Railwaymen's Strike is Postponed

POLICE LORRY IS AMBUSHED AND PITCHED BATTLE FOUGHT IN IRELAND

BRITISH PEOPLE ARE HOPEFUL OVER OUTCOME OF COAL MINERS STRIKE

Government has made preparation for emergency should transport men cease work tomorrow; Railways will be operated

READY FOR PASSING PARLIAMENT ON MONDAY

Emergency war time powers to Administration with right to use military and ration the people

London, October 23.—The strike situation here is considered hopeful from the fact that conversations between the Government and the leaders of the miners are continuing unbroken. The greatest anxiety exists among Londoners in regard to transportation facilities. If the rail strike becomes effective tonight the underground and tube railways cease operating and the tram buses discontinue. As so many people in the many miles from their work, the result of the strike is disastrous to them.

There is a division among railwaymen in regard to the strike. A section is opposing it and this has brought about a very opinion that there will not be a railroad strike before Monday.

If the strike commence tomorrow, as threatened, the Government has a plan in readiness for the immediate operation of the railways by volunteers. All the machinery created in the previous strike will be utilized to the full and additional machinery created. There is bound to be a good deal of disruption of traffic, but not enough to paralyze business.

Emergency Bill is Ready.
London, October 23.—A special telegram to the Star says: "The Government has prepared a bill giving the Government war-time powers with the right to use the military forces for any purpose, may be introduced into the British parliament and passed on Monday. The bill gives the Government power to ration the people and to utilize all the resources of the country."

CONTROL BOARD FOR PROF. BALL

International League Asks
Nominations for New
Body.

London, October 23.—The International League of Nations has invited to the League of all minor leagues to suggest names of persons to serve on the proposed board of control for professional baseball.

SILVER NEAR QUEBEC CITY

London, Oct. 23.—Six houses were burned and five families homeless as a result of a fire which swept through the Silver, three miles from Quebec.

TARIFF REVISION WILL HIT PROFITEERS HARD

Dr. M. R. Blake, M.P., Winnipeg, who says: "There will be a reckoning with manufacturers who are taking advantage of the tariff to profiteer, when the revision is made at the next session of the federal parliament."

KING OF GREECE IS IN LOW CONDITION

ATHENS, Oct. 23.—The condition of King Alexander continues most grave. The king is often delirious and is not expected to live long.

NOTICE.

All bills chargeable to the local branch of the Moderation League must be presented for payment before the end of the month.
D. McD. HUNTER, Secty.

BRINGING UP FATHER IS TO APPEAR IN THE NEWS REGULARLY

The Daily News has signed a contract for Geo. McManus' "Bringing up Father" and the series of well-known comic strips will commence on Monday next.

Everyone knows the humors of Jiggs, Maggie, Dinky Moore and the others. They will all appear in this paper on the same day as at the other important centres.

CABINET MEET VICTORIA TODAY

All Members of Government are Present to Decide on Date of Election Appeal.

VANCOUVER WORLD SAYS DECEMBER 8

Government Will Ask Electorate to Approve Formally Carrying Out of Policies.

VANCOUVER, Oct. 23.—Premier Oliver, Hon. J. B. McLean, Hon. J. W. deB. Farris, and Hon. T. D. Pattullo left here last night for Victoria to attend the cabinet sessions there today, when a decision will be reached regarding the election date. Messrs. King and Sloan are already in the capital.

Well informed circles report that the Government intends going to the country on its new liquor policy and its decision to carry out the will of the people expressed in the recent vote.

The World of this city says today that the election is almost certain to be held December 8. Another date suggested is December 4.

CORNER CLUB HAD BANQUET LAST NIGHT

Enjoyable Time Spent by Large Gathering at Baptist Church Rooms.

The Corner Club held a fine banquet last night at the club rooms in the Baptist Church, the best in the history of the club. The rooms were tastily decorated, the tables were laden with all kinds of good things, the number present was large and the spirit was excellent.

After the guests had all partaken of the good things to eat, a vocal duet was given by Miss McLennan and Miss Joy. Mr. Steele sang most acceptably, and Mr. Rodgers gave violin solos. A two minute talk was given by the pastor of the church, Rev. James Dunlop. Mrs. R. P. Linzey was the accompanist for the evening.

B. C. Undertakers, Phone 41.

WILL REPRESENT CANADA AT LEAGUE OF NATIONS.

Canada's representatives at the League of Nations' first meeting will be (right to left) Sir George Foster, minister of trade and commerce; Hon. W. Rowell, formerly president of the Privy Council, and Hon. C. J. Doherty, minister of justice.

Canon Scott Tells Story Second Battle of Ypres

Soldier Padre, Idol of First Canadian Division, was well received at his lecture in Empress Theatre; presentation was made

Warmth of enthusiasm and kindly spirit are apt to work wonders among men and it is no wonder that Canon Frederick Scott, D. S. O., C. M. G., the soldier padre of the First Canadian Division, became the idol of the Canadian Army. In his lecture delivered before a full house in the Empress Theatre last evening these qualities were demonstrated to a degree. The Canon proved to be not the ordinary public speaker but one vastly different. From the moment he stood up the entire audience entered into the spirit of his address and although he spoke an hour and a half there was not a person who was not as keen at the end as at the beginning. The story of France will always be sad, but Canon Scott provoked many a smile last night in relating it.

Col. C. W. Peck, V. G., M. P., was chairman and seated on the platform were Col. S. P. McMorris, D. S. O., Judge F. McB. Young, Canon G. A. Rix, Captain John McGregor, V. G., President J. H. Kelly of the G. W. V. A., and Dr. J. A. West. Accompanied by W. Vaughan Davies, J. Y. Fraser and Mel Davies gave well appreciated solos and the Westholme Orchestra played "Colonel Bogy" and "The Maple Leaf."

Before the canon was called upon to deliver his address, Capt. John McGregor presented him with a walking stick made by Alex Yule of Queen Charlotte Island which he had with a tooth for a handle, on behalf of the local War Veterans' Association and the returned soldiers generally. Col. Peck, recalling some of the experiences they had had together in France then called upon Canon Scott.

Purpose of Trip.

The canon mentioned that although he was 3,000 miles from home he still met friends and that had been the case everywhere he was going on his tour. Showing the deeds of the boys in France with his own experiences as a lens to stir up a greater enthusiasm in the new Canadian Era was the purpose of his trip.

He described his quiet life in the parish in the province of Quebec and of the latter days of July, 1914, when war was brewed and the great European conflict was about to be precipitated. As a chaplain in the Eighth Royal Rifles he had volunteered on August 2 and his son, a young Montreal lawyer, had joined up the next day. Both went to Valcartier and the padre received his first military training as a private. Next had come Salisbury Plains with all their mud, rain and discomforts. He had been assigned to No. 2 General Hospital that was to remain in England, but he did not wish to stay in England so he smuggled himself aboard a channel boat and after landing at (continued on Page Four.)

Pitched Battle in Ireland when One Policeman Killed

DUBLIN, October 23.—A pitched battle was fought last night between the Kilbeggan Moats and Westmeath County but without any great loss of life or injury to those who took part. A military lorry was ambushed and an auxiliary policeman was killed and several others wounded. The attack was unexpected and was so sudden that reprisals were difficult. Up to the time of cabling no arrests had been made in connection with the crime.

YORKSHIREMEN ARE ON STRIKE

Railroad and Transport Employees Elsewhere Continue Work; Confidence in the Government.

LLOYD GEORGE HAS CONFERENCE WITH MEN

LONDON, October 23.—The threatened strike of railroad and transport men numbering 35,000 expected this morning has been postponed.

In Yorkshire, however, several thousand men quit work. The public everywhere are expressing confidence in the food supply promised by the Government, no matter what happens. Conversations between the Government and individual strike leaders were resumed this morning and also conferences between the premier and other members of the Government with the secretary of the miners' organization. While no definite results were attained, the way is still open for continued negotiations and it is possible that the next few days may see the end of the strike.

BOARD OF TRADE PREPARES TO ASK FOR DAILY TRAIN

The Board of Trade yesterday sent the following wire to A. E. Warren, general manager of the Canadian National Railways at Winnipeg: "We are preparing data with a view to submitting conclusive reasons showing the necessity for a daily train after the first of the year and in order to present our case conclusively it is essential that we have the operating cost per mile between here and Winnipeg and also that of the C. N. R. between Winnipeg and Vancouver. Will you please supply us with this information without delay."

SURPRISE PARTY

Friends of Mr. and Mrs. C. H. Jackson of Seal Cove Give Them Send Off.

Fellow employees of the Canadian Fish and Cold Storage plant and other friends gathered last night at the home of Mr. and Mrs. C. H. Jackson to wish them adieu on their leaving for California. It was a surprise party and proved most enjoyable. Music and the serving of refreshments passed the time pleasantly.

Mr. Jackson has been an employee of the company for the past six years and he and Mrs. Jackson have a host of friends. They are leaving for the south next week.

BIG VOTE IS EXPECTED ON IMPORTATION

Four Provinces to Decide Monday Whether They Will Cut Off Trade in Liquor.

WINNIPEG, Oct. 23.—Manitoba, Nova Scotia, Alberta and Saskatchewan are on Monday next voting on the question of prohibiting the importation of liquor into those provinces. The general impression is that all the provinces mentioned will go dry.

EDMONTON, Oct. 23.—Indications here point to a large majority on Monday for prohibiting the importation of liquor into the province. A persistent campaign has been waged by the prohibitionists throughout the province with most encouraging results to them. The liquor interests have been working more quietly but none the less persistently. Very keen interest is being taken in the outcome and a big vote is expected everywhere.

FISH CARS ARRIVED HERE THIS MORNING

Three Carloads of Fish Bought at Fish Exchange and Rest Goes to Cold Storage.

The three refrigerator cars reported yesterday arrived here this morning and the halibut waiting for sale at the Fish Exchange was disposed of today as follows:

Lincoln, 10,000 pounds; White Star, 11,000 pounds, and Progress 6,000 pounds, sold to the Pacific Fisheries at 18.8c and 10.1c. Helena, 10,000 pounds; Brothers, 10,000 pounds, and Pair of Jacks, 7,000 pounds, sold to the Alia Fisheries at 18.4c and 10.1c. June, 11,000 pounds, and Bancroft, 10,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 18.5c and 10.1c. Washington, 20,000 pounds, sold to the cold storage at 13c and 7c. Star, 10,000 pounds, sold to the Cold Storage at 14c and 7c.

DENIES STORY

BERLIN, Oct. 23.—The German newspaper Vorwaerts later denied that the British miners had appealed to Germans for aid.

DAILY EDITION. Saturday, October 23, 1920.

What Will Young People Do in Life?

What will young people do in life? What do you expect your boys and girls to be? Are they being educated for the work they expect to take up? These are questions for all parents to answer. Most girls nowadays learn some business or profession by which they can earn money for themselves. A girl should be none the worse wife or mother for having been a good stenographer, teacher, sales girl or telephone operator. She may take up a musical career or go in for one of the learned professions. But after all the life work of the average girl will be housekeeping and raising a family. Most girls marry and most of those who marry have children. The normal girl likes children and looks forward to having some of her own. To what extent are the girls being educated in the art and science of caring for children? The man who employs a stenographer must be assured that she is able to do the work, that she is accurate and can write so many words a minute and transcribe neatly and correctly. There are other things also to be learned if a good job is to be obtained.

The greatest vocation in the world is that of raising one's own children. The average girl goes into the profession with very little training and with no guarantee that she can do the work successfully or even that she understands the rudiments of the work. The result is easily seen.

What About Educating the Boy?

The boy is going to be an engineer. He is apprenticed to the work after having completed, perhaps, a mathematical school education. He is taught everything necessary and he in time becomes a leader in his profession. Incidentally he takes up the greatest duty of life. He gets married. In these days there are few servants. People must do their own housework. There are times in married life when the man has to do the work of the house. What does he know about it? Can he cook? Is he able to carry on while his wife is laid up. If not, what is going to happen? These are questions to seriously consider. It seems as if there should be an examination in household science for every person contemplating matrimony.

Every Man and Woman Should Marry.

The married life is the natural life. Every young man and woman should marry. Those who do not are apt to become different. We sometimes hear it said that old maids are cross, and it is often true. Bachelors have not carried out the natural life work. All should marry, but all should be educated for marriage. It is no wonder that marriage is often a failure, considering the haphazard manner in which the duties are undertaken.

Sunday Sermon on Duty Toward the Race.

We know of no better subject for a Sunday sermon than this of the duty of young men and women to the race and to each other. Professor Alexander when he was here two years ago gave a lecture on "Love, Courtship and Marriage," which was the best attended lecture he gave. Young and old were there. So today people are interested in these problems of life. They are anxious for education but the teachers are few and often without experience in the subjects they essay to teach. Most of our clergy are married men and have experience in these matters. Why not look to them for help? This little preachment is for the purpose of drawing attention to the subject rather than of discussing it seriously. It is a good Sunday subject and worthy of the best thought of the best minds.

FREE OF TERRIBLE KIDNEY TROUBLE

After Three Years of Suffering, "FRUIT-A-TIVES" Brought Relief

MADAME HORMIDAS FOISY

624 Champlain St., Montreal.

"For three years, I was ill and exhausted and I suffered constantly from Kidney Trouble and Liver Disease. My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-tives' and the effect was remarkable."

I began to improve immediately and this wonderful fruit medicine entirely restored me to health. All the old pains, headaches, indigestion and constipation were relieved and once more I was well.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or Great Fatigue, I advise the use of 'Fruit-a-tives'."

Madame HORMIDAS FOISY.

50c. a box, 6 for \$2.50, trial size 20c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

PRINCE RUPERT TIDES

Saturday, October 23.
 High, 10:30 a.m., 18.2 feet.
 22:48 p.m., 17.7 feet.
 Low, 4:8 a.m., 7.3 feet.
 16:53 p.m., 7.6 feet.

Sunday, October 24.
 High, 11:9 a.m., 19.2 feet.
 23:35 p.m., 18.7 feet.
 Low, 4:56 a.m., 6.8 feet.
 17:37 p.m., 6.1 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.

TIMBER SALE X 2324.
 Sealed tenders will be received by the Minister of Lands not later than noon on the 31st day of December, 1920, for the purchase of Licence X 2324, to cut 2,350,000 feet of Spruce, Cedar and Hemlock on an area adjoining Lot 1936, Selwyn Inlet, Q. C. I. District.
 Two (2) years will be allowed for removal of timber.
 Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

GRANBY GETS MUCH COPPER

Not Quite as Much in September as Previous Months, says Report

CONCENTRATOR MAY BE ERECTED AT ANYOX

The Granby Consolidated Mining, Smelting & Power Company produced 2,239,174 pounds of copper in September, according to a report received by Walter J. Nicholls & Company, says the Spokane Spokesman-Review. This is comparable with 2,471,200 pounds in August and 2,400,000 in July. A table issued in New York shows that the production in every month but one of the current year was in excess of 2,000,000, while six months of 1919 were below the 2,000,000 mark, although one month was above 3,000,000.

Half Year's Profit
 The report received yesterday states that a net profit of \$443,586 was obtained after the deduction of charges, but not of tax, in the six months ended on June 30 last. In the six months ended on December 31, 1919, the gross profits were \$599,487 and the net profit \$59,900, according to a report.

Concentrator Proposed
 From an unofficial source it is learned that the company has considered the installation at Anyox, B.C., of a concentrating plant having a capacity of 2,000 tons daily. Its cost is estimated at \$1,000,000.

For a year and a half an experimental mill of 100 tons daily capacity has been in service. It is reported to have demonstrated the responsiveness of Granby ore to concentration. The installation of the 2,000-ton plant will reduce the cost of producing copper and make available a large quantity of ore that does not reach the smelter, it is pointed out.

Ore in Sight
 The Hidden Creek mine of the Granby Company has 11,000,000 tons of ore designated as No. 1 and containing 2.4 per cent copper and 14,000,000 tons designated as No. 2 ore, containing about 1.25 per cent copper, it is reported. Smelting is said to have been limited mainly to the No. 1 ore, but the No. 2 would become available after concentration. The ratio of concentration would be about 10 into 1, it is estimated. This alone is expected to save much smelting which entails a large consumption of coke.

The Man in the Moon SAYS:-

THAT a hunting trip may be reported as two men, one smelly launch, two rifles, one long tramp over the mountains, one glimpse of a deer in the distance, one long long trip home.

THAT even a brown elephant is dear at a dollar unless you have some use for him.

THAT all should forestall their worries by doing their Christmas shopping early.

THAT in Alaska they are having an election and to outsiders the newspapers are extremely funny. Of course there's nothing funny about us during an election campaign.

THAT the only people who can afford to spend a lot of time running other people down is the elevator man or the owner of a high powered car.

THAT many a woman in Prince Rupert likes to wear jewels, but not the consistency kind.

THAT the Seattle lady named Ima Cooty should marry a man Billy French.

THAT, judging by the American papers, the politicians must be a rotten lot.

THAT judging by the Canadian papers all the politicians are angels, don't you think.

THAT the latest sweepstake is guessing how many candidates will run in Prince Rupert. The next will be as to which of the six will be left at the post.

THAT someone wants to know how many times a man has to run for office before he becomes a wicked politician.

L. P. Dallaire, formerly of the local Bank of Commerce, has been appointed manager of the Williams Lake branch. Williams Lake is a town on the P.G.E. and the steel recently reached there.

Donald Campbell, a Seattle mining engineer, arrived yesterday on the Princess Mary and left today on the Provincial for Hyder, where he will look at some mining properties. He will return in a few days.

George R. Naden, deputy minister of lands and formerly of this city, has been re-elected a director of the Pacific Northwest Tourist Association. The annual meeting of the association took place last Saturday at Tacoma.

John King, chief steward of the Prince Rupert, arrived from the south on the Prince John today and will go south to the scene of the wreck to look after the recovery of baggage and other matter from the vessel which is now about raised.

Accompanying J. G. McNab, divisional freight agent of the C.P.R., and G. Deacon, travelling passenger agent, who are here today, is J. Byrom, assistant marine superintendent with headquarters at Vancouver. They all leave tonight on the Princess Beatrice.

Mrs. Rose Henderson, of Montreal, arrived here this morning and tonight will speak in the McIntyre Hall under the auspices of the Ladies' Auxiliary of the O.B.U. Tomorrow afternoon she will address a meeting of women only. Mrs. Henderson was met at a delegation from the Central Labor Council.

The death occurred at Victoria a few days ago of Andrew Moncur, who joined the Prince Rupert contingent of overseas forces in 1914 and went overseas with the 30th Battalion. He was wounded in France in May, 1916, and after returning home and spending six months at Resthaven military hospital joined the staff of the Merchants Bank in Victoria. He died at the military hospital at Esquimalt, aged 29 years.

In a recent trial at Edmonton where the Nat Bell Liquor Company was charged with having liquor illegally in possession, Wm. Sugarman gave evidence as to the company having 563 steady customers in Saskatchewan and 1,582 in British Columbia. Nat Bell and Wm. Sugarman were both in Prince Rupert on business during the past summer. They also visited towns in the neighborhood, including Anxoy and Alice Arm.

Try a classified advertisement if you want to buy or sell or if you want anything. A lot of business is done that way.

Canon Scott and Walter McRaye, his business manager, left for the east on this morning's train. Steps will be made at Jasper and Winnipeg.

The Rink dance held last evening was the usual enjoyable affair. Gray's Orchestra supplied the music, L. J. Marren was floor manager and Mrs. E. E. Stillwell was at the door.

The power boat Roche Point called at Victoria on her way south from here with frozen black cod from the cold storage plant to put ashore a member of the crew of the James Carrothers. She was making her last trip of the season to Seattle.

Pedro Salinas, late owner of the Esperanza mine at Alice Arm, is returning to the Arm on the Chelohsin tomorrow night. Mr. Salinas will spend a few months up North looking after other interests he has and may return to Spain for Christmas with his parents.

MISS RANDALL HERE

Miss Helen Randall, registrar of the B.C. Graduate Nurses' Association, arrived this morning from the south on the Prince John to pay a visit of inspection to the training schools in the North. She will make Prince Rupert her headquarters during her week's stay and will visit during that time the Port Simpson and Hazelton training schools. She was met this morning by Miss Atkinson, the matron of the Prince Rupert General Hospital.

Ten Years Ago in Prince Rupert

October 23, 1910.

On account of the Kaiser's obstinate belief that he rules by divine right European politicians are predicting a revolution in Germany.

Clarke Bros., wholesale liquor dealers, have received a consignment of 15 tons of choice wines and liquors.

W. H. Grant, superintendent of construction on the Stewart short line, says that the road will be completed and in operation by the end of November.

Julia Ward Howe, famous authoress and philanthropist, is dead at her summer home in Middletown, Rhode Island, aged 92.

L. C. Smith & Co., of Syracuse, N. Y., have applied for a permit to build a 41-storey building at the corner of Second Avenue and Vesler Way in Seattle.

City Clerk E. A. Woods has recovered from his recent indisposition and is back at his desk in the city hall. Alex McMaster has been acting city clerk.

1000 Eggs in Every Hen

New System of Poultry Keeping—Get Dollar a Dozen Eggs—Famous Poultryman
TELLS HOW

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Henry Trafford, International Poultry Expert and Breeder, for nearly eighteen years Editor of Poultry Success.

The average pullet lays 150 eggs. If kept the second year, she may lay 100 more. Then she goes to market. Yet, he has been scientifically established that every pullet is born or hatched with over one thousand minute egg germs in her system—and will lay them on a highly profitable basis over a period of four to six years' time if given proper care.

How to work to get 1,000 eggs from every hen; how to get pullets laying early; how to keep up heavy egg production all through cold winter months when eggs are highest; triple egg production; make slack or hens hustle; \$5.00 profit from every hen in six winter months. These and many other money making poultry secrets are contained in Mr. Trafford's "1,000 Egg HEN" system of poultry raising, one copy of which will be sent absolutely free to any reader of this paper who keeps six hens or more. Eggs should go to a dollar or more a dozen this winter. This means big profit to the poultry keeper who gets the eggs. Mr. Trafford tells how. If you keep chickens and want the best, send money for you, cut out this ad and send it with your name and address to Henry Trafford, Suite 2228, Tinsley Bldg., Huntington, N. Y., and a free copy of "THE 1,000 Egg HEN" will be sent by return mail.

TIMBER SALE X 2587.

Sealed tenders will be received by the District Forester not later than noon on the 25th day of October, 1920, for the purchase of License X 2587, to cut 1,418,000 feet of Hemlock, Spruce and Balsam, in Lot 4, situated on Alice Arm, Cassiar Land District.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

Two-color window cards take an eye quickly. See them at the News Job Department.

WATER NOTICE. USE AND STORAGE.

TAKE NOTICE that The Taylor Mining Company Limited, whose address is 607 Credit Foncier Building, Vancouver, B. C., will apply for a license to take and use ten second feet of water out of Wolf Creek also known as Davidson Creek, which flows south westerly and drains into the Kit-sault River about two and a half miles north of the Dolly Varden Mine.

The storage-dam will be located one mile from the Kitsault River. The capacity of the reservoir to be created is about 100 acres of land. The water will be diverted from the stream at a point about at the Wolf Creek dam and will be used for power purposes upon the mines described in the Wolf Mineral Claim and the Dolly Varden Mineral Claim.

This notice was posted on the ground on the 18th day of September, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application or petition may be filed with the said Water Recorder at the office of the Board of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The territory over which power will be distributed is an area of fifty miles radius from the Wolf Group of Mineral Claims near the Kitsault River. The petition for the approval of the undertaking will be filed in the office of the Comptroller of Water Rights and with the Water Recorder at Prince Rupert aforesaid, and will be subject to the approval of the Board of Water Rights, and any person interested may file an objection thereto in the office of the Comptroller of Water Rights or of the Water Recorder at Prince Rupert aforesaid.

TAYLOR MINING COMPANY, LIMITED, Applicant.

The date of the first publication of this notice is September 22, 1920.

PROVINCE OF BRITISH COLUMBIA.
DEPARTMENT OF LANDS,
FOREST BRANCH.

EXAMINATIONS FOR THE POSITION OF ASSISTANT FOREST RANGER.

Object.
These examinations are for the purpose of filling present vacancies and to provide candidates to qualify for future vacancies and increases in staff.

Assistant Forest Rangers employed during the fire season (May to September inclusive) of each year and this period is extended where possible by working on improvements such as trails, etc. Re-appointment is made each year as long as satisfactory service is given. Promotion to the permanent staff is made by merit and examination as occasion offers. The salary is \$110.00 per month the first year and \$120.00 per month the next year. Travelling expenses are also paid.

Qualifications for Candidates.
Candidates must be British subjects resident in British Columbia for at least one year, of good character, good physical condition and with woods experience in fire fighting; possess the ability to organize work and handle men; and have knowledge of the Forest Act.

The examinations are partly written, partly oral and are designed to test the candidates' ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board. Preference is given to returned soldiers with the necessary qualifications.

THE EXAMINATIONS.
The examinations will be held at the places and on the dates named below. Each intending candidate should apply to the District Forester of his district for application forms and for information regarding the hour of the examination and the building in which it will be held. Application forms should be filled out and mailed back to the District Forester in time to reach him before the date of the examination.

Date
Friday, November 5th.
Prince Rupert, Monday, November 8th.
Apply to the District Forester at Prince Rupert, B. C.

G. R. NADEN,
Deputy Minister of Lands.

SOVIET STORY FROM TORONTO

Financial Post Tells Interesting Yarn in Connection with Russian Trade

SAYS CANADIANS ARE BEING EASILY FOOLED

The Financial Post of Toronto declares that all the trade proposals of the Russian Soviet are simply propaganda schemes. The latest issue of that paper tells the story as follows:

"The Financial Post has persistently fought all efforts to do business with Soviet Russia or Soviet agents. When these agents announced through the press and by circulars two or three years ago that they had \$200,000,000 in gold with which to buy, for cash, enormous quantities of Canadian manufactured goods, we pointed out the agents were fakers, that they had no money whatever for this purpose; that their work was not to buy goods but to stir up strife, particularly in the British Dominions and between Canada and the United States; that they were responsible for the Winnipeg and many other big strikes.

Gigantic Scheme

"It was known that, under alleged appeals for charity, they were actually taking money out of Canada to meet expenses of their propaganda. One of their Toronto agents raised \$8,000 in this way—and he is still at it—among Labor Unionists. But it was not alone the misled workmen who were caught in the meshes of this gigantic scheme. Business men and financiers were continually drawn into their meshes. One of the latter headed a group which interested hundreds of quite reputable persons in Canada, desirous of aiding in good work, to raise a very large sum of money. Whether this man knew the purpose for which this money was being raised or not, we cannot say, but it was taken by a Canadian to the same Soviet headquarters in Chicago that financed the Winnipeg strike and from Chicago the money went to Mexico to finance revolutions. In fact it is still being used as the basis of a very important big deal that has been under way for some time. On several occasions the Financial Post was threatened with libel actions. Proceedings were actually started in one case against us, but the arrest, conviction and imprisonment not long after of the chief complainant stopped proceedings.

Had No Money

As The Post pointed out, there was no money available, but Nuorteva represented that he was going to England to meet the Soviet mission and arrange for

tion and imprisonment not long after of the chief complainant stopped proceedings.

German Finn

All this work, as has frequently been pointed out in these columns was directed from New York nominally by Ludwig Martens, but actually by an extremely clever German Finn going under the name of Santeri Nuorteva. Martens is not a Russian, but a former German officer. Back of them is an important group of internationalists—but this is another story. The Winnipeg strike, having awakened the Canadian people to the rottenness in the direction of our Intelligence Service, started investigations which confirmed suspicions that there were actually men occupying Canadian public positions who were aiding this campaign. Such a splendid old public servant as Sir Percy Sherwood broke down in health and gave up in despair.

Montreal Headquarters

This led to a demand for the reorganization of our Dominion police and our domestic Intelligence Service. It has now become more difficult for the International Soviet to carry on Canadian propaganda from New York. Then loyal American stirred things up and a shipload of the Soviet workers were deported to Russia. More were arrested, so that Martens and his agents thought Canada safer and it was decided to establish new American headquarters in Montreal. The usual methods were adopted. That is, the propaganda offices were called a Trade Bureau. An intensive press campaign was carried on orders which they wanted to place with Canadian manufacturers. Representatives of important Canadian manufacturers and even prominent financiers went to Montreal and sat outside or entered, but in hand, the gold-lined Soviet offices. Nuorteva himself came up to direct affairs. He went to Ottawa, where Cabinet ministers and leading financiers entertained him at the Rideau Club. He said the Canadian Government had officially recognized. All this was carefully wired to the States and alleged manufacturers began protesting at Washington that Canada was getting the business and that something must be done to please the Soviet.

the immediate transmission of millions of gold to Canada. Aided by his powerful Canadian friends, with fictitious passport, he was smuggled on board an ocean ship a few minutes before it sailed from Quebec. But the vigilant Allied Intelligence Service never let him out of their sight and immediately he landed in England he was arrested and thrown into prison. He claimed that he was a Finnish subject.

Finnish Method

"All right," said the British officer, "we will deport you to your own country."

"My God, don't send me there, they will shoot me"—for the Finnish Government make short work of these world revolutionists whenever they turn up, and that is just what would have happened.

Then Moscow cabled that if he was landed in Finland they would shoot British prisoners in Russia. However, he was shipped, and then once more came the same hidden hand—one of the most important of its members died the other day—that, with its friends and agents in Washington and Ottawa, caused the release of Trotsky from Canada; that was responsible for so many extraordinary happenings in the war. It set to work in behalf of Nuorteva and before he was delivered to almost certain death at the hands of the Finnish Government he was taken by friendly authorities and started back for England. For a time he was lost to sight. Even the Bolshevists could not find him. But about ten days ago Martens claimed that he was free and in Moscow. Evidently he is, for once more we are beginning to have the plausible stories of the underground propaganda being spread abroad by such decent newspapers as the Montreal Gazette and Toronto Mail.

WILL HERBS KEEP US HEALTHY—TESTS PROVE IT

Beyond all comparison with drug or alcoholic remedies, the curing powers of natural herb juices have done the utmost good to the human race. Most ailments to which people are subject can be traced to stomach disorders, and where impurity of blood exists it is due to imperfect nourishment given the blood through lack of proper digestion of the food received by the stomach.

The now successful method of feeding the blood in a perfectly natural and harmless way through the action of the stomach is the outcome of long investigation into the curing properties of herb juices; and results obtained from the formula of a great Scotch herbalist are today causing intense public interest.

This pure composition of juices extracted from herbs is now being sold at most drug stores throughout the Province in the form of Wonder Health Restorer. Testimonials reach the distributors daily from people who owe to this marvellous remedy relief from the most widely varied diseases.

Wonder Health Restorer acts on the blood through the digestive action of the stomach and reaches the organ of complaint through the blood. Thus Rheumatism, Stomach Disorders, Kidney Troubles and kindred diseases are afforded permanent relief; and in the case of diseases of the air passages, lung and bronchial, the work done by Wonder Health Restorer is miraculous. Your druggist has a descriptive book-

NO POLITICS RAILWAYMEN

Employees of Canadian National May Not Run for Political Office.

announcement by President D. B. Hanna, of the Canadian National railways, that employees of these railroads would not be allowed to run for political office, the penalty being dismissal from the road, aroused a storm of indignation and protest at the morning session of Division 4, department of Railway Employees, A. F. of L., which is in convention at the Labor Temple here, says the Winnipeg Free Press. It is the intention of the railroad employees to press to the limit for a cancellation of this order, for which they can see no adequate reasons.

The order issued by President Hanna read at the meeting was contained in a wire sent to J. A. Robinson, of the Independent Labor party, Moncton, N. B. It was as follows: "Under no circumstances can an employee continue as such with the Canadian National railways and become a candidate for legislature, provincial or Dominion. The moment that he does so he automatically severs his connection with the railway. The reasons are too obvious for discussion.—D. B. Hanna." The last phrase of the message is puzzling to the employees, who do not admit the obviousness of the reasons, claiming that such is very far from the case.

Not Government Ruling.

This matter was taken up with Senator Gideon Robertson, minister of labor, who informed the employees that it was a ruling made by Mr. Hanna as president of the Canadian National and could in no way be interpreted as a ruling of the government. The division declared its determination to get a ruling in the matter so as to protect the rights of the workers on the system. The employees claimed that in working for the railroad they should not be called upon to surrender any rights whatever. It was stated that if the ruling of Mr. Hanna is maintained it would affect 60,000 workers throughout Canada.

The morning session was largely taken up with the preparation of rules and regulations for the new agreement. An effort will be made to establish a weekly pay system, payments being made in cash, instead of bi-monthly payments with cheques as at present. Election of officers will take place at the afternoon session.

SAME COMPANY TAKE ESPERANZA WHO ARE WORKING MOOSE MINE

W. A. Williams, Former Granby Superintendent, at Alice Arm starting New Operations.

W. A. Williams, formerly manager of the Granby Company's operations at Anxox, has gone to Alice Arm to superintend the planning of further development work on the Esperanza mine which was recently turned over by Pedro Salinas to a Vancouver syndicate. It is planned to start work almost at once and on account of the proximity to transportation, shipping will commence for the mine has already shipped some quantities of ore to the Granby smelter and at present there is a lot of ore lying sacked at the mouth of the tunnel.

Important Officials.
Discussing the deal which was recently reported in the Vancouver papers, Mr. Salinas said this morning that the property had been taken by the same interests that recently took over the Moose from Don Cameron. This company has taken the name the Moose Mining Company and P. W. Racey, engineer in charge at the mine, made the preliminary examinations for the sale just completed. E. W. Sylvester is the president and W. R. Ross, M.L.A., is the secretary. Speaking of the price, Mr. Salinas stated that the figure \$75,000 reported in Vancouver is not the real price as he did not get so much. He declined, however, to give the exact price.

The Esperanza is located one and a half miles from the town of Alice Arm and is practically on tidewater. It consists of three claims and was first staked in 1904 by Frank Roundy who bonded it to Captain John Irving and

You'll say so when give them the 'look see.'
You get style and beauty and our 20 years' experience ensures you a good timepiece.
The better watch factories have standardized their prices like Ford cars and from Halifax to Prince Rupert the price is the same, even at Eatons.
And its handier to buy from us with our nearby guarantee.

WATER NOTICE. STORAGE.

Take notice that The Maritime Fisheries, Limited, whose address is care of Messrs. Patmore & Fulton, Prince Rupert, B. C., will apply for a licence for storage of 227,580 cubic feet of water out of a mountain stream, also known as Point Nowich Creek, which flows southerly and drains into the Skeena River, about northwest corner of Lot 4445, Range 5, Coast District.
The storage dam will be located at about 100 feet from easterly boundary of Lot 29, Range 5, Coast District.
The capacity of the reservoir to be created is about 227,580 cubic feet, and it will flood about 1.210 acres of land. The dam will be authorized by conditional licence No. 3705, as amended, and will be used for industrial purpose upon the land described as sub-lot 4, District Lot No. 1445, Range 5, Coast District.
The licence applied for is to supplement a right to take and use water as per conditional licence No. 3705, as amended.
This notice was posted on the ground on the 18th day of September, 1929.
A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
The Maritime Fisheries Limited, Applicant.
By S. F. Page, Agent.
The date of the first publication of this notice is Thursday, September 23rd, 1929.
