## Erb-Mullen Trial Will be Postponed to a Later Date

### Modern Instance of "Naboth's Vineyard" Declares E.C. Mayers when Arguing Against Further Delay.

## P. Davis Asks Why This Unseemly Horrible Haste

### Counsel For Defense Does Not Mince Words in Telling Story of Proceedings Which Led up to Action.

Postponement will be granted the Erb interests in the case vs. Mullen et al, but the new date has not been set. That is the substance of a decision of Mr. Justice Macdonald. Inquiry made in regard to it by counsel at the week-end from Mr. E. P. Davis. The reply was that Mr. Justice Macdonald was not to be hurried to his home with a cold, but that he had intimated over the telephone that a postponement would be granted. The argument in connection with the case was strenuous. E. P. Davis, K. C., in making application, argued it was an absolute necessity for the plaintiff to have his case ready for March 22. Evidence being taken by commission could not possibly be completed before April 18.

There is no reason why we should be rushed to trial in this case, this horrible haste," Davis said. "Even according to the statement, the amount at stake is \$600,000. The importance of the interests at stake justify a reasonable delay."

## TRIAL DATE IS NOW SET

### Drydock Control Suit Will Commence April 7 Unless Further Postponed.

(Special by Government wire.)  
**VANCOUVER, March 15.**—(2 p. m.)—The date of the trial of the Drydock case in which Newman Erb is suing John L. Mullen and others for the control of the local shipbuilding plant and drydock has been set for April 7. The original date was March 22 and the change has been made at the instance of E. P. Davis acting on behalf of the plaintiff.

(Special via G. T. P. Telegraphs.)  
**MONTREAL, March 15.**—A cable despatch received here reads:

"Terrorism continues in Ireland, says Sir William Robertson. It is condemned by the church and by all except the ultra radical element throughout the south-west."

"That Sir William Robertson is leaving the Rhine command to assume charge of the forces in Ireland is the rumor."

## MARTEN FARM ON ALASKAN ISLANDS

### Pattison and High Islands Leased for Fur Farm by E. C. Howard.

**KETCHIKAN, March 15.**—E. C. Howard, formerly manager of the Stedman Hotel and a fur buyer and mining man of this place, has leased Pattison and High Islands near the entrance to Kasaan Bay to establish a fur farm.

Marten is the animal with which the island is to be stocked, Mr. Howard being of the opinion that this and other furs will soon be very scarce as a result of the immense amount of trapping done this year.

## FISH SOLD YESTERDAY

### Skandia's Catch Went East on This Morning's Train; More Awaits Shipment.

Two express refrigerator cars arrived on last night's train and were immediately loaded with the catch of the Skandia from the National Independent Fisheries going east on this morning's train. Several boats arriving yesterday and today sold and their fish is in cold storage awaiting shipment east. The present car shortage has forced the price of halibut on the Vancouver and Seattle markets down because the market is practically glutted on account of the little fish going east. The price in fish markets here still remains at 20c a pound.

The following boats sold yesterday and today:

Lorna S., 8,000 pounds to the Canadian Fish & Cold Storage Co. at 11.4c and 6c.  
Mary M. Christopher, 6,000 lbs., to the Sea Products Co. at 11.4c and 6c.  
Tramp, 3,000 pounds, to the Royal Fisheries at 11.6c and 6.1c.  
Viola, 1,000 pounds, to the Sea Products Co. at 11.5c and 6c.  
Ethel June, 1,500 pounds to the Royal Fisheries at 11.5c and 6c.  
The Grayling was in with 16,000 pounds which she took to Seattle.

## MANY ON STRIKE IN LYONS REGION

### Silk Workers Have Gone Out, Bringing up Numbers to 60,000.

(Special by G. T. P. Telegraphs.)  
**PARIS, March 15.**—In the Lyons region several thousand employees in the silk industry have gone on strike. Some of the silk mills are idle. The number of strikers now in this district is something like 60,000 in all.

## ARMENIANS IN TURKEY MAKE RELIEF APPEAL

(Special via G. T. P. Telegraphs.)  
**CONSTANTINOPLE, March 15.**—Armenians in this country are making an appeal for assistance. They have telegraphed the American Relief Committee asking for immediate relief. They are in a sad plight and are in dire need.

## No Restoration of German Monarchy

### So Declares the New Government in Berlin; Entente Commission is in Agreement with Present Party in Power.

(Special to The News via G. T. P. Telegraphs.)

**BERLIN, March 13.**—Barbed wire entanglements have been constructed in front of the public buildings in the principal streets of Berlin. Cannon and machine guns are posted at the cross streets and other points of vantage and guards, heavily armed, are stationed throughout the city. This is regarded as an ominous sign of possible clashes when the opposing party marshals its forces.

The new government declares it does not want the restoration of the monarchy.

**BERLIN, March 14.**—The Entente Commission is said to be in agreement with the new government. The semi-official news agency has issued the following:—"Discussions between the new German Government and the Entente Commission in Berlin is said to have declared that it agreed with the new government."

## SPENT WINTER ON NAAS RIVER

### Gaius Peck and Party of Returned Soldiers Back From Gwinehah Canyon.

### ONE MAN HAD NARROW ESCAPE FROM DROWNING

After spending four months of the winter in the wilds of the Naas River country, Gaius Peck and his thirteen men, who were clearing the Swinehad or Underleaf Canyon for traffic, returned on Saturday afternoon. The canyon is now clear for all boats under 100 feet in length in charge of good navigators and the river may be ascended to Grease Harbor, 51 miles from the mouth. The canyon is about 40 miles up river.

Mushing in over ice and snow in November, the party took in its winter supplies. The trip was not one for tenderfoots and Mr. Peck, seen by the News this afternoon, emphasized specially the excellent men he had, all of whom were returned soldiers. Among the party was William Campbell who is well known around this town.

The trip out was no pleasure with the snow melting and the ice breaking up. One member of the party had a narrow escape coming down. A stretch of ice had to be crossed that looked rather treacherous. Two of the lighter men made the remark that they would let a couple of heavier ones go ahead. Hardly had the words been said when William Campbell went through the ice but fortunately landed on a pinnacle of the bar. Had it been at any other point within a few feet he would have been drawn into the seething stream with no hope of being recovered.

## BACHELORS ENTERTAIN

### Dance Given by Club at Ketchikan to Friends at That Place.

(Special via G. T. P. Telegraphs.)

**KETCHIKAN, March 15.**A most enjoyable dance was given by the "Two Dozen Jolly Bachelors" in Redman's Hall at which all the dancers in town were present. The hall was prettily decorated with cupids and red hearts and the refreshment booth had similar emblems, an intimation to the fair sex that the way to a man's heart is by way of his stomach. The event was kept up to a late hour.

## 400,000 ON STRIKE

(Special via G. T. P. Telegraphs.)

**PARIS, March 15.**—It is estimated by officials of the Federation of Labor that nearly 400,000 persons in all are on strike in France at the present time.

## GOOD MUSICAL PROGRAM HELD LAST EVENING

### Numbers were Turned Away from Presbyterian Church When Hall was Filled.

The special musical service given in the Presbyterian Church last night was a very attractive one and many people flocked to the church to hear it with the result that numbers were turned away who could not get into the hall.

The program was well selected and many local artists took part. John E. Davey sang a selected solo and with Mrs. Jarvis McLeod, Miss Edmonds and A. Clapperton rendered the quartette, "Crossing the Bar," very impressively. Mrs. Jarvis McLeod and Miss Lilian King sang a vocal duet, "The Lord is My Shepherd." A Clapperton in his rich bass rendered a solo, "The Lord is Mindful of His Own." Miss L. King, Miss Edmonds, Miss L. M. Stephen and Harry Harvey took part in the instrumental part of the program.

Dr. H. R. Grant, in a brief address, gave an analysis of the hymn "Rock of Ages," telling of its origin and inspiration. He also told of the life of its composer, Augustus Montague Toplady whose name was made immortal by its composition. He was a clergyman of the eighteenth century.

## HERRING IN HARBOR ON FRIDAY MORNING

The first herring to appear in the harbor for some years were on Friday morning. One of the fishing boats was out in front of the drydock and made quite a haul. The swarms of sea gulls flying over the school reminded pioneers of the early days when the herring used to school in large numbers in the harbor.

DAILY EDITION. Monday, March 15, 1920.

Letters to Editor Must be Signed.

It is difficult to make correspondents understand that letters to the editor must be signed. We have a letter signed "Albertan" which we would publish if we knew who wrote it and the letter is being held in case the writer would care to send in his signature. No anonymous letters can ever be used.

The News welcomes correspondence on subjects of general interest and is willing to publish under a nom de plume, but the writer must always enclose his own name as a matter of good faith. No letters of a spiteful tone or written with the object of "getting back at" someone will be used. Very often readers are able to shed light on a subject which would be of great interest to other readers. On the other hand, people often write to the papers when they really have nothing particular to say.

German Revolution Somewhat of Surprise.

In view of the scarcity of news in regard to the German revolution it is difficult to discuss the matter. The move came as a surprise to most people, for the general opinion seems to have been that the new German Government had affairs well in hand. It is to be hoped that no drastic action will be taken by the reactionaries, which will necessitate a renewal of military activities in that country. It is also to be hoped that the Allies will be very firm in demanding that the letter and spirit of the treaty be lived up to.

Educational Films At the Movies.

There is a movement afoot in the East to have more educational films shown at the movies. In Prince Rupert we are usually well supplied with films of this kind for there is a demand for them. The series of outing pictures shown at the Westholme have been most interesting, and many people have gone to the show just for the purpose of seeing the outing films. At different times industrial films have attracted attention and the news pictures keep everyone in touch with actual happenings in different parts of the world.

The Canadian Municipal Journal is advocating that all licenses issued to picture houses should be conditional on an educational film being run at each show. That might be hard on the movie managers, but it is a good thing to insist on a goodly number of wholesome educational pictures. It is a matter for congratulation that the local management is already in line with a movement which is being advocated in the East.

Large Families and Enjoying Life.

There is an idea all too prevalent that to enjoy life it is necessary to live a life of ease. In some parts of Canada they have different notions. In Quebec, for instance, long families are much esteemed. Two candidates for the mayoralty in Quebec City at the recent election were the fathers of twenty-four and twenty-two children respectively. Here a family of from five to eight is looked on as a burden by everyone except the parents. To have a mayor with 22 children, as Quebec now has, is certainly an honor. It is to be hoped that the parents are well to do, for they could easily expend a little fortune in purchasing the necessities of life for the youngsters. If they came to Prince Rupert it would cost \$5.50 to get their shoes shined once, unless a wholesale rate could be secured.

Suits that are pressed frequently and cleaned occasionally wear 25 to 50 per cent longer.

### How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your clothier. They will inform you that apparel frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shaper better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern cleaning and pressing service, which is specially organized to meet your individual needs.

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

### DIVORCE BILL INTRODUCED

Read a First Time in the Senate, Fathered by Victoria Senator.

A new divorce bill is now before Parliament and seems likely to become law. It was introduced into the Senate by Senator G. H. Barnard of Victoria on March 2, and read a first time.

The measure provides for uniform divorce laws for the whole Dominion, making the highest court in each province or territory the body before which cases shall be tried. This law will not materially affect the province of British Columbia where already there is a divorce law in effect and the Supreme Court of the province tries all cases.

The bill provides that any marriage may be dissolved for:

- (a) Adultery; or,
- (b) Bigamy; and may be declared null and void,—
- (a) At the suit of the injured party, for the incurable physical impotence of a party to a marriage which existed at the time of the marriage;
- (b) For duress, coercion or want of consent, at the suit of the injured party, unless such party has by his conduct confirmed the marriage;
- (c) For kindred within the degrees prohibited by the laws of the province now in force which are applicable thereto; provided, however, that no marriage shall be declared null and void because the woman is a sister of a deceased wife of the man or a daughter of a sister of the deceased wife of the man;
- (d) For insanity, at the time of the marriage, of either of the parties thereto;
- (e) At the suit of the husband, when the wife is pregnant at the time of the marriage by a man other than the husband, if the husband was ignorant of the pregnancy, by his conduct confirmed such marriage;
- (f) At the suit of the injured party, when the other party willfully refuses to consummate the marriage.

Provided, however, that no marriage shall be declared null and void after the death of one of the parties thereto unless such marriage was void ab initio.

The bill also provides that newspapers shall not be allowed to publish details of the case during trial and only after the trial at direction of the court.

Being a private member's bill, it is possible that it may not pass the two houses of Parliament. It will not be discussed along party lines and it is probable the members of the Government will divide on the question, the Catholic members generally opposing and the Protestant members favoring.

### INDIAN LANDS UP IN HOUSE

Bill Introduced to Permit Government to Negotiate With Province.

(Special by G. T. P. Telegrams) OTTAWA, March 15.—Hon. Arthur Meighen, minister of the interior, introduced a bill into the House of Commons dealing with Indian lands in the province of British Columbia. In 1912 a Royal Commission was appointed to report on differences between the governments of the Dominion and British Columbia in respect to Indian lands.

It had been found impossible to ratify the findings of the commission. The bill is to enable the Government to negotiate with the Government of British Columbia in order to reach a conclusion on the basis of the findings of the commission with certain modifications.

The Prince Albert sailed for Vancouver via south Queen Charlotte Island points at 6 o'clock Saturday evening. The gold ore, which it was expected to take on at Stewart, was not aboard as the scow holding it was high and dry on the tide flats at that port. The Prince John left Vancouver for the north on Friday night and should be here tomorrow some time. She will make the trip to Stewart on Wednesday, connecting with the Prince Rupert.

### Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920. Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be, Your obedient servant, (Signed) W. J. LYNCH, Chief of the Patent Office.

Harry Hanson, Esq., 139 Second Avenue, Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

### WALLACE REID IN A FINE COMEDY-DRAMA

Wallace Reid will appear at the Westholme Theatre tonight in what is said to be one of the fastest and most highly entertaining comedy-dramas of his career. "You're Fired!" is the characteristic title. The picture is an adaptation by Clara G. Kennedy, of one of O. Henry's best stories.

It is a highly colorful production and is guaranteed to keep any audience smiling, the comedy being of a delightful and refreshing nature. There are also several dramatic situations, the most impressive of which is the foiling by the hero of an attempt by a trio of crooks to steal an important document belonging to the father of the girl, whom the hero wants to marry, and which is much desired by an unscrupulous business rival of the father.

Wallace Reid plays the role of a young man upon whom is imposed the difficult task of holding a job for three months without being fired, as a condition precedent to his marrying the daughter of a financier and railroad owner. The fun comes in when he is discovered by his sweetie, who he has promised the father shall not know of their agreement; first as a xylophone player in an orchestra and later as part of the atmosphere in a little old Italian restaurant, and is unable to explain to her why he is engaged in such trivial work.

### SOLDIERS ASK AID TO BUY SEED POTATOES

(Special by G. T. P. Telegraphs.)  
VICTORIA, March 13.—Hon. E. D. Barrow, minister of agriculture, told the legislature yesterday that the fruit canners of Hamilton, Ont., and Washington State are buying all the berries and small fruit they can get at contracts very attractive for the British Columbia growers. Practically all the fruit in sight for the coming season in B. C. has already been sold at prices averaging twenty cents a pound. The fresh fruit market are faced with a poor outlook. The civic authorities of Vancouver publicly advocate a boycott by citizens on potatoes. The city has bought two tons for relief purposes and are compelled to pay \$125 a ton.  
Soldier settlers on Vancouver Island announce they will not attempt to plant many potatoes unless the Government comes to their aid for seed, which during the last week has been selling at \$125 a ton.

### PENSIONS ARE DISCUSSED

#### W. S. Fielding Makes Plea for Dependents of Those Killed at the Front.

(Special via G. T. P. Telegraphs.)  
OTTAWA, March 15.—A general discussion in the House of Commons on pensions for the North West Mounted Police raised the question of the superannuation of the civil service. A declaration by W. S. Fielding aroused interest. He referred to the change made by the Laurier Government (of which he was a member) in the superannuation system then in force. By that change superannuation remained with regard to old officials but with regard to subsequent appointments was abolished and a retirement fund established. The retirement fund, however, had been found entirely insufficient.  
The general feeling of the House was in favor of fully adequate pensions for men in the Royal Canadian Mounted Police.  
Plea made by Captain Mannion on behalf of dependents of the men killed at the front "should be adequately looked after and they should be given a good living wage."

Captain W. C. Ross, son of W. R. Ross, M. P. for Prince George and former minister of lands, has arrived here to open up a law practice.

The St. Mark's Church concert held last Tuesday night was a fine success. Much excellent musical talent, both instrumental and vocal, was displayed.

The Fraser Group of claims, comprising the Ivy, Red Bluff, Red Bluff No. 2, Bessie, Mount Marmot, Rusty Ridge and Jewel, belonging to William Fraser, have been bonded to O. B. Bush and associates. Work is to be started early in the spring. Considerable assessment work has already been done, showing quartz veins carrying gold and silver values.
