Emergency Bill Gets Pruned Down

ELECTION CAMPAIGN ACTIVITY BEGINS TO SHOW ITSELF MORE EVERY DAY

COMMITTEE GETS NO SATISFACTION

TORIES HAVE A GATHERING

A. Butt Tells City Representative That He Knows Nothing About Wage Question.

BUSINESS TO PREPARE ESTIMATE COST OF SHIPS

As far as the situation at the dock in regard to the outstanding wages reported to be due date of the employees, the committee of Acting Mayor and Aldermen Rochester Berry who interviewed H. A. Beatty, the government representative in the mayor's office last night got very little satisfaction.

Mr. Butt explained that his visit here was merely to prepare an estimate for the government as to what the completion of vessels under construction would amount to and outside he knows nothing of the financial prospects of the work, said that the wages had to be paid and would advise the government as to the situation.

In the meantime it is understood a "pay day" is at hand in the shipbuilding plant and this means more satisfaction for workmen and other employees.

FARMERS' PARTY YET

of Last Convention Presented United Action at This Election.

EDMONTON, Oct. 27.—President of the United Farmers of Canada at the last convention passed them from taking action in presenting farmer candidates at this election. Individual probably would put up candidates. He said he knew of no positive alliance between the farmers, labor and independent tickets.

COLT'S DANCE LAST NIGHT WAS SUCCESS

One Hundred Couples Enjoyed Fine Affair in Rink Last Night

There was a fine crowd at the Colt's Athletic Association Victory Dance in the Roller Rink last night and the number in attendance must have reached 200 persons. The fine music played by Gray's Orchestra and the Colt's own orchestra, which comprises Will Martin, R. Arthur, Eason and Gardner was especially enjoyable. The appetizing refreshments served at midnight further added to the enjoyment of the affair.

The floor committee consisted of Ed Baby, floor manager, Harry Butler, George R. Tite and Sid Hardy. The refreshment committee comprised Eddie Smith, Howard Frizzell and Eddie Clapp, who were assisted in serving by Misses Annie Kelly, Willa Dyer, Lila Corral and Helen Hubbard. Roy Lancaster was at the door.

NOT DRY YET

W. H. Tobey returned last night from Hazelton.

WILL HAVE NOMINATING CONVENTION ON NOVEMBER 8 WHEN CANDIDATE WILL BE NAMED.

The first campaign meeting of the local Conservatives was held last night in Smeaton's tea rooms on Second Avenue and about fifty gathered. W. E. Fisher was the chairman of the meeting and J. R. Beatty secretary, recording the proceedings.

T. McKay, a prospective labor candidate for Prince Rupert district, gave a short address condemning the closed town policy.

It was decided not to name the Conservative candidate at last night's meeting, but instead to hold a regular nominating convention on November 8. As a preliminary to that, a meeting will be held next Tuesday night to name delegates to the convention.

FIRST MEETING OF P.R.A.A.A.

Fee for Membership in Athletic Association Set at \$5 a Year for Seniors.

MALCOLM LAMB IS AGAIN IN CHARGE

At the Board of Trade rooms last night, President Donohue in the chair, the Prince Rupert Amateur Athletic Association set the dues for those who wish to join the association. There will be no entry fee, but the dues for the year, payable in advance, were set at \$5 for seniors and \$3 for juniors. School children using the rooms in the afternoon only do not pay, and no fee was set for girls.

The question of playing hours was discussed and a schedule of practise games was submitted which is now in effect and which is printed elsewhere in this paper. Owing to the large number of teams it was found difficult to arrange suitable time for everyone.

The president reported that the services of Malcolm Lamb had again been retained as instructor, but this engagement was of a temporary nature. He also reported what steps had been taken to secure a lease of the property and the matter was left with him to conclude an arrangement.

DRAW UP RULES.

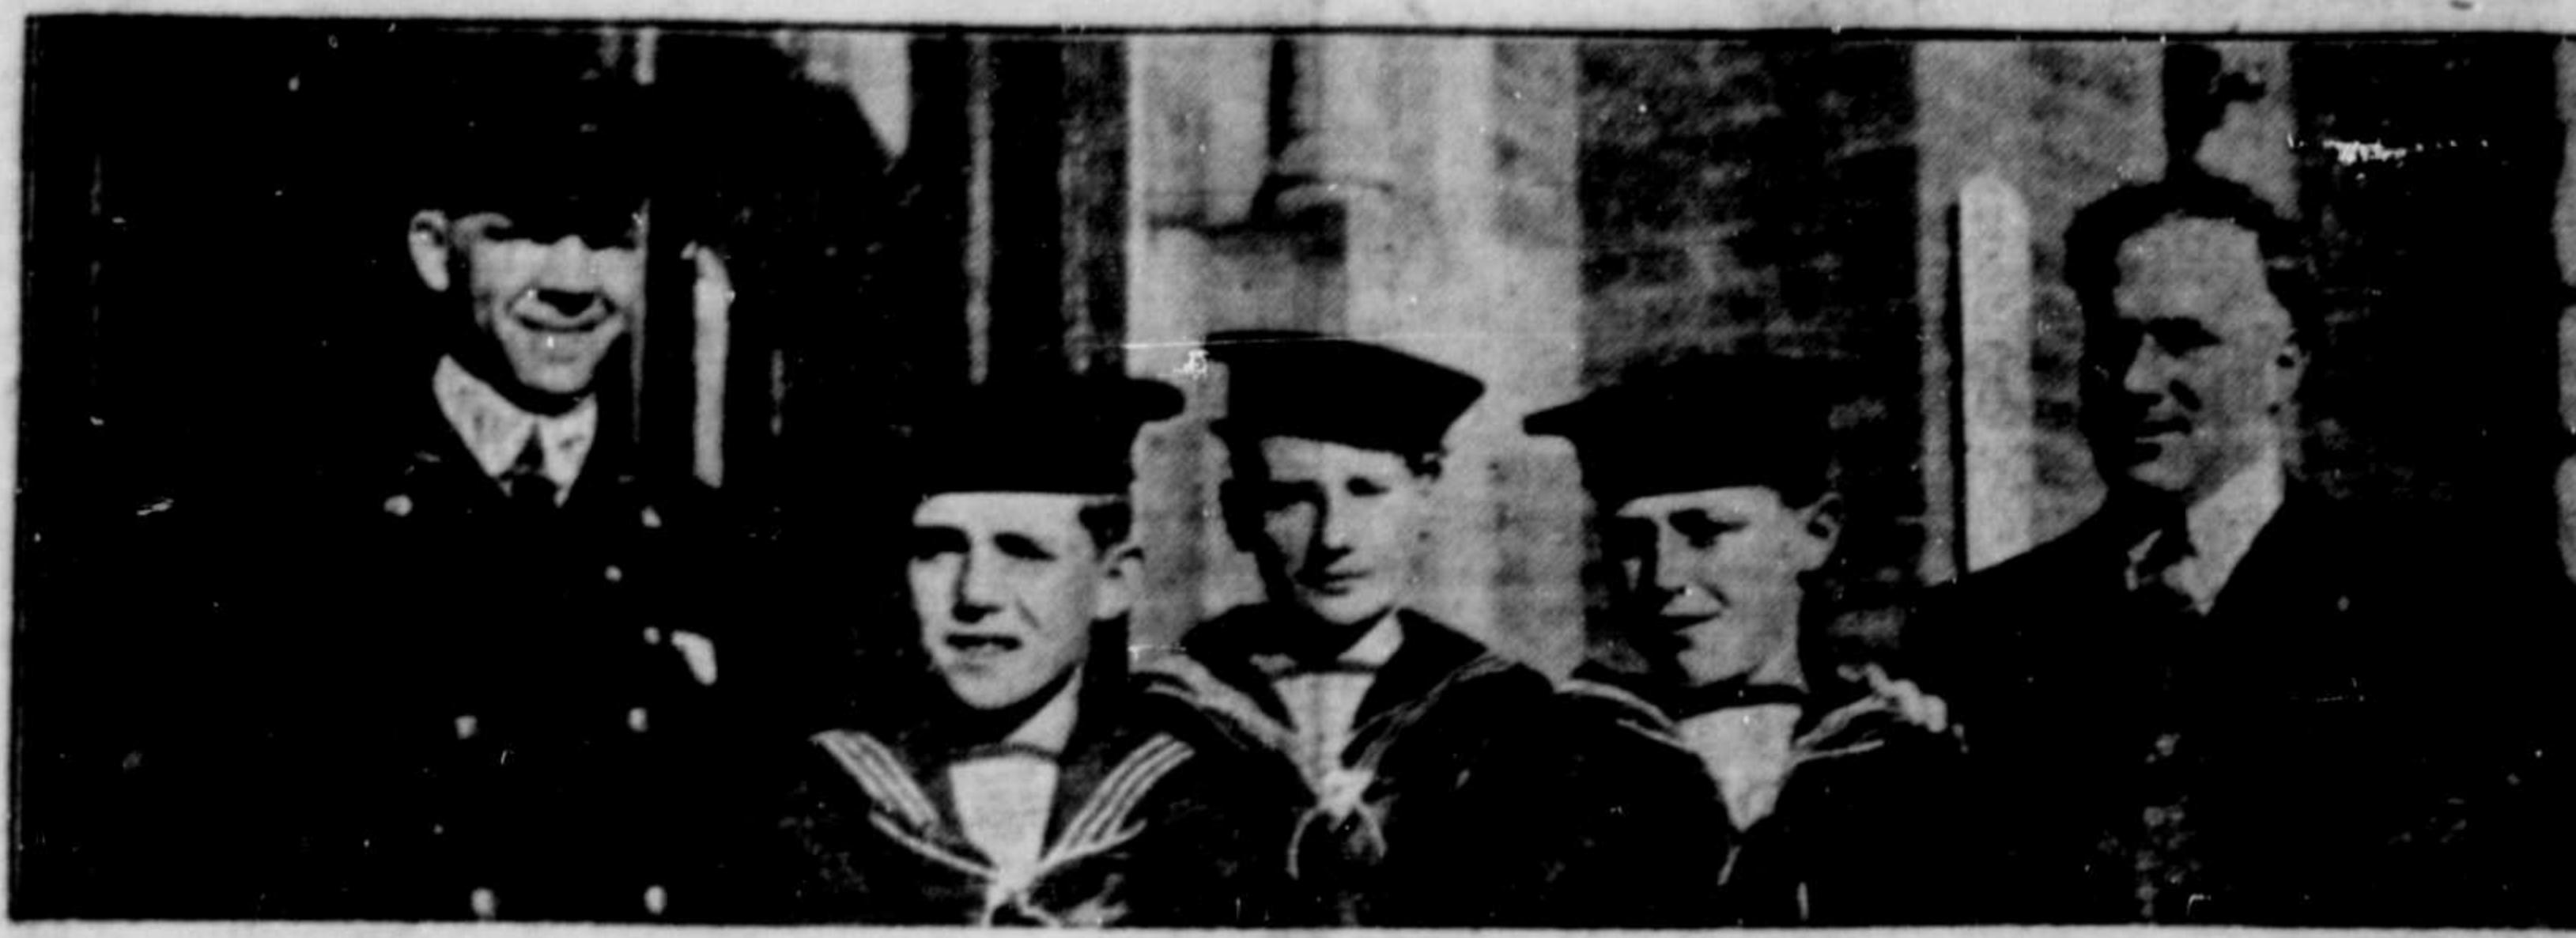

A resolution was passed empowering the executive to draw up a set of rules and regulations dealing with the use of the club rooms and the conduct of members.

Fred Gilhuly and George Russell, president and secretary respectively of the baseball association, were appointed a committee with power to add to their numbers, to arrange for and conduct the basketball games and to look after the finances in connection therewith.

A number of minor affairs were discussed and the gathering adjourned to meet again November 7.

A building permit has been issued to H. B. Eastman for a 8,000 square foot extension to his residence at 617 Atlin Avenue.

NAVY LEAGUE CAMPAIGN IN WINNIPEG.

These five are among the most active in the league's campaign for \$20,000 in Winnipeg which is now on. Photo shows: Capt. G. J. Dawes, late of the Royal Navy, chief petty officer of the Manitoba Boys' Naval Brigade; naval recruits H. Stubbington and T. Whitton, aides to the mayor during the drive; T. Sayhill, naval recruit, and Mayor G. F. Gay, president of the Winnipeg branch of the Navy League.

Emergency Bill Passed by British House of Commons

Negotiations between Government and Miners reach critical stage; Parliament must meet within five days after Emergency proclaimed

LONDON, October 27.—Negotiations between the Government and the British coal miners has now reached a critical stage. The various stages yesterday and after the second reading several modifications were made owing to opposition to the measure.

Parliament must be summoned within five days after the proclamation of emergency and regulations made under the bill are valid for seven days only unless ratified by both houses of parliament.

The bill provides for all contingencies arising should the miners strike involve the railway and transport workers.

ONE OF THE GREATEST DISASTERS IN HISTORY.

FIRST STEP TOWARD STRIKE SETTLEMENT

LONDON, Oct. 27.—It is reported that the leaders of the miners have accepted the Government's terms and will submit them to a conference of miners' delegates. If they are accepted the strike will cease.

GEORGE CASEY IS ATLIN CANDIDATE

Out to Represent the Workers, He Says, in Forthcoming Campaign.

George Casey of this city announces that he will be a candidate for the constituency of Atlin in the forthcoming election. He is well known to everyone here and has a wide acquaintance in the Atlin district.

Mr. Casey was for a number of years alderman of this city and recently resigned his position to become a city employee as fireman. He has been a labor leader and took part in the formation of the One Big Union at the famous Calgary convention two years ago.

To miners Mr. Casey is well known. He is interested in a mining property at Alice Arm and has done considerable development work on it. He is a miner by profession. He says he is not representing any organization but simply will run in the interests of the workingmen.

Declarations for the municipal vote have taken a decided boom and yesterday 143 names were taken by City Clerk Woods. A good many are also declaring to-day.

Hon. T. D. Pattullo arrived this afternoon on the Prince George to open his campaign here.

CHILD WELFARE IS DISCUSSED

Mrs. Rose Henderson Speaks to Women at Baptist Church Tuesday Afternoon.

An address on child welfare proved intensely interesting to a gathering of women at the Baptist Church on Tuesday afternoon. She compared the women of eastern Canada with the women of the west and said that a meeting to discuss such an important subject as that of child welfare would find no hall large enough to accommodate them in the east. Here it was different. The women of the east, she said, were clamoring for more knowledge.

"Why is it," she asked, "that in spite of all our boasted education juvenile delinquency has increased since the war eighty per cent? Why is it that 30,000 innocent children needlessly pass out every year? Just imagine, women, 30,000 weeping mothers robed in black in one long mournful procession!

PURE FOOD.

"Our mothers had pure milk and pure fresh vegetables, while the mother of today had adulterated milk, fish kept for years in cold storage and vegetables weeks old, while the butter came from God knows where. Criminal ignorance and neglect killed more children every year than the German guns.

Speaking of education, Mrs. Henderson said it was more important that the mother should be educated than the father, for it was the mother that had the pre-natal influence with the child and the first five years of the child's life came directly under the influence of the mother.

Criminally Ignorant.

Women had been criminally ignorant, she said. She told how they had been fooled by the word "moderation." "Do you women tell your daughters to go out moderately dressed and to be moderately immoral?" she asked. This liquor question and other great and momentous questions could be settled only by women.

Mrs. Henderson gave glimpses of her work as assistant magistrate in the juvenile court of Montreal, and of the struggle to secure mothers' pensions. Seven years ago the idea was met with derision and people said her proposal was utopian and impracticable. Now mothers' pensions are being paid in five provinces and a measure to provide them is coming before the British Columbia House at the next session.

SHOULD STUDY.

The speaker urged women to form a club to study these subjects and to deal with political economy and the laws of the province, particularly as they applied to women.

TRIESTE OCCUPIED

D'Annunzio, however, Denies Intentions of Italy to Keep Adriatic Seaport

ROME, Oct. 26.—The city of Trieste has been occupied by Italian troops. D'Annunzio, in a telegram, denies any intention of holding the city.

Mrs. D. H. McDonald received the sad news this morning that her brother, Charles Fisher, with whom she visited in Spokane on her recent trip south, had been electrocuted in that city yesterday. Mr. Fisher was only about 30 years of age and is survived by his wife and three children.

The funeral of the late Samuel McCawley took place from the B.C. Undertakers' Parlors this afternoon at 2 o'clock. Rev. Canon G. A. Rix being in charge of the service. Interment was made in Fairview Cemetery and there were number of friends present to pay their last respects.

The pallbearers were J. McDonald, John S. McCawley, W. H. Vickers, F. W. Hart, W. Gratton and Chris Graham, all old acquaintances of the deceased. Floral tributes were received from Mr. and Mrs. F. W. Hart and the Christian Science Society.

C. Culkin was a passenger inbound from the south today.

WORKING OUT REFERENDUM

Matter to Come Before Provincial Legislatures of Alberta and Manitoba.

EDMONTON, Oct. 27.—Premier Stewart intimated that the legislature will act on the referendum in which the people voted for the prohibition of importation of liquor into the province. In the meantime nothing will be done.

WINNIPEG, October 27.—R. T. Ferguson, representing the liquor interests, suggests special consideration for the city of Winnipeg which recently voted wet. The law dealing with the matter will be framed at the next session of the House.

BENGOUGH AT LABOR COUNCIL

Announcement Made That Convention of Labor Will be Held Friday Night to Nominate.

There was a fair attendance at the Trades and Labor Council meeting last night to listen to addresses given by P. Bengough, of Vancouver, international officer of the machinists' union, and T. Ross McKay, prospective labor candidate for the provincial election.

In his address, Mr. Bengough dealt with matters of local interest and complimented the local Trades and Labor Council on the strength it had maintained despite the recent labor divisions. He had not expected to find it so strong. A vote of thanks was tendered Mr. Bengough.

T. Ross McKay explained his position as a candidate for the legislature. He had been sent by the labor people of Ocean Falls, but he did not wish to force himself here. If some other person was named in open convention of labor he would be quite willing to retire and give his support to another. Mr. McKay was given a very favorable hearing.

The Trades and Labor Council endorsed the movement that is on foot for an open convention of labor to select a candidate on Friday night. All delegates and union men are to go unattached to this convention. The place of meeting has not yet been definitely decided upon.

Local Shipyard
Work Satisfactory.

It is interesting to know that the work at the local shipyard is satisfactory and that, given a fair field, we can do work as economically and well as it can be done at any other place. Work is proceeding rapidly on the two vessels, and if the backers of the concern do their part there will be no difficulty in carrying on. It is to be hoped that whatever is done, nothing will stop the continued operation of the yards.

Great Activity
In Politics.

There is great activity in the political field. Candidates are being nominated or nominating themselves and very soon it will be the fashion when you meet a man to ask him what constituency he is trying to represent.

It is rather confusing to the public to have a number of candidates to choose from. It must be remembered that there are but two leaders, Oliver and Bowser, and that any policies evolved will be in charge of one of these two men. When it comes to choosing it will be well to ask the question, which side does this man represent, the progressives or the reactionaries.

The Liberals have always been the party of progress. The Conservatives are the people who cling to the past and hold back the wheels of progress. A candidate may be neither, but in the last analysis he will have to support one or the other. If he is for the Government he is a progressive. If he is against the Oliver Government he is a reactionary.

How Many Readers
Has the Daily News?

Yesterday we sent out over sixteen hundred papers. If five people read each paper there were over 8,000 readers. An advertisement in the paper yesterday stood a good chance of being read by a large proportion of that 8,000 people. It is a business proposition.

People are now beginning to think about the Christmas buying. They are planning how to spend the money for presents. Those whose friends are at a distance are already buying. They are anxious to know how to spend money.

Many people want to know what they can get for five dollars. Why not publish a list of five dollar articles for the benefit of the prospective customers. It is a question whether the money shall go to the jeweller, the gramophone record dealer, the stationer or bookseller, the drygoods man, the ladywear shop, the tobacconist, the candy shop, or the men's furnishings store. The one that makes a bid for it is likely to get it.

Of the eight thousand readers of the News, some are outside the city. There are only 8,000 people living here, and many of them are too young to read the newspapers. There are over a thousand children who take little interest in the papers and a few illiterates who cannot read much. All the others read the News.

At out of town points there are many readers, especially at Alice Arm, Stewart, Terrace, Ush, Hazelton, Smithers, Telkwa and many other places. Any advertiser who would like to see the Daily News subscription list is welcome to look it over. That is the only way to tell where the paper goes. The News invites publicity. We do business in the open because we are delivering the goods and are not afraid for it to be known.

FRESH EGGS ARE SOARING

Local Stores Asking as High as \$1.20 and Calmly Say will Go No Higher

Local fresh eggs are not to be obtained at the city grocery stores and as high as \$1.20 a dozen is being asked for B.C. Fresh. It seems somewhat reasonable for the merchants to say that they do not think they will go any higher. The demand is very apt to regulate that contingency. Of course the price of eggs is the usual seasonal condition, only they are a little higher. Sugar is still coming down and 2¢ is asked and flour is also loosening up a little.

Fruits are fast disappearing and there is little left but the regular lines and winter apples.

Following is this week's revised list:

"MIRACLE OF LOVE" AT EMPRESS TONIGHT

CALLIES BEAT SONS OF CANADA AT WHIST

Lucy Cotton, who plays the role of the heroine in "The Miracle of Love," at the Empress tonight, has leaped into high favor recently through her fine work on the New York stage. A pretty Texas girl with all the charm of the Sunny South in her eyes, she started her dramatic career in the chorus of "The Quaker Girl" when it was playing in the metropolis. Recognizing that the girl had considerable dramatic talent and only needed experience, the manager made her second understudy to the star. In the last week of the run, a series of accidents placed Miss Cotton in the leading part and she scored a success that led New York critics to proclaim that a new star had been discovered.

MARGUERITE CLARK
IN "LUCK IN PAWN"

Famous Movie Star will be Seen in Picture Here Tonight.

The familiar story of the country girl who aspires to be a great artist is given a brand new twist in "Luck in Pawn." Marguerite Clark's latest picture, which will be the attraction at the Westholme Theatre tonight.

Generally in fiction the aspiring heroine wins immortal fame with a masterpiece just as she is about to succumb to starvation. "Luck in Pawn" treats the situation in a much more true-to-life and

WATER NOTICE, USE AND STORAGE.

TAKE NOTICE that The Taylor Mining Company Limited, whose address is 607 Credit Foncier Building, Vancouver, B.C., has applied for a license to use 1,000,000 cubic feet of water per day. Miss Clark, also known as Davidson Creek, which flows south westerly and drains into the Kitimat River, about two and a half miles from the Dolly Varden Mine.

The application can be located one mile from the Kitimat River. The capacity of the reservoir to be created is about 100,000 acres of land. The water will be diverted from the stream at a point about the Mineral Claim, and will be used for power purposes upon the mines described as the Wolf Mineral Claim and the Dolly Varden Mineral Claim.

This notice was posted on the ground on the 18th day of September, 1920.

A copy of the same and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application or petition may be made with the said Water Recorder or with the Committee of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of the notice in a local newspaper.

The territory over which power will be distributed is an area of 1000 acres radius from the Wolf group of Mineral Claims near the Kitimat River. The petition for the approval of the undertaking will be filed in the office of the Comptroller of Water Rights and in the office of the Water Recorder at Prince Rupert aforesaid, and will be heard in the office of the Board of Investigation at a date to be fixed by the Comptroller of Water Rights, and any person interested may file an objection thereto in the office of the Comptroller of Water Rights or of the Water Recorder at Prince Rupert aforesaid.

PROTEST AT MARINE WORK GOING SOUTH

Board of Trade Takes up Matter of Repairs to Marfish and will Wire W. A. Found.

At the Board of Trade meeting held yesterday afternoon, President Parker in the chair, it was decided to make an emphatic protest against the fisheries boat Marfish being sent to a southern port for repairs. The matter will be taken up with Mr. Found at Ottawa, and he will be asked to have the work done here.

The matter was introduced by Dr. Thomson who said that there was about \$5,000 worth of work to be done on the vessel. She was a Number 2 District boat and he thought the work should be done here. When Mr. Found was here he had gone over the work with the engineer and had left word that the work was to be done here just as soon as the fishing season was over. Apparently this order had been changed. He was now told by Mr. Williams that the boat was to be laid up at New Westminster and the repairs would be done in the south.

Mr. Ballantyne's word.

It was reported that Mr. Ballantyne had said work on boats used in the district would be done here.

G. W. Nickerson said that he had personally written to Mr. Ballantyne in regard to the work coming here and Col. Peck also had written but no answer had yet been received. That was ten days ago and there was hardly time to get a reply.

It was further reported at the meeting that the Givenchy, with Inspector Cunningham aboard, was coming within six hours' run of Prince Rupert but instead of coming here the local boat was being sent south to take off the Prince Rupert supplies.

Wiring Dangerous.

C. B. Formby of the firm of Pattinson & Ling said his firm had been asked to look over the electrical work on the boat. They found the wiring in a very dangerous condition and had reported there was a serious fire risk. The boat had been used in that condition for three months since. Some fire extinguishers which had been purchased for her from below could have been secured from several firms in this city, and at prices the same as those paid in Vancouver.

After some further discussion it was decided to telegraph Mr. Found asking that the work on the boat be done here.

pleasant manner. Annabel Lee, the pretty heroine, played by Miss Clark, is a country girl whose mother has paid for her art training by considerable sacrifice. Annabel is informed by a noted painter that her talent is infinitesimal and is feeling pretty blue when a bored young millionaire, attracted by her unaffected clothes and ingenuous manner, strikes up an acquaintance with her. The pretty love story that follows, with its rather startling ending, is said to furnish a thoroughly entertaining comedy picture in Miss Clark's best manner.

NOTED IRISH WRITER DIES

Dr. Miller Maguire was a Brother of J. F. Maguire of This City

Word has been received by J. F. Maguire of this city of the death of his brother, Miller Maguire, L.L.D., F.R.H.S., barrister and editorial writer for the Morning Post and Irish Times.

Daily Graphic

Speaking of him the Daily Graphic says:

"If battles are really won in the class-room, not a little of our victory is due to Dr. Miller Maguire, whose funeral took place yesterday. For thirty years he was one of the best known Army crammers in Europe. It was he taught Haig, Allenby and Rawlinson, and his works won him the Order of the Rising Sun from the Mikado. An indefatigable Irishman—he once wrote a book on Russia in three days—he looked like Bismarck, but had the redeeming quality of humor, and the members of 'Coker's' debating society will miss his genial lectures. His daughter Mary, who married Joseph Schofield, the cellist, is a singer and one of the most beautiful women in Ireland."

The Glasgow Herald says:

"Dr. Miller Maguire's death removes a brilliant Irishman who was a discerning authority in military matters. In his Army coaching days he grounded in strategy such men as Allenby, Byng, Plumer, Rawlinson, Smith-Dorrien and Gough, all doughy fighters whose achievements in the great war were the best evidence of the soundness of Dr. Maguire's methods. He was one of the few men with the Army tradition who foresaw the war with Germany, and who when it came realized that only national sacrifice on a great scale would bring victory. He wielded a trenchant pen up to the last, and in his day was a powerful political controversialist whose speeches were tinged with Celtic fire. At the old Queen's College, Galway, Dr. Maguire was a contemporary of Frank Hugh O'Donnell and T. P. O'Connor. He was an intimate of Lord Roberts and Lord Wolseley, who had a high opinion of the versatile Irishman."

JAPANESE INCREASE IN STATE OF CALIFORNIA

One Child of Every 13 Born is
from Nippon

SAN FRANCISCO, October 26.—

The Japanese population of California gained from 1910-1919 almost as much by birth as by immigration. The figures are: Net increase by immigration, 25,592;

net increase by birth, 20,331.

In the years 1910-1919 the total number of Japanese births in California was 28,037.

The progressive annual increase is shown by the fact that whereas in 1910 the Japanese births numbered 1,491 in the year 1919 the Japanese

births numbered 4,378.

Putting it another way, the ratio of

Japanese births to all births in

1910 was 2.24 per cent.; in 1919 it was 7.82 per cent.

That is to say, in 1910 one out of every 44 children born in California was a Japanese, while in 1919 one out of

every 13 children born was a Japanese.

Of course, in the agricultural sections, where the Japanese have colonized, the Japanese birth rate bulked even more prominently.

In the rural parts of Sacramento county 49 per cent. of all birth in 1919 were Japanese.

The alarm which Californians feel regarding the situation is typified by this comment of The Los-Angeles Times: "If the present birth ratio were maintained for the next ten years there would be 150,000 children of Japanese descent born in California in 1929 and but 40,000 white children. And in 1949 the majority of the population of California would be Japanese, ruling the State."

Santokh Singh and P. Ryan, drunks, were fined \$10 each in the police court this morning.

ITALIANS WILL DROP HYPHEN

People from Sunny Southern
Europe Want to Become Citizens of Canada

TORONTO, Oct. 27.—Toronto Italians are going to drop the hyphen. From now on they want to be called Canadians and no longer Italian-Canadians. This decision was reached at a meeting of the Halo-Canadian Educational and Political League.

"The first item on the program of the League is to have all Italian immigrants become Canadians, who will fully discharge their duties as Canadian citizens," was the statement of Cesare Gallasso, President of the Italian People's Journal.

Organizer Nanni Oranova expressed the opinion that Canada should look after the second and third generations of the Italian population and take care that they have their own desires filled to become good Canadian citizens.

Attached to Home Land

"With the older people it is a difficult matter; they are strange to the English language, the laws and customs of this country, and, moreover, they have a certain attachment to the mother country which the younger generation has not," said Mr. Oranova.

"We who have become Canadian citizens in the past are opposed to any force which would destroy the good qualities which our Italian immigrants bring with them," he continued. "It is well known that the Italians are thrifty, supremely honest, thoroughly religious and moral. I speak of the great majority, not of the exception.

Italy Can Contribute

"The melting pot must be for all; the Canadian must be thrown in, too; the making of Canadian citizens must be unobtrusive; it must come from within. In the process of becoming Canadian citizens, for which they are all so eager, it is to be hoped they will contribute something of the indomitable courage that has carried Italy through the triumphs and reverses, the moral revolutions and the material changes of 25 centuries," continued Mr. Oranova.

"Italians in this city want to become citizens, and, in fact, all over the Dominion there is a movement on foot to take out naturalization papers and share with the citizens of this country not only the rights and privileges, but also the responsibilities and burdens of the country."
