PRINCE ALBERT HAS BIG LOAD

Plenty of Coal for Various Points and a Big Cadillac Jitney for This City.

The Prince Albert arrived from the south last night at 12:45, having made the trip direct from the south without calling at the lower Queen Charlotte Islands. The John was in, the only vessel that is maintaining the regular run to Skidegate and other ports nearby and she left at noon today for the south.

The Albert was loaded pretty well with coal, which she will discharge here and at various other points in the vicinity. She will go up the Skeena with some of it. Besides the coal, the Albert had a quantity of air line water pipe and a new Chevrolet automobile for Stewart.

The Albert brought north pipe and a one-ton Ford tractor for Buckley Bay. A fine twelve-passenger Cadillac automobile which was formerly in the Blue Funnel Jitney Service between Vancouver and New Westminster, was also brought here for J. E. Dyer and it will be commissioned in the Seal Cove jitney service.

NEW INDIAN ACT HAS GREAT POSSIBILITIES

OTTAWA, March 22.—The act to amend the Indian act now seen for the first time in its printed form, shows provisions so sweeping that the act, if it passes, will sweep away in the course of a generation all the legal distinctions now existing between Indians and those now citizens of Canada.

The vital clause of the act says: "On the report of the superintendent-general that any Indian, male or female, over the age of 21 years is fit for enfranchisement, the governor-in-council may by order enfranchise such Indian, and from the date of such order the provisions of the Indian Act and of any other act or law making any distinction between the legal rights, privileges, disabilities and liabilities of Indians and those of his majesty's other subjects, shall cease to apply to such Indian or to his or her minor unmarried children, or, in the case of a married male Indian, to the wife of such Indian, and every such Indian and child and wife shall thereafter have, possess and enjoy all the legal powers, rights and privileges of his majesty's other subjects, and shall no longer be deemed to be Indians within the meaning of any laws relating to Indians."

COURT RECOGNIZES THE IRISH REPUBLIC

Judge Kavanaugh of Chicago Declares Allegiance to de Valera.

(Special via G. T. P. Telegraphs.) CHICAGO, March 22.—Patrick King, a candidate for naturalization, yesterday returned his allegiance to the "Republic of Ireland" and Eamon de Valera, its "president."

This is the first case on record where the "Irish Republic" has been officially recognized by an American court. Judge Kavanaugh of the Naturalization Court later said that he recognized the "de facto government of Ireland."

ARE COLLECTING FOR FORWARD MOVEMENT

The Presbyterians of this city commenced their forward movement collections last week, there having been delays for various causes. Rev. Dr. Grant announced last night to the congregation that they were meeting with considerable success.

The collection is being completed this week.

ENGLISH STUDENT RUGBY PLAYERS IN PRELIMINARY WORK

Copyright Farrington London. In England the other day the students of Guy's and St. Mary's Hospital met on the gridiron for the Rugby Cup. Just before the game some of the embryo medics disguised themselves as skeletons, and paraded up and down the field in dead line-up much to the amusement of the spectators.

MILLING ORE VEIN TAPPED

Mill Expected to Start Work This Morning at Silver Standard Mine, Hazelton.

A vein of milling ore two feet thick was added to the workable parts of the Silver Standard mine at New Hazelton. A cross-cut tunnel had been driven 382 feet before the Number 1 vein was tapped at a depth of 125 feet. Only surface work had been done on the vein heretofore.

The mill was expected to start operations this morning; six weeks earlier than usual. A number of improvements have been made and at present about fifty men are employed in all.

EBERT RETURNS TO THE CAPITAL

President of Germany and the Members of His Ministry Back in Berlin.

BACK FROM STUTTGART FOLLOWING KAPP RAID

(Special via G. T. P. Telegraphs.)

BERLIN, March 22.—The Government of President Ebert, which left Berlin a week ago, when Dr. Wolfgang Kapp and his reactionary troops entered the city, is again in power in the capital.

President Ebert and the members of his ministry reached here at 11 o'clock yesterday morning from Stuttgart, soon after the order for a state of intensified siege was withdrawn.

JIMMIE CLARKE HURT, ANDERSON COMING

Roi Barnes Has Just Received Word to This Effect From Ben Self.

Roi Barnes has just received word by wire from Ben Self at Seattle that Jimmie Clarke, who was to have met Chet Neff in a fifteen-round boxing contest on March 31, injured his arm seriously in his fight with Cloney Tate at Calgary on Friday.

His hurt is such that he will be unable to fight Chet Neff here as previously arranged. Arrangements, however, have been made to bring up Harry Anderson, the former champion of the Northwest, in his place. Anderson is a clever fighter and fought Clarke in Prince Rupert several years ago, when he obtained the decision. Still more recently he held Freddie Welch down to a draw in four rounds. Arrangements are being completed today and everything should be in readiness for the 31st.

C. L. MONROE IS NOW TAXATION INSPECTOR

Gets Appointment Under Federal Government to Act as Assistant to Clendenning.

C. L. Monroe of this city has been appointed assistant inspector of taxation for the Dominion Government. He will act under C. H. Clendenning, of Vancouver. It is understood that Mr. Monroe's work will be to round up the income tax defaulters and see that everyone pays, there having been throughout the country a great reluctance to fill in the required forms and to pay the allotted dues.

Mr. Monroe is an old timer here. He was G. T. P. freight agent before going overseas. His new duties commenced March 17.

AURORA BOREALIS AFFECTS TELEGRAPHS

Electric Display Mixes Messages and Interferes With the Local Service.

Last night there was an aurora borealis, which was not seen by many but which had a bad effect on the telegraph wires. These electrical displays always weaken the current and generally disturb the sending of messages, and the local offices suffer considerably. Such is the case today. Telegraphic conditions were very poor this morning.

MOUNTED POLICEMAN FINED FOR ASSAULT

Alleged to Have Struck Inoffensive Passerby When Under the Influence of Liquor.

Constable W. J. Stoker, of the Dominion Royal Mounted Police, appeared in the police court this morning charged with assault and was fined ten dollars by Magistrate McMordie.

Alfred Price was the informant and told of walking along Eighth Street and looking at a couple of mounted policemen. One of them, the accused, asked him if he was looking for trouble and hit him on the face.

Chief Vickers said he had seen a couple of mounted police at that corner who appeared under the influence of liquor shortly before the alleged assault.

Warden Bailey and Constable McGlinch also gave evidence.

The accused took the witness stand and said that he had never seen the informant in his life. He had been drinking 2 per cent beer during the night in question.

The river steamer Distributor that formerly was operated on the Skeena River, for Foley, Welch & Stewart is being shipped to the Mackenzie River where it will be operated by Lamson & Hubbard.

MAY BE TIEUP BY COAL MINERS

They Resent Prosecutions by the Government Under Lever Control Act.

(Special via G. T. P. Telegraphs.)

INDIANAPOLIS, March 22.—

The possibility of another tieup of the coal industry beginning on April 1 was declared to exist as a result of the United States Government's prosecution of operators and miners for alleged violation of the Lever Control Act, in a statement issued here by E. D. Logsdon, of Indianapolis.

RAILROADERS WON IN FOOTBALL GAME

Second Half Turned Into a Scorefest When Defenders Went to Pieces.

The football game on Saturday between the Grand Trunk Pacific and the Great War Veterans resulted in a victory for the former team by a 4-3 score. The Veterans' team was picked up at the last minute and some of the most effective players were absent.

There were no scores in the first half but in the last 30 minutes both defenses blew up and all the scores were made. On account of the cool, cloudy weather there was not a large attendance. William Kerr made a very efficient referee.

LEFT ON CONCERT TOUR OF NORTHERN MINING CENTRES

At 5 o'clock this morning Harry Harvey, Miss Lillian Stephen, Miss King and J. Stuart Pudney left for the Narbethong for the north where they will give concerts at Hyder, Alice Arm, Anyox and Stewart. They are expected back on Friday night when they will go up the G. T. P.

Mrs. Peter Stephen, mother of Miss Lillian Stephen, accompanied the party.

CANNERIES OPENING

Managers and Workmen Going in to Make Ready for the Canning Season.

Supplies are just beginning to go into the Skeena canneries in preparation for the busy canning season which will start in full force towards the end of May. The managers and storekeepers are now on the ground, a few men getting the plants ready. It will be some weeks yet before the general help goes to the scene. A number of men, it is expected, will go out from their winter work in the city.

NAVY YARD AT ESQUIMALT IS TO BE CLOSED

H. M. S. Rainbow Will be Sold and Officers on Her Demobilized.

FOUNDED IN 1845 BY BRITISH ADMIRALTY

VICTORIA, March 21.—The Esquimalt Navy Yard will be closed down on April 1, the officers demobilized being allowed to join the fisheries service if they wish.

His Majesty's Canadian ship Rainbow that was purchased as a training vessel from Great Britain by the Laurier administration, is to be sold.

The Esquimalt Navy Yard was established in 1845, two years after the founding of the Hudson Bay trading post in Victoria. From time to time it was built up by the Imperial Government, hundreds of thousands of dollars being spent in the erection of docks, stores, forts and administration buildings.

When the Imperial Government withdrew its naval squadron from this coast, the navy yard was turned over to the Canadian Government and was little used for a number of years. The sloops of war Algerine and Shearwater in the British Government service still continued to make her headquarters there and the old Egeria did survey work out of that port.

When the Borden Government came into power the Rainbow was paid off and laid up and the yard neglected. The outbreak of hostilities, however, caused renewed interest at the Navy Yard and the forts were manned, the biggest guns, the 9.2 on Signal Hill, being the heaviest calibre there.

MUCH FISH WAS LANDED

But on Account of Car Shortage Will Have to be Put into Cold Storage.

Several boats were in for yesterday's fish sale but on account of the car shortage which does not promise to be relieved until at least Tuesday night the bidding was indifferent and the prices offered were low. Some cars are reported between here and Winipeg. In the meantime all the fish unloaded here has to go in cold storage.

The King and Winge is unloading 55,000 lbs. for the National Independent Fisheries. The Sitka with 60,000 is unloading at the cold storage. The following boats sold yesterday: Sampson, 9,000 lbs.; Fisher, 14,000 lbs.; W. & F., 8,000 lbs.; Caygeon, 7,000 lbs., and Rose Spit, 6,000 lbs., all to the cold storage at 12c and 6c. The Nautilus sold 5,000 lbs. to the Royal Fisheries at the same price. The Albatross cleared for Seattle with 17,000 lbs. The Coronaa is in this morning with 1,000 lbs.

The New England boat, the Prospector, which has been in the salmon packing service for the last couple of years, is in port and will go up in the dry dock to be put in shape to go back halibut fishing.

APPEAL FOR NURSES READ IN CHURCHES

In the Churches yesterday the clergy read an appeal from the matron and committee of the general hospital asking the congregation to help in securing pupil nurses for the local institution. It was suggested that local people should write away to their friends in the east telling them of the opportunities here.

JUSTICE FOR TURKEY SAYS LLOYD GEORGE

Aspt Answer to Mohammed Ali, Head of Indian Caliphate Delegation.

(Special via G. T. P. Telegraphs.)

LONDON, March 22.—Premier Lloyd George on Friday discussed the Turkish question with the Indian Caliphate delegation headed by Mohammed Ali, who declared Turkey should have all her war territory restored.

When the Premier replied: "I don't understand Mr. Mohammed Ali's claim of justice for Turkey. He claims justice and justice he will get. Austria has had justice, Germany has had justice, why should Turkey escape?"

ELECTIONS IN BRITAIN

Minister of Labor Has Stiff Fight—Asquith Says Last Was Trick Election.

(Special via G. T. P. Telegraphs.)

LONDON, March 22.—Seven by-elections are being held for the British Parliament. Dr. Macdonald, who was promoted to the Ministry of Labor, will have a stiff fight against the Liberal and would-be candidate in Camberwell.

Mr. Asquith replying to Premier Lloyd George, who asked that the Government should have his Government had remained until the end of the war, stated that the coalition was the war only and stigmatizes the election in December, 1918, as a trick election.

Engineer Asks that Bids be Sent in by April 19 Next.

The city engineer is calling for tenders for the new Morse Creek bridge connecting Section 2 with the rest of the city. Plans and specifications are now ready and bids may be obtained from the city hall.

The work includes three Howe trusses each 77 feet in length, together with approaches and footings.

TRACTOR KILLED HIM

Prince George Man Dies After Machine Turned Over on Him.

On Friday afternoon at Prince George a fatal accident befell Harry Hall, son of the Ford automobile dealer at Prince George. The death occurred when the man was endeavoring to clean a disc harrow from the earth by means of a Ford tractor. Instead of attaching the harrow to the drawbar, it was attached to the rear axle and the machine taking a run was overturned, pinning the victim underneath. He expired shortly afterwards.

He leaves to mourn his loss a young wife as well as his father.

**BESSIE RILEY
SECURES BAIL**

Was Allowed Out Last Week Pending Appeal Being Heard Today.

Incidents of what was described by H. S. Wood, acting for the attorney-general, as "a most scandalous affair in which a policeman was sentenced to jail for selling liquor," will be aired in the Supreme Court chambers before Justice Macdonald on Monday when Frank Lyons presses for the liberation from jail of Bessie Riley, a Prince Rupert store-keeper, under a writ of habeas corpus, says the Vancouver Province of Thursday last. She was allowed to leave Okalla temporarily under bail of \$2,000.

Bessie Riley, a prepossessing young woman, was in court in the custody of the matron from Okalla, when Mr. Lyons asked for bail. In making the application he stated that there had been no evidence of sale of liquor by her, and the transcript of the proceedings at Prince Rupert showed that a police agent had gone to her store and asked her if she knew where he could get liquor in quantities.

"He said he was from Ketchikan—" argued Mr. Lyons.

"And it was your client who was 'caught' and 'canned,'" laughed his lordship.

"Exactly, but our contention is that we should not have been 'caught' and most certainly not 'canned,'" responded counsel, "for she only told the stranger where he might be able to obtain liquor. She obtained no commission for the sale, nor did she profit by it in any way. The guilty are all in jail, a policeman and another man and his son. In fact the whole bunch are in jail," continued the lawyer, when the court interrupted to ask if the proceedings had been before a police magistrate. Mr. Lyons did not hear; the question correctly and repeated:

"The whole bunch, everybody is in jail."

"What!" exclaimed Mr. Justice Macdonald, "is the magistrate in jail too?"

"No, but the policeman is." The policeman, an officer of the

**HARRIS BROS.
FORM COMPANY**

Will do Staking and Research Work in Stewart Country; Major Davis With Them.

The Harris Brothers of Hazelton, well known in British Columbia mining circles, and Major A. W. Davis, until recently superintendent of the Dolly Varden Mine at Alice Arm, are in the city in connection with the organization of a development company which will do considerable staking and research work in the Stewart area and other mining districts of the province this season.

Major Davis before going overseas was one of the senior engineers with the Consolidated Mining and Smelting Co., and has a very thorough knowledge of the mining industry. For the present the company which is known as the British Columbia Mining and Development Company, has taken offices in the Vancouver Block.

The new organization plans a very active program during the present season, and surveying and prospecting crews will make an exhaustive investigation of the possibilities of the mineral region on the Unuk River, north of Stewart, where a continuation of the ore bodies in the Salmon river belt are reported. W. S. (Duke) Harris will be in charge of the prospecting crews, and properties located will be afterwards examined by the syndicate's engineer, Major Davis. As many good mining properties as possible will be secured during the present season, with a view to development, lease or bond as calculated in the best interests of the shareholders.

city force at Prince Rupert named Duff, was found to have been implicated in the intended sale of \$5,000 worth of liquor to a police agent and he with two others concerned and Bessie Riley, who introduced the parties, were given terms at Okalla.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 60¢ a box, 6 boxes for \$2.50, trial size 25¢, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

LAND REGISTRY ACT

(Sections 36 and 134.)

Re Application No. 11085-I. File 6207.
 TAKE NOTICE that application has been made to register Edward H. Mortimer, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 19th day of July, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situated, lying and being in the City of Prince Rupert, more particularly known and described as Lot Seven (7), Block forty-one (41), Section Eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News), and your attention is called to section 3 of the "Land Registry Act" with amendments, and so the following extract therefrom:

"and in default of a caveat or certificate of its pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent, devise or otherwise, shall be deemed to be persons not registered under the provisions of this Act, shall be for ever estopped and barred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Edward H. Mortimer.

AND WHEREAS on investigating the title it appears that prior to the 14th day of September, 1915 (the date on which the said lands were sold for overdue taxes) you were the registered and assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Edward H. Mortimer unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office Prince Rupert, B. C., this 20th day of August, A. D. 1919.

SPIRITUALISM

To the Editor:—
In response to your recent editorial requesting letters on the subject of Spiritualism, the following might prove of interest to your readers:
Spiritualism is the belief that communication between the living and the dead may be held and that the messages so received are true. Granting that messages are received from the other side, to assume that they are truths is a false premise, as we know that evil people depart from this world as well as good, and if one can communicate why not the other? This immediately suggests the danger involved in spirit communications.
To anyone familiar with the profound writings of Emanuel Swedenborg, often erroneously called a spiritualist, it cannot but seem strange that modern thought is so willing to listen to theories of Sir Oliver Lodge, Conan Doyle and others on the subject of spirit communication, when for a century and a half the inexhaustible treasures of a far more rational and satisfactory philosophy have been but partially appreciated and read. Swedenborg divides spirit communications or manifestations into two classes, that of the Seer and that of the Medium, the two being entirely distinct in point of contact.

The Classes.
The Seer, all through the ages, has been chosen (as the prophets of the bible) to bring some spiritual truths or good to man, but the opening of his spiritual sight, by which the spiritual realm itself was revealed to him, was ever by the Lord, for some specific purpose and not sought by man for the purpose of satisfying an earthly longing or curiosity.

The other class of spirit manifestations is by a process directly the inverse to that of the seer or prophet. It consists in an invasion of man's consciousness by spirits who manifest themselves to his physical senses through mediums, the spirit thus descending indirectly into the material plane, rather than man's direct spiritual insight into the spiritual plane.

Those who communicate through mediums would make the authority of spirits combined with the authority of human reason the supreme authority, while the seer accepts the revealed truth as authority from God.
Through which of these avenues the real unadulterated spiritual truths may best be found would seem evident.

Disorderly and Dangerous.
That spirit communication as sought through mediums is disorderly and dangerous to man's spiritual and physical development is shown by Swedenborg when he emphasizes that, although man is continually receiving spiritual influences from heaven by which he lives and that it is possible for spirits to communicate with and help us, still, good spirits who enter into man's thoughts do not know themselves that they are conjoined with man, else they would dominate man's will and thought and so destroy his rational freedom which, together with his affections, makes the man. Likewise it is not permitted that man shall know when he is conjoined with spirits for he would then act from awe or compulsion rather than from reason, and thus destroy his liberty to choose between evil and good, which is the process of regeneration.

Idleness, Deceit and Evil.
Angels or good spirits could not act in contradiction to the law of Divine Providence which is for man's good. Thus it would not be the good spirits, whose spiritual truths we could value or use to benefit our development, that reach us through mediums who are conscious of their conjunction, but rather spirits of a mischievous or disorderly nature who delight in tearing down man's spiritual bulwarks of rational

freedom and masquerade in his consciousness as departed loved ones or heralds of heavenly wisdom, and finally, so subjugate man, to their manipulations that he becomes no longer a rational man but a pitiable instrument of idleness, deceit and evil.
Would it not be well then to bear in mind that what is possible is not always wholesome and that Providence has its own terms and means for dispensing spiritual truths in proportion to man's preparedness and necessity to receive them?

Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 102632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent is not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,
Your obedient servant,
(Signed) **W. J. LYNCH,**
Chief of the Patent Office.

Harry Hanson, Esq.,
139 Second Avenue,
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, and therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.

IN THE MATTER OF THE ESTATE OF JOSEPH BROWN, DECEASED. TAKE NOTICE that in order of His Honour F. McB. Young made the 3rd day of February, A. Suits that are pressed frequently and cleaned occasionally wear as long as 50 per cent longer.

How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your clothier. They will inform you that apparel frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shape better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern cleaning and pressing service, which is specially organized to meet your individual needs.

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

The Delta, Sunrise and Silver Standard will be among the active properties. The Sunrise has been taken over by the Guggenheims.

Sunlight Wash Days

A Sunlight Wash Day is free from the toil and labour usually associated with washing because Sunlight Soap washes clothes beautifully clean and white without rubbing or scrubbing.

Sunlight Soap

being the surest, gentlest, purest of all cleansers is kind to the clothes—they last ever so much longer—kind to the hands, too. Insist on getting the Soap you ask for—**SUNLIGHT.**

Try Sunlight for yourself and see.
