Japanese Troops Rushed to Siberia to Aid Admiral Kolchak

Reinforcements at Irkutsk for Anti-Bolshevik Commander. Denikine Loses Four Thousand Square Miles Territory.

(Special to The News via G. T. P. Telegraphs.)

SAN FRANCISCO, Cal., January 6.—Heavy Japanese forces have been rushed across Siberia to Irkutsk to aid the forces of Admiral Kolchak there, according to a cable from Tokio to a Japanese newspaper at Honolulu. Recent dispatches indicated that several local social revolutionary insurrections had broken out in the Irkutsk district and that all was not as smooth as it might be between the All Russian government and the Czecho-Slovak armies, who are still in Siberia, employed in guarding the railway lines. Apparently the desposition of Admiral Kolchak as commander in chief in favor of General Semenov is not finding favor with the admiral himself, but neither the general nor the admiral are on good terms with General Syroev, commanding the Czecho-Slovak armies, which fought their way from southern Russia through the Bolshevik armies, on their way home to their own countries via Vladivostok.

The forces of Admiral Kolchak are pocketed between the advancing anti-Kolchak armies, and although asked to escort the admiral through the anti-government territory, the Czecho-Slovaks refused such assistance to Kolchak as Supreme Ruler of the Russian people, but would protect and escort him safely to Vladivostok, if he requested protection as a private citizen.

Denikine Loses Ground.

LONDON, January 6.—More than six thousand square miles of territory were lost recently by General Denikine's troops in their forced retreat before the army of the Ukrainian peoples in southwestern Russia, according to advices received at Ukrainian headquarters here.

ONE MILLION POUNDS FISH IN DECEMBER

Despite Holiday Season and Wild Weather Returns Were Good Last Month.

ANNUAL RETURNS ARE NOT YET MADE PUBLIC

The following fish returns issued by the local office of the Dominion Fisheries show an increase for the month of December over last year and also over November this year:—

Canadian Bottoms.

Black Cod	3,500 lbs.
Gray Cod	1,000 "
Ling Cod	500 "
Red Cod	800 "
Halibut	172,700 "

American Bottoms.

Black Cod	2,034 lbs.
Halibut	962,619 "
Total	964,653 "

Total fish landed 1,443,153 lbs. The annual returns are not issued from the local office but will be forthcoming from the Department of Trade and Commerce at Ottawa in the near future.

AMENDMENTS TO BUILDING BY-LAWS

Were Passed by City Fathers Last Night—Ratified Next Monday.

At last night's council meeting several amendments to the city building bylaws were put through their various readings and passed. It was decided to rush them through as next Monday night will see the last meeting of the present council and it is the desire of the board that no unfinished business should unnecessarily be left over. On Monday night the amendments will come up for final ratification.

The new amendments will govern the building of garages, hot air furnace installation and fences. In future the height of fences shall not be over four feet above the surface of the lot.

ACCIDENTAL DEATH WAS JURY VERDICT

William Selig Struck by Engine 63 While Crossing Railroad Track.

The inquest into the death of William Selig was held in the Court House last night and after about two hours sitting, the coroner's jury brought in a verdict of accidental death.

The witnesses examined were Dr. L. W. Kergin, attending physician; Frank V. Foster, engineer of Engine 63 that ran down deceased; Lazzeuth, fireman; R. Parks, switchman; A. T. O'Neill, conductor; Police Sergeant Adams, who was called to the scene of the accident; Chief of Police Vickers, an old friend of deceased, who testified to his deafness, and J. Day Bell, who was one of the last to see deceased before the accident occurred.

Coroner McMullin presided and the following comprised the jury panel:—
George J. Frizzell (foreman), W. W. Wright, Frank Clapp, Oliver Besner, J. Bulkley and W. B. Harper.

LABOR CRISIS IN BRITAIN

LONDON, Jan. 6.—There is every indication in England that a new labor crisis is developing. Numerous meetings are being held throughout the country.

WILLIAM SLOAN STATES FAITH IN NEW MINES

Says That Prince Rupert Will Become Important Center for Whole District.

MINISTER OF MINES SHOWN ALICE ARM ORE

(Special by G. T. P. Telegraphs.)

VICTORIA, Jan. 6.—Interviewed by a representative of the Daily News shortly after having received some samples of the rich Dolly Varden silver ore, Hon. Wm. Sloan, minister of mines, stated that Prince Rupert was bound to become a rich mining centre as a result of the development of the many rich properties in its vicinity at Alice Arm, Stewart, Hazelton and other points.

The minister is most enthusiastic about the many phenomenal mining developments in the north during the past year and has unbounded confidence that the next few years will see great activity and stir in the north as a result of the many rich discoveries and the findings of subsequent exploration work.

BOLSHEVIKS ATTACKED BY LETTS & POLES

Intend Freeing East Lettland From Grip of Red Army Operations Show Success.

(Special via G. T. P. Telegraphs.)

COPENHAGEN, Jan. 6.—According to the Lettish press bureau, the Letts are attacking in the direction of Dvinsk, and their forces are supported by the right wing of the Polish Army. This attack on the Bolsheviks aims to liberate East Lettland from the Bolsheviks, who are terrorising the district.

The initial operations have been successful and further movements against the common enemy are developing favorably.

SNOWFALL UP RIVER DURING LAST NIGHT

Reports received in town from up-river points speak of a heavy fall of snow yesterday afternoon and evening. This morning the snow plough went out to break the way for No. 2 train which is due in tonight from the east. The train is reported to be on time and should pull into the depot at 7 o'clock as usual. There have been one or two little slides at various places up the line but nothing to cause any obstruction to the regular traffic.

FORTY MEN WALKED OUT AT DRYDOCK

At eleven o'clock this morning a section of the men employed at the local drydock quit work. They are the dock men who are engaged in preparing the pontoons for lifting vessels and generally keeping them in order. They were being paid 55c per hour and asked for 65c.

SOLICITOR REPORTS ON EMERSON CONTRACT

Says That Cancellation at This Late Date Would be Inadvisable.

The Emerson power contract received another airing at last night's council meeting when the report of the city solicitor on the question was received. The solicitor said that if the Prince Rupert Spruce Mills were carrying on the work for Emerson on a percentage basis then there was no breach of the contract, but, on the other hand, if the contract had been assigned to the Spruce Mills there was a breach.

The solicitor did not advise cancellation of the contract now. That should have been done last May when the mayor had written to the Spruce Mills Co. on the matter. The matter could easily have been fixed then but it has gone so far now that the company would probably have a comeback if cancellation were attempted.

The report was referred to the Utilities Committee on motion of Alderman Perry, seconded by Alderman McMeekin.

CITY'S BORROWING POWER QUESTION

Council Will Seek Advice From Provincial Authorities on the Matter.

The report from the special committee regarding the proposed amendment to the Municipal and Local Improvement Act was brought in at last night's council meeting and it, together with the city solicitor's and the city engineer's report, is now referred to the provincial authorities for further advice on the matter.

The main point which it is desired to eliminate is the limitation of the city's borrowing capacity to 20 per cent of the assessment in connection with local improvements. It was the desire of the council that there should be an extension of this by an act of the legislature if the point could not be overcome otherwise. This limitation is holding up improvements in the city at the present time.

OFFICIAL LIST OF VOTERS OUT

Shows an Increase of 230 Over Last Year—Many New Householdors.

The 1920 voters' list appeared at last night's council meeting. It is in complete book form, having been passed on by the Court of Revision and signed by the acting mayor and city clerk. On this list will be found the names of all those entitled to vote at the forthcoming municipal elections coming on January 15.

The last number on the list is 2,330, which shows an increase of 230 over last year's list. It had been estimated that the list might reach a higher figure, but registrations were rather slow during the month of November.

The names of a number of new householders appear.

SOLDIERS GET GRANTS

On the recommendation of the Soldiers' Housing Committee, \$2,000 grants are to be made to Hugh McMillan, John Munroe, G. Doughty, R. A. Rice and W. J. Lynham, who enlisted here, and William Brass and W. J. Sloan who enlisted in Punichy, Sask., and Winnipeg respectively. All these men are returned soldiers and are married, some with families.

NOTICE

Installation of officers I. O. O. F. will take place on Tuesday evening, January 6, in the K. of P. Hall. All members and visiting brethren are requested to attend.

Chicago Company Will Test Taylor Hold on Big Mine

Notice of Latest Action in Dolly Varden Affairs has Been Sent to Premier Oliver.

(Special to The News via G. T. P. Telegraphs.)

VICTORIA, January 6.—Another turn in the famous Dolly Varden Mine case developed today when Premier Oliver received a notice from the original owners, the Dolly Varden Mining Co. of Chicago, that the legislation handing the rich property over to the Taylor Engineering Co. was to be tested.

At the legislative decision given last spring, the Dolly Varden Company accepted the ruling with little protest. It was generally believed then that the company was in none too good financial shape. Previously the Dolly Varden people were supposed to have unlimited capital behind them and at first their letting the mine go for the few hundred thousand dollars that would have covered the Taylor claim for contract work was most surprising in mining circles. The protest comes now as no great surprise, especially on the mine having proved rich beyond all expectations during the last year, when the actual work of taking out ore commenced.

Checked History.

The history of the Dolly Varden Company has been both long, varied and troubled. The mine was discovered ten years ago under most romantic conditions by a party of five, among whom were Ole Evindsen, who conducts the Alice Arm Hotel now, and the late Ernest Carlson and Charles Swanson.

It was later bonded to R. B. McGinnis, representing the Dolly Varden Mining Co., of Chicago, and subsequently bought for the sum of \$50,000. The work of taking out ore commenced on a small scale and the first contract for the construction of a railroad was let to Sol Cameron, of Victoria.

In 1916 R. B. McGinnis attempted to go on with the railroad construction himself, but soon found that this could not be successfully carried out as he was almost immediately confronted with a strike and desperate things were threatened.

Taylor Engineering Co.

In 1917 the work was given on a force account basis to the Taylor Engineering Company, of Vancouver. Under their management the railroad began to take on its first semblance of real construction and about 8 miles was completed. This suffered somewhat from floods during the winter, but in the spring the work was again resumed by the same company.

From the beginning of 1918 misfortune seemed to look on the operations. The Taylor Company failed to come to satisfactory financial arrangements with the Dolly Varden Company but finally agreed to carry on the work with their own capital as it seemed the Dolly Varden people were having trouble in getting capital across the line.

The outcome was that the Taylor Engineering Company went to the limit of their resources and capital and early in October with nearly all of the 18 miles complete, their funds at the bank ran out and payment on wage checks was refused bringing matters to a crisis. Before a week had elapsed the company was in liquidation and then came a long wait for the creditors.

The matter was taken up at the last session of the legislature and a special committee appointed by the Government to bring in a finding. The decision was to give the Dolly Varden Mining Company a certain time to meet the claims and reimburse the Taylor Engineering Company. Failing this the mine and property went to the Taylor Engineering Company providing wage claims and certain percentage of the

ROUGH WEATHER KEEPS BOATS IN

Fish Arrivals Practically Nil at Both Seattle and Rupert for Last Ten Days.

Comparatively speaking, there has been no halibut arriving from the fishing banks during the last ten days. One or two small catches have been landed, which have amounted to hundreds, instead of thousands of pounds. The scarcity of fish in Prince Rupert has given rise to rumors that the fishing boats have been going to Seattle, where comparatively, on account of the present exchange situation, a higher price per pound would be realized. That this is not the case is shown that in the last ten days 1,200 pounds of halibut have arrived in Seattle. In a similar period last month over two million pounds arrived. Fishermen say that the Seattle price would require to be at least 3c per lb. higher to pay them to go there and spend six days on the voyage there and back. At the present moment, with no fish offering, the price in Prince Rupert for halibut is higher than the Seattle price, even with the adverse exchange.

Weather conditions have been against successful fishing for some time past, and the boats now north will be taking shelter in Yakutat harbor, waiting for a chance to slip out to the banks. There are ten or twelve of the big boats north now and when the blow is over, they will all be arriving in close order, with whatever catches they have secured.

RATIFICATION OF TREATY SOON

Agreement Reached with Germans About Reparation for Sinking Their Fleet at Scapa Flow.

(Special via G. T. P. Telegraphs.)

PARIS, Jan. 6.—The Supreme Council has tentatively set January 10 for the ratification of the Treaty of Versailles. The Council's basis for a settlement on the Scapa Flow sinking was handed to the German delegation yesterday and it was announced that an agreement had been reached with them. Baron von Lersner, the chief of the German delegates, has been confined to his room indisposed for the last day or two, but this has not prevented the continuance of the arrangements for ratifying the treaty.

common credit be met. A new company named the Taylor Mining Company was formed and on the Dolly Varden defaulting, they took the property over and the wage claims were finally paid in June and operations commenced.

DAILY EDITION. Tuesday, January 6, 1920.

Much Interest In Prince Rupert.

In Victoria everyone takes an interest in Prince Rupert. It seems curious too that almost everyone one meets around the Government Buildings reads the Daily News, for it is quoted quite often. So little has been heard of the shipbuilding operations of late, however, that everyone asks if work is really being continued.

The increasing interest in our city is a good sign. People are now taking the port seriously as something to be reckoned with, and never a word of hostility is heard anywhere. Everyone wants to know and a good many crack a stale joke over weather conditions. We must, however, get away from the idea that the southern cities are hostile to us. There must be some business interests that object to our grabbing their trade, but beyond that the feeling is that we shall be able to co-operate with them in the development of the Pacific Coast and that there is plenty of room for all, with plenty of business for everyone to do.

New Planing Mill Will Operate Soon.

On the way to Vancouver from Prince Rupert Mr. Whalen of the Whalen Pulp & Paper Co., Ltd., of Swanson Bay, told the Daily News editor something of the plans of his company in connection with Prince Rupert. His company is interested in the new planing and shingle mill being erected adjoining the drydock and he says it should be running in less than a month from now. This will prove of great value to the city and will help to stabilize business by providing a regular payroll independent of the fishing and shipbuilding. The more varied our interests the more steady will business be.

Mining Flurry is Expected in Spring.

Everyone at Vancouver and Victoria is looking forward to a mining flurry at Stewart and Alice Arm in the spring. The only question seems to be as to how many thousand people will be at the mining camps before the next season is over. Everyone seems to know of the Salmon River district and especially of the Premier Mine, but many do not realize that it is so near to Prince Rupert and that much of the business will have to pass through this port.

Prince Rupert People All Are Boosters.

In a conversation with the city librarian at Victoria recently Miss Stewart said that what impressed her was the fact that all the residents of Prince Rupert were boosters for their own city. Miss Pillsbury had called on her a short time before and had filled her up with the special virtues of the place. What she wanted to know was whether all these things were really so. She seemed to think that all the Rupert people were perhaps carried away with their own enthusiasm. When given facts and figures and when the map was used to show how the port was at the very centre of things and that the influences now at work were bound to be effective, she admitted that there was reason for the faith Rupert people have in their own city.

The same is true to some extent everywhere. It had got abroad a few years ago that Prince Rupert was languishing and that the place had a population of something like 2,500 to 3,500. That idea is being corrected and the real truth is becoming known.

STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-tives"

112 HAZEN ST., ST. JOHN, N. B. "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine "Fruit-a-tives", made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried "Fruit-a-tives".

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.

LAND REGISTRY ACT.

Re Application No. 10493-1. File 6072. TAKE NOTICE that application has been made to register John H. McMullin, official administrator of the estate of S. E. Stobbin, deceased, intestate, as owner in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 25th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot ten (10), Block sixteen (16), Section eight (8), Map 923, and Lot thirty-one (31), Block thirty-four (34), Section eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in a daily newspaper, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of the said Official Administrator.

AND WHEREAS on investigating the title it appears that prior to the 13th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of the said Official Administrator unless you take and prosecute the proper proceedings to establish your claim, if any, to the said land, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 21st day of November, A. D. 1919.

H. F. MACLEOD, District Registrar of Titles. To Garfield S. Sileo, as to Lot 31 and Archibald McKechnie, as to Lot 31.

LAND REGISTRY ACT.

Re Application No. 11318-1. File 6259. TAKE NOTICE that application has been made to register Attilio Dominato, of Prince Rupert, B. C., P. O. Box 68, as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot twenty (20), Block thirty-seven (37), Section Five (5), Map 923.

You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert, B. C.) and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:— "and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Attilio Dominato.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Attilio Dominato, unless you take and prosecute the proper proceedings to establish your claim, if any, to the said land, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 24th day of October, A. D. 1919.

H. F. MACLEOD, District Registrar of Titles. To Frank E. Stainer, Esq., General Delivery, Seattle, Wash.

The Man in the Moon SAYS:-

That Mexico is probably the only country where Carpentier and Dempsey would be allowed to pull off a 45-round boxing match.

That something will break before the end of the 45th round.

That \$400,000 ought to make it a fight worth seeing.

That hostilities will probably cease all over Mexico to allow both constitutionalists and revolutionists to witness the scrap.

That the ships to be launched from the Prince Rupert shipbuilding yards ought to slide down the ways under their own steam.

That many people are beginning to wonder who the lady will be to be chosen for the christening ceremony.

That she will have a name to go down to posterity.

That it was the "Chilliwack" that nearly turned turtle, but due to the gallant efforts of her skipper and crew, she was saved.

That that was the probable cause of the waterfront rumour that the "Albert" had turned over.

That the "Albert" is safe and sound still and steaming north.

Constance Talmage in "A Lady's Name" at the Westholme tonight.

PERRY AFTER SCHOOL BOARD

Says That the City Council is Disregarded in Plans—Ald. Kirkpatrick Replies.

Alderman Perry took the opportunity at last night's council meeting of questioning Ald. Kirkpatrick, who also belongs to the School Board, as to developments in the new school question.

The first question was how the work was being proceeded with without money. Alderman Kirkpatrick explained that the bank had expressed its willingness to carry the work over with local funds until the debentures had been disposed of. This had been arranged for.

Alderman Perry then asked how it was that the City Council had never seen the plans of the new building. In his opinion this thing had been railroaded from start to finish and it was still being railroaded. It did not look good to him. As far as the School Board was concerned the Council could "go to blazes." In large expenditures such as this the Council should be referred to in making plans and not only when something was wanted. This ignoring of the council was a breach of courtesy and propriety.

Alderman Kirkpatrick referred Alderman Perry to School Law which gave the authority of school boards. Reference to the council was not necessary and the School Board was not railroaded things. They were simply trying to rush the building of the new school. Already the accommodation of school children in the city was becoming critical. Temporary quarters being used were unsatisfactory and the sooner the new school was completed the better it would be in the interests of the education of the children and the public as a whole.

ELEVENTH AVENUE GETS TELEPHONES

But Street Lighting is Too Expensive for the Present Population.

The report from the Public Works Committee regarding the connection of Eleventh Ave. E. with telephones and street lights was read and adopted at last night's council meeting.

The report provides for the connection of Eleventh Ave. with telephones from the Eighth Ave. line near the Seal Cove school. The matter of street lighting was found to be more expensive than the population would warrant, so it was not acted upon.

K. P. CHILDREN HAVE A GORGEOUS TIME

There were great doings in the K. or P. Hall last evening when the children of the Knights were entertained. There were about sixty young ones present and they had a perfectly gorgeous time. In one corner of the hall there was a large Christmas tree gaily decorated, sparkling with light points, and laden with presents. A big table running the whole length of the hall, provided seating accommodation for all at supper time and an abundance of the things beloved by the youngsters. The evening was spent with games and various entertainments and the joy was complete when Santa Claus appeared, having lingered here since Christmas for this special occasion.

The arrangements for handling the children were splendidly carried out by Mrs. George Leek and the ladies committee.

CITY ENGINEER WANTS LUMBER

For immediate needs on the city streets, 42,000 feet of lumber is required and the city engineer, requested at last night's council meeting that this be purchased at once. It was brought out that no more cheap lumber can be brought from Lakelse so the letter was referred to the Board of Works with power to act. The requisition for lumber is divided as follows: Immanuel Street connection, 14,000. Single Decking, 10,000. Seventh Ave. and Bowser, 18,000.

PEPS

THE BREATHEABLE REMEDY

ALWAYS keep a box of Peps on hand, and immediately you feel a tickling in your throat and want to cough, put a Peps tablet in your mouth. The medicinal fumes given off by the dissolving Peps mingle with the air you breathe, and like the Pine Forest air of Switzerland, reach every nook and corner of the throat and lungs, where the danger lies. Peps bathes the breathing tubes with a germ-destroying vapor, which is a sure safeguard against infectious coughs and colds. When a Peps tablet is in the mouth every breath taken strengthens your defence against throat and chest troubles. 50c. box, 3 for \$1.25. All dealers of Peps Co., Toronto. FREE trial package sent upon receipt of this advertisement and 1c. stamp for postage.

IN PROBATE

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ADMINISTRATION ACT — and — THE ESTATE OF CHARLES W. SHARLIN, DECEASED, INTESTATE.

TAKE NOTICE that in order of His Honour F. McB. Young, made the sixteenth day of December, A. D. 1919, I was appointed Administrator to the estate of Charles W. Sharlin, deceased, and parties having claims against the said estate are hereby required to furnish same, properly verified, to me, on or before the 16th day of January, A. D. 1920, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

JOHN H. McMULLIN,
Official Administrator.
Dated this 16th day of December, 1919.

WATER NOTICE (Use and Storage).

TAKE NOTICE that North American Timber Holding Company, whose address is in care of M. C. Lawlor, Dominion Building Vancouver, B. C., will apply for a licence to take and use 200 cubic feet per second and to store 50,000 acre feet per annum of water out of Mosquito Lake, Moresby Island, also known as the west arm of Cumsheewa Inlet, which flows into Mosquito Lake and drains into west arm of Cumsheewa Inlet at its head. The storage dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acre feet and it will flood about 500 acres of land. The water will be diverted from the lake at a point about the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice was posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Controller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 6, 1920.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

TOO COSTLY TO MOVE CITY WATER MAIN

Council Sends Request Back to School Board Explaining High Cost.

The request of the School Board presented at last night's council meeting for the removal of the water main crossing the new Hays Cove Circle school site, where the new school is to be built, was the cause of considerable discussion among the aldermen. It was finally decided to report back to the school board immediately explaining the large expense, \$7,000, that would be entailed in changing the sewer when the putting of the school to one side or the other of the line in the large circle would avoid the extraordinary expense.

The city engineer was at the meeting and explained the heavy cost that the proposed change would mean. At the present time the line runs through the centre of the circle so that any change would mean that more 18-inch pipe would be required. There is none of this available in the city and it was selling at a very high price. The change would also mean new connections while the change was being made. It was the opinion of the city engineer that the building could be easily placed to one side.

FORWARD MOVEMENT GETS GOOD RECEPTION

Opening Meeting Held in Anglican Church Last Night Before Good Crowd.

The first meeting in connection with the local Forward Movement was held in the Anglican Church last evening. There was a record attendance and the hall was filled. Organizers of the revival campaign were much pleased at the great reception accorded the first meeting and take it as a good augury for future meetings.

Rev. Dr. H. R. Grant, Presbyterian minister, and Mrs. Holmes of the Methodist Church, were the speakers of the evening and all the members of the local clergy assisted in the services. Tonight the meeting will be held in the Baptist Church with Canon Rix and a layman of the Presbyterian Church the main speakers.

GOLD PRODUCERS TO BE RECOMPENSED FOR LOSS THRO' EXCHANGE

(Special via G. T. P. Telegraphs.)

VANCOUVER, B.C. Jan. 5.—Gold producers in British Columbia are to be compensated in part for the fall in prices recently caused by the discontinuance of payments at the value of New York funds. The Board of Trade has received a wire from T. C. Boyle, deputy minister of Finance to the effect that five per cent over and above the present value of gold in this province will be allowed by the government. The result in the fall in the price of gold was the closing of the gold mine at Hedley, B.C. The board had received representations from other mines that they were facing the possibility of closing down as the result of the situation.

CARGO SHIFTED AND VESSEL WAS BEACHED

"Chilliwack" Had Trouble on Last Trip South and is Now in Marine Ways.

The steamer "Chilliwack" is undergoing repairs at the B.C. Marine Ways at Vancouver. On her last trip south, Captain Chas. Smith was forced to beach his vessel on account of a shift of the cargo of gold ore which had been loaded at Surf Inlet. After the cargo had been trimmed, the vessel went on to Macoma where it was unloaded thence proceeding to Vancouver for examination.

NEW SHOW TONIGHT AT THE WESTHOLME

Constance Talmage starring in "A Lady's Name" is the attraction tonight at the Westholme Theatre along with a fine two-reel Keystone comedy and the British Government Gazette. The tale is of a young woman novelist who advertises for a husband. She intended to study the applicants as they arrive, but events do not turn out exactly as she expected and they lead to all sorts of things. The beauty of this play is its unexpectedness.

PROSPECTORS' ASS'N. HAS BEEN FORMED

VANCOUVER, Jan. 5.—The British Columbia Prospectors' Protective Association was organized here on Saturday and committees named on constitution and resolutions. Among the latter will be one recommending the re-opening of crown granted claims which have been allowed to remain idle for five years, the government establishment of a sampling and testing plant, and special freights on small ore shipments.

CITY SHOULD PROVIDE FOR OWN LIBRARY

Travelling Library Superintendent Tells of Scope of Work of His Department.

VICTORIA, Jan. 5.—In an interview with Herbert Killam, superintendent of Travelling Libraries, in regard to the ground being covered by the Government in the Prince Rupert District, that official said that the purpose of the travelling library was to serve unorganized and sparsely settled communities. As soon as a place was organized as a municipality it was expected to provide for itself. He thought that every city or municipality should set aside a sum of money each year for library purposes.

As secretary of the Public Library Commission Mr. Killam is much interested in the co-operative plan being tried out in different parts of the province. He was rather surprised to find that Prince Rupert was the centre of such a large number of important industrial communities and he thought there certainly should be a library centre at that point. He advised the formation of a public library at Prince Rupert under civic auspices with a trained librarian in charge and that the city library should then reach out and cater to the outside districts, much as they are doing in Victoria, where Nanaimo, Duncan and Alberni are already taking advantage of the plan.

S. J. Willis, the new superintendent of education, said that in the case of school libraries the Government would contribute \$50 for the purchase of new books, if the school board voted one hundred dollars. If used in a public library this would have to be in a special school section.

HOME TREATMENT FOR BAD COLDS

A Method Which Promises Relief in a Single Night

Colds probably cause more trouble than any other single ailment. They also probably lead to more serious forms of disease than any other common complaint to which human beings are subject. The secret in overcoming a cold is getting at it in its early stages. Here home treatment is effective, whereas if it is allowed to develop so that the bronchial tubes or lungs are affected, it is advisable to summon medical aid. For home treatment of colds and grippe there is no remedy equalling Grip Fix for prompt results. It is a compound of Quinine, Salol, Caffein Citrate, Cascara and Camphor Monobromate. This treatment for colds is universally advised by physicians as not only prompt in action but also leaving no after effects to be overcome. The action keeps the system open, checks the fever, always the pain in the muscles, opens up the head and tones up every organ of the system. Grip Fix is taken according to directions—two capsules every 2 hours for 6 hours and one capsule thereafter, the sufferer gets relief from even a bad cold in a night, while 48 hours is usually sufficient for grippe. When buying it be sure to get Reid's Grip Fix with the ingredients noted on the box, as there is no substitute which approaches it. On sale at 25 cents per box at all druggists.

DEMPSEY TAKES BIG OFFER FOR FIGHT IN MEXICO

Manager Announces Will Meet Carpenter in Tijuana, Lower California.

(Special via G. T. P. Telegrams.)

LOS ANGELES, Calif., Jan. 5.—Jack Keane, manager of Jack Dempsey, the world's heavyweight champion, announces that he has accepted the offer of a \$400,000 purse from James W. Coffroth for a forty-five round fight between Dempsey and Georges Carpentier, the challenger from France. The fight will take place at Tijuana in Lower California.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be leased or applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements to value of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased as a company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 21, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partly free, permits for settlers, campers or travellers, up to ten head.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initialed where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.

The Paper that gets Quick Results

AFTER 16 YEARS EXPERIENCE A DOCTOR SAYS **Zam-Buk** HAS NO EQUAL FOR SKIN DISEASES

"For sixteen years I have used Zam-Buk in my practice, and have always found the results from its application highly satisfactory. In my opinion there is nothing to compare with it for skin troubles—from roughness and irritation to chronic skin diseases. Without a doubt, Zam-Buk has wonderful curative properties, and when a patient requires such a remedy I always prescribe Zam-Buk."

This letter of appreciation has just been received by the proprietors of Zam-Buk from Dr. A. P. Shibley, of Washington, D.C. The medical profession is always slow to recommend a remedy, and the fact that many doctors now prescribe Zam-Buk, is one of the surest proofs of its superiority.

Zam-Buk's superiority is due to its herbal composition. It is all medicine, with absolutely no animal fat, and is so

blended, refined and concentrated that it contains the maximum germ-destroying, soothing and healing power. Owing to its absolute freedom from animal fat, Zam-Buk cannot become rancid, but will keep indefinitely without losing any of its strength or purity. While the healing power of Zam-Buk, and its power to penetrate to the root of skin disease is so great, yet its action is so mild, that it is the ideal preparation for the pimples, eruptions, and rashes which so often occur amongst young children. Mothers agree that it is the best balm for baby.

Zam-Buk should be handy in every home for cuts, burns, scalds and bruises. Equally good for eczema, ringworm, ulcers, abscesses, boils, pimples, blood-poisoning and piles. All dealers 50c. box.

FREE

Send this advertisement, name of paper and 1c. stamp (for return postage) to Zam-Buk Co., Toronto, and free trial box will be sent you.

C. K. Ytreberg appeared in the police court this morning charged with threatening the life of Gillis Roger. The incident is said to have occurred on Friday last but the information was not laid till yesterday. The case was adjourned till tomorrow morning when witnesses will be heard.

In view of the steady rise in the cost of living, the Medical Association, including all the doctors of the city, have put into force, from the 1st of January a new and increased schedule of fees. While there has been a more or less steady advance in wages and salaries along all lines during the past five years, this is the first time the doctors have made any advance in their fees.

MANY INJURED IN JUNEAU LANDSLIDE

(Special by G. T. P. Telegraphs.)
JUNEAU, Alaska, Jan. 5.—Two additional bodies have been taken from the debris of the landslide which wrecked lower Franklin street here on Friday. The dead now number three. Two of the fifteen injured are in a very critical condition. The slide came down from the side of Mount Roberts without any warning and the buildings at the lower end of the street were overwhelmed.

THE FORWARD MOVEMENT

The Forward Movement Campaign will be continued tonight in the Baptist Church at 8 o'clock. The speakers will be the Rev. Canon Rix and a Presbyterian layman. All are cordially invited.

Life Insurance Is In Certain Respects Unique

Other kinds of insurance provide for losses that MAY be sustained. Life Insurance provides for an inevitable loss.
The premiums on other kinds of insurance are an expense. The premiums on a life policy are payments on account of an asset; for at some time the policy must mature and be paid. Other kinds of insurance are expedient; Life Insurance is essential.
A building may never burn, a ship may never sink, but ALL men must die.

NEW SEWER IN EAST END WAS DISCUSSED

Hays Cove School Will Make Sewer Necessary in That Section.

At last night's council meeting a letter was read from the secretary of the School Board suggesting a general sewer scheme east of Green Street to include the new Hays Cove school. The letter was referred to the Board of Works on motion of Alderman McMeekin, seconded by Alderman Kirkpatrick.

Alderman Kirkpatrick explained, on behalf of the School Board, that the proposed new sewer would pass across the Hays Creek bridge and probably follow the new cinder pathway to the track and empty itself east of the dry-dock. It was proposed that the work be done under local improvement as this would be cheaper for both the people and the school. The plan was considered quite feasible and the engineer could inspect it.

The city clerk drew attention to the fact that several years ago this sewer was proposed and was turned down by the vote of the ratepayers.

Albert & McCaffery, Ltd., have just received a shipment of five hundred doors and windows—the most and varied stock in Northern B. C.
