## SHIPYARD WORKMEN RECEIVING MONEY TODAY CITY COUNCIL FAILS TO PASS BYLAW TO PROVIDE FOR STREET PAVING

### Liquidator Took Over Yards and Partly Completed Ships

Payment of Workmen on Behalf of Dominion Government Commenced This Morning and is Continuing All Day

W. E. Hodges, liquidator for the Prince Rupert Drydock and Engineering Co., arrived in the city this morning on the Princess Mary and this afternoon took charge of the shipyard and drydock on behalf of the creditors.

This morning Capt. Saunders, acting on behalf of the Dominion Government, commenced paying those men who applied in person. It is understood that he has no authority to pay those who have purchased time checks.

The work of paying the men is rather slow and is being continued this afternoon.

### BOND SALE APPROVED

Ald. McLennan Points Out Action of School Board Costs City Thousands.

The offer of Spitzer Horstke Co. the Toledo bond house, to buy city bonds has been formally accepted by the city council. There was some discussion at the council meeting last evening as to whether the bond firm had been bound to a contract and it was ordered that the contract be confirmed before the deal be completed.

The acceptance was on the motion of Ald. Rochester, seconded by Ald. McLennan. Speaking of the sale, Ald. McLennan stated that as a member of the School Board he had tried to prevent the building of the Hays Cove school, but had been overruled by a majority. Now his predictions were coming true, some \$27,500 was lost in discount on selling to American bond houses, more thousands in renting temporary buildings was lost and in a year's time the same school could be built for \$50,000 less. "Quite a nice sum lost by this action of the School Board's," concluded Ald. McLennan.

"Ald. Perry's peppery pellets" also went by the board," added Ald. Perry.

### RETURNS FROM ORIENT.

Rev. Dr. W. D. Chown, who has recently returned from China where he made an inspection of the missionary fields and reports favorable progress.

### TENDERS ELECTRIC SUPPLIES RECEIVED

City to Buy Six Transformers and 5,000 Feet of Copper Wire.

Tenders for the supplying of 5,000 feet of No. 6 weatherproof electric wire, four 10 k.v.a. transformers and two 5 k.v.a. transformers were opened at last night's council meeting and, on motion of Ald. Murray, seconded by Ald. Perry, were referred to the utilities committee with power to act.

The tenders were as follows:

Prince Rupert Supply Co., 10 k.v.a. Westinghouse transformers, \$182 each; 5 k.v.a. transformers, \$145.50 each; wire, \$29.60 per M. foot, L.O.B. Vancouver all.

Parkin & Ward—5,000 feet of wire, \$148.30, L.O.B. Vancouver.

Canadian General Electric Co., 5 k.v.a. transformers, \$128 each; 10 k.v.a. transformers, \$198.70 each; wire, \$29.66 per hundred pounds, one hundred pounds weighing 1,000 feet. Prices L.O.B. Vancouver.

### TENDERS FOR MORSE CREEK BRIDGE WILL BE CALLED FOR NOW

Money forthcoming so work can proceed on modified plans prepared since spring.

Tenders are to be called for the construction of the Morse Creek bridge now that the finances are forthcoming as a result of sale of bonds recently effected. This was the decision of the council last night on motion of Ald. Perry, seconded by Ald. Murray. Tenders are to be in by January 3.

Tenders were called last spring for this work but it will be remembered were all turned down, the price being too high. The plan have since been altered and modified.

### PUMPING OPERATIONS COMMENCE TONIGHT

Steamer Prince Rupert May Not Reach Here for Three Weeks Yet.

SAWANSON BAY, Dec. 14.—The raising operations on the steamer Prince Rupert have been delayed and pumping does not commence until midnight tonight. It is not likely that the big vessel will be ready to leave for Prince Rupert for three weeks.

George McAfee arrived in town from Georgetown yesterday.

### SINN FEIN ASK TIME

Acting President Would Consult With Valera Regarding Peace.

LONDON, Dec. 14.—Rev. Michael O'Flanagan, acting president of the Sinn Fein, yesterday requested Premier Lloyd George to give him time to consult with Eamonn de Valera respecting endeavors to bring about a truce before Christmas in the outrages which have been going on in Ireland.

For many months police and others opposed to the Sinn Fein were murdered with impunity. Later reprisals have been carried out and the places where such crimes have been perpetrated have had to suffer.

### NORTHERN COAST IS VERY STORMY

"Tide" Could Not Land at Triple Island in Eight Days—Newington at Langara.

Raging storms are prevailing on the outside waters in the vicinity of this port and it is with difficulty that boats can land on the more exposed points.

J. H. Hilditch returned last night from Triple Island where he waited for eight days with his boat, the Tide, unable to effect a landing and having to run for shelter each day to Stephens Island. Mr. Hilditch was taking Mr. Nicholson, the light tender, over. He will leave again as soon as the weather appears favorable. He will make one more trip after this to Triple Island to pick up his crew of men, the light being now about finished.

The Newington has been storm-bound for a fortnight at Langara Island unable to land at the light there to do about half an hour's work.

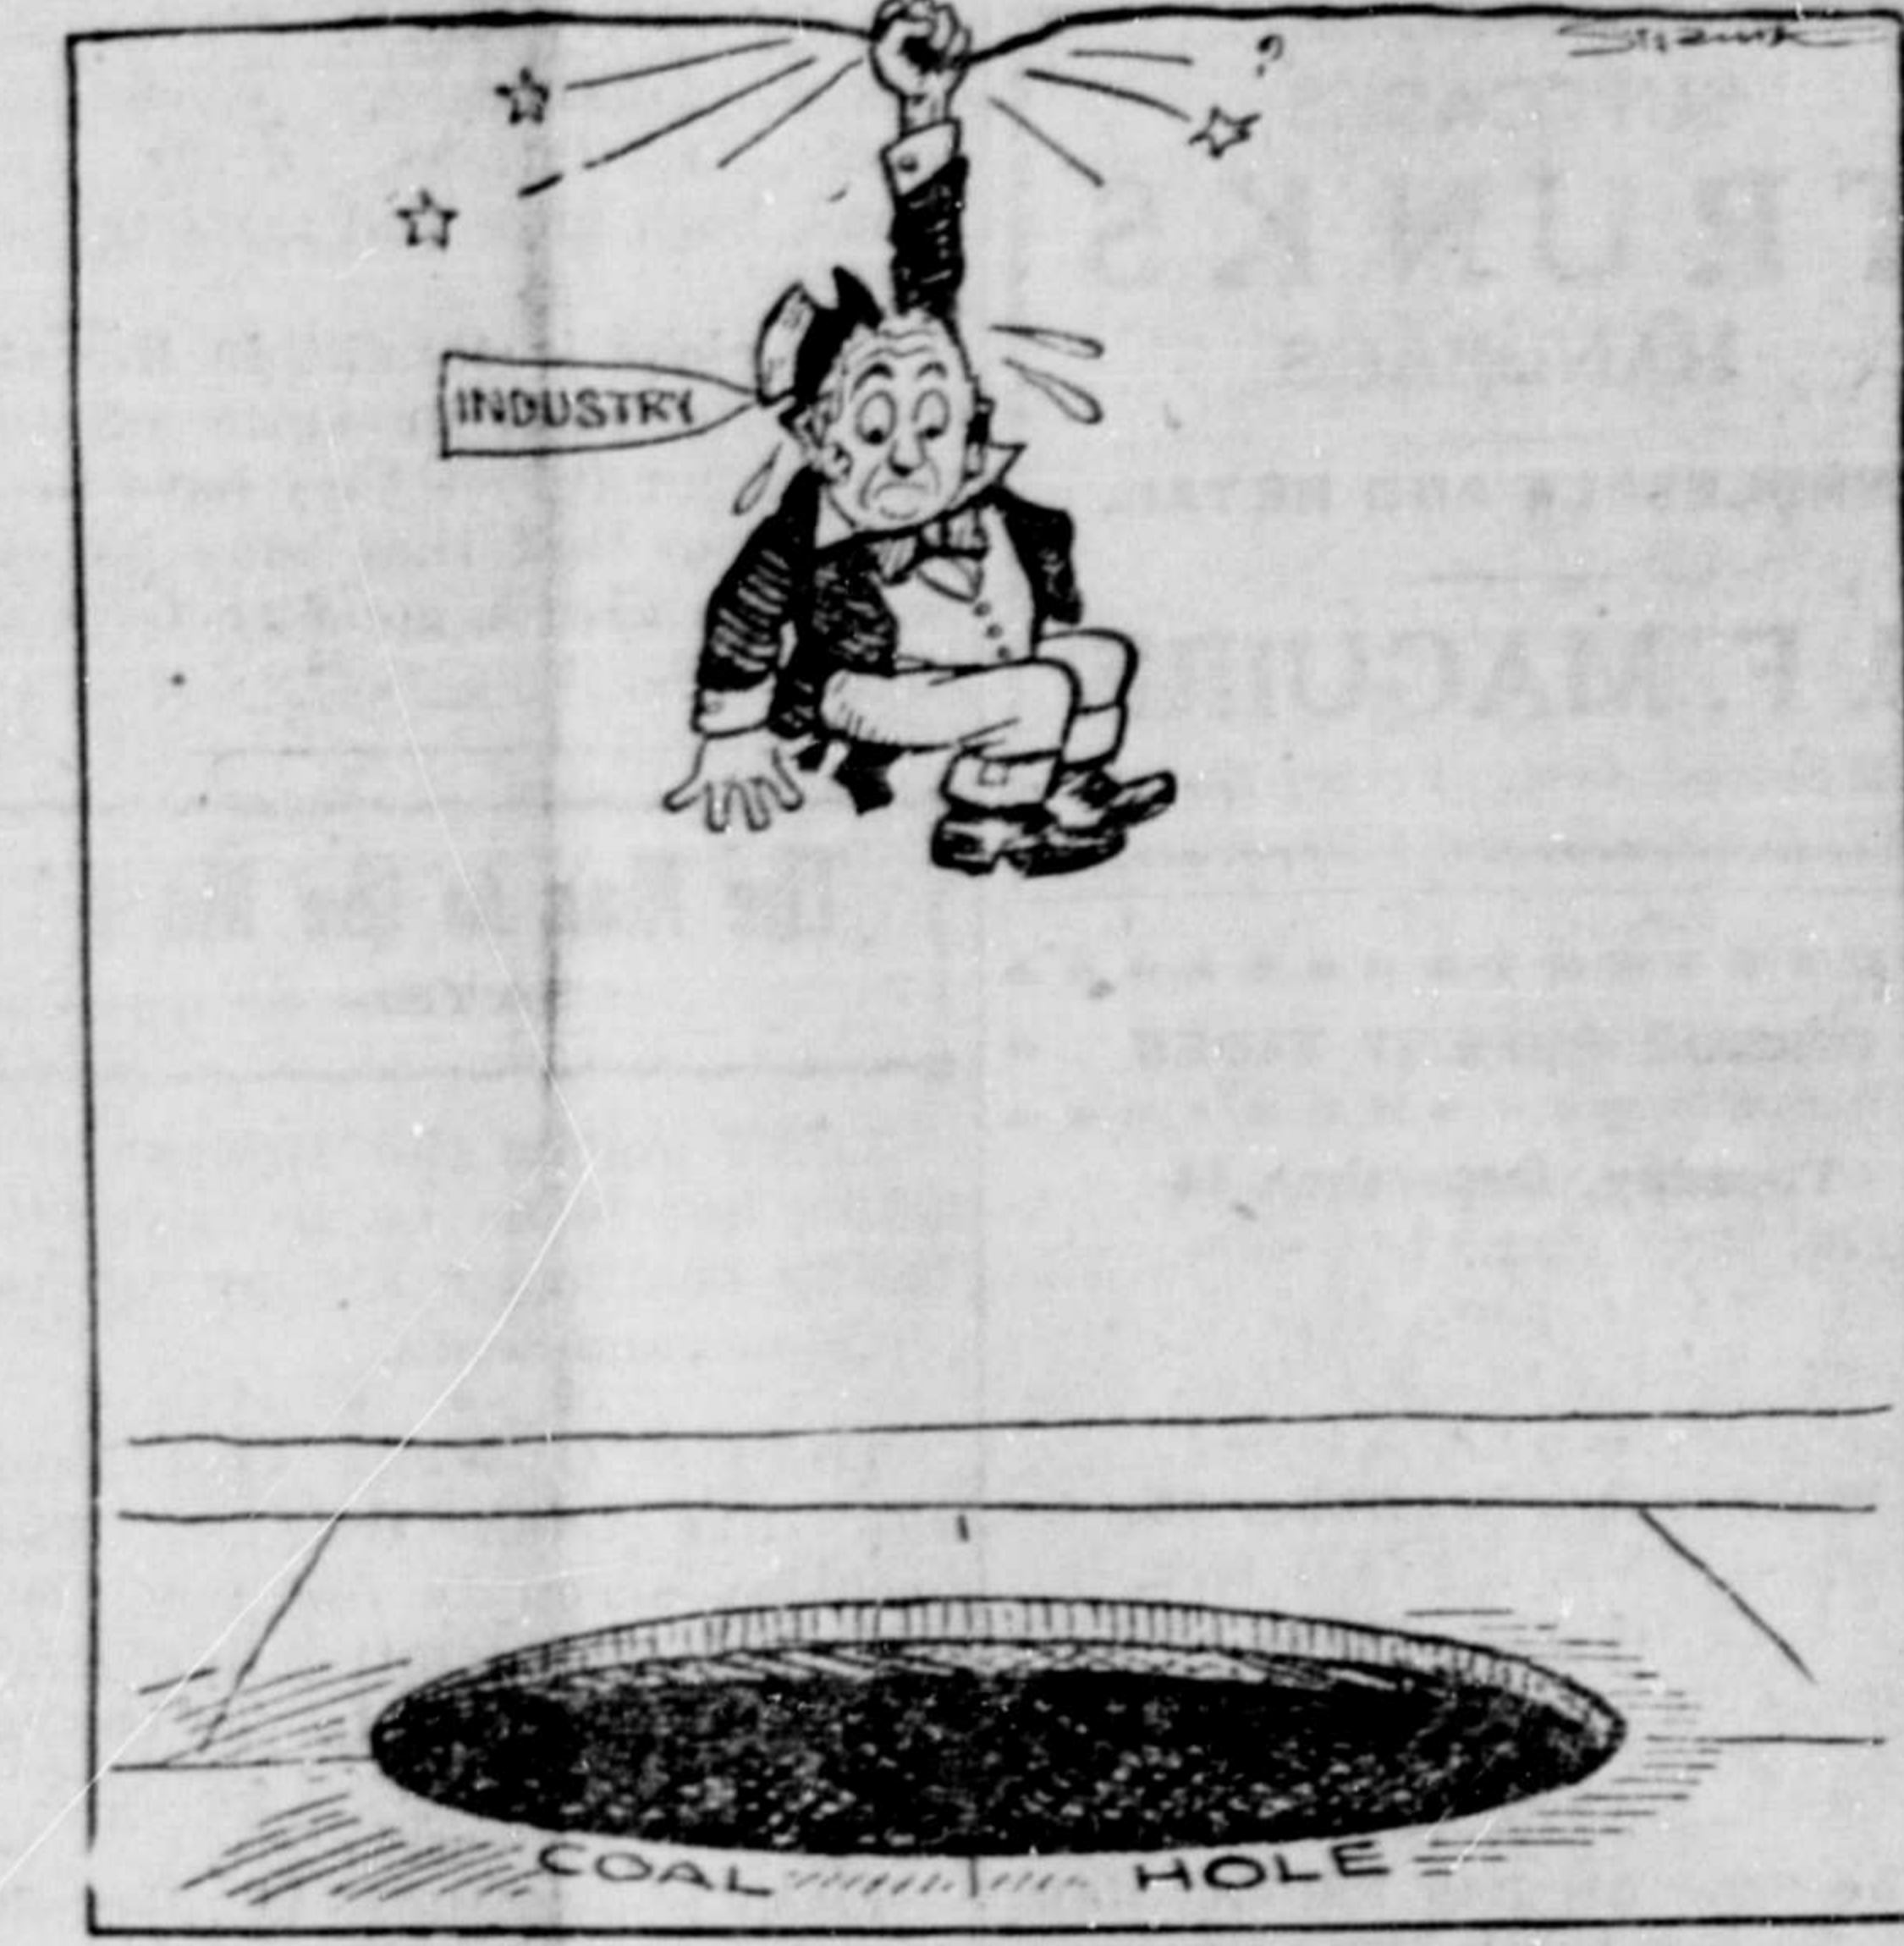

### WHIST DRIVE AND DANCE WAS ENJOYED

Knights of Pythias Had Social Evening for the Children's Christmas Fund.

About sixty couples attended the enjoyable Court Whist Drive and Dance given last night in the Castle Hall by the Knights of Pythias, Skeena Lodge No. 45, in aid of the Christmas fund.

The first prize winners at whist were Miss Lillian Ambrose and C. G. Westaway, the consolation prizes going to Mrs. George Leek and S. Baugen.

Following delightful refreshments, a dance was enjoyed to music provided by James N. Kelly and Miss Mabel Adams. The committee comprises Ray Love, C. G. Westaway, C. O. Rowe, W. Burken and George Johnstone.

### John Was Ready to Fight for His Name

#### Squared up to man who made Uncomplimentary Remarks about Him; Found Not Guilty of Cruelty

COQUITLAM, December 14.—The man who is so well known as "Premier" and "Honest John," almost became "Boxer John" in the police court here yesterday, before his acquittal as not being personally responsible for the alleged ill-treatment of loggers' horses which had been confiscated by the Government. The charge was brought by the S. P. C. A. and almost ended in a fistie encounter.

During an adjournment, after Premier Oliver styled the charge as a "political trumped-up charge," Dr. Howell, the veterinary surgeon, approached the Premier making uncomplimentary remarks.

Oliver jumped to his feet, cast the chair aside, and squared himself as if for a fight.

Howell challenged the premier to slap his cheek, when Chief of Police Pare entered the room.

"I was not sure for some time whether I should have to spend the night in jail on bread and water or in the hospital on special diet," remarked Mr. Oliver afterwards.

Evidence was given that the horses had sores and were in poor condition, but Magistrate Marmont and Newman found that the Premier was not in any way responsible if there had been cruelty.

### PERMANENT COURT OF JUSTICE FOR LEAGUE OF NATIONS

GENEVA, Dec. 14.—The Assembly of the League of Nations yesterday adopted a statute for the establishment of a permanent international court of justice. This court will arbitrate disputes between different nations and is established with the purpose of preventing future wars.

### INVASION OF CANADA BY EUROPEANS

Legislation may be Passed in This Country and States to Give Control of Situation

OTTAWA, Dec. 14.—A difficult immigration problem has resulted in an invasion of Canada by thousands of refugees from Central and Eastern Europe.

In the United States the movement has become so alarming that Congress has taken it up and will probably pass legislation to effectively control it.

Similar action by the Canadian Parliament, it is said, may be necessary, unless it is found that the present regulations are sufficient to enable immigration officers to control situation.

### TARVIA PAVING SCHEME DEFEATED BY MINORITY OF CITY COUNCIL LAST NIGHT

#### Ald. McLennan and Perry obstruct passage; former wants Agreement with Section 1 and latter Vote of People

The report of the Board of Works recommending the laying of Tarvia B on Second and Third Avenues and bye-streets at the cost of \$55,000 was discussed at great length at last night's council meeting and was finally turned down, failing to secure the necessary 7 out of 9 votes, both Aldermen McLennan and Perry voting against the adoption of the report.

Ald. McLennan was the main factor in the opposition to the adoption. His opposition was based on the grounds that there was no definite arrangement between Section 1 and other parts of the city for the carrying out of work of this kind. Besides this

city could not get the money for the work unless Spitzer Horstke were willing. It was doubtful if the owners of property abutting wanted the improvement, and Tarvia was perhaps not the best material. The matter should have been tackled and gone ahead with last spring anyway and not now at a quarter to twelve in the life of this council.

Lack of Policy.

Ald. Murray pointed out that the finance committee could not provide money last spring.

Ald. McLennan then launched forth on a lengthy condemnation about the lack of policy existing between Section 1 and other parts of the city on matters of this kind. He had seen no deputations at the city hall asking for the work to be done.

To this Ald. Kerr replied that if Ald. McLennan had been on the Board of Works he would have seen deputations. There had been deputation after deputation and it was only on account of the inability of the finance committee to obtain money that the work had been delayed till now. Of course cement would be best but cement could not be afforded at the present time.

Did He Mean It?

Ald. Dybhavn said that if Ald. McLennan and the citizens of Section 1 were satisfied with the condition of Second and Third Avenues and the other streets down town, then they would be fools to go ahead with any repairs. He wondered if Ald. McLennan meant what he said.

Ald. McLennan said he meant what he said alright. He objected to the city clerk saying it would cost \$7 per foot it might cost \$70 or \$170 before they got through.

Put Before People.

Ald. Perry was of the opinion that the matter should go before the people. He favored having a scheme ready for the next council to go on with, though.

Ald. Dybhavn said that local improvement bylaws were never put to a vote.

Ald. Murray could not understand. The council was representing the city and should be able to go on without always asking. He was ready to stand or fall with this scheme.

Ald. McLennan said it was absurd to think that the council could vote \$50,000 without having any fundamental agreement as to the shares to be borne by Section 1 and the rest of the city.

Ald. Perry referred to the telephone bylaw, which the council supported last year, and which the citizens had voted down at the election. It was now only a few weeks until election again.

### EXPECT TO REPLACE THE THOMAS CROSBY

Wreckage Scattered All Along the Coast Near Skidgate

VANCOUVER, Dec. 14.—Superintendent J. D. White, of the Methodist Mission Board, says it is practically certain the board will replace the Thomas Crosby.

Rev. William Joffin, who was along the wreckage was seen to be able to salvage only parts of the engine, the deckrails, davits, tanks and cables.

Rev. W. F. Rushbrook, rural dean, registered at the Hotel Prince Rupert last night.

### ARBITRATION GRANTED EMPLOYEES OF C.N.R.

OTTAWA, Dec. 13.—A board of arbitration has been granted C.N.R. employees in a dispute following Hanna's order against employees holding public offices.

Future Warrants Optimism.

In spite of the little setbacks we have been having, there is no need to be despondent in regard to the future of Prince Rupert. There is a temporary dull time, which we shall feel for some months, but if we can worry the railway company into giving us plenty of fish cars all the time and if the Railway Commission gives us a railway rate that will enable the carrying of lumber to be a possibility, there should be no difficulty in making a quick recovery.

Fish and lumber and minerals are our natural assets and no one can take them away from us. The great thing is to see that they are properly developed and that this port becomes a distributing base for the people of Prince Rupert to solve in the near future what will have a bearing on the business here. One of these is water transportation. The logical step would be for the railway company to put on a suitable steamer or gas boat that would ply in and out of Prince Rupert to and from the various camps and ports of the north coast. This will tend to centre business here.

If the railway company fails in this respect, a private company might be formed to undertake the work. The difficulty is that a private concern has no through freight to handle. To that extent they are handicapped. Unless they could secure a working agreement with the railway company to handle their business, it would be little use trying to operate. This is also a Canadian National port and the natural thing would be for the Canadian National Railway to build a suitable boat in the local yards to handle the business out of this port.

Kitimat to be New Port of Call.

Kitimat is to have a pulp mill in the near future and in all probability work on it will commence in the spring. That means a big lot of business going to that point. It means that many steamers will call there and we shall have one more shipping point in the neighborhood. It is one more reason for the establishment of a small boat service in and out of this port. During construction days it is even more important than after the concern gets going.

Island People Complain Bitterly.

The people of Queen Charlotte Islands complain bitterly that they have no better service today than they had ten years ago. It is expected, however, that this complaint will not be made long. Just now there are developments going on at the Islands which will bring them into the line of development. There is to be a pulp mill at Buckley Bay, and there are all sorts of other developments in prospect. The road is to be built connecting the north with the south and throughout the islands there is renewed interest being taken in oil possibilities.

In addition there are mines on the west coast which look well. With these possibilities and with the development of the fisheries, the islands should be in a position to demand a first rate boat service, and undoubtedly they will get it. The service must pay, and if there are developments going on, there will be no difficulty about making boat services profitable.

Too Early to Talk Locally.

In regard to nearby developments it is too early to say anything. It is enough to suggest that something will be heard very soon, unless all signs fail. There are big waterpowers nearby which cannot be ignored in the general development of the coast, and from these Prince Rupert is likely to benefit. Anything we can do to induce the development of Falls River would be effort well spent. With a pulp mill at or near Port Essington, and factories at Port Edward, there would be more business doing at Prince Rupert.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives"

193 CHURCH ST., MONTREAL. "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

CHRISTMAS CLOSING OF MISS MERCER'S BORDEN ST. PUPILS

Great Preparations for Entertainment in Hotel Central Dining-room

Great preparations are under way for the entertainment to be given Thursday night in the Hotel Central dining-room by the pupils of Division 14 of Borden Street School in charge of Miss A. M. Mercer, and with the valuable help of Mrs. J. M. Fraser, who is accompanist. The room has been loaned for the occasion by Mr. and Mrs. P. Black and the proceeds go to the Christmas cheer fund of the Elks.

The kiddies who are to entertain their friends and the public range from nine to twelve years of age, and those who have seen them say they do some wonderfully clever work. There are dances, dialogues, Christmas carols, recitations, drills and songs, both boys and girls taking part.

The class is taught in the old O.B.U. Hall, but in spite of the adverse conditions they have been trained so that they may be expected to give a good account of themselves.

The Man in the Moon SAYS:-

THAT among the things it is better not to do is to give the family bootlegger a copy of the ten commandments.

THAT H. G. Wells says Lenin looks like Arthur Balfour. That probably accounts for the plebeian taste of the latter in officiating at the wedding of Sir George Foster.

THAT among those in town who are always trying to start something may be mentioned the local chauffeurs.

THAT many will today remember their friends who formerly worked at the shipyard. It will be possible even to have a nip together since the price has arrived.

THAT it is rumored around town the Independent Political Association is open to receive applications for the position of mayor which it is said to hold in its mitt. Intending applicants should prepare their credentials carefully and submit them suitably engraved to the president or secretary any evening this week.

If the Sons of Canada defeat the Colts at basketball tonight, three teams, the Elks, Colts and Sons of Canada, will be tied for first place in the Senior League Gilhuly Cup series. If the Colts win they will have a clear lead over their competitors. Lee Dell will referee the game tonight between the Sons of England and the Gallies, Joe Scott, Sons of Canada vs. Elks, and W. E. Walliseroff will handle the intermediate match between the Colts and the Beavers.

### CHILD KILLED BY AN AUTOMOBILE

VANCOUVER, Dec. 13.—The five-year-old son of Thomas Matthews, broken and ex-school trustee, was instantly killed when playing outside the home, when he was struck by an automobile driven by Eric B. Lushy of New Westminster. The driver was held for manslaughter in bonds of \$5,000.

## Was Suffering from INDIGESTION No Fear of Pains Now

Indigestion is one of the worst forms of stomach trouble, and many people suffer terribly after every meal they eat. The rising and souring of the food, pain in the stomach, heartburn, water brash, belching of wind, vomiting shortly after eating, etc., are some of the symptoms. There is no need for any person to be troubled with indigestion, dyspepsia or any other stomach trouble if they would only take Burdock Blood Bitters, which contains a combination of nature's roots, herbs, sarks and berries; a combination that cannot help but put the stomach right. Mr. H. H. Collins, 3470 St. B., writes: "I was with the overseas forces for four years and two months, and in October, 1916, I was unfortunate enough to be wounded and taken prisoner. I was a prisoner for 2 1/2 years, and the food they gave us was not good, at times, and after a few months I found I was suffering from indigestion. When I came home, in July, 1919, I was nearly a wreck. I was told to use Burdock Blood Bitters. I did so and found great relief, and can now eat without fear of pains and sickness. I would recommend B. B. B. to all who suffer from indigestion." Burdock Blood Bitters has been on the market for over forty years, and during that time has made a reputation second to none for relieving all stomach troubles. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Advt.

### VICTORIA SINGER.

Mrs. D. B. McGonnan, who may visit Prince Rupert in the near future, is a singer of note. She recently visited the Puget Sound cities and was well received. Last week she was in Vancouver and the Province says of her: "Mrs. Douglas McGonnan, who came over from Victoria especially to take part in the event, was twice recalled by wild applause. She possesses a lyric soprano voice of unusual sweetness and in her rendering of 'Festiva,' and 'Your Eyes Have Told Me So,' was heard at her best. At her second recall she sang 'Carmenia,' and again charmed the big audience. Her singing was one of the features of the program. Her accompaniments were ably played by Wilbur Grant."

The report of the medical health officer received at last night's council meeting shows 7 births and 4 deaths in the city in November. There were 2 cases of chicken pox, one case of scarlet fever and three of typhoid fever. The Standard Dairy milk showed 3.2 ounces butter fat and Prince Rupert Dairy 2.9 ounces.

EMBARGO STILL ON CANADIAN STORE CATTLE

Matter is Discussed by London Newspaper With View to Removal.

LONDON, Dec. 13.—What is the mystery surrounding the refusal of Lord Lee of Fareham, the Minister of Agriculture, to support the removal of the embargo on the importation of Canadian store cattle to England? asks the Daily Express.

Mr. Prothero (now Lord Ernie) said in April, 1917: "I can assure you that as far as the English Board of Agriculture is concerned we are in favor of the removal of the embargo."

Lord Lee has not only failed to fulfill the promise given by his predecessor. He has definitely stated that, in his judgment, the arguments put forward in favor of removing "the existing safeguards" are far outweighed by the gravity of the objections which would be urged against such a course.

Astonished at Ignorance. The Hon. Manning Doherty, Minister of Agriculture in Ontario, who is at present on a visit to this country, expressed himself astonished at the ignorance which Lord Lee's argument exhibited, adds the Express.

"When Lord Lee," said Mr. Doherty, "remarks that the statement that Canadian store cattle could be imported economically in competition with the home article, is open to considerable doubt, he is at complete variance with the facts."

Farmers here are paying 100 per cent more for steers than the corresponding class of cattle fetches in Canada—first because the supply is limited in this country, and, second, because of the comparative absence of pasturage facilities. The extensive areas of pasturage in Canada and the cheaper land enable us to breed our cattle far more cheaply than can be done in England.

Result of Embargo. "What is the result of the embargo? The store cattle so badly needed in England and Scotland are eagerly snapped up by the United States, and the British consumer receives them in the shape of tinned meat. The English people, instead of buying cattle on the hoof from us at a cheap rate, purchase the same animals, canned from the United States, and pay two profits, Canadian and American.

"We welcome the British statesmen who come to Canada and deliver speeches about the bonds of Empire. Let them open their markets to our cattle and other produce; let them look ahead and cut out trade channels within the Empire."

A New Jersey man died recently in his 101st year after being in bed for twenty-three years. It was a case of "Twenty-three Skiddoo."

A dispatch from Mercer, Pa., states that "hunters' licenses have been issued to fifty women, ranging in age from 18 to 45 years." It is about time that some restraints of this kind was placed on deer-hunting by females. In some communities it is dangerous for a handsome unmarried man to go out alone.

In Korea the married men wear a black hat on their heads. Someone has suggested a black armband for this country.

The recent report of the medical director of Trenton State Hospital, New Jersey, shows that two patients have been cured of insanity by pulling infected teeth out. Both cases were women. The publication of these facts may provide a new basis of hope for husbands who have long since ceased to search for the cause that goes with the effect.

The number of births in England and Wales during 1919 was more than 250,000 below that of 1903 which was a record year. That wartime slogan might well be revived "Produce, produce, produce."

A widow of Newcastle, Indiana, will receive \$6000 in quarterly allotments from a wealthy New York woman because she wrote the latter a letter taking her to task for the reported expenditure of \$25,000 for the funeral of a pet dog. It is understood that she has subscribed to a clipping bureau in anticipation of the death of the house cat which is getting old.

MY MAJORITY (Contributed)

"Everybody works in our house But my majority."

This is the wall of Honest John, And sore perplexed is he.

"I had a majority once," he states, "Twas big and fine and strong; But that one died and in its place A new one's come along.

"The old one worked and gave no plaint; It sided with the Grand Old Cause.

The new one whines and says, 'I ain't As strong as father was.

"If my two business agents say That I can work for you, Why I'll be glad to drop around And see what I can do.

"But I've a paid up card in both Tories and Independents, And if they wish to 'pull me out' Your star starts its descend-ance."

# COW BAY IS DISCUSSED

Railway Commission Asks City Council to Define Its Stand On Application.

The Cow Bay question is again before the city council, the matter having been brought up at the meeting last night when a letter from the secretary of the Board of Railway Commissioners was read asking that the city define its stand in regard to the application of the Grand Trunk Pacific Railway to fill in the bay. The matter has been laid over for a week to allow the council to look over the plans and give them careful consideration.

**Ald. McLennan.**

In speaking to the question last night, Ald. McLennan stated that when the matter had been discussed before, the Board of Trade had come with a plan which they had led the council to believe was supported by the provincial government. It was now his belief that the Board of Trade had no authority for their stand outside of themselves and perhaps a small section of themselves. The city has rights there and he would have the question lay over until a satisfactory arrangement had been made.

**Ald. Rochester.**

Ald. Rochester said that the railway board might be notified that the city was of the same opinion as it was before that the city has rights that must be respected before anything was done. He moved that they be notified to this effect and the motion was seconded by Ald. McLennan.

Ald. Dybbavn, in answer to Ald. Kerr, stated that during the absence of the mayor Hon. T. D. Pattullo, provincial minister of lands, had intimated that he would be prepared to discuss the Cow Bay question at any time with a view to settlement. It would be well to take it up soon now, he thought.

**Held Over.**

As far as Ald. Rochester's motion was concerned he doubted if it was wise to take an arbitrary stand. Hon. Frank Carvell, chairman of the Railway Commission, when he was here, had promised that the matter would not be settled until the board had another session here. He moved that the matter stand over for consideration and this amendment after being seconded by Ald. Kerr, passed.

## WATER PRIVILEGES FOR PULP MILL AT LOWE INLET FALLS

The Kitimat Pulp and Paper Co. is applying for water privileges in connection with the establishment of their proposed plant at Lowe Inlet, Kitimat Arm, the storage dam to be established at the inlet and also at the two lakes which act as feeders to the stream, culminating in the Verney Falls.

The securing of water rights is a preliminary step to commencing work in the spring on the erection of the plant at that point. The company, it is understood, has control of large timber areas in the valley which it proposes to develop.

M. A. Macdonald of Vancouver is gazetted this week as a notary public.

## In the Letter Box

WOULD HAVE SEPARATE PROVINCE FOR NORTHERN B.C.

Editor Daily News.—The recent reports of the popular agitation in the three westernmost districts of the province of Ontario for separation from that province into a new province in the Dominion has crystallized ideas latent throughout Northern British Columbia. Western Ontario suffered from long distance government from Toronto. The rich Ontario peninsula and Toronto in particular had little knowledge of and cared less for the great outlying districts, sparsely populated to the north and west. There was little in common between the two extremes of that province.

The position in British Columbia is analogous with that of Ontario. From Prince Rupert North and East, we have a whole empire, hardly explored for the most part, and the residents thereof, find the more thickly populated portion of the province contiguous to the line of the C.P.R. has little in common with them or the urgent needs of the newer country. Northern British Columbia is too far away. They don't know. They don't care. Like Kenora, Northern British Columbia suffers from long-distance government. This is the idea which has spontaneously crystallized in many minds through the Western Ontario action.

### Large Centres Favored

Northern British Columbia has had many clashes with the south as to how affairs in the north shall be conducted, which have not all resulted in conditions best for the north. At one time the conflict was between Vancouver Island and the mainland, two portions of the province which twenty years ago had little in common. Northern British Columbia, however, is further separated from these portions, both by distance, climate and other conditions, than these were from each other.

The whole province is so big and new that even in the older settled parts there is so much still to be developed it is only to be expected that the most shall be done by the government for the centres of population, to the disadvantage of the more sparsely settled districts in the meantime. We, living in the sparsely settled parts, must expect this. Did we live in south we should see to it ourselves.

But we know what these northern parts require in the way of development and we would get it quicker without having first to convince a provincial legislature composed in the most part of southern members.

### Would Hasten Development

The proponents of this progressive move argue that the provincial revenues derived from Northern B.C. are not negligible and that it is within the mark to say that the surplus, after deducting administration charges, arising from the constituencies of Miin, Prince George, Omineca and Prince Rupert, would much exceed the sum expended on public works or anything else by the Victoria government in these same areas.

The first necessity in Northern B.C. is roads, good roads and plenty of them. The nature of the country makes road construction costly, but the development of the country's wealth, both agricultural and mineral, makes

this a prime necessity. The majority of the pioneers in northern British Columbia wish to get out of the pioneer stage as quickly as possible, and if the division of the province will hasten development, they want to see it divided. They want to see its development during their lifetime. There is enough for posterity to do.

## WATER NOTICE.

USE AND STORAGE.

TAKE NOTICE that Kitimat Pulp and Paper Company, whose address is 701-3 Vancouver Block, Vancouver, B. C., will apply for a licence to take and use one thousand second feet and to store five hundred second feet of water out of Lowe Inlet River, Lowe Inlet, B. C., also known as Verney Falls, which flows westerly and drains into Lowe Inlet about at its head. The storage-dam will be located at (1) Lowe Inlet, (2) Upper Lake, (3) Simpson Lake. The capacity of the reservoir to be created is about 250,000 acre feet and it will flood about 4,800 acres of land. The water will be diverted from the stream at a point about at the head of Lowe Inlet and will be used for power purpose upon the land described as Ash-to-Wa-dah Indian Reserve No. 3 and crown lands.

This notice was posted on the ground on the 23rd day of November, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

# Music and Christmas Are Inseparably Associated

MUSIC is the means that has been adopted throughout the ages for communicating the joy of the Christmas message.

The spirit of the festival is more inspiringly expressed by the music that has always accompanied it than by any other single medium.

For music reaches our innermost selves, taps a channel leading to our higher nature and brings us in tune with the Infinite.

Millions attend church at the Christmas Season because of the special Christmas Music of the organ and the choir. They are reached through music as they are reached in no other way.

Music speaks the language of the soul, but it likewise speaks the language of life—the language of the heart.

When we speak from the depths of our religious nature, we have recourse to music and we sing our praises to God.

When we are stirred by any emotion in secular life, we likewise resort to music for its expression. We sing love songs and patriotic songs. We sing songs of sadness and songs of gladness—songs of home and songs of childhood, and our nature responds and vibrates with the magic of the message brought to us.

*Music transfuses joy and softens sorrow. It should shed its blessings in every home.*

### HAZELTON

The funeral of W. J. Mackenzie was held here on Friday, Rev. A. M. Herd officiating. The pallbearers were W. J. Larkworthy, James Dyer, Peter Smith, James Richmond, W. S. Sargent and George Hall.

The Woman's Auxiliary and Ladies' Aid cleared \$400 as a result of the recent bazaar. This will be divided between the two societies.

Miss Norah E. Wallace has resigned as teacher of the New Hazelton School and will return to Vancouver this week.

Mr. and Mrs. A. S. Chappell are leaving at the end of the month for Vancouver where they will make their home. Mr. Chappell has been manager of R. S. Sargent's store here for some years and Mrs. Chappell has been prominent in social and musical circles. They will be missed very much about the Hazeltons.

### NATIVE COUNCILS HAVE BEEN CHOSEN

Indian Agents Back From Port Simpson and Kincolith where Formal Elections Took Place.

Election of native councils in Port Simpson and Kincolith took place last week. Indian Agents Perry and Collison presiding at the respective points. The annual election of village officers is an interesting and important event in each place and all the formalities of a city municipal election, even to the secret ballot, are carried out.

At Port Simpson, Ernest Dudoard was chosen chief councillor, a post similar to that of mayor in a city. His councillors are John Sankey, William S. White, George Henry, Joseph Ryan, Samuel Bennell, Phillip Grien, Joshua Ryan, Nathan Lawson, W. Masgrave, Matthew Feak, and Harry Brooks. At Simpson there were seventeen candidates for the twelve offices.

Albert Allen was named chief councillor at Kincolith and the councillors are James Robinson, Peter Stewart, Walter Haldane, David Doolan, William J. Lincoln, Stephen Barton and William Angus.

### CHRISTIAN BAND OF WORKERS ARE BUSY

Port Simpson Natives Visit Kitkalla and Hartley Bay to Preach.

The party of natives known as the Christian Band of Workers of Port Simpson, has returned from a missionary trip to Kitkalla and Hartley Bay where the members were given a good reception by the people of those places. In the party was Rev. Capt. J. W. Pierce, President Mark Luther, Peter Nelson, Jas. Pierce, Philip Campbell, Mrs. Pierce and Mrs. Campbell.

A series of preachings were held at the Army Hall at Kitkalla and also at Hartley Bay, three days being spent at each place and large congregations turned out to hear and to take part in the services.

They also visited Port Essington for three days where the Salvation Army assisted them.

### QUICK RELIEF FOR COLDS AND GRIPPE

Treatment Which Breaks Up Bad Cases in 24 Hours.

Never nurse a cold, not even for a single hour. The sooner it is broken up the better for your general health, let alone your comfort. Start treatment as soon as the first symptoms—sore throat, feverishness, pain in the muscles, etc.—appear.

Grip-Fix will break up a bad cold in a night. It comes in capsule form, which gives prompt results and is also convenient for handy use. It contains nothing but the very drugs your physician might prescribe. They are plainly printed on every box. Ask your physician about them if you want to.

The action of Grip-Fix is to keep the system open, to reduce the feverish condition and relieve the muscular soreness. At this season of the year every home should have a box of Grip-Fix in the house. Its prompt use may avoid dangerous illness.

Grip-Fix is on sale at all druggists, 25 cents a box.

### Another Epidemic of the Spanish Influenza

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, scattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the “flu” before and it left you with any bad after effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Kappel, Sask., writes:—“I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house.”

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont. Adv.
