Government is Sustained as The Opposition Sang "Alouette"

Majority of 34 with all Cross Benchers Voting with Opposition; "Are we downhearted?", "No, No!" Souted Members.

(Special to The News via G. T. P. Telegraphs.)
TAWA, March 10.—The debate on the address concluded House of Commons this morning at 2:20. At that time Mackenzie King's amendment calling for a Federal election defeated by a vote of 112 to 78, giving the Government a majority of 34.
Government supporters cheered wildly on the announcement of the vote. It was a straight party vote without switches on either side. Eleven cross-benchers present all voted with the Government. The eleven were Messrs. Crerar, Dr. Clarke, Thompson, Maharg, Reid (Mackenzie), Johnston (Last), Kennedy, Gould, Halbert, Knox, and Caldwell. The vote was adopted without further division.
During the registering of the votes the opposition sang "Alouette," an old French folk song and ories of "Are we downhearted?" followed by "No, no!" resounded through the chamber.

(Special via G. T. P. Telegraphs.)
LONDON, March 9.—J. Austen Chamberlain, chancellor of the exchequer, discussing in the House of Commons the decision to purchase the Anglo-French bonds, stated that Great Britain had no intention of borrowing outside the Kingdom any part of the required sum, so that when the United States had repaid Great Britain will be able to pay off her external debts of \$50,000,000.
Chamberlain added: "We employ for the purpose already available in the United States and to the extent that they are not sufficient to pay off the debt. We have already begun by buying Anglo-French bonds in the United States at considerable discount."

SECOND EFFORT TO POSTPONE THE TRIAL

(Special by Government wire.)
VANCOUVER, March 10.—An order was made in the Supreme Court yesterday for the examination for discovery of F. R. Hunt, accountant of Prince Rupert. The examination will take place at Prince Rupert.

Another application was made by the counsel for Newman Erb for an order to stay proceedings in the action brought by him against Mullen et al for control of the drydock company pending the appeal on the refusal of Judge Morrison to strike out a portion of the statement of defence.

The trial was set down for March 22 and argument on the application for postponement will be continued on Friday. "It is quite unfair to say that we are trying to wriggle out of the case," said the counsel for Erb at the hearing yesterday in Supreme Court chambers.

WAGES SATISFACTORY TO TRADES AND LABOR

Expression Made Last Night That Vancouver Should Not be Criterion for Local Conditions.

Delegates from the Engineers, Painters and Plumbers Unions reported at last night's meeting of the Trades and Labor Council that satisfactory agreements had been reached with the various employers on the question of a revised and increased scale of wages. The increase is general in the district as well as the city.

The delegates expressed objection to wages being governed by the schedules in Vancouver and Victoria, 500 miles away. It was maintained that living conditions were altogether different here and it was thought that the local scales should be governed by local conditions at Anyox, Stewart and Ketchikan and other such places.

Turkish Trouble Delays Completion of Treaty; No Turkish Occupation

(Special to The News via G. T. P. Telegraphs.)

LONDON, March 10.—With the Turkish situation in a tangled shape it is considered useless for the Peace Conference to proceed to a completion of the Peace Treaty. It is stated that the conference will mark time on Turkey at least until the Allied High Commissioner in Constantinople reports on the memorandum forwarded by the British Government. Meantime the conference will discuss phases of the Hungarian treaty which are deemed advisable.

The memorandum to the commissioner at Constantinople instructs the commissioner to take the most firm attitude with the new Turkish Government, and at the same time requests information as to the best method of procedure should a show of force or actual force become necessary. Notwithstanding widespread reports that the Allies intended to occupy Constantinople permanently, that contingency has been considered only as an alternative. Occupation will not come until all other efforts have failed, but occupation has been discussed in conference, even to the working out of some of the details.

Splendid Record of Work By Daughters of Empire During Year; New Officers

The first annual meeting of the Municipal Chapter of Prince Rupert, Imperial Order Daughters of the Empire, took place on Saturday afternoon in the Presbyterian Hall. The regent, Mrs. J. C. McLennan, presided. It is just ten years since the order was started in Prince Rupert, when Mrs. Du Vernet was instrumental in forming the Queen Mary Chapter. Mrs. Du Vernet is now the honorary regent of the Municipal Chapter and had the pleasure of seeing six standard bearers display the standard of each chapter round the regent's chair on Saturday afternoon.

The Municipal Chapter is composed of its own officers elected from the members of the primary chapters, all the officers of the primary chapters and the regent of the junior chapter, and has jurisdiction over the primary chapters, thus each primary chapter submits its annual report to the Municipal Chapter at the annual meeting. There are now four primary chapters and one junior chapter in Prince Rupert with a total membership of 212, an increase of 77 over last year. The municipal secretary reported various activities, the most important being the furnishing of a new nursery in the General

Hospital at a cost of \$457 and the paying off of all the indebtedness on two lots on Fifth Ave. near McBride St., upon which it is proposed to erect a building which will contain a good hall, club rooms, etc.

VICTOR MIDGELY ATTACKS THE INTERNATIONAL UNIONS

Declares that They Worked in Collusion with Employers and Secret Police; Discuss Soviet Government and Other Subjects.

(Special to The News via G. T. P. Telegraphs.)

VICTORIA, March 10.—Discussion of the resolutions favoring the Russian Soviet form of government and calling for the resignation of the federal minister of labor because of alleged lack of action in the Crow's Nest coal miners' strike, and also deprecating the six months' hoist proposal for the Eight-Hour Bill in the provincial legislature, took up the session of the British Columbia Federation of Labor convention.

Delegate V. R. Midgely bitterly attacked the "secret police," declaring that the Dominion Government had seen fit to watch the democracy of the country. He referred to the "open, wide, barefaced collusion between the international unions, employers and the secret police." One Big Union sympathizer had been discharged on "trumped up" charges at the instigation of internationalists, he asserted.

The vote in favor of dissolving the British Columbia Federation of Labor and for consolidation as One Big Union stood 40 to 5.

HOCKEY TANGLE IS CONSIDERED

Vancouver Unable to Send Team East Even if They Win.

CANADIENS MAY VISIT SEATTLE AGAIN SOON

(Special via G. T. P. Telegraphs.)

VANCOUVER, March 10.—The chances of a triple tie for the Pacific Coast hockey championship, in which event an extra series will be necessary, and the statement that should Vancouver win the championship "Cyclone" Taylor and Gordon Roberts would be unable, for business reasons to accompany the team east for the Stanley Cup games, makes the champions of the coast going to Ottawa more remote than ever, officials announce.

A special meeting of the Pacific Coast Hockey Association is called for tomorrow in Seattle to discuss the situation and take definite action concerning post season plans.

MONTREAL, March 10.—If either Vancouver or Victoria should win out in the Pacific Coast Hockey Association series, the Canadiens may go west to play Seattle and finish out the series which "flu" prevented the completion of last year.

Sir Thomas White

Advocates High Protection.

Sir Thomas White made a stirring speech in the House of Commons at Ottawa, the burden of which was that the Government should hang on to office as long as possible and then go to the country on a policy of high protection. The despatch said that Sir Thomas was cheered by the ministerial members.

Now we know where to find the Unionist party. Sir Thomas White read out of it all those who did not believe in high tariffs better known as the National Policy. He urged that those who think alike on the tariff issue get together and sweep the country.

Sir Thomas White further expressed disapproval of the formation of a farmers' party and spoke of the farmers as "creatures of the moment." He expressed the opinion that the farmer would, when the protective policy was explained to him, fall in line and support it.

Hon. Robert Rogers

Does the Same.

A few days ago Hon. Robert Rogers also made a militant speech at Winnipeg. He is reported as saying that the present cabinet was "a Government of tinkers and jobbers, a Government of second-hand dealers—their energies almost entirely devoted to second-hand theories that are the product of the diseased brain of some poor unfortunate uplifter."

The former Conservative minister strongly urged a "definite and a fixed scientific tariff." He spoke of the "necessity of the Conservative party perfecting its organization everywhere." He said that Union Government might have been necessary during the war, but in peace it was a different thing. A general election could not be long deferred and the sooner it came the better.

Position of

Colonel Peck.

In view of these statements people in the city are wondering what is the position of Lieut.-Col. Peck who is an avowed free trader and whose sympathies insofar as the fiscal policy is concerned are as far as the poles from Sir Thomas White and Robert Rogers. He must feel himself in the wrong camp just now. There has been heretofore nothing particularly objectionable in the Government from a free trade point of view. Now, however, things are changing. The protectionists are forcing their views on the House of Commons and the Liberals are steadily withdrawing from the Government. There is still a good deal of gossip in regard to the premiership going to Sir Thomas White, but he would have to be premier of a protectionist administration, especially since his latest pronouncement. There would be no room under him for free traders or those who believed in duties for revenue only.

Most able of Ottawa Tories, Sir Thomas White seems to be the natural leader of the Conservative elements in the House. He is the most able of the group now holding leading positions. He is in close touch with all the monied interests in the country, including the Canadian Pacific Railway. He seems to have urged the Government to hold on until the Grand Trunk matter was settled, after which as the representative of the C. P. R. and allied interests he would feel free once more to enter active politics and administer the affairs of the country.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,
Your obedient servant,
(Signed) W. J. LYNCH,

DRY DOCK WIN ANOTHER GAME

All-Stars, However, Gave Them a Good Run — Score Was 24-14.

The Dry Dock basketball players added another victory to their unbroken record when they defeated an all-star team at the Exhibition Hall last night by a score of 24-14. The game was a well contested one although, at times, it tended to be a little rougher than would seem necessary. Although the Dockers played their hardest to keep their record unbeaten the All-Stars gave them a hard run and the game was very interesting. The crowd in attendance was of good size, but the rooting seemed to go in favor of the Dry Dock. Wallace Anderson acted as referee and was the victim of a good deal of good natured banter. "Scotty" Dennis, who is always enthusiastic about sports, met all his old friends stationed on the door.

The teams were as follows:
Dry Dock—Clementson, Carkle, Dravis, Harry Day, Hardy (first half), Ad. Craggs (second half).
All-Stars—Vic. Menzies, Harry Menzies, Tinnetti, Charlton and Eddie Smith.

At last night's meeting of the Trades and Labor Council, the secretary was instructed to submit the scale of prevailing wages to the city board of works in connection with the erection of the Section 2 bridge. This was requested by Alderman Casey at last week's council meeting.

J. McHugh, who is looking into hatchery business at Lakelse Lake, arrived in town from Terrace on last night's train. Mr. McHugh is going up to Stewart on the Albert tomorrow night or Friday.

J. Ben Agar, accountant for the Lakelse Lumber Co., arrived in town last night from Terrace and will spend a few days here on business in connection with the mill at Amsbury.

RATS SOURCE OF INCOME TO THE SETTLERS

Residents of Ootsa Lake Country Anxious That They Shall Be Protected by the Government.

LAKES SHOULD BE LEASED FOR TRAPPING

Usually people wish to get rid of rats but the British Columbia black muskrat is at present much in demand and is one of the most valuable animals in the country. For that reason the people of the Ootsa Lake country are anxious that the rat shall be protected by statute and made a source of revenue both to the settlers in the district affected and also to the Provincial Government.

Yesterday J. H. Harrison of Ootsa Lake dropped into the News office and told his story. He says that between Ootsa and Francois lakes there are no less than 76 small lakes, all inhabited by the much valued muskrat. Around each lake there is a 66ft. right of way for the public so that the settlers have no special rights to those lakes or their inhabitants. As a result foreign trappers come in and catch the rats, destroy their feeding houses and are fast exterminating the little fur bearers. Because outsiders get the catch the local ranchers do not take very much interest in protecting or conserving them.

Protect Lakes.

Mr. Harrison's suggestion is that a reserve shall be placed on all muskrats throughout the northern and central part of the province and that the lakes shall be leased to actual settlers. Once a man had the sole right to trap a lake he would set out to look after the inhabitants. By making a small dam across each lake the water could be raised sufficiently so that the rats would have a better opportunity to reach the bank during cold weather. At present the rats are often frozen out and destroyed.

This variety of muskrat lives in the bank, but he feeds at the bottom of the lake. Unless he is able to travel from the bank to the water he cannot live. The food is secured at the lake bottom but it is eaten on the ice in the winter and for this purpose the rat keeps a feed hole open in the ice all winter, stuffing it with moss or grass when not in use so that it will not freeze over. The trappers often spoil these feed holes and so kill the rats.

Soon Exterminated.

Practically all the rats are now found north of the 54th parallel but if the present system is continued these will soon be exterminated. If protected they would be worth many thousands of dollars. Some single lakes, Mr. Harrison says, would maintain \$10,000 worth of rats, which would mean that the rats would be more valuable than cattle.

Preserving the rats in the lakes would not in any way interfere with cattle or ducks. It would add to the provincial revenue without any outlay and would attract many settlers to the districts. One of Mr. Harrison's chief pleas was that it would be an aid to the settler. There are hardly any Indians in the district, so their rights would not be interfered with.

Mr. Harrison looks for a big immigration into the country this year.

"EYE FOR EYE" AT WESTHOLME

Great Dramatist, Nazimova, and Comedian Charlie Chaplin on Same Program.

The great Nazimova in an intense drama, "An Eye for an Eye" will be seen at the Westholme tonight. It is difficult to say enough of this dramatic artist. She is generally looked on as the greatest exponent of that phase of histrionic art. Her pictures are in great demand and those who attend tonight should not be disappointed.

Charlie Chaplin will provide the fun in his latest picture, "A Day's Pleasure." As he grows older Chaplin grows funnier and this is certainly one of his best efforts. Beyond that it is unnecessary to say anything of the comedian.

Mining News

The Last Chance Mine, Green-
wood, has been leased by James
Poggi from the government. This
mine was for some time a con-
stant shipper of high-grade ores
but for some years has been idle.
Mr. Poggi will start work im-
mediately, sinking a new shaft
and installing an electric hoist.

In view of the attention that
the mining world is giving to the
Alice Arm district during the past
winter, considerable development
is looked for there this spring.
Quite a number of properties are
starting in business to sell Alice
Arm property and a great many
claims have been staked in the
district lately. In fact all the
property with any immediate
reach of railway, trail or river
has been eagerly picked up by
prospectors and operators and
there is no choice left now but
the ground far back from any
communication.

The Guggenheims have already
done some work at Alice Arm and
will carry on this spring. Don
Cameron, who achieved no little
amount of publicity over the re-
cent Dolly Varden tangle will op-
erate. The Taylor Mining Co. is
taking in 40 men on May 15 to
work on the Wolf. The Taylor
Company expects to have 60 men
employed at Alice Arm and the
daily shipments will probably
reach 250 tons.

It is reported that the North-
port Smelter will resume opera-
tions after a close down about a
month ago. The last shut down
was due to wage trouble but since
the management showed that they
would stay shut rather than raise
wages the men volunteered to go

EGYPTIANS ARE HUNGRY BECAUSE SOWED COTTON

Plowed Up Their Wheat in Order to Secure the Big Prices.

(Special via U. T. P. Telegraphs.)

LONDON, March 9.—The food crisis in Egypt has been caused by the land owners, including the land owning peasantry, increasing the area planted in cotton so as to take advantage of the prices in cotton, according to the Daily Mail's Cairo correspondent.

Wheat and other cereals were actually plowed up when approaching maturity in order to sow cotton. The cotton area is now nearly 25 per cent greater than before the war.

Normally Egypt feeds herself, but in view of the present shortage of cereals there is greater danger of the famishing people being stirred to rioting.

LEVEL CROSSING OVER RAILROAD

Would Make Access to Government Wharf More Convenient, Cheaper and Safer.

IMPROVEMENTS TO WHARF DEPEND ON NEW ROADWAY

The provincial government intends to make drastic improvements and extensions at the Government wharf this season, but all these changes will be dependent on whether the plan for a level crossing at Cow Bay is allowed by the Railway Commission or not. These improvements will include repaving of the wharf, which is now in a bad condition and the dock will be put in first class shape.

The new crossing at Cow Bay will allow much better access to the dock and will eliminate the high cost of maintaining Manson Way for that overhead crossing will be torn down altogether. The new route will be down Third Avenue, crossing Cow Bay and a branch would then go to the dry dock and the government dock.

The road to the government wharf would branch immediately the tracks are crossed and would follow the railway tracks to the wharf beneath the present overhead. The new roadway would make the removal of the present overhead imperative.

The fear was expressed at last night's council meeting that the new road would block the city's entrance to Cow Bay but the local government officials say that this would be hindered very little by the new work.

DOPE INCREASES

To the Editor.—For the purpose of correcting the erroneous statements which from time to time have been made by the opponents of reform to the effect that the tide of prohibition that has swept over the Dominion has had its back-wash in an increased consumption of narcotic drugs, allow me to give the official figures from the Department of Health.

January, 1920. The figures in the first column following show imports into Canada for consumption during the fiscal year ending March 31st, and in the second column for the six months ending November 30, 1919.

Cocaine, oz. 12,333 3,293
Morphine, oz. 30,087 9,424
Crude Opium, lbs., 34,263 7,222

In this connection an official of the Department of Health points out that the figures included those from for June 1919, when the Department had just taken over from the Board of Commerce, consequently they had no control during that month, as the great majority of the dealers' supplies were already in Canada or on the way to Canada. A more correct comparison of the enormous reduction is to take the figures for the quarter ending October 30, when the total supply for consumption was 1,100 lbs., as compared with 8,500 lbs. for the corresponding period of the preceding year.

GRAND OPENING SMITHERS HALL

There Were 350 Persons Gathered From East and West to Enjoy Dance.

The grand opening of the new town hall at Smithers on Monday night was an epoch-making event in the history of that town. Such a hall has been a long-felt need. But when the people of Smithers started they put up a building which will be a credit to the town and of ample size to accommodate the largest crowds for many years. The cost of erecting the commodious and well appointed two-storey building were all covered by local subscription. It is a plastered hall and is artificially lighted with a Delco system. The people of Smithers pride themselves on it as it is probably the largest and best dance hall west of Edmonton.

Great Gathering

At the opening on Monday night visitors flocked to Smithers from points along the railroad as far east as Burns Lake and from Terrace on the west. There were 350 persons present at the dance and the hall was by no means overtaxed. Practically all the younger people of Hazelton, Telkwa and Smithers were in attendance. The floor proved to be excellent and music by Gray's orchestra, consisting of J. S. Gray, Wm. Doodson and James Adams, was of a high quality. The collection taken was considered highly satisfactory by the management. J. E. Kirby and W. S. Gale acted as floor managers and had general supervision over the entire arrangements. Excellent refreshments were served during the course of the evening. Early in the morning the guests left with the remembrance of one of the most enjoyable evenings spent in the interior country.

Picture Shows.

Now that the hall is opened the next few weeks are well booked up and it is proposed in a short time to put in a regular motion picture show. Besides being useful as a show house and dance hall the place will be used for all inanner of public gatherings. The upstairs portion is well appointed with clubrooms and dressing rooms. Mr. O'Neill will operate the moving picture show when started.

George M. Durham went to Balmoral Cannery on this morning's train where he will be engaged this summer as storekeeper.

Miss Mathilda Smith is a passenger for Alice Arm on the Prince Rupert today. Miss Smith has been in Seattle for some months.
