RICH STRIKE IS MADE AT ALICE ARM MINE OWNED BY LOCAL PEOPLE

League of Nations and War on Typhus

Most of Money Required is Pledged by Delegates; Sir George Foster Spoke on Behalf of Canada

GENEVA, December 8.—The League of Nations is justifying its existence by aiding in the war on typhus, which is at present devastating a large part of Europe. It has pledged the greater part of a million and a quarter dollars required for the purpose.

The typhus plague is gradually spreading into Europe from Asia and all the efforts of the countries, which escaped the horrors of actual warfare on their soil, will be required to keep it in check and to relieve the terrible suffering consequent on its ravages.

Sir George Foster, on behalf of the Government and people of Canada, took a prominent part in the debate.

THREE DEAD VANCOUVER NIGHT FIRE

Parkes Rooming House on Pender Street Destroyed—No Direct Fire Alarm.

MANY ESCAPED IN THEIR NIGHT CLOTHES

VANCOUVER, Dec. 8.—A fire destroyed Parkes' Rooming House on Pender Street this morning at ten o'clock and three men lost their lives from suffocation. The victims were Thomas Freeman, Jim Davey and Robert Smith.

The fire originated in the premises of the Imperial Varnish & Color Co. Seventy people, most of whom were asleep at the time of the outbreak, escaped in their night clothes.

Thomas Freeman, a returned soldier, had escaped from the building, but returned to warn the others.

H. A. Benjamin is the proprietor of the rooming house. The fire chief says that if a direct fire alarm system had been installed, the lives would have been saved. This was the same fault found with the Balmoral fire.

According to later information received all the men had escaped from the building but returned to get their effects. Among the survivors were five cripples who were assisted out on crutches. Davey and Smith, while half suffocated, leaped from the third storey window to the eight-well floor. Davey was a nurse at the General Hospital and Smith was a civic employee. Many of the roomers were Goughland shipyard workers.

Later.

VANCOUVER, Dec. 8.—The mother of Robert Smith visited the morgue and found the body was not that of her son. The third victim therefore is still unidentified.

LOGGER INJURED.

VANCOUVER, Dec. 8.—J. B. Thompson, an employee of the paper company at Ocean Falls, is in the hospital here suffering from injuries received when he was struck by a broken logging table.

BIRTH.

A daughter was born at the General Hospital yesterday to Mr. and Mrs. W. G. Hughes, 5th Ave.

Entire stock of Barrie's Furniture Store at reduced prices, if in having to cut his visit so short.

NEW MAYOR OF WINNIPEG.

Edward Parnell, president of the Winnipeg Board of Trade, was this week elected mayor of Winnipeg over S. J. Farmer, the unsuccessful labor candidate.

CUNNINGHAM SUCCEEDED BY MOTHERWELL

New Chief Inspector of Fisheries for British Columbia.

NEW WESTMINSTER, Dec. 8.—Maj. J. A. Motherwell has received telegraphic confirmation of his appointment as chief inspector of fisheries for British Columbia, succeeding Col. Cunningham.

MAJOR M'BRIEN WAS HERE THIS MORNING

Met at Steamer by Maj. McMullin, Who is to be in Charge of Recruiting Local Unit.

Major General J. H. McBrien, chief of the Canadian General Staff, accompanied by his aide-de-camp, Major Willis O'Connor, reached the city this morning on the Prince George and after spending a few minutes left on the eastbound passenger train for Edmonton and Ottawa.

General McBrien had little to say this morning outside of the fact that he was on a trip of general inspection. He was met by Major McMullin who is to organize the local militia unit of 500 men. Definite steps towards the recruiting of this unit have not yet been decided upon and there are many difficulties in the way at the present. General McBrien had expected to have more time here and was disappointed.

PROPERTY SALE

William Manson Disposes of the Turf Buffet Building.

William Manson has disposed of his lot and building on Third Avenue near Sixth Street to Mitchell Billiech, of Ketchikan, the price paid being \$9,500 cash. The deal has just been completed. Billiech takes charge of the Turf Buffet, succeeding Harry Fletcher.

BRITISH EMPIRE HONORS GLORIOUS DEAD.—This photograph was taken in front of the cenotaph in London, England, when the Royal family, as well as Britain's great war leaders and politicians, attended the ceremony to commemorate the second anniversary of Armistice Day. On the extreme right is shown the body of the unknown soldier and in the rest of the picture is shown the King and behind him the Royal Princesses.

Prince Rupert is Expected Here Soon under Own Steam

Capt. Nicholson says Should Be Raised Next Week and on Arrival at Drydock Tenders for Repairs will be Invited

The wrecked Grand Trunk Pacific steamer Prince Rupert will arrive here under her own steam, in convoy of the salvage steamer Algerine, inside of a fortnight, according to the announcement made by Captain G. H. Nicholson who arrived from the south this morning. As yet the cofferdam is not completed but this, it is expected, will be done by Friday and then the vessel will probably be floated in the course of three or four days.

On the arrival of the wrecked steamer here she will go to the dry dock, where the extent of the damage will be ascertained.

Specifications will be prepared and tenders will be called for. Representatives of the repair companies will be here to examine her and the contract will be awarded by the underwriters to the most suitable tenderer. The local company will also have its chance to tender on the big job.

Captain Donald is now at Swanson Bay in charge of the vessel for the underwriters with the consent of the Grand Trunk Pacific Coast Steamship Co., from which company he is now on leave.

Captain Nicholson is in a very genial mood this morning, so must be satisfied with the progress that is being made. He remarked especially the fine weather which he claims he always brings to Prince Rupert.

KERGIN LEADS; SAFE MAJORITY

Atlin Returns, Almost Completes Give Him 77 Over Casey, Socialist.

VANCOUVER, Dec. 8.—Belated election returns from Atlin constituency give the following totals for the six candidates: H. F. Kergin, Liberal, 308; G. B. Casey, Socialist, 231; W. C. Ross, Conservative, 212; King, 79; Daly, 21; Bush, 15.

Only five isolated points remain unreported, so Kergin is assured of a safe majority.

PROPERTY SALE

William Manson Disposes of the Turf Buffet Building.

William Manson has disposed of his lot and building on Third Avenue near Sixth Street to Mitchell Billiech, of Ketchikan, the price paid being \$9,500 cash. The deal has just been completed. Billiech takes charge of the Turf Buffet, succeeding Harry Fletcher.

WINNIPEG'S MAYER

Edward Parnell Elected by 930 Majority Over S. J. Farmer, Laborite.

Edward Parnell, Mayor of Winnipeg, has been elected mayor over S. J. Farmer, a Labor candidate. The majority was 930, but there were an immense number of spoiled ballots and Farmer is demanding a recount. Hundreds of ballots were rejected in each ward, the total number of rejections being estimated at from 15 to 20 per cent.

Proportional representation is being given a tryout in Winnipeg and as yet a good many of the people do not seem to understand what it means.

William Jolliffe, the Malaspina, and latterly the Stadacona,

Advocate in the Daily News

North Star Mine has Three Hundred Ounce Ore in Recent Strike

High grade silver ore running 300 ounces to the ton was struck at the North Star mine, Alice Arm, a few days ago, according to D. Zarelli, who arrived from the Arm on the Chelohsin yesterday afternoon and returns north tonight. This rich ore is the general run and specially picked stuff runs to far greater values than this.

Mr. Zarelli states that he and James McAleenan, the owners, are going to have 15 men working on this mine all winter instead of the present staff of six. Ten horses are to be taken up to the mine and these will be used throughout the winter in taking the ore from the North Star down to the grade of the Dolly Varden Railroad. The ore will be there all winter and by spring they expect to have 15,000 or 20,000 tons ready for shipment down the railroad to the wharf and thence to Granby smelter.

Mounted Police Party Leaves on First Relay To Visit Arctic Region

DAWSON, December 8.—A mounted police party under Sgt. Demster, the famous trail breaker musher, left Dawson yesterday on the first relay for the annual winter expedition to the Arctic, the party taking several toboggan loads of supplies as far as Hart River on the Rocky Mountain divide, after which they will return to Dawson and leave here at the end of December on a dash of 500 miles for Fort MacPherson at the mouth of the Mackenzie River.

From Fort MacPherson, connecting relays will go to Rampart House and Herschel Island, where the latest news from the whaling fleet will be obtained.

The party should also bring news of the Arctic explorers who have been frozen in for the winter.

GOVERNOR RIGGS OF ALASKA IS JEALOUS OF B.C.

Says Lack of Policy in Alaska is Responsible for Capital Coming Here

WASHINGTON, Dec. 8.—An appeal for greater co-operation of policies of the Federal and Territorial governments runs through a series of recommendations for governing the territory of Alaska as submitted in the annual report of Thos. Riggs, Jr., Territorial Governor, was made public here today.

The Alaskan Governor urges a colonial policy, asserting the absence of such has caused capital, supposedly headed for Alaska, to turn to British Columbia.

Flier Predicts Great Future

Commodore Tylee Talks on Recent Transcontinental Trip.

TORONTO, Dec. 8.—"I am perfectly satisfied that within five years there will be a transcontinental air service running across Canada," stated Commodore A. K. Tylee, C.A.F., after he had related his experiences in his recent flight across Canada, to members of the Aero Club at 34 Yonge street. Five years, he said, might not bring all the developments necessary to put air transportation on the same basis as the steam railroad, but it would come within that time, and be a commercial success.

Some of the developments necessary to nation-wide commercial air transportation he declared to be multiple engines, metallic machines capable of landing on land and water, slush, mud and snow, and a series of ground stations from which the pilots of machines could be directed on their courses.

Commodore Tylee made the somewhat astounding prediction that in the near future there would be designed an airplane which would not need any fuel whatever, but which would carry only a motor and be supplied with fuel on energy from ground stations. The Germans, he said, were working on such a scheme for destructive purposes, but they did not conclude it before the war's cessation. And the French have a machine which they have flown and landed wholly controlled by wireless.

The speaker said his flight had been concluded in British Columbia under the worst weather conditions in the worst year in the last thirty years. British Columbians had told him after landing that if a flight could be consummated under such conditions as existed then, transcontinental flying was a commercial feasibility in any season in Canada.

VANCOUVER, Dec. 8.—Warrants were issued yesterday for the arrest of eight seamen of the steamer Esther Dollar of the Dollar line operating out of this port. The information was laid by Capt. J. McPhail and the charge against the men is "that they did unlawfully join together for the purpose of refusing to obey orders by superior officers." The men are Ben Tranter, John Kelly, James Chick, John Moran, George Rookard, James Kavanaugh, Jas. Robertson and Walter Jones.

Case Settled.

VANCOUVER, Dec. 8.—(Later). In the police court this morning the charge against the seamen was withdrawn as the result of an amicable settlement. It transpired that the men refused to work unless paid additional for overtime. There was no disorder aboard.

The Dollar Company agreed to reinstate them and the ship is sailing for the Orient on Thursday.

A. C. Brownlie, Grand Trunk Pacific Steamship Co. port engineer, arrived from the south on the Prince George today.

RED CROSS

The annual meeting of the Canadian Red Cross Society will be held at the Court House on Thursday, December 9th, 1920, at 8 o'clock p.m. All members are requested to be present.

F. M. YOUNG, Chairman.

DAILY EDITION.

Wednesday, Dec. 8, 1920.

Are We It or
Are We Not?

Are we or are we not a part of the Canadian National Railways and if now when? The Canadian National Railways Magazine comes out without a word about this "branch" and yet here we are unable to help ourselves and have no one to do anything for us.

We are much worse off now than we were before the Canadian National co-ordinated us. We would now like to see them pre-empt us and get us into working order. Poor orphan that we are we sorely need a grandmother or someone to look after us. What with being made into a branch line, with having been kept without fish cars with the usual delays in the matter of improvements and with the inordinate jump in freight rates, Prince Rupert and the other points along the line west of Jasper have certainly been getting the wrong end of things.

Freight Rates
Next Week.

Next week the freight rates are to be reconsidered. The railway profiteers, who got them advanced by a servile administration, have found that by jumping them so high they have killed the business which was keeping them alive. Now they will allow them to be reduced to a place where they think they will work most profitably, not where they will give the best public service. It seems wrong to have to write thus bitterly of the system, but experience is a teacher whose lessons cannot be misunderstood. Prices of all commodities are dropping and in a very short time the cost of carrying goods and passengers must fall with all other classes of service, public or private. This was the time of all others when it was unwise to push up the price of transportation as was done a few months ago.

Hurry Proceedings in
Connection With Shipyard.

Now that liquidation proceedings are well under way in the case of the drydock and shipyard, and that the Government has taken control of the yard, exercising their right to proceed with the building of the ships, it is to be hoped that there will not be any long drawn out proceedings, but that, in the interests of this port, action will be taken immediately and the work recommenced. The ships have to be built and the condition of the country demands that work be provided for the unemployed wherever possible.

Co-operative Selling
Socialistic Step.

On the prairies, the farmers are proposing a big scheme through the Government of co-operatively disposing of their grain. Wheat + something that can be graded and sold from sample. It is a product that has a standard value, yet even so, growers are often imposed on by unscrupulous buyers and efforts are made to beat down prices for the purpose of securing undue profits. To prevent this, the farmers are proposing to pool their grain and sell it all through one agency, that of the government, and each farmer would then get the same price for his product. It is the one price system carried to its ultimate conclusion.

It is possible that in other lines of endeavor, this system would not succeed. Co-operative stores are often unsuccessful, largely because it is difficult to set a standard price. The farmer with poor quality beef, badly prepared for market, wants as much for his product as for high class goods. There are always attempts to impose on the co-operative buyers and if unsuccessful the seller markets his goods elsewhere.

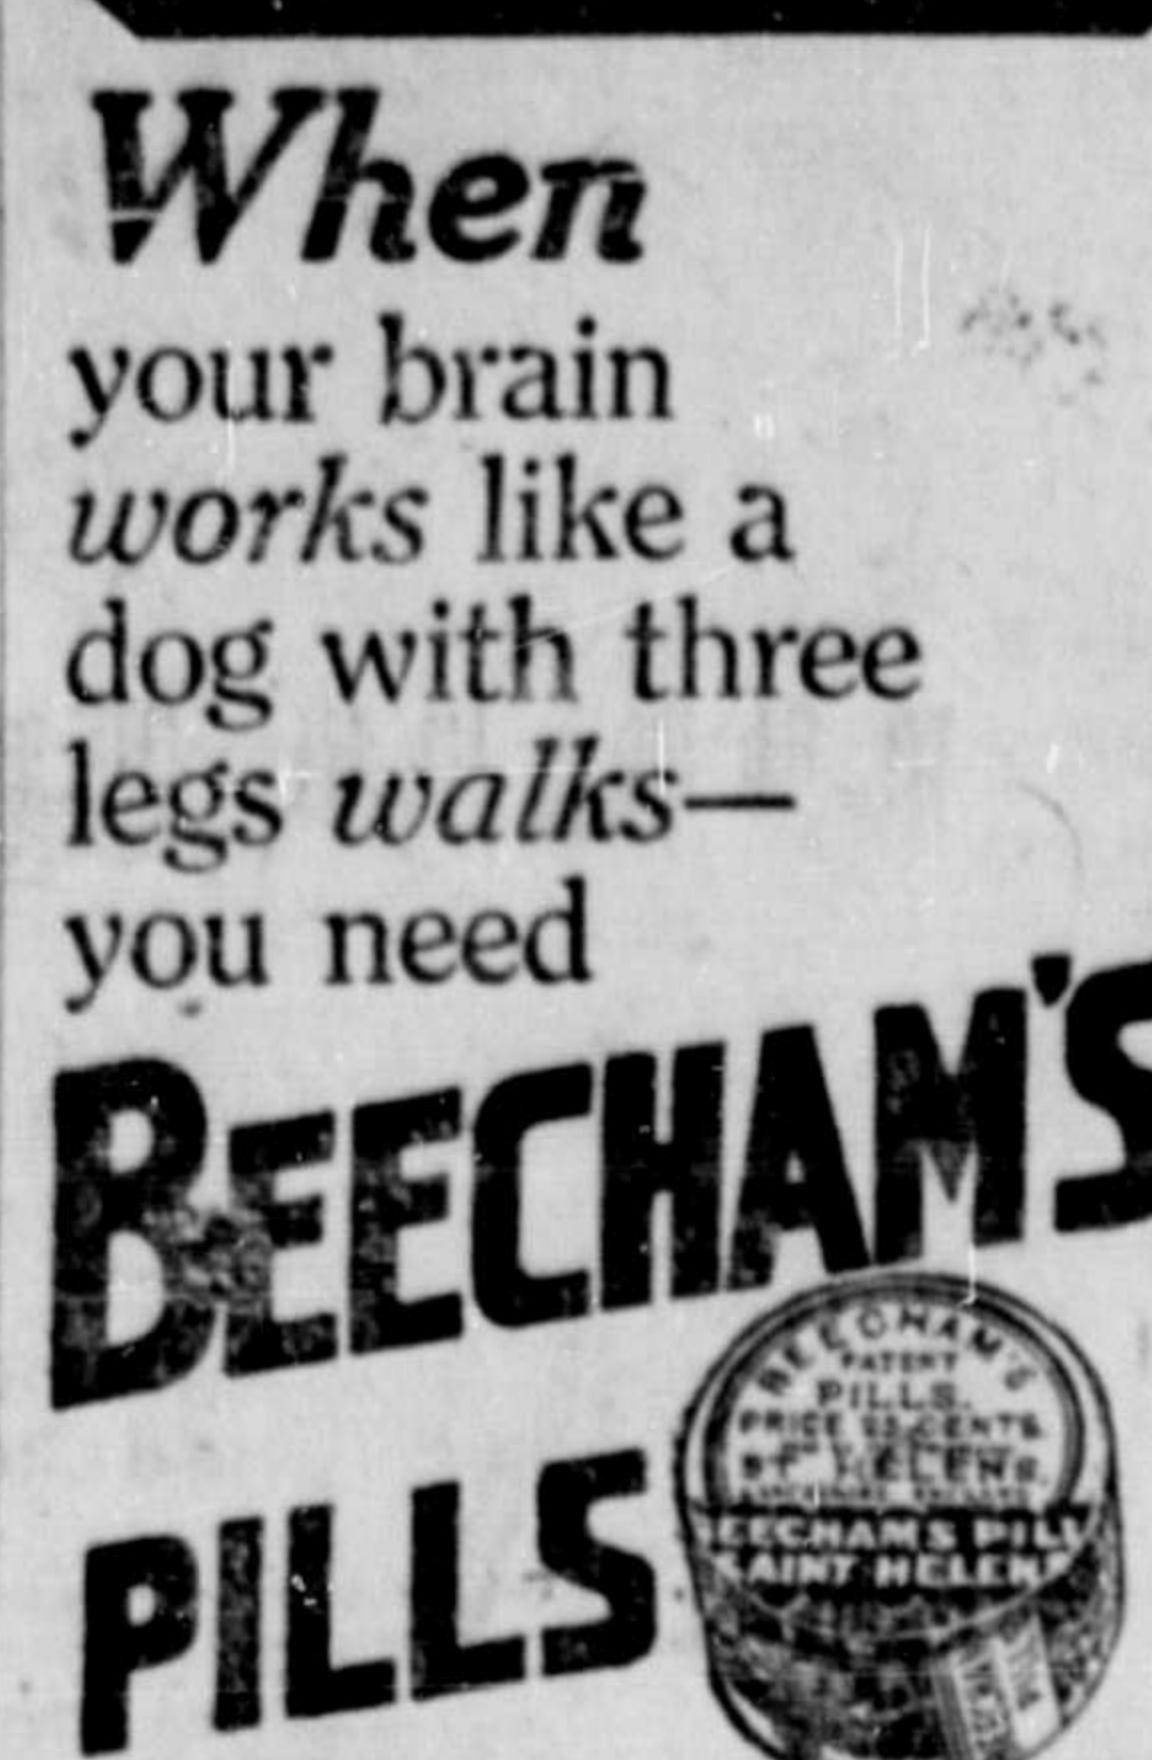

A similar fate has awaited most of the co-operative purchasing organizations. Many co-operative grocery stores have started with a great flourish but in most cases they have eventually developed into private concerns and done business just like their competitors.

From a Patron's Letter

Thanks for your promptness in sending the diamond ring I ordered. Also thanks for sending such a beautiful ring—it is finer even than I had expected."

We often have an order to send on a ring at a certain price—the best we can do at that value—and invariably receive a letter of thanks from the patron after receipt of the ring.

PLAIN CLOTHES OFFICERS WILL ASSIST POLICE

Morality Men Will Assist in Keeping Down Low Characters About Town.

Two plain clothes morality officers are to take up their activities in conjunction with the city police, according to the decision of the police commission yesterday afternoon. The motion was brought in by Commissioner Jones and finding sympathy with Mayor McClymont was passed.

The duties of these men will be more especially to watch for professional gamblers and other low characters as well as see that the Prohibition Act is administered. According to the motion they will be permanent and it is understood they may be changed from time to time. Alleged disorderly houses will be especially watched.

An analysis of the movement shows that it is heaviest on the Alaska peninsula and it is being forecast by those who have been in other sections that next Spring will see an even greater number of prospectors along the coast to the westward from Cook Inlet. In the Katalna field during the last forty days the applications received barely exceeded 10,000 acres while not a single application was received from Yatagata, Seward, Kootnahoo, Wasilla Cape Spencer and Chiniutna Bay also show lessening interest, no applications being filed from any of these districts.

Five fields are represented in last month's filings. These are Cold Bay, 45 claims for 115,200 acres; Hianna, 7 claims for 17,920 acres; Anchorage, 5 for 12,800 acres; Katalna, 7 for 10,460 acres and Aniakchak Bay 2, for 3,120 acres. It is known that in the Aniakchak field, the last named, there are a considerable number of claims located on which no applications have yet been filed, 24 being located in a single group. There are also a large number of preference right claims in the Yakataga district for which it is known that preference right applications will be filed in the near future. In fact it is conservatively estimated that more than three quarter of a million acres in all fields have been located by oil prospectors.

Capt. Chas. F. Weekman, of the Alaska, formerly owned the vessel and last spring took it to Anadir, Siberia, where, with the permission of the United States Shipping Board it was sold to Alexander Kharoff, who with his brother own the largest trading outfit in northern Siberia. The vessel was then placed under the Russian soviet register, but as there were no Bolshevik flags there, the old Imperial Russian flag was flown and is still being used.

There is no doubt that the Bolsheviks are in control for good, if the people we came in contact with have any say," said Capt. Weekman. "They were so tired of the old rule that they were glad of any change and in the year north conditions are running along smoothly. There is good order and the laws seem to be generally observed."

BROWN RETIRES.

MEDICINE HAT, Dec. 8.—M. A. Brown, president of the Western Colonization Association, is retiring as mayor after having served several terms.

AGED POSTMASTER.

HAMILTON, Dec. 8.—Adam Brown, 95 years of age, has retired from the postmastership here after thirty years of service.

Ralph Lepine returned today from a trip south.

OIL PERMITS IN ALASKA

Three Hundred Granted Recently
Covering Area of 750,000
Acres

JUNEAU, Dec. 8.—No less than 300 applications to file oil leases have been made since last February, the total area covering nearly three-quarters of a million acres.

Recent arrivals from Gold Bay report an extension of the movement to the western side of Lake Becharof toward Bristol Bay, which is said to be equally as promising if in fact not superior to the coastal area.

An analysis of the movement shows that it is heaviest on the Alaska peninsula and it is being forecast by those who have been in other sections that next Spring will see an even greater number of prospectors along the coast to the westward from Cook Inlet. In the Katalna field during the last forty days the applications received barely exceeded 10,000 acres while not a single application was received from Yatagata, Seward, Kootnahoo, Wasilla Cape Spencer and Chiniutna Bay also show lessening interest, no applications being filed from any of these districts.

Five fields are represented in last month's filings. These are Cold Bay, 45 claims for 115,200 acres; Hianna, 7 claims for 17,920 acres; Anchorage, 5 for 12,800 acres; Katalna, 7 for 10,460 acres and Aniakchak Bay 2, for 3,120 acres. It is known that in the Aniakchak field, the last named, there are a considerable number of claims located on which no applications have yet been filed, 24 being located in a single group. There are also a large number of preference right claims in the Yakataga district for which it is known that preference right applications will be filed in the near future. In fact it is conservatively estimated that more than three quarter of a million acres in all fields have been located by oil prospectors.

Capt. Chas. F. Weekman, of the Alaska, formerly owned the vessel and last spring took it to Anadir, Siberia, where, with the permission of the United States Shipping Board it was sold to Alexander Kharoff, who with his brother own the largest trading outfit in northern Siberia. The vessel was then placed under the Russian soviet register, but as there were no Bolshevik flags there, the old Imperial Russian flag was flown and is still being used.

There is no doubt that the Bolsheviks are in control for good, if the people we came in contact with have any say," said Capt. Weekman. "They were so tired of the old rule that they were glad of any change and in the year north conditions are running along smoothly. There is good order and the laws seem to be generally observed."

There is no doubt that the Bolsheviks are in control for good, if the people we came in contact with have any say," said Capt. Weekman. "They were so tired of the old rule that they were glad of any change and in the year north conditions are running along smoothly. There is good order and the laws seem to be generally observed."

CONCERT PUT OVER STRONG

Elks Provide Fine Entertainment and Christmas Cheer Fund Benefits.

Attended by an audience which filled every one of the eight hundred seats in the Westholme Theatre, the Elks' Minstrel Concert last night, "went over big." The program, something new in Prince Rupert, was prepared with care and industry and merited the appreciation which it won. To Will Edmunds, the conductor, and every one of those who took part, great credit is coming for the ability displayed. Besides the fine entertainment provided, each person who attended last night can know that he has helped in the Christmas cheer campaign that the Elks are now conducting for people in this city whose Yuletide might otherwise be dull.

Last night's program was long, but never wearisome. There were two sections, first a regular minstrel show, and second, an olio or concert recital. Gray's augmented orchestra provided excellent entertainment and the accompaniment music and assisted in no small manner in the general finish of the affair.

Minstrel Show.

The minstrel troupe consisted of twelve members besides E. A. Donohue, the interlocutor. Each of these members, gotten up in the real blackface style, presented himself in a new and comical way to the audience. The active part of this section was taken by W. E. Thompson and E. R. Tabrum, bones, and James M. Hill and Jack Cobb, the tambos, who took the talking, dancing and acting roles. Many a laugh was caused by their antics which were so typical of the regular blackface show. J. E. Davey, G. Wilson, G. Waddell, H. Fletcher, A. J. Lancaster, H. Pattinson, and A. Clapperton also appeared as minstrels, their parts being along vocal lines. Alex. Gray had charge of the musical end.

The Program.

Besides the usual jokes and quips going with the minstrel show several of the members had their individual numbers. Their program was commenced with the old chorus "There'll be a Hot Time in the Old Town Tonight," and George Waddell sang "On Miami's Shore" assisted by the troupe in the chorus. A Clapperton sang "My Old Kentucky Home," followed by the comic song "O Death,

We have now on hand
1000 Tons Wellington Coal
1000 Tons Edson Coal

As we anticipate not only a scarcity and increase in price of coal but also a difficulty in meeting your demands for prompt delivery this fall, we strongly recommend that you make sure of your winter's supply now by phoning

116, 564, Blue 69

Albert & McCaffery Limited

FEATHERED PILLOWS

Your sheets are rarely used longer than a week, and you make this change of your bed linen so as to be clean and thereby healthy. Did it ever occur to you that your "Feather Pillows," while they are invariably encased in a pillow case, also become soiled, unclean, unsanitary, and possibly unhealthy from use?

Specialties.

The punching bag exhibition by Chris Stapleton was very meritorious. He shows much skill at this exercise and besides his ordinary exhibition treated his audience to blindfold punching. Will Edmunds showed a lot of finish in his blackface specialty singing "The Moon Shines of the Moonshine" and "Bon Bon Buddy, the Chocolate Drop" to great advantage.

At 11 o'clock all lights went out and the eleven gongs sounded, symbolic of the Elk ceremony which always takes place at this

time.

SALE STARTS THURSDAY MORNING, DEC. 9

GREAT CLEARANCE SALE

Men's Clothing and Furnishings

FOR FOURTEEN DAYS ONLY

For the last few years we have all been living in an age of easy money and high prices. It may be that circumstances over which we had no control was the cause of it, but we must all admit that prices in many cases have gone the limit almost beyond the reach of the ordinary individual. For some time everybody has been expecting a slump. To us it looks as though that day has arrived and we are glad of it.

Many of you for a long time have been getting by with just as little as possible, buying only what you absolutely had to. To you this is an opportunity to replenish your wardrobe and to do so for very little money. To the Christmas shopper this sale comes right in the nick of time and should be a money saving event. All Neckwear, Silk Mufflers, Silk Hosiery, etc., to be cleared regardless of cost.

MOVE TO AVERT HASTY WEDDINGS

Anglican Social Service Council
Would Have a Week's
Notice Given.

TORONTO, Dec. 8.—A resolution was passed at a meeting of the executive of the Anglican Council of Social Service calling for legislation for the prevention of hasty marriages. The resolution was as follows:

"We deem it advisable to seek legislation making it legally necessary for those wishing to marry in Canada to give public notice thereof for at least a week before the ceremony."

Canon G. W. Vernon, general secretary of the council, stated that the object of the resolution was to eliminate hasty and ill-considered marriages, which often lead to divorce and matrimonial unhappiness.

"We have not thought out the details of what the public notice should be, but certainly it ought to be announced in the nearest newspaper and perhaps posted up in the community," said Canon Vernon.

"We also advocate that there should be only one issuer of licenses in each municipality, and by one who is not interested in the commission. He would be paid a salary, and it would dignify the position if all licenses were issued in Toronto at the city hall by one official."

After bringing the matter before all other churches and social service councils it will be placed in concrete form before the Provincial Governments.

ALICE ARM

D. S. Cameron, provincial police at Alice Arm, recently received word that his mother, aged 76, died in Glasgow, Scotland, October 30th.

The new owners of the Alice Arm Hotel plan to enlarge the present building shortly after the first of the year. The present plans call for considerably increasing the size of the present bar room, the installation of a large mahogany bar, and the upper floor will be divided into ten additional guest rooms.

Several buildings for living quarters have recently been completed while quite a number are in course of construction. The new sawmill put in by C. P. Riels being worked night and day to supply the local demand for lumber.

George Merrill, of the Exchange Grill, was taken to the hospital at Anyox last Thursday suffering from stomach trouble.

About fourteen inches of snow has fallen at Camp 8, but shipments continue from the Dolly Varden mine over the railroad to tidewater as usual.

DIVIDE SPOILS

TORONTO, Dec. 8.—Two Oregon City police are to divide the \$15,000 reward for information leading to the arrest of John Doughty in the Small case.

BYLAW NO. 356.

City of Prince Rupert.

Notice is hereby given that four (4) days after the last insertion of this notice in this paper, application will be made to the Chief of Police of the City of Prince Rupert for a grant of the transfer of the licence for the sale of beverages as defined in the above bylaw, in and upon the premises known as the Turf Buffet, situated at 710 Third Avenue in the City of Prince Rupert, from H. G. Fletcher to myself, MITCHELL BILIGICH.

Applicant.
Dated this 8th day of December, 1920.

Ten Years Ago in Prince Rupert

December 8, 1910

The City Engineer is preparing to make the deep fill on First Avenue between Seventh and Ninth Streets. A dry stone culvert is being provided for the creek to pass through and provision is also being made for the passage through the wall of the sewer and water mains.

Close by the Phenix Theatre a spacious new frame building is being erected by George S. Leet, Alfred Jendron and William Talbot. Downstairs will be a restaurant and upstairs apartments.

Fifteen thousand people attended a protest meeting in Toronto last night, and then rushed out on the streets wrecking cars and injuring people, over the newly installed pay-as-you-enter car system. The police stood by powerless to cope with the mobs.

The local Masonic Lodge has offered to furnish a ward in the new hospital. Yesterday a deputation from the lodge consisting of A. J. Morris and D. R. Morrison made the offer to a meeting of the Board at which we present President J. A. Kirkpatrick, D. G. Stewart, P. L. Palmer, H. H. Clarke, William Manson, M.P.P., Ald. Patullo and A. Guthbert.

On account of the frost, ballasting has stopped on railway construction work, but bridge building still goes on. The steel has now reached Mile 102.

WATER NOTICE, DIVERSION AND USE.

TAKE NOTICE that P. W. Racey, agent whose address is Alice Arm, B.C., will divert from the Moose Creek and the main channel of a certain foot per second of water out of Moose Creek, which flows southerly and drains into Trout Creek about at its junction with the Moose Creek. This diversion will be diverted from the stream at a point about 2,000 feet north of the Trout Creek falls at a point on the Moose No. Mineral Claim and will be used for domestic purposes upon the mine described as the Moose Group.

This notice was posted on the ground on the 11th day of September, 1920. A copy of this notice and an application for permission to divert the water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B.C.

objection to the application may be made to the Water Recorder or the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THE MOOSE GROUP MINING SYNDICATE, Appellant.

By P. W. Racey, Agent.

The date of the first publication of this notice is November 15, 1920.
