GETTING READY FOR THE MUNICIPAL ELECTIONS

GRAND JURY ASKS PATROL BOATS TO PREVENT ILLICIT LIQUOR TRADE

Names Suggested Mayor and Council

G. W. Nickerson asked to be Candidate for Chief Magistrate and Several Invited to Run for Aldermen

A small but representative gathering of businessmen was held in the Board of Trade rooms last evening and they asked G. W. Nickerson to agree to allow his name to be placed in nomination for the position of mayor. Other names were suggested for alderman, among them being C. H. Orme, M. P. McCaffery, S. E. Parker, Fred Dawson, J. H. Kelly, Tom Silversides, and Dave Thomson and John Dybhayn. W. E. Williams presided and there were representatives of most of the political parties present as well as the War Veterans. It was suggested that the Trades and Labor Council would probably put a couple of men in the field and these representatives would be welcomed and receive support from the businessmen.

Before adjournment a committee consisting of D. G. Stewart, Capt. Foramy, Jas. Campbell and the chairman was appointed to follow up the requests and see that most of the men were nominated or call another meeting if necessary.

Outlines Purpose.

When the meeting was called to order C. H. Orme reported on behalf of a committee that had been appointed last summer. He explained that they had been instructed to see that a proper number of suitable men were properly qualified to take the positions. Also a number of people had been registered who otherwise would not have been voters today. He had called that meeting for the purpose of seeing that suitable men were nominated.

S. E. Parker proposed that F. G. Dawson should be selected and urged that pressure be brought to bear to induce him to be a candidate for mayor. This Mr. Dawson absolutely refused.

D. G. Stewart moved that S. E. Parker be asked to run. This Mr. Parker declined.

Urges Acceptance.

J. H. Kelly said the citizens would undoubtedly be behind either of those two men and it was their duty to accept. There was Mr. Orme of the Conservative party and Ross of the Independents present so there was no politics in it. He thought it was the fear that people might think it was a political move that troubled Mr. Dawson. He personally would like to see him use a little politics and get all he could from Victoria. He thought they should get over this "too busy" idea. It was his duty as citizens to make suggestions and give their time to civic work.

Mr. Dawson said he quite understood that municipal affairs were non-political. He would rather get behind someone else and give him his moral support.

Nickerson's Chosen.

Mr. Dawson then moved that G. W. Nickerson be asked to allow his name to be placed in nomination. He was a live wire. In seconding this, M. P. McCaffery said Mr. Nickerson was one of the public spirited men of the town. The fact that he had never been in the council did not mean anything. He was young and ambitious. He got great pleasure in seconding his motion.

Mr. Nickerson said he was in the same position as the others. Being elected might mean running into a lot of trouble. The slump came rather suddenly and caught a good many people short and it would take all their time to pull through. His business was not such as he could get someone

NICKERSON IS VERY LIKELY TO BE CANDIDATE

While G. W. Nickerson has not officially accepted the suggestion that he allow his name to go in nomination for the mayoralty, it is understood he is likely to do so. The committee is meeting this afternoon and a lineup should be reported tomorrow.

M. P. McCaffery stated definitely to the Daily News today that he would not be a candidate. He said that he could not afford to work for \$1,500 a year. His time was worth \$3,000 to him in his business and he thought any man who was elected mayor should get that much. He suggested that a number should put their names in a hat and draw for who should run. He was willing to do it if McCaffery and Orme and Dawson and some others would do the same.

Orme for Council.

Mr. Orme was asked if he would allow his name to go in nomination and he said he was not qualified, but if Nickerson would run for mayor he would try for alderman, a position for which he had the property qualifications.

The motion asking Nickerson to allow himself to be nominated was passed unanimously and with enthusiasm.

C. O. Rowe then took part in the proceedings. He said he thought this too small a meeting to nominate a man for the position. They should call a public meeting. He urged his point with great force.

It was pointed out to Mr. Rowe that this was not an election. It was simply a meeting to try to arrange that suitable men should be in the running. There doubtless would be other meetings of other groups who would nominate others. The War Veterans were talking of putting up one or two men and the Trades and Labor Council also.

Mr. Williams said that any man had a right to be a candidate if he had the necessary qualifications. This meeting was held to give expression to an opinion.

A Live Wire.

Mr. Brynolson said they wanted a young live man who was a live wire. They had such a man in Mr. Nickerson. He was one of the most honest men he had had dealings with. Personally he would like to see Mr. Nickerson a candidate.

It was then decided to leave the

Ketchikan Grand Jury Urges Stop Canadian Liquor Import

Asks Government to Put on at Least Two Fast Patrol Boats Immediately and Appoint More Deputies to Enforce Law

KETCHIKAN, December 16.—The Grand Jury here before adjourning made a number of indictments of minor importance and urged better patrol in order to stop the liquor traffic now going on, the reference being particularly to the illicit import trade from Prince Rupert. The report of the Grand Jury said in part:

"We find no contradiction to the general belief that large quantities of illicit liquor are being brought into Ketchikan. We believe that this is mainly due to three causes: absolute lack of patrol boats on the Canadian-Alaskan boundary; insufficient number of officers to enforce the law in Ketchikan; and seeming popularity of the illicit traffic.

"We recommend that the government put at least two fast boats on the above mentioned boundary immediately, and create additional deputies in Ketchikan for the suppression of the liquor traffic.

"We have investigated the charges made by the Civic League regarding Federal frustration of their efforts to enforce the law in Ketchikan. We find no evidence of anything of this kind and deplore ill-advised remarks by well-meaning organizations."

VERY BAD WEATHER IN NEAR INTERIOR

Seventeen Breaks in Telegraph Lines Reported Along Railway.

Further particulars of the bad condition of the telegraph lines was brought in last evening. It seems that both G. T. P. and the Government lines were broken in many places, one system having seventeen breaks.

From here to Smithers the gale was terrific and a number of trees were thrown across the wires. Workmen were out yesterday and this morning with good results.

matter in Mr. Nickerson's hands for an answer at an early date, and a committee was appointed to receive that answer and if necessary to call another meeting.

By resolution J. H. Kelly and Tom Silversides were then asked to be candidates and the possible advent of two members of the Trades and Labor Council into the field was spoken of appreciatively. The meeting then adjourned.

WHO GUILTY INHERITING A MILLION

That is Question Worrying People of Victoria Today Following Announcement.

VICTORIA, Dec. 16.—The talk of the city for the past few days has been a report appearing in the local press to the effect that a young Victoria returned soldier had fallen heir to a million dollars and had gone to England to cash in on his legacy.

According to the story the young officer had been made the heir of a man whose guest he was during the war. He pledged his friends not to tell his name and now every young returned man of about thirty years of age is being bombarded with questions and all sorts of complications are following.

NEW LADY FOSTER LIVED AT VANCOUVER AND WORKED IN SHOP

The new Lady Foster, whose marriage to Sir George Foster, K.C.M.G., D.C.L., LL.D., took place last week at Geneva, and who is the only child of the late Sir William Allan, M.P., is well known to many persons in Vancouver, having at one time been employed as a sales lady in the mantle department at Gordon Drysdale's, which position she occupied for six months. During the war Miss Allan spent much time in Paris

All Fisheries Open to White British Subjects

That is Set Forth in New Regulations Recently Issued by Department of Fisheries and Being Promulgated

Last year the fisheries of northern British Columbia were opened to all British subjects, with a few minor reservations. This year even those reservations have been removed and the fisheries are now open to all white citizens of the country. That seems to be the intent of the new regulations recently issued from Ottawa.

Last year the reservations were in a few areas where drag seines were allowed. This year drag seines are restricted to Area 6, including Lowe Inlet, and may be further restricted to the Chucks in Principe Channel, the west coast of Banks Island and possibly a few in Granville Channel. The licenses will be issued to any white man who is a British subject, but the licensee will be obliged to engage an Indian crew to operate the seine.

No motor boats are to be allowed to operate in the fisheries during the coming season.

The license fee for captains of seining boats will not be refunded. No refunds of any kind are provided for in the regulations.

HODGES IS AT THE DRY DOCK

Is Established on Behalf of the Creditors—Saunders Represents Government.

W. E. Hodges, liquidator of the Prince Rupert Dry Dock and Engineering Co., has established himself in the offices at the administration building. The general situation still remains the same and there are no new developments.

At the pay office at the gate Captain F. T. Saunders and his staff are paying off the men on behalf of the Dominion Government and Captain Saunders is representing the government's interests in the yards.

The pay office was not open this morning but commenced again this afternoon. Over 290 men have been paid off since Captain Saunders started on Tuesday morning.

CARPENTERS START FUND FOR RELIEF

Drydock Situation Discussed, with Particular Reference to Repair Department.

The Carpenters Local No. 1735 last night started a fund for the assistance of cases of distress in the city. There was a movement toward the treasurer's table of the members and as a result a goodly sum was raised which will be used for the benefit of the kiddies.

Regret was expressed at the resignation of President Gillis as head of the Trades and Labor Council and it was decided to use every means to induce him to reconsider his position.

The present drydock situation was discussed and the feeling was made evident that at this time of year in particular things ought to be humming in the repair department thus helping out in the present period of stagnation.

In commenting upon the forthcoming municipal election President Gillis said that the labor vote would undoubtedly decide the choice of aldermen for the coming year.

Bylaws were passed and left in the hands of the executive committee for final drafting.

Rod McLeod, a genuine old timer, was elected recording secretary by acclamation, the choice being a most popular one as it was felt that Mr. McLeod was very capable.

MUNICIPAL MATTERS AND RETURNED MEN

Special Meeting of G. W. V. A. Next Week to Discuss Forthcoming Election.

The Great War Veterans' Association will hold a special meeting next Wednesday to consider the question of putting up candidates for the forthcoming municipal election. The matter was suggested at last night's meeting and the motion for a special meeting was then put through.

A committee has been named by the association to provide Christmas cheer for returned soldiers' families and associates. The committee is headed by Ray Macdonald and \$500 is provided.

The city bylaw in regard to memorial affairs has been referred to B. O. Oughton, the association's solicitor, for his inspection.

The matter of dock time checks which the association has expended a large fund in cashing was taken up. Action in regard to the failure of the government to cash these is being delayed until Colonel Peck is heard from.

DUMPING BY GERMAN FIRMS

Grave Complaints Being Made by British Firms at Invasion of Market.

LONDON, Dec. 16.—The invasion of the British market by German firms is being discussed a great deal and strong protests are being made at the dumping of goods to the detriment of home manufacturers.

German toys are being sent to this country in large numbers and electrical goods are also being sold at much lower prices than they can be made here with the present rate of wages. The result is that either wages must come down, German goods be kept out, or the local factories must close.

Much Interest in Civic Affairs.

There is a good healthy interest being taken in civic affairs in this city. Several meetings were held last night by different groups with the idea of getting suitable men in the field in order that the affairs of the city may be conducted in a proper manner.

Coming Year Is Important.

The coming year is likely to be an important one in civic matters. There is a possibility of all kinds of development taking place and it is very desirable that the best men the city has shall be in charge.

Mayor McClymont is Dropping from Race.

Mayor McClymont will not be a candidate this year. He has done excellent work during his rather long term of office. He has not always pleased the people because of his Scottish carefulness, but he has brought the city through a critical time and carried on under difficult conditions.

Urge Commencement of Government Buildings.

Word has been received unofficially that new tenders will be called almost immediately for the erection of the government buildings here. They are needed badly and we feel sure there will be no unnecessary delay in getting the work under way.

The Daily News does not think there will be any necessity for taking action, for the Minister of Lands is undoubtedly urging the matter at headquarters, but it is always wise to keep these things in mind and not leave any stone unturned to see that we get what is coming to us.

Canadian Situation Reviewed at Bank of Montreal Meeting

"While there does not seem to be any cause for apprehension, there is every reason for the exercise of the utmost measure of caution."—(Sir Vincent Meredith.)
"Our faith in Canada today is stronger than ever before. On the other hand, we have never faced a banking and business situation requiring more delicate handling."—(Sir Frederick Williams-Taylor.)

The annual meeting of the Bank of Montreal, held at the Head office of the Bank, afforded an exceptional opportunity of learning how the Dominion is passing through the extraordinary conditions which now prevail. This year every manufacturer and business man in Canada is anxious to determine just what the outlook is and it is probably on this account that both Sir Vincent Meredith, the President, and Sir Frederick Williams-Taylor, the General Manager, dwell more especially on different developments which had a particular bearing on the Canadian situation and stressed the factors which bore on the general outlook for this country.

Outlook for Canadian Situation. Sir Vincent Meredith, in his review to the shareholders, said, in part:— "The year just closed has been a difficult one for bankers, but the progress we have made and the results we are able to show will, I feel sure, prove satisfactory to our shareholders. "An overwhelming demand for credit has taxed resources to the utmost. Following a period of excessive prices and deflated currencies characteristic of war times, the country is now in the midst of the process of readjustment. It has been difficult to make producers, merchants and others carrying heavy stocks, who have grown accustomed to high prices, accept the inevitable by recognizing the fact that it is futile to attempt to overcome natural laws and to realize that economic conditions, which no artificial means can alter, alone are the cause of price decline. The demand for intervention through Government control is still insistent in some quarters. Canada alone cannot control world-wide conditions and it is idle to turn to the Government for relief from falling prices. This applies to wheat as well as to other commodities. A lower price level must be reached before we can reasonably look for a resumption of business activity on a sound basis. To arrive at this stage, inventories must be reduced and deficiencies made good by drawing upon the excess profits of previous years."

Money Rates. "I see no reason to look for permanently lower interest rates in the near future. Reaction in business and the marketing of the crops may bring an easier tone temporarily, but the magnitude of international indebtedness to be refunded, together with the wastage of war, cannot be made good immediately, and probably not for a somewhat indefinite time. **International Banking Corporation Needed.** The necessity for financing foreign trade has come very closely home and pending an international working scheme, I feel it would be well for Canada to move locally. I am still of the opinion that a corporation to foster foreign trade so as to keep our factories busy and give employment to labor is desirable and sooner or later must be launched. If export trade can be revived, it will solve many of our difficulties."

Government-Owned Railways and Ships. Canada to-day has a very large National Railway System, which is being operated at a heavy loss, thereby increasing the load on an already heavily tax-burdened country. Sooner or later some means must be found to relieve this situation. Some confidently believe that by proper public administration of the lines, deficits can be cut down. My own view is that the proper solution will be found if the Government, at the earliest feasible time, divests itself of ownership and operation of the roads and places them under corporate control upon terms fair to the country and upon conditions that will ensure the service for which the construction of the lines was undertaken. **Resums.** "To sum up, the situation in Canada at present, as I view it, is that while there does not appear to be any cause for apprehension, there is every reason for the exercise of the utmost measure of caution. Canada cannot dissociate herself from world conditions, and world conditions are not satisfactory. On this continent the two years supervening upon the Armistice have been marked by unexampled trade activity and prosperity, a circumstance common to the conclusion of all great wars, but the reaction has set in and may not yet be in full play. Happily, Canada is well buttressed on many sides, and the exercise of prudence and sagacity should enable her to meet the shock of falling prices, restricted credits and deflated currency, without serious impairment of her commercial and financial vitality."

Sir Frederick Williams-Taylor, in his review of banking developments of the year, and touching on the conditions which confront Canadian banks to-day, said in part:— "As comparisons are constantly made between Canada and the United States, owing to general similarity in conditions one naturally attracts attention, viz.: that with credit restriction as acute here as it is across the line, the price of money is materially lower in the Dominion. "This condition, in days of world-wide high interest rates, has attracted much attention in other countries and is regarded as a tribute to Canada's good banking system. The one disadvantage of this cheap money condition is that persons on fixed incomes derived from investments face the higher cost of living, including income tax, with little increase in revenue. As everyone knows, the connection between the price of money and the yield on investments is of the closest. "With reference to current loans in Canada, your Directors have felt impelled for many months past, in the Bank's and the country's best interests, to follow the policy found essential in every other country, and keep within bounds our advances to merchants and manufacturers. This policy is in accordance with the views of the Dominion Government and has been followed, more or less closely, by all Canadian banks. "Naturally enough, exception has been taken in certain quarters to such restrictions, but, as a rule, our customers have recognized the necessity of checking over-trading and further expansion in such times as we are now facing. There has never been a period in our experience when requests for advances for purposes out of the ordinary have been so numerous. "It is safe to say that had credit been granted freely and banking resources become tied up, a serious condition would have resulted in this country. Already the tide has turned and many of our friends now frankly admit the danger of the undue expansion so much in evidence a few months ago. We are convinced that the business of Canada is in a safer and sounder position to-day in consequence of a judicious credit restriction. "There is a general sense of relief resulting from the present evidence that the decline in the high cost of living has commenced. From now onward we may confidently expect the trend of prices to be downward, and with lower values the demands for bank credit should logically diminish. It is relevant to add that by restrictive measures the banks have contributed in no small measure to this improved condition. "It is noteworthy that the greatest expansion of the Bank during the past few years has been in our own country. This is revealed in our greatly increased loans and deposits in Canada and

Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. E. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Adv.

In the number of branches opened during the period:

Loans	Deposits	Branches
in Canada	in Canada	Canada
1914 \$123,147,000	\$168,527,000	173
1920 \$240,725,000	\$358,878,000	302

"I might say that, in my opinion, we have never faced a banking and business situation requiring more delicate handling. Since August, 1914, the world has travelled far along the road to ruin. We may be thankful that the waste and destruction ended before the point of utter exhaustion was reached. Canada has escaped, but we are still a virile people in a goodly land. There is no reason for dismay over our national outlook, but there is every reason for sober thought while we take stock of our resources and of our prospects. We must bear in mind there is no royal road to the stable conditions of former years, no magic by which we can restore the wealth that has been lost or wipe out the debts incurred. There is nothing for it but to travel slowly back the way we came, repair the damage, retrench, and work out our salvation."

Two New Directors. The annual report was unanimously adopted, and thanks were voted to the president, vice-president, general manager and staff. The shareholders gave approval to the motion by Lord Shaughnessy to increase the number of directors from 16 to 18. All the retiring directors were re-elected and to the two new positions on the Board Sir Lomer Gouin and General Sir Arthur Currie were elected.

PEACE COMMISSION
China Appoints Organization Under C. T. Wang in Connection with League of Nations

PEKING, Dec. 16.—The Peking government has organized a Peace Treaty Commission, headed by C. T. Wang, one of China's delegates to the Paris peace conference, to act in an advisory capacity to the Ministry of Foreign Affairs on matters concerning China's interests in the League of Nations. Other members thus far named are Kiu Ching-jen, former minister to Russia, and Shen Jui-lin, one-time minister to Austria. One of the first questions to be considered by the commission will be the Shantung affair. Boots, shoes and felt slippers selling at cost.—Jabours' 95

GOOD SUM FOR PIANO FUND

Only a Few Dollars More Needed to Clear off Debt at School.

As a result of the children's concerts given under the auspices of the teachers of King Edward School, the gross sum of \$398 was taken in and this added to \$30 obtained by the children for selling tickets at the Grossmith concert some time ago makes \$428.

The total expenses of the entertainments amounted to \$60.80, leaving a balance on hand for the piano of \$367.20. The piano cost \$375 so it is practically paid for.

The matinee yesterday afternoon was crowded chiefly by school children and the young people did their parts excellently.

"DEVIL" SAYS FLOAT THE DRYDOCK SOUTH FROM PRINCE RUPERT

"The Devil," an irresponsible independent sheet published at Vancouver, has the following in a recent number:
 "Up north we have a floating drydock eating its head off and not paying interest on capital expenditure. The place for that drydock is Vancouver. We say this fearlessly and with due regard for our northern neighbor's feelings. While that dock may look nice there, so long as it is that empty it is a poor advertisement to Prince Rupert, who is also contributing in taxes its share to the interest and upkeep bill; and will continue to do so until we have a man strong enough in politics to order its removal. How much longer is the game to be played on the public."

BRITISH BANKS ARE DRAWING IN CREDITS

Demands on the Financial Institutions so Great That They Cannot be Met.

LONDON, Dec. 16.—There has for the past month been a tightening up of the financial position in this country. The banks are absolutely refusing to extend larger credits and there is a gradual drawing in of credits already extended. The banks claim that they are unable to meet the demands made on them both by the Government and by merchants and others and it is absolutely necessary to curtail credits.

PUBLIC HALL FOR STEWART DISCUSSED

Proposition was Put Before Public at Meeting Held Last Week; Financed by Bonds

At the public meeting which was convened last Monday evening in Stewart a communication was read from Workman & Lawrence in which they submitted a proposition to furnish plans and specifications for a public hall, the building of which would be financed by a bond issue, part of the lumber and construction to be paid in bonds. If the plan goes into effect the plans and specifications are to be furnished free.

After considerable discussion the executive of the Citizens' Association were empowered to appoint a committee of five to confer with Workman & Lawrence and fully investigate and report back to a similar meeting, submitting their findings and making recommendations.

HEALTH OFFICIALS WARN THE PUBLIC

With the memory of the epidemics which have swept the continent the past three years, health officials are everywhere advising the public to treat any case of cold, however slight, promptly. They point out that, next, even of a simple cold, is liable to lead to dangerous forms of disease, many of which are considered contagious.

Bear this warning in mind and keep a box of Grip-Fix in the house. As soon as the first signs of a cold appear start taking the remedy. It works quickly and, if taken promptly, will relieve even a bad cold in a single night.

Grip-Fix contains in capsule form just the drugs your physician might prescribe—Aspirin, Phenacetine, Quinine, salol, Gai-trin, Citrate, Casarea and Camphor Monochromate. Nothing is known to the medical profession which will break up colds or grippe quicker. It is sold in capsule form for convenience in taking and also to save prompt action.

Grip-Fix is sold by all druggists at 25 cents per box. Get a box today and keep it handy around the house.

Ten Years Ago in Prince Rupert

December 16, 1910.

John Veira has been awarded the contract of grading and plank-ing Ninth Avenue.

The initial performance of the Prince Rupert Choral Society was given in the Empress Theatre last night. Miss Holtby was the soloist and J. E. Davey the conductor. A quartette consisting of Davey, Scott, Froud, Melliar and Fletcher also proved enjoyable. E. A. Ellis recited and Gray's orchestra took part. Mayor Stork spoke a few words during the intermission.

An agreement has been reached between the city and the Grand Trunk Pacific over the assessment issue. If the railway's assessment is reduced to \$2,000,000 for ten years they will make grants of land, park sites and waterfront to the city and start extensive works. The proposition will be submitted to the public in the form of a by-law.

Miss Beatrice Bateman and Jas. Hunter were married yesterday. Rev. F. W. Kerr conducting the ceremony.

W. H. McQueen, of the fisheries department, is now at Digby Island inspecting the place with a view to putting in apparatus and machinery that will make the wireless station one of the most complete on the coast.

WATER NOTICE. USE AND STORAGE.

TAKE NOTICE that Kitimat Pulp and Paper Company, whose address is 701-5 Vancouver Block, Vancouver, B. C., will apply for a licence to take and use one thousand second feet and to store five hundred second feet of water out of Lowe Inlet River, Lowe Inlet, B. C., also known as Verney Falls, which flows westerly and drains into Lowe Inlet about at its head. The storage-dam will be located at (1) Lowe Inlet, (2) Upper Lake, (3) Simpson Lake. The capacity of the reservoir to be created is about 250,000 acre feet, and it will flood about 4,000 acres of land. The water will be diverted from the stream at a point about at the head of Lowe Inlet and will be used for power purpose upon the land described as KUM-O-WA-DAH Indian Reserve No. 3 and Crown lands.

This notice was posted on the ground on the 23rd day of November, 1920. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

Lowe Inlet, Lowe Inlet River, First, Second and Third Lakes, Simpson Lake, Upper Simpson Lake, and the watershed of the river flowing into Lowe Inlet, being approximately 150 square miles between Greenville Channel and Douglas Channel on the Mainland Coast of British Columbia, in Range 4, Coast District.

KAISER SPENDS DEAL OF MONEY

Wilhelm has Fifty Servants in Addition to Official Followers

DOORN, Holland, Dec. 16.—Revelations in the Prussian state legislature at Berlin of the sums of money which the former German Emperor has been permitted to draw from Germany during the past two years, together with the announcement that the Dutch government will tax him for an annual income of 1,300,000 guilders, have caused the burghers of Doorn to speculate as to what he does with all this money. (Nominally a guilder is worth 10 cents.)

From Germany, the former Emperor is said to have drawn 1,000,000 guilders, equivalent at present rates of exchange to 11,138,000 German marks, also the proceeds of the sale of some of his property in the Wilhelmstrasse, said to be 10,000,000 marks. Besides all this income, the Prussian government has contributed additionally to the furnishing of his new house at Doorn.

In High Style

For a long time William complained of being financially embarrassed. Now, however, according to the people of Doorn, he appears to be living in high style.

Not counting his marshal, General von Gontard and other members of his immediate suite, approximately 50 servants are now employed to keep up the house at Doorn. This does not include the workmen who are still engaged in various repairs about the house and grounds.

There are 24 charwomen, who are kept busy polishing the floors, brasswork, and otherwise keeping the castle up to the standard of old German cleanliness demanded by the former Empress Augusta Victoria. They receive the equivalent of about a dollar a day. Ten of them live in the castle.

In all, William now employs six cooks, who include a chef and an assistant living at the castle and four women who come in to work by the day. There are also a number of gardeners and personal servants.

Army of Servants

To maintain this army of servants, whose average wages, the people of Doorn say, must be something more than a dollar a day, William pays in wages alone about \$20,000 a year. Their upkeep costs him as much more and this does not include the high-salaried employees, like General von Gontard, Captain von Hilsen, the "court physician," and secretaries, who must cost the ex-emperor about \$20,000 more.

During his eighteen months' stay at the Beutink Castle at Amerongen, William lived at the rate of \$325 daily. In his own estate he is believed to be spending much more.

In addition to buying the House of Doorn, he has this year spent approximately \$32,500 on a little hospital which he presented to the village of Amerongen.

PREPARE TO LEAVE EUROPE FOR STATES

Fifteen Millions said to be Ready to Come to This Continent

NEW YORK, Dec. 16.—Fifteen million men, women and children of all social and economic classifications, representing every nationality in Europe, are fighting for passage to the United States, according to reports submitted by seventeen trans-Atlantic steamship company representatives to Frederick A. Wallis, Commissioner of Immigration at Ellis Island.

Every seaport city and town along the western and southern coasts of Europe, they said, is crowded with persons, who in their eagerness to leave for the United States, have sold their homes and everything they possessed. Passport offices abroad are reported to be besieged with applicants.

They also expressed the opinion that 5,000,000 Germans and Austrians are packed up and ready to sail as soon as the United States makes peace with their governments.

HEADACHES Make Life Miserable

Headaches are one of the most depressing troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seasonal, if ever, free from them, suffering continually from the dull throbbings, the intense pains, sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proved enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lander, Owen Sound, Ont., writes:—"My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."
