and the people of Prince Rupert.

The exhibits on display in the exhibition Hall are in many respects of a higher standard than ever before and in many sections there is a much greater number of them. The show is a great object lesson of the achievements that may be obtained along agricultural and industrial lines in Prince Rupert and the northern and central portions of the province, interesting things at the exhibition Hall, sports are going on in full swing at the sports grounds will be shown for the next three days much credit is due to the organization that has made such a good job.

Judging is now in progress at the hall and this will somewhat disorganize things this afternoon but when this is all completed and the award cards begin to appear on the various exhibits, everything will be in proper shape for the many spectators whom it is expected will patronize the event. The list of judges this year includes men and women of experience along the various lines to which they are appointed and the provincial government has sent three experts, Mrs. Carter, for domestic science and ladies' work; H. D. Reid, poultry and pets, and C. E. Barlow, of Salmon Arm, fruit, vegetables and field crops.

Mrs. Carter arrived this morning from the south, while Mr. Reid and Mr. Barlow reached town from the interior last night where they have been doing similar work at the Prince George, Smithers and Terrace exhibitions. Local judges include A. C. Garde, M.E., minerals; Miss McLenaghan and J. C. Brady, school work; Dr. Tremayne, Mrs. A. H. Bayne and Chief Vickers, baby show.

Plenty of Sports. While there is a plentitude of

Challenge Cup. Immediately after lunch the Intermediate League baseball play-off will be staged between the Colts and Red Sox, followed by another football game. In the hall the judging of the baby show at 4 o'clock will be awaited with interest by the proud parents and the public generally. In the evening a concert, consisting wholly of Indian talent, is going to be one of the real big treats.

Fun for Crowds.

While the Acropolis Hill is a busy place for merrymakers and sightseers, the Carnival downtown is running full blast with many kinds of devices for fun and entertainment. Here the Indian bands are also performing and there is a pavilion in the middle of the street for dancers.

The crowds that thronged the streets last night will be greatly increased and the city will take on the regular gala appearance which has gone with all fairs only on a bigger scale this time.

With the stores open every evening the city certainly does look bright and everybody is throwing gloom to the winds for the complete enjoyment of fair week.

PROPHECY COMES TRUE

Four years ago there appeared in The News a short sob story in verse which had been received by Walter Chilton of this city and answered by him in a series of verses which constituted a prophecy. This prophecy has already partly come true and on that account is very interesting:

THE PESSIONIST.

It hardly pays to be
In Prince Rupert,
For there's nothing much to see,
In Prince Rupert,
She's a dead one all day long,
No one sings the latest song,
Everyone has got in wrong
In Prince Rupert.

THE PROPHECY.

(Written in Reply)
I've a bunch that you'll come back,
To Prince Rupert,
Asking me for your crack
At Prince Rupert.
When you meet the mighty throng
You'll confess that you did wrong,
Sending south your nasty song,
To Prince Rupert.

After the war you'll meet big men
In Prince Rupert,
They will build the depot then,
In Prince Rupert,
Stretch the roads along the shore,
With a hundred tracks or more,
Finance confidence restore,
In Prince Rupert.

You will witness train on train,
In Prince Rupert;
Bringing in great loads of grain,
To Prince Rupert;
Filling up the bowels of ships,
Safety cables to the slips,
Where the rail and ocean dips
In Prince Rupert.

Grain and ore will overflow,
In Prince Rupert,
Hammer, fallax, blow,
In Prince Rupert;
When the Grand Trunk three-shit crew,
Cuts the mountains clean in two,
Runs a tunnel through and through,
To Prince Rupert.

All its wonders realize,
For Prince Rupert;
Scrapers cleaving to the skies,
Prince Rupert;
Hear the trip-hammer ringing loud
Where the elevators crowd
Oh! we'll still grow very proud
Of Prince Rupert.

The unsuspecting customers being asked to draw one of these envelopes, are surprised to find they have won the sum of forty dollars and are thus able to buy a fifty dollar article for the modest sum of only ten dollars,

Henri Defontaine and John Burgi arrived last evening from Terrace with a list of exhibits for the fair.

THE WONDERFUL FRUIT MEDICINE

Every Home In Canada Needs "FRUIT-A-TIVES"

BLACK MAGIC BY MASKELYNE

Famous Magician Makes Escape in Ten Seconds from Tank in Thames

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-tives" is the only medicine made from fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. \$6 a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

LONDON, Sept. 22.—For an hour last Friday afternoon the stretch of the Thames between Blackfriars Bridge and Waterloo Bridge became an adjunct of St. George's Hall, and hundreds of Londoners were provided with visible proof that the powers of magic are not limited within the four walls of the building in Langham Place. The occasion was really a duel of wits between the Sea Scouts and Mr. Maskelyne and his assistants, and it must be admitted that on this occasion the Scouts had the worse of the argument.

At Jamboree

The duel between the parties really began during the recent Jamboree at Olympia. On that occasion the Sea Scouts challenged Val Walker, who makes a hobby of escaping from anything that is barred and bolted, to find a way out of a safe of their building. He did so, and was promptly challenged to a far more strenuous test.

"Come to our training ship, the Northampton," said the Sea Scouts, "and release yourself from a prison of which you shall know nothing before you step on board," and again the challenge was accepted. Accordingly, Captain Malzard and Nevil Maskelyne held a reception in the Northampton during the afternoon, and Mr. Walker was shown the forbidding task that awaited him.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

IDOL DANCER IS GRIFFITH'S PRODUCTION

Tonight there is a Griffith story at the Westholme, a thrilling love story with a wonderful climax. It is a story of south sea savages with all the wonderful scenic effects of that wonderful region. The play is "The Idol Dancer," a picture that everyone should see.

Since time immemorial the churches have been place of refuge. Savages have nearly always respected the sanctity of a place of worship, and only renegades of any color have violated the places pledged to God or the dictates of other religions.

Desire to possess the heroine leads a trader to attack the mission on a lovely South Sea Island where all the scenes of the play are situated, and the opportunity is given for her two lovers to prove themselves men.

The Man in the Moon SAYS:-

THAT a hunting trip is about the only thing that will get some people out of bed at five o'clock in the morning.

THAT there are few people in Prince Rupert who can throw stones at their neighbors in regard to the time of rising.

THAT a man may make you feel a bit mean after cussing for half an hour, but some women can wither you with half a glance and make you feel worse than Ananias ever felt.

THAT one thing any woman will believe, and that is that she is attractive and good natured. Most of the tribe also think themselves good looking, if not beautiful.

THAT tastes differ in regard to beauty. Now there is Tom . . . but why be specific. You can all quote half a hundred cases of perverted taste in members of the opposite sex.

THAT it is quite correct to love your neighbor as yourself, but for heaven's sake do not give any visible intimation of the fact or there is likely to be trouble in this town.

THAT the latest suggestion as a suitable punishment for the ex-Kaiser is that he should be made king of Ireland.

THAT this is the time of year for the man to write the secretary of the reform league and state that his hens are mounting and showing their shapes in public, and what is she going to do about it.

THAT some people know so many mean things about themselves that they just hate themselves.

THAT some new members of a local society said they would like to ride the goat but the officials could not find the butter.

THAT the very latest thing in shirts is one without any pins that the customer is unable to find.

THAT the fair is on today and we are all having a great time.

THAT if he could only borrow four bits he would take another trip down Seventh Street and have a good time.

THAT the police are seeking three men who at the time of the explosion ran away from the "death wagon."

WANT LIBRARY FOR THE CITY

Many Delegates Appointed to Attend Meeting Called for October 5

In connection with a movement to form a public library in this city, Howard White has sent out requests to local fraternal societies asking them to support the scheme and also urging that they send representatives to attend a meeting in the Council chamber on the evening of October 5.

There has been a good response to the letters and delegates have been appointed representing the Knights of Columbus, Knights of Pythias, Pythian Sisters, Eastern Star, Valhalla, Great War Veterans and Sons of England, and it is understood that others will be sending delegates or giving their hearty though not official support to the project.

The clergy and other prominent people have also been asked to co-operate.

Mr. White points out that while delegates have been asked to represent certain societies, yet anyone who is interested and willing to aid in securing a library for the city is invited to attend the meeting and take part in the discussions.

CORLEY APPEAL WAS DISMISSED

Judge Young Sustains Finding of Magistrate McMordie on Selling Charge.

The appeal by S. A. Corley against the conviction rendered by Magistrate McMordie recently when he was found guilty of selling liquor and fined \$300 was dismissed by Judge Young in handing down his judgment yesterday afternoon. Corley will also pay the costs which have been limited to \$100.

This judgment simply means that the finding of Magistrate McMordie has been sustained and Corley will be required to abide thereby. It will also place him in the second offence status if he is convicted again under the B.C. Prohibition Act.

L. W. Patmore appeared for the appellant in the appeal and T. B. Hooper, city solicitor, respondent counsel.

Sport Briefs

Anyox Coming.

The Anyox ball players who are not on the day shift on Thursday will arrive here on the Rupert tomorrow night, while the rest will leave the smelter town on the Azurite, arriving here early on Friday morning. This was the gist of a letter received last night from the committee in charge at Granby. Excellent organization work at Anyox this year has met with a great response from that point and the Fair Association has obtained a number of members there. The speed boat Wayward Girl will arrive in tow of the Azurite on Friday morning.

Ben Self Missed.

Sometimes people are not appreciated until they are absent, and this is certainly the case with the Fair Association and Ben Self. For the last few years, the Association has had Ben to attend to the sport affairs and have been able to leave him in full charge but this year he has been sick and has been unable to take his usual place. This week when the matter of arranging a program and negotiating with players has been taking place he has been particularly missed and the full value of his services has been realized. For handling sport affairs in this city Ben seems to be the right man in the right place and anybody who has anything to do with the arrangement of sport events this week realizes that fully. Here's hoping that Ben will have a speedy recovery and be ready for next year with his old effectiveness and vigor.

Kitimaat Wins.

In the first game of the competition for the football challenge cup now held by Kitimaat, that team was successful over Masset by a score of 4 to 0 yesterday afternoon. There was an attendance of about 250 at the grounds to see the game and a nice clean exhibition was witnessed. The noticeable feature was the alacrity with which the players obey the referee's whistle. In this they would set a good example for local players who often do not pay sufficient heed to that official. Whenever the whistle was sounded in the game yesterday the players would spring to attention. W. E. Williscroft refereed the game and was assisted by Bob Warrior and Doc Clapperton on the side lines.

Final Thursday.

The final of this series takes place on Thursday when the Kitimaats will meet the Port Simpson boys. By this game it will be decided whether Kitimaat retains the cup for another year or whether it goes to Port Simpson. Through their captain, A. A. Garrison, the Kitimat football team yesterday entered a challenge to meet the Kitimaats at next year's fair. It will cost \$600 to bring the Kitimat team here, but they will cover this expense themselves. The whole team is here this year but they are not uniformed.
