## Erb-Mullen Drydock Case Ends

### Newman Erb to Buy Interests of John L. Mullen and Others

Judge and Jury Kept Waiting in Court Room while Prince Rupert Litigants Arrange Differences Without Them

### Sound Advice of Judge To Get Rid of Strife

Would Either Sell or Buy, but finally Decides to Buy; Other Contracts to Follow Those in Hand

(Special to the Daily News via Government Telegraphs.)  
VANCOUVER, April 8.—A settlement is believed to have been reached out of court in the Prince Rupert Drydock case. It is generally stated that Erb is buying out the Mullen interests, but agreement has been signed although it may be signed today. Yesterday two separate attempts made by E. C. Mayers on behalf of Mullen for the dismissal of the action on technical grounds were unsuccessful.

Judge Gregory and the jury waited all day yesterday for the parties to come together after granting an adjournment to permit a conference regarding a settlement. At 4:30 p. m., the hour of the court's adjournment, counsel for the defense left the jury room where the defendants and their solicitors were in close conference, and Judge Gregory announced that unless a settlement was signed, the trial would go on without fail at 11 o'clock tomorrow.

Announced Trial Off.  
The conference continued until late last night after which it was stated confidentially that the trial was off. The agreement probably was signed this morning.

Justice Gregory, while mildly reproving counsel for keeping the jury waiting so long, commented at half past four that a day well spent if a settlement resulted. "I should like to tell them that while it may not be the best thing for the parties, the litigants will do well to settle the thing up unless a question of principle or the honor of some man is at stake," said his Lordship. "Get rid of this strife and devote your energies to your work. You will all make more money in the long run."

Lawyers Conferred.  
John L. Mullen, Alex. Manson, M. L. A., and William E. Williams of Prince Rupert conferred all day with their solicitors, Mayers & Smith, upon the proposition made by Erb, which was that he would either buy or sell at stated figures. It was the intention to sell everything to Erb that was finally agreed to, according to Mr. Walkem.

It is understood that Newman Erb has plans for the utilization of the drydock shipyards in future contracts of great magnitude.

### LARGEST TANKER NOW IN PORT

Standard Oil tanker, Dilworth, arrived in port yesterday morning and is discharging 68,000 barrels of oil at the Imperial dock here. This is the largest tanker that has been to this port before. She is a new vessel built at San Francisco and is 438 feet long.

Dilworth is in command of Lt. Badger, formerly of the U. S. Navy. He was away dodging submarines during the war.

### WAR VETERANS' NEW OFFICERS

President, Vice-President and Secretary Re-elected; Motion Regarding Two Positions Lost.

A large attendance of members turned out last night at the semi-annual general meeting of the Great War Veterans' Association at which the most important business was the election of officers for the coming half-year. The following were the officers elected.  
Honorary President, Col. C. W. Peck, V. C., M. P.; Honorary Vice-President, Capt. J. MacGregor, V. C.; President (acclamation) J. H. Kelly; 1st Vice-Pres., Dr. N. McNeil; 2nd Vice-Pres., J. W. Nicholls; Sec.-Treas. (acclamation) D. S. Cameron; Executive Committee, A. J. Galland, W. G. Dennis, J. Cargill, L. G. B. Davis, N. Breen. Two to be elected by the Executive.

A motion to prohibit a fully paid officer of the Great War Veterans' Association from accepting a paid office in any other organization was put up, but it was defeated. Despite this the secretary, D. S. Cameron, has decided to sever further connection with the Central Labor Council, of which he is now the general secretary.

### MILLION FOR RAILWAY CO.

Alberta Government Bill to Aid Dunvegan and B. C. Line to Peace River.

(Special via G. T. P. Telegraphs.)  
EDMONTON, April 8.—Premier Stewart launched in the Legislature yesterday a relief bill to provide \$1,000,000 for aid to the Edmonton, Dunvegan & British Columbia Railway. The money would be expended only upon the province coming into full operating control of the line but it was not proposed to displace the interests of the present owners, J. D. McArthur and associates.

### RECEPTION AT HOME OF MR. AND MRS. FRED WERMIG LAST NIGHT

Mr. and Mrs. Fred Wermig entertained last night at a post-nuptial dinner reception in their home on Hays Cove Circle. The tables were decorated tastefully and the dinner was looked after by Mrs. Gorrall, whose reputation as a caterer is well known. Among those at the festive board were Mr. and Mrs. A. Akerberg, Mr. and Mrs. Iverson, Mr. and Mrs. J. N. Sinclair, Mr. and Mrs. F. Wesch, Mr. and Mrs. O. A. Johnson, Mr. and Mrs. K. A. Reed, Messrs. H. Capstick, J. Kern, A. Ohnesorg, P. Solem, R. ### WILL GET LIEN

Workmen May Take Lumber for Back Wages—Decision Not Complete.

Argument was heard in the case of Harry Plaster et al vs. the Port Clements Box and Lumber Co., Massett Inlet Lumber Co. and the Edmonton Lumber Exchange for wages this morning. Judgment has been reserved and it is probable a written judgment will be made. It appears certain that the workmen will get a lien, but as to what quantities of lumber they will obtain is a point in question.

### ONE LIBERAL ONE FARMER

No Government Supporter Elected Yesterday in By-elections for Dominion Commons.

(Special via G. T. P. Telegraphs.)  
OTTAWA, April 8.—A farmer and a Liberal were returned in the by-elections held yesterday. In Montreal Ferdinand Rinfret, the official Liberal candidate, was chosen by the electors of the St. James division by a majority of 1,400 over Apthet Mathieu, the labor candidate.

Word has been received from Cobalt, Ontario, that Angus Macdonald, the United Farmer candidate, is leading by 1,200 majority. The small polls yet to come are likely to follow the procession and increase the majority. Major Pullen, the Independent Conservative, ran second, and A. G. Slaght, Liberal, third.

### DRYDOCK CASE STAGE IS SET

Little Done Yesterday Except to Meet and Adjourn for Possible Settlement.

GREGORY TRIAL JUDGE WITH JURY OF EIGHT

VANCOUVER, April 8.—(8 a. m.) The curtain is up, and the stage all set for the drydock case today. Erb and Mullen with an imposing array of lawyers and witnesses were in court yesterday. The atmosphere was tense with excitement and a bitter contest is assured. The counsel for Erb were E. P. Davis, K. C., and Knox Walkem; for Erb were S. S. Taylor, K. C., and E. C. Mayers.

Mr. Justice Gregory is trying the action with a jury of eight. As a preliminary move E. C. Mayers applied early yesterday to Judge Morrison for dismissal of the case in view of the plaintiff's neglect to comply with the order to put up \$2,500 security for costs within the stipulated time. The judge referred the point to the trial judge.

Before the jury was sworn in yesterday an adjournment was taken at 2:30 to see if some settlement were not possible.

The procedure in the selection of the jury is for the sheriff to summon 42 men, the two parties then to weed them down to 16. This panel appears in court and each side is entitled to challenge four, bringing the number down to eight.

### MILITARY CONSPIRACY IN BAVARIA PLANNED

Would Have Placed Gen. Ludendorff and Dr. Heim at Head of Affairs.

BERLIN, April 8.—A great military conspiracy which was to have been a Bavarian parallel to the recent Berlin revolution has been discovered in Munich. Part of the plan was that General Ludendorff be made dictator over Bavaria and Dr. Heim, of the Bavarian Spartacist party, economic dictator.

### COSTLY EXPEDITION

Trip of Soldiers to Siberia Made at Expense of Nearly Three Millions.

OTTAWA, April 8.—The total cost of the military expedition to Siberia was \$2,823,000. This was the information given to the House yesterday by Hon. A. L. Sifton. The number of officers and men sent from Canada was 4,214.

### CITIES OF GERMANY ARE OCCUPIED BY FRENCH ARMY

Premier Lloyd George and Cabinet Meet Today to Discuss Question; French Moroccans Fire on Mob

(Special to The News via G. T. P. Telegraphs.)

LONDON, April 8.—Premier Lloyd George and his cabinet will meet today, presumably to determine the attitude Great Britain will take relative to the occupation of German cities east of the Rhine by the French.

BERLIN, April 8.—Despatches from Frankfurt reaching Berlin through indirect channels report the uninterrupted arrival of French troops in that city and at Hanau, Offenbach, Darmstadt, and Koenigstein. A completely equipped French division of war strength proportions has been assigned to Frankfurt alone.

PARIS, April 8.—German regular troops have bombarded Duessdorf with gas shells, according to a Mayence despatch to the Matin.

BERLIN, April 8.—The first fighting took place in the town hall square at Bochum, when the Reichswehr approached. Citizens took the executives of the red guards prisoners.

LONDON, April 8.—From six to ten German civilians were killed and about 35 wounded, when the French Moroccan troops fired on a mob in Frankfurt yesterday, according to despatches here today.

### MANY LOST IN SEATTLE FIRE

Two Killed From Leaping From Fifth Floor of Building.

(Special via G. T. P. Telegraphs.)

SEATTLE, April 8.—City firemen and the police are searching the ruins of the Lincoln Hotel for bodies of the persons who, it is feared, lost their lives when the hotel was destroyed by fire yesterday. Four dead were identified and a number reported missing. Twelve people were known to have been in the building and have not reported.

The loss to property is estimated at between \$400,000 and \$500,000.

The known dead are Fred R. Hamilton, 72, of Berkeley, Cal., president of the Puss in Boots confectionery concern, killed by leaping from the fifth floor; Miss Grace Hamilton, 20, daughter of Fred Hamilton, killed by jumping from the fifth floor; Charles F. Lacasse, 40, fireman, crushed by a falling chimney, and Miss Blanche Crowe, 22, resident employee. The body was found in the ruins.

### BUILDING PERMITS STILL ON INCREASE

Total of \$26,458 is Recorded at Building Inspector's Office in March.

The figures for building in the city during the month of March given out by the city building inspector this morning show a healthy increase, the total being \$26,458, compared with \$6,300 for the same month last year. The figures for this March are divided into \$2,558 for soldiers' housing, \$13,900 general building in the city and \$10,000 outside. The outside figures are made up mainly of the erection of a dry kiln and a new planing mill at the Seal Cove mill. A large figure for April is predicted which will include the erection of the Seal Cove school at a cost of \$160,000.

### QUEEN'S PRIZE WON

LONDON, April 7.—The Queen's prize at Kempton Park has been won by Bridgewater, 6 to 1; Skyrocket, 10 to 8, second; Jupiter, 7 to 1, third. Fifteen horses ran in the event.

### BOLSHEVISM DYING SAYS TOM MOORE

Free Speech is Killing Unsound Doctrine Declares Labor Leader.

(Special via G. T. P. Telegraphs.)

OTTAWA, April 8.—"Bolshevism is slowly but surely dying in England," states Tom Moore, president of the Trades and Labor Congress, who returned from England last night. "Free speech is killing it. The old country labor man is learning the unsoundness of the doctrine, not from those who seek to discredit the movement, but from the radicals themselves," added Moore.

### IRISH RAIDS COSTLY AFFAIRS

Two Million Dollars to be Paid By Ratepayers—Systematic Plan.

(Special via G. T. P. Telegraphs.)

DUBLIN, April 8.—It is officially stated that the police headquarters destroyed during the recent raids in Ireland number 220. From claims already made for compensation, it is estimated that the ratepayers will have to meet a bill exceeding \$2,000,000.

LONDON, April 8.—The Daily Graphic's Dublin correspondent learns that the buildings destroyed were not chosen haphazard but in accordance with a plan formulated two or three months ago when Sinn Feiners discovered that they were intended for military occupation on the blockhouse system adopted in South Africa during the Boer War. They were loopholed for rifles and machine guns and fortified with sand bags.

DAILY EDITION. Thursday, April 8, 1920.

All Unite in  
One Organization.

There is one organization in the city in which all the business and professional men may unite with benefit to themselves and the city. That organization is the Board of Trade. It is the most live civic organization we have. While the members of the city council are the paid servants of the people, the members of the Board of Trade pay out their own money in order to further the interests of the community.

At a recent meeting of the Board, President Parker referred to the need of still greater interest in the proceedings of that institution. It seems that there are still a few people who make their living here, and yet refuse to join the organization. They sit back and criticize the lack of initiative of the Board but do nothing themselves. They do not deserve success, and Kismet will take care of them.

Mention was also made at the meeting of the large number of members, who while willing to contribute the regular fee to the organization, do not turn out to meetings and try to help with their personal effort. It is useless to scold, because people do not do these things. President Parker did not do that. It is wise, however, to draw attention to the condition at times with a view to a remedy.

Need of Unity  
During Growing Period.

There never was a time in the history of Prince Rupert when the need of unity was so apparent as it is today. The citizens can do so much toward making the city prosperous, that it is curious that there should be any holding back from these co-operative efforts. It is not much to ask for an hour or two once a month or a few minutes now and then for service on a committee. Time spent in this way will bring big results to the community including the individual members.

Many Views on  
Various Subjects.

The community is divided into various groups. In religion there are a dozen divisions; in politics there are several divisions, in social life the divisions are many. There is, however, a common interest outside of all these. It is the communal interest, the interest of mutual advantage. The Board of Trade is a point of union for all who expect advantage from the growth and improvement of the city, and any who hang back from giving it support are weakening the effort of the body.

Naturally there are differences of opinion as to matters of policy in the Board of Trade. There will always be differences, but business men should be big enough to be able to give and take and allow for all such differences. The main thing is that the mass movement is in the right direction. Those who think that the Board is being run by a clique should at once get out to the meetings and break up the clique. It is the easiest thing in the world. All that is necessary is a little effort.

Officers Give  
Good Deal of Time.

The officers of the organization, especially the president, give a great deal of time to the public interest. They have nothing to gain personally more than anyone else gains. They are acting on behalf of the rest of us, and often they get nothing but growls for their pains.

Let us get a new slant on this Board of Trade question. A little steady effort all-round and a little more pocketing of our prejudices and we can make this little city cut a big figure. We need not spend much money, but we can get large results.

\* PRINCE RUPERT TIDES \*  
\*\*\*\*\*

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

**CONVENTION OF LABOR PEOPLE**

**Governments, Employers and Employees Will Have Conference to Discuss Extension of Laws.**  
OTTAWA, April 8.—There will be a conference in Ottawa, probably before the end of this month, of representatives of the different provincial governments, labor and employers who will seek to co-ordinate the various provincial laws affecting labor and, at the same time, consider the extension of the provisions of the Industrial Disputes Act.  
This announcement was made by Senator Robertson, minister of labor, in introducing amendments to the act, which provides for arbitration in the case of disputes between the employers and employees in public utilities. Senator Robertson stated that he proposed the conference in accordance with the action taken at the industrial conference last year.  
The question of extending the Lemieux Act to cover private industries, which could not be classed as public utilities, will also be reconsidered and the provincial governments will be asked to take steps themselves to bring such provisions into force or allow the Lemieux Act to be extended. This would guarantee a square deal for every man employed whether in public utilities or not.

**JURISDICTION OF COMMERCE BOARD IS CHALLENGED**

**Retail Merchants, Canadian Manufacturers and Alberta Attorney General Question.**  
OTTAWA, April 8.—Argument has been granted by the Supreme Court on the application to test the jurisdiction of the Board of Commerce and the constitutionality of Section 17 of the Combines and Fair Prices Act, under which the Board of Commerce is given powers of as a price-fixing tribunal. The hearing will take place in the Supreme Court on May 4 next.

Application was brought on March 15 by counsel for the Retail Merchants Association and the Canadian Manufacturers' Association, Attorney General of Alberta and others questioning the legality of the act in forbidding the hoarding of commodities, in appointing the Board of Commerce to impose penalties for offences against the act and require provincial courts to decide them, in giving the board power to decide on unfair profits in purely provincial transactions and in prohibiting the export of commodities from Canada.  
When the Supreme Court sat yesterday to read judgments at the end of the term no decision was handed down in this particular case and it is understood that none will be given until after the hearing of the case.

**JAPANESE LEGEND IN MOVIE PICTURE**

Ned Hamilton, a young Englishman, goes to Japan after being jilted by his fiancée. A mystic by temperament, Hamilton falls into the Japanese way of living like a native, and in the course of his adventures meets an old wood carver named Tomotada. The image maker has carved from the heart of the willow tree the marvellously beautiful figure of a girl, which, according to an ancient legend, is the image of the Princess of the Willow Tree.  
The willow tree legend was of how in ancient times a certain warrior, named Homudo retired to a hut in the forest, where a beautiful woman came to share his life.  
Hamilton's imagination is strongly touched by the recital of the legend. He buys the image of the Willow Princess and has it sent home. There he is told that a mirror placed in its arms will cause it to come to life. Almost immediately when the reflection from a mirror falls upon the image, it changes into a maiden of surpassing loveliness.  
The play is seen tonight at the Westholme.  
It is just as cheap to get your printing done well and done at home as it is to send it away. Try The News Print Shop.

# BRITAIN FEARS NO DIFFICULTY FROM PERSIANS

Negotiations With Soviet Russia by Persia Not Believed to be Against Interests.

LONDON, April 8.—British official circles declare themselves not alarmed at the reports that the Persian Government manifested willingness to conclude an understanding with the Russian Soviet Government which in some questions was interpreted as meaning that such negotiations might be a preface to military action which would menace British interests in Persia. The British view is that the contemplated negotiations would pertain only to economic matters leading to an agreement similar to those already concluded or in process of execution between Soviet Russia and some of the European governments.

It is recalled that the Lenine government, some time ago, approached Persia offering to cancel all treaties and appoint consuls favorable to Persian matters. It is believed that the latest developments are merely manifestations of the Persians' willingness to accept the Russian offer.

## RUSSIANS DISARMED BY CHINESE AUTHORITIES

Forces of 8,000 Crossed Border into Mongolia Fleeing from Bolsheviks.

(Special via G. T. P. Telegraphs.)  
 LONDON, April 7.—A Peking despatch says 8,000 troops and 1,200 officers, part of the forces of General Dutoff, inspector general of cavalry in the all-Russian army, were closely pressed by the Bolsheviks and crossed the Mongolian frontier on March 26 at Chaguchak. They were disarmed under the agreement with the Chinese authorities.

# How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your clothier. They will inform you that apparel frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shaper better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern cleaning and pressing service, which is specially organized to meet your individual needs.

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

## PRINCE GEORGE

The Provincial Police entertain grave fears for the fate of an old time trapper named McKechnan who had a long line of traps on the Little Salmon River. His cabin is deserted and he has not been seen since Christmas.

The death occurred last Tuesday night of Peter Demarary, a war veteran of this city. A sad circumstance of the death is that the deceased leaves a wife and eight children.

T. D. Patullo, the provincial minister of lands, has recommended that a post office of substantial character to fill the needs of this city for some time to come be erected. Mr. Patullo, in his letter to the Dominion architect, dwells upon the importance and future development of this city.

News that the municipal library will be opened shortly has been received with a good deal of pleasure about the city. Alleyne Wright has offered his services free to the city council and the public spirited offer was immediately accepted.

There was born to Mr. and Mrs. Alex. Hunter, of this city, on March 27, a son.

Archdeacon B. Fortin, of Winnipeg, one of the best known figures in early Canadian Church history, who has been spending the winter in California, passed through the city from the boat to the train yesterday on his return to Winnipeg. The archdeacon expresses himself as charmed with the coast climate.

## CAR SHORTAGE IS A HARDSHIP

Matter Taken up With Chairman of Railway Commission at Ottawa.

In connection with the local car shortage the local Board of Trade wrote Hon. F. B. Carvell, chairman of the Railway Commission, as follows:  
 "This Board desires to respectfully draw your personal attention to a condition existing here which is proving very injurious to Canadian national interests. For some time past this port has experienced a shortage of express refrigerator cars for the handling of fresh halibut, which has brought about a critical situation as regards Prince Rupert maintaining the position it is duly entitled to in fresh fish shipping.

### Only 62 Cars.

"In order that you may fully realize conditions we would advise that it is our understanding that the Canadian Express Company have some 62 refrigerator cars. As many as 26 carloads of fresh halibut have been shipped east from Prince Rupert in one week to points in the United States, as well as eastern Canadian points, such as Quebec, Montreal and Toronto. The present supply is inadequate to properly take care of the requirements, and, as an illustration, we would point out that during the last four months various vessels, with catches aggregating about 750,000 lbs., have called at this port, but were forced to go elsewhere to dispose of their fish owing to shortage of equipment. On the other hand Canadian boats making Prince Rupert their home port have been forced to sell their catches at greatly reduced prices for the reason that the halibut was sold for freezing purposes instead of for shipment east in fresh condition. To give you an idea as to the difference in these prices we quote the following as an example:—

### Marked Difference.

"On March 26th last one refrigerator car was available and four vessels sold their catches at 16c for first class and 12c for second class fish, which fish was shipped east in this car.

"Two other vessels which had arrived here to sell their fish had a quantity of about 42,000 lbs. The first sold 32,000 lbs. for 10c and 6c, and the other 10,000 lbs. for 12c and 6c on the same day. "We simply quote these figures to show how the lack of transportation facilities is working against the common interests of this Canadian port.

### Loss All Round.

"Apart from the loss to Canadian railroads of this valuable tonnage, there is also an enormous loss in trade as all the boats forced away from this port are compelled to trade in either Seattle or Ketchikan, thus depriving Canadian merchants of a trade which Canadian transportation facilities should foster and hold for them. Under the present conditions we are slowly but surely losing this valuable trade, and, as a consequence, American ports, such as Juneau and Ketchikan in Alaska, as well as Seattle,

All Royal Crown Products carry Coupons, redeemable for useful articles.

Wash., are benefitting greatly by our loss.

"In our humble opinion we feel that in order to properly take care of this business, we should have available for sale about 150 express refrigerator cars, and we can assure you, Sir, that if you can assist in meeting our requests in this respect, you will have done something of great importance to Canada's national interests. We feel that you will not have forgotten your late trip to this point and know you will do everything in your power towards assisting us in this respect."

## PACKING HOUSE WORKERS OUT

Unable to Work Because of the Unauthorized Strike of Switchmen.

CHICAGO, April 7.—Between 15,000 and 18,000 packinghouse workers were thrown out of employment by the unauthorized strike of switchmen in the Chicago switching district. A. F. Whitney, vice-president of the Brotherhood of Railway Trainmen announced that approximately 1,000 union switchmen from other cities have arrived to replace strikers and an additional thousand are on the way. Another 24 hours, he said, would see an end to the walkout, which had largely halted freight movements.

Characterizing the strikers as renegades and denying the question of wages was involved in the walkout, W. G. Lee, president of the Brotherhood, made a statement in Cleveland giving sanction to any measures found necessary by union regulars to restore normal conditions.

**Good Crowd Witnessed Fast Games in Rink Last Night by Junior Leaguers.**

A good attendance was in evidence at the Junior League basketball matches in the skating rink last night and the games played were interesting and fast. The Maple Leaf Girls again defeated the Bluebirds by a 1-0 score. Harry Menzies refereed the game with satisfaction to all.

The game of the evening, however, was the match between the All-Stars and the Colts. The latter team received its first defeat of the season by a 15-7 score. The game was well contested and was one of the fastest played during the season in the Junior League. Lee Dell refereed it in his usual efficient manner.

Capt. McCoskrie, harbor pilot, received word from Vancouver this morning that the Prince John will probably arrive in Prince Rupert harbor tomorrow. Outside of the mere fact that the vessel may be here, there are no details given. The salvage vessel Algerine has been working on the boat for some days.
