**POLITICAL SURVEY SHOWS CHANGE UNLIKELY IN THE POLITICAL SITUATION**

**Political Survey Shows No Change In the Province**

VICTORIA, November 12.—A careful survey of the political field following the nominations seems to indicate that the Provincial Government will get a majority quite as large, if not larger, than it had before dissolving the House. In Vancouver W. J. Bowser is expected to be re-elected but whether the opposition will get another member there is very doubtful. Four Liberals are expected to be elected here, where there are nineteen candidates in the field. A number of independents will draw about equally from the old parties. Dr. Ernest Hall is running as an independent Liberal but he gets a good Conservative support, especially from prohibitionists. Rodina may make a strong run but there is little possibility of his election, as he has been turned down by a good many of the voters.

Prince George is likely to return Perry and it is reported that Hanson has a good sporting chance in Omineca. In Atlin there is a bad mixup over so many candidates being in the field, but Kerwin has as good a chance as any of them. He is the Government candidate. Prince Rupert is expected to return Patullo, and Esquimalt should elect Barrow. Esquimalt Pooley has held the constituency for many years and his father before him was the representative, but he won by only two or three votes last election and he may find it hard to hold his seat.

The interior mining districts are reported to be likely to give several Government candidates and the Okanagan may also send a man to support Oliver. The prospects on the whole are very good for a continuation of the same progressive government.

**KERGIN SPEAKS AT ROSS MEETING**

Large Crowd Out to Hear Issues Discussed at Anyox Wednesday Night.

**PEOPLE SEEM WITH LIBERAL CANDIDATE**

ANYOX, Nov. 12.—A meeting was held here on Wednesday evening called by W. C. Ross for the purpose of giving him an opportunity of explaining the issues from a Conservative point of view. There was a large attendance and the address of the candidate was listened to with attention. He spoke well.

The meeting did not get enthusiastic, however, until Bert Kergin, the Liberal candidate, who had been invited to address the meeting, came forward. Kergin was given a splendid reception and made an excellent impression. He told of the good work the Government had done and what they would do in the future and undoubtedly the crowd was with him. Kergin has gone to Alice Arm where he is meeting the miners and prospectors. Everywhere he is receiving great encouragement and his election seems likely.

**SEIZE METAL FACTORIES AT BERLIN**

Workmen Invade several Plants Simultaneously, but Police Soon Get Busy.

BERLIN, Nov. 11 (p.m.).—German workers seized the metal factories here today and extinguished the furnace fires. Several factories were invaded simultaneously. Very soon police surrounded the plants to dislodge the strikers.

**MEN'S CLOTHING ON TOBOGGAN**

Prices at Chicago Coming Down Rapidly and the Public Not Buying.

CHICAGO, Nov. 12.—Men's clothing for immediate delivery were offered buyers today at prices ten to fifty per cent below present wholesale prices. Goods for spring and summer delivery were shown at prices 10 to 33 1-3 per cent under those of a year ago, and men's shirts and similar articles were shown at greatly reduced prices at the opening of the thirteenth semi-annual buying convention of the United National Clothiers. The convention is being attended by retail clothing dealers from seventeen middle western and western states, and has taken the form of a huge display of made-up garments.

"The public is not buying; the manufacturers and dealers are overstocked," said W. L. Mohr, treasurer and general manager of the association, today. "The price must come down. We have passed the peak in high prices of wearing apparel. Men's clothing will be considerably cheaper from now on; the retailer can afford to sell at less for his costs are becoming lower."

"Here are some men's shirts," he said, indicating an exhibition, "which wholesaled at \$45.00 a dozen a few months ago. Now they are offered at \$16.50 a dozen. Here are 2,000 suits offered at \$16.50, suits that ordinarily wholesaled at \$45.50. The age of extravagance has passed, and rather than let the goods rot on the shelves, the manufacturers are getting what they can out of them."

R. A. Dougan, foreman of the Magoffin steam shovel outfit at New Hazelton, is lying in a critical condition at the General Hospital today as a result of injuries sustained when he fell off the east-bound passenger train at Mile 44 last evening at 7:30. Mr. Dougan was on his way into Prince Rupert on one of his frequent visits to headquarters here when he met with the painful accident.

Mrs. Dougan, who resides at Prince George, has been notified of the accident to her husband.

**Thousands Pay Tribute To Britain's Dead Heroes**

Workmen March Past Whitehall Memorial Four Abreast during Early Hours of Morning; No Cessation of Visits

LONDON, November 12.—There has been scarcely any cessation since yesterday of the tramp of pilgrims to the monument to Britain's dead at Whitehall. During the early hours so many workers were anxious to pay tribute that the police marched them four abreast past the memorial.

This silent tribute has been one of the features of Armistice Day and the day following. It has been a wonderful testimony of devotion.

**SITUATION IN SHIPYARD IS UNCHANGED**

Yarrows Officials Here to Take Carruthers South to Esquimalt

Up to noon today no word had been received from any of the principals in connection with the shipyard affairs. Col. Peck and Mr. Pillsbury were due at Winnipeg yesterday evening to take the matter up first with the Canadian National officials at that centre before proceeding to Ottawa.

The trawler James Carruthers, which was docked here for survey, is being sent south to Esquimalt, owing to the local dock being out of commission. Two representatives of Yarrows, Ltd., are in the city and the tug Clayburn is on the way north to fetch the vessel.

This morning the president of the Board of Trade received the following wire from the minister of marine:

"The present drydock situation is that the department is awaiting the consent of the guarantee company to advance money to pay wages due. The department is advised that a meeting of the underwriters was held in New York yesterday."

**Five Carloads Fish Sold This Morning**

Bidders at Exchange Today Run Price up almost to High Record Mark

Five carloads of halibut arriving in port in the last day or so sold this morning at the Fish Exchange for high prices, approaching close to the high record mark. In all there was 134,000 lbs. of fish marketed and as there is plenty of cars for present needs the market condition was in just the right condition for high prices to prevail. Today the fish is being packed in the refrigerator cars for shipment east. The Pacific Sea Products Association, Atlin Fisheries, Booth Canadian Fisheries and Royal Fish Co. were the big bidders and the Canadian Fish and Cold Storage Company did not take any fish today.

Following are the arrivals, catches and sales listed at the Fish Exchange at 2 o'clock:

Omaney, 60,000 pounds, sold to the Pacific Sea Products Association at 18.6c and 8c.  
 Nidaros, 11,000 pounds; Saturn, 3,500 pounds; Lovera, 2,500 pounds; Imperieuse, 5,000 pounds and St. Eloi, 500 pounds, sold to the Atlin Fisheries at 22c and 8c.  
 Emblem, 3,500 pounds; Lincoln, 5,000 pounds; W. & F., 6,000 pounds; Pioneer, 5,000 pounds, and Fanny F., 5,000 pounds, sold to the Booth Canadian Fisheries Co. at 22.5c and 8c.  
 Pair of Jacks sold 25,000 pounds to the Royal Fish Co. at 22.5c and 8c.

**NO CHANGE IN LINEUP OF CANDIDATES**

Formby Still in Field in Spite of Mr. Newton's Overtures.

There is no change in the lineup of candidates in the election campaign. Some of Capt. Formby's backers announce that he has not withdrawn, he had attended no joint meeting and there was no intention of withdrawing, and he would go before the electors on December 1.

It seems that there has been a movement with the idea of eliminating Mr. Newton. This is clearly shown in the announcement made by Mr. Newton yesterday in which he said:

"By Capt. Formby and Newton both remaining in the field, there is a likelihood of Hon. Mr. Patullo's election. To avoid this, will Capt. Formby by noon tomorrow agree to a mass meeting of the opponents of the Government and leave it up to the choice of said meeting to decide which shall be the candidate?"

It is understood that no answer has been sent to this overture, although rumor has it that since making the offer Mr. Newton has stiffened his neck, plucked out the white feather, and decided to go through with it to the bitter end and try to defeat the hated Government candidate alone. If this is true it is a mistake. All the sources of information indicate that he has not a ghost of a chance of election and it would be better to withdraw.

DAILY EDITION.

Friday, November 12, 1920.

We Are Judged by Our Public Men.

The people on the outside judge Prince Rupert by her public men. For several years the place has been represented at Victoria by Hon. T. D. Pattullo and as a result the impression has gone abroad that this city is one with men of big calibre.

Mr. Pattullo is a minister of the crown. He does not rise in the House and make wild speeches which get him nowhere. He uses his quiet influence, not to get us more than our share of good things but to see that the city and district are both fairly treated, and that they get all that is coming to them.

Pattullo is a man with a big vision. He sees this province in capital letters and he sees this district in red type. This is his city and while it is necessary for him to live in the south while he is minister of lands, his heart is here, his interests are here, and he is always in close touch with his constituents.

Is there anything wanted at Ottawa? At once the cry is wive Pattullo and get his support and perhaps get him to go east and use his influence direct. Pattullo has personality. He has influence beyond the walls of his office. When he speaks, people listen. That is the sort of man we want to represent us. We do not want a man who will play peanut politics.

Pattullo and Oliver Are First Rate Team.

Pattullo and Oliver make a first rate team. Oliver is the farmer whom Mr. Bowser admits is smarter than a lawyer. He has during his many years of public life won the confidence of the people and they are going to return him again to power.

Suppose Mr. Pattullo were defeated and the north lost her representation in the provincial cabinet. Then we should kick ourselves every day for the next four years to think we had done such a foolish thing.

We do not think the people of Prince Rupert are intending to defeat Pattullo. They have more sense than that. However, elections are so uncertain that it is always good to reason the matter out and make sure that the proper course is being taken.

Quick Action for Soldier Pay Checks.

Quick action for the soldiers who want their pay checks cashed was secured yesterday from the finance minister. The minister of lands and Col. McMordie both wired the Returned Soldiers' Commission asking for some money for the purpose.

Welcome Suggestions for Improvement.

The Daily News welcomes suggestions for the improvement of the paper. While it is impossible just now to spend any more money on it, owing to the rather gloomy outlook for the next few months, we realize that there may be people who see the paper from a different angle from ourselves who could give us valuable suggestions.

### ADAM AND EVE IN "THE TREE OF KNOWLEDGE"

Story of Forefathers of the Race in "The Tree of Knowledge."

You wouldn't think it would be much trouble for a motion picture actor to make up to play the part of Adam, would you? In reality it is a considerable task. According to science, our first father was probably in point of hirsuteness a close second to the ape. Therefore, when Theodore Kosloff, the noted Russian dancer, started to don his "costume" to impersonate Adam in the prologue of the new Robert Warwick picture, "The Tree of Knowledge," which is being shown at the Empress Theatre tonight, the process took some four hours of his time. Realizing the difficulty of his job, Mr. Kosloff appeared at the studio at four o'clock in the morning on the day the scenes were to be made. By eight o'clock he was ready for the camera. It should be explained that every strand of crepe hair had to be attached separately, one by one, in order to secure the most realistic results.

### "BROKEN BLOSSOMS" IS HERE TONIGHT

Griffiths Film is Said to be One Finest Yet Sent Out.

"Broken Blossoms" is a Griffiths picture. That should be enough for patrons of the movies for the Griffiths pictures have the name of being the finest ever made. At any rate this picture is a fascinating one. It deals with a white girl and the Chinese quarter in a big city and to people on the Pacific coast will be of more than usual interest. It is being shown tonight at the Westholme Theatre and is pretty sure to bring out a big crowd.

# Achievement

DURING its term of office the Oliver Government has, beyond dispute, done more for the enfranchisement of women and the uplift of the child than possibly any other political body on this Continent, and all in the short space of its four years in office. With confidence based upon the knowledge of its having accomplished these things, it once more comes before the electors and in particular, the women electors of the province, asking that on election day, December 1st next, they cast their vote for all Liberal candidates who stand pledged to support and carry out the broad principles of Liberalism now in force, and which will be continued by the Oliver Government when it once again takes its seat as the Government in power a Victoria.

## The Oliver Government has given to the women of British Columbia:

- Woman's franchise.
- The Mothers' Pension Act, one of the most important acts for the benefit of women ever placed on the statute books of the Province.
- A minimum wage for girls and women, raising the minimum salary per week from the \$4.00 paid in some instances, to \$12.75 and over per week.
- Equal rights to the mother with the father in the guardianship of minor children.
- An amendment and improvement to the law respecting the maintenance of deserted wives.
- Provision for the appointment of a superintendent of neglected children.
- A new adoption act, providing that a child adopted by a family is given the full legal status of a child born to the foster parents.
- A juvenile court to which the first woman judge in British Columbia has been appointed.
- A more humane and considerate treatment of the inmates of the Girls' Industrial School and Boys' Industrial School has been inaugurated.
- An important amendment to the Marriage Act, placing the mother on equality with the father in the matter of consent to the marriage of a minor child.

## The Liberal Administration

has revised and improved educational laws and regulations, giving better opportunities to children in isolated districts to secure an education. Its Health Department has given valuable assistance in the training of rural nurses. It has provided for venereal disease control. It has broadened the course in manual training, domestic science night schools and agricultural teaching. It has provided schools for mentally deficient children, the deaf and dumb. It has established a school for the education of the blind, and a provincial technical school. It has provided for financing the erection of buildings for the University of British Columbia. Its Health Department has given special attention to the work of fighting tuberculosis. The death rate from this disease has dropped from 1.23 per thousand of population in 1917-18 to .82 in 1919-20. The Oliver Government has more beneficial social and domestic legislation to its credit than has any or all previous governments of British Columbia, and its efforts in this direction will be continued.

Vice President, Dawson Cooper, Secretary, George S. Talbot, Treasurer, B. L. Cline, Executive officer, Bob Spaeth.

# MUCH LIQUOR FROM RUPERT

Accomplices Said to have Turned States Evidence and Spilled the Beans

Alleged accomplices of George L. Johnson, former deputy marshal of Juneau, are said to have turned state evidence, disclosing a plot whereby Canadian liquors were imported from British Columbia and sold by Johnson to bootleggers, says the Alaska Dispatch. Johnson was recently bound over to the grand jury at Juneau. He had previous to his arrest resigned as deputy U.S. Marshal J. M. Tanner.

F. H. Magill and William Prentice testified that in June 19 cases of whisky were brought from Prince Rupert to Douglas on the gas boat Iris and were purchased by Johnson. That in the latter part of August 193 cases of liquor were brought from Prince Rupert to Cape Chacon on a Canadian boat, and transferred to the gasboat Iris, then owned by Johnson, and brought to Douglas, where Johnson assisted in unloading the shipment. Prentice testified that he purchased this last shipment at Prince Rupert and that Johnson furnished part of the funds.

# In September

During the month of September, according to Magill and Prentice, 132 cases of liquor were brought from Prince Rupert to Cape Fox on a Canadian boat and transferred to the gasboat Sadie and brought to Douglas, where Johnson assisted in unloading the shipment. Prentice testified that he purchased this last shipment at Prince Rupert and that Johnson furnished part of the funds.

U.S. Marshal J. M. Tanner testified that Johnson admitted that he came upon the gasboat Iris with Magill and Prentice and that there was liquor on board, and that Johnson admitted he had liquor in his possession at Douglas, which he had not sold, but had for his own use.

The bond of \$3,000 which was fixed and supplied at the time of Johnson's arrest was continued and further action will be taken by the grand jury, which it is thought will convene in January.

# Quarrelled

William Prentice had formerly been a road house keeper at Juneau and during the war period went into service under the draft law. Captain F. H. Magill is a well-known mariner at Juneau. Recently Johnson and Magill had a fight at Juneau, as a result of which Johnson paid a fine of \$75. It is said that this fight resulted over a disagreement regarding sale of liquors.

Deputy Johnson was a former city marshal of Douglas and had an excellent reputation as a police officer. He alleged the liquor purchased by him was for his own private use.

# SHIPYARD MAN WAS INSTANTLY KILLED

# BUILDS BOAT FOR U. S. GOVERNMENT

KETCHIKAN, Nov. 12.—The gas boat U.S. Fisheries No. 5 has been launched at a local boat shop. She is intended for use as an ice breaker at the Government fish hatchery at Lake McDonald, near Loring. The lower part of the hull is sheathed with iron bark to resist the ice. The boat is 28 feet long, 7 feet beam and is equipped with a 10 horse power Standard engine and will have a speed of eight miles. It is built in front something like a sea sled.

### TRIES TO FREE MEN FROM AN ASYLUM

Writ of Habeas Corpus Granted by U.S. Judge

NEW YORK, Nov. 11.—A writ of habeas corpus requiring the production in court of 81 inmates of the Manhattan State Hospital was granted today by Supreme Court Justice McAvoy, upon application of Louis Cohen, a lawyer who had just been freed from the institution by the court as "sane and well balanced."

Cohen failed in attempt to have the court pass today on the cases of the men whom he said were "improperly detained and illegally committed" and are "entitled to the right of suffrage." Their hearings were set for November 23, Justice McAvoy ruling that the hospital authorities should have time to prepare themselves to meet the allegations and to be represented by the State Attorney General.

Dr. Marcus B. Heyman, Superintendent of the hospital, told the court that he could not produce all the inmates mentioned in the writ today, because he did not have enough keepers to escort them and because several of them were sick and some were dead.

### CANDIDATES AT STEWART

Four Attend Kergin Meeting Early In the Week and Discuss Situation.

STEWART, Nov. 12.—Kergin held a meeting here early in the week at which he was given a fine send-off. Pat Daly, O. B. Bush and W. C. Ross attended and all spoke but there was no doubt that the crowd was supporting. The people of Stewart appreciate the fine work done by the provincial Government in connecting them by road with Hyder so that the business from the Salmon River mines might come to the Canadian town. Mining roads and trails in the district too have been constructed and the result is that the mining men as well as those in business are supporting Kergin.

Members of the O. B. U. are boosting pretty strong for Casey and the Prince Rupert candidate will get good support and it looks as if he would come in second in the race. Most of Casey's work is being done quietly. He holds a meeting at Anyox on Monday, however, and the other candidates have been invited to be present and most of them will be there.

Kergin is working like a whirlwind. He is everywhere and sees everybody, and would make a splendid member.

### VANCOUVER PAPER ON DOCK SITUATION

Article in Sun Says Newman Erb May Complete Ships Under Cash Advances.

In all probability work will be continued at the plant of the Prince Rupert Drydock and Engineering Company and the two 8,400-ton steamers being constructed there for the Canadian Government Merchant Marine will be completed by the company, says the Vancouver Sun.

Vancouver creditors of the Prince Rupert concern yesterday received a wire from Mr. Erb, who is now in Ottawa. Mr. Erb stated that he was in conference with the department of Marine and he expected the department would make cash advances on the two vessels that would pay all claims and allow the work to go ahead.

Although the shipyards are closed at present as the result of a writ issued by Prince Rupert creditors, this action is looked at by the Vancouver creditors as somewhat hasty. Over half of the debt of the company is owned in Vancouver, but the local creditors are inclined to take no action, believing that the matter will be settled in a few days.

It was at first stated that the money to come from the Government for the ships was not sufficient to complete the vessels and pay all accounts. It is now said to be established as a result of investigations made at Ottawa into the financial standing of the company that there is sufficient money due to settle all claims and complete the boats without taking the value of the plant at the northern port into consideration.

Speaking of the possibility of the Department of Marine transferring the steel steamers under construction at Prince Rupert to Vancouver for completion, S. J. Grove, M.P., stated last evening that he had already investigated that matter, but he had received from Prince Rupert that the boats were too far ahead to dismantle or wreck and not sufficiently far ahead to launch, therefore he doubted the possibility of moving either steamer at this time.

H. A. Beck arrived from Telkwa last evening.
