POLICE GET WAGE INCREASE

Men of Provincial Force Have Been Granted Substantial Raises Generally.

Word has just been received by Chief Constable A. G. Miny, of the Provincial Police, from Superintendent W. G. McMynn that a substantial increase in salary has been granted to all members of the force, the Provincial Police Force who started, Lieut. W. H. G. A.A.F., was picked up by the department. New men still start at the same wage but the older men have all received good raises amounting in some cases to an increase of 20 per cent. The increases run from \$10 a month to as high as \$25 in some cases. To men at outside points the raise is especially effective for there house, fuel and light and other expenses are found. The new scale is effective from April 1.

SEND OUT CHALLENGE

Prince Albert Rowing Four Offer to Race Saturday's Winner for \$100.

The Prince Albert rowing four have a challenge for the winning team in the four-men rowing race on Saturday afternoon. This team is willing to put up \$100 for another race at any time and are anxious that it should be taken. The Albert crew was disqualified on Saturday for the reason that their boat was 20 cubic yards smaller than the other contestants. They claim that they volunteered to change boats and race just the same, but this was not allowed. As both boats are often in port the same day it will be quite easy to run this second race if the Prince George accepts the challenge.

FINE BAND CONCERT ON SUNDAY NIGHT

The band concert in the Westholme Theatre last night, though arranged on short notice, was greeted with a full house and a substantial collection was taken at the door. From a musical standpoint the affair was a treat to all and the joining of two bands for the occasion was especially pleasing.

Wm. Barnes, native, appeared in the police court this morning charged with theft and was remanded for eight days. The stealing of a watch and chain is alleged.

WAYWARD GIRL IS SPEEDIEST

No Difficulty in Capturing Campbell Cup — Second, Folly, and Third, Echo.

AQUATIC DAY WAS MOST SUCCESSFUL

Great Interest was Manifested in Many Races — Pleasure Boats Disqualified.

The Anyox speed boat Wayward Girl has again captured the coveted Campbell Cup which goes to the fastest speed boat in Northern British Columbia. The smart little craft once more demonstrated her speed in the race on Saturday afternoon and under the guidance of Driver Paul Armour and Mechanician O. Rollag made the 12-mile course in 33 minutes. There were five starters, E. E. Campbell's Wayward Girl, W. F. Eve's Priscilla, Kenny Rood's Buddy, Tom Hooper's Folly II, and M. M. Stephen's Echo. The Wayward Girl was the first to cross the 12-mile line in 33 minutes, Folly 11 second, 40 minutes, and Echo 42 1/2 minutes. Owing to engine troubles George Frizzell's Violet F. III and Sugu's boat failed to present themselves on the course.

The Race.

When the starting shot was fired the Wayward Girl, Echo, Buddy and Priscilla were off immediately but the Folly, caught in a wash, was not started for easily three minutes after the others were gone. Finally Hooper got her turning and sped his way down after the rest. The Priscilla had difficulties before very many minutes and had not gone a mile when she broke down hopelessly and did not continue the race. The Girl had stepped right out ahead from the beginning and was around the first turn far ahead of her rivals. When the first four miles had been covered Hooper had recovered his lost start and was nosing the Echo out while the Buddy broke down shortly before the three mile mark. This left the Wayward Girl far in the lead, the Folly and Echo neck and neck and the Buddy far behind.

Sea Sled Fast.

The Wayward Girl maintained her long lead all the way to the end while the Folly gradually crawled ahead of the Echo. The Buddy had lost so much time with engine trouble that she was hopelessly out of the prize winning class, so after the 8-mile post it was seen by all that the Girl was still the best boat and the interest centred between the Folly and the Echo. It was novel to see the great speed attained by the clumsy looking box-like sea sled which showed its heels to the more graceful but slower Echo.

The Parade.

The parade of craft that opened the aquatic races was a splendid sight and there were a long string of boats taking part in it. On shore were crowds of people

Bandits Roasted Alive when Haystack is Fired

Two Men refused to be taken by Police near Prince Albert and were Burned to Death

PRINCE ALBERT, B.C., Sept. 27.—This charred and shot-riddled bodies of two men wanted for the holdup of a Red Deer lumber camp a week ago were pulled by a big pole from a burning haystack Saturday afternoon where they had been roasted alive.

The bandits were both foreigners and had kept a prairie passee bay for five hours. They threatened that they would not be taken alive and they carried out their threat.

Having taken refuge in a hay-

stack they were warned that if they did not surrender by 3 o'clock the stack would be promptly fired.

Sharp at the hour a burning fireball was pitched into the hay and the bandits remained and were burned to death.

It is now difficult to recognize the men but it is believed that they are the remaining two of four bandits that were being sought.

W. P. Lynch went east on this morning's train.

MYSTERY DRAMA AT WESTHOLME

"The Paliser Case" is an intense, suspense-laden mystery drama which deals with the life of a trusting girl who is betrayed by a fake marriage to an unscrupulous rogue and finds herself in the toils of justice when the latter is mysteriously murdered. Suspicion rests also on others and the third degree is applied with merciless determination until justice locates the murderer. The elemental emotions, the great moments of disillusionment and despair of this moving drama are portrayed by the star as only Pauline Frederick knows how.

The case of E. J. Large vs. H. A. Swain over a land lease at Terrace is being heard in the county court this afternoon. Williams & Manson appear for the plaintiff and the defendant appears in person.

Neville and Malcolm Lamb; 2, Howard Birnie and Reg. Green. Boys' Row Boat Singles—4. Willie Kergin; 2, Frank Morrison.

The cutter race was won by the crew of the Prince George, the local team under James Neville and Captain Meagher coming in a good second. The Prince Albert crew was disqualified on account of the size of their boat.

The 23 was adjudged the best decorated craft on the harbor.

George Frizzell and J. D. McAuley had charge of the program, which was attended to with dispatch and satisfaction to all. R. Le Pine and D. H. Morrison handled the pleasure boat races. Captain P. Rorvik's boat Rose Point was the official craft.

Prohibition was Debated Last Night

Rev. William Stevenson gives effective answers to assertion by W. P. Lynch that it had proved a failure

At the debate on prohibition at the McIntrye Hall last night W. P. Lynch claimed that prohibition did not reduce the amount of liquor sold; that it did not abolish the bar but encouraged bootlegging and that by selling liquor in sealed bottles to those who wanted it, the province would get some badly needed revenue.

Rev. William Stevenson favored prohibition because it was helpful to the movement to improve the condition of labor; it had been proved that in prohibition countries the people were better housed, and enjoyed the luxuries of life; that women and children were better off; that there was more money for legitimate business; that food and clothes were purchased instead of liquor; that liquor had been the friend of the tyrant in all ages; that no nation could ever be free as long as intoxicating liquor was manufactured and sold there. He quoted figures to combat the statement that more liquor was sold under prohibition.

Fred Shaw presided and at the conclusion a collection was taken to provide for the payment of expenses. The chairman announced that each speaker would be given half an hour and five minutes to reply.

Opening Speech.

In opening Mr. Lynch said his first and principal reason for opposing prohibition was that it did not prevent or reduce the amount of alcohol consumed. Drunks were always present and whiskey was being taken.

The first experiments in prohibition were made in the United States and at that time liquor was openly sold in prohibition states. Maine was the only state that kept prohibition and it also kept whiskey. Patent medicines were also used to a very large extent there.

In Alaska under the bone dry law more whiskey was sold than ever before and in the Northwest Territories of Canada during prohibition days there had been plenty of whiskey. The judges said it was responsible for more perjury than all the other causes put together.

Became Live Issue.

In 1917 prohibition became a live issue in B.C., a law was drafted by the prohibitionists and the electors were asked to pass on it. They got Billy Sunday to help in the campaign and he promised a condition of affairs that was little short of the millennium. The devil was to bank his fires by Christmas. Many voted for it on the assumption that it was well to try anything once.

The law came into effect, said the speaker, and what was the result? There was Findlay, blind pigs, bootleggers, stills, some of which were found but many were not found. The greatest bootlegger was Findlay. But there were drunks still around. That evening he had noticed a couple of fairly sized jugs. They had not even abolished the bar for, whereas there were seven in this city, under prohibition there were twice that many here now. There were bootleggers in the Hotel Vancouver and all over the country. This was the result of pro-

PROHIBITION WAS DEBATED LAST NIGHT

(Continued from Page One.)

hibition. He was opposed to prohibition before the last vote and he was still opposed to it today. He thought the electors would come to the conclusion that once was enough. He urged that on the 20th they should vote down the combined vote of the blindpiggers, the bootleggers, and to keep slaves in subjection. Professor Leacock writing against prohibition had said that it was a powerful weapon with which to keep the people under.

Blood Money.

After referring briefly to Russia the speaker said he was sorry to see Mr. Lynch looked longingly to the revenue to be secured by government sale of liquor. Personally he looked on it as "blood money." No nation could ever be free as long as liquor was manufactured and sold there.

PRINCE RUPERT TIDES

Friday, September 24.

High, 11:22 a.m., 17.5 feet.

23:24 p.m., 18.2 feet.

Low, 5:16 a.m., 6.2 feet.

17:30 p.m., 7.7 feet.

Saturday, September 25.

High, 11:56 a.m., 18.6 feet.

Low, 5:16 a.m., 5.4 feet.

18:38 p.m., 6.4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

TO DRIVE TUNNEL ON HUDSON BAY MOUNTAIN

Contract Let for Work and The Money Deposited in Bank

A new contract has been awarded to Messrs. Green and Millar in connection with the development of the Cascade group on Hudson Bay mountain, and the contractors are now making arrangements to resume the operations where they left off a few weeks ago, says the Interior News. The instructions were contained in a telegram received by Mr. Millar and at the same time money was deposited in the Union Bank in Smithers to cover the cost.

Messrs. Millar and Green recently completed a contract for fifty feet on the long Cascade tunnel at the end of which it was hoped to cut through the big dike and strike the vein so strongly exposed on the surface. In this they did not meet with success, although towards the end of their work a vein was opened up which may be distinct or the edge of the main showing. The theory is that there is a heavy dip and that they will have to go some distance yet before hitting the ore.

The latest contract is for one hundred feet, and should the ore body be encountered within that distance, the balance of their contract is to consist of drifting on the vein. The work will carry them well on to the new year, and should they be successful in their mission, the owners of the property are prepared to go ahead on a larger scale.

IN THE LETTER BOX FOR AND AGAINST

Editor, Daily News—The letter from Ernest A. Hall in a recent issue regarding alcohol and venereal disease is timely in view of the vote shortly to be taken on government control.

The necessity of the regulation and supervision of the trade in alcoholic liquors is well attested in Mr. Hall's figures on the number of delinquent girls in British Columbia, well over one hundred of them, who recently informed a friend of his that they first went astray while intoxicated or under the influence of liquor. How indeed did these girls procure liquor when we have a prohibition act in force? Presumably from blind piggies and such like who are flourishing on the rampant infraction of the law. These girls would have been unable to procure liquor under regulation and supervision of the government such as is proposed in the act to be voted on October 20.

I share with Mr. Hall the fear at the increasing plague of venereal disease, the seeds of which are often sown in blind pigs and other vicious resorts which have come in the train of the prohibition law. Let us get down to a sane and rational system of dispensing liquor and thus protect our young people by having the government control the traffic in alcoholic beverages.

C., or by certified mail, or by personal service, or in any other manner, and before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and all persons claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by virtue of whose title is not registered under this act, shall be forever estopped and debarred from setting up any claim to or in respect of the land set out for taxes and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes.

AND WHEREAS application has been made for a certificate of indefeasible title to the above mentioned lands, in the name of Olof Hansson.

AND WHEREAS, on investigating the title it appears that prior to the 1918 day of title, 1916, the date upon which the said lands were sold for overdue taxes you were the assessed owners thereof or otherwise as stated opposite your respective names.

AND WHEREAS take notice that at the same time I shall effect registration in pursuance of such application and issue a certificate of indefeasible title to the said lands in the name of Olof Hansson.

you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 24th day of August, A. D. 1920.

H. F. MACLEOD,
District Registrar of Titles.

To W. H. Evans, Crown Grantee.

BRING SHEEP INTO TERRACE

First Importation Made last Week
By Ranchers of District

The first importation of sheep into the Terrace district last week when a flock of 125 was imported by a group of ranchers and distributed. They were brought from Vanderhoof and are said to be all of high grade.

No attempt has been made heretofore to graze sheep in the Terrace district but it is thought they should be successful especially as clover grows well in the neighborhood.

LODGE ROOM LEASE CANCELLED BY COURT

Judge Holds that Kettledrum Playing Over an Undertaking Parlor is Not Correct

VANCOUVER, Sept. 27.—That kettledrum playing and the solemnity of death are inconsistent one with the other, is established by a ruling of the court under an order to cancel the lease to the Lodge rooms over the Edwards undertaking parlors in this city.

The application was made on behalf that the music in the lodge room was out of harmony with the business of the applicants.

MRS. FARRIS SPEAKS PROHIBITION ISSUE

Wife of Attorney General Gives Address at Victoria Church

Emmanuel Baptist Church was filled last night to hear Mrs. J. W. de B. Farris, wife of the Attorney-General, speak on "Prohibition as a Positive Force," says the Victoria Times. Rev. P. C. Parker, presided, owing to the absence of Rev. William Stevenson, pastor of the church, who is now in the North organizing the northern constituencies.

William Marchant introduced Mrs. Farris and referred to the useful work she would accomplish as one of the speakers during the present campaign against Government control and sale.

Mrs. Farris opened her remarks by general reference to unsettled conditions of the world consequent upon the great war, and deplored the continued criticisms of a social, educational, religious and political institutions. She suggested a change to positive thought, and in particular asked her audience to adopt that attitude toward prohibition and inquire into the benefits derived from it during the last three years.

The speaker divided these benefits into two classes: First, those that were economic; second, those that were moral, and she proceeded to enumerate the advantages under these two classes.

Passing from this to a discussion of the issues involved at this time, Mrs. Farris defended the present Prohibition Act and discussed government control and what it would mean if introduced into British Columbia. She concluded her remarks by asking her audience to support prohibition as the logical method of protecting the young life of the province from misery and evil.

PREMIER OLIVER WELCOME LEADER DOMINION LIBERALS

Victoria, Sept. 27.—Hon. John Oliver, Premier of British Columbia, will extend the welcome to the Hon. William Lyon Mackenzie King, M.P., leader of the Canadian Liberal party, when he opens his speaking tour of Canada at the Arena here tonight.

The Premier's address of welcome will last fifteen minutes.

Members of the Provincial cabinet are to occupy seats on the platform. About two dozen women prominent in political and social life, will also take platform seats.

Scores of old-time Liberals have come forward to accept the invitation of the Liberal Association to occupy seats of honor. A section of the auditorium close to the speaker is being set aside for them.

BANDITS CAPTURED

Men Who Held up Poker Game Taken When at Dinner.

REGINA, Sept. 27.—Two men who recently held up a poker game at a lumber mill and who then engaged in a gun fight with Constable Ives and a posse, have been captured at Pesane. They were eating dinner and were taken unawares. When captured they were well armed.

Mrs. Adamson of Kirkcaldy, Scotland, who has spent the past few months visiting friends in Vancouver, was an arrival on the Prince George Saturday morning, and will visit with her daughter Mrs. James Jackson here for a couple of weeks before returning to Scotland.

**World-Wide Acceptance of Goodyear Belts**

THERE is a world-wide acceptance of the Goodyear Belting which dominates in Canadian industry.

This direct endorsement of the Goodyear principles of manufacture and application gives us no little pride. It means that the technical men of the world see eye to eye with Canadians in the matter of economical and satisfactory power transmission.

But it means much more to Canadian industry. It means a world-wide fund of data for the Goodyear men who advise with you on belting problems. It means that the cotton spinners of Lancashire, the silk manufacturers of Lyons, the steel plants of Sweden, the shipyards of Seattle, the flour mills of the far East—all will contribute their ex-

perience to help solve power problems in Canada.

In order to meet world-wide market conditions it has been necessary to change some of the familiar Goodyear brand names—but the change is in name only.

For example, Goodyear Extra Power Belt is now Goodyear Klingtite Belt, and when the Goodyear belting man specifies Goodyear Klingtite for a certain drive you are getting the old Extra Power in every particular.

Ask any Goodyear branch to send a man who is making transmission problems his special study. No obligation. Phone, wire or write.

KLINGTITE GLIDE BLUE-STREAK**FRANTIC BULL KILLS OLD MAN**

William Hatch was Man who Moved Brick Parliament Building at Ottawa

VANCOUVER, Sept. 27.—William Hatch, 76 years of age, a pioneer housemover who moved the old brick Parliament Building at Ottawa was gored to death by a pet bull at Mara, B.C., where he was visiting.

Hatch went into the bull pen and then got scared. A bull which normally was harmless became vicious.

A friend named Dunn went to his assistance with a pitchfork, but the bull, now enraged, dashed to right and left and killed the old man and fractured several of Dunn's ribs.

FOX FARMING IN S. E. ALASKA

Islands Make Ideal Places for Industry and Are Being Stocked

Juneau, Sept. 27.—Renewed development in the fox farming industry in Southeastern Alaska is told of by Lee Harpole, St. Elias lighthouse keeper, who arrived in town last year for a short stay. Two islands, Inian and Lemesurer, near Icy Straits already have received stock and at least one other island near Juneau is to be restocked, according to Mr. Harpole.

He made the trip from Cordova to Hoonah with Capt. J. P. Ibach, who has been raising foxes for several years on Middleton Island in the Prince William Sound district for export. From Middleton Island Capt. Ibach brought eight blue fox pups to Lemesurer Island adding them to 24 which he placed there last summer. He also brought 40 animals, also blues, to Indian Island for Jack Carson, that location having been secured by him for breeding and raising purposes.

Capt. Ibach had planned to add 50 pair to his stock at Lemesurer Island this fall but owing to inclement weather was unable to do so. These will be brought down early next spring.

The islands in Southeastern Alaska are declared by Mr. Harpole to be ideal for the establishment of fox ranches and in his opinion it is but a question of time until most of them are utilized for this purpose. On all of them, he says, those who have investigated the matter have found plenty of feed and favorable climatic conditions.

Mr. Harpole will be in Juneau until the Alaska arrives and will return to Cordova on it.

ANYOX TAKES MORE BASEBALL HONORS

Defeated Prince Rupert In Second Match by score of 7 to 5.

Anox was again victorious at baseball on Saturday afternoon when Prince Rupert was beaten by a score of 7 to 5. The game was not an exciting one and there was no spectacular playing. Anox just had the edge on the home team and their playing was slightly more effective.

The batteries were Butler and Corkle for Prince Rupert and Ferguson and McDougall for Anox, the latter being a very neat battery. The umpires were A. E. Donohue, of Prince Rupert, and Ole Olsen, of Anox.
