Thinks Canada Will Accept The Ships

First Lord of British Admiralty Answers Questions in London Concerning Naval Policy in This Country.

(Special to The News via G. T. P. Telegraphs.)
LONDON, March 25.—In the House of Commons yesterday, in reply to a question as to whether it was true that the Canadian authorities had decided to close the two dockyards at Halifax and Esquimalt, and had declined the offer of warships from the British Admiralty as a result of the report by Admiral Viscount Beatty, the First Lord of the Admiralty said he had no information that Canada had declined the offer of the warships. On the contrary his impression was that Canada had practically accepted the offer.
The First Lord said he did not know that the dockyards had been closed but would make an inquiry. He added that Admiral Beatty's services on his recent tours had been of immense value and he hoped that good would accrue to the Empire in the prospect of increased co-operation between Great Britain and the Dominion.

POOPS FROZEN TO DEATH IN FAR RUSSIA

100 Anti-Bolshevik Soldiers Perish, According to Soviet Despatch.

(Special via G. T. P. Telegraphs.)
LONDON, March 25.—More than 100 anti-Bolshevik soldiers have been frozen to death in the steppes it is announced in a Soviet military communication received today from Moscow by the British press. The steppes comprise plains in southeastern Russia and the western Asiatic provinces. The statement reports progress of the Red troops against General Nikine's forces along the railway in the Ekaterinodar region on the Caucasus front.

BY NOVELIST DIED YESTERDAY

Humphrey Ward was the Grand Daughter of Famous Head of Rugby.

(Special via G. T. P. Telegraphs.)
LONDON, March 25.—Mrs. Humphrey Ward, the novelist, died today in a London hospital. She had been living for many years in virtual retirement in her residence at Aylesbury. She had been suffering from heart disease and this recently became acute, necessitating going to hospital.
Mrs. Ward was a granddaughter of Dr. Arnold, well known as the head of Rugby public school at the time of "Tom Brown's School Days." She first came to prominence as a novelist with "Robert Elsmere" in 1888, and since that time has written a number of stories.

PAVICH PUT ON OBSERVATION

To be Dragged Out of Court Room Loudly Voicing His Indignation.

Mr. Pavich, the man who claims to be the government of B. C., and charged with vagrancy, again appeared in the police court this morning and was ordered to be under eight days' observation to ascertain his mental condition. He wanted to get out on bonds this morning and started another row in the court. He finally had to be dragged down to the cells by the chief of police, loudly voicing his indignation, continuing after he reached the cell.

STRANGE STORY TOLD BY WOMAN

Says That She Got Drunk and Feared She Would be Robbed; Ran Away and Sought Refuge.

FINED TEN DOLLARS; EXONERATES FRIENDS

Rose Craig, the woman of mystery, came up in the police court this morning and was fined \$10, pleading guilty to the charge of drunk and disorderly. She has just recently arrived in town and is an American, claiming to be a nurse. Her case has caused a good deal of local curiosity. Pleading guilty to the charge of drunkenness no evidence was taken, but before her trial she made a statement to the chief of police clearing anyone else from any charge.
"I just arrived from the States lately to go to Stewart," she said, "and on my arrival in town went to the Prince Rupert Hotel. About two o'clock in the morning the manager of the hotel ejected me on account of disorderly conduct. After wandering about for a time I finally managed to obtain the loan of a room at the St. James Hotel."
"Shortly after, on the same night, I met some people who invited me out. Previous to this I had been drinking and then I had some more. Liquor has the effect of making me crazy and on this occasion I got the idea into my head that these people were trying to rob me. I ran away in hysterics shedding some of my wearing apparel on the way and finally went to a house on Fourth Avenue. Here I was admitted in a drunken condition and the matter was reported to the police."
"I realize now that my fears were unfounded and the people I was with were all right. The fault is my own drunken fears. I am leaving for Stewart on the next steamer."

ALF LARSEN DIED AT THE HOSPITAL

Death from Uremic Poison Which Seemed to Have Been Result of Drinking Squirrel Whiskey.

The death occurred at the General Hospital this morning of Alf Larsen, a fisherman from the Corona. He is an American, 40 years of age, and died from uremic poisoning.
Before leaving Seattle Larsen had been drinking squirrel whiskey which he called French vinegar. It seems to have contained a quantity of wood alcohol, for the patient developed the symptoms which follow the drinking of that poison, including blindness.

CAR SHORTAGE CAUSED BY BIG STORMS AND BLIZZARDS

Many people have been worrying over the shortage of cars here and have been indignant that the railway company has been unable to supply the shortage. The arrival of exchanges from the east indicate the reason for the trouble. Fierce storms have raged in the eastern States and Canada and this has been the chief reason for delay. In Fredericton alone 1,050 cars were frozen in the yards and men had to turn out with picks to free them from the ice. Since February 19 there have been four big storms, two of which were real old fashioned blizzards. Snow, ice and sleet fell almost everywhere and tied up transportation to such an extent that in many places the railroad and street car tracks were covered with eight inches of solid ice, over which it was impossible to run trains.
In many cities of New England they have been short of provisions, cattle have been starved and there has been much suffering. In fifty cities holidays were declared in order that all the people might turn out to clear the railway lines.
In New Hampshire the condition of the roads was so bad that the primaries for the elections had to be postponed and business was at a standstill.

"FURIOUS" WON LINCOLNSHIRE

(Special via G. T. P. Telegraphs.)
LINCOLN, Eng., March 25.—The Lincolnshire handicap over a mile straight away course for a purse of \$7,500 was won yesterday by C. Harry's "Furious."

OTTAWA AGAIN BEATS SEATTLE IN ICE HOCKEY

One More Win Will Give Eastern Champs the Stanley Cup.

(Special via G. T. P. Telegraphs.)
OTTAWA, March 25.—Playing seven man hockey, the system in vogue on the Pacific Coast, the Ottawa team, champions of the National Hockey Association, again proved their superiority over the Seattle Metropolitans, the western title holders. It was a hard fought, strenuous hockey battle last night, the home team winning out by three goals to nothing.
With two victories already, the Easterners have but to add one more victory to their credit to obtain possession of the Stanley Cup.

Mr. and Mrs. D. A. Harris are in the city on their way to Stewart. Duke Harris also arrived from the south yesterday and proceeded to Hazelton on the train.

Was Virtual Chaos In U.S. Navy when States Entered War

(Special to The News via G. T. P. Telegraphs.)
WASHINGTON, March 25.—Virtual chaos existed in the Navy Department at the time the United States entered the war, Capt. Harris Laning, assistant chief of the bureau of navigation during the war, testified yesterday before the Senate Investigating Committee.

Capt. Laning said no one knew what to do after a plan of action submitted by the bureau of operations had been disapproved and the "personal characteristics of the secretary of the navy made it impossible to get approval of really important policies."

FINANCIAL POST TELLS OF B. C.

Complimentary Article on Financial Statement Recently Issued by Provincial Government.

In regard to the financial statement recently issued by the Provincial Government the Financial Post of Toronto says:—

"The first annual statement of public accounts of any Canadian government—federal or provincial—to be issued with revenue and expenditures of each department of the government segregated under one heading, and with corresponding tables showing actual and estimated revenue and expenditure in each item side by side, was tabled in the British Columbia legislature last week. This business-like form of presenting the public accounts is the culmination of a series of important improvements in government auditing that have characterized the accounts and estimates of the coast province during the past two or three years. It will be remembered that estimates of revenue and expenditure for the year 1918-1919 showed improvements in arrangement and classification, and these improvements have been adapted to the public accounts.
Departmental Classification.
"Under the old form of estimates and public accounts, which is still followed in all the other Canadian provinces and by the Dominion Government, it was impossible to arrive at the total cost of any one service, nor could reliable estimates be made from year to year. Under the new system, it will be possible to make these comparisons, and the accounts are simplified to such an extent that in one small table the revenue and expenditure of each unit of service—the premier's office, department of mines, department of agriculture, etc.—is shown in comparison with the estimates for the year.
"Net revenue of the province for the year was \$10,931,279, exceeding the estimates by nearly \$1,000,000 and the 1918 figures by \$2,100,000. A large part of the increase in revenue came from the income tax, which brought in \$1,506,669, as against only \$670,638 in 1918 and \$296,801 in 1917. The largest single item in the revenue account was again timber licenses, which brought in \$2,276,795, as compared with \$1,797,978 in 1918. Other important items, with comparative figures for the previous year, are: real property tax, 1919, \$991,203; 1918, \$1,013,983; wild land tax, 1919, \$792,416; 1918, \$690,638; personal property tax, 1919, \$800,415; 1918, \$521,206."

UNITED STATES NAVAL BILL IS UP TO SENATE

Provides for an Expenditure of \$425,000,000 in All—Passes Lower House.

(Special via G. T. P. Telegraphs.)
WASHINGTON, March 25.—The Naval Appropriations Bill carrying approximately \$425,000,000, passed the House today without a dissent. The bill now goes to the Senate.

The appropriation includes previous expenditures aggregating \$104,000,000. The remainder is to carry on construction of new ships authorized in the 1916 three-year program and for an enlisted personnel averaging 125,000 in the navy and 20,000 in the marine corps.

The bill has no provision for new construction in addition to vessels already authorized and contracts for which have been awarded.

PREMIER MINE MANAGER TELLS PLANS OF YEAR

Will Continue Development and Expect to Ship Ore All Summer.

Dale L. Pitt, manager of the Premier mine at Stewart, is in the city today on his way back to the mine after attending a meeting of the board of directors in Spokane. It was at this meeting that R. K. Neill resigned as manager and Mr. Pitt was promoted from the position of assistant to take his place.

Speaking of the intentions of the company Mr. Pitt said that it was the purpose to continue development work with the diamond drill. Two engineers were accompanying him back to the mine, Messrs. Hansen and Trojanowski, of the American Smelting & Refining Co. staff. They would look after the plans and the site for the new mill which is about to be erected at the mine. The equipment is already on the ground.

Increase Capacity.

Mr. Pitt further said that the saw mill would be operated again just as soon as they could get started in order to cut timber for the new plant. They were also installing two new compressors in order to increase the drilling capabilities.

Labor conditions Mr. Pitt said were more satisfactory than during the winter. The company expected to continue to ship high-grade ore and to mill the low grade. They hoped to ship all summer in wagons over the road. The lower part of the road was not good, but they hoped to have it good enough for the purpose. He hardly expected that aeroplanes would be used to any extent at the Premier.

City Council and Local Merchants.

It is to be assumed that local merchants are making only a legitimate profit. Some of them are making more than a bare living. They have to make a certain percentage of profit over the prices paid for their goods.

If it is correct that merchants are making only a reasonable profit, it seems hardly correct for the city council to try to get a third party to put them out of business. They want cheaper food. We all want cheaper food, but from a civic point of view it is not good business to put the grocer on the rocks.

Americanization Through Movies.

A campaign of Americanization of the varied peoples of the United States by means of the movies is going on. It is found that the movies form one of the greatest educational forces in the country, in that they appeal even more to the ignorant than to the educated.

The appeal of the movies to the foreigner who cannot read the newspapers printed in English and who has no particular wish to become Americanized, is invaluable.

In Canada there is need of education along these lines. There is a great field for this class of work in the movie theatre. The newspapers try to do it to some extent, but they do not appeal to the man or woman who is unable to read and write English.

Town and Country Necessary to Each Other.

Prince Rupert finds herself dependent on the country districts for a proper supply of food. She wants meat and eggs and butter and milk and all the other articles that come to the table.

Sometimes we in the cities are apt to think ourselves the all important factor in the country, and the same has been said of the farmer. Neither is more important than the other. We want the fresh butter, eggs and milk, for instance, from the Skeena and Bulkley valleys and they want the market here for the goods.

The wholesalers in this city do a lot of business in the interior districts, for Prince Rupert is gradually becoming the distributing point for the country west of the Rockies. We can all work together to build up a great country, a prosperous community, that will be filled with happy homes and will be a power in the land.

THE TORTURES OF RHEUMATISM

Happily Stopped When He Began To Take "Fruit-a-tives"

8 OTTAWA ST., HULL, P. Q.
"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about "Fruit-a-tives" the great fruit medicine; and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent 22632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent is now made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I enclose herewith.

You are also to inform you that the fee for the second six months has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and I enclose herewith a letter referring to the patent by date and amount and stating the purpose for which the remittance is required and that will be necessary.

Your obedient servant,
(Signed) W. J. LYNCH,
Chief of the Patent Office.

Harry Hanson, Esq.,
139 Second Avenue,
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, and sell said "Water Heater" to any and everybody, before according to law can, and hereby do withdraw the provisions of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of one cent on each one installed on the distinct understanding that a year's guarantee goes with it.

FINE CONCERT LAST EVENING

Much Excellent Talent Displayed at Callics Football Club Recital.

The Grand Concert of the Callics Football Club in the St. Andrew's Hall last night was well patronized. There were many excellent numbers on the program and the patrons came away well satisfied with a fine evening's entertainment. Owing to unforeseen circumstances two or three of the best numbers on the program had to be left off, but nevertheless the concert was of exceptional merit. Mayor McClymont was chairman of the evening and in his opening remarks emphasized the need for more players instead of so many spectators.

The Orchestra.
Shortly after 8:15 the program opened with a march by the Society orchestra, "Crescent Queen." It may be said that the orchestra is steadily improving and now provides excellent music for the organization. Eddie Craggs sang a solo, "Dear Old Pal of Mine," and was loudly encored. An excellent violin solo, "Elysium" was played by Robert Arthur, Jr. Mrs. W. Millar sang a selected solo and answered the persistent applause with "Comin' Through the Rye." J. Y. Fraser pleased everyone with a song, "Hail Caledonia," which was followed by "How Scotland won her name." The duet "Hunting Tower" by Mrs. Millar and A. Clapperton proved very pleasing. The first part of the program was concluded with a vocal solo "Thistle, Shamrock and Rose" by Wm. Murray which was loudly applauded.

Pipe Band.
The selections of the pipe band opening the second part, brought forth the usual applause. The pipe band is certainly creating a great impression. J. E. Davey was in his usual excellent style in singing "Mary of Argyle" and an encore. Mrs. W. Millar again pleased the listeners with "Angus Macdonald" which she does full justice to. Jack Sinclair sang the old favorite "Annie Laurie" and was well appreciated. Mrs. Captain and Miss Susie Reid proved excellent duettists in "Whispering Hope" answered by "Lullaby Land." Miss Edmands sang "I hear you Calling Me" and "My Brown Rose" and A. Clapperton a selected solo. Ed. Ross sang a couple of comic songs in excellent style.

After the concert the hall was cleared and the dancers took the floor and danced till the small hours to the strains of the society orchestra.

MAGISTRATE ADVISES MAN WHO COMMITTED ASSAULT ON HIS WIFE

Henry John Clarke, charged with assaulting his wife, was released on suspended sentence this morning after receiving a reprimand from Magistrate McMordie.

"There is no doubt," said the magistrate, "that you are suffering both physically and mentally from the effects of the war and the serious wounds you sustained. However, there is no excuse in this country for treating your wife violently, which you have done. Such actions as yours towards the woman were both cowardly and brutal. Do you not remember the promises you made when marrying her? They were made for better or for worse whether you had provocation or not. If it was not for the fact that it would be working a hardship on your wife I would most certainly send you to jail. As it is I am going to let you out on suspended sentence to give you a chance. Remember you must work for her and take care of her and must never lift your hand to her."

Swift's Premium Hams and Bacon

THE universal desire to make Easter breakfast a really delightful meal, is easily fulfilled by housewives who use

A few slices of this mild, delicately-cured ham or bacon—cooked to a tempting brown—served sizzling hot—make a meal the whole family will enjoy. For Swift's Premium is outstanding in excellence: the Ham, because of its extra mild cure and juicy tenderness; the Bacon because of its succulent fat and enticingly flavored lean; and both because of their characteristic savouriness due to the exclusive Swift process of selection and curing.

Serve Swift's Premium on your Easter breakfast table and we know you will insist on this brand in future.

The Man in the Moon SAYS:-

THAT the open fisheries seems to be an accomplished fact.

THAT C. C. Ballantyne sticks to his guns at any rate and the general opinion is that this city will benefit.

THAT the man's a man for a that.

THAT the scenery shown in "Back to God's Country" is very fine.

THAT the bears and other animals in the play add much to the interest of the story.

THAT even if they are not wild bears and cougars and porcupines they make an integral part of the show.

THAT there is an old English west country story told in dialect of a boy who at a harvest home supper ate so much fat bacon that, when the suet puddings were brought on, he broke down and blubbered, because he had eaten so much bacon that he had no room for pudding.

THAT nothing like this happened at Seal Cove dance last night but a similar tragedy almost occurred.

THAT the boy on that occasion was not a boy and she did not cry, but did her duty manfully.

THAT the serving of five or six courses at a dance supper is not usual and there was an excuse for everything that happened.

THAT "early to bed" seems to be the rule in certain quarters in this city.

THAT 2:30 or 3 a. m. is usually looked upon as early.

THAT there is doubt as to the "healthy, wealthy and wise" which is said to follow the early to bed.

THAT sometimes the early birds get wise to things they would be better not to know.

LAND REGISTRY ACT
(Sections 36 and 134.)

Re Application No. 14484-1. File 6304.

TAKE NOTICE that application has been made to register Stephen B. Adams, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situated and being in the city of Prince Rupert, more particularly known and described as Lot Three (3), Block Eight (8), Section One (1), (Map 923).

You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert, B. C.) and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Stephen B. Adams.

AND WHEREAS on investigating the title it appears that prior to the 9th day of October, 1918, (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Stephen B. Adams unless you take and prosecute the proper

proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 26th day of November, A. D. 1919.

BRITISH MINERS STRIKE PERHAPS

Meeting to be Held to Determine
What Action to Follow Re-
jection of Wage
Increase.

(Special via C. T. P. Telegraphs.)
LONDON, March 24.—Another
strike of miners appeared last
night to be in prospect. After the
recent trades union congress re-
jected the proposal of direct ac-
tion to attain nationalization of
the mines, the miners made a de-
mand for an increase of fifteen
shillings a week in wages in or-
der to bring pressure upon the
government.

Negotiations with Lloyd George
and the fuel controller have re-
sulted in the demands of the
miners being rejected. The lat-
ter will meet tomorrow to deter-
mine their future course of ac-
tion.

TREE AND COONS SOLD FOR \$168.14

LONDON, Ont., March 23.—A
few days ago William Elson, a
farmer residing near Wingham,
felled a huge soft elm tree, and in
the top of it was the winter
home of a family of raccoons with
three lusty youngsters. Mr. Elson
cut the tree into three logs and
had them sawed into lumber.
They yielded 2,804 feet, for which
he received \$98.14 at \$33 per
thousand. Then the farmer sold
the skins of the coons for \$70,
making the total amount he re-
alized from the tree and its oc-
cupants \$168.14. Mr. Elson feels
he has established a record for
high finance in furs and lumber.

SEND OFF TO THE MILL EMPLOYEES

Dance Given by the Management
of the Prince Rupert Spruce
Mills Was Great Event.

It is difficult to say enough in
regard to the dance given at Seal
Cove last night without seeming
to exaggerate. The event was a
farewell given by the management
of the Prince Rupert Spruce Mills
Limited to their employees. The
firm is giving up the Prince Rup-
ert lumber mill in a few days and
the members of the firm took
this way of showing appreciation
of the work of the staff. A num-
ber of friends were invited and
a most enjoyable time was spent.

The big room in the mill hotel
was tastily decorated for the oc-
casion, a number of brass shells
used as vases being loaned for the
occasion by P. I. Palmer, who
brought them from France on his
return from the war. The floor,
which is an unusually good one,
was in excellent condition and
Gray's Orchestra provided the
music.

The "piece de resistance" of
the evening was the supper. Chef
William Quayle of the hotel was
given a free hand and he pro-
duced wonderful results. Course
followed course, of all sorts of
delicacies ending with fruit salads
and bricks of ice cream.

The committee in charge con-
sisted of A. A. Ewart, P. I. Pal-
mer, E. H. Loughheed, Ernie Hud-
son, Gilbert Campbell, A. H. Gee and
Robert Walsh. They, under the
direction of the floor manager,
Mr. Campbell, looked after the
introductions and saw that every-
one was enjoying the fun.

The refreshment committee
consisted of Mrs. Rogers and Mrs.
Quayle, and Mrs. Atkinson look-
ed after the ladies' room.

The party did not break up un-
til about three o'clock and con-
veyances were provided to take
the guests home. Nothing was
left undone for the comfort and
pleasure of the guests.

NEW ORE FIND AT SWANSON BAY

Big Vein Running High in Galena is Reported—Hancock Interested.

The Swanson Bay district has come to the attention of the mining men quite recently when a new galena find was made there. The new find is practically on tidewater and consists of six full claims. D. J. Hancock, who is interested in it, says that there is the making of a mine in the property and contemplates exploring and developing it this season. The prospect was located by D. W. Bone and J. C. McNicholls.

Swanson Bay has not heretofore been known as a mining possibility but the present discovery is said to look promising for development.

The Health Bath

For the future welfare of Canada the children must be kept healthy now. Protect them from the germs and microbes of disease by using Lifebuoy Soap.

For the bath—nothing equals the healing, cleansing, free-lathering vegetable oils in

LIFEBUOY HEALTH SOAP

and the antiseptic agents disinfect the bruises, scratches, etc. that might otherwise be a source of danger. A Lifebuoy soap bath sends the children to bed glowing with health and happy cleanliness.

The carbolic odour in Lifebuoy is a sign of its protective qualities—quickly vanishing after use.
