## Three Great Storms Sweep Through The United States

Number of People Killed and Millions of Dollars Worth of Property Destroyed; Illinois, Indiana, Alabama and Georgia Suffer.

(Special to The News via G. T. P. Telegraphs.)  
CHICAGO, March 29.—Twenty-three persons were killed and hundred more injured yesterday by a tornado that swept the country and a number of towns north and west of Chicago and aged some of this city's northwestern suburbs. The property damage ran into millions of dollars, including the demolition of buildings and the razing of telegraph and telephone lines. Communication with rural regions was for a time cut off. Atlanta reports that the death list in Georgia and Alabama at least 36. Apparently there were three distinct storms, one driving eastward into Illinois and dying out on the shores of Lake Michigan just north of Chicago; one striking in Georgia and Alabama; the third striking in Indiana and passing into Ohio and Michigan.

### STEWART WAS THREATENED WITH FLAMES

Drink Parlor Was Wiped Out and Two Big Buildings Badly Burned.

### WINSFOLK AND HOTEL GUESTS FIGHT FIRE

Fire which threatened the entrance of Stewart's broke out at 3 o'clock Saturday morning in a small soft drink stand near Helen Longpre opposite the Northern Hotel. The store itself consumed entirely and the stand, which was to become a new cabaret, as well as the store, were badly scorched. Fire jumped across the street to the Northern Hotel was smothered for some time as its entrance caught fire. The entire store is placed at about \$3,000. Two larger buildings were covered by insurance and the drink parlor had \$400 worth. The fire caused quite a flurry of excitement and a large number of volunteer fire fighters turned up. The Prince Albert had just returned from the south with a big load of passengers and the Northern Hotel was filled with them. These were all turned out in the middle of the night as it was feared that the hotel would be burned also.

### Worked With Will.

The hotel arrivals and the volunteer fire fighters worked with a will to fight the fire. Jets of water from the incoming tide and snow from the blowing drifts were thrown on flames and the blaze was consumed before it had got a hold as to burn the entire building. It was well on to 7 in the morning when the fire was completely extinguished and much credit is due to the volunteer fire-

States That Railway Officials are Doing Their Best to Bring About Relief.

### GOVERNMENT NOT YET IN CONTROL OF RAILWAY

The following letter has just been received from Col. Peck, M. P., by Commissioner C. V. Evitt, of the Board of Trade, dealing with the present refrigerator car shortage:  
"Regarding the refrigerator car shortage, I have been in conference with the Grand Trunk Pacific officials here who are doing their best to see that some cars are obtained pending the building of more.  
"You may remember that the Government is not actually in control of the railway yet and it is a roundabout way to get anything done. However, I shall always be on hand to help the things along in any way I can."

### TRIED TO SELL GERMAN VESSEL

Mine Sweeper Captured by Dutch in the Zuider Zee

(Special via G. T. P. Telegraphs.)  
THE HAGUE, March 29.—The capture by a Dutch torpedo boat of a German mine sweeper in the Zuider Zee has revealed what is said to have been an attempt by the crew of the mine sweeper to take advantage of the German revolution to sell the ship for their own profit.  
The vessel was left behind by the North Sea mine sweeping flotilla and after touching at Bloksey in the Zuider Zee early in the week, proceeded to Minzerber, near Amsterdam.

### PITMAN PURCHASES CUTLER PROPERTY AT PRINCE GEORGE

### FRANCOIS LAKE LADY DIED HERE YESTERDAY

Had Lived Here With Her Brother During Past Three Months; Funeral Tomorrow.

The death occurred yesterday afternoon of Mrs. Jane Eastment, widow of the late Mr. Eastment of Colleymount post office, Francois Lake. After the death of her husband about three months ago, the lady came here and lived with her brother, John Rayment, at whose home her death took place.

Mrs. Eastment was 59 years of age and, coming originally from England, had lived in the Francois Lake district for about five years, where her husband farmed. She was well known in that country and highly respected.

The funeral will take place tomorrow, Tuesday, from the B. C. Undertakers' chapel at 2 p.m., Rev. T. H. Nuttall officiating, and interment will take place at Fairview.

T. J. Shenton went to Ocean Falls last night.

## Seattle Hockey Team in Third Game Beats Ottawas By Three Goals to One

(Special to The News via G. T. P. Telegraphs.)  
OTTAWA, March 29.—Proving their claim that they are essentially a hard team, the Metropolitans of Seattle on Saturday night decisively defeated the Ottawas, champions of the National Hockey League. The game which was a very fast and exciting one was played in the Laurier Avenue rink and resulted in a score of 3 goals to 1 in favor of the visitors.

As a result of Seattle winning this match the series is prolonged and the next game will be played at Toronto on Tuesday evening.

Naturally the western boys are all up in the air over their victory. They claim that luck was against them heretofore and that they have now a good chance of winning the Stanley Cup.

### PRINCE RUPERT WILL RECEIVE LIBERAL GRANT

Several Sums in Estimates for This City and District for Provincial Improvements

(Special via G. T. P. Telegraphs.)

VICTORIA, March 27.—While the estimates from the Public Works Department have not yet been handed down, it is sure that they will contain a considerable sum for Prince Rupert. They will be tabled during the coming week and will then be considered by the Legislature.

Prince Rupert will get \$100,000 for the commencement of a new court house and other provincial buildings to cost at least half a million dollars, work on which will be commenced this summer. She will also get a considerable sum for the new school, \$6,000 toward the Morse Creek bridge and a sum to rebuild the foundations of the provincial government wharf.

### WALTER RUNCIMAN IS STANDING FOR NORTH EDINBURGH

Former Member of Asquith's Cabinet Fighting in Three-Cornered Bye-Election.

LONDON, March 29.—Among the by-elections pending now is one Scottish constituency in the capital city of the north. Walter Runciman, shipping magnate, formerly a member of Mr. Asquith's administration, is fighting in North Edinburgh, vacant through Scottish league changes. Patrick J. Ford has been adopted as a coalitionist by both wings of the party. Jas. Maxton, Scottish labor organizer, is the labor candidate.

In Northampton, Charles McCurdy, new food controller, will fight Miss Margaret Bondfield, laborite.

Northampton Liberals are supporting Mr. McCurdy "in special circumstances in this election, and because we feel that he is the best man for the office to which he has been appointed." But they have determined to maintain the Liberal party as a separate instrument and offer uncompromising opposition to fusion proposals.

### ALLAN CUP HOCKEY

Winnipeg Falcons Defeat Toronto University by 3 Goals to 3.

(Special via G. T. P. Telegraphs.)

TORONTO, March 29.—In the first game of the hockey series for the Allan Cup played here on Saturday evening, the Falcons of Winnipeg clearly demonstrated their superiority over the University of Toronto by winning the match to the tune of 3 to 3.

The fishing boat Mary M. Christopher, came into port today with a broken rudder. The Alliance brought in her fish yesterday but soon after heading for the banks again the Christopher's trouble arose.

### CONCILIATION BOARD STARTS

First Meeting Over Cold Storage Dispute Held This Morning in Court House.

The board of conciliation between the Canadian Fish & Cold Storage Co. and the Fishpackers Union held its first sitting in the court house this morning and has adjourned until Wednesday morning to allow the contending parties to again come together and get out figures as to the actual increase of supplies necessary to the fishpackers. These figures will be used in deciding whether the wages paid are adequate, which is the point of contention.

This morning the board was organized with Judge F. McB. Young as chairman and members S. P. McMordie and Geo. Rudderham. The representative of the company at the sitting this morning was J. W. Nicholls, comptroller, and N. Booth appeared for the fishpackers. It is still hoped to have an immediate and amicable settlement of the vexed matter.

### WAR VETERANS END CONVENTION

Will Meet Next Year at Port Arthur, Ontario.

(Special via G. T. P. Telegraphs.)  
MONTREAL, March 29.—The Dominion Great War Veterans' convention closed Saturday, the first day of the session to be spent in non-contentious business. Port Arthur, Ontario, was chosen out of five proposed cities, as the convention city of next year.

**Relief for Cities Under New Bill.**

Under a bill which has been introduced into the Legislature by the Minister of Finance the amusement tax is to be increased very considerably and half of the amount will be given to the cities or municipalities in which it is collected, the amount to be used for the upkeep of schools and hospitals. In addition to this the Government is taking off the provincial poll tax and is giving the cities and municipalities the power to collect a five dollar tax in its place. These two amounts will add very considerably to the revenue of the cities and, while it is nothing like all that was asked, is a valuable concession. It is not clear just how much it will amount to in Prince Rupert, but it will be enough to help along the schools and hospital appreciably.

**Other Changes in Tax Collections.**

Another change which is being made by the Provincial Government in connection with the collection of taxes is the placing of a graduated tax on automobiles in place of the present ten dollar flat rate on all cars. This tax will still go into the provincial treasury but will be used for the construction of trunk roads. Unhappily Prince Rupert is so situated that at present she gets no benefit from these trunk roads except when citizens visit the outside. It will, however, be an advantage to the province to have the roads. The change in the form of the tax will not affect Prince Rupert very considerably as most of the cars here are small ones.

**Unearned Increment Tax Proposed.**

The Minister of Finance is proposing to impose a tax on unearned increment. Those who receive income through no effort of their own but simply through the increase of value of natural resources will have to pay the Government a part of the increase. This is in line with the most advanced ideas in taxation and will in all probability meet with general approval. It is so far only a suggestion, but if it meets with the approval of the people it is to be assumed it will be adopted in the near future.

**Dual Income Tax To Be Discussed.**

The Minister of Finance proposes discussing with the Dominion Government the question of income tax with a view to preventing the duplication of work, and also the duplication of forms to be filled in. It takes an immense lot of work in a business house getting out all these forms, and is one of the considerable expenses to be considered in conducting a business. Between the queries from the industrial department and from the tax collecting department, one person is kept busy a good deal of the time. If Mr. Hart can relieve the business people from part of this work it will be worth a great deal to them and will tend to keep down the cost of living.

**GUARD AGAINST THE 'FLU**

Serious Outbreaks of Influenza all over Canada

**GOOD HEALTH IS THE SUREST SAFEGUARD**

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of Influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, **GOOD HEALTH.**

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

**LAND REGISTRY ACT**  
(Sections 36 and 134.)

Re Application No. 14085-1. File 6207.  
 TAKE NOTICE that application has been made to register Edward H. Mortimer, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 19th day of July, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot Seven (7), Block forty-one (41), Section Eight (8), (Map 923). You are required to contest the claim of the purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News), and your attention is called to section 3 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of in pending being filed before the registration as owner of the parcel entitled under such tax sale, all persons so served with notice, or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and barred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Edward H. Mortimer,

AND WHEREAS on investigating the title it appears that prior to the 14th day of September, 1915 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall issue a Certificate of Indefeasible Title to the said lands in the name of Edward H. Mortimer unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 20th day of August, A. D. 1919.

## B. C. INDIANS IN THE EAST

### Give Interview to the Toronto Globe When on Way to Ottawa.

A party of British Columbia Indians passed through Toronto en route for Ottawa, where they intend presenting to the Federal Government the demands of the allied tribes of the far western province regarding their land rights, says the Toronto Globe.

The delegation is headed by Rev. Peter B. Kelly, a handsome and polished young Indian of the Haida tribe, who is chairman of the Allied Tribes' Executive, Chief Basil David, of the Shuswap tribe, is an interesting and picturesque member of this party. He is typically taciturn and meditative and has not yet learned the English language. He was one of the three Indians who went to England in 1906 and had an interview with the late King Edward. This is his third trip to Ottawa in the interests of the Indian land question in B. C. The other members of the delegation are George Matherson, member of the Executive of the Allied Tribes, and J. A. Teit, special agent and acting interpreter for the Chief. These two gentlemen are of Scottish extraction, Mr. Teit claiming to be a Shetland Islander as well as an Indian. The party is being conducted by A. E. O'Meara, counsel for the Allied Tribes. Mr. O'Meara is brother to Principal O'Meara of Wycliffe College.

The delegation represents about 20,000 Indians of various tribes in British Columbia, who are claiming their aboriginal rights to the land. The grievances of the British Columbia Indians are old and outstanding ones, and the Allied Tribes have for years been pressing their claims upon both the Provincial and the Federal Governments without success.

#### Draft Settlement Plan.

a basis of settlement has been drawn up and will be presented to the Government at Ottawa, and the delegation hopes to secure a full discussion of the matter in the House of Commons. It is intended to continue to press the case with the Privy Council; to insist upon a settlement in court on the basis proposed by the Indians, or the removal of all obstacles to Indians going on with the case.

In the basis of settlement the Indians ask that each tribe should acquire full title to the land set aside to it, with all the natural resources thereof. That all foreshores be included in reserves; that adequate additional lands be set aside under stated provisions.

#### Fishing Grievance.

One of the sorest grievances seems to be the restrictions laid upon the Indians in regard to fishing and hunting. Mr. Teit told (Continued on Page Five.)

Suits that are pressed frequently and cleaned occasionally wear as long as 50 per cent longer.

## How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your cleaner. They will inform you that apparel frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shaper better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern cleaning and pressing service, which is specially organized to meet your individual needs.

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

## Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.  
Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,  
Your obedient servant,  
(Signed) W. J. LYNCH,  
Chief of the Patent Office.

Harry Hanson, Esq.,  
139 Second Avenue,  
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.

## The Man in the Moon SAYS:--

THAT it is proposed to start an "I Remember Club" in Winnipeg. For instance, one man says he remembers when he used to milk the cow on the site of Eaton's store, and so on et cetera ad libitum.

THAT Prince Rupert will soon be old enough for the same thing. There will be people who will say they remember the good old days of Centre Street; others will tell of the time when there was no pesky drydock to worry about. Some will remember when most of the people lived in tents or shacks; of the time when the whole city turned out to attend meetings of the city council; of the enjoyments of wading through the soft muskeg on Third Ave. Yes, very soon we shall be ready for an "I Remember Club."

THAT since we know that much of our silk is made from timber we are wondering if the aeroplane spruce logs are being ground into stockings.

THAT the day is almost past when the bad man carried a gun in his hip pocket.

THAT today the bad man carries a flask in the same old pocket and fills his victims with squirrel brand made from wood alcohol.

THAT the new weapon is much more effective than the old.

THAT the latest proposal is to

form an eight-hour day for the knockers.

THAT at present they persist in working overtime.

THAT it is a pity their little hammers do not wear out.

THAT good behavior is the finest of the fine arts.

THAT it is never good behavior to tell others of one's ills.

THAT it should be a shame to say we are not well, when there are the means of health all around us.

THAT, "as a man thinketh, so is he."

THAT the same applies to a woman only more so.

THAT the man who eats only so that he may live is to be admired, but if all did it, the world would be a mutual admiration society.

THAT most of us eat because the appetite calls vociferously, and when our master calls we always obey.

THAT everything in nature is moving.

THAT when we die we disintegrate, the movement goes on.

THAT life consists in giving. To live fully it is necessary to give life, love, joy, and beauty. The dead exhale putridity.

THAT the fortunate owner of a pair of gum boots was able to gloat this morning.

THAT it was proper even for ladies to swear "By Gum" this morning.

### LAND REGISTRY ACT

(Sections 36 and 134.)

Re Application No. 11484-1. File 6304.  
TAKE NOTICE that application has been made to register Stephen B. Adams, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situated, lying, and being in the city of Prince Rupert, more particularly known and described as Lot Three (3) Block Eight (8), Section One (1), (Map 923).

You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert, B. C.) and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Stephen B. Adams,  
it appears that prior to the 9th day of October, 1918, (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Stephen B. Adams unless you take and prosecute the proper

proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 26th day of November, A. D. 1919.

H. P. MACLEOD,  
District Registrar of Titles.

**\*\*\*\*\* IN THE LETTER BOX \*\*\*\*\* TO WHOM IT MAY CONCERN:—**

As I was instrumental in almost compelling the late Mrs. Jane Eastment, whose malady had been pronounced incurable by her medical doctors, to avail herself of Christian Science treatment, I feel that, in justice to all concerned, an explanation is needful. Christian Science heals only when its spirit and letter are adhered to, and I regret to be called upon to say that Mrs. Eastment did not comply with the rules of Science, for she resorted to material medicine whenever she thought it might relieve her. Then, too, her sympathising friends, not realizing the harm they were doing, would often state in Mrs. Eastment's presence that she was getting no better, but was failing all the time. And again, when the Scientists were working, doctors were called who reaffirmed that her affliction was incurable. Christian Science does not promise good results where such a state exists.

Were I a finished Scientist, I would not make these statements, for Christian Science embraces the beautiful principle of turning the other cheek, but I am yet upon a lower plane that will admit of justice and fair play to even those who would willingly allow themselves to be unfairly dealt with. Yours in sincerity, **HOBERT PARROTT,** Prince Rupert, B. C.

**LAND ACT VANCOUVER LAND DISTRICT—DISTRICT OF COAST, RANGE III.**

TAKE NOTICE that J. C. Clausen of Ocean Falls, B. C., occupation superintendent of logging, intends to apply for permission to lease the following described lands:— Commencing at a post planted 2 1/4 miles in a northerly direction from the northwest corner of Lot 897 on the west coast of L'Anse-au-Loup, thence north 40 chains; thence west 40 chains; thence south 40 chains; thence east 40 chains to point of commencement and containing 160 acres, more or less. **WATER NOTICE. DIVERSION AND USE.**

TAKE NOTICE that M. P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 50 cubic-second-feet and to store about 400 acre-feet of water in the Clearwater River which flows southerly and drains into the Kitsault River about 2 1/2 miles from the head of the inlet of Alice Arm. The storage-dam will be located near natural outlet of Clearwater Lake. The capacity of the reservoir to be created is about 450 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at storage dam and will be used for power for mining purposes upon the mine described as the Chikax Group. This notice was posted on the ground on the 26th day of January, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of his notice in a local newspaper. M. P. OLSEN. The date of the first publication of this notice is February 5, 1920.

TAKE NOTICE that Thomas B. Strain, of Vancouver, B. C., occupation returned soldier, intends to apply for permission to lease the following described lands:— Commencing at a post planted on the shore on Sewell Inlet about 3 miles distant and in westerly direction from the entrance of Sewell Inlet; thence 5 chains south; thence 40 chains east; thence to shore; thence following the shore line to point of commencement and containing 20 acres, more or less. **THOMAS B. STRAIN,** W. E. Green, agent. F.S. Dated 26th October, 1919.

**Mining News**

It is interesting to note for comparative purposes that British Columbia, with an estimated decrease of about 20 per cent in the value of mineral production for 1919 as against that of 1918, has to her credit a much better showing than the chief mineral producing states of the United States. Official figures as follows substantiate this statement—Arizona, decrease 46 per cent; Montana, 46 per cent; Utah, 47 per cent; Nevada, 52 per cent; California, 36 per cent; Colorado, 35 per cent; Idaho, 47 per cent; and New Mexico, 60 per cent.

The decrease noted in British Columbia was, of course, based upon the province as a whole and not upon this district, although there was a decrease in copper production here as well as in other parts. It will be safe to say that the production in the north coast district this year will exceed that of last because there will be a number of new shippers. Silver and gold will probably show the greatest increase, as it is probable that copper will not resume its great demand.

George E. Macdonald, general manager of the Pacific Great Eastern Railway, has resigned to take the position of general manager of sales distribution and traffic of the Blackstone Coal Co. of Edmonton. The mines are located in the foothills about 50 miles west of Edson at the mouth of Yellowhead Pass. The coal is bituminous and is said to be equal in quality to the Vancouver Island coal. The shipping capacity is now 1000 tons per day. The mines are owned by Messrs. C. W. Cross of Edmonton and Cameron and Davidson of Vancouver.

Queen Charlotte Island people are still confident that coal mining and oil drilling will yet become potential industries on the islands. They say that in time the Queen Charlotte Islands will become as thickly populated and as productive as Vancouver Island. The present oil drilling operations are being watched with a good deal of interest in all parts of the mining world and the importance of the discovery of actual quantities there would mean much for the Northern country and Prince Rupert as a distributing centre. If coal and oil became realities there, Prince Rupert would lack nothing to make it as great a commercial point as Vancouver is today.

Atlin hydro-magnesite is again being shipped to England after several years' lapse owing to the war. Last week, Nichol Thompson of Vancouver shipped the first consignment since 1914 of 50 tons. Shortly after the war began his principals, Mahor Limited, of London, ordered 200 tons, but immediately after the first fifty tons had been despatched shipment was discontinued for the reason stated. For more than two years Mahor Ltd. have been paying for storage in Vancouver.

In his bill to amend the mineral survey act, Hon. William Sloan believes he has a measure that will drastically curb, if not actually bring to an end, the activities of "wild cat" promoters. One of the prime objects of the bill is to ensure that money invested in mining and other enterprises will be spent in actual work, and "not for the benefit of brokers and promoters whose chief interest is commission." Promoters of mining companies must not only file their prospectuses with the registrar of joint stock companies, but also with the resident engineer of the district. The latter is to report on the truthfulness of the claims set forth in the prospectuses.

**MIXED GIRLS' TEAMS PLAYED BASKETBALL**

The Dry Dock Girls and the Maple Leafs met in a basketball game on Saturday afternoon in the St. Andrew's hall and the former were successful by a 3-1 score. Neither teams were complete so the result cannot be assumed as a defeat for the Maple Leaf team proper. Isabel Kelly and Inez Ross did some good playing for the Dock. Frank Tinnetti refereed the game very satisfactorily.

**"Wee MacGregor" DRAG SAW**

THE ORIGINAL LIGHT WEIGHT PORTABLE, GASOLINE OPERATED DRAG SAW & POWER PLANT (Frequently Imitated Never Equalled)

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or water. With equal facility and proportionate rapidity it will cut the small or large log up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 30 cords of wood a day. So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord. Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator. We carry in stock at all times in our Vancouver Warehouses a full line of service parts. In case of emergency there is no long wait for delivery.

## SAVE YOUR SIGHT

VISION—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

## Take No Chances Say Medical Men

Treat the Slightest Cold Promptly---It May be 'Flu' ---Is Their Advice.

Physicians learned something from last year's influenza epidemic they are applying to good purpose this year. They found that if they let "ordinary colds" get by without treatment they could not control the "flu," for in a great many cases these supposedly mild colds were nothing but the first signs of the more serious disease. The thing to do is to check these colds at once. It isn't safe to wait five minutes after you begin to sniffle or feel the slight fever and weariness that always herald a "cold." Just walk into the nearest drug store and order a box of Grip-Fix. Take two capsules according to the directions and you can begin to say good-bye to your cold. In the morning it will under ordinary circumstances, be gone. If it has obtained a firmer hold on you, the Grip-Fix treatment will have to be continued for a few more doses.

Grip-Fix is a combination of drugs that any competent physician would prescribe for colds. The formula is plainly set forth on every box and has a reputation of many years standing behind it. There can be no substitute for Grip-Fix. If you accept a substitute you are not fair to yourself. Demand the original—sold at 35 cents a box. On sale at all drug stores.

## B. C. INDIANS IN THE EAST

(Continued from Page 3.)

a representative of The Globe that Indians in British Columbia were being constantly imprisoned for catching salmon in the streams on their own reserves.

The delegation will demand that the fishing, hunting and water rights of the Indian tribes be fully adjusted. It is not intended to discuss the matter of fishing for commercial purposes, but the Indians claim that they have a clear aboriginal right to take salmon for food. The claim that the treaty regulations cannot be applied to the Indian tribes and that any attempt to enforce those regulations against the Indians is unlawful.

### Claim Compensation.

Compensation is claimed for inequalities of acreage or value, inferior quality of reserved lands, damage caused to timber and other natural resources, for all moneys expended by tribes in the land controversy. Also that general compensation for lands to be surrendered be made, by establishing and maintaining an adequate system of education, including day and industrial schools and medical aid and hospitals.

If the Government accepts the proposed basis of settlement of the allied tribes and desires to enter into negotiations the Indians are willing to accept any equitable adjustment, but they declare that they are not prepared to accept any settlement by compromise.

### Not Hopeful About Ottawa.

Discussing the prospects of the Indians' case, the leader of the delegation stated that the present Government of British Columbia had expressed its willingness to consider the basis of settlement, but he was not so sure of an equally open-minded attitude on the part of the Government at Ottawa. It seems that the attitudes of the two Governments have been reversed in recent years. Hitherto the British Columbia Government has been entirely opposed to the claims of the Indians, while the Federal au-

thorities used to favor their demands.

The delegation held an informal conference with members of the Indian Affairs Committee of the National Social Service Council, who promised to give the whole matter their best consideration at a full meeting of the committee.

## Sport Briefs

There were half a dozen young fellows on the Prince Rupert bound for Stewart yesterday who will form the nucleus of a baseball team at the mining camp. During their two days' stay here they were met by a number of Rupert fans and they say that they were likely looking lads. This is just an indication of the fact that there will likely be some good baseball teams in the north this season and there will probably be plenty of competition with Prince Rupert when the season opens up. Several Vancouver amateurs will likely find their way to various places in the district and they will be found on the line-ups of the various northern teams.

It has been decided by the executive committee of the Canadian Association of Amateur Oarsmen to bring forward the date of the Royal Canadian Henley next summer from Friday and Saturday, July 30 and 31, to Friday and Saturday, July 23 and 24. Since the original dates were fixed, the association was officially informed that the International Olympic Regatta which will commence on August 20 instead of September 24. The Canadian association found it necessary to advance the St. Catharines regatta otherwise there would not have been sufficient time left for the Canadian oarsmen to reach the Olympic course and make preparations for the races in which they will participate.

Amazing scenes of soccer football enthusiasm attended the last round of English cup games. In the 16 matches a total of 514,000 people were in attendance and the total gate receipts footed \$195,000. At the Chelsea versus Swindon match the receipts were \$25,300, a record outside the actual final. This is the big soccer event in England. A total of 63 clubs qualified for the competition proper. Games are played every two weeks, the losers dropping out until two remain who will play the final in London, April 24.

According to Al Lippe, the American manager of boxers, Georges Carpentier has signed with Theodore Vienne and Leon See, two French promoters, to box Jack Dempsey for a guarantee of \$100,000. He feels confident that the fight will be staged in Paris next December. A purse of \$200,000 and the motion picture rights have been granted to

**SHIRLEY MASON STARS AS RESCUING ANGEL**

Shirley Mason's success as a screen star is due wholly to her ability, winsome personality and her experience as an actress on the stage and in motion pictures. In her latest picture, "The Rescuing Angel," at the Westholme tonight, Miss Mason has a charming role in an unusually excellent story. As Angela Deming, the beautiful daughter of a bankrupt Miss Mason brilliantly displays her talents as a comedienne, yet she is not lacking in power to adequately portray the varied emotions associated with the part. Miss Mason's magnetism, her artistry and charm, in this portrayal, insures to her admirers a genuine treat when they see this admirable production.

The Christie comedy is an unusual one. It shows a vaudeville troupe on tour and is said to be funny beyond measure.
