## WESTERN MEASURES MADE EFFECTIVE IN IRELAND

### FAIR ASSOCIATION FOR 1921 GOT AWAY TO A GOOD START LAST NIGHT

#### Martial Law in Certain Areas In Ireland is to be Enforced

Anyone Found Carrying Arms or Wearing Uniform after Certain Date Liable to Death Penalty; May be Conference with Sinn Fein

LONDON, December 10.—Martial law is to be in force in Ireland in "certain areas" in order that the authorities may be able to "put down murder and outrages."  
 A movement is also on foot to bring about a conference between the British Government and the Sinn Fein leaders, Premier Lloyd George announced today.  
 The Premier declared that under martial law persons possessing arms after a certain date or unauthorized persons wearing uniforms were liable to the death penalty.

#### NEW OFFICERS OF RED CROSS

Annual Meeting Last Night Expresed Appreciation of Work of Mrs. R. L. McIntosh

The annual meeting of the Red Cross Society was held last evening, when reports were received and adopted and officers were elected. A pleasant feature of the meeting was the presentation to Mrs. R. L. McIntosh of a handsome travelling case as a token of the esteem of her friends and co-workers and also as a mark of appreciation of the good fellowship which has always existed among them. Mrs. McIntosh has been the vice-chairman of the Red Cross ever since it was founded in Prince Rupert and leaves shortly for Toronto where she will in future reside. Mrs. McIntosh has contributed in no small degree to the highly successful work that the society has carried on in Prince Rupert.

#### UNANIMOUS RESOLUTION

Touching on her departure the following resolution was moved by Canon Rix and unanimously adopted:  
 "That this annual meeting of the Red Cross Society of Prince Rupert express its great regret at the approaching departure from the city of Mrs. R. L. McIntosh. We remember that she was one of the chief movers in the formation of the society during the first months of the war, when the pressing needs of the soldiers called for relief to all patriotic men and women throughout the Empire. That interest was not temporary on her part, but during the whole period of the war and after, she never slackened her efforts, but unreservedly gave of her ability, her time and her means to carry on the work she had been active in instituting. This has not all passed unnoticed and unappreciated and it cannot be allowed that Mrs. McIntosh should leave our midst without being assured that her devotion to the work of the Red Cross has been most highly valued.  
 The Society in Prince Rupert has made no small contribution to the general work done by the Red Cross Society as a whole and Mrs. McIntosh has had no small share in that which has been done here.  
 "We would convey to her and her esteemed husband, who was also greatly interested in Red Cross work, our very earnest good wishes for their future happiness."

#### WINE AND LIQUOR CONCERN GAZETTED

VICTORIA, Dec. 10.—The latest incorporations include the Prince Rupert Wine and Liquor Co., Ltd., a private company with a capital of \$25,000, headquarters at Prince Rupert.  
 The Vanderhoof Lumber Co., Ltd., private, capital \$10,000, head office at Vancouver.  
 Kobayashi, a Japanese living on Fraser St., was admitted to the hospital early this morning and he died later.

#### SITUATION AT SMELTER TOWN

Meeting of Employees Next Wednesday to Decide if Cut Will Be Accepted.

#### REDUCTION TO AVERAGE SEVENTY-FIVE CENTS

ANYOX, Dec. 10.—A vote is to be taken here on December 15 among the workers of the Granby Consolidated Mining, Smelting & Power Co. to decide whether the reduction that the company proposes in wages will be accepted or refused. In the latter case the company intends to close up the plant until copper market conditions are improved.  
 A meeting called by the company on Tuesday night to lay the situation before the employees, H. Munro, general manager, spoke advising the men not to make a hasty decision but to take the time to think things over. A resolution averaging 75c per day is proposed and the expectation is that it will be accepted.

#### VERY ROUGH SEAS DELAYED ARRIVAL

H. J. Bradbury, Launch Bethune, is Back With Ballot Boxes From South Queen Charlottes.  
 H. J. Bradbury returned last night in the launch Bethune, after having collected the ballot boxes of the provincial election from the Southern Queen Charlottes Islands. Mr. Bradbury encountered very severe weather off the south end of the islands and his arrival was delayed several days. There yet remain about ten ballot boxes to be brought in from outside points in this district.

#### Three Men are Lynched in California at Midnight

Alleged Murderers taken from Jail by 100 Masked Men and Hanged to Oak Tree at Cemetery near Santa Ros.

SANTA ROSA, December 10.—George Boyd, Terence Pitts and Charles Valento, accused of murdering Sheriff Petray of Sonoma County and Detectives Jackson and Dorman on Sunday, were taken from the jail this morning shortly after midnight and hanged by a mob of 100 men wearing black masks. They overpowered the officers, and removed the prisoners to waiting automobiles.  
 Fifteen machines carried the masked party toward the Sonoma road. They stopped at the cemetery, ropes were prepared and the men were hanged to an oak tree. The headlights of three autos were used to illuminate the tree selected.

#### Annual Meeting of Fair Association

Helpful Criticisms made with view to Bigger and Better Exhibition Next Year; More Exhibitors Needed

The consensus of opinion at the annual meeting of the Northern British Columbia Agricultural and Industrial Association was that next year all the concessions should be on the grounds adjoining the exhibition building and that determined efforts should be made to secure a better industrial exhibit; to secure the co-operation of the outside districts in the matter of exhibits, and to give special attention to the native department with a view to securing more competition among themselves.

#### NEW DIRECTORS FOR PRINCE RUPERT ANNUAL FALL FAIR

The directors of the Prince Rupert Fall Fair for the coming year were elected at the annual general meeting in the city hall last night as follows:  
 George Munro,  
 George Bryant,  
 W. E. Thompson,  
 John McEae,  
 R. Pattinson,  
 Harry Love,  
 Fred Dawson,  
 Walter Harper,  
 H. A. Beck.

#### Helpful Criticism.

There was a lot of helpful criticism at the meeting, all given with a view to bettering conditions next year.  
 George Tite, one of last year's directors, said it had been an uphill pull but they were now out of the hole and the citizens were behind the institution. He suggested that this year the wholesalers should be represented on the board. They were more in touch with outside points and what they wanted was to make the exhibition representative of the whole country.  
 George Munro said they had worked hard and the public had contributed generously. The sum of about \$5,400 had been collected as donations, which he considered was exceptionally good. He and Mr. Tite had been in charge of the native department and he thought the Indians were well pleased with the treatment they received.  
 In regard to the carnival Mr. Munro said the directors had not felt they could undertake this and a company had been formed for the purpose. This company had paid the exhibition \$500 for the concession. Next year he advised closing in the grounds around the

#### New Corporation in Charge of Whalens

Reliance Mill & Trading Corporation to have Charge of Manufacturing End of Business at Swanson Bay and Port Alice

VANCOUVER, December 10.—A. E. McMaster, acting manager of the Whalen Pulp & Paper Co., Ltd., made the following announcement yesterday:  
 "At a special meeting of the board of directors at Toronto on Wednesday, it was decided to engage the services of the Reliance Mill & Trading Corporation of New York to take charge of the manufacturing end of the business.  
 "Recently Messrs. McGarvey, Ross and Whalen, directors of the company, visited the plants at Swanson Bay and Port Alice, and the visit was followed by a careful inspection by sulphite experts. As a result of their reports, the directors have decided upon the course mentioned.  
 "At the head of the Reliance Corporation is John Ball, president, formerly of Price Bros., of Quebec, who has an international reputation as a paper manufacturer. The vice-president of the corporation is C. M. Waite, for years pulp mill manager of International Paper and also of the Great Northern Paper Co. Both of these men are to take personal charge of the operations in British Columbia, assisted by Mr. Carrigan, who has had long experience in manufacturing sulphite.  
 "The Whalen Company owns two plants, one at Port Alice and the other at Swanson Bay. It will be the policy of the new management to manufacture up to the limit of the capacity of 70,000 tons yearly."  
 T. W. McGarvey, president of the company, leaves today for Vancouver to take personal charge pending changes which will take place immediately. The prospects of the company are very bright and it is expected a further announcement of importance will be made shortly after Mr. McGarvey's arrival.

#### WILSON WILL NOT APPOINT A DELEGATE

Disarmament Committee of the League to be Without American Representative.  
 GENEVA, Dec. 10.—President Wilson's negative reply to the League of Nations invitation to name an unofficial delegate to cooperate with the commission on disarmament, caused great disappointment here.  
 Canada, whose delegation made a great impression on the assembly, scored again when she secured the elimination of provisions in the report for permanent finance, transit and health commissions. The assembly was impressed by the growing expenses of the League and accepted the Canadian view.

#### BOLSHEVIKI PIRATE SHIP

Schooner is Roaming Northern Waters Robbing Remote Villages and Flying False Flags  
 ANCHORAGE, Alaska, Dec. 10.—News that a Bolshevik pirate schooner is roaming the waters of the North has been brought here by the steamer Alaska. The boat is visiting remote places and robbing the residents of isolated fish villages on the Siberian coast and manage to evade the United States revenue cutters.  
 The Russian, Siamese and other flags are used in turn. Included in the loot that is known of is thirty tons of coal.  
 The water sports had been costly and there were no financial returns from that department. Mr. Munro doubted if these sports were worth the money spent on them. The appropriations in this direction could well be cut down another year. The hydroplane failed to arrive, but that was no fault of the association.  
 Mr. Munro expressed appreciation of the services of the secretary who among other work had financed the prize list and also paid half his salary out of the proceeds.  
 R. H. Shockley urged having the carnival on the grounds next year in order to attract the people there. This he thought would result in more admission money being paid. He also criticized the lack of preparation for the exhibits. He knew the difficulty in getting help on such an occasion.  
 Paid to Exhibit.  
 R. Pattinson, speaking from an exhibitor's standpoint, said that while the attendance had been less than on the previous year, it had been well worth while from an

#### BIG SHIPMENTS

Ore Amounting to 27,000 Tons Taken From the Dolly Varden Mine.  
 VANCOUVER, Dec. 10.—Twenty seven thousand tons of ore has been shipped from the Dolly Varden mine since the first of the year, P. W. Racey told the Mining Institute here. Most of this went to the smelter at Anyox, but the hand-picked high-grade was shipped to Tacoma.  
 Entire stock of Barrie's Furniture Store at reduced prices. If

**Better Exhibition  
 In Coming Year.**

Judging from the tone of the annual meeting of the exhibition association last night, the fair should be bigger and better next year than last. The directors were all new to the game on the last occasion. Now they have had some experience and there is some new blood that should strengthen it.

The suggestion at the meeting that all the concessions should be on the hill and not in the streets seemed to meet with general approbation and an attempt will be made to centre everything at and around the Exhibition Building, if the will of the membership is carried out.

**Three Principles  
 To Be Followed.**

There is nothing particularly new in regard to the suggestions made for the improvement of the fair. The ability to carry out the suggestions is the only difficulty. In the first place there must be more local exhibits. If the local people are not sufficiently interested to place exhibits, how can it be expected that outsiders will come here.

The next suggestion is that outsiders shall be induced to cooperate. There are two or three methods of securing this. First they must be shown that Prince Rupert people are interested in them and that their exhibits are desired; they must be shown that it is to the advantage of their districts that exhibits be made here. It must also be shown them that care will be taken of their exhibits and that every possible facility will be given in the matter of placing the exhibits.

The bigger and better the fair, the more value it will be to the exhibitor, the more people will attend and the better financial results will be obtained.

**Induce Natives to  
 Interest Themselves.**

Last year the native exhibits were the subject of much favorable comment. They put to shame some of the other entries. The visitors from the Island and other points were enthused over the reception they got and it is promised that there will be much keener competition next year. This is a feature that should not be neglected. Prince Rupert is the recognized holiday centre for the employees of the fisheries and others in September, and the good work which has been commenced in this line should be continued and developed so that the whole countryside will look to this city at fair time for a holiday outing.

Last year there were no complaints, as in former years, in regard to housing. The chief difficulty is one of transportation, but with the development of the district resources will come population, and population will bring transportation. It is impossible to have transportation which is unprofitable.

**See That Everybody  
 Is Doing Work.**

The old idea of fair organization was that a few of the directors should do all the work. The new idea is that the directors will organize the work and keep everything moving.

Take the department of women's needle work and the school exhibits as examples. These, as well as the art departments, have had no encouragement of late. If a strong and energetic committee of women had charge of these departments, or two or three separate committees were formed and the directors kept in touch with them and their work, some beneficial results might follow. Sometimes a committee of one is best to handle a department. One woman can always do more than five. If a person understands that her personal honor is at stake in making a department a success, she will leave no stone unturned to get results.

What is true of women is also true, though perhaps to a lesser degree, of men. Small committees held responsible for departments, are the most likely to succeed. A big committee never does anything and never will.

**PRINCE RUPERT TIDES**

<b>Thursday, December 9.</b>	
High, 6:55 a.m., 18.7 feet.	12:34 p.m., 21.2 feet.
Low, 6:40 a.m., 8.8 feet.	19:23 p.m., 3.8 feet.
<b>Friday, December 10.</b>	
High, 1:34 a.m., 19 feet.	13:11 p.m., 21.3 feet.
Low, 7:17 a.m., 8.7 feet.	19:57 p.m., 3.7 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.  
 The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.  
 The height is in feet and tenths of feet above the average level of lower low water.

**NOTICE.**

**TIMBER SALE X 2768.**  
 Sealed tenders will be received by the District Forester, Prince Rupert, not later than noon on the 15th day of December, 1920, for the purchase of Licence X 2768, to cut 5,132,000 feet of Cedar, Spruce, Hemlock and Balsam, on an area situated on Nambu Lake, Range 2, Coast District.  
 One year will be allowed for removal of timber.  
 Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

**TIMBER SALE X 2740.**  
 Sealed tenders will be received by the Minister of Lands at Victoria, not later than noon on the 30th day of December, 1920, for the purchase of Licence X 2740, to cut 5,132,000 feet of Cedar, Spruce, Hemlock and Balsam, on an area situated on Nambu Lake, Range 2, Coast District.  
 Three (3) years will be allowed for removal of timber.  
 Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

**THOUSANDS PLAY  
 PUSH BALL IN  
 LONDON CITY**

**Police Stop Game and Stab Great Ballon in Hyde Park**

With the Marble Arch as one goal and Hyde Park Corner as the other, 1,000 students last night played a "rag" game of pushball, says the London Chronicle.

Their ball was 6 ft. in diameter and the "ground" was Ring Road, which runs parallel with Park Lane. On one side were the men from the Imperial College of Science and Technology and the opposing team were from the "United" Hospitals.

But the game was really triangular, as the police took an active part in the proceedings and scored the heaviest of all. They left the field as conquerors, wildly cheered by the students.

**Defeated Students' Lament**  
 Broken up into little pieces, the defeated push-ballers left the park shouting:  
 "What did Robert do to the pushball?"  
 "He knifed it!"  
 About five o'clock the monster ball was escorted from the Imperial College, and held aloft by scores of hands was accompanied by the other members of the team, 600 strong.

A one-armed banner bearer waved a large mock college flag all along the route crowds gathered, laughing and cheering as the processionists swung by to the usual marching songs.

Police came rushing up and there was a parley with the leaders, without, however, any stoppage of the procession. One answer an inspector got was "We are out to play the United Hospitals in Hyde Park and to Hyde Park we're going. Come with us and see the fun."

**Knifed!**  
 Hardly had the push-ball been dropped within the park when the police became actively concerned in a great scum and the students were hard put to it withstanding the tremendous pressure from the comparatively small, but compact and drawn body of constables, determined to reach the offending ball.

Many students went down in the struggle as the police pushed their way in.

Millionaires came out on their balconies to watch the game and the excitement was intense and terrific the noise of shouted college cries.

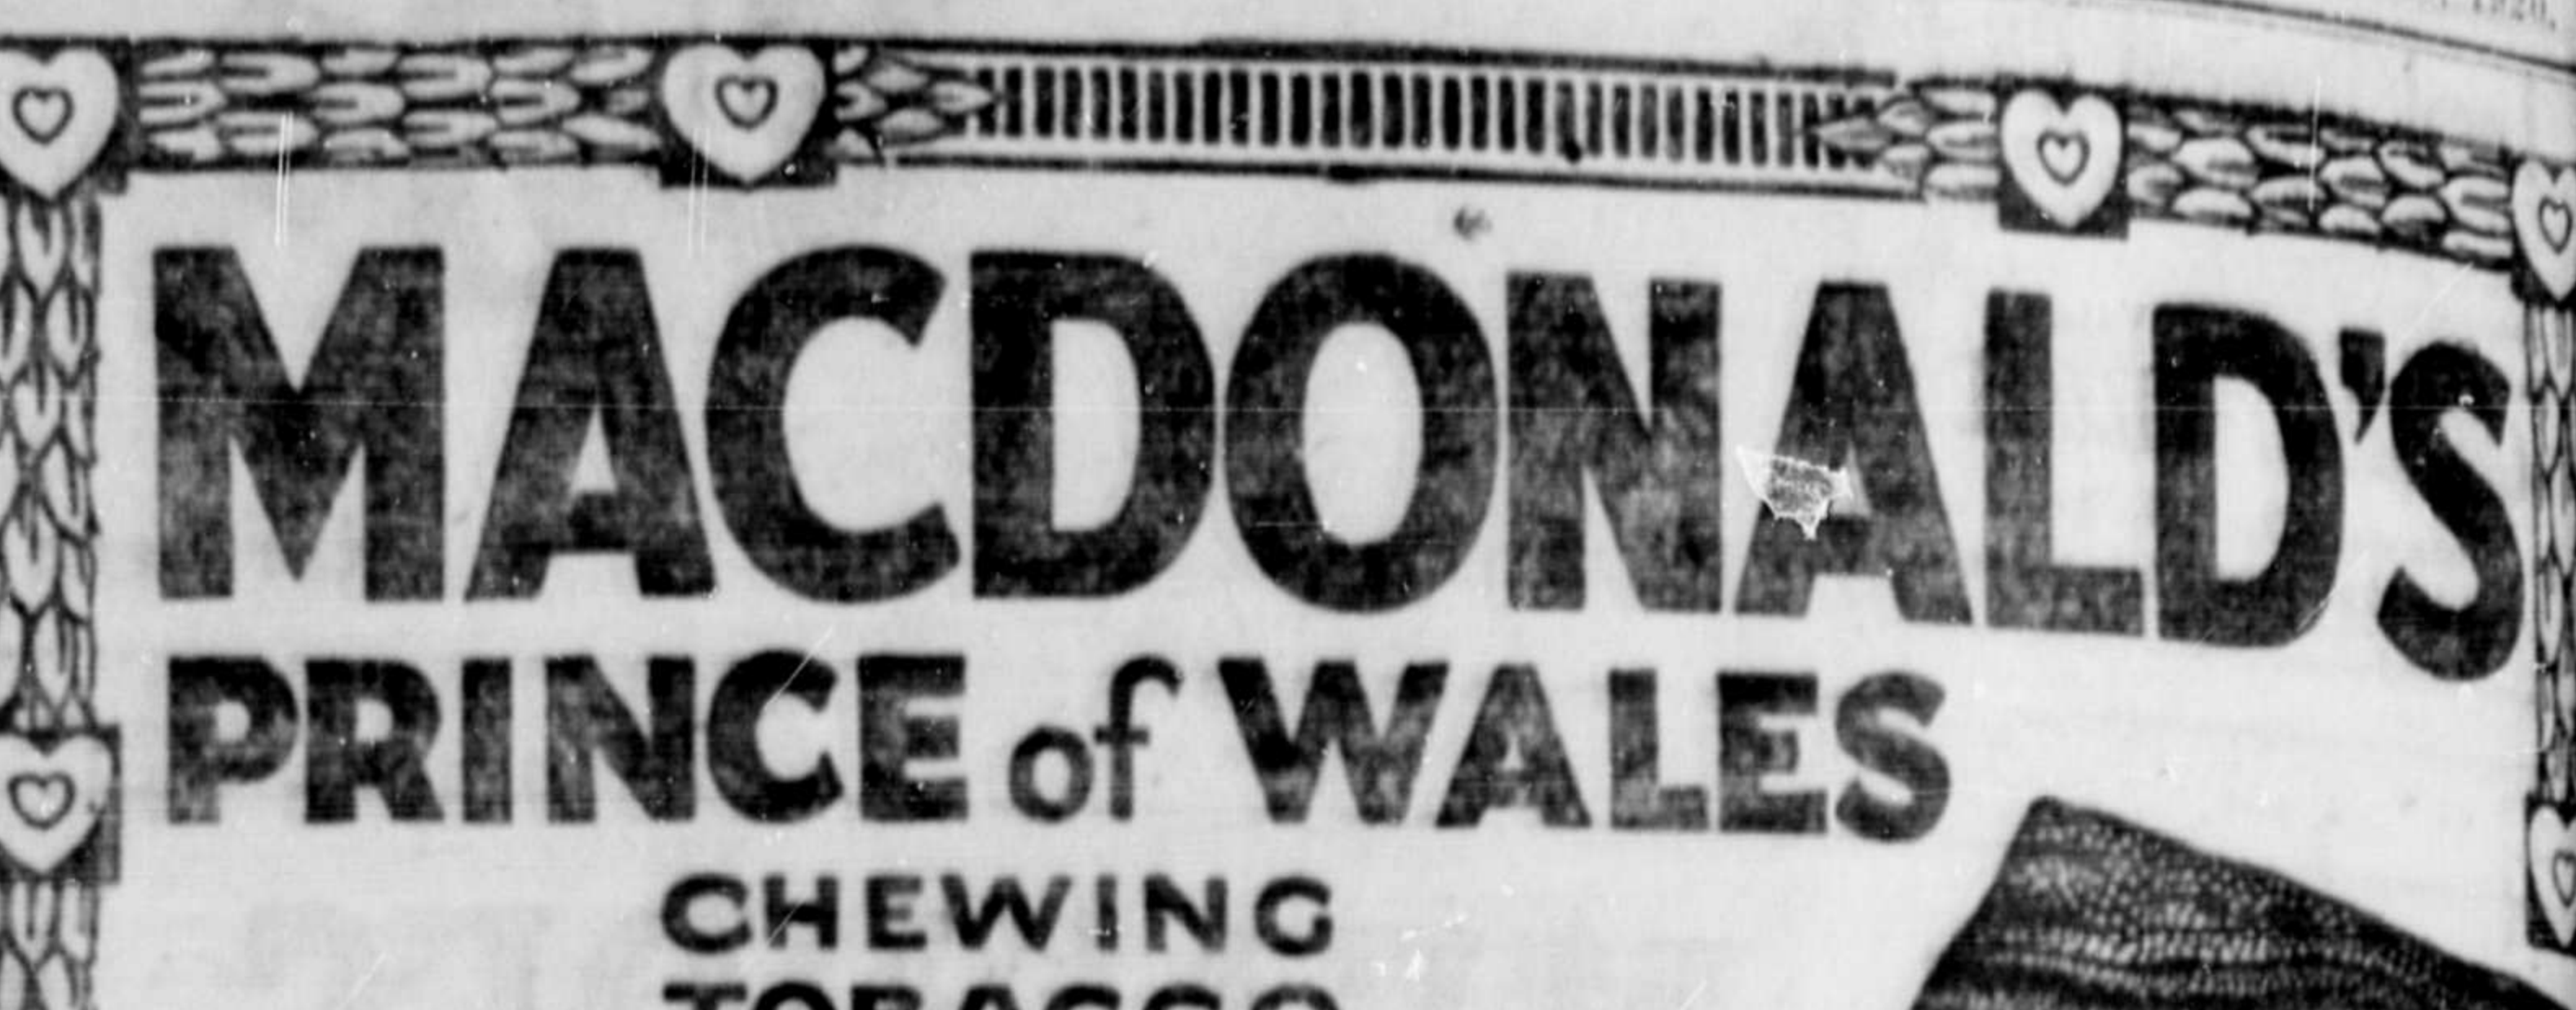

But the defenders were too much for the police as a body.

One policeman detached himself from his fellows and for one brief moment found himself right against the ball.

It was enough. Up went his right hand, down came his jack-knife—and that push-ball was soon the most deflated thing in London.

But the British never know when they are beaten and the students of both teams fought among themselves for the leather and in the end the Imperial men succeeded in scoring a goal through the Marble Arch.

**THE MAN IN THE MOON SAYS—**  
 THAT the League of Nations has done something if it was only to provide sponsors at Sir George Foster's wedding.  
 THAT surely some of the young men around town should take heart and throw in their lot with the benedictines, now that they have such a prominent example before them.  
 THAT if marriage is a failure why did Sir George?  
 THAT someone wants to know if Sir George really feels young at 73 years of age or if he is in his second childhood.  
 THAT at least one girl says it is all right to vote, but she prefers an old time voter to a new style vote.  
 THAT which of the Canadian naval boats will be sent after the Bolshevik pirate ship?  
 THAT the Rainbow and other armed vessels are out of business and even the Marfish is laid up in the river at New Westminster.  
 THAT the only thing to do is to call on the United States or Japan to protect us.

### Ten Years Ago in Prince Rupert

December 10, 1910  
 A. J. Morris was re-elected president of the Board of Trade at the annual meeting in the Knights of Pythias Hall last evening. J. A. Kirkpatrick was elected vice-president and M. M. Stephens re-elected secretary. The council consists of W. P. Lynch, W. M. Law, F. Stork, A. E. McMaster, G. D. Tite, D. G. Stewart, F. Mobley, J. G. Dawson, D. H. Morrison, J. F. Brandt, J. G. Scott, G. W. Sickerston, G. H. Thomson and H. P. Wilson. There are 72 members in good standing on the Board. **tf**  
 Magistrate Carrs' was chairman of a debate for and against the Scott Act in the McIntyre Hall last night. The speakers were W. J. Faris, of Vancouver, and Rev. F. W. Kerr for the adoption, and William Blakemore and Dr. McIntyre against. Impromptu remarks were also made by Father Hartmann and Rev. W. H. McLeod, the debate, at one stage, becoming rather hot. **tf**  
 At the Court of Revision on the Voters' List held this morning W. E. Fisher made a complaint that the list should be hung in type-written sheets on exhibition. He thought it should be revised and printed. **tf**  
 An application has been made at the Provincial Government offices in Victoria for a charter for a railroad to run west to the sea from the Ground Hog country. **tf**

## After the "Flu" Four Children Had Whooping Cough

Whooping Cough, although specially a disease of childhood is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is far common in female than male children.  
 Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.  
 Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the much-sought-for rest and health and soothes the lungs.  
 Mrs. J. M. House, Imperial, Sask., writes:—"After the 'flu' last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."  
 Dr. Wood's Norway Pine Syrup is 35c. and 60c. a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

**NAVIGABLE WATERS PROTECTION ACT.**  
 Revised Statutes of Canada (Chapter 115).  
 THE CANADIAN FISH AND COLD STORAGE CO., LTD., hereby gives notice that it has under section seven (7) of the said act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert, at the City of Prince Rupert, B. C., a description of the site and the plans of a wharf proposed to be built in the Skeena River, on the land covered by water known and described as assigned Lot "B" of Block Five (5) of Lot Forty-four hundred and forty-five (4445), Block Five (5), Coast District, in the Province of British Columbia.  
 AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice THE CANADIAN FISH AND COLD STORAGE CO., LTD., will under section seven (7) of the said act apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said wharf.  
 DATED at Prince Rupert, B. C., this 30th day of November, 1920.  
 THE CANADIAN FISH AND COLD STORAGE CO., LTD., LIMITED, by Fisher and Gushkin, its solicitors.

**THE BANKRUPTCY ACT.**  
 In the estate of Acropiano Spruce Lumber Co. Limited, authorized assignor.  
 Notice is hereby given that the Acropiano Spruce Lumber Co. Limited, of Port Clements and Prince Rupert, B. C. did on the 8th day of December, 1920, make an authorized assignment to the undersigned.  
 Notice is further given that the first meeting of creditors in the above estate will be held at the office of Williams & Manson, Solicitors, Royal Bank Building, Prince Rupert, B. C., on Thursday, the 16th day of December, 1920, at the hour of 4 o'clock in the afternoon.  
 To entitle you to vote thereat proof of your claim must be lodged with me before the meeting is held.  
 Proxies to be used at the meeting must be lodged with me prior thereto.  
 Any further like notice that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me within thirty days from the date of this notice, for from and after the expiration of the time fixed by subsection 8 of section 37 of the said Act I shall distribute the proceeds of the debtor's estate among the parties entitled thereto, having regard only to the claims of which I have then notice.  
 Dated at Prince Rupert, B. C., this 8th day of December, 1920.  
 GEORGE BOHME, Authorised Trustee.  
 SMITH Block, Prince Rupert, B. C., P.O. Box 849.

# Got a Cold?

Peps will give you relief. Simply dissolve a Peps tablet in your mouth. Your breath carries the medicinal Peps vapor, which is released, to all parts of the throat, nasal and air passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and heals the inflamed membranes and fortifies you against coughs, colds, sore throat, bronchitis and grippe. Peps contains absolutely no harmful drugs and are therefore the safest remedy for children.

**FREE TRIAL.** Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

## BRINGING UP FATHER

## LIVING COSTS IN ENGLAND

Prices Continue Very High There, although Recent Reports Indicate Relief in Sight

Manchester, Nov. 3.—Prices remain high here and while there are indications of relief it has had little effect so far. A home laid egg is now worth 14 cents and may go even higher, and cooking eggs seven cents each. Before the war fifty per cent of the egg supply came from Russia, but that is now cut off. The Guardian says:

"According to the wholesale reports, tea and coffee are falling in price, but the reaction in the shops is only partial. The better kinds of tea still command a steady sale at the worst kind of price, but the great increase in imports lately has had its effect on the inferior quantities, which can be bought cheap. If people persist in paying more for tea than they need, that is their own fault; the fact is that there is plenty of cheap tea to be had. The average price of Indian tea per pound wholesale has gone down from 1s. 2½d. on April 30 to 10½d. on October 12. Coffee seems to remain steady—in the shops. In the wholesale market Costa Rica coffee has declined from 165s. to 122s. 6d. between the dates given above.

**Sugar and Jam**  
 At the moment the most notable food in which there has been a drop in price, wholesale and retail, is sugar. Three of four months the Sugar Commission reduced its charge to the manufacturers from 169s. a cwt. to 142s. It is understood that the Commission had underestimated the amount of sugar available. Consequently jams and confectionery have dropped in price recently in most parts of London. A famous West End shop gives you strawberry jam at a shilling a pound, against 1s. 11d. or so a short time ago. The retail price is expected to come down in the next few weeks. Until recently the Government supplied grocers with rationed sugar at considerably lower price than what was charged to the manufacturer. The price of both to retailers and manufacturers has now been equalized at 112s., and as supplies are likely to improve still more there ought to be a further improvement for the housewife before long.

**Boots and Clothes.**  
 A glance round the boot shops in the Strand is sufficient proof that supply is leaving demand behind—at the old prices. In Fleet Street a big shop is selling good boots at anything from 14s. 6d. to 25s. Another shop does huge business in guinea boots. A few months ago it was hardly possible to buy a pair of leather boots with a month's wear in them for less than £2. The manufacturers have huge stocks on hand, and the Government has in the last few months unloaded many thousands of the heavy army boots to the shops.

As to clothing, the London shop windows show a substantial drop since the early part of the year.

People will no longer pay sixteen guineas for a suit, even in Bond Street. Suits which cost that figure a few months ago can now be bought for about twelve. A big tailoring firm in the city is selling suits made from good cloth at five guineas and doing enormous business. The war of prices among the Strand tailors has had a wholesome effect. The market report says that the wholesale clothiers have very heavy stocks in hand. The London-tailors are loaded up with cloths and do not want any more. The natural result of bigger supplies and greater caution on the part of the buyers is a cheaper suit.

**"Luxury" Articles.**  
 A significant trade is the slump in high-priced talking machines. The soldiers acquired the gramophone habit at the front, and since the peace there has been a steady demand for these articles at prices such as would have seemed fantastic before the war. Many people have no longer money for such luxuries, and the companies that make them are adapting themselves to the fact.

## WELL KNOWN LOCAL COUPLE WERE WED

Miss Susan Reid Becomes Bride of Robert Davie, Rev. Dr. H. R. Grant Officiating.

A quiet but interesting wedding was solemnized at the home of Mr. and Mrs. William Reid, Steele Block, last evening at 9 o'clock when their daughter Susan was united in marriage to Robert Davie, Rev. Dr. H. R. Grant officiating.

The bride looked charming in her travelling suit of brown with velvet hat to match. She carried a bouquet of carnations. Her sister, Miss Mary Reid, was the bridesmaid and George Abbott supported the groom. The gift of the groom to the bridesmaid was an onyx ring.

After the ceremony a wedding supper was served, there being present only a few immediate friends of the bride and groom.

Dr. Grant proposed the toast which was suitably responded to by the groom. Escorted to the steamer by a host of friends, Mr. and Mrs. Davie left on the Prince George for Vancouver, where they will spend a brief honeymoon, returning in a few weeks and taking up their residence in the Smith block.

Both Mr. and Mrs. Davie are well known here and have resided in the city for years. The bride was a valued member of the municipal telephone exchange and is very popular among the younger set. The groom, who has been connected with the Westholme Lumber Co. and Albert & McCaffery for ten years or more, served overseas for a long time, having left the city with one of the first contingents. He is also popular and the best wishes of many friends will be extended to both he and Mrs. Davie on this occasion.

## FISH IN PORT IS WAITING FOR CARS

**Certificate of Improvements.**  
 NOTICE.  
 "Dipper Creek," "Dipper Creek No. 1," "Dipper Creek No. 2," and "Dipper Creek No. 3" Mineral Claims situate in the 22-1/2 River Mining Division of Cassiar District, Where located—Kitasnoo River, Alice Arm.  
 TAKE NOTICE that I, George A. Young, Free Miner's Certificate No. 26592-C, acting for myself and as agent for Joseph Wells, Free Miner's Certificate No. 40631-C, and Arnie Davidson, Free Miner's Certificate No. 40627-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claims.  
 And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.  
 Dated this 6th day of November, 1929.

**WATER NOTICE.**  
**DIVERSION AND USE.**  
 TAKE NOTICE that P. W. Halsey, agent for the Moose Group Mining Syndicate whose address is Alice Arm, B. C., will apply for a license to take and use one-quarter of a cubic foot per second of water out of Moose Creek, which flows southerly and drains into Trout Creek, about at its junction with the Moose River. The water will be diverted from the stream, at a point about 2,000 feet north of the Trout Creek Falls at a point on the Moose No. 6 Mineral Claim, and will be used for domestic purposes upon the mine described as the Moose Group.  
 This notice was posted on the ground on the 14th day of September, 1929. A copy of this notice and an application for a license thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.  
 Objections to the application may be filed with the said Water Recorder within the thirty days after the first appearance of this notice in a local newspaper, PUBLISHED, THE STURGE GROUP MINING SYNDICATE, AMBICANT.

By P. W. Halsey, Agent.  
 The date of the first publication of this notice is November 15, 1929.

**BY-LAW NO. 352.**  
**City of Prince Rupert.**  
 NOTICE is hereby given that four (4) days after the last insertion of this notice in this paper, application will be made to the Chief of Police of the City of Prince Rupert for a grant of the transfer of the license for the sale of beverages as defined in the above by-law, in and upon the premises known as the "Turf Buffet," situate at 718 Third Avenue in the City of Prince Rupert from R. C. Fiecher to myself.  
 MITCHELL WELLS,  
 Applicant.  
 Dated this 8th day of December, 1929.

Two-color window cards like the eye quickly. See them at the News Job Department.

**FEATHER PILLOWS**  
 Your sheets are rarely used longer than a week, and you make the change of your bed linen so as to be clean and thereby healthy. Did it ever occur to you that your "feather pillows" while they are invariably encased in a pillow case, also become soiled, unclean, unsanitary, and possibly unhealthy from use?  
 We wash and sterilize your Feather Pillows in a neutral soap, drying them in our new Rotary Tumbler at a temperature of 245 degrees Fahrenheit, leaving each and every feather light and fluffy, just the way you would have them. The cost is 75 cents each, with our guarantee, i.e.—It's your satisfaction or no charge is made.  
 Give us one this week and compare it with its mate when returned.

### ANNUAL MEETING OF FAIR ASSOCIATION

(Continued from Page One.)

advertising point of view. It was the best sort of advertising they could get. There was not, however, enough competition. He was surprised the merchants did not take this opportunity of placing their wares before the public. In Vancouver a charge of \$100 a front foot was made for space, but here they got it free.

E. V. Ling corroborated what his business partner had said. In all the exhibitions he had attended elsewhere merchants had exhibited their wares. Even if there was no direct profit they should make some sacrifices. There was a lot of money spent at the fair here and they should make a big thing of it. He criticized the upstairs arrangements and said the exhibit of the local schools was not good, this in marked contrast to the excellent native exhibit.

**Sat on Exhibits.**  
H. H. Shockley told of the difficulties of exhibitors. Drawings had been placed on a table and apparently they had been sat on and thrown in a heap. Exhibitors

would not take part if treated in that way.

J. Jabour urged that better attention should be paid to women's fancy work and larger prizes be given in that line.

S. M. Newton urged the value of outside publicity and said he thought we were inclined to lose sight of the main object of the association. The exhibition should not be localized too much. District associations had recently been formed in many places and these tended to draw interest away from here. In spite of this he thought this might be made the big event of the year. Now it was too much a local affair. By enlisting the co-operation of outside points it could be made a greater success than ever before.

President George Bryant explained that this running an exhibition was a big job and there was a lot of work to it. He hoped that with the experience of the past they would do better in the future. He thought it might be a good thing to send someone to the interior to work up interest there.

Secretary Hunter explained some of the difficulties they had been confronted with. Belated exhibitors had been one cause of trouble and had caused confusion. All the directors were busy men but on the whole he thought they had done good work.

W. E. Thompson, a member of last year's board, said he realized the amount of work there was. He advised having attendants to show people round. He appreciated the help the ladies had given in their department and moved a resolution of thanks to them.

#### Concessions on Hill.

Martin O'Reilly said some were better adapted than others for the work. This past year they had made an effort to pay the bills. All were agreed it would be better to have the concessions on the hill. He agreed that it would pay the merchants to exhibit. He had done so once with good financial results. He believed in advertising of all kinds. Most of the credit this year was due to George Bryant, George Munro and George Tite.

H. F. Pullen mentioned the constructive criticisms that had been made but said he would like to speak appreciatively of the work done by the directors. He mentioned that some people had remarked that it could not be expected outsiders would take an interest in the exhibition if local people did not trouble to do so. He moved a vote of thanks to the retiring directors which was carried.

George Bryant thanked the meeting on behalf of the board after which the officers were elected and the meeting adjourned.

## McMORDIE HAS GAINED POINT

School Board Decides to Pay for Hoist Tower After Advice From Contractors.

Contractor S. P. McMordie won his point in regard to the payment for the building of his hoist tower at the new Hays Cove school when the amount was ordered paid along with the rest of the estimates by the school board last evening. The difficulty arose in connection with the definition of a hoist. By the contract with the school board Col. McMordie is required to pay the cost of a hoist but in his interpretation the hoist did not include the scaffold tower. Certain members of the school board did not take this view so the item was not ordered paid.

Finally last night after letters had been read from the Northern Construction Co., Vancouver; McDougall, Traynor & McNeill, Calgary, and A. C. McDougall, all of whom stated that the tower could not be called a hoist and that the work should pay for it, Trustee Shaw was won over and he stated that he was now convinced Col. McMordie was right in his claim. The amount involved is about \$400.

The estimate for the month was also passed. It amounted to \$21,284.27. The request of Contractor Basso-Bert, who is doing the masonry, that 20 per cent of the value of the work he has done be paid, was also passed. This amounts to \$4,760 and Mr. Basso-Bert is now held up, waiting for work to be completed on the general building.

J. W. Potter, architect, is to inspect the King Edward School with a view to putting devices on the doors so that they would easily open in case of fire. The janitors of the schools are to be instructed to keep all fire escape stairways clear of snow in the winter. The stairs in the King Edward School are also to be repaired.

## JAPANESE MARRIED AFTER DEATH BY BUDDHIST PRIESTS

ATAMI, Japan, Dec. 9.—A marriage ceremony has just been performed here over the ashes of two bodies in the belief that a single young man and an unmarried woman who committed suicide would have a happy married life in the next world.

The couple committed shinju, or double suicide, for love, by throwing themselves into the sea from the cliffs. Both bodies were later recovered and cremated with the Buddhist ceremonies. The ashes were then brought to the home of the girl's father and he performed a marriage ceremony over them.

According to the Buddhist faith marriage contracted in this world will carry over to the next.

## WEDS MOTHER-IN-LAW AND THEN ARRESTED

LOUISVILLE, Kentucky, Dec. 10.—Waite Thornton, a Paducah cooper, married his mother-in-law on Thanksgiving Day, and the honeymoon lasted four days. They were arrested on a charge of violating the Kentucky statute which says "that a man shall not marry the mother of his wife."

Thornton married Miss May Hale five years ago. Recently Thornton obtained a divorce on the ground of infidelity and he and his young daughter continued to live at the home of the mother-in-law, Mrs. Effie Hale. Thornton is thirty-two and his bride forty-two. Arraigned before County Judge Lang they pleaded that the bride was no longer Thornton's mother-in-law after he obtained his divorce. Judge Lang said there might be something in that and took the case under advisement.

## Everybody's happy when there's Music in the home!

Where there's plenty of life and melody—where the evenings pass quickly and pleasantly in music and laughter—the young people want to stay home.

Young people revel in music.

Listen to the girl humming the newest dance melody as she goes blithely about the house!

Listen to the boy whistling lively airs as, with springing footsteps, he sets out for school or work!

Music is in you—part of your very being. You absolutely need music.

The man who said he couldn't afford a piano or a phonograph was wrong. Eventually he bought both and now declares he couldn't afford to be without either.

Now's the time to get more music into your home. Go to your music dealer and let him show you how easy it is for you to own a piano, player, phonograph or any other musical instrument.

### BABINE TO BE NEXT DISTRICT

A. M. Howell, of Smithers, Visiting City of Victoria, Makes Prediction

The Babine range in the Northern part of British Columbia around Hazelton on the G.T.P. line, is to be the next great mining district of the West, according to A. M. Howell of Smithers, but formerly of Victoria, who is here on a holiday trip, says the Victoria Times. Mr. Howell is one of the owners of the big Hudson's Bay ranch there.

"The existence of ore has been proven to a depth of 700 feet which is sufficient to warrant large expectations from the field," said Mr. Howell. "The range has suffered for many years from the statement of a geologist who said its ore bodies would be exhausted at a depth of fifty feet."

"James Cronin, of Spokane, formerly head of the Consolidated Mining and Smelting Company, of Trail, B.C., who has made his millions out of British Columbia mines, however, doubted the opinion of the geologist. Mr. Cronin persisted in his explorations in the Babine range and has spent \$150,000 there.

**Country Stimulated**  
"Now, not only has Mr. Cronin opened ore at a depth of 700 feet, but he has proved its continuity by the advance of a drift on it. This one discovery, only so far as it has gone, has netted Mr. Cronin another \$2,000,000 in this Northern B.C. property."

"The success of Mr. Cronin in his part of the country has resulted in a big influx of mining men along the Grand Trunk Pacific. Machinery is now going in. All this development is stimulating agriculture, as the ranchers now have a ready market for their produce, because of the men who have come in to work in the mines.

**Attain 1,000 Foot Depth**  
"The main ore body of the Bonanza, as the Cronin property is known, is 11 to 12 feet wide," said Mr. Howell. "It contains 12 to 15 per cent and probably two or three per cent of silver to the lead, what may be called a high-

**NOTICE TO CONTRACTORS.**

**FISH PACKING WAREHOUSES.**  
Tenders will be received by the honorable Minister of Public Works up to noon, the 10th day of December, 1920, for the construction of Fish Packing Warehouses on the new extension to Provincial Government Wharf, Prince Rupert, B. C.

Plans, specifications, contract and form of tender may be seen on and after the 2nd day of December, 1920, at the office of the District Engineer, Department of Public Works, Prince Rupert, B. C.

Each tender must be accompanied by an accepted bank cheque or a certified bank of Canada, made payable to the Honourable Minister of Public Works, for a sum equal to five per cent (5%) of the tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

The lowest or any tender not necessarily accepted.

**SANTAL MIDY**  
CATARRH of the BLADDER relieved in 24 HOURS

Each Capsule contains the active principle of Santal Midy.

grade mill feed. The body had half this width and about twice the metallic content in the upper level, 250 feet higher. Stringers a few inches in width in the upper level are four to five feet wide on the lower. Because of their size they were regarded as the main vein for a time. The zinc content is about the same as the lead.

"A drift has been run on ore for 10 feet at the 700 foot depth and is advancing. This depth was attained by a tunnel driven 1,000 feet. An additional 300 feet, or a total of 1,000 feet, will be attained by another tunnel to have a length of 2,000 feet.

**Building Roads.**  
"The B.C. Government is engaged in the construction of a wagon road to the property and the ultimate installation of a mill is contemplated by Mr. Cronin. The plant will have a capacity of 400 tons daily. The ratio of concentration of the Bonanza ore is about five into one."

Mr. Howell said that P. J. Higgins, who has been engaged in the development of the Silver King property since 1908 has opened the vein at intervals over a distance of 6,000 feet and found ore in all the holes. There are several veins on the property.

The shoot disclosed at the surface is five feet wide. It contains 18 inches to two feet of high grade ore. The remainder of the ore is of a high milling grade. The body has been followed for 150 feet at a depth of 80 feet. There it contains 10 to 12 per cent of lead, the same quantity of zinc and 150 ounces of silver to the ton. Also it contains some unusual values. At one place we obtained ore that contained 600 ounces to the ton. We have wire and leaf silver. The Silver King was bonded a year ago to Seattle people.

**Cobalt Operator has Option**  
"An option on Victoria group has been given to a Cobalt operator, representing a New York syndicate," Mr. Howell said. "The vein has been opened for 250 feet on the surface and for 200 feet at depth. This work disclosed two and a half to three feet of ore containing 20 per cent each of lead and zinc and 150 ounces of silver to the ton. Twelve tons shipped from a 100 foot drift reached by a shaft contained 51 per cent lead and 99.8 ounces of silver to the ton. This is a fissure contact, the form in which all veins of the country occur, in a general way the ore is a black silver sulphide.

**Only Canadian Capital**  
Mr. Howell is now the owner of the Noble Five group of claims between the Victoria group on the South and the Cronin group on the North and is developing them privately. Several veins of rich silver ore have already been opened up on Mr. Howell's properties. This fall he has put in buildings and will launch an extensive development work next Spring.

All the money which has gone into Northern British Columbia is American except his own. Mr. Howell said. A Guggenheim representative is now in the North interested in the Rocher de Boule, Highland, Cassiar Crown and others in the Telkwa district.

**PILES**  
Are Generally Caused By CONSTIPATION.

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery.

Ninety per cent, are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are classed under three headings, i.e. itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

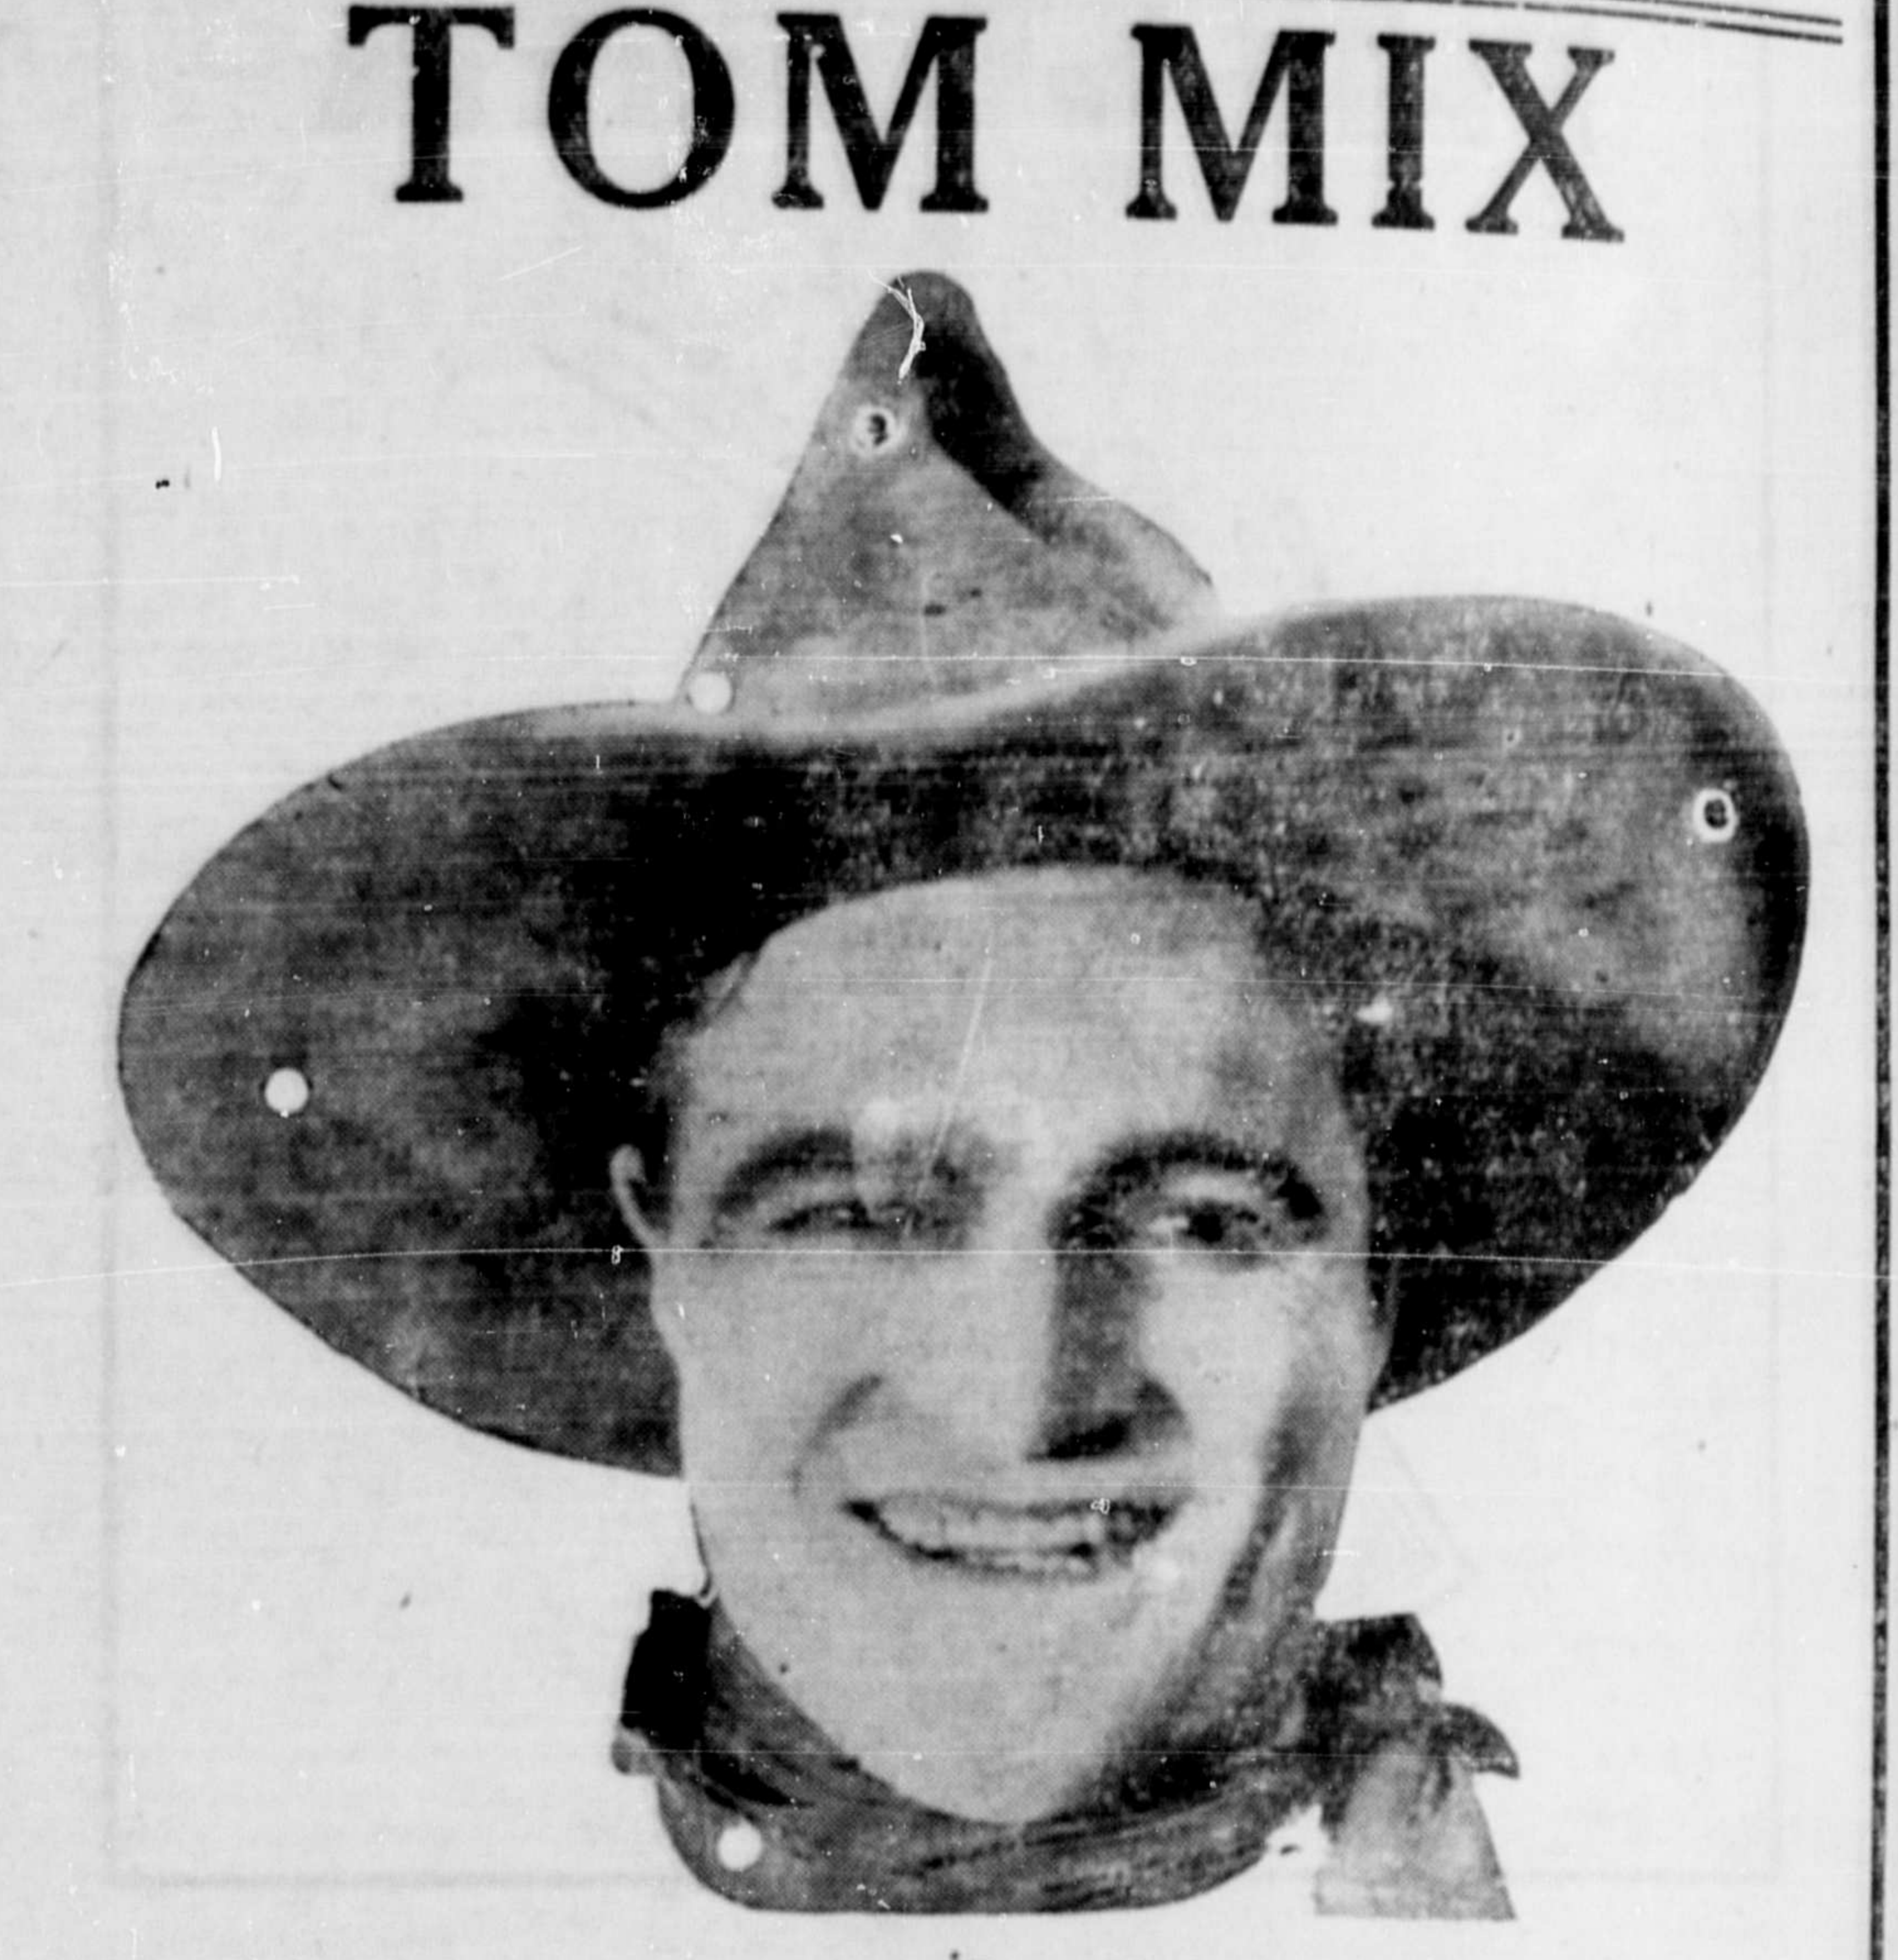

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not grip, weaken or sicken.

Milburn's Laxa-Liver Pills are for sale at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
