CHURCHILL ON THE REVOLUTIONARY MOVEMENTS

BOARD OF TRADE AND LABOR MEN ASK SHIP REPAIR DEPARTMENT REOPEN

Right Hon. Winston Churchill Scathing Attack on Bolshevism

Well Known British Statesman says Disasters in Russia Solely Due to Revolutionaries; Thinks Dead Set Against Empire

LONDON, December 3.—Right Hon. Winston Churchill in a speech here made an attack on the Bolshevist movement, which has attracted attention throughout the country. He said that all these strikes and rumors of strikes and threats of strikes, and loss and suffering caused by them; all this talk of revolution and "direct action" had deeply offended most of the British people. (Cheers.) There was a growing feeling that a considerable section of organized labor was trying to tyrannize over the whole public and to bully them into submission, not by argument, not by recognized political measures, but by brute force.

A new witness had just come from Russia whose words always commanded attention—H. G. Wells. Nothing could exceed the appalling character of the conditions which Mr. Wells had described. According to him, the whole apparatus of civilization had collapsed.

Wells' Theories.
Of course Mr. Wells had to vindicate his theories. He suggested that this irreparable catastrophe was not the fault of the Bolshevists, but he (Mr. Churchill) admitted as a most unchallengeable conviction that those disasters in Russia were solely due to the Bolshevists, and were solely due to a very few men, to a revolutionary and terrible sect of fanatics, whose devastating doctrines had laid Russia low, and would lay every nation low in which they obtained ascendancy.

For Russia we could do little. The fearful series of events must run their course. One could only hope that some day in our own time deliverance would come to the Russian people and that they would stand again on their own feet and be masters in their own house.

Experiments.
But if we could do little for Russia, we could do much for Britain. We did not want any of these experiments here. (Cheers.) Any such experiments in this country would be followed by the destruction of the great majority of the persons dwelling in these islands. We could at any rate make sure that in our life and time the deadly disease which had struck down Russia should not be allowed to spring up here and poison us as it was poisoning them.

India, Egypt, and Ireland.
In every city there were small bands of eager men and women, watching with hungry eyes any chance to make a general overturn in the hopes of profiting themselves in the confusion, and these miscreants were led by Bolshevist money. (Cheers.) The danger at the present time did not exist only, or even mainly, in these islands. What of India, Egypt, and Ireland? Did they not think it possible that there was some connection between all the revolutionary and subversive elements by which we were now being assailed? When they saw all these movements from so many different quarters springing up simultaneously, did it not look as though there was a dead set being made against the British Empire? Why, for instance, should the Egyptian extremists give money to the Daily Herald. Why did Lenin send them money, too? Why did he also send money to Sinn Fein? They knew that intense efforts were being made to disturb India.

British Arm.
Whether it were the Irish murder gang or the Egyptian vengeance society, or the seditious extremists in India, or the arch-traitors we had at home, they would feel the weight of the British arm. It was strong enough to break the Hindenburg Line, it would be strong enough to defend the main interests of the British people, to carry us through these stormy times into calmer and brighter days. (Cheers.)

At the meeting of the Board of Trade last night it was announced by President Parker that there would be a deficit at the end of the year of approximately \$309. The finance committee will wait upon the City Council to ask them to liquidate the debt.

CELEBRATION AT VANCOUVER

Liberal Govt. Really Stronger than the Figures Indicate, Says Premier Oliver.

VANCOUVER, Dec. 4.—At the Liberal celebration at the Hotel Vancouver last night Premier Oliver said his Government was the first in Canada since the war to obtain a clear working majority. The Government was stronger than the figures indicated because the Yale and Lillooet elections were lost only through Liberal rivalries and the independents will wisely give their support to the Premier.

At the rally most of the ministers being present there was an unprecedented scene when Mrs. Ralph Smith arrived with the premier and his colleagues headed by the pipers' band. The demonstration lasted several minutes, hats being thrown in the air as the premier affectionately kissed Mrs. Smith on the platform in the presence of an audience of 2,000.

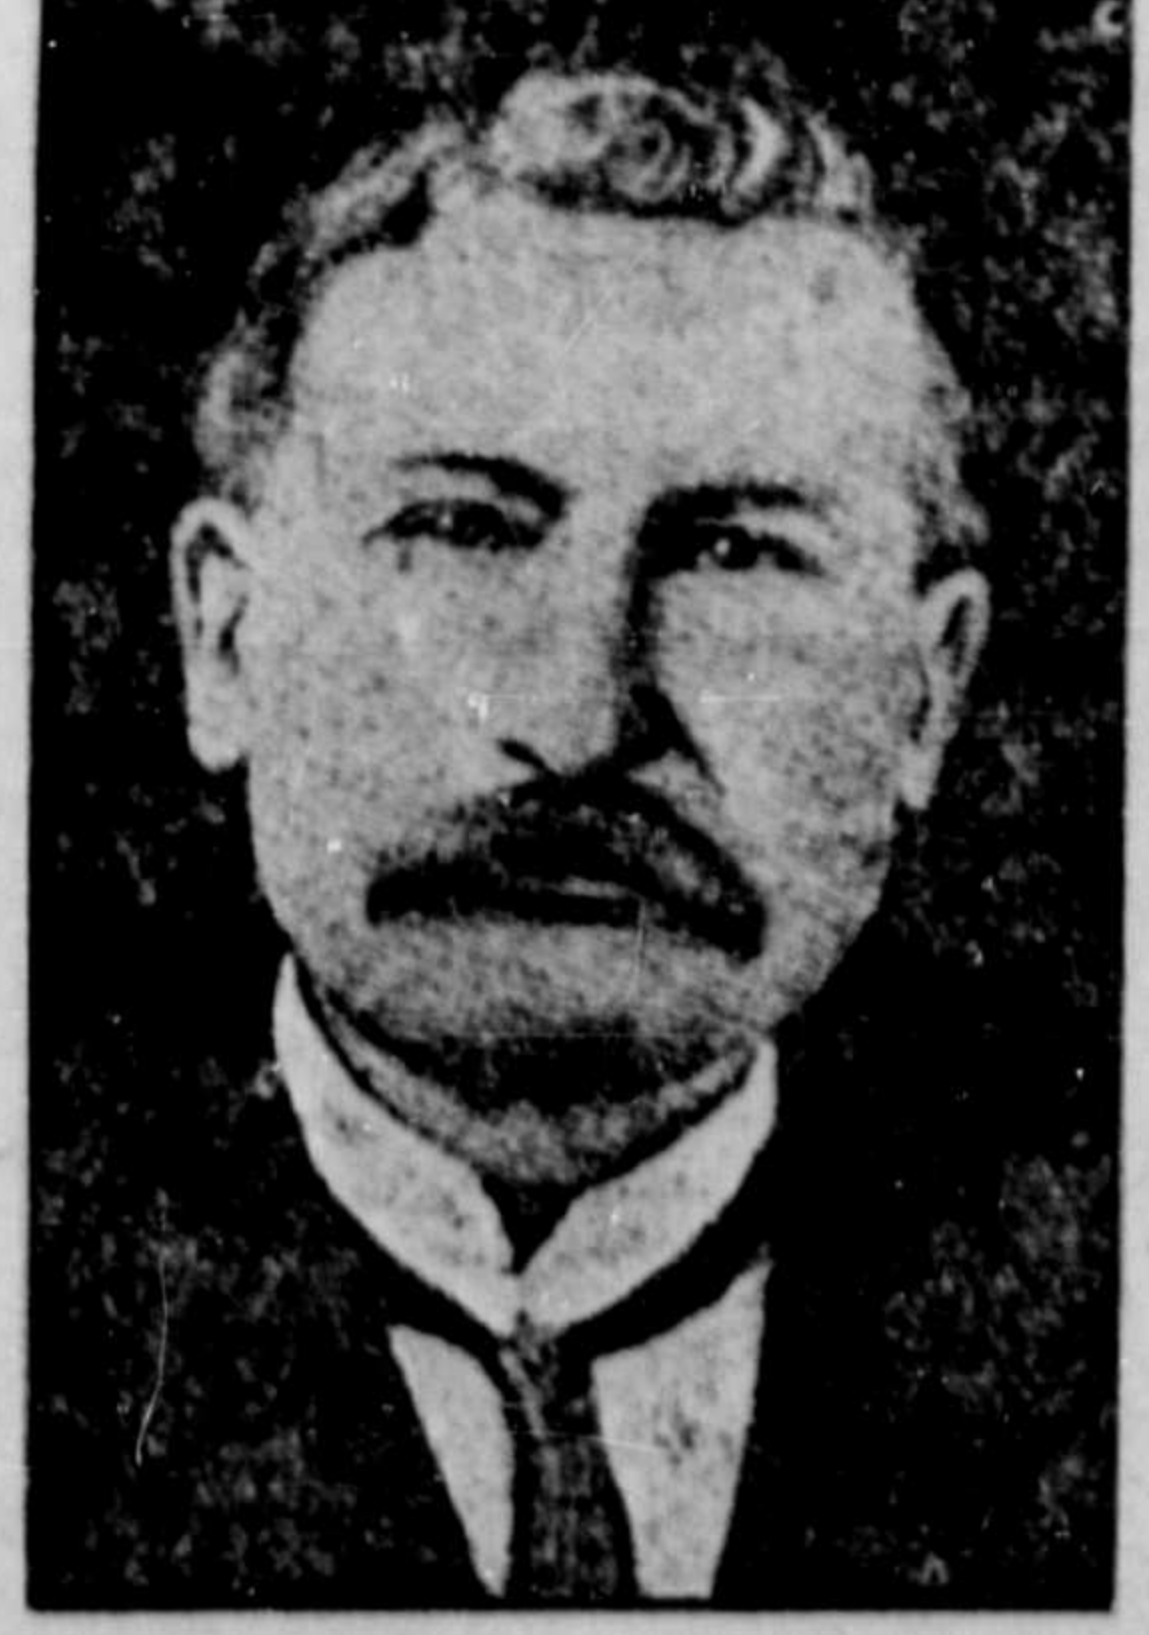

PATTULLO INCREASING LEAD AS VOTES COME IN

Later returns and further recount makes little change in the standings of the candidates in Prince Rupert constituency except to reduce the totals of Formby and Burrough and increase Newton and Pattullo.

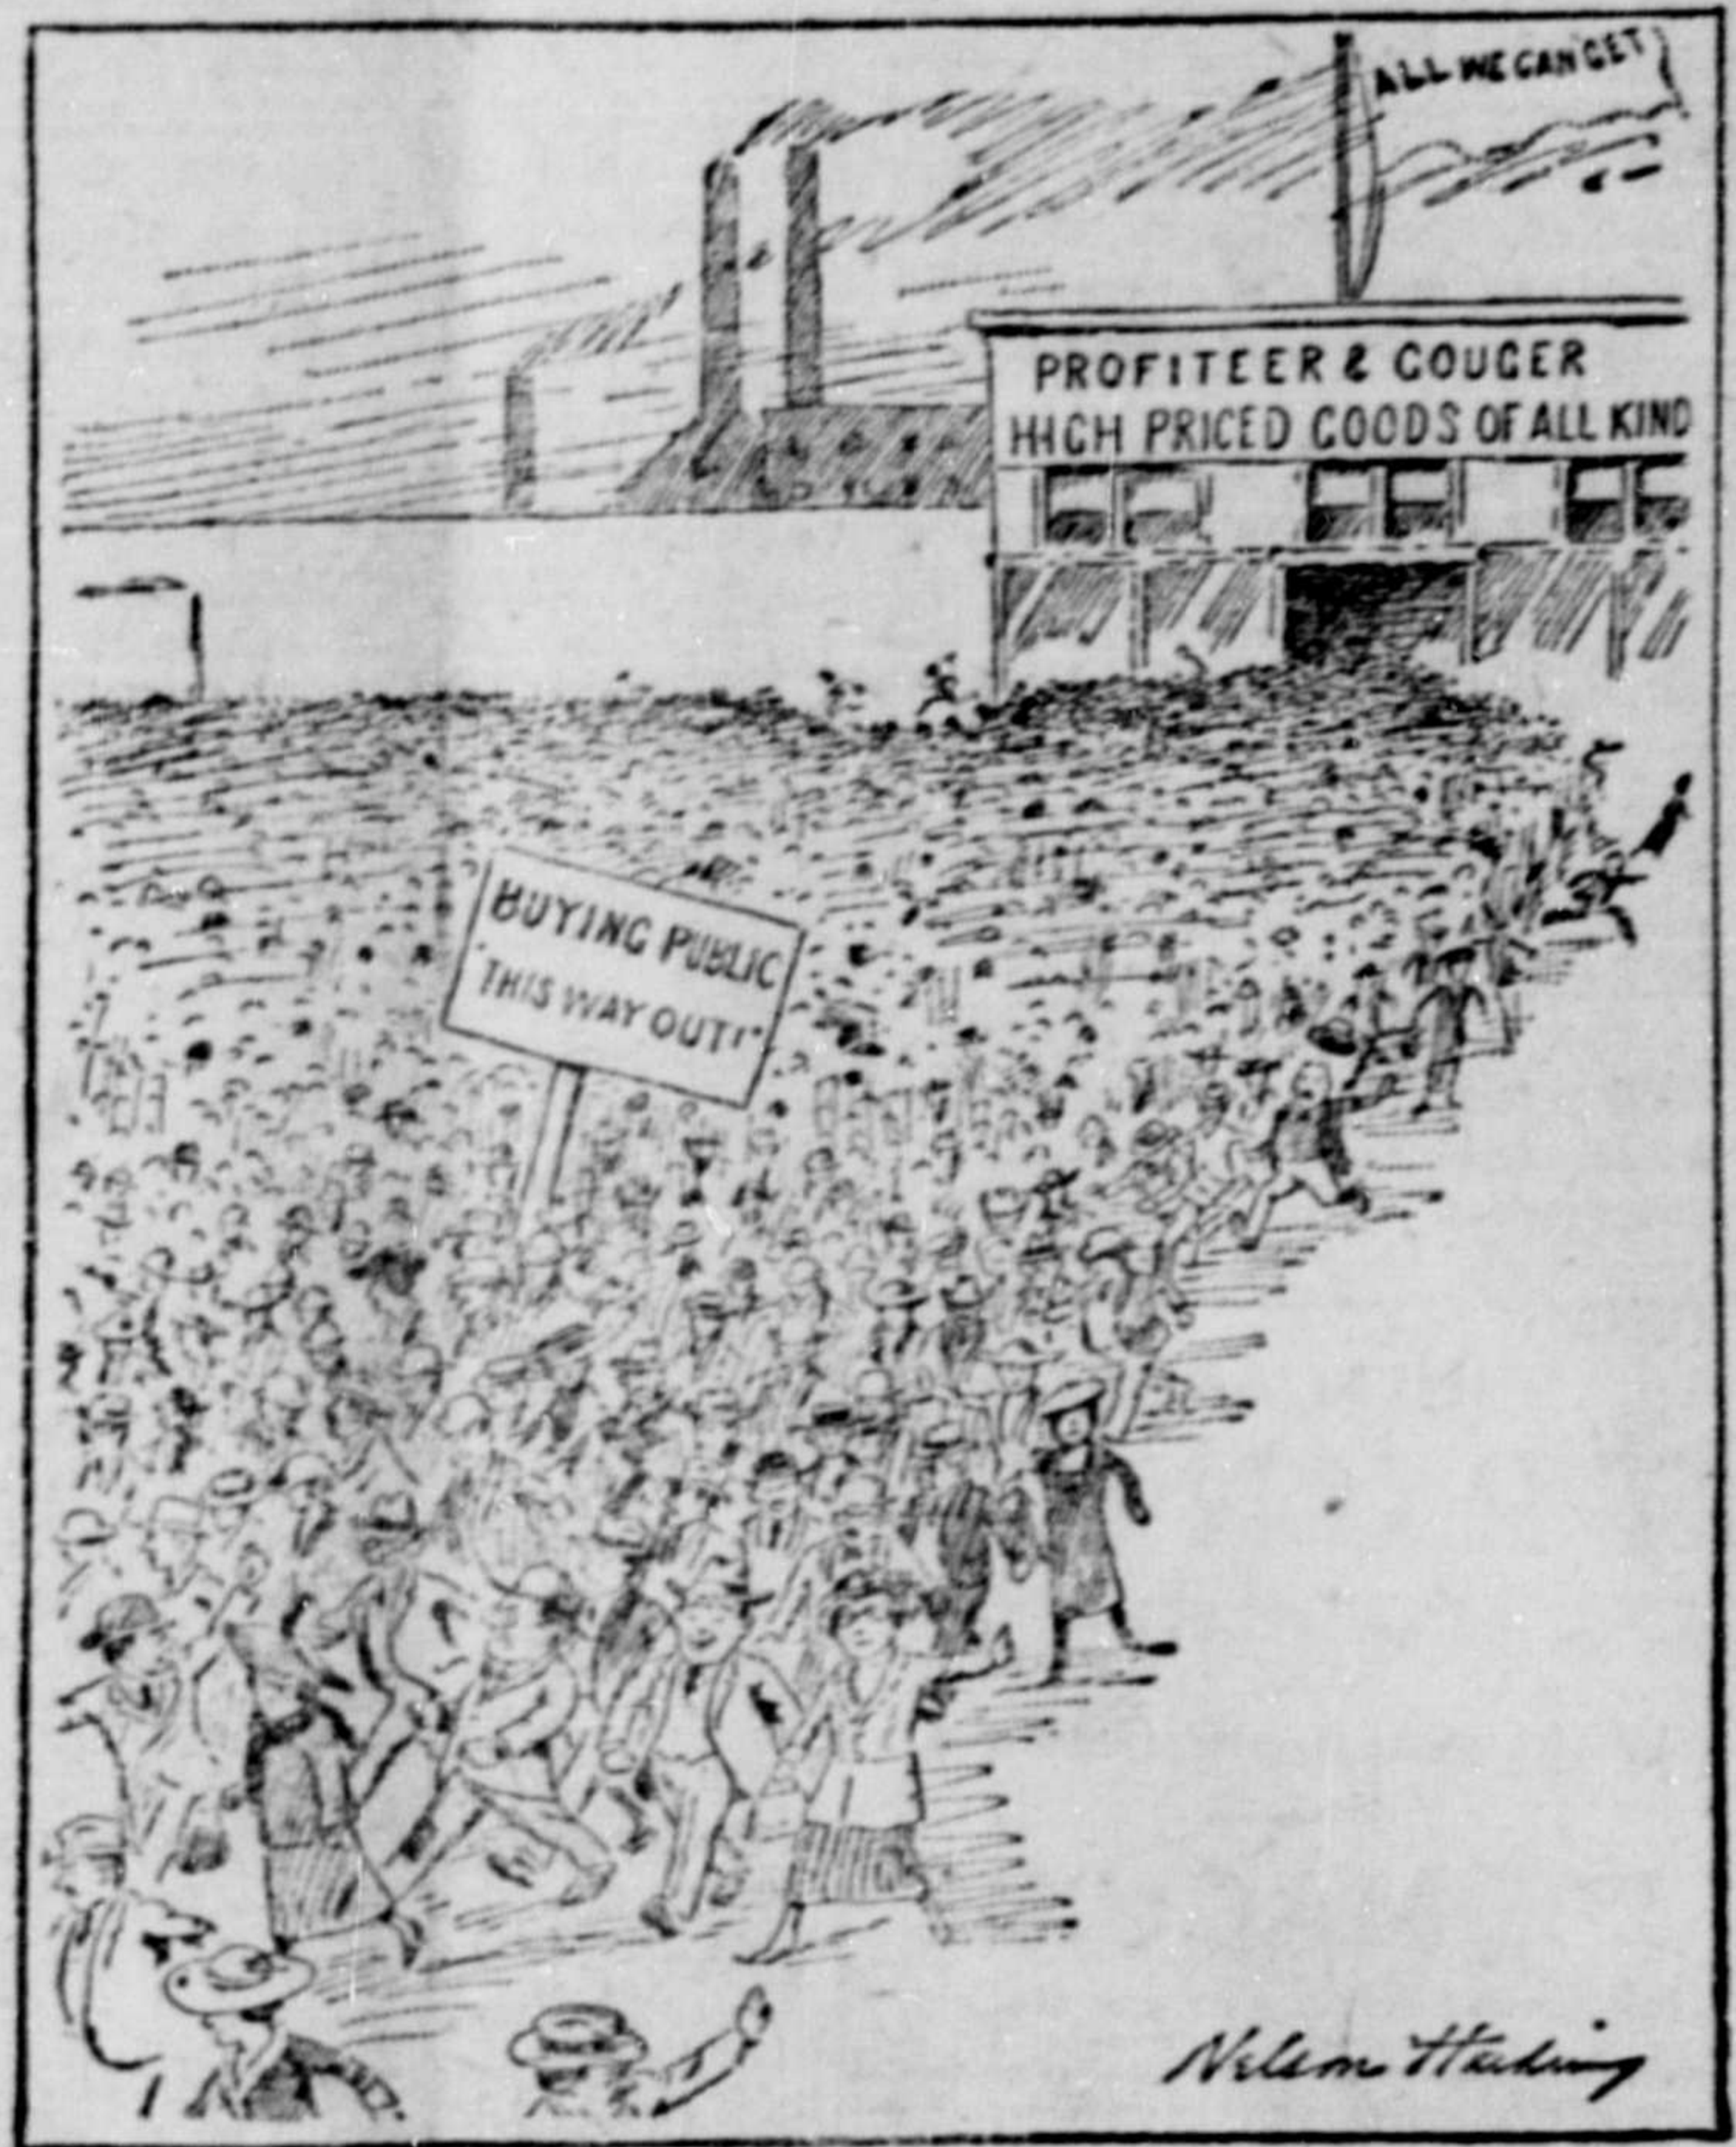

Following are new returns since yesterday:
Banks Island—Newton 0; Burrough, 0; Formby, 0; Pattullo, 1.
Refuge Bay—Newton 4; Formby, 2; Burrough, 1; Pattullo, 2.
Spiller River—Newton, 0; Burrough, 4; Formby, 1; Pattullo, 0.
Smith Island—Newton 0, Formby 0, Burrough 12, Pattullo 9.
Port Essington—Newton, 17; Formby, 1; Burrough, 2; Pattullo, 20.
Total to date—Newton, 588; Formby, 379; Burrough, 382, and Pattullo, 1,085.

Prince Rupert Will Have Militia Unit of Its Own

Chief of Staff Major General McBrien makes statement in Vancouver Military Circles—Division for the Province

VANCOUVER, December 4.—Prince Rupert is to be headquarters for a Northern British Columbia infantry unit of five hundred men, peace strength, according to a statement made in military circles here by Major General McBrien, the chief of the Canadian General Staff, who is visiting in this city.

The entire province will provide one complete peace strength division of eleven thousand men for the reorganization of the militia. Other headquarters will be in Vancouver and Victoria and in interior cities for the Rocky Mountain Rangers and other Kootenay regiments.

URGE BUILDING SKEENA ROAD

Board of Trade at Meeting Last Night would have Government Spend \$100,000

A resolution asking the Provincial Government to put \$100,000 in the estimates at the forthcoming session of the Legislature for the purpose of building part of the proposed road up the Skeena River from Prince Rupert was passed by the Board of Trade last night on the motion of G. W. Nickerson, seconded by J. D. McAuley.

In speaking to the motion Mr. Nickerson said the new Government represented the people and this was a good time to press the needs of the district. There was no road leading out of this city and he thought a start should be made from this end.

FOURTEEN GERMAN SHIPS CONFISCATED

LONDON, Dec. 4.—Sir Henry Duke, president of the Prize Court, gave judgment in regard to fourteen ships seized in British courts at the outbreak of war and detained until now. They are condemned and will be taken over by the British Government.

ASK PROVINCIAL GALLERY OF ART

Delegation Waits on Government At Victoria in Regard to Proposed Institution.

A few days ago a deputation, headed by the mayor of Victoria, and representing various public bodies, called on Premier Oliver just before the election and asked that the Government grant the use of a room for a permanent provincial art gallery and make a small donation toward its upkeep.

A number of speakers, including Dr. Bassell, Mrs. Sampson, and Rev. J. G. Inkster, spoke of the value to the province of such an institution, particularly from an educational point of view.

Mr. Oliver sympathized with the idea but pointed out the numerous requests for money the Government received and that the granting of this request would be a precedent which others would want to follow. He promised, however, to bring the matter before the executive in the near future.

A letter was read from the agent general in London at the Board of Trade meeting last night asking for more pamphlets on Prince Rupert.

Ask Repair Department of Drydock be Reopened

Board of Trade Discusses Question on Initiative of Trades and Labor Council at Meeting Last Night

In an effort to have the repair department of the drydock put in operation at once, a telegram was sent to Col. Peck at Ottawa today as follows:

"Cannot arrangements be made to allow competent man to start repair work at drydock? Many small boats and railway barge now waiting for repairs. Small pontoon only required and could be operated by city electricity. This would help relieve unemployment existing at present."

THOMAS McClymont, Mayor.
S. E. PARKER, Pres. Board of Trade.
J. J. GILLIS, Pres. Trades and Lab. Council.

The matter came up on the reading of a communication from the Trades and Labor Council before the Board of Trade last night in which it was suggested that a mass meeting in regard to the reopening might be effective. A resolution that the wire be sent was moved by G. W. Nickerson and seconded by George Munro.

DANCE LAST NIGHT GIVEN BY REBEKAHS AND THE ODDFELLOWS

The Independent Order of Oddfellows and the sister organization, Rebekahs, held a joint dance in the St. Andrew's Hall last evening and there about two hundred persons present.

The event was thoroughly enjoyable and proved quite successful from every standpoint. The hall was decorated with the emblems of the order and presented a pleasant atmosphere. Gray's Orchestra supplied the music to the delight of all. The refreshments were served at midnight.

The dance committee comprised Mrs. Smoke, Mrs. S. V. Cox, Mrs. Phil McDonald and Miss Alice Moncoeur. Harry Love was master of ceremonies and H. Hale and C. D. Baldson were on the floor.

URGE NO MORE DELAY REGARD RECEIVERSHIP

L. W. Patmore has received a telegram from Vancouver saying that the Prince Rupert and Vancouver motions to appoint a receiver will come before the court on Monday morning and there is possibility it will again be adjourned to find out first what the Government will do.

Mr. Patmore, on behalf of the local creditors, is urging that there be no further delay, there having been already too much time allowed.

MAGOFFIN WILL GO TO OTTAWA

In Company With Mr. Finkelstein Proceeds East on Monday.

S. S. Magoffin and D. B. Finkelstein will leave for Ottawa on Monday morning's train to confer with Hon. C. C. Ballantyne, minister of marine and fisheries, in regard to their proposal to carry on with the construction of the two unfinished ships at the drydock.

Their proposals and the results are being watched with a good deal of interest by the public generally and the hope is expressed in many quarters that a purely local concern like Mr. Magoffin's will get the work, for it would insure that the two ships would be completed here and further contracts might be secured.

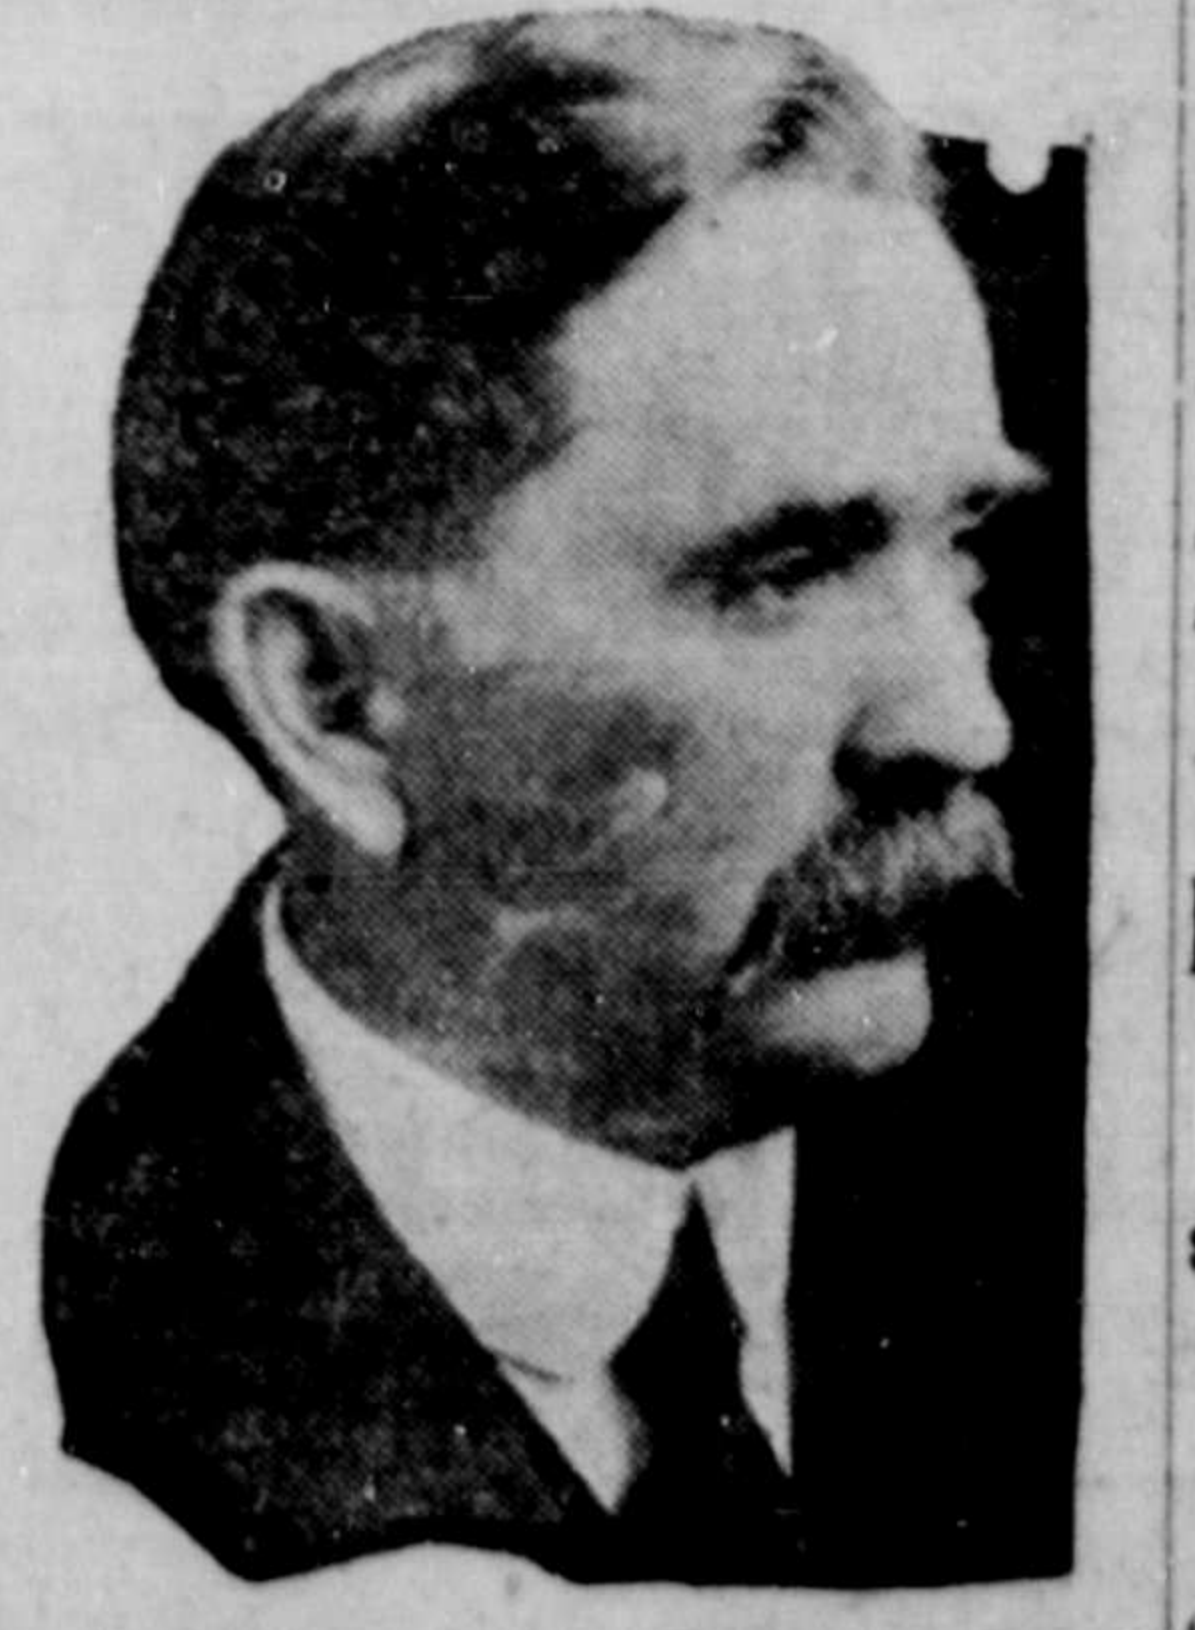

Mr. Magoffin is a prominent contractor and Mr. Finkelstein is a well known Winnipeg financier. Both are quite young men and very energetic.

Take Interest in Civic Affairs.

Apparently people are already beginning to take an interest in civic affairs. This is a good sign and indicates that there is the possibility of a lively election.

With the falling of prices there is likely to be more interest taken in building and with building will come the need for civic improvements. It is to be hoped that the period of semi-stagnation is over and that great advancement may be seen in the north during the coming year.

There is a possibility that several candidates may be in the field. Mr. Rochester has already announced himself. There are all sorts of rumors of others coming out. The time is drawing on and it is time any who are thinking of announcing themselves were doing so in order that the ratepayers may have a chance to familiarize themselves with the situation.

It is understood that M. P. McCaffery has been urged to accept nomination, but he is a busy man and does not like the idea of giving practically the whole of his time to civic affairs. Before going south he was interviewed in regard to the matter and, while he did not absolutely refuse, his consent was not obtained. It is still hoped by many, especially by the business men of the city, that Mr. McCaffery will accept the nomination. They point to his previous term of office as one that was eminently successful and beneficial to the city.

Effort to Capture McMorde Trophy.

An effort is to be made by the Prince Rupert Club to capture the McMorde billiard cup from the Wanderers Club, the present holders. While billiards have been popular in the city, there has been no effort made to play off a tournament for the trophy. Now, however, there is a revival of interest in the game and the tournament should prove very interesting.

Another competition for a cup presented by the Trail Club is more generally interesting. The fact that five teams are competing shows that there is to be a very keenly contested series of games before the season is over.

Two Parsons In Legislature.

Two clergymen have been elected to the Legislature. They are Rev. Canon Hinchcliffe and Rev. Thomas Menzies. The former is an Anglican and the latter a Presbyterian. Both were connected with the overseas forces and will be keen in the interests of the returned men.

Until recently it was impossible for a clergyman to be elected to the Legislature or the House of Commons of Canada. The new election law gives them this right. It will be interesting to see how they use it. There have always been people who were afraid of having clergymen connected with the government of the country for fear that sectarianism might be encouraged.

With the advancement of education and the general broadening of religious views among all classes and religious bodies, there does not seem much danger of trouble. It is for the people to decide. If they wish to elect parsons they have a perfect right to do so, just as much as they have to elect a professional gambler if they so wish.

Few Changes Now In Political Lineup.

There are likely to be few changes in the political lineup as a result of the absentee vote. There are not many candidates who are so close to their rivals as to be endangered. There is such a possibility in Allan, Cranbrook and Caslo, in two of which Liberals are leading and the other a Conservative. It is safe to assume that the Government is returned to power and will have charge of affairs for the next five years.

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"
MRS. M. J. GORSE
 8928 Union St., Vancouver, B.C.
 "I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.

Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. I am free of pain and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

 22:30 p.m., 17.1 ft.
 Low, 3:15 a.m., 8.1 ft.
 16:26 p.m., 6.3 ft.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

ELKS AND COLTS ARE EVEN IN BASKETBALL

Colts Juniors and Telephone Girls Also Proved Successful in Last Night's Games.

The basketball game between the Telephone Girls and the Maple Leafs, won by the former last night, did not prove as good a game as the previous matches between the girls although it was keenly enough contested. The Telephone Girls had a great advantage with their greater height and the Leafs were very unlucky, especially in the second half. The teams and scoring follows: Telephone Girls — Viereck, Brown, Large, Mobley, 10, and Gowen 10, Maple Leafs — Garter, Harvey, Fisher, Calderone, 4; Dingwall 4.

The Colts easily defeated the Beavers in the second game of the evening thus avenging the defeat they suffered in an earlier game with the Beavers. The score was 36 to 19 and the game was a good one, the Colts showing up well with George Roberts the star player. The scoring: Colts Junior — Frizzell 5; Duncan, Roberts 22, Mitchell 6, Martin 3. Beavers — Smith, Halverson 13, McDonald, Lambie 4, Morrison 2.

Won by Default.
 For the match between the Colts and the G. W. V. A. the latter failed to field a team and the Colts won by default, this being their second game to win by forfeit this season. In a friendly match the Colts were successful 19 to 3. The officials of the league are not pleased with these default games and action may be taken to remedy if this happens again.

On account of the Elks' concert on Tuesday night, the games scheduled for that night will be played on Monday night instead. The Spartans-Tillieums game will be refereed by W. Anderson; Elks vs. Colts, Lee Dell; G. W. V. A. vs. S. O. E., W. E. Willisroff. The game between the Colts and the Elks promises to be especially interesting for both teams are at present even at the top of the senior league.

Following are the standings in the league:

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. It is only wonder then that they become irritable and nervous, have hot flashes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Millner's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flashes and fainting spells. When I was on my second box of Millner's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am now without them in the house and recommend them to all who suffer with their nerves."

PRESENTATION TO DEPARTING MEMBER OF BOARD OF TRADE

At the meeting of the Board of Trade last evening E. C. Gibbons, in behalf of the members, presented J. D. McAuley with a handsome travelling bag as an evidence of their appreciation of his services.

Mr. Gibbons made a short appreciative speech in which he spoke of the valuable services of Mr. McAuley. This was ably seconded by the president of the Board and Mr. McAuley thanked the members for the fine present. Mr. McAuley left for Montreal this morning.

WHERE EELS BREED

LONDON, Dec. 3.—In his presidential address to the British Association at Cardiff, Professor Herdman, of Liverpool University, referred briefly to the discovery recently made by a Danish marine research expedition of the breeding place of the European eel. In autumn, large eels migrate towards the sea from inland waters and slowly move far out into the Atlantic. They never return, but breed somewhere in the depths of the sea, the newly hatched young fish being transparent, flat oblongs, so unlike eels that they used to be named and described as distinct creatures. They come up to the surface and slowly drift with the currents until they reach the shores of Western Europe or enter the Mediterranean through the Straits of Gibraltar. Then they ascend streams as eelers and never return to the sea until they are full grown.

Dr. Johannes Schmidt, the leader of the Danish expedition, has just completed an exploring voyage across the Atlantic during which successive trawls of the larvae were made until the region where they were youngest and most abundant was ascertained. Hitherto the breeding ground has been generally supposed to lie between the Azores and Bermuda. He believes that he has now fixed the locality. To his surprise it has turned out to lie about 27 deg. N. and 60 deg. W., not far south of Bermuda and much further to the west than had been anticipated. To this locality all eels of Europe repair for breeding. The closely allied American eel, which, however, is of relatively little importance, breeds in a zone west and south of the European, but overlapping it. The American eels have, therefore, a shorter journey to their breeding grounds.

Growing Old Together

THIS aged couple, mellowed by time and the experiences of life, are happily growing old together.

They are happy because they are healthy. Life is still full of interest to them, and they are wide awake to new ideas.

These are the kind of old people that everybody likes. For, in spite of the years, they are cheerful and optimistic.

It is only natural that the blood should get thin and vitality wane as age advances, but there are ways of keeping up the quality of the blood and maintaining health and vigor.

Very many men and women have found in Dr. Chase's Nerve Food exactly what they need to restore energy and strength and keep them healthy and happy.

As an example Mr. Stephen J. Leard, North Tryon, P.E.I., writes: "At seventy-five years of age my heart gave out and became very irregular and weak in action and would palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment I would now be in the box with the roof over my nose. At eighty-one I have an energy which means go, and I am writing this letter so that old people like myself may prolong their health and strength by using this great medicine."

There can be no doubt that this treatment contained exactly what was required to build up Mr. Leard's system.

We are constantly receiving so many letters of this kind that we can, with the greatest confidence, recommend people of advanced years to put Dr. Chase's Nerve Food on trial, as a means of restoring and maintaining health and vigor.

Here is another interesting letter. This time from a lady:

Mrs. Joseph Lalonde, Hydro Glen, Ont., writes: "I have to thank you very much for what your medicines have done for me, especially the Nerve Food and Kidney-Liver Pills. I was so run down and nervous last summer that I was in bed most of the time, unable to do any work. I have also been troubled with my kidneys for over twenty years, and tried every doctor I knew of without any permanent results, but I can say that Dr. Chase's Nerve Food and Kidney-Liver Pills have made me feel quite different. Since taking this combined treatment I have been able to do my housework, and although I am now 76 years old, I feel better than I have for years." ("I know Mrs. Joseph Lalonde, and believe her statement regarding Dr. Chase's medicines to be true."—W. P. Flannery, Postmaster.)

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmansson, Bates & Co., Ltd., Toronto. Only the genuine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on every box.

INVASION OF RATS

FREDERICTON, N.B., Dec. 4.—With the coming of cold weather the city of Fredericton has been invaded by myriads of rats until the Pied Piper's arrival would be greatly appreciated. During the summer the rodents are found around the river, but wintry weather has forced them into the city in search of food. What to do with the invaders is the civic problem just now.

The Albatross, the only fish boat in yesterday, sold her 9,000 pounds of halibut to the Canadian Fish and Cold Storage Co. at 13 1/2 cents and 6 cents. The Cold Storage shipped two refrigerator cars of frozen fish east by this morning's passenger train.

LINE-UP IN LEGISLATURE

Representative of Trades and Professions—Sketches of Opposition Side.

The entire new legislature at Victoria which will soon take office as a result of last Wednesday's election comprises many professions and trades and is made up of nine lawyers, four farmers, four doctors, four merchants, three insurance agents, three contractors, three real estate men, two miners, two clergymen, two civil engineers and one each printer, publisher, retired gentleman, lumberman, mariner, druggist, dentist, lady member, manufacturer and financier.

The following give brief biographies of the Conservative, Labor and Independent side of parliament:

CONSERVATIVES

Vancouver
 W. J. Bowser, the veteran leader of the Conservative party, belongs to the prominent firm of lawyers, Bowser, Reid & Wallbridge. He was premier for a few months before the Brewster government was elected in 1916.

Kaslo
 Col. Fred. Lister, of Camp Lister, also goes under the United Farmer banner. He farms in Kaslo district.

Victoria

Rev. Canon Joshua Hinchcliffe, Anglican, was formerly padre of the B.C. Bantams.

Dewdney

John A. Catherwood, member-elect, is a general broker in Mission City. He is extensively interested in fruit lands in the Fraser Valley.

Esquimalt

Robert H. Pooley, of the Pooley, Luxton & Pooley law firm of Victoria, is re-elected to the seat

Old Time Remedies Are Dependable

No remedy for human disease is attracting more attention than Wonder Health Restorer, the herbal preparation of one of the world's greatest healers. No sufferer from disease should overlook this remedy, no matter what the stage of the disease may be. It is a preparation which differs in ingredients, in method of treatment, from the ordinary remedies, either sold by druggists or prescribed by physicians.

Wonder Health Restorer contains nothing but herbs—and a trace of alcohol or drugs such as are often depended upon for temporary effects. The preparation also differs from others in that the benefit it gives is permanent. The wonderful medicinal properties of the herbs feed the blood and through this avenue reach every organ and part of the body.

Ask your druggist for a copy of "The Road to Health." It tells all about this wonderful remedy and gives many testimonials from persons afflicted with Asthma, Rheumatism, Stomach troubles, Kidney complaints, Nervous diseases, Skin affections, Piles, etc., and who have found Wonder Health Restorer gave them such relief that they unhesitatingly recommend its use.

Wonder Health Restorer is on sale in Prince Rupert by the Prince Rupert Drug Co.

Ask about it, get a copy of the booklet. Don't be afraid of it, as it contains nothing that would injure a newborn babe. On the other hand, it has worked marvelous benefits in thousands of cases, many of whom took it after they had tried many forms of treatment without results.

in Esquimalt which his father held before him.

Lillooet

Archibald McDonald, of Clinton, is re-elected. He is a retired gentleman and is also secretary of the Clinton School Board.

Nelson

Dr. W. O. Rose, of Rose & Hartin, Nelson physicians, enters upon his third term as member for Nelson, which is perennially Conservative.

Richmond

Thomas Pearson, Reeve of Point Grey, succeeds G. C. McGeer, Liberal, as member for Richmond. He is a well-known business man.

Rosland

William K. Esling, financial and insurance agent of Rosland, is a new man in the legislature. He succeeds W. D. Willson, Liberal, who did not seek re-election.

Similkameen

William A. McKenzie, the ranch contractor from Penticton, was given a close run by E. J. Chambers, the Liberal farmer.

Slocan

William Hunter, of Silverton, is a lumberman and mine owner and a director of the Silver Standard. He was a member the session before last and gave Charles Nelson, Liberal, a close run at the 1916 election.

South Okanagan

James W. Jones, the Kelowna merchant, enters upon his second term as member for this constituency.

Trail

Next to W. J. Bowser, J. H. Schofield, of Trail, has the longest consecutive term as member for a district, having been first elected as member for Ymir in 1907. Mr. Schofield is an insurance man.

Ymir

John McRae, reeve of Kent district, is an Agassiz contractor. This is his first term in the legislature.

INDEPENDENT

Aiberni

Major Richard J. Burde, publisher of the Port Alberni News, is entering upon his second term, after a close contest with Brig. Gen. N. E. Money, the Soldier-Farmer.

Comox

Rev. Thomas Menzies, for many years Presbyterian minister at Sandwick, was the successful candidate with a strong combination, farmer, labor and People's party behind him in a district with a badly split up vote.

Cowichan

Kenneth F. Duncan, a returned officer and an old timer in Duncan. He was formerly mayor of Duncan and his father established the town. He is a member of the real estate firm, Mutter & Duncan.

North Vancouver

Captain George S. Hanes, re-elected as member for North Vancouver, bolted from the Liberal party over the P.G.E. policy. He served overseas and is a civil engineer, formerly North Vancouver city engineer.

LABOR

Fernie

Thomas Uphill, the Fernie labor member, is an insurance agent from the city of Fernie.

Newcastle

Samuel Guthrie is a North Oyster miner. This is his first term and he succeeds J. H. Hawthorthwaite, Socialist, whom he defeated.

South Vancouver

Robert H. Neelands, a printer, succeeds J. W. Weart, who retired as member for this riding.

The Rev. Josephus Epreham Smith, distant relative of the other Smith—you know—is being brought to Rupert at great expense by the Elks. Be sure and hear him at the Westholme December 7th.

Your Bed Pillows— Would You Like To Have Them Washed?

Bed pillows are seldom washed in many households—the same pillows are used through summer and winter, illness and health.

This often happens in the dwellings, too, of housewives who are justly proud of their home sanitation. Sweet, clean slips are used, but pillows nevertheless are frequently overlooked.

Why not send your pillows to us for a thorough cleansing? We bubble them up and down in pure soft water and fluffy suds. We rinse them time and again. Then we dry them quickly in fresh, warm air, and tumble them until they become delightfully downy once more.

It gives new life to the feathers, whether they be snowy breast feathers, or the less fluffy tail feathers. The pillow, too, is sterilized. Slumber becomes a new pleasure.

Send your pillows along next time our driver calls for your family bundle. Or telephone us and we will have our driver stop next time he passes your way.

LUNCHEON TO J. D. M'CAULEY

Former Commercial Agent Guest
of Honor at Board of Trade
Luncheon.

J. D. McAuley, who left the city today for Montreal, was entertained at luncheon yesterday at the Central Hotel by the members of the Board of Trade, President S. E. Parker presiding. A bounteous repast was served by Mr. and Mrs. Peter Black in the big diningroom and at the close the health of the visitor was drunk to the tune of "He's a Jolly Good Fellow" and "Will Ye No Come Back Again," led by Pete Black.

President Parker in expressing appreciation of their guest said they had dined and dined many cabinet ministers and railway officials and others, but there was none he so sincerely desired to honor as the guest of the day. They were losing an active worker and one they could ill afford to lose. He was always able and willing to help in any good work. He was popular because of his unflinching courtesy. He would have greater opportunities for advancement in his new work.

Fine Bunch of Fellows.

Mr. McAuley said everyone was susceptible to flattery and he was no exception to the rule. Not having been a candidate at the recent election, however, he was not able to make a brilliant speech. He had never met so fine a bunch of fellows as those he found here during his four years' stay. They had always been ready to cooperate and assist in every way.

G. A. McNicholl said no one regretted more than he that Mr. McAuley was moving. Railway men, however, must expect to be transferred. In joining the staff of the Canadian Mercantile Marine at Montreal, a service which had already assumed large proportions, he would have larger scope for his energies and he felt sure he would make good. Mr. McNicholl expressed appreciation of the loyalty of Mr. McAuley on all occasions and said his public work had been of benefit to the railway company as well as of the city.

H. F. Pullen, George Frizzell and Pete Black each addressed words of regret at the necessity of Mr. McAuley leaving the city. The toast was then drunk.

Price Reductions

We are gambling on the future. Very few manufacturers have reduced prices as yet, and the reductions are very small. Still we believe that in a few months time they all will, and for this reason we are lowering prices from 20 per cent. to 35 per cent. This is not a SALE, but a permanent price reduction on all lines.

Our stock is up-to-date, no Old Styles or Job Lot Goods. We have always bought goods of quality and reputation; they are cheapest in the end.

Cut out this Ad., bring it to our store Friday Morning, and see for yourself.

SCOTIA'S SONS AT HALIFAX IN FESTIVE MOOD

Annual Dinner was Important
Event; Formerly Lasted Three
Days

HALIFAX, N.S., Dec. 4.—One hundred and fifty-two years ago the North British Society of Halifax sat down to its first St. Andrew's dinner. Last week the inheritors of that Society, one of the most ancient Scottish organizations in Canada, sat down to a like festive board, only they did not sit so long. In the days when John Gillespie, first Moderator of the Society and his immediate successors presided at the St. Andrew's dinner the members assembled at three o'clock in the afternoon and the merrymaking sometimes, they say, lasted for three days. However, these were the brave old times when the toast list was as long as one's arm.

Scots were always valiant trenchermen, but the business of the North British as it grew up with Halifax town and became one of the institutions of Nova Scotia, was not that of supplying eatables, not to mention drinkables, to its members. The Society first concerned itself with the welfare of Scotia's sons and many a Scottish immigrant has blessed its name.

Many Great Members

Playing a very large and altogether genial role in the history of the old garrison city of the blueses, the North British numbered among its members the finest Halifaxians, men distinguished in all pursuits from the laying of bricks to the occupying the chair of the Chief Justice of the Province. Among a long line of distinguished presidents appear the names of Chief Justice Thomas Halliburton (Sam Slick), Chief Justice Sir William Young, Col. James Bremner, Col. C. J. Macdonald, Hon. Robert Sedgewick, Dr. Allan Pollok, Dr. John Forrest and Premier George H. Murray.

Since its inception in Halifax in 1768 the North British through wars and the piping times of peace has carried on its charitable work, and exerted through its individual members and as a cor-

porate body not a little influence on Halifax and Nova Scotia.

At the dinner this year Alvin F.

Macdonald, editor of the Morning Chronicle and the new President which has become an event among of the North British, had the blueses.

Quality Products

The same care in the choice of ingredients and in manufacture that established the popularity of Swift's Premium Oleomargarine is making Swift's Gem Nut Oleomargarine a favorite with housewives all over the land. Equally high in quality, it differs from Swift's Premium in being a purely vegetable product. Both are made under the most sanitary conditions—never touched by hands—and answer every table requirement at a big saving in price. You are assured of satisfaction, if you insist on

COLLISION ENQUIRY HAS BEEN CONCLUDED

Indication that Marmion-Princess
Royal Collision will be Declared
Unavoidable Accident

VANCOUVER, Dec. 4.—The inquiry into the Princess Royal and the Marmion collision is ended and judgment will be handed down in due course. Wreck Commissioner McPherson is anxious that no certificates will be lifted, but the evidence will be weighed to see if blame should be attached to either ship. The indication is that the court will take the view that the occurrence was an unavoidable accident.

BIG LUMBER BOOM

RESTIGOUCHE, N.B., Dec. 4.—Work on the timber booms of the Restigouche has ceased for the season. A large amount of timber, estimated at fifteen million feet in the South boom and twenty million feet in the North boom, has been held over until next year. The lumber business for the winter does not look very promising and there are indications that the cut will be less than normal.

WHAT DOCTORS USE FOR A BAD COLD

Preparation Containing This
Treatment Offered for
Home Use.

In Grip-Fix the public is offered just the treatment which is usually used by doctors for treating a cold. This consists of Aspirin, Thymol, Quinine, Salol, Caffein citrat, caseate and camphor Monobromate, in proper proportions. The remedy is offered in capsule form as it acts quicker in this way and is also easier for home use.

Start taking Grip-Fix as soon as the first signs of a cold appear. In 24 hours you can say goodbye to your cold. Even if it has developed to the grippe stage Grip-Fix will usually conquer it in 36 hours. It is an invaluable preparation to have around a house. Thousands who have used it keep it constantly on hand. During the flu epidemics of the past two years it saved acute and dangerous disease on every hand throughout the Dominion. Get a box of Grip-Fix today. On sale at all druggists—35 cents per box. ADVT.

The Man in the Moon SAYS:-

THAT looking at the ladywear articles in the shop windows is all right, but once there is something in them it is decidedly wrong.

THAT some people would like to stop others using tobacco, while others would like to stop the manufacturers mixing cabbage leaves with the tobacco.

THAT the man who kicked the step ladder from under his fellow worker was a knocker.

THAT the man who picked himself up and returned the compliment with a swift kick of the boosting kind was a booster.

THAT it is better to boost than to knock.

THAT the chief outdoor sport yesterday seemed to be chasing hats.

THAT why does a person always laugh when he sees another man chasing his life down the street at a twenty mile an hour lick and the hat keeping well ahead? Yes, why?

THAT there are still two things in this world to be done for the first time, define humor and discover the secret of perpetual motion.

THAT most of us think we know what humor is, but none of us can tell his fellow what it is.

THAT some people imagine it is funny to pour water down another person's back. But that is mistaken humor.

THAT at the movies, humor consists chiefly in hitting someone with a soft pie.

THAT it will be a lonely life for Mrs. Ralph Smith in the provincial Legislature with 46 men.

THAT she should invite the men to afternoon tea and accept the invitations to oyster suppers.

THAT the pleasant noise of the riveters should be heard again here before long.

THAT it would be interesting to know how much money the railway companies lost in the north through the advance in railway rates.

THAT it would be a sad tale to tell how much the country lost through the shutting down of industries.
