T. D. PATTULLO IS PRINCE RUPERT CANDIDATE

OLD TIMER ALICE ARM AND STEWART GETS ATLIN LIBERAL NOMINATION

Liberal Convention Nominates T. D. Pattullo as Candidate

Logistic Speeches made by L. W. Patmore and M. P. McCaffery in proposing and seconding; story of prodigal son well told

"I have great pleasure in nominating this evening a man of principle and resolve; not a town politician but a statesman. I nominate Thomas Dufferin Pattullo, who is well known among you, who has been with us for many years and of whose worth you all know as a public spirited citizen." In these words was Mr. Pattullo nominated last night by L. W. Patmore who spoke of Mr. Pattullo had done as a citizen and also as a representative. Not only had he worked in the interest of northern B. C., he was one of the ablest administrators that the province had. He felt that the people of this district would do themselves great honor in choosing him as their candidate again and name him as their member.

ALEX. M. MANSON

Prodigal Son.
Patmore spoke of some of the other men in the field. Mr. Patmore was admittedly a revolutionary socialist and the Conservatives were finding it difficult to get a man. S. M. Newton might be a Conservative nomination if he did not, he would undoubtedly run. Newton was a sort of prodigal son who left his paternal Conservative home and in the labor meeting proceeded to make terms with the Reds. He would have nothing to do with the hawks of the labor union. Then he turned and it was reported that McEwen ran to meet him and on his neck and kissed and made him welcome. The sons of the Conservative, however, would not stand it. They said "let him go and let him with the Reds." Patmore said he did not know if Newton would get the nomination, but there was nothing to be done.

HARRY ROSS GETS TWO MORE MONTHS TACKED ON TIME

Judge Young sentenced him yesterday afternoon when he pleaded guilty breaking jail.

Harry Ross, appearing before Judge Young in the County Court yesterday afternoon, pleaded guilty with alacrity to the charge preferred against him of breaking jail and was sentenced to two months with hard labor at Okalla Prison Farm. He qualified his admission with the statement that he had passed through the open door and had not broken the lock leading from the cell-room in the city jail to the police court room above.

Ross, who is somewhat of a "sea-lawyer" wanted his two months' sentence for jail breaking to run concurrently with the six months' sentence already imposed on him for selling liquor to Indians, but this the judge refused.

BOARD OF TRADE HAS EMERGENCY FUND NOW

On Recommendation of Trades and Labor Committee It Cashes Time Checks at 3 per cent.

Yesterday \$1,000 was raised among local business men as a fund to cash shipyard time checks in needy cases. First the special committee from the Trades and Labor Council passes upon the claims, and then the Board of Trade cashes the vouchers at a discount of 3 per cent to allow for possible legal fees and bank interest. If the situation is not improved today more money will be raised for this fund.

Jas. Stack of Port Clements. After the nomination Mr. Pattullo addressed the delegates and short speeches were made by A. R. Mallory, E. T. Kenney and J. D. Wells, after which the convention adjourned.

SUFFICIENT MONEY TO PAY CREDITORS SAYS NEWMAN ERB

VANCOUVER, Nov. 6.—Newman Erb yesterday wired Vancouver creditors that he expected Government advances would be sufficient to pay all claims and allow the work to proceed. Erb is in conference with the department at Ottawa. S. J. Crowe, M.P., interviewed said he doubted the possibility of moving the ships to Vancouver for completion.

WANT COW BAY FILLED IN THE PROPER MANNER

Board of Trade Opposed to It Under Plan Submitted With Recent Application.

The Board of Trade at the regular monthly meeting last night decided that it would oppose the filling of Cow Bay under the plan and has been submitted with the recent application of the railway company. In bringing the subject up President S. E. Parker stated that the plan submitted did not provide for the warehouses and wharves required by the Board of Trade.

It was decided on motion of D. Thomson and G. H. Arnold that a letter be sent to A. E. Warren, general manager, apprising him of the fact that the Board of Trade would oppose filling Cow Bay unless it was done under the provincial government plan. The co-operation of the city council is to be sought in making the objection.

ANXIOUS THAT MARFISH SHOULD REPAIR HERE

Another wire is to be sent to W. A. Found, superintendent of fisheries, in regard to the docking of the fisheries' protection boat, Marfish. The Board of Trade already sent one message to Mr. Found but President Parker intimated last night that this was unanswered.

It was moved by D. Thomson, seconded by H. D. Robinson, at the board meeting last night that another message be sent pointing out the time it would take to make the repairs and asking for a definite answer as to whether the boat was to be taken south or repaired here.

Bert Kergin Nominated By Liberals of Atlin

Receives Unanimous Support from District and, as he is Well Known, is Expected to be Elected

ANYON, November 6.—At a representative Liberal Convention held here last night Herbert F. Kergin received the unanimous nomination and he will contest the seat in the Liberal interest. The name of O. B. Bush was not submitted although it is understood he intends to run as an independent.

Mr. Bert Kergin is well known throughout this district. He resides at Alice Arm but his work brings him to Anyox and he formerly resided at Stewart, so that he knows the whole constituency. It is also understood that he will receive large support from Atlin and other northern points.

The general opinion here is that Mr. Kergin is sure to be elected. He is already being assured of very wide support. Alice Arm will go solid for him, he will get good support at Stewart, and Anyox will give him enough to insure his election.

DISPUTE OVER DREDGE WORK

Engineers Complain About Transportation Between Harbors and McNicholl.

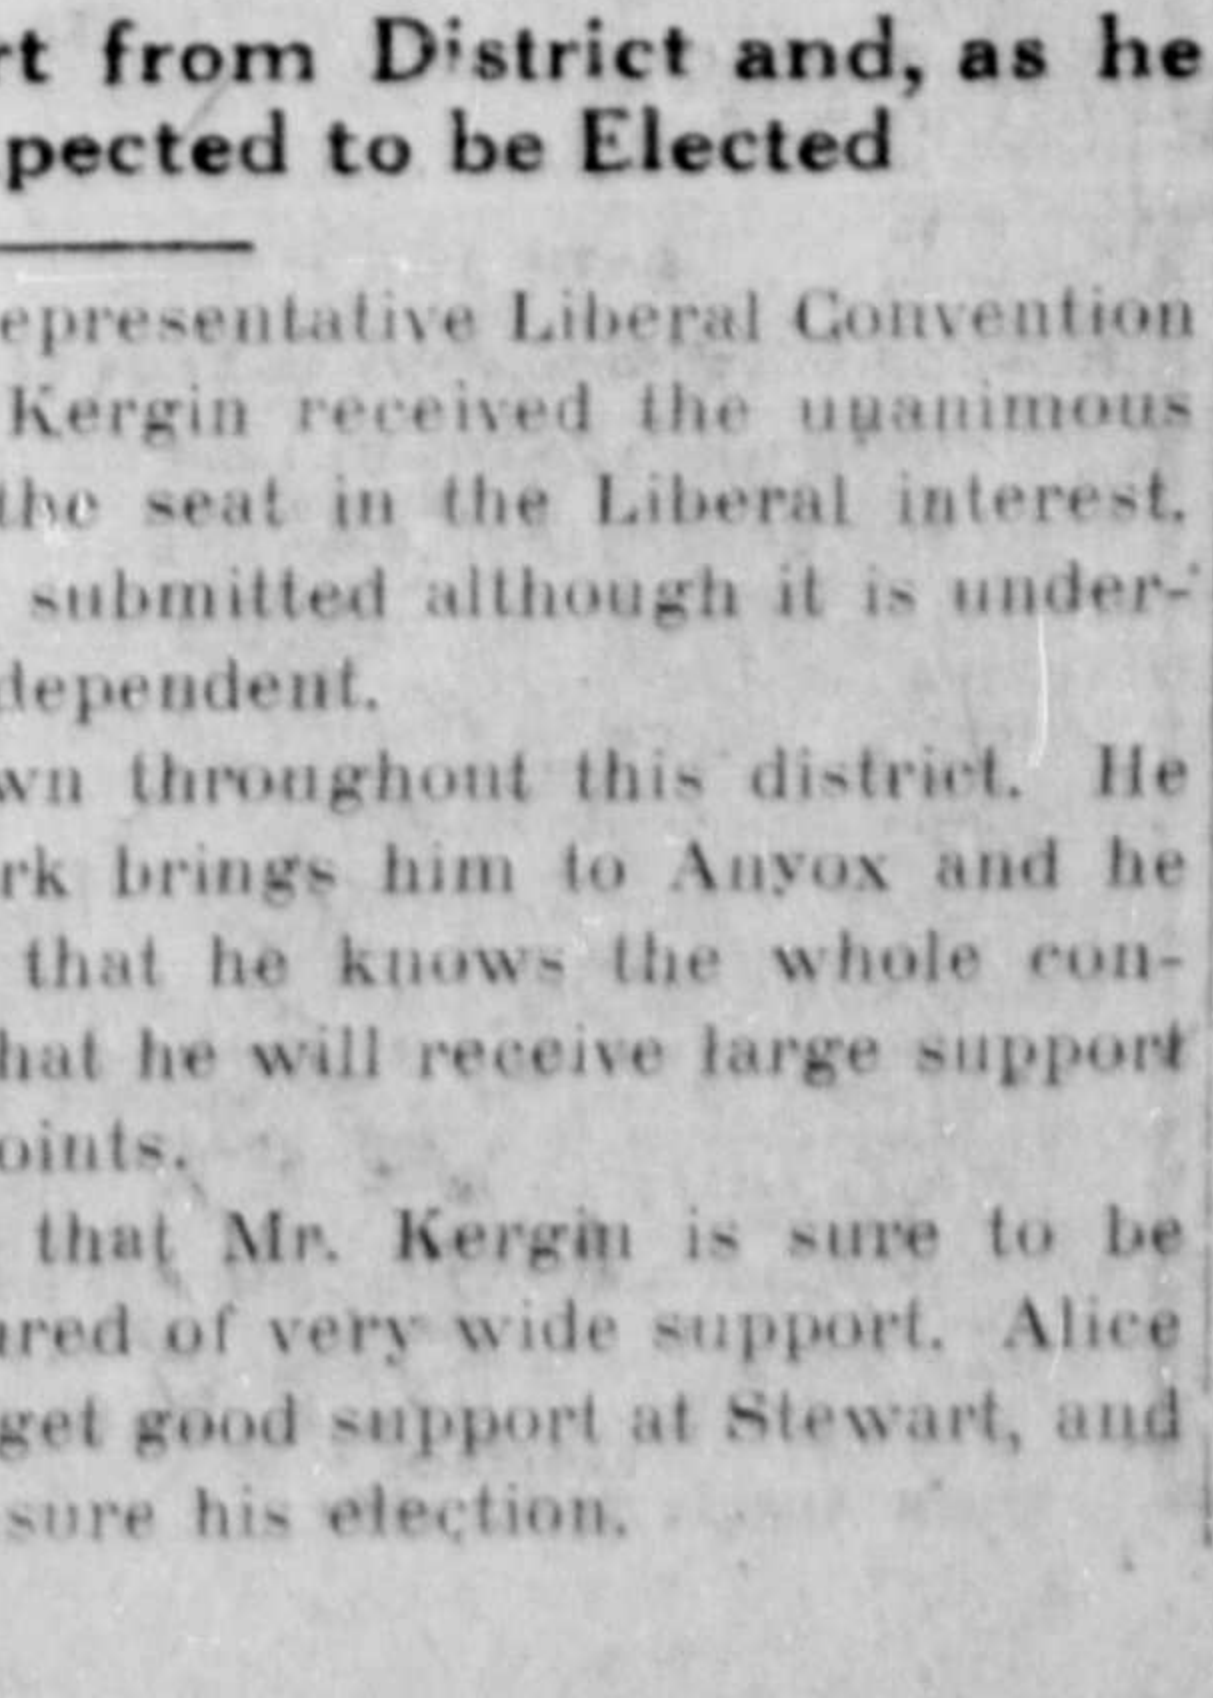

The misunderstanding between Grant & McDonald, the dredging company which is digging bottom material for the G. T. P. wharf extension, and the International Engineers was taken up at a special meeting of the union last night and a committee consisting of J. R. Beatty, J. Belanger and James Black delegated to meet the company's representatives.

The dispute, it is stated, has arisen over the unsatisfactory transportation of the engineers to and from their work across the harbor. One of the engineers was discharged when he laid a complaint to the management for it is understood his manner was not altogether friendly. The engineers quit work a couple of days and the dredges are tied up. A conference is on today.

MILLIONS LOST

Biggest Goods Robbery In Police Records was Committed Last Night

Guns, Rifles, Revolvers, Razors, Knives and Watches Taken from Shelves and Windows of Howe & McNulty's Hardware Store

The biggest robbery of goods yet recorded in the local police office was committed some time during last night when thieves entered Howe & McNulty's hardware store on Second Avenue and removed a large quantity of guns and knives from the shelves. The robbery was noticed first this morning when Mr. McNulty arrived at his store and found the shelves in disorder, boxes opened up and articles, that the thieves had not taken, strewn about the place. On examination it was found that entry had been forced through the back door.

The store is in such a location that the thief or thieves could work without fear of being detected while the haul was being made. Indeed the most of the articles taken were removed from the shelves near the front windows and even from the windows.

The following is the list of articles taken as far as Mr. McNulty could ascertain this morning: Two 30 calibre army rifles, one Stevens' double barreled shotgun, five rifles, one Colt's 38 automatic revolver, one 22 calibre high power Savage rifle, two 303 Savage rifles, six razors, a watch and a quantity of hunting and pocket knives. An estimate of between \$500 and \$600 is placed on the amount of goods taken. The police are giving the matter a thorough investigation.

HOLD INQUIRY RUPERT WRECK

Court Will Sit in Vancouver Middle of Next Week to Hear Evidence.

VICTORIA, Nov. 6.—Wreck Commissioner Capt. D. J. MacPherson has received instructions from Ottawa to hold an inquiry into the wreck of the Prince Rupert.

The court will sit at Vancouver the first session to be held probably the middle of next week. Capt. Gerald Bridge of Esquimalt is to be one of the assessors. The other has not yet been selected.

DENY STEAMER COMING HERE

G. T. P. Vancouver Office Says Capt. Logan Has Placing of Vessel.

VANCOUVER, Nov. 6.—The G. T. P. offices today deny the story that the Prince Rupert will be drydocked in the north. It was explained here that the yard will be decided on by Capt. W. H. Logan, representative of the London Salvage Association, who is in charge of the salvage work, when the ship is floated.

Seen in regard to the above, Col. Peck showed the telegrams that had passed in connection with the matter. He had referred to the underwriters and received this reply: "Waiting Logan's report respecting docking Prince Rupert. Suggest you apply owners." He then wired D. B. Hanna in regard to the matter and received a reassuring reply.

A meeting of dry dock workers was held this morning in the McIntyre hall. It was decided to delay any action until further particulars of the situation were forthcoming. E. W. Ellis was the chairman.

SMOKER WAS HELD
LAST EVENING IN
M'INTYRE HALL

Enthusiasm and Enjoyment Despite the Strained Condition of Affairs

Although the sudden closing of the shipyard is hard on the pocket books of some of the workers in town, it did not seem to dampen the enthusiasm that was in evidence at the smoking concert in the McIntyre Hall last night. There were plenty of smokers provided and an excellent musical program so everyone enjoyed the affair thoroughly.

C. M. Smith was the chairman and he delivered a few opening remarks, as did J. H. Burroughs, the legislative candidate. Mr. Wicks gave some fine recitations and vocal numbers were provided by E. Craggs, R. Fanthorpe, Mr. Gray and Mr. Kenyon.

Mr. Auckland played a cornet solo to good advantage and H. B. Fanthorpe and H. G. Fanthorpe were clarinet duettists. The numbers given by the orchestra, in which the Fanthorpe family take such an active part, were much appreciated and their departure for the south tonight will be regretted very much.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. CRERAR GETS
AFTER MEIGHEN

Takes him to Task for References to Dangerous Policy of Farmers

DOES NOT LIKE THE NEW STATESMANSHIP

PRINCE ALBERT, Sask., Nov. 5.—Launching into an explanation of the principles of the new National policy, Hon. T. A. Crerar, leader of the Progressive Party, last night criticized Premier Meighen for statements in which that gentleman referred to "dangerous doctrines taught by dangerous men," "the extreme farmers free trade party." Mr. Crerar quoted excerpts and asked "Is this the type of new statesmanship we are going to have in Canada?"

The speaker declared Mr. Meighen was wrong when he said Canada had the lowest tariff except that of Great Britain.

With reference to the United States election Crerar stated he would like to be informed of the policy of the present government should the reciprocity proposals be revived.

THE COX IDEA OF
FOREIGN ALLIANCE

New York Tribune Claims he was Pro-German and Against British

On September 3, 1916—the year after the Germans sunk the Lusitania with one thousand helpless men, women and children and only six months before we entered the war against the Kaiser and his brutal, piratical navy—the Dayton News, Mr. Cox's newspaper, published the following astounding words:

Here is a thing to remember when the world is talking war. The navy of Germany and of the United States combined would be more powerful than that of Great Britain. In other words, a combination of these two navies would have nothing to fear from the powerful fleet of mighty Britain, and in war time it has been demonstrated nobody can guess what combinations can take place.

These words can have but one interpretation. Cox either advocated or dreamed of an alliance with the Kaiser against Great Britain. He did not condemn the Kaiser in September, 1916. He openly sympathized with Germany. Our navy was to join with Von Tirpitz to fight the Grand Fleet—the fleet that saved the world from German domination.

And now, can the people of the United States, with the memory of the Lusitania and the war fresh in mind, elect a President who could give expression to the sentiment quoted above? Elect a man who could dream of joining Germany in September, 1916. It is inconceivable. — New York Tribune.

G. T. P. ARBITRATION
IS BEING DELAYED

Not Likely the Line will be Taken Over Before Spring, says Citizen

The Ottawa Citizen says:

"The arbitration to determine the value of the Grand Trunk railway, which was to have been started last spring is not likely from present indications, to get under way before January. The arbitrators have fully inspected the system and at Montreal, on Friday next, a date will be set for going on with the hearing, but it is understood that the Grand Trunk will not be ready before January. While the system is being operated in co-ordination with the government lines, there can be no formal taking over till the award is made, which is unlikely to be before spring. This will be followed by a complete reorganization of the directorate and a decision as to the location of the headquarters of the amalgamated system."

Mr. and Mrs. Frank Connell, of Shames, arrived in the city last night.

Judge Young left this morning for Smithers where he will hold court on Monday.

Millie Deida was fined \$100 yesterday for allowing drunkenness on her premises.

Port Clements arrivals at the Hotel Prince Rupert yesterday afternoon include J. W. Lewis, A. R. Mallory, N. S. Thompson and T. L. Williams.

Word has been received from Stewart that at the Premier mine when driving a crosscut to intersect the ore body, they cut through two and a half feet of ore.

G. A. McNicholl, assistant general freight and passenger agent, left this morning for Montreal, called there on account of the serious illness of his father.

Mike Serecky, charged with theft, on appearing before Judge Young yesterday afternoon was dismissed for lack of evidence against him. L. W. Patmore appeared in the defence.

Miss Lang, lady superintendent of the Port Simpson Hospital, was a passenger going east on this morning's train. She will make an extended visit in Ontario now being bound for Guelph.

William Manson, opposing candidate to T. D. Pattullo here in the last provincial election, was chairman of the Conservative nominating convention in Vancouver last Tuesday night.

Lucy Smith, James Turner, Tom Young, O. Osmundsen and K. Yuda were the drunks facing Magistrate McMordie in the police court this morning. The usual \$10 imposition was set on each.

Several replies have been received by the Board of Trade from various interested bodies in the removal of Ripple Rock in Seymour Narrows as suggested by Mr. C. W. Peck, M.P. All these communications favor the project as an aid to navigation generally.

The regular monthly meeting of the Board of Trade was held last evening but there were several counter political meetings so the attendance was small. President S. E. Parker was in the chair and there were present C. O. Rowe, H. D. Robinson, G. H. Arnold, David Thomson, C. C. Mills and R. Moore.

An inquiry is to be sent by the Board of Trade to John Pullen, president, and F. A. Norman, superintendent, of the Canadian Express Co., asking why express originating in the United States is routed to Prince Rupert over the Dominion Express lines via Vancouver. The matter was brought up by H. D. Robinson at the regular monthly meeting last night.

General Superintendent A. E. Warren, of the Canadian National Railways, has been unable to furnish a Board of Trade committee with cost figures of operation on the Canadian National lines. This committee had a view to preparing a cost schedule to compare the profits and business of the Vancouver and Prince Rupert ends from Jasper to further the claims for a better train service here.

In connection with the report of the meeting of school trustees in yesterday's paper, Mrs. Kirkpatrick says she did not mention the Catholic School, it being some other member of the board, who referred to it. There was no intention to reflect on the promotion of pupils, but a lot of rumors are going around in regard to the high school and it was in the public interest this should be cleared up.

R. McKay was fined \$25 by Magistrate McMordie this morning for a breach of the health laws in not selling milk of the proper consistency. He was warned by the magistrate that no further excuses would be heard but the next time the maximum penalty would be imposed. Mr. McKay replied that the present offence was committed in his absence and the man responsible for it had now left.

Music IS Necessary

Music for everybody

IN the cottage and the mansion; on the farm and in the town—everywhere—the language of Music is inwardly understood by all.

Not the written notes of music; some people understand them and others don't.

But every normal human being understands those pleasant harmonies that fall upon the ear, penetrate the soul and interpret all the emotions of sorrow or of joy.

Then, why stint yourself in music?

Winter's coming! Long, cold evenings will soon be here. Snow and sleet and Jack Frost's icy breath will keep you in the house.

But—with plenty of Music you'll want to stay indoors—and every hour will be enjoyable.

Prepare now!

Go to your nearest Music Dealer and let him show you what modern science has done to make Music easy to have in plenty.

The provincial police boat My-fawny left this afternoon for Dominion Cannery to bring the body of the Japanese who was drowned there on Thursday night to Prince Rupert. Constables Saint and Ackroyd were on the boat.

William Beveridge, of this city, is now operating a farm at Green Lake, near Wellington, Washington, Vancouver. Mrs. Beveridge remains in Prince Rupert to look after the interests here. The fine new building on Third Avenue, West, is nearing completion.

OLOF HANSON GETS CONTRACT

100,000 Cedar Poles to be Delivered Within Year to United States and Canada.

Olof Hanson, of this city, announces that he has secured a contract for the supply of 100,000 cedar poles for telegraph and telephone purposes to be supplied to Lindsay Brothers, a firm that operates both in Canada and the United States. The contract is not yet signed but it is being prepared and will be placed with Mr. Hanson.

The poles, Mr. Hanson says, will be taken out of the woods at different places along the line of the G. T. P. between here and McBride and most of them will be shipped to Minneapolis, but some will be distributed on this side of the boundary line.

A. C. Yoder, the Canadian manager for the purchaser, and C. P. Lindsay, president of the company, have been visiting along the line of the railway and have investigated the possibilities of securing this large order and are perfectly satisfied of the ability of Mr. Hanson to deliver them within the year.

OGLE SENTENCED TO FIFTEEN YEARS FOR KILLING MAN DODD

Was Found Guilty of Manslaughter at Fall Assizes—Took Sentence Very Calmly

At the conclusion of the criminal assize on Saturday last, and before Mr. Justice Murphy proceeded to the civil cases which are occupying his court this week, the three prisoners found guilty of various crimes were brought into court for sentence, says the Prince George Citizen.

Orville Ogle, found guilty of manslaughter, was the first to face the court. In passing sentence the learned judge stated that as he grew older he found himself averse to passing sentences of long imprisonment on convicted men, but having due regard for the public safety it was necessary to do so in cases. He then passed sentence of fifteen years hard labor on Ogle, to be served in the British Columbia penitentiary. Ogle took the sentence with the same extraordinary calm which has characterized him throughout the trial. He stated to the provincial police that he intended to learn a trade while in jail and proposed to become an engineer.

Two Years

The Italian, Augustino Milo, who committed an unprovoked attack upon a man in the restaurant of a colored man named Kelly, slashing his victim with a razor converted into a weapon, was sentenced to two years in the B.C. penitentiary.

Another case of a knife being used with fell intent was that of the man, Brink, who attacked a Swede at Quesnel. The evidence in this case showed that the man was practically demented at the time through having drunk too much moonshine whiskey. He was sentenced to one year on the Okalla prison farm.

The Man in the Moon SAYS—

THAT Pat Daly would eliminate the professional men from the Legislature. What about himself? It was understood he followed the profession of mining, but perhaps he has taken to farming and is now offering male cattle for sale.

THAT a Red is one whose imagination has been fired by glowing accounts of Soviet Russia.

THAT the following good story comes from California: "A stranger in our midst was in the cellar at the house of an old friend sampling the home brew the other evening when the town had its 7 o'clock quake. As the house gently rocked on its foundations he set down his empty glass with a grin of satisfaction and exclaimed: 'That's something like it! That stuff has got a real kick. It sure reminds me of the good old days.'"

THAT cash is king, but the king is absent just now, at any rate the shipyard employees say so.

THAT Oliver makes no promises, but he has been steadily delivering the goods.

THAT here's to the platform maker, who always becomes a platform breaker. That is if he is elected.

THAT most of the platform makers will not be given a first chance.

MR. PATTULLO ACCEPTS THE NOMINATION

Addresses Convention After He is
Unanimously Chosen as
Candidate.

In accepting the nomination tendered him last night Mr. Pattullo said one would be hard hearted were he insensible to the honor conferred on him by that convention. He believed they all felt he had tried to do his best for the district as well as for the province as a whole. He liked to see Liberals discuss matters. That was the essence of Liberalism. In the Liberal caucus they sometimes sat till two, three and four o'clock in the morning before coming to a conclusion on matters which were to come before the legislature. Even among the eight members in the cabinet there were long discussions and they had to give and take to reach common ground.

During the first three years there was much spade work to be done. As a minister he sometimes found it difficult to attend to the small details of administration in the district, as a private member would do, but now the groundwork had been done and he would have more time to devote to local affairs. He believed justice had been done to the constituency.

Clean Election List.

Mr. Pattullo said there was today a clean election list with the deposit clause eliminated. He had been responsible for this as he felt it was a hardship for working men to put up the deposit. There was nothing to fear from the expression of an untrammelled public opinion. They must learn to abide by the will of the majority. If the Government was not doing right they should be turned out.

Speaking of the raising of money for the B. C. University, the candidate said while money had to be raised for it now, all the expense would be covered by the sale of 3,000 acres of Point Grey lands, the value of which would be increased by the erection of the university buildings. In this way the university would not cost a dollar.

Trunk Roads.

Mr. Pattullo also spoke of the intention to link up the roads of the country in order to make trunk highways. Prince Rupert would eventually be linked up with the interior, but the work must necessarily be slow. The aim was to make it possible to drive from here to Vancouver by way of Prince George. Next year it would be possible to drive a car from New Hazelton to Prince George.

The speaker dealt with a good many other subjects of particular interest to the delegates.

CLERK OF LEGISLATURE

J. L. White to Succeed Thornton
Fell in Official Position

VICTORIA, Nov. 6.—Deputy Provincial Secretary John L. White has been appointed clerk of the Legislature succeeding the late Thornton Fell.

The new appointee was formerly a druggist at Nelson and prior to that at Victoria. He has been in the provincial employ for several years.

U.S. EDITORS COMING WEST

Will Visit Four Western Provinces Next Summer.

WINNIPEG, Nov. 4.—The four western provinces will be visited next summer by a party of journalists from the important cities of the central western states.

The trip on this occasion will be devoted strictly to business, an inspection of the resources of the western part of the Dominion, as well as this can be done in two weeks' time. There will be no ladies or children in the party, and the number of journalists will be limited to one hundred.

The cities from which journalists will come include Chicago, Detroit, Kansas City, Omaha, Minneapolis, St. Paul, and other smaller cities in Illinois, Indiana, Michigan, Wisconsin, Minnesota, North Dakota, South Dakota, Montana, Kansas, Iowa and Nebraska.

Guests of Government

J. Bruce Walker of the department of immigration was in Chicago at the annual convention of the Inland Daily Press association and tendered an invitation to be editors and proprietors of the leading papers to make this trip as the guests of the department. This was accepted subject to final arrangements by the editors and the government of Canada. The final arrangements will be made by the minister in charge of the department, Hon. James A. Calder.

The convention of the journalists in Chicago was held in the La Salle Hotel. In connection with the convention there was a very extensive display of newspaper equipment, linotype and other machines of every type. These were set up in the hotel on a specially prepared floor and a daily paper was published, keeping the proceedings of the convention constantly up to the minute.

Know Canada

All the editors, with whom Mr. Walker spoke personally, showed a considerable acquaintanceship with the affairs of western Canada, due to the fact that there had been a considerable emigration from these states to each of the western provinces of Canada. They look forward with much interest to the trip of 1921 and will no doubt give much publicity to the country as a result.

Achievement

DURING its term of office the Oliver Government has, beyond dispute, done more for the enfranchisement of women and the uplift of the child than possibly any other political body on this Continent, and all in the short space of its four years in office. With confidence based upon the knowledge of its having accomplished these things, it once more comes before the electors and in particular, the women electors of the province, asking that on election day, December 1st next, they cast their vote for all Liberal candidates who stand pledged to support and carry out the broad principles of Liberalism now in force, and which will be continued by the Oliver Government when it once again takes its seat as the Government in power in Victoria.

The Oliver Government has given to the women of British Columbia:

- Woman's franchise.
- The Mothers' Pension Act, one of the most important acts for the benefit of women ever placed on the statute books of the Province.
- A minimum wage for girls and women, raising the minimum salary per week from the \$4.00 paid in some instances, to \$12.75 and over per week.
- Equal rights to the mother with the father in the guardianship of minor children.
- An amendment and improvement to the law respecting the maintenance of deserted wives.
- Provision for the appointment of a superintendent of neglected children.
- A new adoption act, providing that a child adopted by a family is given the full legal status of a child born to the foster parents.
- A juvenile court to which the first woman judge in British Columbia has been appointed.
- A more humane and considerate treatment of the inmates of the Girls' Industrial School and Boys' Industrial School has been inaugurated.
- An important amendment to the Marriage Act, placing the mother on equality with the father in the matter of consent to the marriage of a minor child.

The Liberal Administration

has revised and improved educational laws and regulations, giving better opportunities to children in isolated districts to secure an education. Its Health Department has given valuable assistance in the training of rural nurses. It has provided for venereal disease control. It has broadened the course in manual training, domestic science night schools and agricultural teaching. It has provided schools for mentally deficient children, the deaf and dumb. It has established a school for the education of the blind, and a provincial technical school. It has provided for financing the erection of buildings for the University of British Columbia. Its Health Department has given special attention to the work of fighting tuberculosis. The death rate from this disease has dropped from 1.23 per thousand of population in 1917-18 to .32 in 1919-20. The Oliver Government has more beneficial social and domestic legislation to its credit than has any or all previous governments of British Columbia, and its efforts in this direction will be continued.
