Position of General Denikine Has Improved Says War Office

Bolshevik Exhausted by Advance and Swollen Rivers Favor Cossacks; Many People are Leaving Odessa Fearing Bolshevik Advance.

(Special to The News via G. T. P. Telegraphs.)

LONDON, January 23.—It is officially reported that 20,000 persons, due to activity of the Bolshevik forces, have left Odessa within the past three weeks and owing to lack of transportation facilities large numbers who are anxious to leave the city find it impossible to do so.

NEW YORK, Jan. 23.—The position of General Denikine, anti-Bolshevik leader in Southern Russia, to all appearances is somewhat better, according to a War Office summary.

The inevitable pause has occurred which must follow any big and rapid offensive such as has been conducted by Bolshevik forces in South Russia. The further course of operations will probably favor the side that is able to make the best use of time at its disposal for re-organization. This naturally will be easier for General Denikine, who is nearer his base and receives than the Bolshevik who have gone deep into the enemy country and depend for their supplies and equipment on the partially destroyed railways.

JEWES SET OUT FOR PALESTINE

Many Drown in Mediterranean in Effort to Reach Land of Promise.

(Special via G. T. P. Telegraphs.)

NEW YORK, Jan. 23.—Many Jews have been drowned in the Mediterranean Sea in trying to reach Palestine in fishing smacks, according to a message received by the Jewish organization of America from Isaac Roseoff, the president of the Russian organization. Hundreds have succeeded in reaching Palestine in unseaworthy craft and landed more dead than alive. Thousands have trekked across Russia, suffering terrible hardships and are now in Constantinople or Odessa.

Heavy Rains.

Meanwhile the River Don is so swollen with heavy rains as to render it difficult of passage and the Don and the Caucasus armies have thus gained a valuable respite, which will be used fully in refreshing the troops and raising further reinforcements.

Imminent danger to their country has caused both the Don and the Kuban Cossacks to rally wholeheartedly to the government and afford full support to Denikine.

In West Russia the Letts, since the opening of their offensive, on January 4, have retaken a stretch of country about 40 miles in depth and captured 13,000 prisoners and considerable material. Sixty miles of Lettish territory still remains in the hands of the Bolsheviks.

NO GOVERNMENT FOR CITY OF VERNON AS OFFICIALS RESIGN

(Special via G. T. P. Telegraphs.)

VERNON, B. C., Jan. 23.—There were no nominations for the city council at the recent elections and on the advice of legal authorities last year's officials resigned from office. The City Clerk has asked the Provincial authorities for advice as to what may be done to provide the municipality with a government.

"Rebeccas" will give a dance in St. Andrew's Hall on Wednesday, February 4. Refreshments. Gray's Orchestra.

Skating at the Salt Lakes on Saturday. "Alice B." will leave at 2:20 and 3 o'clock prompt.

GIRLS AND BOYS PLAY GOOD GAMES

Girls Show Much Speed—Beavers Won First League Game.

Two fast exhibitions of basketball were played in the rink last night when the High School Meteor Girls beat the Entrance Maple Leafs by a score of 4 to 0, and the Entrance Beavers defeated the Drydock Juniors in the boys' game. There was a record attendance at the games.

The girls' game was indeed a fast one and a lot of skill was manifested. Their latest appearance showed a vast improvement over any former games and much credit is due to Miss Mills, principal of the King Edward School, who takes such a keen interest in the athletic side of school life. All the points of the game were made in the first half and the public school girls held their senior opponents down well. The players were: Meteors—Caroline Mitchell, Margaret Lindsay, Marjorie Roberts, Annie Kelly and Mary McLennan; Maple Leafs—Thelma Dingwall, Margaret Graham, Sundae Calderone, Myra Harvey and Marjorie Carter. Harry Menzies was the referee and gave very satisfactory decisions.

Boys' Game.

The second end of the double-header between the Entrance Beavers and the Drydock Juniors was also a good game. A noticeable feature was the excellent passing of the two teams. The final score was 11-6 in favor of the Beavers. The teams were: Drydock Juniors—John Crossley, Tom Fraser, Lee Gordon, Harry Gawthorne and Dorreen; Beavers—Theodore Halverson, Adolph Francis, Elmer Smith, Willie Lambie and Alfred Slocomb. D. J. Robinson was the referee. This was the first of the Junior League games in which there are four teams. Drydock Juniors, Beavers, Junior Colts and Cubs. They will play regularly on Thursday evenings.

Mr. H. A. Harvey announces that he will be unable to accept any dance orchestra engagements until further notice.

GENERAL CURRIE MENTIONED AS A NEW LEADER

General Victor Odium Suggests He be Called for Reconstruction Period.

(Special via G. T. P. Telegraphs.)

MONTREAL, Jan. 23.—Brigadier General Victor Odium of Vancouver, who is here, stated in an interview that if the Union Government was not able to carry on General Currie, who had been the victorious leader of the Canadian soldiers in the field, was the man who could be depended on to lead the Canadians at home through a successful period of reconstruction.

HUNDRED THOUSAND POUNDS FISH TODAY

Price About 14c and 10c for Small Boats Offering Catches; Coming in From Local Banks.

A number of the smaller fishing boats were in for this morning's fish sale, the large part of the catch being first class fish from the local banks.

The following is the result of the sale:—

Uranus, 20,000 lbs.; Chatham, 1100, sold to National Fisheries at 13.9c and 10c.
Eisvold, 28,000 lbs., sold to the Atlin Fisheries at 14.2c and 10c.
Lumen, 18,000 lbs., Director, 9,000 lbs., sold to Cold Storage at 14.1c and 10c.
Albatross, 27,000 lbs., sold to Booth Fisheries at 14.2c and 10c.

Burns Banquet Friday Night.

New French Government Has Close Call After Bitter Attack in Chamber

(Special to The News via G. T. P. Telegraphs.)

PARIS, January 23.—The recently formed cabinet of Premier Millerand was given a vote of confidence of 272 to 23 amid a stormy scene in the Chamber of Deputies yesterday, but the vote is considered a moral defeat as 300 deputies refrained from voting.

The vote was caused by a bitter attack on the new government owing to the appointment of Jules Steeg as minister of the interior. Steeg was alleged to have been an accomplice of Louis Malvy, who was banished from France for communicating with the enemy.

The incident is taken to mean that either Steeg must resign or the ministry will be voted out of power by the deputies who failed to vote this time.

Two Million Dollars Paid For Ross Rifle Factory Operated by Government

(Special to The News via G. T. P. Telegraphs.)

OTTAWA, January 23.—The Government has settled the claim for compensation of Sir Charles Ross for expropriation of his rifle factory in Quebec under the War Measures Act, 1917, for two million dollars. The case was pending in the Exchequer Court and settlement was made by advice of counsel.

The award of the court was limited by order in council to \$3,000,000. The claim of Ross for actual valuation of the plant was \$6,000,000. It had an output of 1,000 rifles a day and contracts were in process of negotiation with allied countries for the manufacture of large quantities from which Ross based a claim for \$8,000,000.

As a going concern it is understood the Government will utilize the plant for the manufacture of munitions.

SHIPBUILDING INJUNCTION HAS EXPIRED

No Effort Made to Again Take Possession Awaiting the Decision of Court.

(Special via G. T. P. Telegraphs.)

The injunction secured by Newman Erb against the officers and directors of the Prince Rupert Drydock & Engineering Co. expired on Wednesday and up to noon today had not been renewed although application for its renewal had been made.

Word has been received here that the facts had been all presented to the judge sitting in chambers and presumably argument was being heard this morning.

While the injunction of Erb has not been renewed, no effort has been made by the local directors to take possession as they are awaiting the decision of the court.

REFUSE TO GIVE UP EX-KAISER

Message Received at Paris and Understood it Says no Surrender.

(Special via G. T. P. Telegraphs.)

THE HAGUE, Jan. 23.—The Dutch reply to the Allies has been received in Paris. It is understood that the request for the surrender of the former German Emperor for trial has been refused.

THOMAN INFANT DIED YESTERDAY

The death occurred yesterday morning at 2 o'clock of Chester Emerson Thoman, six weeks old son of Mr. and Mrs. C. E. Thoman, of Telkwa, at the home of the grandparents, Mr. and Mrs. C. Exley, Osbourne Rooms, Third Ave. The funeral, which is in charge of the B.C. Undertakers, will take place tomorrow morning at 11 o'clock, interment being in the Fairview cemetery.

Fifty Nine Million Pounds Fish Landed Locally During 1919

American Fish Totals 11,890,000 Pounds; Canadian Catch was 45,025,400 Pounds; Two Thirds of Total is Skeena River Salmon.

A report has just been compiled of the amount of fish taken in the Skeena River district during the year just past. This list shows only the fish caught and landed in the district which includes the Skeena River but not the Naas. The large total of 35,380,000 pounds of salmon was caught entirely from the Skeena River and smaller streams in this vicinity. As the American fish is all caught outside of the three-mile limit it consists mainly of halibut and no river fish is included.

The halibut fishing during the past year was considerably affected by the big strike in the middle of the summer. Despite the fact that for some weeks the ice supply was almost cut off and there was trouble in handling the fish, still at the end of the year the catch as a whole is considered highly satisfactory.

Following are the totals for the year:—

American Bottoms.	
Halibut	11,592,000 lbs.
Black Cod	193,500 "
Salmon	50,000 "
Cod (other varieties)	35,000 "
Red Cod	20,000 "

Canadian Bottoms.	
Halibut	6,290,000 lbs.
Salmon	35,380,000 "
Cod	330,000 "
Flat Fish	2,250,000 "
Black Cod	200,000 "
Red Cod	26,000 "
Skate	37,000 "
Herring	9,070,000 "
Soles	385,000 "
Crabs	16,200 "
Oolachans	4,200 "

Total 46,888,400 lbs.
Total catch of all fish landed at Prince Rupert during 1919—58,778,900 pounds.

SUCCESSFUL CONCERT ST. PETER'S CHURCH

Hall Was Crowded to Hear Local Artists—\$35 Was Cleared for Church Purposes.

The Grand Concert in St. Peter's Anglican Church last night proved a great success both financially and socially. The hall was crowded to the doors and \$35 was netted for church purposes. The new church organ, which has just been placed in the building, was used for the first time.

John E. Davey, Mrs. Jarvis McLeod, Miss F. L. Edmonds, E. R. Tabrum and J. N. Sinclair delighted the audience with their vocal numbers and were ably accompanied by W. Vaughan Davies. Canon Rix gave a splendid address which was much appreciated. Will Edmonds favored the audience with two cello solos and played an obligato for Miss Edmonds' solo.

The regular passenger train was three hours late in arriving last night, having lost time owing to the condition of the rails due to the severe cold in the interior. Reports brought in put the Smithers temperature yesterday morning at 43 below zero, Endako, 58 below and Prince George 40 below.

A number of friends gathered at the home of Mr. and Mrs. Frank Morris, Second St., last night in a surprise party on Police Commissioner Myhill-Jones. Mr. Myhill-Jones was aroused from a happy evening at home and the house was made the scene of much merriment with music and dancing until the early hours of the morning.

MORE WHEAT LAST YEAR

In spite of Statements of Crop Failure, Average Yield Little Less Than Previous Season.

(Special via G. T. P. Telegraphs.)

OTTAWA, Jan. 23.—The Dominion Bureau of Statistics final estimate of the total yield of wheat for Canada for 1919 is 193,260,400 bushels from 19,125,968 sown acres. The average yield is better than ten bushels to the acre.

In 1918 the corresponding figures were 180,075,350 bushels from 17,353,902 acres, the yield per acre being 11 bushels.

SEA FISH LANDED AT CANADIAN PORTS SAME AS NOVEMBER

(Special via G. T. P. Telegraphs.)

OTTAWA, Jan. 23.—The total value of the sea fish landed in Canadian Ports during December last year was \$1,282,203, approximately the same as for the same month a year ago. The Pacific coast herring showed an increase and halibut and pilchard also. The increase in the catch of halibut was about 10,000 cwt.

500 PASSENGERS FROM STEAMER POWHATTAN ARE TRANSFERRED

(Special via G. T. P. Telegraphs.)

HALIFAX, Jan. 23.—Five hundred passengers, who have been aboard the steamer Powhattan for five days with machinery disabled and without heat or light and in raging seas, have been transferred at sea into the steamer Northern Pacific.

LEAD OF ONTARIO IS TO BE FOLLOWED SOON

CALGARY, Jan. 23.—Before the United Farmers of Alberta convention President Copland of the British Columbia Farmers Association said that it would not be long before other provinces followed the lead of Ontario.

CONSUL SPEAKS ON BRITISH AFRICA

Boers are the Majority of White Population and Conserve Their Position.

In his address to the men's banquet at the Anglican Church Wednesday night E. A. Wakefield, American Consul, gave a most enlightening talk on British South Africa. He gave as his opinion that it was a good thing there was a Boer at the head of affairs when war broke out as the Boers volunteered for service in large numbers, not only for service in South Africa but for Flanders.

The late General Botha and Premier Smuts were both capable men. South Africa has progressed under Smuts as never before. The population of the country would be large but for the policy of discouraging immigration. The Boers were in the majority among the white population of the country and they proposed to continue in the majority.

The chief drawback to progress in South Africa was the drought and it was thought to be still drying up. In some parts of the colony they had only 2 inches of rain a year while it was not uncommon in some districts to have a whole year without any rain.

Mr. Wakefield spoke of the ostrich farms, the vineyards, the diamond fields, the gold mines, the beauty of the scenery, the black population and was enthusiastic over the country as one of wonderful surprises.

"MIND THE PAINT GIRL" AT THE WESTHOLME

Anita Stewart is shown in practically two characters in "Mind the Paint Girl," which will be shown at the Westholme tonight.

First she appears as the little slum girl, who sweeps out her father's shop and runs errands and does any handy work to help make ends meet for her parents, who are very poor. As the shop girl, she is shown in more or less ragged calico dresses, with her hair hanging down her back and hats of impossible styles. Ignorant and untutored, yet she has a strong heart and battles her way among the roughest of the neighborhood who are very much in love with her pretty face, and try to steal kisses as chance presents itself.

Full of ambition to get out of the sordid neighborhood and to win to the better things of life, she takes the opportunity of her father's death to move. Then she applies for a place on the stage. After much discouragement, she finally gets a place in the chorus. Then through the accidental spilling of a bucket of paint, she gets an inspiration, and suggests the song, "Mind the Paint," to a composer. She is given the opportunity to sing it and makes the hit of the season.

Then as the famous music hall girl and the world at her feet, she is presented in beautiful gowns of every description, gowns that every woman will want to study to see the latest in styles and the perfection of their artistry.

LOCAL NEWS ITEMS

SATISFIES SAVES NERVES

"Wee MacGregor" DRAG SAW

THE ORIGINAL LIGHT WEIGHT PORTABLE, GASOLINE OPERATED DRAG SAW & POWER PLANT
 (Frequently Imitated Never Equalled)

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or water. With equal facility and proportionate rapidity it will cut the small or large log up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 30 cords of wood a day.

So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord.

Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator.

We carry in stock at all times in our Vancouver Warehouses a full line of service parts. In case of emergency there is no long wait for delivery.

WEE MacGREGOR SAW MANUFACTURING CO.

310 Granville Street

Vancouver, B.C.

The "Wee MacGregor" Drag Saw has been adopted by the Dominion of Canada in the Fisheries and Agricultural Branches, and by the B. C. Government Forestry Service and Provincial Farm.

The Man in the Moon SAYS:-

THAT everyone wants power

THAT it is power which makes the world go round and gives the microbe the mastery over men.

THAT with plenty of cheap power, Prince Rupert will soon become greater than a microbe.

THAT power at the head of affairs is a good thing.

THAT the people are supposed to wield sovereign power, but sometimes it is pure supposition.

THAT the man who seeks power for selfish ends loses it the moment he sets out to put it into force.

THAT the ladies' hockey team looked quite "chic."

THAT "just too sweet for anything" was one of the expressions used by someone who tried to be original in describing them.

THAT when a prisoner at the jail tried to break out through a blind door, he was repeating one of the common experiences of men and women.

THAT even doors are not always what they seem.

Archbishop Du Vernet left for the south last night. He was accompanied by Rev. T. J. Marsh of Terrace.

J. Emerson returned south last night. Mr. Emerson has been in the city for some days on business in connection with the Prince Rupert Lumber Co.

The Dominion meteorologist announces that the thermometer reading at 4 o'clock this morning was 8 above zero, one degree colder than yesterday morning.

NOTICE OF ASSIGNMENT.

NOTICE IS HEREBY GIVEN that pursuant to the revised Statutes of British Columbia, Chapter 73, intitled "An Act respecting Assignments for the Benefit of Creditors and amendments thereto, and known and cited as the "Creditors Trust Funds Act," Harry Killas, of the City of Prince Rupert, in the County of Athol, Province of British Columbia, has this day made an Assignment to Edward C. Gibbons, of the City of Prince Rupert, in the County and Province aforesaid, of all his real and personal credits and effects, which may be seized and sold under execution, such Assignment being for the benefit of his creditors.

A meeting of the creditors will be held at the offices of Messrs. Fisher & Warton, Solicitors, Smith Block, Third Avenue, in the City of Prince Rupert, on Wednesday the 21st day of January, 1920, at the hour of three o'clock in the afternoon, to receive a statement of affairs and for the general ordering of the estate and you are hereby notified to attend either in person or by representative.

All claims must be verified by statutory Declaration and must be filed with the undersigned and to entitle any creditor to vote the said claim must be lodged before the date of the meeting. And further take notice that on and after the said fourteenth day of January, 1920, the said Assignee will proceed to distribute the assets of the insolvent amongst the parties entitled, having regard only to those claims of which notice has been received, and that he will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received before the last mentioned date.

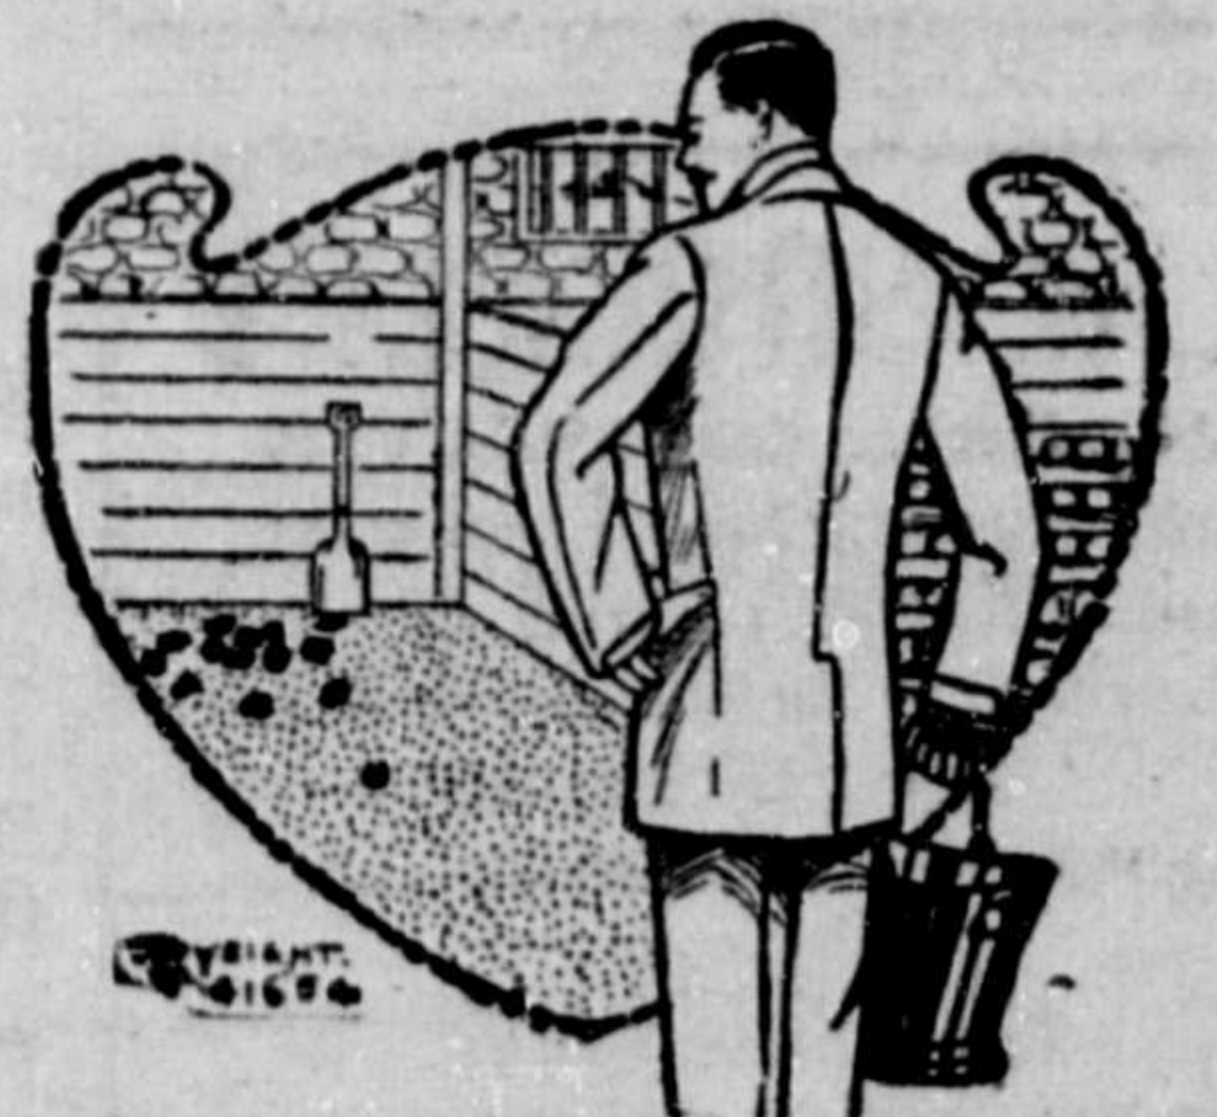

DATED at the City of Prince Rupert, in the Province of British Columbia, this tenth day of January, 1920. E. C. GIBBONS, Assignee.

NOTICE

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at the next session on behalf of the Association of Professional Engineers of British Columbia for a Private Bill to incorporate the said Association, the said Bill to be known as THE BRITISH COLUMBIA ENGINEERING PROFESSION ACT for the purposes of governing and regulating the practice of Civil, Mining, Metallurgical, Mechanical, Electrical and Chemical Engineering in the Province of British Columbia, and the qualification, examination and registration of intending practitioners, the discipline of its members and for the acquiring of real and personal property and the disposal of the same and for the general management of the Association. WATER NOTICE
 (Use and Storage).

TAKE NOTICE that North American Timber Holding Company, whose address is in care of M. C. Lawler, Dominion Building Vancouver, B. C., will apply for a licence to take and use 200 cubic feet per second and to store 50,000 acre feet per annum of water out of Mosquito Lake, Moresby Island, also known as the west arm of Cumsheva Inlet, which flows into Mosquito Creek and drains into west arm of Cumsheva Inlet at its head. The storage dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acre feet and it will flood about 500 acres of land. The water will be diverted from the lake at a point about the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice was posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 6, 1920. NORTH AMERICAN TIMBER HOLDING COMPANY, Applicant.

Take this Prescription to the Prince Rupert Drug Company's Store!

I always send my patients there, for I know that the ingredients they use are always fresh and of the very best quality. They double check every prescription which means a whole lot to you, and, too, this kind of service doesn't cost you any more than you would ordinarily have to pay for the less carefully compounded prescription.
