Local Steamers in Collision Off Queen Charlotte Islands

Prince John was Beached Early This Morning and Salvage Vessel is Coming North; Prince Albert is Standing by with Passengers Aboard.

A collision occurred early this morning between the two local trunk steamships Prince Albert and Prince John at the entrance to Skidegate Narrows when the John was badly injured and was beached in four and a half fathoms of water at Hydah.

According to the information received by wireless by Superintendent Beaumont this morning, the Prince Albert was supposed to have been entering the narrows and the Prince John was going out. Captain Robertson was in command of the former and Captain Moorehouse of the latter. The Prince Albert was carrying only two passengers and not much cargo. The number of passengers on the John is not known but all were safely transferred to the Albert, which is standing by, and will remain until relieved. The John also carried considerable cargo.

The John was struck on the starboard quarter aft but just great was the damage does not appear. Superintendent Beaumont at once got in touch with the B. C. Salvage Co., who have despatched their salvage ship Algerine to the scene, when the vessel will be patched and taken to port repairs.

No definite arrangements have yet been made for the continuation of the services to Stewart and Hyder, but Mr. Beaumont has announced that while these would be a little late, one of the company's boats would keep the service going.

The Prince Albert was on her way south to Vancouver by way of the Queen Charlotte Islands and the Prince John was bringing cargo and passengers north. In the cargo was a shipment of thousand dollars' worth of sugar consigned to F. G. Dawson,

MOVED SECOND READING OF HOME RULE

Atmosphere as Ian Macpherson Makes Motion But No Disturbance.

(Special via G. T. P. Telegraphs.)
LONDON, March 30.—The second reading of the Irish Home Bill was moved in the House of Commons yesterday by Ian Macpherson, the chief secretary for Ireland, amid an atmosphere of excitement.

The Government, fearing that the Home Bill might cause a demonstration, had caused special guards to be stationed at Westminster, but their services were not needed.

Henry Drayton Says Offices to Be Opened Here.

(Special via G. T. P. Telegraphs.)
OTTAWA, March 30.—In answer to a question by W. A. Buchanan of Lethbridge in the House of Commons yesterday afternoon, Sir Henry Drayton stated that there are at present 33 offices in Canada where officials of the Finance Department are stationed for the administration and collection of income tax and business profit tax. Steps are being taken to open further offices at Dauphin, Man.; Lethbridge, Alta.; and Prince Rupert, B. C.

MAYOR OF CORK WAS VENGEANCE VICTIM

Daily Mail Says Evidence of Fact is Unimpeachable.

(Special via G. T. P. Telegraphs.)
LONDON, March 30.—Official inquiries have proved beyond a doubt that Thomas McCurtain, mayor of Cork, who was assassinated a week ago, was "actually" a victim of Sinn Fein vengeance," says the Daily Mail. It declares that the Daily Mail has obtained the information from an unimpeachable authority.

MUELLER HEAD OF GOVERNMENT

Introduces New Cabinet to German National Assembly and Talks Coalition.

(Special via G. T. P. Telegraphs.)
BERLIN, March 30.—The National Assembly met this morning with a large attendance of the members, the galleries also being packed. After introducing the new members of the Government, Dr. Mueller, the new premier, said he considered that a coalition of the parties was the only solid foundation upon which German policy could be based.

FOUR-ROOM SCHOOL AT ANYOX SOON AS CONTRACT IS LET

Tenders are being called for the erection of a four-room school at Anyox officially known as Granby Bay. This is to provide facilities for the steadily increasing youthful population of that thriving mining settlement.

Plans may be seen at the office of the Government agent in this city and at Anyox or Vancouver.

WILL TAKE MARKET

Northern Interior Co-operative Association Have Accepted City's Proposition.

During last night's council meeting a telegram was received from A. J. Prudhomme, general manager of the Northern Interior Co-operative Association, stating that his association would take over the city market under the conditions of the market by-law. Mr. Prudhomme expects to reach the city on April 4.

(Special via G. T. P. Telegraphs.)
NEW YORK, March 30.—The biggest consignment of gold that has been shipped into this country during the last two years from Great Britain, arrived Sunday on the Red Star liner Lapland, the total shipment amounting to nearly \$10,000,000.

FORGER STOLE JUNEAU CHECKS

Was Captured at Sita in State of Utah by Federal Agents.

(Special via G. T. P. Telegraphs.)

SEATTLE, March 30.—Dr. Robert E. Forbes, alias Carl C. Fisher and H. C. Johnston, has been arrested by Department of Justice operatives at Sita, Utah, after a 2,000-mile chase from Juneau, Alaska, where he is charged with the theft of \$2,000 worth of treasury checks, according to information received by federal agents here today.

Forbes is said to be a nationally known forger with a dozen aliases. He is wanted at Okanagan, Wash., where he broke jail last October.

STAY GRANTED ON TEARING DOWN OF BORDEN ST. FENCE

Mr. and Mrs. A. C. Clarke appeared before the City Council last night asking that a stay of proceedings be granted in tearing down the 8 foot 6 inch fence on Borden Street which has caused so much discussion at the council lately.

Mrs. Clarke stated that it was not a "spite fence" but was there for the protection of children. On motion of Ald. Murray, seconded by Ald. Rochester, it was decided that the fence be left alone until the arrival of the new solicitor and that his advice be taken before any further proceedings are taken to have it pulled down.

According to Mrs. Clarke the fence has been built for over four years and when she had asked permission for it, the then solicitor, Mr. Peters, had said that "she could build it as high as the heavens if she had lumber with which to do so."

James Lever arrived in town from Terrace on last night's train.

PROPERTY LOSS CHICAGO AREA WAS SIXTY MILLION

Large Death List and All Districts not yet Heard from as Result of Tornado that Swept Six States.

(Special to The News via G. T. P. Telegraphs.)
CHICAGO, March 30.—The death list of the Palm Sunday tornadoes that swept sections of three states stood last night at 160. The telegraph and telephone service with many isolated communities in the middle west had been only partly restored and indications were that the toll of death and destruction would be augmented. The known dead in six central western states numbered 150, while 55 were killed in Georgia and Alabama.

The property loss in the Chicago area alone was estimated at \$60,000,000 while in the other states affected the material loss was large. Elgin, Illinois, suffered the heaviest property loss, the damage there being \$4,000,000.

Conditions in Prince Rupert Make it Necessary to Get Mail on Sunday Evening.

The following resolution was moved by Alderman Rochester, seconded by Alderman McLennan, and carried unanimously by the city council at last night's meeting: "That a letter of protest from the city council against the closing of the lobby of the Prince Rupert post office all day Sunday be sent to the Postmaster-General and Col. Peck, M. P., requesting that the lobby be left open as heretofore until the government in its infinite wisdom sees fit to give the city a daily train service."

CINCHED ALLAN CUP
TORONTO LAST NIGHT

TORONTO, March 30.—The Falcons of Winnipeg are the winners of the Allan Cup for the champion amateur hockey team in Canada. They defeated the University of Toronto here again last night in the windup contest for the Allan Cup; and the right to go to Antwerp to take part in the Olympic games as Canada's champions.

Last night's victory was won by a score of 3 to 2 and the round was won by 11 to 5.

EARTHQUAKE SHOCK CLOSE TO VICTORIA

Record at Observatory Show that Earth Trembled for an Hour.

VICTORIA, March 30.—A clearly marked record of a seismic disturbance is reported at the Gonzales Hill observatory as having taken place at 9.9 p. m. Sunday. The vibrations of the seismic pendulum continued for an hour, Superintendent Napier Denison reports.

The records indicate that the earthquake would be approximately 320 miles distant from Victoria.

Council Favors Private Development of Power at Falls River, not Khtada

The City Council last night reaffirmed its position as being in favor of the development of Falls River power by a private company and suggesting that the city might buy power from them if offered reasonably. The matter came up last night in connection with the reading of two letters from William Young and another from George Winters in regard to the establishment of a private company.

The first letter asked that the city go on record as favoring the development of Falls River and Khtada sites by private enterprise to encourage the starting of industry in the district.

Heretofore it had been generally understood that the city was not in favor of company development.

The mayor explained that the impression that the city would obstruct such development was unfounded. The only thing that could be taken as an obstruction was the statement of the minister of lands that the city would have first chance at these sites for their own purposes. The city had looked over the Falls River project and thought it could not be used.

Not Encouraging.

Alderman McLennan was not in favor of the city relinquishing any of its rights. Alderman Casey also felt this way and thought that all the sites should be carefully investigated and that a report should be brought in telling what the city could use and what they couldn't before any concessions were made. Sooner or later the city would have to use some of these bigger sites and this future need should be carefully considered and reservations made. Until such time as a comprehensive report was made, he would not favor the encouraging of any sites being taken over by private enterprise.

Alderman Dybhavn stated that the Falls River plan might just as well be given up because transmission would be very difficult owing to the nature of the ground to be traversed. Khtada, however, was a better site and it should be left with the city.

Small Plant.

The second letter urged the encouragement of a private company coming in and building a small plant with the possibility of supplying the city and participating in the retail sale of power. The matter of the participation of the company in the retail business was immediately quashed.

A letter from George Winters along the same lines was also read. It was decided that both Winters and Young were pulling the same strings. It was finally ordered, on motion of Alderman Rochester, seconded by Alderman McLennan, that the letter sent to these people last August stating that no obstruction would be put in the way of a company developing Falls River for power purposes and that the city might buy power at the city limits if offered reasonably be reiterated in answer to the letters.

WILL TRY SCOWLOAD SMITH ISLAND ROCK

Tests Made at Vancouver Regarding Quality of Material.

The recommendation of the Board of Works to bring one scow load of rock from the Smith Island quarry to try out on the city streets was last night adopted by the City Council. The results of the tests have been sent from Vancouver and it was found that the quality of the rock from Smith Island and Tyee were almost identical. Ald. Kerr maintained that the Smith Island quarry would be the most suitable as it was half the distance of Tyee and water transportation could be used instead of rail. Moreover, the city could obtain an indefeasible title to the Smith Island quarry for \$2,700 while it would cost \$7,000 to obtain a lease of the Tyee quarry. The scow load of rock will be placed on the streets and it will be ascertained how it wears before any further action is taken as to obtaining a quarry for the city.

JUDGMENT WAS RESERVED OVER WESTHOLME DEAL

Mrs. Edwards, Defendant, Claims That no Fabrication Was Made.

The case of May Billings vs. Mrs. Edwards, nee Emma Houston, over the Westholme Lunch was heard in the County Court this morning and Judge Young has reserved his judgment. Evidence in the defence was given by Mrs. Edwards.

alleged by the plaintiff.

L. W. Patmore, acting for the defence, stated that no fabrication had been proved and, if there had been, it had not misled anyone. He claims that the whole business has a nasty smell and the crux of the situation was that Miss Billings had not given the service that Mrs. Edwards had given, therefore, the business had fallen off from what it had been under Mrs. Edwards.

W. E. Williams argued that there had been fabrication. Mrs. Edwards' own confidential servant, Annie Williamson, had become disgusted with it and had gone to Miss Billings telling her of it. Then action had been immediately instituted.

L. W. Patmore, in his rebuttal, argued that restitution could not be made anyway as, due to the fire, the defendant could not get back her business as it had been before.

ANOTHER LIQUOR CASE IN COURT

Harry Platts Was Arrested Last Night With 8 Medicine Bottles of Liquor on His Person.

Harry Platts appeared in the police court this morning charged with keeping intoxicating liquor for sale and his case was adjourned until tomorrow morning.

Sergeant Adams and Constable McGlinchy made the arrest last night as Platts was entering the Hub Cabaret and was about to unlock the door. On search being made eight medicine bottles of liquor were found on him.

WIRELESS CONVERSATION

A wireless telephone conversation was carried on last week between Captain C. H. Nicholson of the G. T. P. and Captain J. W. Troup of the C. P. R., one in Vancouver and the other in Victoria. The instruments were installed by the Marconi Wireless Co. and the demonstration was quite successful.

Prince Rupert in The Public Eye.

Prince Rupert is more and more coming before the public as a centre of activity, brought about largely by its natural position and its many physical advantages. Mining and shipping journals tell of the prospects here and others are following suit. As an example take Toronto Saturday Night. In a recent number that excellent weekly says:—

"Hon. Wm. Sloan, Minister of Mines for British Columbia, in a recent review of new developments in Northern and Central British Columbia, stated that in the next few years Prince Rupert is bound to become the centre of one of the richest mining fields in the world. Latest developments in the vicinity of Alice Arm, Stewart, Hazelton, and numerous other points indicate very rich properties. A well known mining engineer, Mr. Alfred C. Garde, of Vancouver and Prince Rupert, is responsible for the statement that 'The wealth to be obtained from the mineral riches of British Columbia would be more than enough to pay the whole of Canada's national debt and leave plenty more to carry on with.' In speaking of the importance of establishing an iron smelter and iron works, where ore, coal, water and transportation facilities are to be found, he says: 'I have spent ten years in the north and the new fields along the Grand Trunk Pacific Railway, which is popularly known as the Copper River District, and it is very rich in all the necessary ores for the establishment of a smelter and iron works. The ore is of superior quality.' In a statement given to the Vancouver press, Major George Hull, district engineer of the Dominion Department of Public Works at Prince Rupert, says: 'This coming summer, Northern British Columbia is coming into its own. You are going to see a boom in mining, particularly in the Stewart and Alice Arm districts, that will eclipse anything previously seen in this country. The coming activities in mining is going to have as big an effect on the future of Prince Rupert as the rush to Dawson had on Vancouver and Seattle.'"

Exclude Horses From the Streets.

Some years ago the editor of this paper in an editorial article in another paper expressed the opinion that the time would come in the not far distant future when horses would not be allowed to be driven on the streets, and suggested that from a sanitary point of view this was something very much to be desired. A news despatch to the Vancouver papers a few days ago tells that Denver, Colorado, is preparing to put a regulation of this kind into force. That city has given the horse until January 1, 1925, to get out, after which no horses, cattle, sheep or swine may be kept within the city limits or driven on the streets.

Will Be Shock To Many People.

It will be a shock to many people to find their old favorites disappearing. They like a live horse better than the dead machine. If these same people will consider, however, how much cruelty has been practised on the horse in the name of civilization they will at once admit that it is good for the horses to be kept from the peddler's cart, and from the wagon of the man who habitually overloads his team.

The horse in the field is a splendid creature, and ridden by a kind master he is often a personality, a friend rather than a slave. The horse in the city, however, tends to become a debased creature, insanitary and sometimes dangerous. He has to go before the rapid advance of modern civilization.

Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1924. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,

Your obedient servant,

(Signed) W. J. LYNCH,
Chief of the Patent Office.

Harry Hanson, Esq.,
139 Second Avenue,
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.

PRINCE RUPERT, B. C.

PROBABLY WAS SUICIDE CASE

Alice Arm Miner Mysteriously Left
Hospital and Not Seen Since;
O. B. U. Protest.

OWNER OF ESPERANZA
AND OTHERWISE WEALTHY

A delegation from the Central Labor Council consisting of J. H. Burrough (spokesman), S. V. Cox and Fred. Shaw appeared before the city council last night to protest the action of the authorities in the matter of the disappearance of Baldemero Salinas, a Spaniard of Alice Arm and owner of the Esperanza mine there.

From the story of the delegation it would appear that Salinas had been an inmate of the hospital and was mentally deranged. On March 2 he left the institution and has since disappeared. He was seen on Hays Creek bridge acting in a strange manner and talking about committing suicide. His friends are afraid that he has taken this action. The point protested is that his leaving the hospital was not reported.

Not on Record.

Alderman McLennan, who is a member of the Hospital Board, told that his entry at the hospital had not indicated that he was mentally unbalanced. The doctor may have known this but as there was nothing on the hospital records to show it the hospital officials could not be held responsible. He had been in the habit of sleeping at the hospital and going out during the day, sometimes staying till evening. When he had finally left and not returned there was not much notice taken of it.

Suggested Neglect.

Ald. Casey stated that he understood that the doctor knew of his mental state. It had been reported by his friend Gomez. There was no question as to his mental disability, as people had noticed it in the hospital and prior to his going there. In fact the man gave way. Ald. Casey thought it was gross neglect to not report the matter and it was wrong to give him unrestricted liberty. To let him disappear without reporting it was the protest of the delegation and he would join in it. The alderman also stated that he had been seen to attempt to jump over Hays Creek bridge one evening at 9 o'clock. He had an estate of \$3,400 cash and also mining interests. The thing should be brought to a head.

Serious Matter.

Mayor McClymont remarked on the seriousness of the matter. Probably no one was responsible at the hospital. It was news to him that there were any cases of this nature there. He ordered the matter to be investigated by the members of the hospital committee, Aldermen Murray and McLennan. The official administrator is to be notified.

"THE BETTER WIFE" AT THE WESTHOLME

"The Better Wife," a Select Picture which Clara Kimball Young and her own company will present at the Westholme Theatre tonight is a delightful love story of England and the Continent. Miss Young has the part of Charmian Page, a young American girl who is touring Europe with her father. One day while she is visiting her friend Helen Kingdon in England, she becomes acquainted with Sir Richard Beverly, whose wife, Lady Beverly, is killed while racing in a car to meet her lover. Charmian falls in love with Sir Richard's son, Little Dick, and becomes practically a mother to him. Charmian is also in love with Sir Richard, but the Baronet hesitates to speak of his love because of the sacred memory of his wife. He does not know until later that someone else would have made a better wife.

TRAIL TO SEAL COVE NEW MARINE WAYS

W. E. Thompson, of the Seal Cove Marine Ways, appeared before the city council last night asking that a trail from his plant to the grade at Eighth Avenue be put in. The trail would be about 1,500 feet in length and would probably cost about \$75. The mayor and the city engineer were out looking the situation over this morning and will report at the next meeting of the council.

Suits that are pressed frequently and cleaned occasionally wear 25 to 50 per cent longer.

How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your clothier. They will inform you that suits frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shaper better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern clearing and pressing service, which is specially organized to

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

LAND REGISTRY ACT (Sections 36 and 134.)

Re Application No. 11484-1. File 6304.
TAKE NOTICE that application has been made to register Stephen B. Adams, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the city of Prince Rupert, more particularly known and described as Lot Three (3), Block Eight (8), Section One (1), (Map 923).
You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert, B. C.) and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."
AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Stephen B. Adams.
And inasmuch as, on investigating the title it appears that prior to the 9th day of October, 1918, (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.
FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Stephen B. Adams unless you take and prosecute the proper

proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.
DATED at the Land Registry Office, Prince Rupert, B. C., this 26th day of November, A. D. 1919.

In the Letter Box

BRADY NOT WRITER

the Editor—
On Saturday afternoon it was
presented to by Mr. Moersch who
the role of "That Rascal"
at the St. Patrick's concert.
The opinion was quite general
throughout the city that from
views of "jealousy and disap-
pointment" at not being on the
programme on that occasion, I
went to the press attacking the
and players under the nom-
volume of "Irishman."
before clearing myself of ever
entertained any such mo-
I wish to state that in the
controversy re St. Patrick's
none of the letters which
appeared in your columns were
written by me, as you, Mr. Editor,
testify.

Agrees With Letters.

Furthermore, I had no connec-
whatsoever, directly or in-
directly, in aiding or encouraging
the. By this I do not wish to
give the impression that I do
agree with "Irishman," "Eire"
"Not an Irishman No 2," in
denunciation of the play.
the contrary, I heartily com-
mend their action, as I too was
extremely disappointed at the
feature staged. But, as this
letter is closed, I have no desire
to reopen it for further discus-

has been my policy through-
out my life to sign every letter I
write to the press with my name
and policy which I hope to adhere
to the end.

Personal Motive.

My motive in writing you, Mr.
Editor, is purely a personal one.
I wish to clear my name of the
versions that have been cast
on it in the eyes of the public,
a misdescript and ignorant writ-
ing of the type of Rip Van Winkle
and, without any grounds what-
soever, have accused me of motives
of personal spleen, ill becoming
in my position. I pride my-
self on giving a square deal to
all, and as a man's reputation is
dear to him, I cannot allow
the slightest stain to be un-
justly placed upon mine. As
Shakespeare says: "He who
steals my purse, steals trash, but
who filches from me my good
name, robs me of that which not
steals him, but makes me poor
indeed."

Direct Reference.

Mr. Moersch told me on Satur-
day that the letter signed Rip Van
Winkle referred specially to me
and was emphatic on this point,
leading me to infer that he knew
the writer. To satisfy Rip Van
Winkle, as well as any sceptic
I may still have doubts, I may
state that four or five years ago I
denied this very play, when
it was proposed to have it pre-
sented on the stage at a St.
Patrick's concert.

I trust, therefore, that this
letter will fulfil two objects. First,
it will be sufficient to show
that I am specially interested, that
I am Van Winkle's inuendoes di-
rected towards me, as well as
those of others were completely
founded, and, entirely out of
context; secondly, that it will help
to set in their proper light the
content of the letters of "Irish-
man," "Eire" and "Not An Irish-
man No. 2," which were written
by any unbiased person can
not through motives of
jealousy and disappointment "but
from motives of "justice and
equity" to condemn—what all
thinking Irishmen are agreed
is a slur on the Irish character.

Ignorance Dies Hard.

In conclusion, I wish to say that
I have not the least intention to
sign Rip Van Winkle to my way of
thinking, for, well I know, that

ignorance dies hard, and that
there still can be found, as in
Shakespeare's day "periwig-
gated fellows, who though they
may make the unskillful laugh,
cannot but make the judicious
grieve; who have so strutted and
bellowed, that I have thought
some of nature's journeymen
made men, and not made them
well, they imitated humanity so
abominably."

MR. BRADY ANSWERED

To the Editor—In Mr. Brady's
letter he states that I led him to
believe that I knew the writer who
signed himself "Rip Van Winkle."
The contrary is the truth. What
I did say was that "I knew that
no one connected with the Sham-
rock Dramatic Society wrote it"
and "that I did not know the
author, who was evidently taking
a 'dig' at him."

I might state that I went to Mr.
Brady as a friend, to give him an
opportunity to clear his name
before the public.

Speaking on behalf of the
Shamrock Dramatic Society, our
policy was to treat this contro-
versy with silence. Since I have
been forced into it, may I be per-
mitted to say that the Shamrock

Where Belts Meet Dampness!
**Goodyear Extra Power Belt Delivers
Power and Lasts**

Damp or wet belts usually slip more easily than dry belts.
Water and moisture form a thin film between pulley and belt.
Here "Extra Power" Belting especially displays its advantages.
Where there is water, moisture or steam—around the beaters in paper mills, for instance—Goodyear Extra Power delivers the power load just as under more favorable conditions.
Because Goodyear Belting has a rough friction surface which bites through the film of water and clings to the pulley, costly slipping is overcome.
Moisture rots belts, if it gets into them.
Goodyear Extra Power is rubber-sealed against moisture.
Not just enclosed in a rubber envelope.
The high-grade rubber in Extra Power is forced through and through the fabric, surrounding and protecting every strand, making the belt practically a solid unit.

That Goodyear Extra Power Belting is just as efficient and just as economical in damp or wet places as in other transmission uses, is proved by these satisfied users:
The Provincial Paper Mills of Thorold got 16 months' service from Goodyear Extra Power on a Jordan Pump where they had been getting about one month's service. They also say—"In the room where our beaters are located, the air is constantly damp. Here we have found Extra Power so superior that we use it exclusively."
Some other firms who will be glad to tell you of the satisfactory service of Goodyear Extra Power under damp conditions are:
