## Another Revolution in Germany

### Government of President Ebert Has Been Overthrown

Wolfgang Kapp, President of the Fatherland Party has Assumed Chancellorship; Plot was Discovered Before Government Fall.

(Special to The News via G. T. P. Telegraphs.)

BERLIN, March 13.—The Government of President Ebert has been overthrown and Dr. Wolfgang Kapp, president of the Fatherland Party, has assumed the chancellorship. The revolution was quite successful.

The fall of the German Government followed close on the announcement that a revolutionary plot had been discovered. President Ebert was elected president by the National Assembly elected by proportional vote following the abdication of the German Emperor on November 9, 1918, when Germany became a republic.

### HATCHET IS NOW BURIED

Meeting of Council and the School Board Last Night Tends to Better Understanding.

SCHOOL WILL REMAIN AS ALREADY PLANNED

Works, Which Start Gradually Fizzle Out and All is Harmony.

At the joint meeting of the City Council and the School Board last night, the school problem, Alderman Kergin made the opening remarks and the meeting resolved itself into a debate on the outstanding memorandum of the council and the board on the school problem, Alderman Kergin and Patmore.

Alderman McClymont, in opening, said that in his mind the new school should be built to one side of the city, in Hays Cove Circle, to preserve an unobstructed view from one end of Sixth Ave. to the other. By so doing the architectural features of the city would be enhanced.

Alderman Kergin, chairman of the school board, briefly outlined the progress of the school problem. A plan of planning had been spent on the school board and there was no objection to it. The decision had been made to erect a 12-room permanent building. The council objected to the school being built in the center of Hays Cove Circle because it would be necessary to remove the main water pipe line. At the first joint meeting arranged between the two bodies at the school site in January he had been unable to present because his car had broken down.

The mayor said that Dr. Kergin was right about the pipe line being the main reason. The main objection had to be moved some day away. What he objected to was a proposal that it be run around the circle for that would be bad engineering. Tunnelling in his opinion would be the best way out.

**Ald. Perry's Position.**  
Alderman Perry then opened his remarks. "I do not wish that I should think I am egotistical," he commenced, "but I think I would have been much better at this joint meeting had been at the outset. The council somewhat responsible in these matters but if I am unreasonable I may put me right. I take the view that the school board in presenting its estimates was mistaken and the public understood that the \$150,000 called for would be the building and entire cost of the new school. I think that the school board should have been more considerate and answered the questions of the council. I

want the school board to ask what they want in black and white as they should have done before. I want to see the new school built but I want to see it done in a businesslike manner."

**Dr. Kergin.**  
Dr. Kergin, answering Mr. Perry, stated that up to this year the school estimates had always been prepared by the finance committee and school board jointly. The school board had had no intention to mislead the council or anybody else. As to the cost of the school it was estimated that it would cost 15 per cent more now than it would have when the school was first proposed.

The mayor stated that it was his understanding that the Provincial Government would give financial assistance. The bonds would be sold on the Canadian market and there would be little lost on their sale.

**Trustee Patmore.**  
"There was nothing stated by the school board," began L. W. Patmore, "that could make anybody think that \$150,000 would cover the cost of the school. Does any sane man expect that when we call for tenders for the erection of a building that furniture will be included? Our estimates for each year need only be asked for in the year in which they are to be used. The estimates we requested were \$150,000 for the building and \$14,000 for furnishings and equipment and as far as I can see that is very plain, open and above board. We are not expected to call for money that is to be spent next year. The blame for the delay in the building of this school rests with the council and the public."

"As far as the site of the school is concerned that is decided and the council cannot usurp the powers of the school board. What we are here to do is to discuss the financial phase of the question. The method of raising the money, however, is a problem for the city council."

Considerable heated conversation between Alderman Perry and Mr. Patmore then took place as to the joint meeting.

**Government Aid.**  
Mr. Patmore explained that a generous grant from the government was expected in the estimates. The mayor asked him what was going to be done with all this money. Mr. Patmore answered that any that was left over would be used towards improving grounds and forming a fund for other expenses. The meeting then adjourned for about half an hour when the building plans were studied.

On resuming, the mayor stated that the present plan was not the best in his mind. There should be some change in the School Law. As there was no play basement he felt that some provision should be made for play sheds in the grounds. The School Act should be amended to cover the entire cost at one time so that the public could not misunderstand the

matter of building the new school.

**Retorts.**  
"From this meeting," said Ald. Perry, "I feel that I have nothing to take back but I may modify some of my statements. If the school board had said at first what the entire cost of this school would be, this trouble would not have arisen. The circumstances should have been made more public but nothing will be gained by continuing the friction, for the school must be in operation soon."

The mayor stated that the school would cost well on to \$200,000 before it was completed. A trustee said that the letter published by Ald. Perry was unbecoming a gentleman. Mrs. Kirkpatrick felt that Ald. Perry had been making a mark of her for a while. Ald. Perry replying said that Mrs. Kirkpatrick had referred him to school law and he had decided to give her all she wanted of it.

**Hatchet Buried.**  
"I will admit that the silence of the school board was disconcerting," said Mr. Patmore, "to those who wanted to start a controversy. Now that I have shown the whole business to be legal I hope Mr. Perry will act as a good sport, as he said he would, and bury the hatchet. The papers delight in getting hold of this personality and bickering and perhaps haven't helped mutual feeling. The plans have always been open to the public and cannot be changed now. The Education Department complimented us on them. There will be no more school estimates until next year now."

It was practically decided to sink the pipe line and the work may now be expected to go ahead without further friction. Before closing Alderman Perry moved a vote of thanks to the school board for being present, as he felt that a better basis had been reached between the two bodies. Alderman Rochester seconded this and the meeting closed.

### Confine Horse Racing to Few Big Tracks in the Eastern Canada Cities

(Special to The News via G. T. P. Telegraphs.)

OTTAWA, March 13.—Much interest is shown in the legislation to be brought down by the Dominion Government as a result of a report on race tracks and betting, which has been tabled in the House of Commons by Sir George Foster. It is expected that all half-mile tracks will be wiped out. Tracks which are likely to be allowed to continue operations are likely to be Dorval and Blue Bonnet at Montreal, Kenilworth and Windsor, at Windsor, Woodbine and one other at Toronto, Connaught at Ottawa, and the Hamilton tracks.

In regard to racing held in connection with Western Canada fairs, it is not expected that any action will be taken. In most cases the tracks are billed as added attractions for the fairs and little except harness racing is carried on. The commissioner appeared to find this had no harmful result.

### TROOPS MARCH 2,000 MILES

Anti-Bolshevik Army Turns up After Being Thought Destroyed.

(Special by G. T. P. Telegraphs.)

LONDON, March 13.—Thirty thousand non-Bolshevik Russians, after cutting their way through the Bolshevik forces in Siberia and marching 2,000 miles, arrived at Verkhne Udinsk, according to a telegram from General Horvath at Harbin.

The men consist of workmen and peasants from the Volga district, Urals and Western Siberia, who formed a division under General Vritzevsk. It had been feared that they were destroyed or absorbed by the Bolsheviks, since the defeat of Admiral Kolchak, former head of the Russian Government.

#### CORNER CLUB

Miss Mary Cosgrove Elected President at Meeting Last Night.

At the regular weekly meeting of the Corner Club held in the Baptist Church schoolroom last night, Miss Mary Cosgrove was elected president to take the place of Miss Roberta Sully who has gone to Vancouver.

A lecture was given by Rev. T. A. Nuttall on the life of John G. Patton, missionary to the New Hebrides, which was much appreciated by the audience of about sixty persons who were present. After the lecture singing, games and refreshments concluded a most enjoyable evening.

### Turkish Problem Being Considered

Danger that Turks May be Joined by Arabs if Force is Used Against The Ottoman Empire.

(Special to The News via G. T. P. Telegraphs.)

LONDON, March 13.—Earl Curzon's speech on the Turkish problem made in the House of Lords yesterday and other official and unofficial statements on the subject are generally regarded as showing that the near East tangle is quite serious and is causing the authorities some anxiety, an anxiety increased by complications threatened in connection with Syria and Mesopotamia.

The shadow of Indian and Moslem opinion darkens and the problem influences the councils of the Allies more than is always

### INQUEST ON BERT GREEN

Jury Brings in a Verdict of Accidental Death and Make Recommendations.

A verdict of accidental death was brought in by the coroner's jury in the inquest on the death of Herbert S. Green, who was killed at Cow Bay yesterday afternoon. No blame was attached to anyone, but the following rider was attached: "We recommend that the plankway used from in front of the Imperial Machine Shop to the opposite roadway be immediately removed and that all roadways used by the public in that section be repaired at once or closed to the public."

The witnesses at the inquest were Philip Metz, Constable Bailey, Hugh Duc, Harry Love and William Smith. Metz, Duff and Smith assisted the deceased to carry the crank shaft across the three plank walk, Smith himself falling. Metz saw Green struck on the head by the shaft which weighed over 400 pounds.

Coroner Conway conducted the inquest and the jury were Douglas Sutherland, foreman, A. J. Philipson, E. R. Tabrum, C. H. Elkins, Paul Aivazoff and W. J. Corley. W. E. Fisher appeared as counsel for the family of the deceased.

Herbert S. Green was about 35 years of age and had been in the city only a few months. He was a native of Birkenhead, England, and is survived by a widow and two children under five years of age. He was a member of the Knights of Pythias order.

### R. P. LATTA COMPANY BUYS RAUK BUSINESS

Local Printer Sells Out to Vancouver Concern and is Leaving.

R. P. Latta & Co. have purchased the Raup Press printing business and will operate it as a branch of the Vancouver concern. J. B. Cowan who is in the city made the arrangements on behalf of the Latta firm and already the deal has been completed.

Mr. Raup leaves next week for Detroit, but he expects to return here at a later date.

#### BORDEN IMPROVING

Expects to be Back at Work in Seven or Eight Weeks.

OTTAWA, March 13.—Sir Robert Borden telegraphed to inform his followers in the House that he is making steady encouraging progress toward recovery and expects to be back in the capital in seven or eight weeks.

The message was in answer to that sent by the caucus on Thursday.

apparent. The suggestion of the employment of force against Turkey might excite general peril in the Mussulman world and is regarded as one that cannot be safely ignored. In some quarters the feeling prevails that if the Turks are pressed they may be immediately joined by the Arabs.

The Italian view that it is dangerous to employ against the Turks British Moslems and other Moslem troops in the service of the Allies, is evidently based on those fears.

A careful watch here is being kept on the outcome of the Syrian congress at Damascus. Any decision or proposal at the Peace Conference regarding the Syrian situation is purely tentative.

### DARING RAID ON JEWELLERS IN NEW YORK

Three Armed Bandits Keep Crowd at Bay While They Empty Trays.

(Special via G. T. P. Telegraphs.)

NEW YORK, March 13.—While Broadway was crowded with theatre-goers three armed bandits smashed in the window of a jewellery store, kept the crowds at bay with revolvers until they emptied the contents of several trays and then escaped, shooting one pedestrian who attempted to stop them.

A few minutes later three men entered another Broadway jewellery store after throwing pepper in the eyes of the clerks, grabbed some trays of jewellery, and ran from the store.

Two men who are alleged to be members of the trio have been arrested by the police after a chase.

Both robberies were committed in the heart of the white light district and was witnessed by thousands of persons.

## Police Force is Underpaid.

The relative pay for men working in Prince Rupert and Vancouver is often discussed as well as the cost of living in each place. Inquiry in regard to the pay of the members of the local police force shows that the constables here get less money than they do in Vancouver. In Vancouver first class constables, ranking the same as Constables Adams and Bailey, get \$158 a month and they have to do nothing but patrol work, a detective department looking after the purely detective work. First class constables here get \$150 a month and they work an hour longer each day than in Vancouver and also they are expected to do detective work, and in fact are quite proficient at certain classes of detective duty. Other constables get only \$140 a month.

In view of the criticisms which have been levelled at the "force" from time to time and in view of the extremely difficult nature of the work they have to perform, especially in a small city, it seems as if they should at least get as much money as in the cities to the south.

## Life of Policeman Not a Cynosure.

The police constable has anything but a pleasant life. He is always expected to endanger his life in the interests of the community in handling dangerous criminals when occasion requires, and he is continually getting called down by a commission, each member of whom has his views on the manner in which the law and order department of the city should be conducted. He is also subject to the order of a chief and is bound by an oath of office. Should he be required, he is subject to call at any time.

Charges of graft and rakeoff are often spread recklessly in regard to members of police forces generally, and it is hardly to be wondered at that constables should be suspected of getting money illicitly when the pay they receive is scarcely enough to allow them to live decently without aid from outside. The only way to get away from these suspicions is to pay the men well and expect them to give good service in return. Just now at any rate the police seem to be earning their money.

## Chief's Salary Is Very Meagre.

The salary of the Chief of Police here is \$185 a month, and for this he is responsible for the law and order of the city, is subject to disagreeable cross questioning and remarks every time the police commission meets and is expected to advise the commission and to do an immense amount of preventive work of which the public never dreams.

The Daily News realizes that the expenses of the city are heavy and the taxes high, but that is no reason for underpaying workers in any department. If they are doing good work they should be paid well.

## Magistrate's Salary Also Needs Revision.

Perhaps Magistrate McMordie will pardon reference to his position in the life of the city. He has shown himself to be a fearless magistrate and a just, the very man the city needs in the position. The city cannot afford to lose his services. He once gave an intimation to the commissioners that he could not continue long at the present salary. In view of the experiences of the past month or two, the community will be as one man in saying that Colonel McMordie is the man for the job and it would be a crime against the city to let him go.

# GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

## GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of influenza and 139 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## LAND REGISTRY ACT (Sections 36 and 134.)

Re Application No. 11085-1. File 6207.  
TAKE NOTICE that application has been made to register Edward H. Mortimer, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the collector of the City of Prince Rupert, bearing date the 19th day of July, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot Seven (7), Block forty-one (41), Section Eight (8), (Map 923). You are required to contest the claim of the purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News), and your attention is called to section 2 of the "Land Registry Act" with amendments, and to the following extract therefrom:

"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Edward H. Mortimer.

AND WHEREAS on investigating the title it appears that prior to the 14th day of September, 1915 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Edward H. Mortimer unless you take and prosecute the proper proceedings to establish your claim, or any to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 20th day of August, A. D. 1919.

## Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,

Your obedient servant,  
(Signed) W. J. LYNCH,  
Chief of the Patent Office.

Harry Hanson, Esq.,  
439 Second Avenue,  
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.

The Original Light Weight, Portable, Gasoline  
Operated Drag Saw and Power Plant.

(Frequently Imitated—Never Equalled)

This is an exact reproduction of the only original  
and genuine "WEE MacGREGOR" Gasoline Operated  
Drag Saw and Utility Power Plant. Look for the name  
"WEE MacGREGOR" on the engine plate. It is your  
assurance of "the genuine," the only original drag saw  
with its own exclusive 14 particular useful and econo-  
mical features. Adopted by the Federal and Provincial  
Governments for use in the Fisheries, Agricultural and  
Forestry Branches, the "WEE MacGREGOR" has in every case proved  
superiority. Testimonials from its users among the many large  
logging concerns, land clearing companies and others, will be gladly  
furnished.

Write for our new descriptive illustrated folder, mentioning this  
paper.

**JUDGE ROBSON  
IS IMPRESSED  
WITH RUPERT**

Present Economic Condition is  
Only Healthy One, He  
Maintains.

Judge H. A. Robson, accom-  
panied by Mrs. Robson and A. T.  
Broderick, the local manager of  
the Union Bank, spent the day  
yesterday visiting the various  
scenes of industry in the city and  
also took the opportunity to see  
the scenic beauties of the place.  
The judge was especially im-  
pressed with the work going on at  
the Prince Rupert Spruce Mills  
and the Cold Storage plant which  
were visited in the morning. He  
left the city convinced of its pros-  
perity and progress and hopes to  
pay another visit to the district  
when the full activity of the sum-  
mer is on.

Judge Robson, who recently re-  
signed from the arduous duties  
connected with the chairmanship  
of the Board of Commerce, was  
asked as to the economic situa-  
tion of Canada today. "This is  
a very hard question to speak  
upon," he said. "The high prices  
will not come down till the pro-  
duction of manufactured articles  
exceeds the demand. This coun-  
try, especially Western Canada,  
is a progressive country and for  
that reason the demands are very  
great and it is a hard thing for  
production to catch up. The de-  
mand, despite the high costs,  
shows a healthy economic condi-  
tion in the country."

Judge and Mrs. Robson return-  
ed to their home in Winnipeg this  
morning.

**ST. PATRICK'S DAY**

Occasion Will be Celebrated This  
Year by All Irishmen.

Irishmen the world over will  
celebrate on Wednesday next in  
honor of St. Patrick, the patron  
Saint of the Emerald Isle. Prince  
Rupert will not be behindhand in  
this respect for an entertainment  
has been arranged for Wednes-  
day evening in the Westholme  
Theatre when everyone will wear  
green and the dear little sham-  
rock will be much in evidence.  
Naturally music will play the  
most important part in the event  
for all Irishmen are fond of  
music. The Shamrock Dramatic  
Club has the matter in hand and  
big things are expected from  
them.

**PROGRESS AT DRY DOCK  
IS CONSIDERED GOOD**

Marine Men Who Visited the City  
State that Ships Will Soon  
Take Shape.

W. A. Wallace, representing  
the British Ship Corporation sur-  
veyors, John Whitehead of Lloyds  
and R. Pemberton during their  
recent visit in town visited the  
scene of activities at the dry dock.  
The officials were well satisfied  
with the progress there. Though  
the two ships under construction  
there have as yet assumed no  
large proportions the fact is em-  
phasized that the material is al-  
most ready and when assembled  
the ships will quickly take shape.  
The plant at the present time is  
working at a disadvantage due to  
the fact that the management is  
in question. When the tangle is  
straightened out it is very likely  
that the plant may secure further  
contracts for the building of  
ships.

SAYS:—**

THAT isn't it time to talk about  
the weather?

THAT the picture at the show  
last night is the next most popu-  
lar theme of conversation.

THAT we talk about the weath-  
er because we want to talk.

THAT it would be an original  
idea to open up first on the  
League of Nations or the new  
Franchise Act or Alderman  
Perry's letter.

THAT since the spiritualist  
seances have started, the young  
ladies have to burn the light all  
night for fear they might see  
something in the dark.

THAT it is reported that some  
of them sleep with their heads  
under the clothes.

THAT most of the young men  
around town are afraid to visit  
the medium for fear she may tell  
things about them.

THAT it is extremely uncom-  
fortable to have people around  
who know too much.

THAT it is said the only thing  
some of the folks like is the  
holding hands.

THAT there is nothing spooky  
about that.

THAT some people aver that  
they are not afraid to hold hands  
in the dark at any time if it is  
the right sort of hand.

## The Athletic Association Gets Away to Good Start; Large List of Supporters

The Prince Rupert Amateur Athletic Association is now a going concern and the directors are anxious that the people of the city shall know who are supporting it. Accordingly they have issued a list of subscribers of ten dollars or over which up to the present have been paid. Membership cards will be issued to all of these and to any others who wish to subscribe a like amount.

The club rooms are completed, a heating plant with shower baths installed and a small amount of gymnastic equipment has been donated to the association by W. McLeod, F. Foster and J. Austin of the G. T. P. and the directors hope to make further purchases as funds become available. An instructor has been engaged and is in attendance from 6 p.m. until 10 p.m.

Arrangements have been made whereby the children of the public and high schools may make use of the premises of the Association at certain hours.

Dues for members are \$1 a month or \$5 for six months if paid in advance. Lockers may be rented at 50c per month or \$2.50 for six months, if paid in advance.

President S. P. McMordie and the directors of the Association wish to take this opportunity of thanking the public for the generous support and hope all members will continue this support by forwarding at once six months' dues.

## LAND REGISTRY ACT.

(Sections 36 and 134.)

TAKE NOTICE that application has been made to register David H. Hays, of Prince Rupert, B.C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot thirty (30), Block forty-two (42), Section eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up claims to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of David H. Hays.

AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1908 (the date on which the said lands were sold for overdue taxes), you were the Crown Granted owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of David H. Hays unless you take and prosecute the proper proceedings to establish your claim, if any, to said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B.C., this 7th day of November, A.D. 1919.

H. F. MACLEOD,  
District Registrar of Titles.

## SAVE YOUR SIGHT

YESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and worn-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

## ALL COMPANY REPAIRS BEING MADE LOCALLY

Prince George Will Go to Yarrow's For Repairs Under Lloyds Insurance.

The Prince George will remain in the local dry dock for about two weeks longer and all repairs and work over which the company has jurisdiction will be done here. On being completed here she will proceed to Victoria where the work for Lloyds, the ship insurance people, has been awarded to Yarrow's, that company having made the lowest tender.

## LOADED WITH POWDER WALKED INTO BLAST

George Tuttle, the well known packer of Alice Arm and Stewart, is given special mention and his picture also appears in last Sunday's Vancouver Sun along with one of W. J. Crawford's mules. The mule shown in the picture went through a strenuous experience at Alice Arm two summers ago when it went through a blast loaded with 60 per cent dynamite. The animal miraculously escaped with its life although it lost an eye and was rather badly cut up with flying rock. It is now grazing on Porcher Island with the rest of the Stewart stock preparatory to a big summer's activity at Stewart.

## SMITHERS

Mr. Severson, who was formerly associated with Mr. Gregory in the management of the Good Eats Cafe, has taken over the entire business while Mr. Gregory is going farming in the district.

The mill of the Smithers Lumber Co. is running again with D. F. McKinnon in charge. A new mill for the Northern Interior Lumber Co. is also in the course of erection.

In the course of a week W. J. O'Neill expects to have a moving picture show running in the town hall. Shows will be put on Tuesday and Saturday nights.

Ira Short, of Telkwa, has returned from a visit south. Besides the misfortune of losing his son, Mr. Short had a severe attack of influenza from which he is not yet fully recovered.

While on their way home from the dance on Monday night the horses driven by Mr. and Mrs. J. W. Turner bolted and Mrs. Turner was thrown out of the sleigh. She was rendered unconscious but is recovering under the doctor's care.

## ENJOYABLE SOCIAL EVENING LAST NIGHT

Daughters and Maids of England Entertained Sons and Friends.

The first social evening given by the Daughters and Maids of England to members of the Sons of England and friends last night was a complete success. Invitations had been extended to a limited number of friends and the crowd that gathered was just large enough to fill the K. P. hall comfortably.

The first part of the evening was devoted to a whist drive under the supervision of Mrs. E. A. Woods. The first prize for ladies, a dainty cream and sugar set, was won by Mrs. Bert McEvoy. The first gentleman's prize went to Joseph Howe. The ladies consolation prize was awarded to Mrs. Will Edmunds, while Jack Frost and Herb. Hampton tied for the gentleman's, on the cut of the cards the latter winning.

After the cards, an appetizing supper was served at the card tables, after which dancing was enjoyed. Gray's Orchestra donated its services, and John Myhill-Jones made a capable master of ceremonies. The social committee of the society made up of Mrs. E. A. Woods, Mrs. Geo. Leek, Mrs. Kemp, Mrs. S. V. Cox and Mrs. Hilliard, were in charge of the arrangements.

## SUBMIT FORMULA TO YOUR DOCTOR

There's No Substitute for Grip-Fix --- It Relieves Colds and Checks Influenza

Ask your family physician what he recommends for a cold. He will tell you that most doctors use the same standard formula that serves to reduce fever and the inflammation that goes with this disagreeable ailment. He will perhaps tell you that this formula contains all or some of the following drugs: Phenacetin, Quinine, Salol, Caffein Citrate, Cascara and Camphor Monobromate. Then show him a box of Grip-Fix capsules with the formula plainly printed on the label. Ask him what he thinks of it.

He will tell you that Grip-Fix is a reliable, honest remedy and in ordinary cases should knock a cold in one night. That's what your own doctor will tell you. Ask him and see.

Grip-Fix is prepared from the prescription of a seasoned medical practitioner. It has been working wonders in the treatment of colds for years. No one needs to have a cold long. Just walk into any drug store, ask for "Grip-Fix" and you can say good-bye to your cold. Grip-Fix sells at 35 cents a box. On sale at all drug stores.

## WATER NOTICE. DIVERSION AND USE.

TAKE NOTICE that M. P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 50 cubic feet of water out of Clearwater River which flows southerly and drains into the Kitsault River about 22 miles from the head of the Inlet of Alice Arm.

This storage-dam will be located near natural outlet of Clearwater Lake. The capacity of the reservoir to be created is about 450 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at storage dam and will be used for power for mining purposes upon the mine described as the Climax Group.

This notice was posted on the ground on the 26th day of January, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of his notice in a local newspaper.

M. P. OLSEN, Applicant.  
The date of the first publication of this notice is February 5, 1920.
