# Bunkers to Handle Alberta Coal

## PRINCE RUPERT IS PROBABLY TIED UP AT SWANSON BAY WHARF BY NOW

### Would Ship Alberta Coal from Rupert if Bunkers Provided

Trade Commission Making Thorough Investigation of Local Conditions and will Visit Anyox in interests of Government

### Coal Replacing Oil in Industry and Commerce

Howard Stutchbury will recommend urging Dominion Government to erect Coal Bunkers at this port at once

Prince Rupert has an ally in the matter of developing her port. The Province of Alberta is interested in securing a market for her coal and this is the port through which large quantities of it may be shipped.

Howard Stutchbury, trade commissioner for the Government of Alberta, is at present in the city looking into the possibilities with a view to making recommendations to his Government at Edmonton in regard to marketing Alberta coal here. Already about one third of the local coal supply comes from the province to the east and the Albertans are anxious to increase that amount and also to ship their product to

supply bunker coal to vessels stopping in these waters, and generally to develop the business to the fullest possible extent.

**Will Demonstrate.**  
In discussing the matter of Alberta coal supply with the Daily News last evening, Mr. Stutchbury stated that one-eighth of the world's known coal reserve is located in the province of Alberta. There is known to be 681,000 square miles of coal lands there and much of it is near the British Columbia border. For that reason they looked to British Columbia for a market for the product. In order to do this they are proposing to send a combustion engineer to the coast in the near future to demonstrate the coal and show people how to use it.

**Coal Coming Back.**  
At the present time it is unprofitable for ships or railway trains to use oil. At the present price oil is equal to fifteen dollar coal, and coal might be delivered here for very little more than half that amount, taken in quantities. A few years ago coal was being hauled from the coast and oil took its place. Now coal is coming back and will be used much more extensively than ever before.

Prince Rupert happens to be one of the important ports through which this Alberta product can be shipped. The first step, however, must be the erecting of bunkers capable of handling the coal economically and quickly. With such facilities there is no doubt a good business could be worked up here.

**Alberta an Ally.**  
The Dominion Government has already had this matter of coal bunkers under consideration. With Alberta province as an ally in urging construction of these facilities there is probability that progress will be made and the government, through the Canadian National, will take action in the very near future. Proper bunkers should affect the price at which the coal could be shipped and might also make it possible to provide cheaper coal for the residents of Prince Rupert.

Mr. Stutchbury is spending several days in the city, thoroughly investigating the local conditions, and he will also visit Anyox before returning to Edmonton. He seems very much alive to the situation and says that his government is also keen on doing business here.

### BUTCHART MAY BE GOVERNOR

Name Mentioned Prominently as Possible Successor to Late E. G. Prior.

VANCOUVER, Dec. 18.—R. P. Butchart is mentioned as a probable successor to the late Hon. E. G. Prior as Lieutenant-Governor of British Columbia. Mr. Butchart is the president of the Vancouver Portland Cement Co., located on Saanich Arm near Victoria and is prominently connected with other similar concerns. He lives near the works at Brentwood and has the finest gardens of any in British Columbia. These are open to the public most of the time and many picnics and public gatherings are held there. They are one of the important show places of the capital.

Mr. Butchart is also a shareholder and director of the Dolly Varden mine and railway and is interested in the industrial development of British Columbia.

**COX PAYS OVER ENGINEERS' FUND TO INTERNATIONAL**  
As a result of the decision handed down in Judge Young's court in the case of the International Engineers vs. S. V. Cox, the engineers are in receipt of a check from their solicitors, Fisher & Ouzhton, in the sum of \$175.35, the funds of the union held in trust by Mr. Cox.

### DOMINION TO ASSIST THE UNEMPLOYED

Promise of Third of Cost Given by Federal Authorities.

OTTAWA, Dec. 18.—In reply to requests made from the provinces and municipalities as to what help the Dominion Government would give toward the relief of the unemployed situation, the Government has decided that it will contribute one third of the cost.

This applies both to provincial aid or municipal aid and will be a valuable contribution. It is estimated that large sums will be required to carry over the winter but just now the money will be spent will be for individual localities to decide. It is certain that it will be allocated in such a way that the unemployed may be able to earn the money.

### BOWSER WILL NOT RETIRE AT PRESENT

Suggestion That He May Not Remain in Public Life is Denied.

VANCOUVER, Dec. 18.—Contradicting a persistent rumor that he would not remain in public life since his defeat but would retire in favor of some other leader, W. J. Bowser this morning denied that he had any such intention. He said he was going to stay with his party in defeat as he would have stayed with them if they had won the victory.

### PARTS OF MEXICO BECOMING PROSPEROUS

MEXICO CITY, Dec. 18.—Encouraging reports have been received here from the states of Sonora and Sinaloa, where the return to prosperity is noted by the announcement that these states expect to export 15,000 carloads of agricultural products to the United States within the next few months.

It is said that the state of Sinaloa will have at least 2,000 tons of refined sugar available for export. The railroads of the region are making great effort to provide the necessary transportation facilities.

### GUARANTEED PROTECTION OF DRY SQUAD

Such is Charge Made Against Vancouver Barrister Today.

VANCOUVER, Dec. 18.—Reginald Eyre, barrister, is charged here with accepting money from the proprietor of an apartment house in return for a guarantee of protection against the operations of the dry squad.

The case is a sensational one and is one of the chief subjects of discussion on the streets here.

### DOUBLE SHIFT ON NEW WHARF DREDGES

Both dredges on the new salmon wharf work are now working 24 hours per day. The one at McNicholl Creek has been working day and night ever since it started, but the one on the easting up work at the waterfront has just commenced the double shift. Good progress is being made on the easting up and the appearance of Mary tonight for the south to the bank beyond No. 3 shed is already considerably changed.

### Home Rule Bill is Now Law of Britain

Passed by Parliament after Lords' Amendments Rejected; Northern Counties Not Included with Rest of Country

LONDON, December 18.—The Home Rule bill has passed both houses of Parliament finally and with the signature of King George attached becomes law today. Under this law six of the northern counties, including Ulster, are not included in the scheme for an Irish parliament.

There were several brushes with the House of Lords before the measure finally became law. The Lords insisted on amendments which the House of Commons refused. These had to do with the Irish Council, the Lords proposing a senate instead.

### Assigned Pay Checks to be Sent to Department

On Leave in Ottawa for Vancouver and Prince Rupert Col. J. V. Peck Sums Up Dry Dock Situation by Wire

Dealing with dry dock matters, the following telegram was this morning received by Stanley Parker, president of the Board of Trade, from Col. C. W. Peck, M. P., at Ottawa:

"The Department has instructed Captain Saunders to forward pay checks held by various bodies to Ottawa for consideration and personally I believe they will be paid as long as there is any kind of an assignment. In the meantime the safest way would be to get all who can be possibly found to sign the regular form of assignment."

"I can do no more here now. The minister has gone to Nova Scotia and will not be back until next week. He expects to get things started as soon as he gets back. The way it looks now the Department intends to finish the ships themselves as well as company on repair work."

"I am leaving tomorrow night for Vancouver where I will spend Christmas and from there will go to Rupert, returning here next month. Magoffin is not here yet."

D. G. Stewart also received a telegram from the Colonel in which the member said: "I am leaving tonight for Vancouver for Christmas. Will be at Winnipeg Tuesday, at Fort Garry Hotel."

### Wrecked Steamer Should Reach This Port by Next Wednesday, says Beaumont

Prince Rupert Pumping Operations Continued All Night and is Now Probably Moored at Swanson Bay Wharf

Reginald Beaumont, superintendent of Grand Trunk Pacific Coast steamships, returned this morning on the Prince John from Swanson Bay and stated on arrival here that he expected the Prince Rupert would arrive on Wednesday morning to go into the dry dock for preliminary survey to ascertain the damage done to her in the wreck last October.

The pumps started on the big vessel last night shortly after Mr. Beaumont left Swanson Bay at 10:30 and it was expected after working all night to have her pumped sufficiently by this morning to move her to the wharf. On arrival there, engineers and officers will board her and inspect her boilers and engine room. After things have been cleaned up to allow for steam to be raised in the boilers her engines will be started and she will leave for Prince Rupert conveyed by the Algerine and the Queen. Captain Donald will be on the bridge in charge for the underwriters.

### RUSSIAN THISTLE INVADERS MANITOBA ALONG FORTY-MILE FRONT NEAR WINNIPEG.

The noxious weed department of Manitoba is fighting the Russian thistle, which has invaded Canada. It made its appearance recently on the west side of Turle Mountain. Russians used it for sheep feed, and on their seven-acre farms were able to control it, but in larger territories of the Dakotas it got away from them, and the first plant was traced sixteen miles.

Develop Port as Permanent Asset.

The development of the port of Prince Rupert is one of the things on which all the energies of Prince Rupert people should be centred at the present time. Along this line the interview with the trade commissioner for Alberta, who is at present in the city, proves most interesting reading.

Coal Necessary To Every Port.

No port can expect to be successful from a shipping point of view unless it has a plentiful supply of cheap coal. With plenty of good quality coal at commercial prices, there is bound to be development.

Shipping Alberta coal to Prince Rupert is no experiment. At the present time approximately one-third of the coal consumed here comes from that province.

Day of Oil Dominance Seems to be Passing.

The days of the dominance of fuel oil seems to be passing. Already the price of the product has mounted until it is expensive to operate ships or trains with oil fuel.

Get Busy Now Before the Session.

This is the time, before the opening of the Dominion Parliament, when we should make another determined effort to move the Dominion to provide us the facilities we need.

Divide on Small Things But Unite on the Big.

We divide into rival camps in matters of politics. We divide possibly in matters of civic government and policy. There are other little questions on which we have differing opinions such as the settlement of the Cow Bay question.

DAME PETER LAMARRE

Pointe St. Pierre, P. Q. "I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives'.

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

### IT'S A SHAME SAY PEOPLE

Way in Which G. T. P. Treated is Subject of Constant Remark; Ottawa Rumor.

A special despatch to the Vancouver Province from Ottawa intimates the possibility of President Hanna and other heads of the Canadian National Railway retiring and the control of the system passing to the heads of the Grand Trunk. It cites the difficulties with the employees and suggests that when the arbitration is concluded the whole question of management will come up for consideration, and that there may be a fresh start.

This suggestion is denied officially by the Canadian Press who say "There is not a word of truth in the story."

Other rumors have come through to Prince Rupert from time to time regarding the general dissatisfaction caused by the placing of the G. T. P. in absolute control of the C. N. R., the G. T. P. officials in almost every case being subordinated to the C. N. R.

"It's a shame," accompanied by swear words, is the chief expletive used in connection with the manner in which the Prince Rupert branch of the system has been treated under the reorganization.

### Those Nasty Little Pimples That come on the Face Are Caused by Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood.

Many a cheek and brow cast in the mirror of beauty have been sadly defaced, their attractiveness lost, and the possessor of this "simply face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

There is an effective remedy for these facial sores and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years.

It draws out all the impurities from the blood and leaves the complexion clear and healthy.

Mrs. James William Waterford, Ont., writes: "My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend stepped in one day and told me I should try Burdock Blood Bitters. I did so and used three bottles and found the pimples were all disappearing from my face, and now I have a clear complexion again."

SANTA CLAUS HAS ARRIVED

Made His Appearance at Sons of England Christmas Tree Last Night

All was merry at the Sons of England Christmas Tree held yesterday afternoon and evening in the Knights of Pythias Hall. The children and their parents commenced to gather about 4.30 and afternoon tea was served to nearly 150. After tea various games were played by the children and about 7 the message came that Santa Claus was coming.

Amid the tinkle of sleigh bells, the old gentleman himself entered the room a few minutes later and after shaking hands with all the children he seated himself at the organ and played "For He's a Jolly Good Fellow." Then he moved over to the Christmas Tree, which was indeed a wonderful sight, decorated with all manner of lights and shades illuminated with electricity. On the tree hung gifts for every child in the hall, games for the boys and dolls and beads for the girls, with bounteous supplies of candy, nuts and fruit for all. While Mrs. Leek and Mrs. Kemp stripped the tree, Mrs. E. A. Woods handed the gifts to Santa, telling him the name and he in turn handed the presents to the youngsters.

When the distribution of the gifts was finished three cheers was set up for Santa Claus and he left the hall with many of the tots following. The last that was seen of him was when he departed in a taxicab.

The delightful affair was under the direction of the social committee of the Daughters and Maids of England, who were assisted by several of the members of the Sons of England.

MUCH BUILDING ABOUT TERRACE

Thirty-three Residences and Nine Buildings Between Town and Farm District.

During the year 1920 Terrace has been more to the fore in development than in any previous year. One of the most noticeable signs is the greatly increased acreage under cultivation and other improvements that have been made.

Hundreds of land seekers were in the district during the year and many found suitable locations and stayed, others left to green fields far away.

In the town itself building activity was carried on steadily throughout the year and around twenty-five new residences and business buildings were erected. The same activity was apparent in the farming section and the following list gives the names and particulars:

**Town Buildings.**

W. C. Sparks, W. Vanderlip, W. E. Smith, Thomas Smith, C. A. Waite, P. Kilmartin, W. Yargau, Robt. Braun, W. J. Ford, George Dover, H. Nantell, Wm. Little, C. A. Waite, Bank of Montreal, two-storey block, Mrs. Grieg, two-storey block, store building, J. R. Joe, laundry, two-storey building, Abraham Johnson, residence, new school building, Geo. Little, office and garage, Geo. Gramer, residence, new pool room. Additions have also been made to the store building of P. LaZelle and J. H. Campbell.

**Farm Buildings.**

J. M. Viger, G. H. Taft, A. Bedore, W. Bedore, J. McLaren, Miss Pearson, J. Cote, H. Mist, J. Sutherland, J. Thompson, Mr. Lindner, W. A. King, J. Carlson, W. Kirkpatrick, J. Cawthers, Beard & Minehin, O. Walberg, J. Swan, G. Nelson, K. Olson, big addition to residence, L. Pirot, store building, J. King, nursery building.—Terrace News.

SEAL COVE CLOSING WAS NOTABLE EVENT

Splendid Entertainment is Given Under Direction of Misses Martin and Nickerson.

The closing exercises in connection with the Seal Cove School took place on Thursday afternoon when a splendid concert was given by the pupils, much to the enjoyment of the large number present. It reflected great credit on the teachers, Misses Martin and Nickerson, the quality of the entertainment indicating the keen interest taken in the children by these young ladies.

Before tea was served a Gerhard-Heintzman gramophone was presented to the school by Mrs. Boddie, chairman of the piano fund committee. This fund started with the intention of purchasing a piano for the school but owing to being unable to use the school, it was found impossible to raise the money. The committee then decided to devote the sum of \$411.25 already raised, to the purchase of a gramophone for the school. This made possible mainly through the efforts of Mrs. Boddie, assisted by the committee.

### Your Bed Pillows— Would You Like To Have Them Washed?

Bed pillows are seldom washed in many households—the same pillows are used through summer and winter, illness and health.

This often happens in the dwellings, too, of housewives who are justly proud of their home sanitation. Sweet, clean slips are used, but pillows nevertheless are frequently overlooked.

Why not send your pillows to us for a thorough cleansing? We bubble them up and down in pure soft water and fluffy suds. We rinse them time and again. Then we dry them quickly in fresh, warm air, and tumble them until they become delightfully downy once more.

It gives new life to the feathers, whether they be snowy breast feathers, or the less fluffy tail feathers. The pillow, too, is sterilized. Slumber becomes a new pleasure.

Send your pillows along next time our driver calls for your family bundle. Or telephone us and we will have our driver stop next time he passes your way.

## GREAT CONCERT AT HIGH SCHOOL

Santa Claus' Visit, a Sumptuous Dinner and Meritorious Concert, Conclude Term.

The Closing exercises at the High School took place yesterday, and were carried out in real Christmas style. At three o'clock Santa Claus appeared and dispensed his gifts with a lavish hand to all the students assembled. Will Kergin made a splendid Santa and his witticisms caused a lot of merriment.

**Christmas Dinner.** At 3:30 p.m. the students and teachers sat down to a sumptuous Xmas dinner in the matric. room, and, needless to say, justice was done to all the good things provided. Cedric Duncan was toastmaster, and under his baton things went merrily along. At 6:30 all left the banqueting room to prepare for the concert which took place in the basement of the building.

At 8:15 the concert opened in the presence of a crowd of parents and friends that sorely taxed the accommodation provided. The following was the program:

**Concert Program.** School Orchestra. Christmas Carol. Choruses from the "Geisha"—students of the "Matric." class. Christmas Carol. Recitation—Marjorie Roberts. Orchestra selection. Reading of "School Magazine." Song—Miss Olga Kask. Forest scene from "As You Like It," students of the Matric. class. Christmas Carol—School Girls' Choir.

"God Save the King." The Geisha choruses were undoubtedly the gem of the entertainment in which the singing of Miss Olga Kask created quite a sensation. This young lady has an exceptionally fine voice of great power, and her singing of the "Jewel of Asia" in the Geisha and later "Blow, Blow, thou Winter Wind" in "As You Like It," drew well-merited applause from the audience. The beautiful setting of the "Geisha" could hardly be surpassed.

**"As You Like It."** In the play "As You Like It" all did splendidly, but Miss Ruth Rix as "Orlando," Miss Olga Kask as "Amiens," Miss Margaret Lindsay as "Rosalind," and Roth Gordon as "Jacques" stood out prominently. The chorus "Chin, Chin, Chinaman" in the "Geisha" provided much merriment. Cedric Duncan, Allan McLeod and Roth Gordon acting their parts in true Oriental fashion. The concert was indeed highly meritorious, and a fitting conclusion to a happy day.

### BASKETBALL DANCE WAS WELL ENJOYED

About 75 Couples Attended Pleasant Affair in St. Andrew's Hall Last Night

The Sons of Canada Basketball Dance held in St. Andrew's Hall last evening was a very enjoyable affair and was attended by about 150 persons. Harry Breen was the master of ceremonies and George Johnstone was on the door. Gray's Orchestra provided the music and at midnight fine refreshments were served. The affair was under the direction of the Sons of Canada basketball committee.

Dorothy Thompson, summer; Miss Katherine McCormack, Autumn, and Miss Gladys Collier, Winter. These girls were assisted by a fine chorus. Miss Lorna McLaren was very pleasing in a Spanish dance which was followed by a playlet, "The Brownie's Trick." In this six boys, Stanley Moersch, Camero McKinnon, Patrick O'Reilly, John Comadina, Leno Calousi and Bartlett Wakefield, were the Brownies, and six girls, Agnes Roberge, Nina Hunter, Helen McCaffery, Margaret Van Coutin, Rose Couture and Bertha Aslin, were the Fairies. The program was concluded with the chorus, "Tis Winter Time." Miss Agnes Gratton made a very capable accompanist.

Father McGrath spoke a few words in his own genial manner and then Santa Claus unloaded a beautiful Christmas tree which was covered with gifts for the pupils.

## Music and Christmas Are Inseparably Associated

MUSIC is the means that has been adopted throughout the ages for communicating the joy of the Christmas message.

The spirit of the festival is more inspiringly expressed by the music that has always accompanied it than by any other single medium.

For music reaches our innermost selves, taps a channel leading to our higher nature and brings us in tune with the Infinite.

Millions attend church at the Christmas Season because of the special Christmas Music of the organ and the choir. They are reached through music as they are reached in no other way.

Music speaks the language of the soul, but it likewise speaks the language of life—the language of the heart.

When we speak from the depths of our religious nature, we have recourse to music and we sing our praises to God.

When we are stirred by any emotion in secular life, we likewise resort to music for its expression. We sing love songs and patriotic songs. We sing songs of sadness and songs of gladness—songs of home and songs of childhood, and our nature responds and vibrates with the magic of the message brought to us.

*Music transfuses joy and softens sorrow. It should shed its blessings in every home.*

THAT no sooner had the Niobe and Rainbow commenced their work of training men, than the Tories came into power and undid everything.

### PRESCRIPTION FOR COLDS AND GRIPPE

Formula Which is Approved by Leading Physicians.

Physicians all over the world are agreed on the best treatment for the relief of colds in the head or the advanced stage of the trouble—a grippé, or the first stages of influenza.

This formula is now offered the public under the name of Grip-Fix and is used for home treatment. It comes in capsule form and acts promptly, as it has a ten-year record of relieving a cold in a night or a case of grippé in 24 hours. Its action allays the fever, relieves the soreness in the muscles and back and keeps the system open to throw off self-generated poisons.

Grip-Fix is just what it claims to be—a physician's prescription. The full formula is printed on every box. It contains absolutely nothing injurious to the system, but everything needed for the prompt treatment of colds or grippé. Get a box of Grip-Fix. Have it in the house. On sale at all druggists, 35 cents per box.

### CHEAP LABOR

Port au Prince Almost Beats Record Paying Men about 20c a Day

PORT AU PRINCE, Dec. 18.—There is no high labor market in Haiti. The man working by the day gets one gourde, which is 70c, and sometimes a gourde and a half. Cooks are to be had without advertising. Most of them earn \$1.50 a week, and in addition get six cents a day on which to feed themselves and their flock. You do not have to include car fare in the weekly wage down here.

At some points of the interior wages for cooks are even lower. Many of them live in mahogany houses, at that.

Haiti's population is estimated around 2,500,000. Ninety-seven per cent of these people are classed as illiterate, which may account for the size of the pay envelope.

### CHRISTMAS CONCERT BY CONVENT PUPILS

Artistic Program Was Rendered on Thursday Night—Christmas Tree was Unloaded.

The concert given on Thursday night by the pupils of St. Joseph's Academy was a most pleasing affair and reflected more credit upon the artistic training that is given the students at the schools. There were many parents and friends present and everybody was delighted with the performance.

The program opened with a chorus by the school, "All Hail to Merry Christmas," which was followed by a combination song recitation by the whole class of minims. "The Seasons," a chorus by the senior girls, was very pretty. The solo roles were taken by Miss Alice Earley, Spring; Miss

**TERRACE**

At the first annual meeting of  
the Terrace branch of the North-  
ern Interior Co-Operative Associ-  
ation, the consensus of opinion  
was that a jam factory should be  
built here. H. A. Beck, general  
manager of the association, ad-  
dressed the meeting and the  
following were the new officers  
chosen: President, J. Kirkaldy;  
Vice-President, D. A. McKinnon;  
Directors, H. A. Swain, K. Olson  
and H. Franks.

The first real snowstorm struck  
this district this week and nearly  
eight inches fell. Later the tem-  
perature rose and the snow  
changed to rain.

Most of the employees of the  
Amsbury mill, which has closed,  
have come into Terrace for the  
winter.

A new addition is being made to  
the provincial jail here.

**SMITHERS**

D. R. Willemar, the Hazelton  
miner, has gone into the Babine  
country to conduct investigations  
for Eastern mining interests.  
Mrs. Willemar is in Smithers.

There is two feet of snow in  
Smithers and recently there has  
been a great deal of wind.

On Friday night of last week  
the question of village incorpora-  
tion for Smithers was considered  
at a largely attended meeting. L.  
S. McGill was in the chair and a  
committee comprising H. Welch,  
N. P. Moran and L. B. Warner was  
delegated to investigate the re-  
venue and expenditure of such an  
administration.

John Allman has been sen-  
tenced to six months in Fort  
George jail for robbing the cash  
box of the Smithers Club.

**PRINCE GEORGE**

Mayor H. G. Peery, M.L.A., may  
seek reelection in the forthcoming  
municipal elections. Other can-  
didates mentioned are Dr. Alward,  
I. H. Johnson, W. P. Ogilvie and  
Henry Wilson.

A delightful entertainment was  
given by the pupils of the South  
Fort George School on Thursday  
evening. The children reflected  
the results of the weeks of careful  
training in songs, recitations and  
drama under Miss McLaughlin and  
Miss Mutual.

"Big Bill" Manson, of Vander-  
hoof, is in charge of the Indian  
Agency in this district in the  
absence of Inspector McAllan, who  
is gone to the Antipodes on holi-  
days.

Miss Eileen Rolston, of the  
local teaching staff, is in the  
Prince George Hospital suffering  
from a nervous breakdown.

Through the excellent work of  
the Ladies' Auxiliary of the  
G.W.V.A. the club rooms have  
been most comfortably fitted up.

**PALL BEARERS.**

**VICTORIA, Dec. 17.**--Honorary  
pall bearers at the funeral of  
Lieutenant-Governor Prior were  
Hon. John Oliver, Sir Charles  
Tupper, Hon. John Hart and Judge

**One Great Essential  
To a Woman's Health  
Is Her Nerves**

Nature intended women to be strong,  
healthy and happy as the day is long,  
instead of being sick and wretched. But  
how can any woman be healthy and happy  
when the whole nervous system is un-  
strung. The trouble is they pay more  
attention to their social and household  
duties than they do to their health. It  
is no wonder then that they become  
irritable and nervous, have hot flushes,  
faint and dizzy spells, smothering and  
sinking spells, become weak and nervous,  
and everything in life becomes dark and  
gloomy.

Milburn's Heart and Nerve Pills are the  
very remedy that nervous, tired-out, weary  
women need to restore them to the bless-  
ings of good health.

Mrs. P. H. Ryan, Sand Point, N. S.,  
writes:--"I have been a great sufferer  
from nerve troubles. I was so weak and  
nervous I could not sleep at night and  
my appetite was very poor. I could not  
walk across the floor without trembling.  
I had hot flushes and fainting spells. When  
I was on my second box of Milburn's  
Heart and Nerve Pills I began to feel bet-  
ter and kept on until I had used six boxes  
when I felt like a different person. I am  
never without them in the house and recom-  
mend them to all who suffer with their  
nerves."

Price 50c. a box at all dealers or mailed  
direct on receipt of price by The T. Mil-  
burn Co., Limited, Toronto, Ont. Adv.
