French Troops Enter German Cities to Enforce the Treaty

Proclamation says No Hostile Intent toward People of Region and will Withdraw as soon as Germans Evacuate Neutral Zone

(Special to The News via G. T. P. Telegraphs.)
MAYENCE, April 6.—French troops entered Frankfort and Darmstadt at five o'clock this morning, encountering no resistance from German Government forces. Only a small German force was left in Frankfort as police protection for the people, the main body having withdrawn yesterday afternoon and last evening. The German Government garrison of Darmstadt left at midnight to avoid contact with the French and this morning is six miles east of the city.
General Degoutte has issued a proclamation to cities and towns within the area to be occupied, stating that the French troops have crossed the Rhine to compel the German Government to respect its agreement with the Allies and asserting that there is no hostile intent toward the people of that region.
The proclamation further says that the French troops will withdraw as soon as the German Government forces have evacuated the neutral zone. All cities, towns and districts in the occupied area are declared to be in a state of siege.

COMMUNISTS LOOT STORES AT ESSEN

Armed Brigands Loot Post Office at Maon.
LONDON, April 6.—Communists began looting at Essen early today, according to a news agency despatch from Berlin. Mobs plundered the confectionery, food and shoe stores. Armed brigands held up the Maon post office and obtained 1,000 marks.

BIRTH
A son was born to Mr. and Mrs. Sidney Cooper of Telkwa at the Prince Rupert General Hospital yesterday.

SHAMROCK III. WILL CROSS OCEAN TO TUNE AMERICA CUP RACES

SOUTHAMPTON, April 6.—Sir Thomas Lipton's 23 metre Shamrock III, which will be used in tuning up races with Shamrock IV, America Cup challenger, off Sandy Hook this spring, was launched here yesterday. She had been in drydock during the winter.
Shamrock III. will sail for America on Wednesday without escort.

DOLPHIN CONTRACT HAS BEEN AWARDED

Accommodation for Larger Boat Landing at Stewart Is. Let.
The contract for the driving of the three dolphins at the Stewart wharf has been let to Mark Hyatt of this city. This work will allow large steamers like the Prince Rupert to land at Stewart.
It is unofficially reported that the contract for the new Stewart wharf has been let to W. T. Muse of this city.

Year in Jail for Winnipeg Leaders

Six Men Convicted of Seditious Conspiracy to serve Twelve Months and Bray Six for being Common Nuisance

(Special to The News via G. T. P. Telegraphs.)
WINNIPEG, April 6.—One year in jail is the punishment imposed upon the Winnipeg strike leaders convicted on March 27 of seditious conspiracy and committing a common nuisance. Sentence was imposed this morning by Mr. Justice Metcalfe on the six convicted leaders, Rev. William Ivens, W. A. Prichard, R. J. Johns, John Queen and George Armstrong. They were given one year each on six counts of seditious conspiracy and six months for being a common nuisance, the sentence to run concurrently.
R. E. Bray was sentenced to six months in jail for being a common nuisance.

FISH CAUSED ANNOYANCE TO GOVERNMENT

Police Stations and Barracks Were Demolished in that Country.
(Special via G. T. P. Telegraphs.)
DUBLIN, April 6.—Although there was no real Easter rebellion in Ireland, the Sinn Feiners gave the Government nearly as much annoyance as if there had been. Demonstrated a widespread organization and the secrecy with which the coups could take place simultaneously in every part of the island.
Over 150 police stations and barracks all over Ireland were demolished. Warships have arrived in Lough Swilly in the northern part of County Donegal and are patrolling northern waters.

FRENCH AND BRITISH GENERALS REVIEWING POILUS

General Dupont (French) and General Hoking (British) with their staffs are seen reviewing a detachment of Poilus. It is not certain whether the Allies will take a hand in present chaotic conditions in Germany, but if they do, scenes like the above will be frequent.

DAFFODIL BALL A GREAT EVENT

Everything Conspired to Make Easter Annual of Queen Mary Chapter Signal Success.
GOUTIFUL GOWNS ADDED ATTRACTION

Seldom if ever, in Prince Rupert there has been a more enjoyable affair than the Daffodil ball given last night by the Queen Mary Chapter of the Daughters of the Empire. Everything conspired to make the event a conspicuous success. In the first place the ladies of the chapter worked hard to insure that nothing they could do should be left undone, if it would add to the pleasure of their guests.
The attendance was larger than any year, plenty large enough for the capacity of the hall, some couples like one hundred couples filling the floor at one time. The hall had been gaily decorated with the emblems of the order and the effect was most pleasing. It was in the supper room that the deft hands of the lady artist were seen. The big tables were set in evidence, but small ones were placed in such a way as to group the dancers and take away the stiffness and formality of other occasions. Daffodils decorated the tables and the viands were most tempting.
Gray's orchestra gave a plenteous of music, responding again and again to the insistent demands for more.
The scene presented was certainly a picturesque one. The somewhat sombre evening clothes the men threw into marked

Labor Leaders Endeavor To Break Insurgent Strike of Chicago Switchmen

(Special to The News via G. T. P. Telegraphs.)
CHICAGO, April 6.—A break in the strike of several thousand "insurgent" switchmen in the Chicago switching district affecting eleven railroads is predicted by A. F. Whitely, vice-president of the Brotherhood of Railway Trainmen. Mr. Whitely said that several hundred union switchmen from many points in the middle west arrived to take the place of the strikers.
The Brotherhood of Trainmen, with which the railroads affected have working agreements, has declared the strike illegal and is co-operating with railroad officers in efforts to bring about a resumption of work.
A strike of 350 switchmen on the Chicago Junction Railroad, which serves the stockyards, partly crippled the activities at the packing houses and 3,000 men are out of employment.

LOGS COMING FOR SEAL COVE LUMBER MILL

The opening of the Seal Cove mill under the management of the Prince Rupert Lumber Co. has been slightly delayed on account of the impossibility to get logs to the plant during the recent unfavorable weather.
A boom of large logs from George town is now on its way here, having left there at 5 o'clock this morning. It got as far as Metlakatla by noon and should be here some time tonight in readiness to start sawing.

ARMY OFFICERS FOR PROVINCE

3,500 Expected to Come to Province to Locate in Fraser and Columbia Valleys.
(Special by G. T. P. Telegraphs.)
VANCOUVER, April 6.—Thirty-five hundred British former army officers are expected to locate in the Columbia and Fraser valleys this year, according to Canadian Pacific Railway officials.
Arrangements to transport the prospective settlers to Canada have been completed and the first contingent will leave the Old Country within a few weeks, it is said.

JAPANESE IN VLADIVOSTOK

Officers of Revolutionary Regiments Have Been Executed.
VLADIVOSTOK, April 6.—Japanese troops yesterday occupied Vladivostok after eight hours' severe fighting in all parts of the city. Some of the officers of the revolutionary regiment already have been arrested and executed. All Russians have been disarmed and the Japanese Imperial flag is flying in place of the Russian ensign from all government buildings.

SNOW STORMS ON FISHING GROUNDS

Andrew Kelly in With 60,000 lbs. Booth Fisheries Buy Smaller Catches—Prices High.
Heavy snow storms on the fishing banks are driving the fish boats into the harbors and the fish arriving for this morning's sale was rather small, hardly a carload being sold outside of the catch of the Cold Storage trawler Andrew Kelly, which arrived during the night with 60,000 pounds.
The following boats sold this morning: Bartolome, 7,000 lbs.; Zibalos, 4,000 lbs.; Saturn, 3,500 lbs.; Ringleader, 4,500 lbs.; and Volunteer, 3,000 lbs. to the Booth Fisheries at 18.5c and 15.5c.
The 1,000 pound catch of the Petrel was sold to the Cold Storage at 18c.

HEADQUARTERS AT THIS PORT

President Kelley Has Replied to Petition Sent by Board of Trade Committee.

FAVORABLE ANSWER PRACTICALLY ASSURED

In answer to the letter sent to Howard G. Kelley, president of the Grand Trunk Pacific Railway urging the advisability of establishing the headquarters of the Grand Trunk Pacific Coast Services here, the following letter has been received by the committee, consisting of M. P. McCaffery, G. W. Nickerson and F. G. Dawson appointed to look into it.
"The question of moving the headquarters of the steamship company has been an active and important one before the management of the property for several years.
Conditions Changed.
"I think we must admit that the original selection of Vancouver as the headquarters of the steamship line was wise and justified by the conditions at that time. Subsequently certain changes have been made, and it was felt that the altered conditions warranted them. Acting upon this principle, I transferred the accounting office from Vancouver to Prince Rupert, and established at the latter point a superintendent of the steamship line. By these actions a considerable number of shore employees were brought to Prince Rupert.
"The next step was to establish an actual working shipbuilding plant at Prince Rupert in order to increase the business prosperity of that city; and incidentally placing the company in a position to have all its own ship repair work performed at Prince Rupert. This was a long and difficult plan to accomplish, but it has been done, and all the company's work is now undertaken at the plant.
Staff in South Small.
"The remaining force of the steamship line at Vancouver is small, in respect to the number of employees, but I appreciate the natural desire of the citizens of Prince Rupert that the actual headquarters of the steamship company should be transferred to that city. Since the close of the war, the railway situation has been very unsettled, but I am sure this is a subject that will be given the most earnest and sympathetic consideration in the interests of Prince Rupert, by those having charge of the operation of the Grand Trunk Pacific properties.
"HOWARD G. KELLEY,
"President."

WARREN TO HAVE CONTROL OF GOVT. RAILWAYS IN WEST

A. E. Warren, of the Canadian National Railways at Winnipeg, is to manage all western roads, according to an intimation given in a wire received by the local Board of Trade from C. W. Peck in connection with car shortage. The member suggests that it might be well to get in touch with Mr. Warren in connection with the shortage.

BLIND MEN ARE MARCHING TO LONDON TOWN

Will Urge on British Premier Proper Care for Blind Citizens.
(Special via G. T. P. Telegraphs.)
LONDON, April 6.—About 80 blind men set out from Manchester to walk to London. With other bands of blind men from various parts of the country they intend to make representations to the Premier, urging that provision should be made for training and security of livelihood of blind citizens.

REDS KILLED RUHR DISTRICT

Three Hundred Communist Fatalities Trying to Stop Soldiers.
(Special via G. T. P. Telegraphs.)
LONDON, April 6.—More than 300 Reds were killed when the Ruhr Communist army attempted to stop the advance of the German Reichswehr near Pelkum, a news agency despatch from Berlin today said.

Irish Situation Is Getting Worse.

The situation in Ireland seems to be getting worse. This is the time when legislation affecting Ireland is being put through the British Parliament, so doubtless the outrages have somewhat of a political significance. Once the Home Rule Bill is passed and goes into operation things may improve. They cannot get worse at any rate, without some stringest action being taken.

Air Force for This Country.

If there is to be a military force at all in this country, there must be an air force, for the late war made it clear that the air force was one of the most important of all in the conduct of the various campaigns. The country that controls the air is likely to win.

It seems as if there should be a close relationship between the military and civil departments of aerial navigation. The men who are actually flying would be the first called upon in case of need. For that reason it would seem as if every encouragement should be given to the teaching of aeronautics and of interesting people generally in air navigation. Whether the proposed action of the Dominion will do this is not yet clear.

Order of Bath Is Very Important.

The order of the bath is not as common as it might be in this country. People do not bathe regularly enough, either for their own health or for the pleasure of others. It is very desirable to keep in good condition. For people who wish to associate with others it is just as necessary that there shall be no sweat odors, that may be objectionable. It may be thought that this is imagination and yet for those with an acute olfactory sense there is nothing more objectionable than close association with those who fail to bathe.

Church Music Is Improving.

The effect of the recent revival of music in this city is seen in the improvements to some of the church choirs. Efforts are being made by most of the city churches to keep in line with the spirit of the times and to provide music of a high character. It is a most commendable spirit and is bound to bear fruit in increased church attendance.

Any Waste Is a National Crime.

Lady Askwith in a speech in England recently said that the cost of living was driving the life out of the people of England. She could see a great deepening in the eyes of both the men and women as they scrimped and saved to buy the children's boots. Was this necessary? If the saving was to pay for the war there was not a woman in England who would not pinch to pay it off. If it was for the disabled soldiers they would give every penny up for them; but if the wealth of the nation was to be wasted by anybody it was time to interfere. Since women had got the vote all the younger members of Parliament were terrified of losing their seats. Women must use their power to stop waste and limit high prices. There were two sorts of waste they had to stop. One was the waste in their own homes; every crumb of bread wasted was an absolute crime. The second was Government waste, such as that revealed in the report of the Committee of National Expenditure. These things had resulted in the waste of men's happiness, children's chances, and women's lives.

But "Fruit-a-lives" Brought Health and Strength

29 St. Rose St., MONTREAL.
 "I am writing you to tell you that I owe my life to "Fruit-a-lives". This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about "Fruit-a-lives" and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well!"

***** PRINCE RUPERT TIDES *****

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

LAND REGISTRY ACT (Sections 26 and 134.)

Re Application No. 11085-1, File 6207.
 TAKE NOTICE that application has been made to register Edward H. Mortimer, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 19th day of July, 1918, of ALL AND SINGULAR what certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert more particularly known and described as Lot seven (7) Block forty-one (41) Section Eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of notice which may be effected by publication in the Daily News, and your attention is called to section 26 of the "Land Registry Act" with amendments, and to the following extract therefrom:

"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold or taxed, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Edward H. Mortimer, AND WHEREAS on investigating the title it appears that prior to the 14th day of September, 1915 (the date on which the said lands were sold for overdue taxes) you were the registered and assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Edward H. Mortimer unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 20th day of August, A. D. 1919.

H. F. MACLEOD, District Registrar of Titles. To Paul Hartman, Esq., Care Hotel Bank of Canada, Prince Rupert, B. C.

DECENNIAL OF SKEENA LODGE

Knights of Pythias Celebrate Life of Decade in the City With Festivities.

The banquet commemorating the Tenth Anniversary of Skeena Lodge No. 45 Knights of Pythias held in the Castle Hall last night was a complete success and in many ways exceeded the hopes of the officers and members of the lodge. About 125 persons seated themselves at the sumptuously-spread tables and the festivities commenced about 9 o'clock. A program of toasts and musical numbers was arranged that was neither too long nor too short, and allowed the guests to get away before midnight to enjoy other affairs celebrating the opening of the social season.

Rev. Dr. Grant spoke his blessing over the banquet table and the repast was then commenced. The menu consisted of a variety of cold meats and salads garnished with all manner of condiments. Then came the jellies and fruit salads which, indeed, tickled the palates of the banquetters. There was a profusion of pastries and generous provision had been made for all. Those who saved their appetites for the occasion had no room for disappointment. Immediately after the dining had ceased Toastmaster Cyril Westaway proposed the toast to the King which was responded to in the usual manner.

Fraternal Societies.

The feature of the evening was the address of United States Consul E. A. Wakefield on "Fraternal Societies." Mr. Wakefield treated the subject in his usual clear, concise manner. He gave a brief outline of the traditions of fraternal orders, telling of their scope, the reasons for their existence and the important part they had taken for centuries in the social life of various nations. The keynote of all was a mutual desire for friendly intercourse and the uplifting virtues attendant. He told of the principles of the Knights of Pythias order as based on the friendship of the two Pythagorians, Damon and Pythias. In closing his address Mr. Wakefield complimented the local lodge on its attainments in its life of a decade and wished it a long and prosperous usefulness in the community.

Toast List.

The toast to "Our City" was proposed by Fred. Stork who told of his twelve years' residence here, stating that he intended to make it his home for the rest of his life. The toast was responded to by Alderman Perry who went Mr. Stork one better, stating he had lived here for thirteen years. Mr. Perry illustrated the difficulties of city building and the comparative ease in so doing here.

The toast to the "Returned Soldiers" was proposed by H. M. Daggett who drew attention to the honor roll of Skeena Lodge. This was answered by J. H. Kelly, M. —, who emphasized the necessity for the citizens to get behind the memorial plans. The toast to the ladies was proposed by D. S. Cameron. He told of the great part they had taken in the world war. This toast was answered by W. W. Wright in humorous vein. W. S. Fisher briefly proposed the toast to "Kindred Societies." This was responded to by J. Steen, fog Tyee Lodge, A. F. and A. M.; W. Chapman, of the Oddfellows; J. Myhill-Jones, Sons of England; W. Brown, St. Andrew's; W. E. Thompson, Sons of Canada; E. Stockland, Valhalla. The keynote of the responses was the mutual desire for the betterment of the city.

Musical Program.

The musical program consisted of a number of well rendered instrumental selections by Harry Harvey and Miss Lillian Stephen. A trio consisting of Dr. A. H. Bayne, cornet; R. Arthur, violin, and J. Stephens proved pleasing. A violin solo was also rendered by Harry Harvey, J. Stuart Pudney recited "The Haggis of Private McFee," which was enjoyed fully. The number which took down the audience was the solo "Because" sung by A. Bently in his rich baritone. He answered the applause with "The Dear Little Girl," which was equally delightful. With the joining of hands and the singing of "Auld Lang Syne" the happy event was brought to a most successful conclusion.

For the important part of the affair, the catering, a good deal of credit is due to the ladies of

Suits that are pressed frequently and cleaned occasionally wear 25 to 50 per cent longer.

How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your clothier. They will inform you that apparel frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shaper better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern cleaning and pressing service, which is specially organized to meet your individual needs.

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

HAZELTON

A daughter was born to Mr. and Mrs. W. Leary, of Morricetown, on March 27.

Harry Miller's redoubtable little Ford, the veteran of many narrow escapes and misfortunes, was the first car to make the trip between New Hazelton and Hazelton this spring. The journey was made last Friday.

Miss Nock of Vancouver arrived here Wednesday night to enter upon a course of training at the Hazelton Hospital.

There was born to Mr. and Mrs. W. Henley, of Vanderhoof, at the Hazelton Hospital on March 29, a daughter.

Al. Lougheed, an old timer in the district, has rented the hotel at South Hazelton and will reopen it shortly.

R. W. Franklin, of Prince Rupert, has taken a position with Lamson & Hubbard and will reside here with Mrs. Franklin as soon as he can obtain a residence.

Charles Patrice was sentenced to four months' imprisonment by Magistrate S. H. Hoskins last week for obtaining money under false pretences.

This is another of Mrs. Hall's ideas and a very good one it is. She says: "When the porridge is ready for the table stir in about five tablespoons of Pacific Milk. Beat it well for a few minutes and serve."

This is for porridge for four people.

INCREASED RATES FOR ADVERTISING

The continuous increase in the costs of production, both in wages and material, has made it necessary for the advertising rates charged by the Daily News to be revised, and the new rates will take effect after this issue. From now on, transient display advertising will cost \$1.25 per inch per insertion, and if required on the front page, \$2.00 per inch. Reading notices will be charged at 25c per line per insertion and classified advertisements 2c per word. The rates on the other particular classes of advertising are shown on the new rate card, which may be had upon application.

Georges Carpentier, the French heavyweight, is to visit Vancouver in the course of his tour of North America. Accepting an invitation from the Vancouver Sportsman's Club, the big Frenchman is due to appear in Vancouver in June. He will be accompanied on his tour by a Belgian heavyweight with whom he will give exhibition bouts.

Boston bookies, who, heretofore, have centred their efforts on horse racing, have now entered the field of golf, and there is considerable resentment among players of the game. The bookmakers made up big sheets on the Florida tournaments and circulated literature inviting the public to inquire about prices on coming tournaments. It is likely that players of the game will be stirred to action against the practice.

Despite stories of England's poverty, the racing season opened there last week with an unparalleled betting boom. On the Lincoln Handicap, the first important race of the year, it is estimated that more than a million pounds sterling passed hands in wagers. Every class from the aristocracy to the humblest workman wagered on the result. Of some thirty horses entered in this event, at least six are owned by new war millionaires.

The Fort Hays Normal School in Kansas is in the grip of what professors describe as a "student soviet," whose principal occupation is throwing professors into the lake on the college campus, according to a professor. The state authorities have been telegraphed for protection and the attorney general has directed that the persons responsible for the disorders be prosecuted. While the president was away the student body posted a notice that all members of the faculty report at a certain time to aid in building a running track. Three professors were thrown into the lake when they failed to turn up.

THE POLICE FORCE

Editor, The News:—
Will you permit me space in your paper to give the electors of Prince Rupert the reasons for my motion to discharge the entire police force.

In the first place there has been for months past a feeling of jealousy and distrust among members of the present city police force.

Past experience has taught me that lack of harmony and co-operation in any club, institution, or public body is a disastrous state of affairs with only one ending—failure. Now I want the public to fully understand that I can state individual cases of jealousy and illfeeling, but it will serve no useful purpose and undoubtedly cause more bad feeling than ever.

The most efficient body of police in the world are the R. N. W. M. P. Why? Because they are never allowed to stay in one place long enough to make too many friends—another reason.

Individually we have some good officers, but certainly they are not 50 per cent efficient.

If my motion carried, I would advise the rest of the police commission to select a chief of police from the applications received for that position and then let the new chief choose his own officers from the applications we turn over to him.

I am certain that no body of men in the world are more open to offers of bribery than police officers and it is much to their credit that so few badly fall.

The police always have been an underpaid body of men and I want to go on record as being in favor of paying our city force salaries that are large enough to live comfortably and honorably on.

J. MYHILL-JONES,
Police Commissioner.

The Man in the Moon SAYS:—

THAT this is the time to line up to the Metlakatla bar, for it will soon be gashed in the middle.

THAT this is the only action against the bar the Dominion Government has taken.

THAT there seems no chance of Prince Rupert people going hungry with such a Bulkley of beef close at hand.

THAT with clothes as dear as it is today, no wonder some people do not wear very much at times.

THAT a friend of mine wants to know how much I think an evening gown would cost if it reached all the way to the neck.

THAT milk is still going down, although the price is no lower.

THAT a lot of young men around town have entered the big race. That they are trying their darndest to see how much tobacco they can burn up in a week and they keep beating the record.

THAT the Daughters of the Empire never even asked me to dance the moonlight waltz last night.

THAT my little friend who snoops around and dances now and then says he has been trying to learn lessons from the ball.

THAT one lesson is that there is a peculiar art in choosing a partner.

THAT it does not look well to hold a partner too tight or too close up.

THAT it is not wise for a man who does not know how, to try all the latest vagaries of the ball-room.

THAT a good-looking partner is highly desirable, but oh you girl who knows how to dance and is not a burden to the weary!

TIMBER POLICY OF GOVERNMENT

Matter of Log Export Recently Before Legislature is Explained.

VICTORIA, April 6.—When the Hon. T. D. Pattullo, minister of lands, introduced his amendment to the Forest Act he did so with the knowledge that he was making provision for the continuation of a policy already in operation in connection with the exportation of logs from this province. In moving the second reading of the bill he took occasion to point out to the House that the amendment in question represented the considered judgment of those most vitally interested in the lumber industry, whose concern, however, comprehended the safeguarding of a fundamental industrial asset to British Columbia.

Opposition Efforts.
Opposition members promptly took the view that the minister of lands virtually had delivered the logs of this province to American interests who would proceed to denude the forests of this part of the country for the benefit of allied manufacturers on the other side of the international boundary. Not a little heat was displayed by the leader of the opposition and the member for Fort George—former minister of lands in the late regime—and repeated efforts were made to coin campaign material out of the fact that the minister in charge of the bill saw no reason to change the time limit from ten years to one.

In a further explanation, however, the minister of lands made it perfectly clear that the amendment has for its sole object the cure for certain conditions which are bound to develop from time to time as long as British Columbia possesses a logging industry. The term of years is of no special significance for the simple reason that in the event of conditions arising demanding a rigid prohibitory regulation, action would be taken by the Government immediately.

Home Manufacture.
To sum up the situation it may be taken for granted that the Government's policy is one of home manufacture and maximum protection of the manufactured article. Not a stick of timber is allowed for exportation if it can be utilized in this province. What is exported, the minister points out, comes either from crown granted lands—over which the province has no control whatever—or is "by product" material cut during the progress of logging operations and not saleable in the British Columbia market.

It must be remembered that there are times when it would be pure waste for a logger to leave good hemlock when he is taking out fir and cedar. At the same time the B. C. market for hemlock might be glutted with logs unsaleable here; the spectacle of a rotting boom is not unknown. Export in such an emergency means the salvage of valuable material and money for the province that otherwise would be lost.

Pattullo Interviewed.
Discussing the amendment with your correspondent after its pas-

sage through the Legislature Mr. Pattullo observed as follows: "The occasional export of logs is merely a safety valve to save waste. It is regulated with the greatest care and both the manufacturing and logging industries co-operate with the Department of Lands in seeing that no export is ever allowed which in the slightest degree works against home manufacture of the natural resources of our province. How little the amount of export even of the 'by-product' material referred to above is shown by the figures for the past year: Logs scaled, 1,214,000,000 feet; allowed to be exported, 10,000,000 feet, which does not even amount to one per cent of the logs cut.

"The effect on the market in British Columbia, the manufacturing industry and the consuming public is thus obviously negligible.

"In 1915 under the last administration there was allowed to be exported some seventy-six million feet to relieve the congestion of logs then on the market. Export continued without restraint until the present machinery for the strict regulation of export was established just two years ago. It has worked most successfully both in the interests of the public and the important industries concerned, and the amendment merely provides for the continuance of a system already tested by results."

(Extract from letter received)

Honestly now! Could you pay 50c. for any other prescription which would give you as much all-round service and satisfaction as a box of Zam-Buk does? Zam-Buk is a combination of powerful, healing, herbal extracts, so refined and compounded that wherever there is any kind of soreness of the flesh, or diseased tissue or abnormal condition (such as inflammation, festering or blood-poisoning) it almost immediately soothes and heals. It stops bleeding. It is highly antiseptic—kills all germs. It is suitable alike for the hardened skin of a working man or the delicate velvet skin of a child. It never goes rancid. Its power does not evaporate. Use half a box and put the remainder on the shelf—just as good six weeks or six months after.

EVERYONE PLEASED WITH MABEL NORMAND

At the Westholme last night was seen a play that pleased everyone. It was "Upstairs," featuring the famous movie star, Mabel Normand.

You just can't make your feet behave when you see Mabel Normand jazz her way Upstairs from a hotel scullery to the "Palais de Danse," all in sixty synopacted minutes. And when you find out, as Mabel does, that her "bellhop" dancing partner is the possessor of a cool million, you'll shake with laughter as you see her shimmy her way to the altar. This Normandized Ragtime Romance is guaranteed to cure the blues and prevent an attack for months to come. Don't miss "Upstairs."
