## May Launch First Ship in December

## RAILWAY COMMISSION IN SESSION HERE DOES NOT ACT ON CAR SHORTAGE

### Excellent Progress Being Made at Local Shipyards

Vessels expected to be ready for launching early in December; Employees now number 770 and work proceeding merrily

There has been a speeding up at the shipyards during the last few weeks and good progress is now being made. Special plans are being put forth to have one of the big vessels ready for launching in December and it is expected that she will take the water early in the next steamer following a month or two later. The work at the yards has been badly handicapped owing to the lack of necessary handling equipment and also through the loss of men. Both these causes have been remedied now. The necessary machinery and equipment has arrived and is in place and there are plenty of men. As a result the work is going on merrily.

At present time there are 770 employees on the roll and for three weeks past a good deal of real work has been done.

A change in the way work is proceeding at the yards is being noted by local business and in the number of people seen on the streets. The demand for houses far exceeds the supply and the problem is very acute indeed. One of the great difficulties encountered in trying to keep workmen here is the difficulty of finding accommodation for their wives and families. The fact that there is a preponderance of single men in the city.

### NEWTON MADE DISMISSAL STATEMENT

Statement of Claim Made Though Writ Issued in July.

Newton is opposing the motion of S. M. Newton, Chairman of the School Trustees, to have the hearing before Mr. Fisher, on behalf of Newton, is examining Moore on his affidavit.

HON. FRANK CARVELL, Chairman of the Railway Commission in session here today.

### GRIFFITHS HUGHES TO PENITENTIARY FOR FIVE YEARS

VICTORIA, October 6.—Griffiths Hughes, formerly owner of the Victoria Times, was this morning sentenced to serve five years in the penitentiary for stealing \$38,000 from David Spencer, Ltd.

### PREMIER OLIVER ON PROHIBITION ISSUE

Municipalities at Fault for not Enforcing the Law, He Declares.

REVELSTOKE, Oct. 6.—Premier Oliver made a rattling good speech here last night in which he dealt with the various provincial problems in a masterly way.

Touching on the prohibition issue, the premier said that the fault lay chiefly with the municipalities. In some places public sentiment had not been strong enough to secure a proper enforcement of the act. Eighty-five per cent of the responsibility lay with the municipalities.

### PEOPLE WANT GOOD LIBRARY

Meeting Last Night Decides to Go After Carnegie Building for the City.

### ASSOCIATION FORMED MEETING LAST NIGHT

Judge Young Appointed President With a Large Executive Committee.

There was a large attendance at the meeting called by Howard White last night with the purpose of organizing to secure a public library in this city. A library association was formed with the following officers:

- President, Judge Young.
- Vice-president, Mrs. Carmichael.
- Secretary, Howard White.
- ADD LIBRARY . . . . .
- Executive committee: Messrs. Westaway, Thompson, Newton, McLellan, Gilchrist, Carmichael, Dennis, Muldoon, Moore, McKinley, Cameron, Nuttall, Armstrong, White, Raymond, Ferry, Grant, Silversides, Akerberg, Dewhurst, Pullen; Mesdames Gilchrist, Bulzer, Carmichael, Leek, White, Kirkpatrick, Hart and Clapp, and Misses McDonald and Stephens.

After considerable discussion it was decided to adopt a suggestion of S. M. Newton to endeavor to secure a Carnegie Library building for the city. With that end in view the secretary has been instructed to secure all necessary data in connection therewith to present at a later meeting.

It was further decided on the casting vote of the chairman, H. F. Pullen, to request the officers of the Association to prepare plans for conducting a temporary library here until such time as the larger plan matures. The meeting was unanimously in favor of a public library building suited to the growing needs of the city. A number of forcible and enlightening speeches were made by Principal J. C. Brady, Dr. Grant, S. M. Newton, W. G. Dennis, Tom Silversides, C. Westaway and Armstrong.

Howard White outlined the information he had already been able to secure in connection with the formation of a Library Association and other matters pertaining to the forming of a library.

Another meeting will be called by the president of the association in about a month from now at which further steps will be taken to forward the movement.

### RAINBOW TO CARRY ORE FROM NORTH

VICTORIA, Oct. 6.—The cruiser Rainbow, sold recently by the Dominion Government to Neider & Marcus of Seattle, will have the machinery taken out and the hull converted to be used in transportation of ore from the north.

NOVELIST DEAD. BATH, England, Oct. 6.—Chas. Norris Williamson, the journalist, is dead.

PROMINENT MEN TO ARRIVE TONIGHT.

The above picture shows the leaders of the party of Grand Trunk railway valuers who are expected to arrive on a special train this evening. They are from left to right: Sir Thomas White, ex-minister of finance; Sir Walter Cassels, chairman; W. H. Taft, ex-president of the United States, and Dr. Gunn, president of the Winnipeg Canadian Club. Mr. Taft will address the Canadian Club tomorrow and the others will be guests.

### To Sign Armistice Friday This Week

Preparatory Steps to Making Peace have been arranged between Russia and Poland; Polish Victories

RIGA, October 6.—An agreement for the signing of an armistice preliminary to a peace treaty not later than October 8 has been reached by Joffe and Dombbski, heads of the Russian and Polish delegations respectively.

The Polish official report tells of the taking of 52,000 prisoners and 180 guns as well as seven armored trains and 28 locomotives.

### MACARONI WON IN ITALIAN HUNDERFEST

Strikers Could Not Resist Temptation When Platter Was Set Before Them.

Ancona, Italy, Oct. 6.—The Ancona hunger strike is at an end. A platter of delicious macaroni was set before the strikers and they were unable to resist. The strike was started, it is alleged, by anarchists who were involved in the riots of last June.

### STRUCK BY TRAIN KILLED YESTERDAY

J. Motomota Met a Freight When Rounding a Curve on Handcar.

Yesterday morning at 10:45 when rounding a curve just east of Kaiten station the extra freight struck a handcar, killing a Japanese, J. Motomota. The body was brought here and funeral arrangements are in the hands of the B. C. Undertakers.

### Railway Commission to Again Consider Question Of Canadian Railway Rates

OTTAWA, October 6.—At a cabinet council meeting yesterday it was decided to refer the question of railway rate increase back to the Railway Commission for reconsideration along certain lines, the principal of which is the discrepancy in the new rates between east and west to the disadvantage of the west.

It is expected here that the rates generally will be sustained with minor modifications along the lines suggested.

### Canadian Club Luncheon

A luncheon will be tendered the members of the Board of Arbitration re G.T.P. Ry. valuation, consisting of Sir Walter Cassels, Chief Justice of the Exchequer Court of Canada, Chairman; William H. Taft, ex-president of the United States, and Sir Thomas White, ex-minister of finance, and other distinguished members of the party, at the Prince Rupert Hotel on

### Little Help from Railway Commission

Matter of Car Shortage laid before it this morning but without result; Express Rates discussed.

At the meeting of the Railway Commission held in the council chamber this morning there were two cases on the official agenda paper, that of the complaint of the Canadian Fisheries Association, Prince Rupert branch, against the shortage of express refrigerator cars for the movement of fish from Prince Rupert, and the application of the Express Traffic Association of Canada for a rate increase amounting to not less than 40 per cent of the tolls at present in effect. In both cases the position of the express companies and local business firms were explained and the matters left. Other matters not on the agenda paper were then taken up and were proceeding till well after the noon hour.

Hon. F. B. Carvell, chairman of the Railway Commission; Hon. W. B. Naptel, commissioner; Ed. Primeau, secretary, and Major Agnew, reporter, comprise the official party of the commission while there are also a number of officials of express companies in the city at the same time in connection with the sittings which is taking up questions in which they are deeply interested. These officials include Hon. F. H. Phippen, general counsel for the express companies other than the Canadian National railways; John Pullen, president of the Canadian Express Company; W. C. Muir, general superintendent of the Canadian Express Company; T. E. McConnell, vice-president of the Dominion Express Company; W. H. Burr, traffic manager of the Dominion Express Company, and W. H. Plant, auditor of the Dominion Express Company. These officials all reached Prince Rupert last evening. Mrs. Carvell and Mrs. Natel accompanied their husbands and E. Carvell, brother of Hon. F. B. Carvell, of Woodstock, and Mrs. Comben, of Woodstock, also made the trip. They will go south tomorrow night on the Prince George.

Car Shortage. In taking up the car shortage question strong representations were made by the local Canadian Fisheries Association through their solicitor W. E. Williams and strong facts and figures were given to show how the port has been suffering through the conditions and the large amount of business that has been lost thereby. Fully an hour was taken up in the examination and W. J. Nicholls, comptroller of the Canadian Fish and Cold Storage Company, and James L. Lee, secretary of the Association and manager of the Atlin Fisheries, were heard. The situation was laid very clearly and a sympathetic hearing was given.

John Pullen, president of the Canadian Express Company, explained that 39 cars had been ordered some months ago and delivery was to have been made by the Canada Car Company on August 1, but owing to labor troubles this had been impossible. Now they were promised for October 1 and as Mr. Pullen had not been in Montreal since that time it would be impossible to say if delivery had actually been made. He agreed with Mr. Nicholl that 120 cars at least, were needed to handle the Prince Rupert fish business properly.

Matter of Cost. Mr. Carvell explained that it was almost hopeless for the railway commission to give any orders for the financial affairs of the Grand Trunk Railway or the Canadian Express Co. would not allow expenditure. It would be best to leave the matter as ex-

plained by Mr. Pullen and he would do his best.

Judge Phippen explained the reasons for the increase in express rates asked and showed that it would not affect fish going into the United States, for a policy of equalizing with American rates was to be adopted in Canada. Operating expenses demanded the increase and if it were not granted the support of the railway would be the only thing to keep express companies from bankruptcy. The increase provides for a jump of at least 40 per cent rates in all express rates in Canada.

NEW WESTMINSTER, Oct. 6.—Wesley Peck, father of Lieut.-Col. C. W. Peck, V.C., M.P., died here yesterday. The funeral will take place from the family residence on Thursday. Col. Peck is here and will remain until after the funeral.

The late Mr. Peck came to the province in 1885.

### WOOL PRICES WILL KEEP UP

So Think Cloth Manufacturers; Say Nothing to Indicate Drop

VANCOUVER, Oct. 6.—That prices in the woollen trade will not come down for some time, is the belief of a party of British cloth manufacturers who are passing through the city from attending the Imperial Chamber of Commerce convention. They say there is nothing in the world to indicate that there will cheaper materials until the big stocks carried by the wholesalers have been disposed of.

### BROOKLYN WON THE BASEBALL GAME

**People Want Carnegie Library.**  
 The movement to secure a public library for Prince Rupert went off to a good start last night. There was a large and enthusiastic gathering in the council chamber and the consensus of opinion was that if possible a Carnegie Library should be secured. The feeling everywhere seems to be that the time is ripe for the erection of a substantial library building and that if the Carnegie Commission will erect it, so much the better for this city. If we have to do it ourselves, the building will not be as fine a one as the commission would erect and there will be no permanent guarantee in regard to upkeep.

**Moderation League Is Being Formed.**  
 A branch of the Moderation League is being formed here. A meeting is to be held tonight for that purpose. The primary object of the league is to defeat the Prohibition Act. They support the proposal that the government act as vendors for the manufacturers, selling to all and sundry, as long as they are over the age of 21 years. That is the idea of moderation as expressed at Vancouver.

So far the suggestion that the league is being financed by the liquor manufacturers has not been proven. The league is carrying on an active propaganda, sending out literature opposing the Prohibition Act. Their great feature, with black headlines is a pamphlet "England Free or England Sober" by the Bishop of Durham in which it is urged that prohibition does not make for temperance as it does not develop self-control. The Bishop fails to mention that "moral suasion," which is the alternative, has absolutely failed because the power and influence of alcohol are stronger than the power of the human will. That is why so many drinkers vote for prohibition. They know that eventually the drink will get them, or if not themselves it will get some of their friends.

This liquor question is important just now and everyone is free to use his own judgment in regard to it. The vote will be taken on October 20 and at that time we shall, as a province, decide whether we shall continue the Prohibition Act as recently amended or revert to the condition of free sale of liquor to those who have the price.

**Sealed Packages Simply Camouflage.**  
 It seems as if some people think there is some efficacy in sealed packages. Most good brands of liquor have always been sold in sealed packages. The seals may be broken as soon as the purchaser gets outside the store, and so far as is now known, there will be no restrictions in regard to when and where the liquor may be consumed.

The sealed packages mean nothing. If the people vote for government vending, it means that every man and woman in the country has an interest in the liquor selling business and is a party to all the crime and misery for which the use of liquor is responsible.

We do not believe in being sanctimonious. We do not agree with those who are always looking with horror on things they do not do themselves. There have, however, been so many object lessons of the evils of the indiscriminate use of alcoholic liquors that we see nothing for it but to prohibit it altogether. The law still will allow two per cent of alcohol, which is one and a half per cent higher than that allowed in the United States.

 The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.  
 The height is in feet and tenths of feet above the average level of lower low water.

**PREPARE FOR WINTER WORK**

**Season of Big Activity with Concrete Results about to Commence at Premier Mine**

STEWART, Oct. 6.—A visit to the Premier Mine, said by all the mining experts to be one of the greatest mines in the world would be a revelation even to the most optimistic booster. This property is just now in the process of changing over from a prospect to the dignity of a real shipping mine.  
 A mill is being installed on the property which will handle 100 tons of ore a day. This mill embodies all the latest in ore dressing and cyaniding. The company is also putting in, in connection with this mill, a power house which will use water as the generating force. Besides running the mill machinery this power house will supply electricity for the mine and all the buildings.  
 Modern conveniences in the form of hot and cold water baths will also further add to the comfort of the employees at Premier, which has all the ambitions of becoming a town of itself, with hospital, school and post office.  
**Winter Transportation**  
 Considerable roadwork is being done between Hyder and the mine. Forty head of horses are now being kept busy hauling equipment up the American side of the Salmon River across the river and border further up and thence to the mine. Hyder is practically the headquarters for the packing outfit and it is probable that it will eventually become the shipping point for a good deal of the Salmon River ore.  
 On the new dock a warehouse has just been built and here the ore from the Premier is stored prior to shipment. Already the high grade ore is commencing to come down the trail from the mine, indicating that this season's efforts are being made to have the shipments as large as possible. Of course shipment will not commence until the snow is on the ground and the hauling of it by sleighs or rawhides will be both the easiest and the most economical method of transportation.  
 More than 200 men are now on the payroll at the Premier and all the labor obtainable will be engaged this winter.

**The Man in the Moon SAYS—**  
 THAT a Moderation League advocate says one objection to prohibition is that under it men get to know too much. They always know the price of sugar and raisins.  
 THAT many a woman who will swallow the story of Jonah swallowing a whale will not swallow her own husband's story of what they never swallowed at the lodge meeting.  
 THAT it is with regret we record the death of John Jones of Copperville, Ont., who dropped dead in the Arctic Cafe here when the waiter charged him 35c for coffee and sinkers.  
 THAT while prices are said to be on the toboggan, they refuse to slide.  
 THAT some people say prices have legs and are crawling up the toboggan slide.  
 THAT in view of the formation of a branch of the Moderation League here, it might be well for them to explain what they consider a moderate amount of liquor for a fellow who doesn't begin to taste until he has his tenth drink and who needs fifteen to make him sing.  
 THAT there are one or two men who attend the sessions of Col. McMordie's "at home" parties in the morning rather regularly, who would be fit subjects for the Moderation League to commence making experiments with.  
 THAT no one has ever been able to decide how much liquor is a reasonable amount for a person to consume at one sitting.  
 THAT it is never safe to play with an adder even in a moderate way for it is pretty sure to use its fangs on you sooner or later.  
 There may be something you want. See the classified column

**QUICK STEAMER SERVICE NEEDED**

**Big Herring Packing Concern Says Herring from Alaska Should Come through Rupert**

Commenting on the recent ruling under the new merchant marine act by which the operation of the steamer Tillamook by Canadian interests in Southeast Alaska is held illegal, one of the principal herring packing concerns states that unless a service similar to that of the Tillamook is furnished, the packing of matje-cured herring in Alaska will become impossible, says the Pacific Fisherman.

Matje-cured herring, being very lightly salted, is highly perishable and the custom has been to ship it at intervals of not over ten days, land it at Prince Rupert within 48 hours of shipment, and load it at once into refrigerator cars for New York. It is held that the goods would spoil if kept at the plant much longer than ten days, and that it would be practically impossible to ship them to Seattle on account of the time in transit. The rate to Seattle also would be a serious drawback, being \$8.60 per ton (including the wharfage) compared with \$4.75 to Prince Rupert.

As the matje cure is the only style of herring assured of finding a market in New York, it is feared that the industry will suffer serious injury.

A permit has been issued allowing the Tillamook to continue to operate.

**MADGE KENNEDY IN "THE BLOOMING ANGEL"**

**Well Known Star at Westholme Tonight in an Amusing Comedy.**

What is it that turned an elephant pink, made a hubby see red, gave a lover the blues, and proved that a certain plucky little woman wasn't so green in the business world after all? The answer is to be found at the Westholme tonight when Madge Kennedy stars in "The Blooming Angel," the comedy novelty of the season, adapted from Wallace Irwin's delightfully original and humorous story which appeared in the Saturday Evening Post.

**CASE OF DOG IS SETTLED BY COURT**

Judge Young yesterday gave his decision in the case of Mrs. Cook vs. Welch. Some time ago Mr. Welch found his sleep troubled by the serenade of cats nightly. A little poison laid for the cats unfortunately killed a dog or two and action was brought for damages. The judge allowed the plaintiff \$10 for the dog but gave judgment for the defendant for costs. W. O. Fulton appeared for the plaintiff and M. Gonzales of the firm of Williams & Manson, for the defendant.

Capt. Freeman this morning put in a formal complaint to the customs department against the fishing boat Bell 2 carrying ballot boxes to the Queen Charlotte Islands.

The railway commission is conferring with the city, provincial government and Grand Trunk Pacific authorities this afternoon on the Cow Bay question. A visit is to be paid to the site.

An absolute decree of divorce was granted this morning by Mr. Justice Murphy to Harold Dexter Johnston against his wife at the close of the trial. A. M. Manson appeared for the petitioner.

The city is presenting to the head-officials of the Canadian express Company during their visit here the maps and statistics necessary with a view to establishing free express delivery in the city.

The 125,000 pounds offered at the fish exchange yesterday still remain unsold for no refrigerator cars have arrived. The Eagle has cleared for Seattle with 30,000 pounds, unable to sell here for fresh shipment and at a reasonable price.

## One Big Union Delegate Replies to News Despatch

### Says Membership much larger than stated but some locals unable to forward per capita owing to attacks

Monday's news despatch received by telegraph regarding the affairs of the One Big Union was published in this paper. Today the following letter was received from N. Booth, of that organization, replying to the statements in that article:

"In the issue of your paper of the 4th inst. appears a news item under the caption 'One Big Union Nothing Like as Large as Claimed.' The wish evidently fathered the thought in the minds of the circulators of the news item referred to.

"For the benefit of the readers of your family journal I herewith enclose an extract from the official statement issued by the general secretary of the O. B. U. covering the so-called inner workings of the organization in relation to the numerical strength of its membership.

"The second paragraph of the news item is well illustrative of the usual press agency veracity when dealing with O.B.U. affairs, besides being indicative of the despatch's authoritativeness. Witness the following mental contortion masquerading as news: 'No per capita has been paid in many cases since June 1, following the withdrawal of the B. C. Lumber Workers from the convention.'

In view of the fact that the convention took place during the latter part of September, the task of explaining the above gem would tax the fertile imagination of a more versatile liar than can be found on the pay roll of the Canadian Press.

"The per capita paid for the first five months of the current year, is no criterion of the number of members in the Union. Several thousand members were, and still are, exempt from the payment of per capita. In addition to these non-paying members, there are many central councils and district boards, representing thousands of members, who have been unable to meet their per capita tax obligations. Their financial condition is due to the fact that their funds have been consumed in resisting the onslaughts of their opponents. Having had large slush funds placed at their disposal the en-

IN THE SUPREME COURT OF BRITISH COLUMBIA. IN THE MATTER OF THE ADMINISTRATION ACT — and — IN THE MATTER OF THE ESTATE OF ERNEST PATRICK GINGHAS, DECEASED; INTESTATE.

NOTICE IS HEREBY GIVEN TO WHOM IT MAY CONCERN of an order made by His Honour F. McH. Young in the above matter on the 23rd day of September, A. D. 1920, as follows:— IT IS ORDERED that the said John H. McMullen shall be allowed to swear to the death of the said deceased as occurring on the thirteenth day of April, 1920, after the expiration of one month from the date of the first publication of notice of this order, unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, B. C., that the said deceased, ERNEST PATRICK GINGHAS, was alive subsequently to the said thirteenth day of April, 1920. AND IT IS FURTHER ORDERED that the said John H. McMullen do publish notice of this order in the Prince Rupert Daily News, a newspaper published at Prince Rupert, B. C., for a period of one month, DATED at Prince Rupert, B. C., this 4th day of September, A. D. 1920. JOHN H. McMULLEN, Official Administrator.

emies of the O.B.U. have carried on a regular campaign of abuse. A by no means insignificant factor in this general howl from the predatory jackals, has been the blatant braying of the gutter press.

#### Has Paid Per Capita

Insofar as the Prince Rupert District, notwithstanding the Canadian Press to the contrary, the facts are as follows: The Central Labor Council has paid its per capita up-to-date and it has 1412 members in good standing.

"These figures do not include the 600 members of the Lumber Workers Union, with district office in Rupert and headquarters in Vancouver. Yours for veracity, N. BOOTH."

The following is an extract from the general secretary's report:

"To the Officers and Delegates of the One Big Union.

"The eight months that have intervened since our last convention have seen a remarkable increase in the membership of this union, as is evidenced by the following figures:

## NEW WHOLESALE BUSINESS HERE

A. P. Slade & Co. Opens Branch in This City for Supplying Fruit.

#### APPRECIATES KIND RECEPTION GIVEN

Another wholesale house has opened for business in Prince Rupert. A. P. Slade & Co. is the latest firm to come here. The company has already taken offices on Second Ave. and temporary warehouse space has been rented.

For some time past local retailers have been handicapped through not being able to purchase their fruit in the city. Shipments have arrived in bad condition and settlements with the shippers have been slow. The ideal is to see the stock before purchasing.

J. M. Caydgen is in charge of the local business, but T. Slattery of the Vancouver office is in the city for a few weeks getting the branch started. Seen yesterday, Mr. Slattery said he was glad his firm had opened up here. They would be carrying a good stock of seasonable lines and would give the Prince Rupert merchants an opportunity to buy at home. They intend to cater to the business of the whole district.

Mr. Slattery went on to say that he appreciated the kind manner in which he had been received here, both by the retail merchants and the other wholesalers. He found that the people here wanted a good article and it would be the business of his firm to supply it.

Mr. and Mrs. W. D. Moxley returned last evening from Cedarvale where they have made their home during the past summer. They will reside here again and Mr. Moxley will take the run as passenger train conductor out of this point.

W. R. Tonkins, of Hyder, Says as Much Ore West of Salmon River as on East.

## MANY GOOD SHOWINGS TRIBUTARY TO HYDER

HYDER, October 6.—The Fish Creek mining district out of Stewart is showing good signs at the present time and many properties are being developed with great hopes for their proving winners.

W. R. Tonkin, president and manager of the Fish Creek Mining Co., says that they have been doing development work on their property for seven years and each year more promise is shown with the justification of "carrying on." It is the intention of this company to start shipping ore as soon as transportation allows.

This property is located on the west slope of the Salmon River on the American side and is about eight miles from Hyder.

The leads are quartz fissures carrying high values in silver and gold. There is already 1,000 feet of tunnel work on the property which exposes veins of great length, continuing to a depth of 250 feet. The Fish Creek company intends to put in a concentrator to handle the ores of the Fish Creek district.

Value Overlooked. "It is my belief that the tonnage of ore in the Fish Creek district on the American side will equal the tonnage on the Canadian side," said Mr. Tonkin recently. "It has been overlooked by American interests, as the excitement of the Premier's richness has attracted all eyes to its particular locality."

Representations are being made to the American government regarding the necessity of a road from the main Salmon River road up Fish Creek to open up the properties that now find packing almost out of the question.

Titan Group. On the Titan Group, also up Fish Creek, there is one of the biggest showings in the country.

A diamond drill is now being moved to the property and about 600 feet of drilling will be done. The main showing is about a quarter of a mile from the international border on the Alaskan side. It consists of a quartz ledge extending for 3,000 feet, with a width of ten feet. S. P. Fitzgerald, John Fitzgerald and J. Jensen are the owners.

Riverside Group. The Riverside Group has been undergoing development work all summer and a good tonnage has been blocked out. On this property there is already over 350 feet of tunnelling and veins ranging from one to twelve feet in width have been discovered.

These veins can be traced for more than 3,000 feet. The main wagon road up the Salmon passes within 100 feet of the workings. The Riverside is owned by Dan Lindeberg and A. Lindeberg of Hyder.

The Union steamer Chelovin pulled out last evening at 8 o'clock without waiting for the delayed passenger train. All accommodation was taken for Vancouver and many were turned away who were unable to make reservations.

### ALLURING PICTURE?

Editor Daily News.—The advocates of the Government grog shop paint alluring pictures of the huge revenue that the province will derive from liquor sales, biting the cruel burden of excessive taxation from the bent back of the long-suffering taxpayer and at the same time providing the much needed money for public works, education and other desirable things. The Moderation League pronounces these arguments "undoubtedly sound" and the proposition is plain enough:

The more booze we consume, the more profits will flow into the provincial treasury.

The more workmen's pay checks turned over the Government bar in exchange for wet goods, the more money available for fat civil service salaries.

The more homes ruined by the introduction into them of civic booze in "sealed packages," the more appropriations for public buildings.

The more ill-fed, under-fed and neglected children, the bigger grants for public schools.

The greater number of deserted wives by drunken husbands, the more funds available for mothers' pensions.

Behold what a glorious economic discovery! By the touch of the magic wand of "Government control" the old putrid stream of "distilled damnation" is to become a sparkling river of national prosperity and affluence!

The Last Thing. No sir, the last thing a government or an individual should touch is liquor. There are many things which governments could and should control and operate for the public benefit of all, such as mines, forests, fisheries and railways and many other basic industries and public utilities, but dispensing strong drink is not one of them, and anyone who would thrust such a degrading business upon our elected representatives is no friend of political morality and good government.

T. J. DAVIDSON.

## NEW FISH COMPANY IS NOW OPERATING

Capt. James Neville is President and Wilfrid Macdonald Secretary, N. M. & R. Co.

The N. M. & R. Fishing Co. which established last summer with government backing is now operating and already one boat, the Niagara, is actively at work. For the past few months she has been salmon fishing with James Neville as captain and at the present time the boat is over at North Island with ballot boxes for the forthcoming election, having left here yesterday morning in charge of Capt. P. Rorvik and James Neville. She will not be back until she returns with the boxes after October 20.

The new company has chosen James Neville as president and Wilfrid Macdonald as secretary. Among the members are Captain John McGregor, P. Rorvik, R. Macdonald and others.

It is the intention of the company to keep the Niagara and any other boats that may be secured fishing almost continuously the year around.

## MAYOR GALE SAYS MORE ROADS NEEDED

Boosters From All Over Province Are at Nelson Which is Having Two Conventions.

NELSON, October 6.—The Good Roads League convention opened here yesterday morning with boosters from all over the province in attendance. Mayor R. H. Gale of Vancouver, the president, dealt with the necessity of opening up more roads throughout the province and A. W. Campbell, federal highway commissioner, explained the principles of the Dominion government five-year appropriations for the construction of inter-provincial roads.

Among the many visitors in the city at this time was T. B. Hooper, city solicitor of Prince Rupert, who has been attending the convention of the Union of B. C. Municipalities.

## LAND REGISTRY ACT

(Sections 36 and 134.)

Be Application No. 11710-1. File 6322. TAKE NOTICE that application has been made to register Olof Hanson of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 24th day of November, 1917, of ALL AND SINGLY, that certain parcel or tract of land and premises situated, and being in the city of Prince Rupert, more particularly known and described as Lot Forty (40) Block Thirty-one (31) Section Eight (8), Map Nine Hundred and Twenty-three (1923).

You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert, B. C.) and your attention is called to section 36 of the Land Registry Act with amendments, and to the following extract therefrom: "and in default of a caveat or certificate of his pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Olof Hanson, and WHEREAS on investigating the title it appears that prior to the 13th day of October, 1918, the date on which the said lands were sold for overdue taxes, you were the assessed owners thereof or otherwise as stated opposite your respective names.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Olof Hanson unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part. DATED at the Land Registry Office, Prince Rupert, B. C., this 24th day of August, A. D. 1920.

## The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers.

It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.

### STEWART

J. R. McDonald, who has held a bond on the Unicorn Group for a couple of years, has closed up and gone south.

Operations by the Algonquin Development on the Spider Group have proved so satisfactory that operations will be continued through the winter. Many supplies are going in and a permanent camp is being established.

To keep the Stewart Hospital going during the winter every adult in the camp is to be assessed \$2.50.

Snow is driving prospectors out of the hills into town and there is a steady exodus of persons leaving Stewart for the winter. Many have, however, expressed the intention of remaining here throughout the season.

No. 4 plane of the New York to Nome expedition was seen from Portland canal on her return journey recently.

The Pioneer hall at Hyder is now nearing completion. The building is 30 by 70 and there is a dance floor measuring 30 by 50.

Preparations are being made for a school and hospital being established at the Premier mine.

Considerable work has been done on the Indian Group and the operators are now in good ore. It is rumored that a favorable deal is pending.

A good deal of stripping work has been done on the Silver Tip this summer and some high grade silver ore has been exposed on the Bella Coola claim. The May, P. J. and Silver Leaf are also showing well.

A tunnel is now being driven and a small shaft sunk on the Hercules mine. This mine which is controlled by General R. J. Edwards Leckie and associates has shown very satisfactorily this season.

The Forty Nine mine has been closed indefinitely. The management state that operations will again be resumed when satisfactory roads have been built to enable taking in of supplies and packing out of ore.

### HAZELTON

The Hazelton ball ground is to be used this winter for a skating rink and preparation work getting it ready will soon commence. A football game between Smithers and Hazelton is to be held here on October 18 is being arranged.

D. D. Munro and Mr. Hunt, accountant for the Land Settlement Board, were here last week and visited Kispiox, as well as New, South and Old Hazelton.

In the recent airplane smash here neither Lieut. Nuln nor Mechanician Eric Olsen were seriously hurt.

The dance in aid of the New Hazelton School last Friday night was a splendid success. Mr. and Mrs. Bergman supplied the piano, Miss Goddard and Mr. Broadfoot gave solos and Mrs. Gibson played.

The roads and streets of Hazelton have recently been spread over with gravel.

The Women's Auxiliary met last week at the home of Mrs. W. W. Anderson, where tea was served and a program rendered. Preparations are being made for the annual church bazaar.

### PRINCE GEORGE

At a public meeting held in the City Hall last Monday night under the auspices of the Board of Trade, a report was drawn up to be submitted to the Railway Commission when it visits here this week urging the location of the Prince George station at the foot of George Street.

Miss Gray has arrived here to take charge of the Prince George Hospital in succession to Miss Gagne who has just left here.

Work started this week on the building of the approaches to the traffic way on the north side of the G. T. P. bridge here and it will soon be open to vehicular traffic again.

Summit Lake promises to be a favorite summer resort and many people are buying property there.
