Duff and Leachy Committed For Trial in Higher Court

Magistrate McMordie Considers that Evidence is Sufficient to Warrant Further Hearing: Prisoners Smiling and Jocular.

Simon V. Duff and Richard Leachy, charged with the theft of liquor, were this morning committed by Magistrate McMordie for trial at the next court of competent jurisdiction when they may elect for speedy or jury trial. Three witnesses, Charles W. Miller, John Hoskins and Warden Bailey, were heard before the magistrate, but no evidence of importance was forthcoming in the case from these witnesses. On leaving the prisoner's stand Duff was smiling and in a free and easy manner made a pass at Leachy's head before leaving the court room.

The evidence given by Miller was much similar to that given in the selling case for which both Duff and Leachy have already been sentenced to nine months at Okalla Prison Farm. He had had no conversation with Duff regarding the amount or price of the liquor as he had understood that Duff knew through Leachy. The only connection Duff had with money was on the morning when he was about to hand the money to him before his arrest.

Hoskins' Evidence.

Jack Hoskins had not seen Duff at his premises when the liquor was brought there to be stored and had only seen him on the night of its removal to the barnstabling. Duff had called him by telephone to arrange for the storing of it. Hoskins did not recollect making a statement to Duff that he was surprised about the large number of cases that had been brought to his place.

Warden Bailey again told of Duff's arrest and the bringing of the seized liquor to the Swanson warehouse and from there to the police station. After hearing Warden Bailey's evidence W. O. Fulton, who took Mr. Patmore's case as counsel for the defence, called no witnesses for the defence and the case would be called and Mr. Williams presented the case.

Makes Statement.

During the course of the trial Mr. Patmore, before he left the court room, intimated that Leachy wished to state that he had not said in evidence that Duff had been picked up on the last trip with liquor from Lipsett's house to Hoskins' cabin.

Neither Duff nor Richard Leachy had anything to say. Mr. Fulton stated that, in his opinion, there was insufficient evidence to warrant committal for trial as neither George Sweet nor Harry Lipsett, who owned the alleged stolen liquor, had identified that which was sold as being theirs. He maintained that it was the duty of the magistrate to dismiss the charge.

"So the counsel for the defence is also taking the duties of judge," he sarcastically remarked Magistrate McMordie on making committal.

DECIDE TO AFFILIATE WITH TRADES AND LABOR

(Special via G. T. P. Telegraphs.)

OTTAWA, Feb. 21.—The grand council of the National Association of Marine Engineers in Canada concluded its fifteenth biennial convention yesterday. Secretary Draper of the Trades and Labor Council addressed the convention, pointing out the advantages that would accrue from affiliation with that body. After hearing Draper the Council decided to affiliate.

Proposed amendments to Canadian shipping conditions of employment and wages paid on Government steamers were discussed and a deputation appointed to wait on the marine, public works and railways and canals departments. Strong representations are to be made to the departments concerned on variance of rates of pay on the Atlantic coast as compared with the Pacific. Marine engineers leaving Vancouver at certain rates of pay are, on reaching Atlantic ports compelled to take their choice of considerably lower rates or make their way back to Vancouver at their own expense. The council is attempting to establish a general scale of wages throughout the country.

CONDITION IN IRELAND IS VERY BAD

Armored Cars and Tanks Used in Streets and no one Allowed Out After Midnight.

(Special via G. T. P. Telegraphs.)

DUBLIN, Feb. 21.—The military authorities have issued a proclamation ordering all residents of Dublin to stay indoors between midnight and five a. m. unless specially permitted to be on the streets. The order followed extensive raids by the military on Thursday night and early Friday morning on the various headquarters of the Sinn Fein volunteers.

Many houses and business firms were searched and a large number of young men were arrested. Armored cars and tanks were used by the military.

POWER AND SITES UNDER DISCUSSION BY BOARD OF TRADE

The question of power and sites for factories was discussed in a dissolatory way by the Board of Trade last night in connection with the visit of F. R. Leyland of the Laminated Materials Co., of New Westminster who was here recently looking for a location for a factory. No resolution was introduced, as it was understood that a communication would be received from Mr. Leyland in regard to the matter, and it would then be discussed further.

The importance of a power supply in the development of the city was urged by several speakers and also the necessity of having sites available for those who might wish to use them.

PREVENT CANADIANS TAKING COAST TRADE

Amendments to the Navigation Laws are Needed Says Seattle Shipping Man.

(Special via G. T. P. Telegraphs.)

WASHINGTON, February 21.—Amendments to the coastwise navigation laws are needed so as to prevent Canadians participating, through their ships, in trade between the United States and Alaska, Will Clark, of the Pacific Steamship Co., of Seattle, told the Senate Commerce committee.

The present restrictions, according to the same authority, confining coastwise trade to American ships, are being evaded. Under ruling during the war the Canadian ships were left in the trade while American ships were taken off and put into service for war.

UNITED STATES WANTS LUMBER

Western Mills Partially Back on the Market — Shingles Active Sellers.

After having been practically off the market for more than a month and a half, the British Columbia mills are now offering a limited amount of lumber for shipment to Eastern Canada, and some business has been passing. Prices are high as compared with the list of quotations before the mills withdrew from the market, but the insistent United States demand, added to other requirements, made it difficult to keep pace with trade needs. There is probably more business passing in shingles than in any other line with clear selling at \$8.25 and 5x at \$8.75 per thousand.

On the prairies there is a comparatively light demand for lumber except for large companies. A lively demand throughout Ontario ever since the first of the year, in spite of the higher prices, has been experienced by the Toronto offices of western mills, and while a large percentage of the business has been in shingles, there have been inquiries for timbers, flooring, ceiling and trim. The mills are able to supply only limited amounts of stock, and the same condition is likely to exist throughout the season. In the American market, particularly, there is a scramble for lumber at any price.

MARKED MONEY USED; WOMAN SENT TO JAIL

Mrs. Belle Ward Faces Strong Evidence and Gets Six Months at Okalla.

Mrs. Belle Ward was sentenced to six months' imprisonment at Okalla by Magistrate McMordie this morning, having been found guilty of selling liquor. Marked money was instrumental in obtaining the conviction and Sergeant Adams and Constable Macdonald had a flawless case against her.

Charles Houston and John Spence had been commissioned by the police to locate blind-piggers. They had been supplied with marked and numbered money and sent on their errand. Coming to the Olympia Cigar Store they managed to buy liquor and passed the money. The police came in almost immediately after and the owner, Mrs. Ward, was searched and liquor was found on her. Later, at the police station, the marked money was found in her handbag. No evidence for the defence was offered.

City Solicitor Williams stated that argument was not necessary. The sale of intoxicating liquor had been conclusively proved by the evidence of Houston and Spence. L. W. Patmore, defending accused, had nothing to say. Magistrate McMordie then passed sentence and the woman left the prisoners' stand with tears coming to her eyes and nearly broken down.

Board of Trade Wires Another Strong Resolution to Ottawa Regarding Fisheries; Exception to Monopoly.

At a special meeting of the Board of Trade called for the purpose, a strong resolution of protest against delay in enforcing the new fishery regulations was passed and has been wired to Ottawa today.

"In spite of the fact that the Minister of Marine and Fisheries, the Hon. C. C. Ballantyne, has seen fit to enact certain regulations pertaining to fisheries, which regulations are in the interests of white residents, bona fide white fishermen, and returned soldiers of this district, we find that certain bodies in Vancouver, entirely outside of this district, at the instigation of the cannery interests have petitioned the minister to withhold the application of such changes;

"Be it resolved, therefore, that at this meeting of the Prince Rupert Board of Trade, assembled here this date, we, representing the business men, white fishermen and the common interests of the district, do heartily endorse the new regulations as drafted by you, and beg of you to cast a deaf ear to the selfish motives which the southern part of the province has shown in their stand taken. These regulations we believe are as follows:—

"Gill net and purse seine fishing to be open to all British subjects, drag seines and trap license to be curtailed except in areas where gill net and purse seines cannot be used. Licenses for canneries to be open to all British subjects.

Condemns Delay.

"This board, representative of the entire industrial interests of this part of the province, strongly condemns the actions of Chief Inspector Cunningham and District Inspector Williams in not furnishing the local fishery office here with detailed information, as outlined in the new regulations.

"We further humbly petition you to, without further delay, segregate District No. 2 from the other districts of the province, and appoint to this district an inspector whose interests will be in the proper regulating of the fisheries rather than being dictated to by cannery interests of the south. In support of this request we would kindly call your attention to the fact that three-quarters of the fish produced in the province is caught in District No. 2, yet we have not even the distinction of having a district inspector who will reside here and give to this valuable industry the intelligent and whole-hearted interest which it is fully entitled to. We lay special stress on this because experience has taught us that, if the proper protection of the fisheries is to be maintained, it is important that the inspector be on the ground at all times, and that he should not in any way be interfered with in his work by other interests prompted by selfish motives.

Cannery Monopolies.

"Be it further resolved that this board expresses regret at the action of the Fishermen's Protective Association and the Army and Navy Veterans of Vancouver in allowing their opinion to be coupled with the old cannery monopolies, thus fostering such monopoly control which has been so injurious in the past. We would respectfully call your attention to the efforts of Mr. Peter Wallace, president of the Wallace Fisheries, in his so-called stand for the protection of the salmon, and would respectfully submit that during the year 1918 the Wallace Fisheries wasted over 100,000 salmon caught in Masset Inlet waters, in which they had the exclusive fishing rights. We feel assured that your far-sighted intelligent business mind will clearly detect the selfishness and insincerity of such a stand.

"It is further resolved that copies of this resolution be sent to Lieut.-Col. Peck, V. C., M. P.,

FUR SALE IS ENDORSED BY BUSINESS MEN

Resolution Passed by Board of Trade Favoring Establishment of Auction Here.

At the meeting of the Board of Trade last night a resolution was passed endorsing the idea of a fur auction for this city as follows:—

"Whereas it is evident that Prince Rupert is the most central and suitable point for a fur auction and whereas such a fur auction would be of great benefit to this city, Be it resolved that this Board of Trade goes on record as favoring such an auction sale and pledges itself to do everything possible to bring it about and make it a success."

CONCILIATION NOT TREASON

So Says Joseph Caillaux on Trial Before French Senate at Paris.

PARIS, Feb. 21.—That he never championed the policy of closer relations with Germany but one of "European conciliation" and might have been guilty of imprudence and impulsiveness but never of intrigue with the enemy, were the opening remarks of Joseph Caillaux, former premier of France, who is charged with treasonable communication with the enemy.

The trial was resumed yesterday before the Senate, sitting as a high court.

Archbishop on Mental Healing.

It is estimated that nearly three quarters of the ailments which afflict mankind have a mental cause. This should indicate at once the importance of a mental remedy.

The first principle to firmly grasp is the close inter-relationship of the mind and body. What influences the mind affects the body, and what affects the body influences the mind.

A suggestion in the mind, which is something purely mental becomes an impression upon the brain, which is something partly physical, and this impression upon the brain at the centre of the nervous system is quickly spread through a net-work of nerves throughout the whole body to its remotest parts.

The second principle to firmly grasp is the intimate connection between physical vitality and spiritual life. Divine energy flowing into the human soul has a quickening power.

Fundamental Principles Go Together.

These two fundamental principles must be taken together. The laws of the human mind are the laws of God. Spiritual healing is through a mental process and a psychic channel, reasonable because human, powerful because divine.

A suggestion is given to a man as he eats his dinner which throws him into a violent fit of anger. This upsets his nervous system, spoils his digestion, and consequently poisons his blood.

When we say that this man's ailment has a mental cause we do not mean that the ailment only exists in his mind. Far from it. His mind has undoubtedly affected his body, and it is probably true that some physical remedy which will assist nature may be of some benefit to him in getting rid of his indigestion. We do not advocate the doing away with all medicine. Such has a secondary place to fill, but no medicine can impart the spirit of life. If any ailment has had a mental cause, it is unscientific not to go to the root of the matter.

Mental Remedy for Mental Ailment.

There are a vast number of ailments caused by worry, which is a mental cause. For such it is absurd to take only physical pills. Why not try a mental remedy; "casting all your anxiety upon God for He cares for you?" The mind that is stayed upon God will be kept in perfect peace. The peace of God in the soul of man is the most powerful prophylactic known to medical science.

It is well known that many distressing causes of chronic infirmity are caused by a persistent idea which has dropped into the subconscious region of the mind of the afflicted, and from this secret recess affects the whole nervous system. It is useless to simply argue with such a patient, and harp like a parrot upon the words—"You are not ill." What is required is careful treatment by one specially trained in psychology and religion, a skilled physician or a sympathetic clergyman, who will first win the confidence of the patient and by quiet questioning discover the hidden idea which is the cause of all the trouble, and then gently eradicate this tyrannical idea by using a counter-suggestion, a divine idea, which will take its place and become the inspiration of a new life. The Spirit of Life in Christ Jesus has still its quickening power. "Arise and walk, thy faith has made thee whole."

We need today not the bungling attempts of novices, but the scientific application of the principles of psychotherapy, with a full recognition of the healing power of the life of God in the soul of man.

F. H. DU VERNET, Archbishop of Caledonia.

Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then. But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weatherman is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

PRECIOUS STONES

Illuminating Address Given Before Corner Club by J. Bulger.

At the meeting of the Corner Club last night John Bulger gave a most interesting and instructive address on "Precious Stones." He described a number of them, told where they were found, how they were cut, their values, history, and the superstitions connected therewith.

Miss Sully, president of the club, presided, and after the address there was the usual social gathering. Between forty and fifty members were present.

MASQUERADE WAS COLORFUL SCENE

Many Original and Well Sustained Costumes Displayed at K. P. Annual Event.

The masquerade ball held by Skeena Lodge Knights of Pythias in the St. Andrew's Hall last evening was the scene of much colorful effect and original costumery. There was a variegated assortment of artistic and beautiful characters as well as a great number of impersonations along comical and grotesque lines. A great many of these were very noticeable and well sustained throughout. The annual event, from every standpoint, was a huge success and was up to the high standard set by past masquerades under the same auspices.

At 10 o'clock the maskers took to the floor to the first waltz and remained in disguise until nearly twelve o'clock. There was a great crowd of interested spectators among whom speculation as to identity was rife. At 12 o'clock when the Grand March took place and unmasking commenced there were many surprises for the spectators.

Prize Winners.
The judging was done by Mrs. S. V. Cox, Mrs. Simpson, H. F. Pullen and S. M. Newton. The first prize for ladies' comic costume went to Mrs. Director who as "Mistress and Maid," was mistress on one side and maid on the other. Mr. Robins, as a London costermonger was adjudged the best comic male. Miss Rose Adams and Mr. Warner, as the traditional negroes, took the prizes, for the best sustained characters. The judging was based largely on the manner in which the roles were sustained. Mrs. E. R. Cox, in a beautiful

tiful creation of heavy silk representing "The News" was the cause of much comment. Among others of special merit were Mrs. Bert McEvoy as a flower girl, Miss Eva Thomson as a French artist and Miss Isabel Kelly in an original bathing costume. Col. S. P. Mc-Mordie beautifully garbed in courtly clothes, appeared to great advantage as "King Henry VIII."

Officials.
Committee arrangements were handled in the best of style with ease and dispatch. Cyril Westaway made a most efficient master of ceremonies and George Johnstone and Harry M. Daggett attended to admissions at the door. Frank Davis and Jack Cobb were also on the general committee. Refreshments were served at three sittings by the Pythian Sisters, Mrs. Geo. Leek being in charge. Gray's Orchestra was in its usual good form and the music was all that could be desired. About 200 persons were present and the event was thoroughly enjoyable to all.

ALASKANS WON DOUBLEHEADER

Have Returned to New Metlakatla This Morning—May Return Soon.

The New Metlakatla basketball players made their parting appearance in the rink last night in a double header which was excellently played and was fully up to their performance of the night before. The Alaskans won both games and showed the Rupert basketekers something in the way of pretty combination and athletic skill. The only lack that was manifested by the visitors was that of basket shooting and here they were excelled by the home team. Their agility on the floor has been a matter of special comment among the large crowds who witnessed the games.

The first game played last night was between the second teams and the result was 22-15 in favor of the visitors. They also won the second game between the No. 1 teams, 24-18. Lee Dell and E. Hudson, the former of Prince Rupert and the latter from New Metlakatla, were the referees and judged all points fairly and disinterestedly.

The New Metlakatla players left for their home town on their gasoline boat this morning and had nothing but good to say of the reception accorded them here. It is possible that a return trip to the north may be made by the Prince Rupert teams. Financially the trip was successful and expenses will be more than cleared with provision for a substantial purse for the visitors.

The HOUSE and the OWNER

We are told of a house which was continuously insured against fire for thirty years. Yet fire never touched it during the thirty years! However, no less than seven people died in that dwelling. This case shows the difference between life insurance and all other forms.

Fire MAY COME but Death MUST COME. If fire insurance is a necessity, and we think it is, life insurance is very much more necessary. If a possible danger should be guarded against, how much more an inevitable one. Your family can be protected against the inevitable by a policy in
