## ARMEN MET WITH MISHAP ON WAY TO THIS CITY

### LEAGUE BALL GAMES ARE BECOMING EXCITING AS END APPROACHES

#### plane was Wrecked when En Route to Prince Rupert

up at Hidden Inlet, Alaska, by Cannery Tender;  
Pilot Brown is on way with Machine but  
Mechanic ill

plane will not be here for the fair, and whether it will  
or not is not yet known. While no official communica-  
tion received, the Digby wireless station received a message  
saying a disabled hydroplane had been picked up by  
tender in Hidden Inlet. The plane was bound for Prince  
Rupert. Pilot Brown is on the way with the plane but the mechani-  
cians behind on account of being sick. The code name of  
having on board the plane and owner is N.K.Z., but the  
name of the vessel is not known.

First message was received yesterday afternoon soon after  
it went to press. It was received by the wireless station  
at Triangle Island and said that a wrecked aeroplane  
was picked up at Hidden Inlet by some vessel.

Inlet is back of Wales Island, about forty miles from  
this it would seem that the plane must have either been  
on its course or the pilot must have lost his bearings and  
gone to Alaska by mistake. It seems clear, however, that  
there is no seaplane here for the fair this year.

#### DRYDOCK SHOPS FINE SHOWING

Products of Local Institution  
Make Good Display—Trade  
Exhibits.

There is not such a large showing  
of commercial exhibits this  
year as on some former occasions  
—nothing like as many as there  
might be—yet those exhibiting  
make a good display. The Prince  
Rupert Drydock and Engineering  
Company's exhibit is a wonder.  
No one realized that such a vari-  
ety of work was done at that  
local institution. There are prod-  
ucts from practically all the de-  
partments, samples of the ordi-  
nary work taken from the shops  
as it was found. There are prod-  
ucts of the engineering, pattern-  
making, foundry, blacksmith, pipe,  
joinery, paint, and electric depart-  
ments. The display was the sub-  
ject of a good deal of favorable  
comment from those attending.  
Of the other exhibitors Pattin-  
son & Lutz had a large display of  
goods, showing how to "do it elec-  
trically," and some of the things  
they do are wonderful. McTae  
Brothers had a fine display of  
Brunswick phonographs which are  
being demonstrated continuously.  
They have typewriters also for  
demonstration. Kelly Douglas Co.  
has all the "Nahob" products and  
the firm is demonstrating their  
possibilities and giving away  
samples. The Prince Rupert  
Music Store has a good display of  
Pathe and Gerard Heintzman ma-  
chines. Orme's Drug Store is  
showing Kodak products and Rex-  
all remedies. Gosse Millard has a  
fine exhibit of cannery products  
put up at their institutions, mostly  
from the Skeena River. Last but  
not least is a fine display of pho-  
tographs from the Benson studio.

ability in British Columbia Government

POINT GREY, Sept. 24.—Hon. W. J. Bowser, addressing a meeting  
here last night, said the general elections would likely be held the  
first week in December after the Government knew the result of the  
prohibition plebiscite which was to be held on October 20 and could  
draw up a policy accordingly.

Mr. Bowser scored the Government administration, but said the  
Bowser campaign would not be one of abuse or of the digging up  
of old charges.

**ATTENDANCE DROPS  
 AT FAIR YESTERDAY**

Today is the Big Day Both in the Agricultural Hall and on Sports Grounds.

Paid admissions at the Fair Building and sports grounds yesterday showed a falling off, although the aggregate of attendance at the fair this year is still ahead of last. Yesterday 320 persons paid admission to the recreation grounds as against 700 on the corresponding day last year. This is accounted for by the fact that there were no features on at the grounds yesterday outside of the Indian games while in 1919 Thursday was the big sports day, it being the only afternoon without rain during the fair period. Yesterday 833 paid admission to the building as against 900 last year. The total attendance at the fair for the first two days this year is 2,659 compared to 2,359 last.

Today is the big day everywhere around the fair grounds. In the building it will be the last chance to view the exhibits which will commence to disappear at 4 p.m. On the sports grounds there will be the baseball game with Anyox followed shortly after by the football game. Then this evening the crowds will flock to the hall for the big open masquerade dance starting at 8:30. It is expected that a big attendance will be on hand for the closing of the 1920 fair.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.  
 The height is in feet and tenths of feet above the average level of lower low water.

**MEETING AT NOON IN  
 PROHIBITION CAUSE**

Speaker Heckled a Little But Given Good Hearing.

"I'd drink the bloody stuff as long as I could get it."  
 "Yes and when you're dead we'll pour you back into the bottle."  
 The first statement was made by a liquor sympathizer at the meeting held by Rev. Wm. Stevenson outside the Drydock mess room yesterday noon and the reply was the retort of the speaker.  
 There was a good crowd gathered and an interesting talk was given by the prohibition organizer, who explained that they were not asked to vote on the old Prohibition Act, but on the amended statute. Under this act the medical men could not give prescriptions as formerly.  
 The crowd listened carefully and were interested in the literature handed out and afterwards asked a number of questions and attempted a little heckling, but the speaker was ready with replies.

## PRATT'S FLY CHASER

Keep the animals contented. It is humane---sanitary---profitable to keep flies away.

The demand far exceeds the supply

FARMERS know that cows give more and better milk, that calves put on flesh faster and that horses have more vim and vitality when not worried with flies. Flies are not only scavengers—they are carriers of germs and contagion. They not only make cattle nervous and sick—they eat up farmers' profits. It is humane to use Pratt's Fly Chaser which effectively keeps them away because the animals suffer intensely in their dumb way from these stinging pests.

Order your supply of Pratt's Fly Chaser at once. Remember Pratt's is a guaranteed product. IT DOES THE WORK.

Port Simpson takes Exhibition Cup from Kitimat in Finely Played Game

The native football game yesterday morning in which Port Simpson defeated Kitimat by a 1-0 score in an overtime game proved most closely contested and the quality of soccer was such as any of the local white teams might be proud of. Both teams played superb football and it took 45 minutes overtime each way to reach a conclusion. W. E. Willisgroft was referee, with "Doc" Clapperton and "Bob" Warrior linesmen. The contest was for the Exhibition Challenge Cup held by Kitimat.

## CONCERT CONCLUDED OPENING FAIR DAY

Vocal Solos, Burlesque and Dances Delighted Crowd in the Exhibition Hall.

The concert in the Fair Hall Wednesday night concluding the first day of the exhibition was a very enjoyable performance and one that was quite enjoyed by the large number in the building. The talent displayed was all local and showed a good deal of finish.

H. Pattison and Captain Formby gave excellent vocal solos with W. J. Pittman accompanying. Robert Simms was particularly well enjoyed with his patter and comic songs. He is practically a new find as far as local talent is concerned, and he will be sought after a good deal now that he is known. Sid Thompson was his accompanist, both appearing in uniform for both were wearing the new

The dancing by several young ladies was of exceptional interest, and was really pretty. The dainty French gavotte by Misses Jean Grove, Winnie Thomson, Lucy Pillsbury, and Elizabeth Groves was received with great applause, the little ladies being forced to give an encore. The Fish Maids dance by Misses Georgina Hunter, Eva Thomson, Louie Fisher and Ina Wood was also an enjoyable number. E. R. Tabrum presided over the affair and Miss M. Adams played the dance accompaniments.

Annual "Get Together" of Rev. Geo. H. Raley's Pupils is Usual Pleasing Affair.

The annual "get-together" banquet of the alumnae of the Co-qualteeza Industrial School, of Sardin, came off with signal success in the Methodist Church social hall last evening. Rev. Geo. H. Raley, the president of the school, presiding as usual. There was a large attendance of both whites and Indians and the affair was a great pleasure to both alike. There were about 40 of the ex-pupils present from all parts of the north.

E. Gray was named the president of the Alumnae Society and G. Brooks, secretary for the forthcoming year. A pleasing feature of the evening was the presentation of medals and diplomas to graduates. Michael Shaw, of Kitimaat, was the recipient of a medal for excellence in athletics as was also Joseph Weah, of Massett. Andrew Tait, of Port Simpson, was presented with a diploma by R. H. Cairns, inspector of Indian schools, for scholastic attainments.

The spread was served by the Ladies' Aid of the Methodist Church.

## GIFTED AUTHOR OF "EVERYWOMAN" MET A TRAGIC DEATH

Walter Browne Passed Away on Very Night of the Play's Premier

The showing of the lavish picturization of Walter Browne's famous morality play, "Everywoman," at the Westholme this week, tonight recall the tragic circumstances of the death of its gifted author. Mr. Browne was a newspaper reporter on a prominent New York daily. His burning ambition was to write a great play for the stage that would be something wonderfully different and would live forever. He conceived the brilliant idea of transforming the old morality play of the sixteenth century into an elaborate modern counterpart. The conception of "Everywoman" grew in his brain and became a vital, living thing. He worked upon it feverishly for years—very moment that he could spare from his newspaper duties—writing, revising and polishing. It became an obsession with him, and his life was bound up with the success or failure of his great venture.

At last it was finished and in the manager's hands. The latter saw its immense possibilities at once and enthusiastically went about the staging. Mr. Browne assisting. The author worked for weeks upon the preparation for the initial performance, helping in the selection of the cast, the construction of the great settings, and the cutting and final revision of the play. At last it was ready and Walter Browne was like a man about to realize his heart's desire. Suddenly by a grim turn of fate he was stricken with a fatal illness and on the very night of his mighty triumph at the Herald Square Theatre he passed away.

## a Terrible Penalty

frequently follows the neglect of an injury. Germs and dust get into the wound, it begins to fester, blood-poisoning sets in, and sometimes the loss of a limb is the result.

Safeguard yourself against such a possibility by applying Zam-Buk at once. This antiseptic balm destroys all germs and prevents festering and blood-poisoning. Then the healing essences promote the growth of new tissue and it is not long before the wound is completely healed.

Zam-Buk should be kept handy in every home, office, store and factory for cuts, scratches, burns, scalds and bruises. It is equally good for eczema, rashes, boils and ulcers. All dealers, 50c box.
