LIBERALS DRAW FIRST BLOOD IN THE CAMPAIGN

C.N.R. EMPLOYEES ARE HOT AFTER THE LIBERTY TO ENGAGE IN POLITICS

Dr. Sutherland of Revelstoke Is Elected by Acclamation

Captain Fitzsimmons, Conservative, withdraws allowing the well known Liberal to be first to secure seat in Legislature

REVELSTOKE, B. C., November 13.—Dr. W. H. Sutherland, M. P., has been elected to the Legislature by acclamation, following the withdrawal of his opponent, Capt. Fitzsimmons, the Conservative nominee. He is at present the only member of the British Columbia Legislature and enjoys a unique position.

VICTORIA, Nov. 13.—The withdrawal of Capt. Fitzsimmons and the election of Dr. Sutherland is the beginning of a Liberal triumph throughout the province. It is understood that the Conservative nominee felt his position hopeless and decided it was better to withdraw than go down to defeat at the polls. Dr. Sutherland is a valued member of the Liberal party and when the present cabinet was chosen his name was mentioned as a probable member.

WINNIPEG, November 13.—Employees of the Canadian National Railway are out ballfooted for the rescinding of President Hanna's order prohibiting employees holding legislative office and for reinstatement of three men taken out of the service.

A delegation representing all Canadian National organizations waited upon A. E. Warren, general manager of western lines, and placed the case before him and a strong delegation is going to Toronto to see Mr. Hanna.

The men who lost their positions under the order are A. E. Moore of Winnipeg, George H. Palmer of Dauphin, both members of the Manitoba Legislature, and James Higgins, the soldier-labor candidate for northeast Toronto.

LABOR AFTER OLDER PARTIES

Candidates at Vancouver Criticize Cost of Fish and Other Products.

VANCOUVER, Nov. 13.—Labor candidates R. B. Trotter, Tom Richardson and J. S. Woodsworth, opening their campaign here with a meeting last night, attacked the Liberal and Conservative parties as "outworn agencies for government during days of social reconstruction."

Woodsworth condemned sixteen cent milk, fruit too dear to buy, fish rarely seen from a sea territory with fish, butter from New Zealand, eggs from China, in a province potentially unsurpassed in richness of natural resources.

LOST LIFE AS STEAMER SANK

Lawrence Smith Went Down on Ballena, Formerly the Joan.

FIRE DROVE CREW FROM THE VESSEL

Smith Returned to Get Clothes and Went Down With Vessel.

VANCOUVER, Nov. 13.—Lawrence Smith, a fireman, living at Capilano, lost his life on the S.S. Ballena, the Vancouver-Bowen Island excursion steamer, which was totally destroyed. The Bowen was lying alongside the Ballena when it was damaged, the estimated total loss on the two vessels being set at \$175,000.

The fire occurred this morning at five o'clock at the Union dock. It is believed to have originated near the fuel tanks. Four members of the crew, of whom Smith was one, were forced by the flames to the stern of the vessel and were taken off by a launch.

Smith thought he could recover some of his clothes and returned to the vessel to try to rescue them. He went to his quarters and, while there, the ship went to the bottom of the inlet.

The Ballena was originally the Joan and she sailed on the run between Vancouver and Nanaimo for many years prior to the purchase of the Princess Patricia.

Later details indicate that an explosion occurred after the fire broke out. A diver is searching for Smith's body and is likely to discover it in the forecastle.

 Chief Councillor

Formby Explains Position In Regard to Candidature

Cannot Retire in Favor of Self-Nominated Person Not Endorsed by Party or Meeting; Will Refrain from Personalities

The following letter to the Daily News in regard to the candidature of C. B. Formby is self-explanatory:—

"Referring to the invitation of Mr. Newton, published in the 'Empire' of the 11th instant, to submit myself to a mass meeting of the opponents of the Government to decide whether Mr. Newton or myself would drop out of the running, I desire to call attention to the fact that it would be impossible to agree to such a procedure for the obvious reason that I am the nominee of one of the great political parties of Canada, that my nomination was unanimous, and that the objects of this party are clear cut, and entirely opposed to those of some of the opposing forces of the Government. His proposal would admit the followers of the Socialist party, and those having no particular political views, and I can conceive of no good reason why such an invitation should not have been extended to the Liberal and the Socialist candidates as well, unless it was to invite me to betray the great Conservative party, and all those who were responsible for my nomination, in the interests of a self-nominated candidate without the endorsement of any political party or meeting.

Sees No Reason.

"Mr. Newton has not been asked by myself nor by anyone authorized to do so by either myself or my campaign committee to retire from the field, and I can see no good reason why he should not be ready to cheerfully accept the verdict of the electors on December 1 next. Even if Mr. Newton were a member of the Conservative party it would be a betrayal of that portion of it outside the city of Prince Rupert if I were to surrender the nomination of my party without the consent of my party, and I have neither the desire nor the inclination to seek its consent to retire. I am the nominee of neither individuals or cliques and as the nominee of one of the great political parties of Canada, I shall endeavor to refrain from personalities and slander, and confine myself to the issues at stake in the provincial election as the basis for all discussion.

"Yours very truly,
 "C. B. FORMBY."

BOLD ROBBERY IN VANCOUVER

VANCOUVER, Nov. 13.—A bold daylight robbery took place at 11 o'clock this morning when S. M. Blakely, an Imperial Oil Co. messenger, was seized by a bandit, who jumped from a Washington auto, grabbed him by the neck and seized his handbags containing \$1,500 in cash and \$20,000 in checks.

The bandit then threw the victim aside and jumped for the auto, at the wheel of which was another man. Both escaped. The spectators were so bewildered at the speed of the theft that they were unable to lend assistance.

Fines Paid by Bootleggers In City of Prince George

Visitors Wanted to Buy Real Estate, but Bought Drinks instead and then Haled Sellers to Court and Fines were High

PRINCE GEORGE, November 12.—Consternation and indignation and other conflicting emotions were felt by leading bootleggers when seven of them were haled into Magistrate Daniel's court on Thursday charged with violating the Prohibition Act. The total fines amounted to \$3,000.

Two gentlemen came to the city two weeks ago representing themselves as travellers desiring to enter business here. They went to various real estate offices here getting prices on lots and cost of erecting buildings. They took various citizens around and bought them drinks and went to the bright lights at night. The result was that seven of the people they visited were brought to book while a number of leading residents are very sad.

One lady who had a summons to appear and who took a hand-car special out of the city has not yet been located.

JUDGE YOUNG IN VANCOUVER

Tells Annual Meeting of the Red Cross Society About the North.

SCATTERED COMMUNITIES NEED THE RURAL NURSES

VANCOUVER, Nov. 13.—In an especially interesting report to the annual meeting of the British Columbia Red Cross Society yesterday Judge F. McE. Young, of Prince Rupert, said the northern part of the province had some excellent hospitals but the scattered settlements made rural nursing an extremely important necessity. The judge said there were 100,000 more settlers in the north now than there were nine years ago.

The extreme patriotism existing in Northern B. C. made the re-establishment of the returned man a comparatively simple question. "The people of British Columbia," said the speaker, "do not realize the value of the pioneering that has been done and is being done by the hardy parties of settlers who push into the fertile valleys of the north and establish themselves there."

OPPOSE GERMAN ADMISSION TO NATIONS' LEAGUE

PARIS, Nov. 12.—The French Government is unalterably opposed to the admission of Germany to the League of Nations at this time, it was stated at the Foreign Office. Drastic action is possible if the powers vote to admit Germany, it was intimated.

Dr. Sutherland is First Member.

Dr. Sutherland has been elected for Revelstoke, following the withdrawal of the Conservative candidate. This is the first victory of the campaign and is the first concrete indication of the trend of public opinion.

Mr. Formby States Case for Conservatives.

Capt. C. B. Formby is definitely in the field, he announces, and so is S. M. Newton. The attempt of Mr. Newton to retire gracefully or to oust the other man, has failed and all remain in the field.

In order that the electorate may be fully informed of the position we append the announcement made yesterday by Mr. Newton, which is as follows: "In yesterday's Empire I invited Capt. Formby's consent to the holding of a mass meeting to decide which of us should drop out."

Business Review By Royal Bank.

The Royal Bank in its November letter gives a general review of business conditions as follows:

"A period of readjustment such as that which most industries are now facing is always one of peculiar difficulty. A fortunate characteristic of the Canadian market is its tendency to move more deliberately than that of the United States, thereby giving Canadian industries more time and opportunity to prepare themselves for altered conditions."

"The labor situation throughout the Dominion appears, for the most part, to be very much improved. Reports show that labor is more efficient and that the men are more anxious to hold their positions than they have been at any time since the armistice."

"It is reported from all over Canada that the building operations that have been undertaken are absolutely inadequate. The housing situation is poor; there is the greatest scarcity and rents are high."

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician."

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again."

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

A thirteen year old Indian boy was charged in the police court this morning with stealing coal from the Grand Trunk Pacific Railway. Information was laid by Constable Wynn and the case adjourned until Monday.

Robert Matheson, Indian, was fined \$150 yesterday afternoon by Indian Agent Perry for supplying liquor to Indians. Joshua Tait was fined \$50 for having liquor in his possession and H. Wesley was fined \$50 for drunkenness. Alternate jail sentences in case of default were set.

The Princess Royal is twenty-four hours late on her trip north this week-end, having been delayed at the coaling station at Union Bay. She will leave here on Sunday afternoon for Vancouver. The Princess Mary is due to arrive on Monday from the south, going north to Ketchikan and Skagway.

RAILWAY MAN PASSES AWAY

R. E. Dugan Failed to Regain Consciousness After Falling off Passenger Train.

The death occurred last night at 11 o'clock of Robert Emmet Dugan, general foreman of the Magoulin steam shovel outfit at Hazelton, who fell off the incoming passenger train on Tuesday night at 7.30, a few miles out of Prince Rupert. Mr. Dugan sustained a concussion and did not regain consciousness at any time after the accident occurred. Details are missing, although the train was stopped immediately after the occurrence.

Mr. Dugan was but 31 years of age and was a native of Missouri. His home is in Rochester, Minnesota, and since coming to the Grand Trunk Pacific he made his residence at Prince George, where Mrs. Dugan and Mary Helen, a three year old daughter, are at present. When the United States entered the war Mr. Dugan was employed on a railroad near Seattle, but enlisted immediately with the Sixteenth Engineers. He was in France for two years and retired from the American Army with the rank of captain.

Almost immediately after being demobilized he came west and has been in charge of the Magoulin steam shovel outfit for sixteen months. During that time he has become well known right along the line from Prince George to Prince Rupert. His untimely passing will be regretted by many friends who will sympathize with the widow and little daughter. He was a Roman Catholic by religion.

The body was shipped East on today's train by the B.C. Undertakers. It was accompanied as far as Prince George by Major Burbank and there Mrs. Dugan will accompany it to Rochester, Minnesota, where burial will be held.

You can now get all my medicines at the Drug Store

AFTER the publication of his Receipt Book Dr. Chase found himself overwhelmed with the demand for his services and his medicines. Not only did patients come from many miles to throng his office, but the mails were filled with letters ordering medicines.

Rather than disappoint his patients and admirers, and always anxious to relieve suffering, the doctor decided to give to the people the great prescriptions which had been so thoroughly tested and so remarkably suc-

cessful in his private practice. And so it came that Dr. Chase's Medicines were placed on public sale at nominal prices. To-day you can scarcely find a drug store that is not stocked with a full line of these medicines, and that home is the exception where there is not one or more of them in use.

Like most articles of exceptional merit and large sales Dr. Chase's Medicines are widely imitated, and substitutes are frequently offered in their place. On this account it is very important that you should see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. They are printed on every box for your protection, and imitators do not dare to use them.

PRINCIPAL BRADY GAVE INTERESTING TALK LAST NIGHT

Corner Club Had One of Most Successful Meetings in the Church Rooms.

One of the most interesting and enjoyable meetings of the Corner Club was that held last evening. The speaker was Principal J. C. Brady whose subject was "Handicaps." With a plentitude of examples he cited how great men with handicaps such as deformities and other difficulties had used their handicaps to spur them on rather than hold them down. Tom Hood, the English poet, was referred to and also Abraham Lincoln who despite the handicap of little early education had received a nation's highest honor by his own perseverance and personality. The address was voted most interesting.

After the talk the usual social evening was enjoyed with games and refreshments.

HELD GOOD MEETING OSLAND, SMITH ISLAND

Hon. T. D. Pattullo Visited Icelandic Settlement and Got Good Reception.

Hon. T. D. Pattullo, accompanied by T. J. Davidson, yesterday visited Osland, the Icelandic settlement on Smith Island. On their arrival word was quickly passed around and in an hour almost the whole community gathered in the school house to hear an address by the minister. He discussed the issues and was accorded a hearty welcome. T. J. Davidson presided. The settlement on Smith Island is a prosperous one, every settler owning his little ranch and in summer engaging in the fishing business. Situated in the centre of the fishing area it is particularly well suited for a farming-fishing community. There are sixteen children attending public school.

Sport Briefs

The basketball season promises to be a lively one in Prince Rupert. At any rate it is being well enough started. A very attractive schedule of games has been announced and there should be good attendance when the games commence. Of course the main interest attaches to the Senior League and the competition for the Gilhuly Cup, but things will also be interesting in the Intermediates and Juniors. The Senior League will be especially well watched, for there are some new combinations and there are also some "dark horses." The energy of the Athletic Association and the Basketball Association in having plans so well under way deserves commendation.

The city has had its men out working at Morse Creek getting the dam in shape so the pond may be flooded for skating. Unofficial reports brought in are to the effect that the pond is filling up well and will be in good shape. However there will a party of interested persons go out in a day or so to make an inspection. This is very wise, for if it is not done right, now is the time to find out and make sure, not after the heavy frosts have come. No time should be wasted.

In the recent Carpentier-Levinsky fight at Jersey City there was not a single phase where Carpentier showed himself as a dangerous opponent to Jack Dempsey, the world's champion, according to the opinions of experts. Carpentier has a way of leaving himself open at times, but he had better steer clear of the Utah mauler, for he passes up no chances for a knockout. Carpentier is a fighter, but many were disappointed at his showing with Levinsky. He did not show the excessive speed, cleverness and boring skill that had been expected.

England also has had a scandal in her sporting circles and the bribing of football players and the throwing of games has been alleged. The leading football managers are doing everything to eliminate every dishonest player, but the existence of dishonorable practices has not been denied. The "Clean Up" campaign in football was instituted on the campaign of Bishop Weldon of Durham and a number of other British clergymen.

Canada is after the United States for sport honors and promises to be a formidable contender as shown in various recent sporting events. One is the challenge of Canada for the America Cup and they have a great chance of winning, better indeed than any boat that has to come over the Atlantic under present conditions can have. Last year the Canadians made a good showing at the Olympiad and they are improving year by year. There is nothing like competition in good sport and this rivalry between the States and Canada will even further cement international relations.

Several Japanese teams attended the opening games of this year's world series between Cleveland and Brooklyn. After the first wins of the latter at Brooklyn they decided they would not go to Cleveland, figuring the Dodgers would be the easy winners. When the final games were played they had changed their opinions and were wishing they had stayed to see it through.

J. Sigmond is back from a trip to Vancouver and Victoria.

The Man in the Moon SAYS--

THAT with prices dropping everywhere it was a curious policy for the Government to jump the freight rates forty per cent and kill business the way they did.

THAT the unluckiest man was the one whose car was stolen and he was just about to collect the insurance when it was brought back.

THAT some person sent clippings of "The Scalper" to a number of local storekeepers with a line, "Does the cap fit?"

THAT the innocent persons were sore and the guilty were mad.

THAT some have taken the trouble to deny the implication, while others confined the offending slips to the kitchen stove and forgot it.

THAT local statistics indicate that the stork is not a rara avis in this city.

THAT a woman's long suit these days is a short dress.

THAT it was a gay scene last night.

THAT We danced with girls of fifty-eight
And girls of sweet sixteen,
From "heavy" down to "bantam-weight"
And all that lay between.

THAT the man who kicks himself out of a job is the one who has an idea that no one can fill his place.

THAT a man started to talk about the next civic election the other night and he was nearly mobbed.

THAT one election at a time is enough for a truly democratic country where you can make insinuations all you like and get away with it.

THAT hurray for the coal yards! What about the coal barons? How many elections have been run in this city on a coal yard?

THAT today people are buying Edson coal from the Orme-Scott-Gurvich mine. Why bother about a coal wharf?

THAT if we must have a toy, give us something cleaner than a coal wharf.

THAT the Daily News independent candidate is actually going to run! Goodness gracious me! And his platform is a coal wharf!!!

THAT, now then Formby. Trot yourself out and let the people look at you. If you can do a mile in two minutes you have a chance. Loosen the check and give yourself head.

THAT Burroughs is to pass the grandstand this evening on his first lap.

ELKDOM HELD HIGH REVEL AT THE RINK

Wonderfully Enjoyable Dance Given by the Local Lodge With Large Crowd.

COURT BROUGHT MUCH MERRIMENT AND CASH

Last night was a great night in the history of the Elks and also of their friends. It was the night of the Elks' dance in the auditorium.

Nearly all dances are just like the other dances. This one was different. Not only was it the biggest on record, there being nearly five hundred people present, but it was also most distinctive in many respects. The hall was decorated with the Elks' colors, purple and white, and the Elks orchestra provided the music. In addition there was a brief Elks' ceremony at 11 p.m. when all were greeted officially by Dr. Maguire, while the lights were lowered. This happened in the middle of a dance and the moment the lights were turned on the strains of the orchestra struck up and the dance continued.

Judge Held Court.

An interesting, amusing and useful feature of the evening was the Elks' Court which sat almost continuously with Judge Shane on the bench and occasionally Judge Cash. Various members of the local lodge were arrested and brought before the court for misdemeanors and fined, according to the enormity of the offense or the size of their pocketbook. Most of the fines averaged about 50c, but Harvey Fraser and a few of the other capitalists who were grievous offenders were fined to the tune of a dollar with the option of thirty days. The charges were varied. Some were fined for not dancing, other for dancing with other people's wives, for jacking, for resisting the officer, for language unbecoming an Elk, for not jacking, for dancing with chickens, for not wearing the Elks' colors, for being late, for being early, and for a hundred other offences. The fines all went to the fund for providing Christmas cheer.

Among those brought before the judge were Dr. Grant, U. S. Consul Wakefield, Magistrate McMorde, Ben Self, Mrs. Emberton, the editor of the News and various culprits, all of whom pleaded guilty and paid the fines without a murmur.

Other Features.

Supper was served by a committee of Elks and was of a most satisfactory nature, five sittings being necessary to accommodate the crowd in spite of the fact that 100 sat down at a time.

Minstrel Show.

In the course of the evening George Frizzell, the official announcer, stated that the Elks' Minstrels would give a show in the Westholme Theatre on December 7 and that Elks' night at the Movies would be November 26 when the boxes for the minstrel entertainment would be auctioned off.

The orchestra, which was different from the ordinary, was made up of Messrs. Grey, Edmunds, Brown, Kelly, Price, K. Road, Sherman, Howard White, Eason and Miss Adams. These were not all playing at the same

CANADA IS POPULAR AS LAND OF PROMISE

LONDON, Nov. 13.—The British Overseas Settlement Committee has received nearly 50,000 applications from ex-service men and women for emigration to all parts of the Empire. About one-fifth of the applicants are women who intend to take up domestic or land work. Most of the men desire to go on farms. Canada is the favorite dominion. Between 6,000 and 7,000 applicants express a preference for this country, while Australia, New Zealand and South Africa are next in order of popularity. With dependents the total involved is well over 100,000 persons. The lists for ex-service men close December 31 and applications are now pouring in at the rate of a thousand a week.

CAMPAIGN IS IN FULL SWING PRINCE GEORGE

PRINCE GEORGE, Nov. 13.—The election campaign is in full swing here. H. G. Perry, the Liberal candidate, seems to be having the best of it so far, his opponent from Vanderhoof not being received here very well.

The chief issue is the building of the P.G.E. north from here as speedily as possible. Perry is a forceful personality and the Prince George people feel that he will stand up for their interests effectively.

FIRST MEDICINE EVER USED BY MAN

Since the earliest ages herbs have been used by man for the relief of human suffering. And, although we are living in the 20th century no discovery of medical science has yet found anything equal in healing and restorative power to the medicinal properties of herbs.

Wonder Health Restorer, for years the private prescription of one of the world's greatest herb-ists, is a striking example of this fact. Thousands of people have found in this simple remedy relief from suffering and restoration to perfect health. Its record in the treatment of Asthma, Rheumatism, Stomach troubles, Kidney complaints, Piles, Skin diseases is so wonderful as to almost be unbelievable were it not backed up by the written testimony of those who have used it.

Try Wonder Health Restorer if you are suffering from any of these ailments in any form. It is on sale in Prince Rupert and vicinity by the Prince Rupert Drug Co., who will be glad to give information concerning it. Call at the store and ask for a copy of "The Road to Health," a booklet which tells all about the remedy and its work. It is a treatise on herb remedies which should be in every home.
