Victoria Soldiers Heckle Mr. Meighen

FISHERMEN'S PROTECTIVE ASSOCIATION FAVERS THE USE OF MOTOR BOATS

Premier Meighen and Party Given Bad Time at Victoria

Soldiers heckled speakers and interrupted with boos and cat-calls; overflow meeting held at Empress Hotel after Theatre Meeting

Victoria, November 1.—Premier Meighen yesterday began his return trip which will take three weeks with a stop at Toronto on November 19. From the moment he was received by the reception committee on Saturday morning until he addressed the audience at the wharf on Sunday afternoon, the Premier centre of tremendous activity.

In an interview with the war veterans they asked for an enlargement of the courses given in connection with re-establishing, saying the courses were now too short to enable the veterans to enter into competition with experienced artisans.

They were unable to gain admission to the meeting on Saturday night that an overflow meeting was called at the Empress Hotel, over 1,000 attending. The Army of United Veterans had a bunch at the theatre all the time but the Army of Veterans tendered an informal reception at the hotel meeting.

Before meeting, the Premier did not mention one thing Mackenzie King did. A voice said "The 'Yes,'" said Meighen, "he had to go back to 1893 issue of the tariff. I don't think it's progressive."

Answering a veteran's question, Meighen said the Dominion government had laid out a land policy, the best in the world. This provoked some noise, from Flynn's admirers, and applause from some of audience.

Lee Treadman, M.P., who was gassed at Ypres, straight from the shoulder, firmly persisted in keeping catcalls and jeers at different times. The jeers continued until an extent that finally those in the audience told the speakers threateningly to sit down if they did not want to follow the rest to do so. Order prevailed thereafter.

Dr. Redmond said Harry Flynn was going to get the soldiers \$2.50 each, he told a committee at a meeting if the hecklers interrupting and he was allowed to proceed.

ACCINE FOR SMALLPOX AT ALASKA PORT

My-five Cases Reported at Two Points in North

ALASKA, Nov. 1.—There is an outbreak of smallpox at Alaska and the U.S.S. Saturn route to Pribiloff Islands has been diverted here to supply supplies with which to check the disease.

There are 25 cases so far and new ones have developed.

The Alaskan is on the way with supplies for the miners, including fuel and coal. Alaska is here giving every assistance.

INDIAN WAS BADLY INJURED WHEN RIFLE FIRED PREMATURELY

William Gagog was cared for by Indian agent and sent to Kincolith.

An Indian named William Gagog met with a very serious gun accident on the Grease Trail a week ago. While trying a new Ross rifle he found some difficulty in getting in a cartridge. The thing jammed and he, forcing the pressure, fired the gun before it was locked. The result was that the rifle back-fired and shot the bolt across the Indian's face, seriously damaging the nose, cheek, eye and right thumb.

Gagog was taken to Gitlakdaimix in a critical condition and was immediately attended to by Rev. W. E. Collison, Indian agent, who was fortunately in the village at the time. The injured man has been taken to Kincolith.

HALLOWE'EN TRICKS BEING INVESTIGATED

Dr. Cade's Car Treated Roughly by Mischief-makers.

Youthful depredations on Hallowe'en night this year were a little beyond the confines of mischief in some cases. There were surely never so many youngsters "scarin'" before and few houses in the city did not have visitors.

However the damage downtown was not altogether funny. Dr. Cade's car was severely treated. All the tires were flattened and the caps taken as well as the key. When pumping up yesterday morning it was found two of the tires would not fill, having been punctured. Dr. L. W. Kergin's car was taken for a run around the block by amateur drivers. The police are investigating.

LOCAL MEN BUY INTO THE COAL MINE AT EDSON

C. H. Orme and J. G. Scott Take Quarter Interest from N. Gurvich for \$500.

Nick Gurvich has sold a quarter interest in his coal mine at Coalspur, near Edson, to G. H. Orme and J. G. Scott of this city, the figure involved being \$42,000 with a cash payment of \$3,500. The deal was closed on Friday evening. Mr. Orme and Mr. Scott as well as Mr. Gurvich all arrived from Edson on Thursday night where the two former looked over the property, expressing great satisfaction with the prospects.

Tenders will be called for the repair of the steamer and the job will go to that company putting in the lowest bid.

Record Price Was Paid Yesterday for Halibut

Booth Canadian Company buy carload at 20.3c and 10.1c; weather outside getting to stormy for small boats

The highest price ever paid for halibut on the local market was paid yesterday morning at the Fish Exchange when the Booth Canadian Fisheries bought a carload of first class fish at 20.3c and 10.1c. There were only three carloads for sale and these all brought big prices in the vicinity of 20c. There were eight refrigerator cars in the yards.

The big price paid yesterday is caused merely by the conditions of supply and demand. The supply at the present time is short because many of the boats have tied up on account of stormy weather outside and the approach of the annual holiday season for the fishermen. The smaller boats will tie up for a couple of months and only the larger schooners will be going out.

Following is the list of sales and arrivals over the week-end:

G. E. Foster, 15,000 pounds of halibut and 10,000 pounds of black cod for the Canadian Fish and Cold Storage Co.

Yakatuk, 18,000 pounds; Nor-nen, 3,500 pounds, and Korberg, 2,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 20c and 9c.

Thelma, 21,000 pounds, and Hesquiat, 2,000 pounds, sold to the Booth Canadian Fisheries at 20.3c and 10.1c.

Democrat, 8,000 pounds; Hold-al, 2,500 pounds; Valid, 3,000 pounds; Ringleader, 5,500 pounds and Marguerite, 2,500 pounds sold to the Royal Fish Co. at 19.6c and 8c.

OGLE FOUND GUILTY MANSLAUGHTER COUNT

Man Who Slew Thomas Dodd at Mud River will be Sentenced End of Assizes.

Orville Ogle, of Prince George, was last week found guilty of manslaughter by the fall assizes at that city before Mr. Justice Murphy and will be sentenced at the end of the session.

The prosecution was in the hands of R. E. Earle, K. G. of Vancouver, and a brilliant defense was conducted by Stuart Henderson, of Victoria, and P. E. Wilson, of Prince George.

The Carpenters Union at its last regular meeting endorsed the movement for establishing a public library here.

Fishermen Would Use Motor Boats

Protective Association also urges disuse of traps and seines and will put views before Minister of Marine

NEW WESTMINSTER, November 1.—The B. C. Fisheries Protective Association at a meeting on Saturday strongly favored the use of motor boats in all three fishing districts. They passed a strong resolution of protest to be put in the form of a letter, which will be sent to the department of Fisheries at Ottawa in reference to the manner in which the questionnaires were sent to a portion of the fishermen "up north" in regard to the matter. These were described as "distinctly unfair."

The secretary was instructed to write Mr. Ballantyne asking for a definite statement as to the intention of his department in regard to bringing about the elimination of traps and seines as promised during his recent visit.

VANCOUVER BREAD TAKES A TUMBLE

VANCOUVER, Nov. 1.—Bread is taking a tumble. The price here was reduced this morning and it is now selling at 41 cents for an eighteen-ounce loaf. This is expected to be but the beginning of a general downward movement.

GETTING BAIT AWAY TO NORTH

On Account of Scarcity at Bute-dale and Prince Rupert Schooners Make Mole Harbor.

JUNEAU, Nov. 1.—Because herring bait is now unobtainable at Prince Rupert and Bute-dale all the big fishing boats out of Ketchikan and Prince Rupert are now stopping at Mole Harbor, Seymour Canal, for their bait. Here a number of Petersburg fishermen have a herring "put" where hundreds of barrels of herring are impounded. When the boats arrive they are dipped out alive and sold for halibut bait.

Among recent arrivals at Mole Harbor were the New England, the Teton and the Carona.

ANDREW HAS WITHDRAWN

Liberal Candidate for Anyox to be Either Kergin or Bush.

ANYOX, Nov. 1.—Harry Andrew has announced definitely he will not go before the Liberal convention to be held here probably Saturday. This leaves only O. B. Bush of Stewart and Bert Kergin as contenders.

A conference of local Liberals will probably take place Wednesday. Daly, the independent candidate, makes the announcement that he will run whether the labor referendum or convention selects him or not. His nomination papers are already made out. He has gone to Alice Arm today.

Sergeant Adams and Constable Logan, of the city police force, made the arrest and finger prints produced in court by Warden Bailey were instrumental in obtaining the conviction.

TUG BURNED TO WATER'S EDGE AND THEN SANK

Captain and Crew of Etta White Had Narrow Escape Near Bute-dale.

The tug Etta White was burned to the water's edge and sank just south of Bute-dale yesterday when southward bound with a boom of logs. The little vessel is under charter to the Ocean Falls paper mill and was towing 16 swifters of logs from Surf Inlet to Ocean Falls for use in the paper mill. When just south of Bute-dale a fire started in the engine room and spread so quickly that the men aboard had to take to the boat without recovering their personal belongings. The captain got away without his coat, in the pocket of which was about \$200 in bills.

After the crew got away in the boat and had cut the tow cable the Etta White kept running and circling around until at last the water came in and she sank. The tug Commodore came by soon after and picked the men up, taking them to Ocean Falls.

It is understood that the logs are safe. The boom was a flat one with about 700,000 feet of logs which had been cut by J. R. Morgan Co. near Surf Inlet, Princess Royal Island.

INDIAN IS SENT DOWN FOR TWELVE MONTHS

Joseph Auriel is Proven Guilty of Theft From Kain Section House.

Joseph Auriel, a Metlakatla Indian, was sentenced to twelve months with hard labor by Judge Young this morning, having been found guilty of theft when he entered the section house at Kain station and took a suitcase of clothes. Evidence was taken and the statement of the accused that the suitcase in question had been taken to Ketchikan by other parties was proved false for the suitcase was produced in court.

Sergeant Adams and Constable Logan, of the city police force, made the arrest and finger prints produced in court by Warden Bailey were instrumental in obtaining the conviction.

Of Platform Making

There is no End.

These are the days of making of platforms. A candidate comes before the people asking for endorsement and he and his friends immediately get together and make up a platform which they ask the people to endorse and on which the candidate will appeal for support. No matter how far fetched or impossible the platform may be, the electors are beguiled by it. Often the platform is a good one and it are suggestions that an administration may take in regard to future legislation. A sample of a local platform is one just got out by O. B. Bush who is seeking a nomination from the Liberals of the Atlin District:

"Reduction in filing fees for prospectors and small holders."

"Relief cabins properly looked after at points designated by prospectors' organizations."

"A system of government medical aid and government hospitals in unorganized districts."

"Mining recorders under salary at Stewart and Alice Arm and abolition of the present commission system."

"Appointment of resident road foremen at Alice Arm and Stewart with powers to take steps in emergencies such as experienced in the past season when such authority and action would have decreased the damage."

"Powder at cost price to prospectors, supplied by the government under similar plan as adopted with organizations for land clearing in agricultural areas."

Doubtless there will be other platforms issued by candidates which will be less reasonable. At any rate it must be remembered that it is easy enough to draw up a platform that will appeal to a small section of the community, but it is quite a different matter when it comes to carrying it out.

New Court House
To be Built at Once.

It is rather unfortunate that the new court house plans have been delayed until now, as it may be said by some sceptical person that it is being rushed on just at election time. As a matter of fact, however, this is not the case. The estimates were passed at the last session of the Legislature and the work has been kept steadily to the fore. It is not a small undertaking by any means and the work is now well in hand. Tenders are being advertised for, and the work will proceed just as soon as the contract is let. It will then be rushed through and the new building will be a credit to the city. It will adorn Market Place and much improve that section of the city.

Whipping Conservatives
into Newton Fold.

Last week the labor convention turned down a proposal to nominate S. M. Newton as their representative. Now his followers are working on a new scheme. It is one to have the Conservatives nominate him as their candidate. As a matter of fact Mr. Newton has the whip hand and is forcing himself upon the electors as some of his followers claim—he controls the vote of 200 Englishmen and a certain section of the labor people. These he can take whether he is nominated by the Conservatives or not. The result of this position is that, much as they abhor doing so, the Conservatives may be forced to adopt Mr. Newton.

Charlie Cullin, formerly of this city but now of the United States, has been sent for and has responded to the call. He has been here for some days trying to smooth things out and he is urging the Conservatives to sink their personal feelings and their party and support the man who is already in the field and who has them by the nose.

Having done what he could locally, Mr. Cullin has gone to Anyox to whip the Conservatives into line there and get them to support W. C. Ross at the convention to be held at the week end.

HIS LIFE RUINED
BY DYSPEPSIAUntil He Tried "FRUIT-A-TIVES"
The Wonderful Fruit Medicine

MR. FRANK HALL

Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'.

I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

Low, 11:39 a.m., 8.9 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 6 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

PRINCE RUPERT
CLEARINGHOUSE
FOR POLITICSMany Visitors Here From Atlin
Constituency Yesterday in Connection
With Election.

Yesterday shortly before noon the steamer Prince Albert arrived from Stewart bringing a number of politicians, most of them on their way to Anyox. There was W. G. Ross, who expects to be the official candidate for the Conservatives. He will give Anyox and Alice Arm the once over preparatory to the convention which is to be held at Anyox on Saturday next.

Pat Daly, who was recently nominated by the labor men at Stewart, came here to consult with George Casey, who also is announced as labor candidate, with the idea of getting Casey to withdraw in his favor. It seems that a referendum is going on in the O. B. U. camps as to who shall be the candidate and Casey is expected to get the nomination in that way. Mr. Daly refuses to let his name go to a referendum of that kind. He announced yesterday afternoon that he would still be in the field. He expected, he said, to get support from Liberals and Conservatives as well as labor. He explains that he has backed labor men at different times, among them being W. H. Montgomery of this city, but every time these men have been beaten. He thinks it is time he was given a chance to run himself, so he will be in the field. He left for Anyox on the Chelohsin.

James Cullin, publisher of the Portland Canal News, was here also on his way to Anyox to size up the situation. He is anxious to see O. B. Bush nominated at the Liberal convention to be held in Anyox at the week end.

O. B. Bush has been visiting Alice Arm and Anyox and will be at the convention at Anyox at the week end when his name and that of Harry Andrews, Bert Kergin and possibly Mr. King, one of the mine foremen at Anyox, will be placed before the convention for nomination. It is understood that whoever is chosen will receive the support of the others.

Charles Cullin, Conservative organizer from Washington State U. S. A., left to work in the interests of W. C. Ross.

NEW SCHOOLS
IN INTERIOR

Inspector Patterson Reports Large Increases in the School Population.

Inspector Patterson of the department of education arrived in town last evening after a tour of about six weeks in the interior where he has visited many of the schools and discussed the matter of additional school accommodation with a good many groups of citizens and boards of school trustees.

Mr. Patterson reports that it is probable new schools will be erected at Pitman's Spur, Kitwanga and Topley and additional class rooms at Smithers, Ush and possibly Telkwa. These are made necessary by the large increase of population during the last year. In every district there are increases. In some places where a year ago there were scarcely enough pupils to keep the schools open, the number has doubled.

At Pitman's Spur where one new school is proposed, the Allen-Hansen mill is working steadily and as the land is cleared of logs it is put on the market and a permanent settlement is thus being built up. The land is rich and very desirable.

BIG WOLF KILLED
NEAR STEWART TOWN

Animals are Driven in by Scarcity of Food in the Hills.

STEWART, Nov. 4.—Owing to the scarcity of food wolves have been slinking around town and a few days ago a big she-wolf was caught in a bear trap by Charlie Bibeu and killed. The animal was of extraordinary size.

People here think the recent floods are responsible for the wolf invasion, but the better informed say it is a scarcity of food that brings them near civilization.

STRIKING STORY OF VANCOUVER LADY

Mrs. B. DeBeck of 2120 Scotia St. Vancouver tells a story which should interest every reader who is afflicted with indigestion or stomach trouble in any form. After suffering for years she found relief in a simple herb remedy and for the benefit of fellow sufferers tells the story of her treatment as follows:

"I have suffered from indigestion and stomach trouble for years and have tried several remedies without any success whatever. On the advice of a friend I thought I would give Wonder Health Restorer a trial. I am in a position to state that I have had wonderful relief after taking this medicine for only a few months. So well satisfied am I that I have no hesitation in recommending Wonder Health Restorer to any person suffering from similar ailments."

(Signed) MRS. B. DEBECK,
2120 Scotia St. Vancouver.
October 20, 1920.

Wonder Health Restorer, which did such wonderful work for Mrs. DeBeck has done similar work in thousands of cases. It can be secured in Prince Rupert from the Prince Rupert Drug Co. and no sufferer from stomach trouble should overlook this remedy which is the private prescription of a great Scotch herbalist, given by him to the world for the good it does for humanity.

SHADOW OF ROSALIE BYRNES AT WESTHOLME

Curious Story of Girl who Marries and Takes \$10,000 to get Divorce.

The story of a girl who is mistaken for Rosalie Byrnes, who is offered ten thousand dollars to get a divorce from her husband, and who, after many wonderful adventures, goes on a honeymoon with her husband, is the offering at the Westholme tonight.

The story begins with a rush marriage with a man who is going overseas. The complications, part of which are financial, follow. There are men and women at cross purposes and several curious mixups. The untangling is interesting in the extreme.

CONSERVATIVES TO NOMINATE ON TUESDAY NIGHT

Local Association Worried Over Securing Candidate—Jack Beattie Favorite.

A Conservative meeting is called for tomorrow night at which the local association will decide what position they will take at the forthcoming election. They will appoint delegates and instruct them who to support. As the association here has practically the controlling vote, the action to be taken will be equivalent to a nomination.

A good many of the members want Jack Beattie to be the candidate. Both C. H. Orme and Jack Kirkpatrick have refused it. There is another section of the association, including Mr. Beattie, that would back S. M. Newton who has already been turned down by the labor men. On this rock the party seems likely to split. It is understood that Charlie Cullin, the official organizer, who was called in from the States where he now lives, and who was sent here by W. J. Bowser, favors using Newton as a club with which to beat Premier Oliver, not that he has any love for Newton, but that he would use him as a means of getting back into power.

INTERESTING SITUATION.

The situation is a complicated one. Judging by what is heard on the street, it seems as if it would be decided to run a Conservative candidate. It is claimed that they would get a strong Conservative vote and that some Liberals who will not support Mr. Pattullo, if he is nominated, will vote for a Conservative, but they refuse absolutely to vote for Mr. Newton.

There is always an independent vote and Jack Beattie is very popular in town and if chosen will get a good deal of that vote. The situation is very interesting.

The Liberals will in all probability choose Hon. T. D. Pattullo, as he is the strongest man they have in sight. There are several who would make good candidates, but all recognize the prior claim of Mr. Pattullo and will back him to the limit. They say there is no doubt but he will be elected.

**RACE PROBLEM
IN ENGLAND**

Mixture of Colored and White in
London — Described by Woman

LONDON, Nov. 1.—The prosecution of a Chinese restaurant-keeper in whose cafe white women had been loitering and the magistrate's comments that the problem of the relations between white women and colored men was "a frantic one" has directed London's attention to conditions in the Chinese district of Limehouse. I have been down to Limehouse this afternoon, have heard what people who have lived long in the district have to say, and have been taken by social workers into the heart of the Chinese quarter.

Limehouse Causeway has always been known as a stronghold of Chinese, but there is more sign of their occupation in Pennyfields, the narrow street of low-statured houses opening off the thoroughfare. In Pennyfields they lounge chattering outside the lodging-houses and shops, which bear Chinese signs and posters. Most of them are young. They are tidily dressed and clean, and look well-fed. They look ready to set off somewhere, and, indeed, that is what they are waiting for, cheerfully expecting something to turn up.

The real residents among the Chinese are drifting away to America or elsewhere. Of the thousand who had their homes in Limehouse a few years ago perhaps only a third remain. There has been no increase in the number of Chinese shopkeepers. The men who swarm about Pennyfields are seamen, and they say the opposition of the British seamen prevents them being taken on.

The West Indians

They present one part of the colored problem. A more difficult is that of the black men, most of them probably West Indians who came here for war work, and who would not be too well pleased if the opportunities for repatriation, which at present seem to be lacking, were to end their stay in England. They ought to be sent back as the opinion of people who state that they are largely responsible for the great influx of white women to Limehouse since the war. Some of the girls have immigrated from the West End of London. There are instances where girls who have been deserted by their English lovers have gone to live with Chinamen, who not only treat them well, but take care, too, of the deserted babies. The Chinese love children. But most of the girls, I am assured, have come from towns further north. Some of them have followed the colored men they associated with in seaports or munition arsenals, others have merely come on chance, and often the chance of reclaiming them is remote. On the whole, Chinese men treat these women kindly, but the black men are said often to knock them about. I was told of respectable English women married to Chinese men and generously treated by them. Some said they did not lose caste, but others thought that the neighbors did disapprove. These women keep very much to themselves, lonely because they do not understand Chinese.

The Lure of Pukka Poo.

Another class of white woman new to Chinatown is the woman from the near neighborhood who shares the recently developed infatuation for pukka poo. Warned by leading Chinamen in London that trouble would fall on Limehouse if white people were permitted to play, the thing was stopped in twenty-four hours, and for a week the new regulation was enforced. When it was relaxed again women and children were still forbidden to play, but the new morality gave way before their determination. These wo-

men, however, are not involved in other moral lapses.

There is ample authority for the theory that colored men exercise a peculiar fascination over white women. "People talk about hypnotic influences and mysterious attraction," said a woman missionary. "I do not believe there is anything in it. These women who have come down here are not under any such influence. They come because there is money here and it is easier to get. That is the whole explanation."

PRILOF SEAL HERD GREATEST EVER KNOWN

The season just closed on the Pribof Islands was marked by the advent of the greatest seal herd ever seen in that district, according to advices received today in Juneau. The census of the herd this year shows a total of 4,500,000 seals on the islands, the largest number known since the government took charge of the seal industry.

The skins of the animals killed during the season are still on the islands. They probably will be brought out on the relief ship Saturn which is now en route there with supplies for the native population.

AN ADDRESS TO LOCAL TEACHERS

Miss McLenaghan of High School
Urge Formation of Parent
Teachers' Association.

At a meeting of the Prince Rupert Teachers' Association a very interesting paper was read by Miss McLenaghan of the High School staff in which she dealt with the advantages which arise from the work of Parent-Teachers' Associations.

It was pointed out that a better understanding of the needs and possibilities of the child is always realized when the child's parents and the teacher meet together and discuss problems of common interest to both.

Reforms of all kinds are more readily secured when endorsed by parent ratepayers.

Co-operation of Parents

Some suggestions were made whereby the sympathetic co-operation on the part of parents could give practical aid to teachers, for instance:

(1) By ensuring their children sufficient sleep and sending them to school physically and mentally fit.

(2) By promoting regular and punctual attendance.

(3) By providing a quiet and regular study hour for home work.

(4) And by never criticizing the teacher before the children.

Points were also brought forward to show why these parent-teachers' associations should appeal strongly to parents.

These meetings provide a means of education for parents along the lines of child nurture and child psychology and their programmes make for higher home ideals and lead to united effort toward better citizenship.

They provide the best and most logical medium of communication between parent, teacher and school board.

Results in Vancouver.

Some results of parent-teacher work which have already been achieved particularly in Vancouver, were then outlined.

Good libraries have been established. Good pictures and pianos have been purchased. School grounds have been beautified. Prizes have been awarded for sports, days and playground equipment secured. Sanitary and ventilating conditions have been improved. Campaigns for kindergartens have been instituted and have met with good success.

These results being possible, it was said to be incumbent on teachers to encourage the formation of these associations and to work ardently for their success.

BIG MASQUERADE DANCE AT STEWART

Effect Was One of Kaleidoscopic Beauty, Says Portland Canal News.

The masquerade at the Stewart Hotel Tuesday night will go down in the history of the camp as an affair equal in costume effect, music and merriment to anything seen in places where make-up material is more easily obtainable, says the Portland Canal News. But with great care and detail with materials obtainable at hand an effect of kaleidoscopic beauty and gorgeous and grotesque costume was produced.

The characters for the most part were carried out and the judges, Howard Campbell and Bob Stewart, had a difficult task in making a choice.

Prizes for the fair sex went to Miss Kate Ryan, costumed as a "baby doll," Mrs. Knipple as a Jap girl won for fancy dress, and Mrs. Comer as Dutch cleanser, for the best costumed character.

Among the men Reggie Macfarlane outdid them all emblematic as a seasoned veteran of the Hyder High Dive club. Fancy dress male character was won by Dr. Davis as a pulchritudinous dandy of Paree. Sustained character prize went to Owney McFadden as a he-man from the far north in a fur parka.

Notable features of the evening were the terpsichorean specialty by J. H. Gauld and S. G. Lawrence which was done with rare grace, the orchestra, Mrs. Barron's cakes, Bill Ross and Pat Daly.
