## PRESIDENT MILLERAND OF FRANCE RIDES IN AIR

## DOMINION GOVERNMENT DROPS ITS LUXURY TAX TO RELIEVE SITUATION

### Aeroplane Limousine For French President

Will Use It to Make Official Visits to Cities in Province and Foreign Capitals; Against Wife's Wishes

PARIS, Dec. 20.—President Millerand, despite the earnest contrary advice of Madame Millerand, is reported to have ordered an airplane limousine for the purpose of making official visits to foreign capitals and cities in the provinces.

Should the report prove to be founded it will mean a departure in the mode of traveling of presidents in France and the permanent sidetracking of the presidential train. A regular squadron will have to be provided for the presidential suite and the fifty or so journalists who accompany the president on all his trips from Paris.

Some newspapers call the president's attention to the fact that a fall from the window of his aerial limousine would have more terrible results than leaning too far out of the train window, referring to the accident to the former president, Paul Deschanel.

### CABINET IS DISCUSSING EMPLOYMENT

Vancouver Hard Hit by Present Condition of Stagnation

VICTORIA, Dec. 20.—A cabinet meeting is being held here today to discuss the matter of unemployment, with a view to taking action to alleviate the condition.

Vancouver is the hardest hit and many there, who are not classed as laborers, but as men who work for salaries, are feeling the hard times very much.

### ARREST PRIESTS MURDER CHARGE

Business Area of Dublin Raided by Police Following Shooting

DUBLIN, Dec. 20.—At the week end the business area of this city was raided in search for the murderers following the shooting of the police inspector. Two masked men did the nefarious deed.

Two priests have been arrested by the police and are held in custody pending further investigations.

### CHINESE AIRPLANES COLLIDE WITH BRIDGE

Doubt as to Use They would be Put to Settled by Fate

PEKING, Dec. 18.—The question as to what use shall be made of several airplanes recently bought by the Chinese Government—whether for war or for establishment of mail service as stipulated in the contract for their purchase from a British firm—has been settled so far as the three of them is concerned.

Chang Tao-lin, who at present dominates north China militarily, ordered three of the six machines shipped to him at Mukden. The others were to be sent to Pootung for military purposes.

Those destined for Mukden were loaded on flat cars and started northward. Some distance beyond Tientsin they collided with the superstructure of a railway bridge which, along with the machines, was put out of commission. The wreck tied up traffic for a long time.

### UNIFORMS AND FLAGS FOR NAVAL BRIGADE

Capt. Roberson Gives Signalling Flags and Masons, Uniforms

The Boys' Naval Brigade has been the recipient of a set of signalling flags presented by Capt. H. L. Roberson. Also uniforms have been donated by the Masonic Lodges, Tsimpean and Tyoe.

It is of interest to note that the present movement in B.C. along the lines of encouraging the youth of the province to regard a seafaring life as holding many attractions is taking a strong hold. In Vancouver and Victoria the applications from boys to be placed on ships for training is far in excess of the places available. Prince Rupert is off to a good start also in this regard, and any aid, moral or material, that can be given by citizens is greatly appreciated by both the officers in charge as well as the embryo sailor lads.

### FORTY TIE MAKERS WANTED UP RIVER

Provincial Labor Bureau Gets Call for Men—Situation Relieved Slightly

The unemployment situation in the district has been relieved in a measure through a call for forty tie makers for up-river being sent to the Provincial Government employment office in this city.

Capt. C. H. Nicholson is booked to sail south from Swanson Bay on the Prince John this trip.

## Prince Rupert Floats For First Time Since Swanson Bay Disaster

SWANSON BAY, December 20.—The Prince Rupert has been floated and is scheduled to leave here on Wednesday for Prince Rupert where she will go into the dry dock for preliminary survey about Friday. The Algerine and Queen will be the convoy ships and Captain Donald will be on the bridge of the wrecked liner.

After seeing the vessel successfully floated, Captain C. H. Nicholson, manager of the fleet, sailed on the Prince John this morning for Vancouver to spend the Christmas holiday at home. He will be back to Prince Rupert shortly.

The officers of the Ghelohsin, which arrived here last evening from the south, reported that the Prince Rupert was alongside the dock when they made their call there yesterday morning.

Superintendent Beaumont said this morning that he expected the steamer would reach here on Wednesday evening.

## NICKERSON IS IN THE FIELD FOR MAYOR

Will be Candidate for Mayor Backed by Large Number of Businessmen

Late Saturday afternoon G. W. Nickerson decided to become a candidate for mayor in Prince Rupert. He did so under a great deal of pressure from the business men of the city, who for the last day or two have been urging him to get into the running.

Mr. Nickerson is a young man with plenty of enthusiasm. He is outspoken to such an extent that he sometimes makes enemies. He has been in business here for some time and has made a success of it.

The only opponent yet in sight is Harry Rochester, proprietor of the Prince Rupert Hotel. He has been an alderman for several years.

## LUMBER BUSINESS IN NEW BRUNSWICK

Increased Stumpage Injures Business and Small Cut Results

ST. JOHN, Dec. 15.—The Government of New Brunswick is confronted with a pretty problem on August 1 of this year it raised the stumpage fee on lumber cut on the Crown lands from \$3.50 to \$5.00 per thousand superficial feet. At that time the leaders of the opposition were claiming that the lumber operators ought to pay as high as \$10.00. The Government thought the situation in the industry would justify an increase to \$5.00, and little objection appears to have been made by the lessees of the timber limits, because it was believed that while the peak of high prices had been reached there was still good prospects of an active market. Since then conditions have arisen which have induced lumber operators to curtail their production this winter by about one-half, and the question has arisen whether, in view of the increasing pressure upon prices, the Government will be justified in collecting a stumpage rate of \$5.00.

A few years ago New Brunswick had a forest land scandal comparable with that which has recently come to light in Ontario. Just before the war the then Government passed an act fixing the stumpage rate at \$1.50 for ten years. At that time the Government only had two opponents in the Legislature, both French-Canadians. Shortly after Mr. Dugal made charges from the floor of the House to the effect that men closely associated with the Government had collected a matter of \$100,000 from the lumber operators for political purposes.

Henry Defontaine and family returned this morning to Terrace. Mrs. Defontaine remains in the city.

## BATTLE SIGNAL AT JUTLAND FAILED AT CRITICAL MOMENT

LONDON, Dec. 20.—Lord Jellicoe's belated report on the Battle of Jutland reveals that a vital signal failed to reach him at a critical moment in the operations and the German Grand Fleet was thus enabled to retreat in safety.

The Prince George will leave here at 8 o'clock Thursday night, reaching Vancouver at 8 o'clock on Christmas Day.

## Dominion Government Has Dropped the Luxury Tax

Swift Action Put Through by Order-in-Council; Sir Henry Drayton Explains Reasons for Change

OTTAWA, December 20.—The Luxury Tax has been abolished by order in council to meet the extraordinary situation of trade which is almost in stagnation and assist in its stabilization.

Speaking of the action, Sir Henry Drayton, minister of finance, says that the situation causing the change was due to the public and merchants holding off buying, expecting the dropping of the tax and consequent lower prices. Many industries have been shut down and the unemployment question is serious because of this tendency and it was realized that quick action was necessary.

The trade sales taxes which do not immediately affect the consumer remain.

## COST OF LIVING IS VERY HIGH

Big Freight Charges Make Potatoes, Ham and Eggs Luxuries in Yukon

DAWSON, Y.T., Dec. 20.—Work for development on the Yukon Gold Company's gold, silver and galena holdings in the Mayo district are progressing favorably, but there is danger of great hardship because of the scarcity of supplies for the 300 people who are staying "inside."

In order to relieve the situation, ham, potatoes, eggs and a number of other commodities are being hauled over the trail from Dawson, but the cost of freighting is from fifteen to twenty cents a pound.

One ton of potatoes has been taken from Dawson to Mayo, where it was sold for \$500.

Several of the most prominent geologists on the continent spent the summer in the Mayo district and as a result of their observations the Yukon Development League and the gold commissioner have wired recommendations to the federal government to construct an overland automobile road from Dawson to Mayo at a cost of \$100,000, and to finish the water grade road from Mayo to Keno next summer, a distance of 40 miles, at a cost of \$40,000. A radio station and a new mining recorder's office for the district is also recommended.

Over one thousand galena claims have been staked out in the Keno district, many new groups being organized outside of those owned by the Yukon Gold Company. Three thousand tons of ore are being hauled from Keno this winter by contract, all being high-grade stuff. One sample is reported to run 14,000 ounces of silver to the ton, while averages of 200 ounces of silver to the ton are quite common.

## BRENN N WILL ASK FOR ANOTHER MATCH

He Not Satisfied With His Thirty-Five Thousand Dollars' Worth—Would Like Another Dose.

NEW YORK, Dec. 20.—Bill Brennan, who was knocked out in the 12th round by Jack Dempsey, the heavyweight champion, in Madison Square Garden, said he intended to ask for another match.

"I am not satisfied that Dempsey is my superior," he declared. The challenger, while saying that he felt he had vindicated himself, asserted he was "surprised" when the referee motioned him to his corner, believing that he had beaten the count in the 12th.

Dempsey said: "Brennan was tougher than I expected. He stood up longer than I thought he would. His blows did not hurt me at any time but I found him a hard man to hit properly."

Dempsey's manager said the champion was not in the best of condition, having trained too hard.

## WHARF EXTENSION H'S BEEN FINISHED

Fish Warehouse for Atlin and Pacific Fisheries Will be Next Step in Work.

The piling and decking of the extension to the provincial government wharf has been finished by Contractor D. H. Morrison and all that now remains before the proposed improvements are completed is the building of the new fish warehouse for the Atlin Fisheries and the Pacific Fisheries.

The cost of the work so far done has been in the vicinity of \$17,000.

James McKay went south on the Princess Mary Saturday night and will return after the holidays with his bride.

## FISH SUPPLY IS STILL SMALL

Price Paid Yesterday Over 19c.— Few Refrigerator Cars.

The rough weather of the past few weeks in the northern fishing grounds is showing its effect on the local market just now for very few schooners are arriving. At yesterday's sale there were only three boats in and bidding was quite brisk on their catches, the price for first class fish going over the 49c. mark. Weather is now reported calmer on the banks and before long some big catches should be landed.

There were two refrigerator cars in the yards yesterday morning and two arrived in the evening. These were all used this morning, three going to handle the fresh fish landed and other one being loaded with frozen fish by the Canadian Fish and Gold Storage Co.

At the sale yesterday the Tom and Al sold 55,000 pounds to the Atlin Fisheries at 19.2c and 9.5c. The Helena, 5,000 pounds, and Patosh, 20,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 19.6c and 19.5c.

## NICOL MAY BE GOVERNOR

Proprietor of Vancouver Province Spoken of for Chief Position

VANCOUVER, Dec. 20.—W. C. Nicol, proprietor of the Province newspaper, is the Vancouver favorite for position of Lieutenant Governor in succession to Hon. E. G. Prior. He has been a prominent newspaper figure for many years and his work has been a great success commercially.

## IF ORDER DOES NOT STICK, HANNA QUILTS

Railwaymen's Organizations Say C. N. R. President Has "Burned His Bridges."

WINNIPEG, Dec. 20.—That President Hanna will resign from office rather than withdraw his order forbidding employees of the road taking part in provincial and federal politics is generally conceded by representatives of railwaymen's organizations in Winnipeg. They state that Mr. Hanna has taken this attitude practically ever since the order became the subject of a nation-wide dispute and which will come before the arbitration board in January.

According to one railway representative, "President Hanna has burned his bridges behind him and has no intention whatever of withdrawing this order. If he can not make this order stick he will resign."

Members of the delegation that interviewed Mr. Hanna recently at Toronto state that he took the same attitude at his conferences with him.

DAILY EDITION, Monday, Dec. 20, 1920.

G. W. Nickerson In the Field.

G. W. Nickerson is a candidate for mayor. After much persuasion he has decided to allow his name to go before the electorate. He is a busy man and it means considerable sacrifice to give up his time from his business in order to devote it to the service of the city.

There has been a good deal of demand from certain quarters for a young man who is not touched with any of the old ideas and who is enthusiastic and energetic. We have that in Mr. Nickerson. He is a man who has not sought the office, but who has, to some extent, had the nomination thrust upon him.

Should Test Candidates On Power Question.

One of the questions which all mayoralty candidates should be asked would be their attitude on the power question. Supposing there should be a proposal to have a big concern come in and start a power project, what stand will be taken in regard to the matter.

As an ideal municipal ownership of our power production would be the correct thing. As a matter of practical politics and with the desire to see the city grow and expand and develop industries, it would seem as if it would be very much to the advantage of the people here to have large capital interested in the district.

Pulp and Power Will Go Together.

Pulp and power are likely to go together in this district. We want pulp mills and we want power for other purposes. If we can get a pulp mill, say at Port Essington, and a power plant that will deliver power here at commercial rates so that big industries coming in may depend upon a plentiful supply all the time and not be threatened with being cut off, as has already happened with some of our industries, then we may expect to expand.

No Hope of Municipal Power.

There is no hope of the city undertaking a municipal power scheme for some time to come. We cannot afford it. The bond buyers will not advance the money. Without money nothing can be done. We need to use our money for roads, and sewers and water connections and lighting and all sorts of other improvements.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MIDDLE COURSE CORRECT ONE, SAYS PREMIER

Farmer Leader of Ontario Speaks on Citizenship to Winnipeg Canadian Club.

In the course of a Canadian Club luncheon address at Winnipeg recently, Premier Drury said that there were two extreme schools of thought, one the individualistic, holding that man's individual activities should be as little interfered with as possible; the other, the Socialistic, which would increase the activities of the state to include all things. One school of thought is illustrated by those who hold the sacredness of "vested rights," even when these may be "vested wrongs;" the other illustrated by the speaker, which read: "It is the business of the state to feed, clothe and house the people."

"I agree with neither of these views," declared Mr. Drury. "The middle course is, so far as I see, the correct one."

"The British constitution, or more correctly, practice of government, is the most democratic system in the world. It has come through two distinct evolutions. First, the centuries-long struggle of the citizen against the crown, to have his rights defined and secured. This, while begun against an autocracy, must be maintained even against a democracy. The spirit of the Anglo-Saxon demands the maximum of individual liberty, compatible with justice between individuals. The first function of the state then, is to so rule that the rights of the humblest subject, even against the power of the whole democracy, are absolutely secured, while seeing to it that no subject or group of subjects may depress or defraud any other subject or group of subjects."

Public Ownership. "The second evolution of the state has come from the gradual extension of state-directed activities, extending from the postal system as a beginning to a score of public utilities. This movement is growing, and is bound to grow; how far is a question. My own conviction, having in mind the Anglo-Saxon temperament, is that it will stop very far short of state socialism. The ideals of the race involve the holding of private property, not far perhaps from the old words: 'They shall sit every man under his own vine and under his own fig tree, and none shall make them afraid.'"

Citizens' Duties Outlined. "The part of the citizen in wholesome development is all-important. Under our system, the citizen, collectively is king. But a king asleep on the job is useless. Our people have too often slept in the past. Nothing drastic is needed. The power of the people is absolute, but it must be exercised intelligently. Our citizens need, first, loyalty to our laws and governments as expressing the will of the people; second, alertness to see that governments and laws do in reality express the people's will; third, vigilance against unscrupulous politicians who too often have gained a following by seeking to stir up factional strife, and fourth, a broad public spirit which will be willing to make the same sacrifices for the public good in times of peace which are given so freely in times of war."

### A SAD FATE!

A man's life is full of crosses and temptations. He comes into this world without his consent and goes out against his will, and the trip between the two is exceedingly rocky. The rule of contraries is one of the most important features of the trip. 11

When he is little the big girls kiss him, and when he is big the little girls kiss him. 11

If he is poor he is a bad manager; if he is rich he is dishonest; if he needs credit he can't get it; if he is prosperous everybody wants to do him a favor. 11

If he's in politics it's for pie; if he is out of politics you can't place him and he's no good for his country. If he doesn't give to charity, he's a stingy cuss; if he does it's for show. 11

If he is actively religious he's a hypocrite; if he takes no interest in religion he is a hardened sinner. If he shows affection he is a soft specimen; if he seems to care for no one he is cold blooded. If he dies young there was a great future before him; if he lives to an old age he has missed his calling. The road is rocky, but man loves to travel it. 11

### BEWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. It is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood. 11

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble. 11

Mrs. Bruce Cullum, Sheffield, Ontario, writes:—"In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much; I then got a 6oz. size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds." 11

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; three pine trees the trade mark; price 35c. and 60c.; manufactured only by The T. M. Siburu Co., Limited, Toronto, Ont. Advl. 11

Another of the series of billiard matches for the Trail Cup will be played off this evening, the opposing teams being the G. W. V. A. and the Elks. The former will be represented by the following: Sergt. Jepson, Dr. West and Messrs. Lave, Youngman, Henning and J. Campbell. 11

PICTURE SENSATION IN WESTHOLME BILL

Darwinian Theory is Prominent Part of Story, "A Scream in the Night."

"A Scream in the Night," characterized by film critics as a photodramatic sensation, comes to the Westholme Theatre tonight.

The story, written by Charles A. Logue, is based on Darwin's theory that man is evolved from monkey and through a group of unique and ultra-dramatic characters raises the question: Is Darwin right?

The principal character is Darwa, a creature brought up in the jungles to be a scientist's experiment by which he will not only prove the authenticity of the Darwinian theory but gain immortality for himself as well. This character is enacted by Ruth Budd, a newcomer to pictures, who is heralded as the screen's newest and most unique personality. In the portrayal of the role of Darwa, Miss Budd is seen flitting about from tree to tree like her anthropoid companions of the jungle.

Empress Theatre.

"In Mizoura," at the Empress Theatre, marks one of the first appearances of Robert Warwick, the soldier star, since his home coming from overseas. The story—one of adventure—is based very largely on fact and proves intensely interesting.

The Man in the Moon SAYS:-

THAT if W. C. Nichol already owns the Province why go through the formality of making him governor?

THAT if we can't have a golf course in Prince Rupert we might at any rate have the bunkers.

THAT there seems to be a possibility the drydock creditors may get the lean end of the bone.

THAT this is in line with those who tried to help out the workmen by cashing their time checks.

THAT even the lean end of the bone is not bad as long as there is some meat on it.

THAT what the people object to is getting nothing but bone.

THAT the Russian thistle is a noxious weed that has invaded some parts of this country.

THAT some people say the thistle is not the only noxious thing that has come from Russia.

THAT Bolshevism has a way of spreading which is something like the thistle.

THAT it is said to be just as prickly.

THAT sometimes the editor of the Daily News is told that what he says is bunk.

THAT he does not mind as long as it leads to bunkers.

WINNER OF CHAMPIONSHIP

Kid Lewis Put Basham Out of Business in Nineteenth Round at Albert Hall

LONDON, Dec. 18.—The fight in which "Kid" Lewis won the welterweight championship against John Basham at Albert Hall was watched by thousands of people, practically every seat in the big building being taken.

Basham was always giving ground and always eluding Lewis, yet he had more than his share of the attack. In the first five rounds he was slightly leading on points. The seventh and eighth rounds went to the Jew, who scored heavily with Basham on the ropes. In the eighth, Lewis was fighting powerfully and Basham had to do a lot of covering at close quarters. It was Lewis's round. Basham recovered in the twelfth and gave a great display, using his right more freely.

Cut Jew's Ear

In the fourteenth Lewis made a great attempt to get his man by an upper cut and in the course of a mix-up Basham was cut on the left ear, which bled fast. In the fifteenth, almost at the end of the round, Basham went down by a swing that he half caught in dodging, but the bell rang after a few seconds. The next three rounds were confused by the bleeding ear of the Welshman, which troubled him continually. He seemed to fear a similar result to that of last time and, leaving off his cautious tactics, began to mix it and to fight with both hands. He lacked the strength, but in the eighteenth round he held his own.

Fatal Nineteenth

The nineteenth round, however, brought the end. His pace had slowed down, and Lewis, changing his tactics and moving swiftly from side to side, at last got him with a tremendous right swing to the jaw. Basham went down, rose pluckily and went at it again. Lewis forced the fighting with all his strength now that there was no risk, cutting in right and left with half arm jabs and finally sent him to the board with a straight left. Basham was a finished man and the referee mercifully gave the fight to Lewis, Basham making a feeble protest.

It was a straight forward boxing match, with a number of sporting incidents, in which both men showed fair play and a good deal of sporting spirit. Undoubtedly Lewis went for Basham's injured ear, but that is not against the spirit in which professional boxing is at present conceived and was not censured by the public.

C. N. BROTHERHOOD THREATEN ACTION TO AID STRIKERS

SYDNEY, N.S., Dec. 20.—Notification that the brotherhood men of the Canadian National Railways are prepared to take decisive action to back up their striking comrades at Sydney has been served on the C.N.R. management. This action on the part of the brotherhood is the most important move made by either side since the switch engineers, firemen and trainmen employed in the local yards of the Dominion Steel Corporation walked out three weeks ago after fruitlessly negotiating for over a year to obtain the standard rates of pay awarded the Canadian National Railwaymen in this district.

OFFICERS FOR NEW SOCIETY

Association Formed at Victoria to Combat Venereal Disease.

Another step forward in the campaign for the suppression and eradication of venereal diseases in British Columbia was taken at a meeting held in the Provincial Library, when the organization of the Vancouver Island Council of the Provincial Committee for Combating Venereal Diseases was proceeded with, a constitution adopted and officers and committees named to carry on the work until the first annual meeting in November next year, says a Victoria paper.

Dr. H. E. Young, Provincial Medical Health Officer spoke briefly outlining the organization steps proposed as a result of recent discussions at a meeting held at Vancouver. The idea is to form a Mainland Council and a Vancouver Island Council, with local councils at various points in the interior. The work of the councils would be in great measure in bringing before the public the problem and securing public support to the campaign against disease. The Provincial Committee, it had been suggested at Vancouver, would consist of six members from Vancouver and a like number from Vancouver Island, of which latter number Victoria might supply three members. He emphasized the fact that the organization would be purely voluntary, stating that the Government, while not desiring to be affiliated with it, could be counted on to give it all the advice and support necessary.

Officers

First Vice-President—Dr. Thomas Miller. Second Vice-President—A. C. Pike, President of the Victoria Trades and Labor Council. Treasurer—D. O. Lewis. Committees (the first-named being chairman): Finance—General R. P. Clark, J. D. O'Connell, M. Scourrah, John Galt and Mrs. Hardie. Medical—Dr. R. L. SPECIAL SERVICES AT TWO OF CHURCHES

The Presbyterian and Methodist Churches Have Christmas Music, Decorations and Addresses.

In the Presbyterian and Methodist churches there were special Christmas services and next Sunday the Anglican and Baptist churches will have theirs.

At the Presbyterian Church Dr. Grant spoke in the morning to the children, relating tales to illustrate the story of the birth of Christ. The children themselves formed the choir and rendered very pleasingly the anthem "Christmas Bells." In the evening there were four anthems by the church choir and Dr. Grant gave a short address on "The Spirit of Christmas." The hall was beautifully decorated and there were fine attendances at both morning and evening services.

Rev. Dr. Sagar, of Port Simpson, conducted both services at the Methodist Church, taking as his subject in the morning "Christmas Optimism" and in the evening "The Philosophy of Optimism." There were two anthems "For Unto Us a Child is Born," and "It Came Upon the Midnight Clear." Rev. T. H. Nuttall being the soloist in the latter. Vocal solos were rendered by Meth Davies, John E. Davey and E. V. Lipp, and special Christmas music prevailed throughout. The church was a pretty appearing place and the evening service was especially well attended.

NO ROOM FOR LADIES IN THE CITY LOCK-UP

Two Vagrancy Cases in Police Court This Morning

There were two vagrancy cases before Magistrate McMordie in the police court this morning. One was let go on suspended sentence and the second adjourned until Wednesday. This latter case was that of a member of the fair sex, and Warden Bailey informed the magistrate that the accommodation for ladies in the hotel de Vickers was taxed to its full capacity, and the guest in question not having been lodged there the previous night, must have over-slept, which accounted for her non-appearance at the hotel office that morning.

CHILDREN'S DANCE IN DE LUXE HALL

Pleasant Function Took Place of Last of Mrs. Crewe's Classes Before Xmas.

The last of Mrs. Crewe's children's dancing classes before Christmas took the form of a very pleasant party in the De Luxe hall on Saturday afternoon. There were about 70 or 80 boys and girls there and the affair was pretty as well as enjoyable.

Cakes were supplied by the mothers of the children, while Mrs. Crewe gave the dance and the coffee and tea. The tables daintily arranged down one side of the hall with white clothes and bouquets made a pretty scene.

Mrs. Crewe was assisted by Misses Rita Beckwith, Erskine, Blanche Curtin, Hester Wright and Ruth Rix. Mrs. J. A. Hinton

Music and Christmas Are Inseparably Associated

MUSIC is the means that has been adopted throughout the ages for communicating the joy of the Christmas message.

The spirit of the festival is more inspiringly expressed by the music that has always accompanied it than by any other single medium.

For music reaches our innermost selves, taps a channel leading to our higher nature and brings us in tune with the Infinite.

Millions attend church at the Christmas Season because of the special Christmas Music of the organ and the choir. They are reached through music as they are reached in no other way.

Music speaks the language of the soul, but it likewise speaks the language of life—the language of the heart.

When we speak from the depths of our religious nature, we have recourse to music and we sing our praises to God.

When we are stirred by any emotion in secular life, we likewise resort to music for its expression. We sing love songs and patriotic songs. We sing songs of sadness and songs of gladness—songs of home and songs of childhood, and our nature responds and vibrates with the magic of the message brought to us.

Music transfuses joy and softens sorrow. It should shed its blessings in every home.

ADAIR CARSS SALE WAS VERY PLEASANT

Results were also Gratifying from Tea Tables and the Home-Cooking Booth.

The Adair Carss Chapter Imperial Order Daughters of the Empire had a very successful tea and sale of work in the new Erizell block on Saturday afternoon and the sum of \$70 was realized. There were the home cooking booth and the tea tables, the latter being especially gratifying in their results.

Mrs. George Kerr was the general convener and she was assisted by Mesdames C. F. Kemp, Herbert Hampton, B. M. Newell and Howard Steen. Mrs. Adams was in charge of the tea room section, assisted by Mrs. W. M. Brown.

WATER NOTICE. USE AND STORAGE.

TAKE NOTICE that Kitimat Pulp and Paper Company, whose address is 701-5 Vancouver Block, Vancouver, B. C., will apply for a license to take and use one thousand second feet and to store five hundred second feet of water out of Lowe Inlet River, Lowe Inlet, B. **SALT HERRING PRICE IS LOW THIS YEAR**

Thirty Dollars a Ton All That is Offered for Nanaimo Fish.

NANAIMO, Dec. 20.—British Columbia's salt herring packers are joining the salmon canners in the class of producers who are faced with difficulty in marketing their product. During the past few weeks the bottom has dropped out of the herring market for a number of causes and \$30 per ton is the top price offered for herring that cost \$35 to \$38. As a result, the herring salteries of Vancouver Island are closing down one after the other and their crews are being discharged.

As Japan was the chief market for the salt herring of British Columbia, the Japanese financial collapse went a long way to flatten out the market, followed by other incidents.

Against this there has been little effort to secure a market in Europe against the competition of Scotch, Dutch and Norwegian herring salters. About 2,000 tons of last year's pack was carried over by the packers and the expectation is that the amount will be greater this year. Preparations were made by the packers to put up anything up to 50,000 tons this season, but it is thought that the final count will show that the pack will not reach half this.

**LIBERALS ARE PREPARING**

National Executive of Party will Issue Call for National Committee

OTTAWA, Dec. 20.—Hon. W. L. Mackenzie King presided over the meeting of the National Liberal Executive Committee. Other members of the committee in attendance included Hon. Sidney Fisher, Hon. Charles Murphy, Hon. Senator Wilson, Montreal; Hon. Severin Letourneau, Montreal; W. C. Kennedy, M.P., Windsor; P. G. Larkin, Toronto, and A. C. Hardy, Brockville.

The meeting was convened largely for the purpose of considering the organization of publicity work of the National Liberal office at Ottawa on reports presented by Andrew Haydon, General Secretary. It was stated subsequent to the meeting that the members of the executive were enthusiastic in their appreciation of the work done by the Liberal leader and the members of Parliament who accompanied him on his recent tour of the western Provinces. It was also stated that the messages coming from the West were very encouraging to the Liberals because they tell of the great revival of Liberal strength in the western Provinces.

**Liberal Star Rising**

E. S. Miller, of Regina, a member of the National Liberal Committee for Saskatchewan, who was present, in the course of a short speech asserted that the people of Western Canada were making comparisons of the work and attitude of the Liberal Leader and his party with that of the Prime Minister and his party to the advantage of Mr. King. Mr. Miller further stated that Mr. King had made a greater impression upon the Western people than had the Prime Minister.

The Executive proposes to issue a call for the annual meeting of the National Liberal Committee for some time in January. The exact date is to be fixed after on. At this meeting the first year's work of the National offices will be presented and reviewed.

**Prospects Bright**

The committee also considered matters of internal economy and, it was stated, dispersed feeling enthusiastic as to the Liberal prospects and the work accomplished by the National officers since its inception about a year ago.

**RUSSIANS HAVE DIFFICULT TIME LIVING IN CHINA**

PEKING, Dec. 20.—Russians in China are having a difficult time in establishing their status and rights since the Chinese government severed relations with the legation which represented the government of the late Russian Emperor Nicholas. This left them without representation since the Chinese government has not established diplomatic relations with the Soviet government of Russia.

The condition in which the Russians are placed by this turn of events is illustrated by the fact that the military governor of the northern province of Manchuria has asked the Chinese government whether Russian offenders are now liable to the death penalty like the Chinese, since the governor understood that Russian offenders were amenable to Chinese law.

The question was referred to the Chinese ministry of justice and the foreign office for consideration.

In an effort to solve the problem of the standing of the Russians now in China, several non-political organizations in Harbin, Tientsin and Hankow have asked the Chinese Foreign Minister to appoint a Russian administrator to have control of Russian affairs in China. They ask that Russian councillors be appointed to assist Chinese commissioners in centres where there is considerable Russian population.

The Russian petitioners requested that legal cases affecting the property or personal rights of Russian citizens in China be left to the decision of Russian courts in conformity with the Russian code.

**HEARTBURN LIVER TROUBLE**

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected, in the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, gonorrhoea, etc.

Keep your liver active by using MURPHY'S LAXATIVE PILLS and you will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strone, Glasgow, Sask., writes:—"I have used Murphy's Laxative Liver Pills, and they have cleared me of my heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

Price 25c, a vial at all dealers or mailed direct on receipt of price by The T. M. Murphy Co., Limited, Toronto, Ont. - Ad.
