NEW PRESIDENT STUDYING EUROPEAN AFFAIRS

D'ANNUNZIO LEAVES FIUME IN AIRPLANE TO VISIT VENICE AND PARIS

EDITORIAL

NEW YEAR COMMENCES.

This is the last day of the old year and tomorrow a new year commences. It is a time for retrospect and for hopeful looking forward. During the year there have been eventful things happen. We have had some encouragement and we have had many set backs. Life is full of these tidal movements. All advancement is the result of progression and regression with progression in the ascendancy. The waves advance, then recede, but the next one comes further up the beach. Progress is slow. If it is too rapid it becomes unsafe.

We have before us a great prospect. We do not see much of the city's future for we have so little imagination. We do not realize the immensity of the destiny that awaits us. We people are but the race of ants engaged in an important work. Some of us are trodden under foot by the greater forces of nature. Some are leaders and others simply workers. Nature is often cruel. We see it everywhere, but there is much joy in life and the more we cultivate life hopeful and joyous spirit the more enjoyment we get from life.

Let us look forward to the new year with hope. Let us look for the better things in life. Let us cultivate in ourselves that feeling of optimism that creates, that develops, that expands. We are part of a great universe. Our work is important, but yet we must not take ourselves too seriously for relatively we are very small creatures and if the Almighty puts His foot on a few millions and crushes us out, it will have little influence on the general scheme of things. Our power is very limited, and yet the influence of one soul illumined with the desire to live a full life never dies.

SPENDING MUCH MONEY REPAIRS PEACE RAILWAY

Premier Stewart Announces C. P. R. Improving North End of E. D. & B. C. Road.

EDMONTON, December 31.—In carrying out repairs and reconstruction of a permanent nature on the system, the Canadian Pacific Railway Company has expended \$750,000 during the last few months on the Edmonton, Dunvegan and British Columbia Railway which runs north out of this city and taps the Peace River valley. The improvements are being made mainly on the northern sections of the line. This information has been given out by Premier Stewart of this province.

Mr. and Mrs. A. D. Chappell of Hazelton were southbound passengers on the Prince George last night. Mr. Chappell, who has been managing R. S. Sargent's store at Hazelton, is going to locate in the south.

Italian Patriot is Gone from Adriatic

May Visit Ireland on Way to South America; Wanted "a Beautiful Death"

ROME, December 31.—It is reported that Gabriele D'Annunzio, the would-be savior of Fiume, has left that city in an airplane for Venice. After Venice he will visit Paris and possibly Ireland. It is understood that his ultimate destination is South America. The poet insurrectionist has been ignored in the arranging of a truce.

After continued entreaties, threats and ridiculing the great leader has finally recanted from his refusal to submit to the Treaty of Rapallo which made Fiume an independent city. Before his surrender the president of the National Committee of the citizens of Fiume told the poet that he was no longer a "persona grata"; the highest ecclesiastical authority of Fiume had warned him that he no longer had the right to risk the lives of his soldiers; his best leader, General Ceceherini, and other officers left him in disgust and the government of Italy sent a deputation to Fiume to bring him to reason. After so glorious an adventure he is reported to have said: "How can I now sit in slippers and pyjamas writing a novel? I seek a beautiful death."

DAVIS CUP WON BY AMERICANS

In Final Doubles Tilden and Johnston beat Patterson and Brookes

AUCKLAND, N.Z., Dec. 31.—The American tennis challengers yesterday won the Davis Cup, the world's classic championship trophy for lawn tennis, when William T. Tilden, of Philadelphia, and William R. Johnston, of San Francisco, defeated Guy Patterson and Norman Brookes, the Australasian "aces" in the doubles match. The scoring was 6-6; 6-4; 6-0 and 6-4.

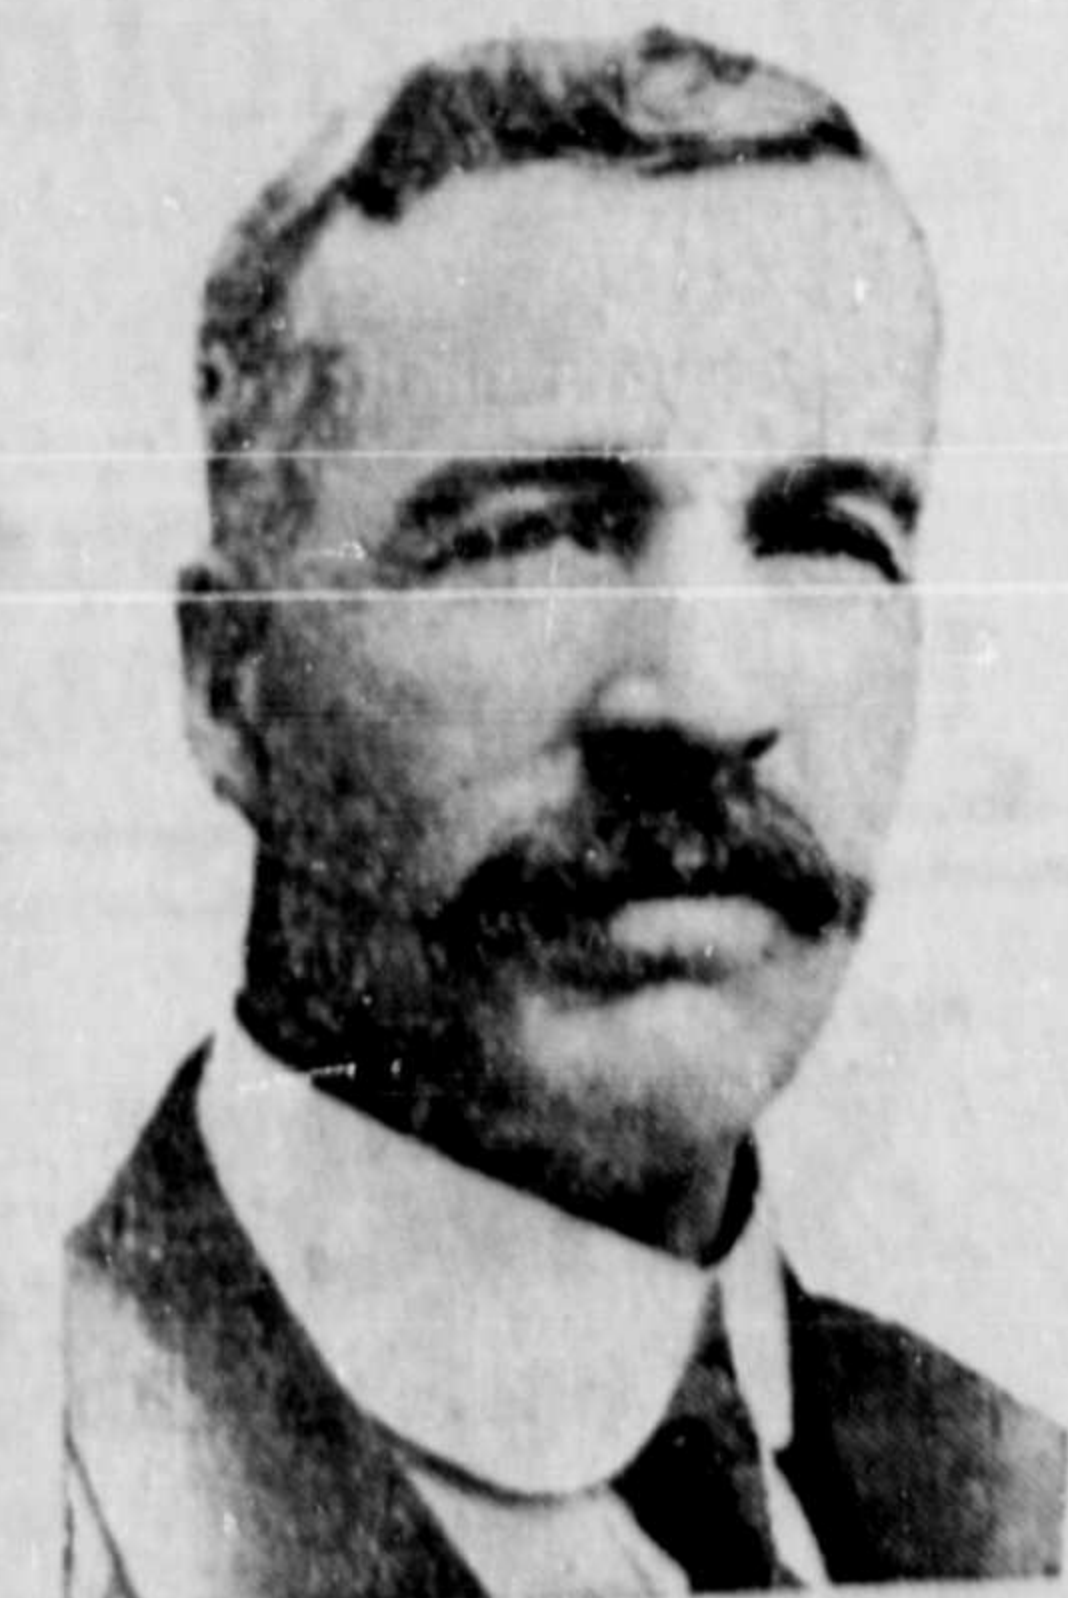

SMOKED OPIUM

Wong Chee Duck, a mild eyed Oriental who professed to be ignorant of English answered in the police court this morning to a charge of having opium in his possession. Through the good offices of his one of his fellow countrymen who acted as interpreter he explained to the magistrate that he had certainly indulged in a smoke of the seductive narcotic, but merely on account of indisposition. It might have been cheaper to get a prescription from one of the local medics as his smoke cost him fifty dollars with the option, however, of enjoying sixty days as a guest of Chief Vickers.

FINAL RETURN ANNOUNCEMENT

Date is Set on to January 9 Due to Time Required Assembling the Results.

VICTORIA, Dec. 31.—The date for completing the final returns for the recent provincial election has been extended from January 5 to January 9.

It has been found that the curtailed transportation facilities common to the winter season has made it impossible to complete the interchange and count of absentee votes as soon as had been planned so the date has been set on. It is necessary that all boxes from returning officers and other data be checked up in Victoria before the finals can be officially announced by the government.

Senator Knox Evolves Policy for States to be Defenders of Liberty

Is Now at Marion in Conference with President Elect Harding; Senator Madill McCormack was at Geneva

MARION, Ohio, December 31.—Senator C. Knox, who came to Marion yesterday at the request of President Elect Warren G. Harding to discuss the international policies of the new president, in a memorandum to Mr. Harding outlines a new foreign policy which would make America "potentially the defenders of liberty whenever a great menace should arise," and at the same time would avoid the entangling of the United States politically with Europe. This is Senator Knox's substitute for the League of Nations.

Senator Madill McCormack has also been on a mission for the president-elect in connection with European affairs. He was sent as a personal representative to the League of Nations sessions at Geneva. On his return it is expected that he may have interesting reports for the president.

Although Mr. Harding is giving a good deal of attention to European matters at present it is not expected that he will define his policies until he is seated at the Capitol and has the backing of his colleagues and various factions.

New Year sees him Firm in Saddle with Two Great Problems

LONDON, Dec. 31.—The Irish question and that of unemployment are the chief problems that are facing Great Britain as the New Year opens. Lloyd George is still firmly entrenched in the saddle as premier.

MR. PATTULLO IS PLEASED AT RESULT

The following message was received yesterday afternoon at the Daily News office from Hon. T. D. Pattullo, Minister of Lands, Victoria:

"The final results of the election have just been received here. Please extend to the electors my sincere thanks for the splendid expression of their confidence, which I much appreciate.

"Also please extend my best wishes to the people of Prince Rupert and district for a happy and prosperous New Year.

T. D. PATTULLO.

CHINESE LET GO THIS MORNING

Chief Vickers Withdraws Charge of Gambling Against Orientals.

Thirty-three of the thirty-four Japanese and Chinese on remand at the police court this morning on a gambling charge were on the scene when Chief Vickers with remarkable linguistic ability called the roll of their names. The odd man, Urrira, was not in luck as his bail of twenty-five dollars was promptly estimated to fatten the coffers of the city treasury when he failed to appear. After the charge had been read and W. H. Johnston had announced to the magistrate that he appeared for the defence of the thirty-three Orientals, Chief Vickers stated that with the consent of the accused, he would ask permission to withdraw the charge. This procedure seemed to be perfectly agreeable to the little brown faced men.

GREAT BRITAIN AND COSTA RICA CLASH

TEGUCIGALPA, Honduras, Dec. 31.—Some curl and not very cordial notes have been exchanged between representatives of the British and Costa Rican governments over a law recently passed by Costa Rica annulling all international transactions by the previous administration of President Tinoco.

This law rescinds an oil concession given to British interests, affects certain arrangements between the Tinoco government and the Costa Rica branch of the Royal Bank of Canada, and affects some American interests, including the Sinclair syndicate which had obtained certain oil rights under the Tinoco administration.

The British government filed a strong protest with the government of Costa Rica, refusing to abide by the law. To this Costa Rica replied that it would not allow a foreign power to interfere with its internal legislation. Great Britain then sent its minister from Panama to Costa Rica, personally, to settle the dispute.

As a consequence, the Costa Rican press is bitter against the British claims and much anxiety exists there at the probable outcome.

ARCTIC MAKES PORT SAFELY

Arrived Here Last Evening at 7 O'clock, Assisted by the Tug Queen.

The schooner Arctic, which went up on the rocks of Lewis Island a few days ago, was brought safe into port by the G. T. P. tug Queen last night at 7 o'clock and is now lying at the Grand Trunk Pacific wharf. Although the weather was quite rough the Arctic suffered little damage from her experience and will go to the Seal Cove Marine Ways for the few repairs that are necessary.

An expedition is going to be sent out shortly by Lepine and Wright, representing the insurance company, to attempt to recover the Teton, another fish boat which was driven ashore some weeks ago on Frederick Island, off Graham Island, and which is still sitting on the beach.

DOUGHTY IS COMMITTED

TORONTO, Dec. 31.—John Doughty, secretary to Ambrose J. Small, the missing millionaire theatrical magnate, has been committed for trial charged with stealing Victory Bonds amounting to \$105,000, property missing from Small.

Doughty says that he absconded because he was panic-stricken about holding the bonds and feared that he might be implicated when his employer disappeared. He denies all knowledge of Small's disappearance or of his present whereabouts.

**Interest Slack
 In Elections.**

As compared with the old times of seven or eight years ago,
 there is but slight interest taken in the municipal elections. In
 those days the last day of the old year usually saw hot times on
 the streets, and in the clubs and hotels and other places where
 men met together. Big overflow public meetings in the interests
 of the candidates were nightly occurrences and the press would
 have enough snappy and spicy "copy" to fill half a dozen pages.
 Nowadays, pioneers of the city, many of whom have served for
 several terms on the public bodies, get together and bemoan the
 colorless and anaemic atmosphere that obtains today in the for-
 night before election. For a city of destiny, which Prince Rupert
 undoubtedly is, more has been written and spread broadcast
 throughout the world of a cheerful and boasting character than
 most people are aware of, and it does not behoove us to become
 depressed or slacken our interest in the future of the city just
 because at the particular moment outward signs of progress are
 not particularly easy of discernment.

**Election Day
 Now in Sight.**

Election day is now in sight—it is but ten days away. How-
 ever, after a slight flurry, the enthusiasm seems to have dropped
 off and nearly everyone seems to have forgotten about it. It would
 be well that more interest be aroused in the annual event and
 campaigns started. By that means the public are educated more
 to the conditions of the city's business. The year coming will be
 one of great importance in the city for it is about to start works
 that have been needed for a long time and will become absolutely
 essential in the course of the next twelve months. There are
 already candidates in the field for mayor and aldermen and the
 business and labor people have been working on it but interest
 seems to have been lost in the school board. Mention of candi-
 dates in that field has not even been whispered yet. It is true
 that the retiring school board has put through some big business
 in the past year with the result that its business is in good shape.
 But it is important that an efficient body be selected to carry on.

**Wages and
 Production Again.**

The unemployment wave that is passing over the world at
 the present time is having a tendency to dampen labor agitation
 and necessity is making it imperative for workers to accept what
 is offered without undue cry for more. This condition should not
 be taken as an indication that labor is stooping before the hand
 of capital because there is a common sense reason why labor
 should hold its peace now. That reason is that while wages may
 be dropping to a certain extent the cost of living is dropping in
 a corresponding degree. The price of physical necessities such
 as clothing and food always reacts on the price of labor. Without
 one the other cannot exist—if labor ceases production ceases and
 the people would starve and if capital has to pay excessively for
 labor to produce, then it must go without labor. The result is
 that the common sense workers are accepting reasonable reduc-
 tions in payment for their labor in view of the fact that they
 are buying the produce of labor for less than they were when
 they were being paid more for their work. Since the tendency
 was for the living costs to drop before the wages were reduced
 it seems reasonable that these drops in payment for labor should
 be accepted in a peaceable manner. As long as one bears a rea-
 sonable relation to the other there should be no complaining.

**MUCH SMUGGLING
 INTO GERMANY**

So Well Organized are Smugglers
 They Carry on Work Openly

BERLIN, Dec. 31.—Smuggling
 over the Dutch and Danish fron-
 tiers, which the German govern-
 ment has gone to great effort to
 suppress, again is flourishing "on
 a colossal scale" and at some
 points with the full knowledge
 and connivance of many govern-
 ment officials, according to re-
 ports reaching here. Smugglers
 are declared to be outbidding the
 government for the aid of dis-
 honest officials and the "veritable
 army of customs officers on the
 borders have permitted millions
 of marks worth of tobacco, cigars,
 cigarettes, coffee and sugar to
 cross the border duty free within
 the last few months.

Flying squadrons of customs
 officers have been organized by
 the government to catch the
 smugglers, who are said to have
 so thoroughly systematized their
 operations that "customs re-
 ceipts are rapidly falling back to
 nothing, for customs control is
 again only on paper."

Quite Open

Fifty thousand pounds of coffee
 are being smuggled over the
 border daily at one point, a report
 says, and smugglers everywhere
 are working with the sympathy
 and assistance of all dwellers
 along the frontiers.

Men, women and even children
 are said to be engaged in this
 traffic with the connivance of
 customs officials and the de-
 preciated value of the mark are
 credited with being the principal
 causes for the widespread viola-
 tion of import and export regula-
 tions.

The smugglers are described as
 being so well organized and so
 confident they carry on their
 business "by land and on a whole-
 sale scale quite openly."

A HERB REMEDY OF EXCEPTIONAL MERIT

All over British Columbia the use of Wonder Health Restorer has been increasing by leaps and bounds. No remedy introduced in the province has done such effective work. It owes its reputation and popularity not to any mere tonic properties but to the permanent work it is doing to relieve human suffering.

As a remedy for Asthma and kindred complaints, all forms of Rheumatism, Stomach troubles of every kind, Kidney complaints, Nervous troubles, Skin affections, Piles, etc., it is unequalled. No sufferer from any of these diseases, no matter how acute, should overlook it. It has relieved thousands. It will do good in your case.

Wonder Health Restorer contains nothing but Nature's own remedy—the juice of herbs. It is the private prescription of one of the world's greatest herbalists. It contains no alcohol or drug of any kind and is so safe that even a new born babe may be given it without danger.

Call at the Prince Rupert Drug Co. who handle Wonder Health Restorer in Prince Rupert and vicinity. Ask about the remedy. Get a copy of "The Road to Health" which tells all about it and gives the story of those who have used it.

Mrs. Harry Lipsell left last night for Vancouver where she will visit her parents.

HAZELTON IS SORRY SIGHT

Main Street is Mass of Ruins for Entire Block on Either Side.

HAZELTON, Dec. 31.—Omicea Street here is now a sorry looking sight down its entire length. On the north side there is a gap from the Union Bank to the drug store and on the south side from the Omicea Hotel to the Sealy residence, all is bleak ruin after a week ago stood some of Hazelton's most important business houses, which were destroyed in the fire on Christmas night.

By far the heaviest losers through the recent fire will be the Lamson-Hubbard Canadian Company. This firm had a large general stock valued at \$40,000 which was completely destroyed. It is understood that there was \$25,000 insurance. The building was owned by W. J. Larkworthy of New Hazelton.

Second Loss.

James McKay is another heavy loser from the blaze. The Galena Club building, which he purchased a year ago and has since improved considerably, was destroyed. This marks his second loss from fire in the past few months. It was just a short time ago that his residence was completely destroyed.

The valiant work of the volunteer fire fighters prevented the fire wiping out the whole town. Working all night against the terrific flames which could be seen for miles made possible the miraculous saving of the Omicea Hotel, the drug store and the residence of J. C. K. Sealy. The Methodist church was among the buildings consumed in the blaze.

ANGLICAN CHILDREN HAD CHRISTMAS TREE

Pleasing Feature of Last Night's Affair Was Presentation to H. T. Cross.

The children of the Anglican Sunday School had their annual Christmas tree, supper and entertainment last evening and there were 120 children in attendance to say nothing of the grown-ups. There was a splendid supper served, followed by a short program before Santa Claus arrived

on the scene to dispense gifts. A pleasing feature of the affair was the presentation of a handsome reading lamp to H. T. Cross, who has been the superintendent of the school for five years and whose untiring devotion has met with the appreciation of both children and parents.

"IF" BY RUDYARD KIPLING

If you can keep your head when all about you
Are losing theirs, and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait, and not be tired of waiting,
Or being hated, don't give way to hating,
And yet don't look too good, nor trick too wise;
If you can dream and not make dreams your master;
If you can think and not make thoughts your aim;
If you can meet with Triumph and Disaster
And treat these two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to broken
And stoop and build them up with broken tools;
If you can make one heap of all your winnings
And risk it on one turn of pitch and toss,
And lose and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them, "Hold on";
If you can talk with crowds and keep your virtue,
Or walk with kings nor lose the common touch;
If neither foes nor loving friends
Can hurt you;
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run—
Yours is the Earth and everything that's in it,
And which is more—you'll be a Man, my son.

This poem by Rudyard Kipling, considered by some critics one of the finest examples of his work, is but little known to the average reader. It forms a splendid subject for thought, especially on the threshold of the New Year.

INDIA HAVING LABOR TROUBLE

Disorders in Bombay Mills—Arbitration Refused

BOMBAY, Dec. 31. — Three thousand strikers at one mill in the vicinity of Bombay wrecked the office of the factory a few days ago and stoned a motor car containing police, injuring one inspector and two soldiers. Before the police succeeded in dispersing the strikers they took to looting shops. A number of arrests were made and the mill district is being picketed.

Minor disorders took place elsewhere in the city, some stoning of street cars being indulged in at various places. The situation became serious enough for the Commissioner of Police to call the mounted police, who charged the crowd in semi-circular fashion. The casualties have not been reported, but the crowd broke up and fled. Wholesale arrests were soon after made, 60 men being taken in custody.

Series of Strikes

For more than two months now the city of Bombay has been witnessing a series of strikes in the mill industry, on the street cars, in gas works and in the postal service. The tension has grown every day more serious, especially on account of government refusal to arbitrate the various disputes. An All-India Trades Union Congress recently held in the foremost industrial city has given further impetus to the laboring ranks.

The Bombay strikers have sent a cable to London asking for financial support from the British Labor Movement for their cause.

CALIFORNIA GETS FUNNY

Comedians Make Crack in Los Angeles about Prince Rupert Bootleggers

Douglas Stork yesterday received a letter from his father, Fred Stork, who is spending the winter in Los Angeles and from it is learned that Prince Rupert's reputation, be it for better or for worse, has travelled even to that balmy clime of the south, where the waves in their long swells on Long Beach, but nothing else but water rolls.

In Mr. Stork's letter to his son he says that the other night he went to a vaudeville show and heard the following crack: "In Prince Rupert, B.C., the bootleggers are so thick that they have to wear badges so that they won't sell to each other."

Despite the dryness that apparently must exist in Los Angeles, where they can make jokes like that on a city 1,500 miles away, Mr. Stork writes that the crime wave is so bad there that every day the papers report that at least one person was "cracked on the head" the night before and robbed of his purse.

BRENNAN TAKING COUNT AFTER KNOCKOUT BY DEMPSEY.

Jack Dempsey was the winner over Bill Brennan, the Chicagoan, in the scheduled fifteen round bout to a decision in Madison Square Garden, N. Y. For twelve rounds the powerful man from the Windy City held his own, and for twelve rounds made it hot for the champion, who is in nowhere as good a condition as when he cut Willard to pieces at the time he won the title. Dempsey is in the white trunks, his opponent wore green.

WALLACE REID HAS CONGENIAL ROLE IN "THE DANCIN' FOOL"

Star is Dancer by Night and Business Man by Day in Attractive Comedy.

Wallace Reid as a rube who comes to New York and shows the city folks not only a few points in business, but also becomes a sensation in the jazziest cabaret in the metropolis makes an attractive young hero in "The Dancin' Fool," his new picture. It will be shown at the Westholme Theatre tonight and tomorrow.

With pretty Bebe Daniels as his partner Wallie demonstrates himself as an excellent dancer. By day he toils in Uncle Enoch's jug factory. The business has the dust of many years of neglect on it, but Wallie, as "Yes," the hero, injects some of the pep that makes him a star in the dance and brings Jones Jugs to life.

Clara Kennedy adapted the picture from a serial by Henry Payson Dowst, which appeared in the Saturday Evening Post.

At the Empress. Bessie Barriscale in "Life's Twist," a Robertson-Cole Special, it is announced, will be seen in the greatest role of her career at the Empress tonight. The picture will also be on tomorrow night.

Mrs. R. J. D. Smith won the second prize, the bedspread, in Wallace's Christmas drawing; the third prize, kewpie doll, was won by Miss G. Lust. The first prize, Hudsons Bay blankets, has not yet been claimed.

MAKES WILL ON RECORD

Chicago Man Adopts Novel Way of Making, Signing and Witnessing Document

CHICAGO, Dec. 31.—Earl H. Reynolds, of the South Bend Elevator Company and a member of the Board of Trade, has made his will on a phonograph record.

Attorneys John E. and Francis J. Callahan dictated their names as the spoken "signatures" of witnesses. "The voice is mightier than the pen," said Attorney James E. Callahan. "The judge before whom a phonograph will is offered for probate can tell whether the testator was strong or weak from the tone of his voice, as reproduced by the record. He can also judge whether the testator was of sound and disposing mind, from the fluency or lack of fluency evidenced by the record." The Illinois statute provides for a written will.

MISTOOK ELEVATOR BOY FOR COLONEL

General Nivelle and Party had Laugh while Visiting Boston

BOSTON, Mass., Dec. 30.—Roosevelt Jennings, colored, is an elevator man at City Hall. After he had carried General Georges Nivelle and his party up to the office of Mayor Peters recently he almost lost control of his car when the defender of Verdun said to him: "Ah, mon brave enfant! I did not think to meet you here. I would hardly recognize you without your fez and your baggy trousers of the war-timms. You fought valiantly for France." But Jennings hastened his denial: "Those trousers are pretty baggy," he stammered. "But I been faithful to this year elevator through clear through the war, General." Then General Nivelle, who had mistaken Roosevelt Jennings for a Moroccan colonel who fought under him at Verdun and on the Aisne line, recognized the confusion in faces and laughed more heartily than any one else in the party.

MICHIGAN FANS TO HONOR BASEBALL STAR

DETROIT, Dec. 31.—Plans for a monster testimonial banquet to Ty Cobb, now manager of the Tigers, took definite form when George M. Mathos, president of the Michigan-Ontario League, announced that the function will be held at the Statler Hotel about the middle of January.

Mathos, who was the moving spirit in the minor league's successful effort to restore peace in the major league, will get in touch with Cobb immediately and ascertain the most convenient time for the "peace" to come from Georgia, and lend his presence to the gathering.

Mathos would like to make the banquet tendered to Johnny Evers in Chicago small in comparison, and to insure success, has enlisted the help of many of Cobb's personal friends.

Plates for 400 will be set, and among the guests will be speakers of accepted ability. The idea is to impress Ty with the esteem in which he is held and to guarantee that the fandom of the city will throw him its undivided support when the bell sends the American League teams on their way next spring.

DON'T LET A COLD RUN ITS COURSE

Liabie to Develop Into Influenza, Pleurisy or Pneumonia.

Many people have the idea that there is no use in doctoring a cold. Any physician will tell you that is a grave mistake, one no person can afford to make. Just as soon as soreness of the throat, feverish condition, soreness of muscles of back and limbs, and other indications of a cold appear—get busy. Start taking Grip-Fix, two capsules every two hours for three doses. That will usually relieve the case, and only one capsule need be taken hereafter every two or three hours until the cold is gone. Grip-Fix will conquer almost any cold in a night. It will also relieve even a case of grippe in 36 hours. It is a remedy which has been tried by thousands during the last ten years with invariable success. Keep a box of Grip-Fix in the house. A croup of a few hours in starting treatment of a cold means a lot. Get a box today. Grip-Fix is for sale at all drug stores—30 cents per box.

Those Washable Rugs— We Can Help You With Them

Is there anything that adds more to the cheerfulness of bedroom, bath or den than a well-kept washable rug?

True, they are difficult to keep clean, these days when the youngsters are so much indoors, and most backbreaking to wash—unless you have tried our way.

Ours is the labor-saving, efficient method. You simply make a roll of your rugs—then telephone us. We souse and rinse, and souse and rinse them again until much of their first freshness and color are restored.

Or perhaps your blankets, comforters, curtains and pillows need washing. All these things that it is so difficult to wash in the home we make a specialty of. Our pure soft water, fleecy suds and superior drying enable us to handle this class of work in a way that no laundress can rival.

Telephone, or mail us a card, and we will have our driver call.
