CANADA'S CHRISTMAS GIFT FROM BRITAIN IS NUCLEUS FOR MODERN NAVY

Canada's New Navy is Due to Arrive at Halifax Today

Aurora and Destroyers Donated to Canada by Great Britain make nice little Christmas Box; Cruiser has History

HALIFAX, December 17.—The Aurora, Patriot and Patrician, worthy Christmas presents from Britain, due to arrive at Halifax today, are modern vessels with excellent war records. The cruiser Aurora had some of the very best luck of the British fleet, taking an honorable part in almost every action fought by white ensign boats in the North Sea during the four years of hostilities. She was attached to the 8th Flotilla at Harwich, known as the "Fighting 8th," and at the outbreak of the war was the flagship of Commodore Tyrwhitt (afterward Sir Reginald Tyrwhitt).

The Aurora helped to sink the first German naval vessel sent to the bottom. This boat was a mine-layer, the Koenig Louise, caught red-handed laying traps for unwary mariners off the dangerous Goodwin Sands. Later the Aurora was with the squadron that pursued four German destroyers of the G class returning from a raiding expedition on English coast towns, between Dover and Heligoland. The British ships sank the raiders on this occasion.

At Dogger Bank.
In the famous Dogger Bank action the new Canadian cruiser had the good fortune to first catch sight of the Germans, and she was one of the first vessels under fire at Jutland.

The cruisers Arethusa, Aurora and Undaunted were together in nearly all their scraps and after one particularly difficult piece of work carried out with admirable efficiency and valor one of the trio received a special message from His Majesty himself, "Well done!" the message said.

The two destroyers presented to the Dominion played meritorious if not as conspicuous parts in the Great War. They were attached to the destroyer flotilla of the Fifth of Forth, for some time under the command of Sir David Beatty. Among other actions they were present at the Battle of Jutland, at which they performed remarkably well.

The Aurora was launched in 1914. Her dimensions are: length 456 feet, beam 39 feet, tonnage 3,599. She has a horsepower of forty thousand on which she is able to make 29 knots. Her armament consists of two six-inch guns and six four-inch guns.

The Destroyers.
The two destroyers launched in 1916 have similar dimensions—length 274 feet, beam 27 1/2 feet. They develop twenty-seven thousand five hundred horsepower on which they make a speed of 35 knots. They are armed with three four-inch guns.

The Aurora's complement is 318 and the destroyers carry 80 officers and men each.

SEARCHING FOR OIL IN BRITISH HONDURAS

TEGUCIGALPA, Honduras, Dec. 17.—The government of Honduras has granted two concessions to British representatives by which they acquire rights to search for and exploit any oil fields found by them within the territory of Honduras. One of the British syndicates, The British Consolidated Oil Fields, Limited, has already sent its engineers to this country, and they are now searching for oil in various departments of this country.

A musical service has been arranged to take place at the Methodist Church on Sunday night, the last Sunday before Christmas. FOOD IS DEAR IN GERMANY

Bread Rationed But Meat is Unnecessary, Owing to High Prices.

BERLIN, Dec. 17.—Meat at 26 marks a pound, sausage at 30 to 36 and cheese 38 is still beyond the means of the average workman. Meat merchants say the average German can afford not to buy meat once a week and he must buy cuts of poorest quality.

With wages for skilled workmen ranging from 30 to 40 marks a day, and for common labor at 25 marks, the food experts estimate the minimum cost of existence in Berlin. For a single man at 145 marks a week; for a man and wife, 216 marks a week; for man and wife and two children between seven and fourteen years, 296 marks. These prices have shown a gradual increase since February and it is expected will continue to rise during the winter.

While bread is still rationed, meat cards are no longer issued. It is said they are unnecessary because the people generally cannot buy meat at prevailing prices unless wages are greatly advanced. In spite of the well-stocked shops, the meat supply is reported only half the amount on hand during the same months before the war.

ALASKA PULP MILL EXPANDS

Money Being Raised to Put in New Unit of First Venture

JUNEAU, Dec. 17.—The Alaska Pulp & Paper Company, which will this month turn out the first pulp to be manufactured in Alaska, is fast developing expansion plans and it is the present plan to have another pulp mill of 100-ton capacity in operation within a year from now and then begin papermaking. The mill which this company has nearly completed and which will be in operation about Christmas time, will have a capacity of 18 tons daily. E. P. Kennedy is in San Francisco now preparing the plans for the additional finances that will be required for the new mill and he will be joined within a few days by Leo K. Kennedy.

New Morality Officers Are Now Working Here

M. M. Churchill and Eva Pennington in Police Court this morning charged with selling liquor—Hearing Tuesday

As a result of the activities of two morality officers who have been put on recently by the police commission, Eva Pennington and M. M. Churchill appeared in police court this morning charged with selling intoxicating liquor. Both pleaded not guilty and were remanded until next Tuesday, bail being fixed at \$500 in each case.

The arrests took place yesterday afternoon shortly after 3 o'clock and, according to the police, liquor was bought from both the accused by the two detectives. As the cases were remanded the identity of the new detectives is not yet generally known, for they will not be seen in court until the cases are heard.

Churchill resides on Fraser St. and the police have seized a considerable quantity of liquor from his place, including 2 full cases of bourbon, 8 bottles of bourbon, one full case and 8 bottles of Johnny Walker's, eight bottles of Gooderham & Worts, two bottles of cocktails and eleven bottles of unlabeled beer. From Eva Pennington's place, 128 Eighth Street, one dozen imperial quarts of Johnny Walker's red label Scotch whiskey was taken. The arrests and seizures were made by Sgt. Adams, Warden Bailey and Constable McGilchey.

Sam Kei, Chinese, also appeared in police court this morning charged with selling intoxicating liquor. He pleaded guilty and was fined \$500.50 with the option of six months with hard labor at Okalla Prison Farm.

BIG FUNERAL FOR GOVERNOR

Late Colonel Prior Laid to Rest at Foss Bay Wednesday.

VICTORIA, Dec. 17.—There was a very large military funeral for the late Lieut.-Governor, Lieut.-Col. E. G. Prior, here on Wednesday. Immense crowds gathered at Government House, where the body had been lying in state in the big ball room and later at Christchurch Cathedral where services were conducted before burial at Ross Bay cemetery.

W. J. Rooney, superintendent of construction on the Canadian National telegraph lines, was a passenger for Vancouver on the Prince George last night. Until recently Mr. Rooney was superintendent of the Edmonton to Prince Rupert section.

Mrs. Ralph Smith May Enter Cabinet

Lady Member of Legislature for Vancouver it is suggested may become Minister of Education, succeeding Hon. J. D. McLean

VICTORIA, December 17.—The latest political gossip in Provincial Government circles is that Mrs. Ralph Smith may be taken into the cabinet as minister of education, taking the place of Hon. J. D. McLean, who it is said is slated for the position of Minister of Health.

During last session Mrs. Smith was one of the most active members of the Legislature. She was responsible for a great deal of social legislation, much of it beneficial to women. She has always been keenly interested in social and educational matters and for that reason is particularly qualified for the work, especially in these days when the education of the children is mostly in the hands of women.

Mrs. Smith was elected to the Legislature for Vancouver as an independent on the death of her husband, Hon. Ralph Smith, minister of finance, in the Brewster cabinet. For many years she lived with her husband at Nanaimo at the time when he was secretary of the miners' union and later member for Nanaimo in the House of Commons at Ottawa. At Ottawa she entered into the social life of the capital, and even then was much interested in the problems of social welfare. With her husband she took a keen interest in all legislative matters and especially those which pertained to social betterment and educational reform. Later she has lived at Vancouver and at the recent election headed the poll.

MESOPOTAMIA NEW PLAN OF GOVERNMENT

LONDON, Dec. 17.—A new plan of government for Mesopotamia announced by Andrew Bonar Law in the House of Commons provides that the Arabs shall be governed by Arabs. While an electoral law for the creation of a representative Mesopotamian congress is being drafted, the country is to be administered by a Council of State, composed of native dignitaries and subject to the guidance of the British High Commissioner, Sir Percy Cox.

The Naqib of Bagdad has been invited to form a Council of State of about 18 members, with himself as president until the National Assembly can meet and decide on the future form of government. The Council will be representative of all parts of the country. One member is a leading Christian of Bagdad and one of Mosul. A third is a prominent Kurd; a fourth is the head of a leading Shia family of Bagdad and two others are influential Shia sheikhs.

Eight portfolios will be assigned by the Naqib: Interior, finance, justice, pious foundations, education, defense, public works and commerce. Among those who have been invited to form part of the provisional government are a former general of the Emir Feisal's army, an ex-dignitary of Mecca and some leading merchants and lawyers of Bagdad, Basra and Mosul.

SCHOOL CLOSED AT NOON TODAY

Closing Exercises in Some Rooms—High School Concert Tonight.

School closed at noon today for the Christmas holidays and will not reopen again until Monday, January 3. Most of the classes had concerts of some kind, while those of the King Edward School combined in the big concert given last Tuesday night. There will be a high school concert tonight.

The kiddies will now be released for a fortnight before the long spring term commences and in spite of apparent hard times Christmas promises to be merrier than it has been for some years. Most of the teachers are remaining in the city for the holidays.

Miss Martin, of the Seal Cove School, sailed last night on the Prince George for Vancouver, where she will spend the holidays, special permission having been granted to her to close her room yesterday afternoon.

LITTLE CHANGE IN ELECTION SITUATION

The situation in regard to the mayoralty and aldermanic candidates remains practically unchanged. G. W. Nickerson had not this morning decided to be a candidate and there was also doubt in regard to what other new men would offer for the council.

So far the only man definitely in the field is Alderman Rochester.

"RAT LINE" IS NOT A PLEASING NAME

House Flag of Canadian Merchant Marine Changed to Avoid Epithet

OTTAWA, Dec. 17.—Rihald comment by sailors of the world has caused the Government to have the house flag of the Canadian Government Merchant Marine changed.

So far the house flag has displayed on it the Canadian beaver, but the likeness of this industrious animal to another rodent caused sailors of the world over to refer to the Canadian Government service as "The Rat Line."

Hereafter the house flag will display in place of the beaver a cross enclosed in a circle.

No Increase in Bank Interest.

Yesterday we published part of the addresses of Sir Vincent Meredith, president of the Bank of Montreal, and Sir Frederick Williams-Taylor, general manager of the same institution, made at the annual meeting of the bank at Montreal.

It is customary to rave at the banks and to tell how they retard progress. It is customary for those who have been refused loans to nurse a grievance and for those who are not prompt and who have been called down to abuse bank methods.

Everyone Could Run a Bank. We all think we could run a bank much better than the average manager and that if the banks would only do this or that, there would be greater progress and the financial institutions would make more money.

Everyone Cheerful in Spite of Difficulties. Everyone in Prince Rupert seems cheerful in spite of the difficulties of carrying on this winter. There is a general feeling that the depression will not last long but that the silver lining to the cloud will become more and more apparent until the difficulties disappear and the wheels of industry again turn merrily.

Salmon Fisheries And Conservation. In Alaska the salmon fisheries are being depleted. In the Fraser and Naas rivers, owing to the action of the American trap owners, the fisheries are being or have been depleted.

It has been said in the past that Prince Rupert reaped no advantage from the salmon fisheries. We doubt that. It may have been to some extent true in the past but certainly is not true now.

MALONE GIVEN SIX MONTHS

Sent to Jail for Inciting to Sedition and Being "an Evil-Disposed Person"

LONDON, Dec. 17.—Geoff John L'Estrange Malone, until recently a naval officer was sent to prison for six months, but later released on bail pending an appeal to a higher court.

The evidence against him was a speech at a meeting at which he said: "We are not to change the present Constitution, and if it is necessary to save bloodshed and to save atrocities we shall have to use the lamp-posts or the walls."

"We put this book into your hands, comrades. Use it to the best advantage in our fight against the capitalist classes. It is a weapon wrested from the hands of the bourgeois-militarists. We are soldiers of the International Red Army—that army of proletarians and workers led by the Communists, who fight or soon will fight in every country over the five continents of the earth."

In addition to the sentence of imprisonment, defendant was ordered to give sureties for his good behavior for a year.

The Man in the Moon SAYS:

THAT if you are not in the running for next year's council, get in at once. You may be too late and that would be a calamity.

THAT an independent paper, "The Devil," advocates towing the Drydock to Vancouver.

THAT is enough from an independent. THAT Walt Mason says that he is opposed to tipping, but he always tips.

THAT is like the man who is opposed to drinking, but he always drinks.

THAT Walt says: "I am an ardent hater of tipping as a graft, But I shall tip the waiter Until I'm dead or daft."

THAT is like people who are opposed to the party system and then go out and form a party.

THAT it is bad to have them, but much worse to be without them.

THAT the I.P.A. makes a mistake in taking itself too seriously.

THAT now Nickerson is in the field, why not make it unanimous and avoid the trouble and expense of an election.

THAT in spite of the knockers this city will go ahead.

THAT the people to vote for are the ones who shouted for nationalization of the railway and making of this a branch line. Nix.

THAT there was a time when a certain little hand organ every day played the tune of "Damn the G.T.P. and all its works." Now it cannot even ask for fish cars.

THAT such is the independent life. Two-color window cards take the eye quickly. See them at the News Job Department.

Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the long healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta, writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark. Price 25c and 60c a bottle. Manufactured only by The T. Millburn Co., Toronto, Ont. Advl.

IN THE LETTER BOX

WOULD SECEDE

Editor Daily News—I was very pleased to read W. G.'s letter advising secession for the northern part of British Columbia. Many years ago Barney Bynoldson, of Bella Coola, fathered the idea. He suggests that the parallel 51 should be the dividing line. Personally I am tired of paying taxes to support the southern politicians. We have a rich undeveloped land. We can govern ourselves and then if we make mistakes we can lay it on no one but ourselves. At present we have to pay and pay and get nothing. We have been bid white for Southern B.C. I move we secede. HOOMES K. FREEMAN.

Fashion and Romance

While romantic association certainly plays a large part in the valuation of a gift, fashion invariably dictates its usefulness. A Birks' Diamond, in its matchless beauty and perfection, not only symbolizes life's greatest romance, but by reason of its exquisite design in setting is likely to be in evidence on all occasions.

LITTLE FOLKS GIVE FINE ENTERTAINMENT

Unusual Ability Displayed by the Youngsters of Miss Mercer's Class.

The Central Hotel dining room was crowded to the doors last evening on the occasion of the Christmas closing entertainment given by the pupils of Miss Mercer's room. The audience was not in the least disappointed for the kiddies did remarkably well, so well that all present were loud in their praise, both of the skill shown by the performers and of the splendid training they had received. It was difficult to believe that so much talent could be secured in one room and that one teacher had been able to accomplish so much. The arrangements were in the hands of Miss Mercer and Mrs. Fraser played the accompaniments. The feature of the evening seemed to be the dances, but all the parts were well taken.

The programs were Japanese art productions made by one of the pupils, Alice Enyu, and her mother, Mrs. Enyu. They were much admired.

The big dining hall had been transformed for the occasion into a miniature theatre. There was a platform at one end and everywhere were decorations of bunting and greenery intermingled with lights and dashes of color that added much to the general effect. The flags were kindly loaned by the St. Andrew's Society and other decorations by George Frizzell.

W. J. Cash presided. Miss Sewell took the money at the door and Miss Hall and Mrs. Frizzell assisted the girls in dressing.

The program was as follows:

- 1. Carol—"Silent Night," by the school.
- 2. Recitation—"Xmas Gifts," Catherine Irvine.
- 3. Dialogue—"Curing an Invalid," Evelyn Dalby, Laura Frizzell, Agnes Iverson, Beatrice Cash and Alice Jacobson.
- 4. Song—"Santa Claus."
- 5. Folk Dance—Dargesen.
- 6. Chorus—"Jingle Bells," by the school.
- 7. Duet—"Autumn Winds," Kay Enyu, Alice Enyu.
- 8. Recitation—"Lettie Bateese," George Alston.
- 9. Dance—Highland Fling—Hester Black.
- 10. Song—"Jolly Old St. Nicholas," School.
- 11. Dance—"Harem," Laura Frizzell.
- 12. Recitation—"Soap," Robert Kelly.
- 13. Dialogue—"Playing Santa," Nellie Wilson, Nelno Director, G. Alston, Mabel Oliver, Yoshi Katsuyama.
- 14. Wagon Drill.
- 15. Folk Dance—Ribbon.
- 16. Chorus—"Good King Wenceslas."
- 17. Dance—Irish Jig, Beatrice Cash, Laura Frizzell.
- 18. Recitation—"The Night before Christmas," Spino Gurvich.
- 19. Dance—"Sailor's Hornpipe," Zelma Director, Beatrice Cash.
- 20. Carol—"The First Meal," School.

SUB-CHASERS FOR ALASKA

Recommendations that Eight be Assigned to Northern Waters by U.S.

SEATTLE, Dec. 17.—A recommendation has been made to the Navy Department that eight submarine chasers be assigned to Alaskan waters for aiding the Bureau of Fisheries to enforce regulations, in a report made by Capt. J. M. Ashley, commander of the sub-chasers operating in Alaskan waters during the past season.

Capt. Ashley refers to the depletion of the salmon fishery in Southeastern Alaska and states as reasons the lack of restrictive legislation and practices in violation of present laws, which he divides into three classes—fish piracy, Sunday fishing trips and fishing within spawning streams. He considers the latter to be the principal menace to the industry and that it can be controlled only by greatly increased patrol facilities.

Capt. Ashley recommended that the Navy Department detail a fleet of eight sub-chasers or scout patrol boats and a flagship or tender for patrol work in Southeastern Alaska during the salmon fishing season. In the season of 1920, Lieut. Thompson, commanding sub-chaser 29, rendered valuable assistance to the fishery wardens and at all times heartily co-operated in the bureau's operations. Patrol work can most effectively be carried on if organized jointly by the bureau's representative in charge of the district and the senior officer of the patrol fleet.

SANTA CLAUS WILL VISIT THE HOSPITAL

Turkey Dinner will also be Served to Staff and All the Patients.

There will be turkey dinner at the General Hospital on Christmas for every member of the staff and every patient. To this end five turkeys have been donated by Geo. Frizzell and P. Burns & Co. and if this supply does not suffice, the Hospital Board will supply more. Thanks to the butchers for the generous donation was expressed by President D. G. Stewart at the hospital board last night.

Santa Claus is also to visit the hospital and it is being arranged to have a gift for every one of the patients. To assist in the expenses, the Ladies' Auxiliary have given \$25 and the members of the Hospital Board will make up an additional \$25. Christmas is to be as merry as possible at the hospital this year.

HOSPITAL BOARD PROTEST AGAINST QUALIFICATIONS

Consider that Requirements Demanded for Entering University cannot be Followed Here.

At the hospital board meeting last night the report of the house committee protesting the requirements of pupil nurses entering university was adopted. The requirements are considered too stiff for nurses graduating from any hospitals but the large ones in Vancouver or Victoria for they call for the nurse to have graduated from a hospital of at least 100 beds, 75 per cent of which are public and also a good deal of experience in social service work is required.

WHY CHANGE YOUR WIFE?

Great Picture Story Filmed at the Westholme Tonight.

The latest Cecil B. DeMille production, "Why Change Your Wife?" coming to the Westholme Theatre tonight, is thoroughly up-to-date. Even prohibition has not been forgotten by the famous producer in filming this striking story of married life. The husband, played by Thomas Meighan, not only has a full supply of private stock in his cellar; he has even constructed a rathskeller down there. This is one of the points about which he clashes with Gloria Swanson, in the role of the wife. While she does not object to wine in the house, she maintains that a private rathskeller is carrying matters a bit too far. Their clashes grow more and more frequent, until finally the husband seeks succor in the charms of a siren, and troubles start.

Cecil B. DeMille has produced this picture with all the lavishness of detail and rare beauty that characterized "Male and Female." William DeMille furnished the story, which was adapted to the screen by Olga Printzlan and Sada Cowan.

JIMMY VALENTINE EMPRESS THEATRE

"Jimmy Valentine" is the offering for tonight at the Empress. As may be recalled, Jimmy Valentine is a prisoner in Sing Sing on a charge of bank robbery, who has earned the enmity of the brutal warden because he always "plays the gentleman." Jimmy has the reputation of being a master cracksmen who opens safes without burglar's implements, relying upon his extremely sensitive touch to feel the slight jar of the tumblers in the combinations of safes. What followed—the effect of Jimmy's reputation and the possession of this odd skill on his after life—forms one of the most thrilling, breath-catching melodramas ever written.

ALASKA FISH BUYER WRECKED NEAR JUNEAU

S. J. Sonsthagen, local fish buyer, returned Saturday from a two months' trip to Seymour Canal, where he has been salting down herring preparatory to bringing them here for putting up in vinegar, says the Juneau Empire. On the return trip he was shipwrecked near Taku Harbor, when a sudden storm arose when his boat was laid up for the night, causing the anchor line to part and the boat to pile up on the rocky beach. Mr. Sonsthagen expects to leave tomorrow for the scene of the wreck and to salvage his boat and the portion of the cargo not spoiled.

"PARTY GOVERNMENT"

Editor Daily News—This Association has viewed with interest your timely article on the relation of party to government. There is no doubt that people are beginning to realize that the party system as existing is more autocratic than democratic. They no doubt, as you suggest, have come to the conclusion that the legal profession has too great a representation in the Government and also are now recognizing that this is due to a great extent to the fact that the first essential for a successful legal profession is the ability to talk and persuade. This power is used to advantage at election times as was seen at the last election. They are therefore the pivot of the "party system." To them come the man with the campaign fund looking for special privilege, to them come the seeker of special privilege and the lobbyist. In fact, all who want favors of any description, and this combination of smooth words, campaign fund and lobby influence enables the swaying of the electorate. You say the electorate chooses, we beg to differ and say the "party" chooses, and the party point is always emphasized by organization, ample campaign funds, and the like, and the result is a foregone conclusion, as long as the "party" itself does not take the bit in its teeth and run away with the wagon. This generally results when the "party" has been so highly organized that even the ample campaign fund of expenditure and promise cannot carry the burden imposed.

Independents a Party

You mention the Independent Political Association as being a "party." True it is a party, but with this essential difference; it is a party of protest against extravagant party promises and the use of money in the shape of campaign funds and selfish appeals to sway the true voice of the electorate. It is a protest against the professional caucus-led politician—the tool of the lobbyist and the privilege seeker.

The Independent Political Association is no more to be identified with the Conservative party, as you infer, than it is with the Liberal or Socialist party, but it is prepared to co-operate at any time with any party or association who have similar objects in view, which to sum up briefly is "Honest Government."

Such being the case, why all this turmoil about the formation of this new party? According to your statements, and presumably you are speaking for the party you support, namely the Liberal, you are in favor of the same ideals as have actuated the formation of the independent Association, so why the attempt to kill, weaken or destroy a young association because it dares to express itself.

Watches with Interest

The Liberal party is in power at the present time, elected by a minority vote it is true, but under our system elected all the same, and therefore responsible. They have the opportunity of working for the district effectively and to the point. The Independent Association is watching its course of action as applied to this district with interest. The Liberal party can rely upon the co-operation of this association at all times for good government, but

Music and Christmas Are Inseparably Associated

MUSIC is the means that has been adopted throughout the ages for communicating the joy of the Christmas message.

The spirit of the festival is more inspiringly expressed by the music that has always accompanied it than by any other single medium.

For music reaches our innermost selves, taps a channel leading to our higher nature and brings us in tune with the Infinite.

Millions attend church at the Christmas Season because of the special Christmas Music of the organ and the choir. They are reached through music as they are reached in no other way.

Music speaks the language of the soul, but it likewise speaks the language of life—the language of the heart.

When we speak from the depths of our religious nature, we have recourse to music and we sing our praises to God.

When we are stirred by any emotion in secular life, we likewise resort to music for its expression. We sing love songs and patriotic songs. We sing songs of sadness and songs of gladness—songs of home and songs of childhood, and our nature responds and vibrates with the magic of the message brought to us.

Music transfuses joy and softens sorrow. It should shed its blessings in every home.

they cannot expect, and certainly will not get a silent, obsequious and complacent approval of that party for any privilege given or action taken working to the detriment of the district and its citizens.

The Independent Association position can be summed up in two words, "honest government," for the good of the North. They must however take the position that neither you, or the party you presumably represent, have the right to infer directly or otherwise that this association is connected with the Conservative Association excepting as outlined herein.

F. S. WRIGHT,
Secretary, the P. R. Independent Political Association.

(The Daily News does not speak for the Liberal party nor is it against the Independent Association, as Mr. Wright suggests. We wish the new association every success, but we do not consider it more independent than the Liber-

al or Conservative associations except in name.—Editor.)

HERBS RELIEVE ORGANIC DISEASE

From every part of British Columbia
come constant reports of the truly mar-
velous work which Wonder Health Restorer
is doing to relieve and conquer disease. Its
work is a living proof of the statement
that there is a herb specific for every
human disease. And in Wonder Health
Restorer one of the world's greatest her-
balists has combined the juices of herbs
possessing properties for the relief not
only of minor ailments but also for acute
cases of organic disease.

Wonder Health Restorer is a marvel in
cases of Rheumatism, Asthma, Stomach
troubles, Kidney complaints, Nervous
debility, Female complaints, Piles, skin diseases,
etc. First treating the blood and making it
pure, the herbal properties are carried to
the seat of the organic complaint by the
blood flow. Here action is set up
which promptly corrects the organic action
and affords relief. It has done this work
most effectively even in cases where drugs
have failed and has often saved the sufferer
the ordeal of an operation.

Residents of Prince Rupert can obtain
Wonder Health Restorer at the Prince Rup-
ert Drug Co. Ask about this wonderful
remedy. Get a copy of the "Road to
Health," which tells its full story and gives
the experience of those who have used it.

GIRLS' FINE BASKETBALL

Junior League Game Between the
Tilllicums and King Edward
School Proved Feature
Last Night.

The Tilllicum girls beat the King
Edwards at basketball last night
by a score of 6 to 3 and the spec-
tators got what they expected--a
hard contest between the two
leaders of the Junior League. It
was not until eight minutes extra
time had been played that the
Tilllicums made the points which
gave them the game, which at the
end of thirty minutes stood 3 all.
M. M. Lamb was the referee and
the scoring follows:

Tilllicums--G. Loew, H. Meltae, 2
M. Meltae, 4; A. Gurvich, E. Car-
ter.

King Edward--L. Parker, A.
Stephens, 1; A. Nelson, M. Casey,
2; A. Morrison.

Meteors Win.

The game between the Meteors
and the Telephone girls was an-
other first class one and the
Meteors were victors, 12 to 2.
The game was not so close as the
first, but this was due to the ex-
ceptionally good form of the Me-
teors rather than any falling off
of the play of the Hello Girls. The
High School girls excelled any of
their previous playing and showed
themselves to be easily the best
players in the Intermediate girls
league. There are only two un-
beaten teams in the basketball
league and the high school teams--
Tilllicums and Meteors--are the
ones in this enviable position.

Joe Scott refereed the game be-
tween the Meteors and the Tele-
phone girls and the lineup were
as follows:

Meteors--M. Roberts, A. Kel-
ly, H. Hibbard, 2; M. Lindsay, 4;
Morrison, 6.

Telephone Girls--Mrs. Gowan,
Mrs. Brown, Mrs. Mobley, 2; A.
Good, M. Veireck.

Senior League.

In the Senior League contest
between the Elks and the Great
War Veterans, the former were
masters of the play all the way.
Although the Vets made them ex-
tend themselves a good deal, Joe
Scott refereed the game, which re-
sulted in a score of 29 to 11.

Elks--Clementson, 11; Griggs,
2; Menzie, 8; Hill, 4; Ratchford,
2; Willisroff for Ratchford.

Great War Veterans--Campbell,
2; Lamb, 2; Currie, Brown, 1; J.
N. Kelly, 4; Roberts for Brown, 2.

The standings follow:

To Be Troubled With Constipation

The Cause of Many Ills

If you do not feel well and go to your
family physician, one of the first things
he will do is ask you to hold out your
tongue. The reason for this is that the
condition of the tongue shows the con-
dition of the stomach and bowels.

If you allow your bowels to become con-
stipated you will have bilious attacks, sick
headaches, coated tongue, foul breath,
heartburn, water-brash, etc., and those
troublesome piles, which cause so much
annoyance and misery.

Keep your bowels moving regularly and
you won't be sick.

In Milburn's Laxa-Liver Pills you will
find just the remedy you require for this
purpose. They are purely vegetable and
do not grip, weaken or sicken.

Mr. Jas. S. Harris, Box 924, Halifax,
N.S., writes: "For two years I suffered
with constipation. I could not get any-
thing to cure me, and hardly anything
would give me even temporary relief. One
day my uncle induced me to try Milburn's
Laxa-Liver Pills, and even brought me a
vial. I tried them without much faith,
but I soon found they were doing me good,
and after using the second vial I was re-
lieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial
at all dealers, or mailed direct on receipt
of price by The T. Milburn Co., Limited,
Toronto, Ont.
