Progress in Making of Newspaper

New Press Used for First Time Today in Printing Daily News

Duplex Flatbed is Latest Machine for Papers that Have Outgrown Job Office Period of Development

Today for the first time the Daily News is printed on a new Duplex Flatbed Press, which has just been erected at a cost of over \$8,000. The machine was ordered last May for delivery in the autumn, but arrived only a few weeks ago and has now been installed and is in operation. In future the paper will be printed on it. The new press, an illustration of which is shown above, is capable of printing four, six or eight page papers at a speed of 4,000 an hour. The printing is done from the roll just as in the very large presses and the papers are delivered ready folded. The impression is taken direct from the type, differing in that respect from the more speedy and expensive machines in which the forms are stereotyped before printing. By eliminating this operation the work is done cheaper but there is a loss in speed. It will be noticed that the size of the paper has been increased from six to seven columns in width. This will add considerably to the expense of operating, but it is expected that increase of business will make up the deficiency. The new press is built on a solid concrete foundation which was put in at considerable expense. This eliminates vibration, and, being a smooth running machine, there is less noise and excess motion than with the old and much smaller press. The weight of the new machine is approximately 18,000 lbs. and it stands in the main building near the make-up stones and linotype machines. It has taken two weeks to erect by an expert from Seattle who spends most of his time putting in these machines at points west of the Rocky Mountains and south to the Mexican border. He has been aided by local people and the press is already running well.

GOMPERS GETS AFTER CONGRESS

Cannot Play for Ever Part of Peevish Child, he Says.

(Special via G. T. P. Telegrams.)
WASHINGTON, April 26.—Sweeping charges that the present Congress has failed the American nation "with complacency and abandon," are made by Samuel Gompers, president of the American Federation of Labor. "America must get rid of its Congress and elect another Congress. The 'no' congress must give place to a 'yes' congress."
The labor leader asserts that Congress has failed on the Peace Treaty in the reduction of the cost of living, and that it has "failed in intelligent comprehension of every great question affecting the lives and welfare of our people. America cannot play forever the part of a peevish child in international relations."

LOCAL REAL ESTATE DEAL

L. W. Patmore Purchases Lot on Third Avenue and Sells Adjoining Empire.

(Special via G. T. P. Telegrams.)
A number of real estate deals have been put through recently. A good many houses have changed hands and there have been a few vacant lots sold.

In business property the lot on which Mayor McClymont's office is located has just been purchased by L. W. Patmore and Mr. Patmore sold a lot adjoining the Empress Hotel. The deal was put through by McCaffery, Gibbons & Doyle.

There has been a stiffening in the price of houses and there are very few good residences now offering.

IMMENSE SUM AT FUR SALE

Nearly Six Million Dollars Netted at New York During Week.

(Special via G. T. P. Telegrams.)
NEW YORK, April 26.—Sales for the week of the auction in the Masonic Hall reached \$5,975,000, due largely to the good average prices brought by about 188,000 skunk skins.

The sales for Saturday were \$1,250,000. Much of the skunk was bought for export, the choicest skins reaching \$9.20 each. Polar bear sold at \$99. Of the smaller skins wolverine touched \$22 with a low price of \$4.

FINED FIFTY; STRONG BEER

Klondike Hotel Enters into Bill Another Police Court Case.

(Special via G. T. P. Telegrams.)
In the police court this morning, Mrs. May Burke, of the Klondike Hotel, was fined \$50.50 for having intoxicating liquor in her possession. The case arose out of the seizure of beer from her premises that ran 6.9 per cent spirits.
The Klondike Hotel is the same premises as the "bath-house" mentioned in the recent Duff case.

TO ABOLISH NOBILITY
BERLIN, April 26.—The Prussian Government has adopted the draft of a bill to abolish the privileges of nobility.

Dolly Varden Mine Tied Up by Strike

Demands of Men Refused by Taylor Mining Co. and Work Closed Up Thursday Morning

That the Dolly Varden mine and railroad is tied up and closed entirely by a strike which was called last Thursday morning is the word brought to the city by passengers on the Gchelohsin this morning. On the same boat arrived the most of the officials of the mine and a number of the men. The officials include Major C. B. North, general superintendent; J. Meleer, superintendent of construction; Thomas Dalrymple, road master; J. Milligan, mine engineer; Dan Tattie, mine foreman; R. Manning, assayer, and J. Porchin, stenographer. Major North will remain in the city till Thursday night pending developments, but the rest of the party are proceeding to Vancouver on the same steamer tonight. Ted Taylor, mechanical superintendent and brother of A. J. T. Taylor, head of the Taylor Mining Co., is remaining at Alice Arm till Thursday when he too will come south.

The details of the demands of the men prior to striking, as learned from the officials this morning, show that they asked for a raise from a minimum of \$5 per day to \$6 a day, single cot bunks, scrubbing of camps, and free blankets and sheets, the wages of all day workers to be increased accordingly. The rate of board of the company was to remain at the present rate of \$1.25 a day.
These demands were presented on Monday morning last and the

COMMISSIONER OF POLICE IS SENT TO TRIAL

Prince George Magistrate Commits Police Commissioner On Bribery Charge.

ELECTED JURY TRIAL; OUT ON \$6,000 BAIL

Police Commissioner T. M. Watson was committed for trial on Thursday by Magistrate Daniel on the charge of bribery and is out on \$6,000 bail. He has elected for jury trial and his case will come up at the June assizes. W. P. Ogilvie appeared on his behalf and P. E. Wilson, city solicitor, prosecuted.

It is alleged that the accused entered a bootlegging arrangement with Chief of Police Stewart, Constable Sinclair and others and police protection was to be paid for on a profit sharing basis. A cheque of \$50 alleged to have been paid Chief Stewart by Watson was produced in court.

The only two witnesses called for the prosecution were Chief Stewart and Constable Sinclair. No evidence was put in or remarks made by the counsel for the accused, this being reserved for the jury trial.

It is understood that the company does not intend to grant their demands even if the operations of the property are tied up. A progressive campaign of development for this season was planned by the company.

STRONGLY URGE BUILDING OF MORSE CREEK BRIDGE

Big Delegation Met City Council Last Night; Alternative Plan is Being Considered by Committee

A delegation of 35 persons, divided into two bodies, returned soldiers and general ratepayers, appeared at the council meeting last night to urge the immediate construction of the Morse Creek bridge. The spokesmen for the two delegations, D. S. Cameron and Fred Stork, were heard and after the regular meeting the council went into committee as a whole, when the question was discussed with D. H. Morrison, the only contractor who submitted a tender covering the work as required by the specifications. The eliminating of two trusses, making a span instead, was considered and the Board of Works will sit until such connection was proposed on Wednesday afternoon when it voted.

Mr. Stork also pointed out that the residents were without the fire protection they were paying for and in case of fire it would be almost impossible for the big machines to go over the present bridge.

The speaker stated that this bridge should have been built seven or eight years ago when it had first been considered. Time had raised the cost of it and eliminated the Grand Trunk from bearing its part of the cost. The situation was, however, facing the city now and it was likely that costs would be even greater a year from now. The bridge was an absolute necessity for the welfare of the residents of Section 2 as well as the whole city.

Returned Men There.
D. S. Cameron, speaking for (Continued on Page Two)

 ceding publication. All advertising received subject to approval.

DAILY EDITION. Tuesday, April 27, 1920.

New Press in Operation Today.

On the front page today will be seen an illustration of a new printing press which has been installed in the Daily News shop on which this paper has been printed today for the first time. It is a large and costly machine, but necessary in the development of a business such as the publishing of a daily paper such as the News.

For some time past the shop has been handicapped very seriously in the making of the paper, by the lack of proper printing facilities. Like all other newspapers in the district it has been put out on a job press, the one just installed being the first strictly newspaper press introduced into the northern and central part of the province.

Courage Needed in Spending Money.

A great deal of courage was needed in making so important a change as that just completed. To invest a considerable sum of money in equipping just one section of the printing office, an investment which must without doubt be followed closely by further investments, could have been carried out only by one who had perfect faith in the future of the city and district. We have made that investment, feeling sure that the future will warrant even if the present does not. The city is bound to grow, and that growth the Daily News proposes to play an important part. It will, we hope, not be simply a cog in the wheel, but part of the motive power that will carry the city forward to a position of prominence and influence in the development of the north. We have great opportunities. The men with vision already see them. We face the future with courage.

Community Support.

The Daily News is not looking for anything that it does not earn. It feels, however, that it is earning the support of the community. With that view it makes the suggestion that the citizens, and especially the business people, shall back it in the endeavor to forward the interests of the community. Money is necessary in the growth of any institution. The Daily News needs money to fulfill its aspirations as a live factor in the growth of the community.

Advertising is the life blood of any newspaper. The man who does not advertise his business, not only misses the opportunity to help himself, but misses the opportunity to take part in promoting the interests of the city in general. He is not on the wire of advancement. We look on the advertisers in this paper as to a considerable extent shareholders in the business.

City Judged by Its Newspapers.

To the man on the outside, the city is judged by its newspapers. Never a week passes that at least one inquiry does not come from outside and often far away points, asking for a copy or a few copies of the paper in order to see what is going on here. We send them, even though we do not get paid for them. We believe in advertising the city and we think we are doing our bit in that way. Then it is we feel proud that we have a presentable paper to send them. We feel that the citizens are not ashamed of the paper going out to the world, even if it is not very large.

Larger Size Commences Today.

Today the Daily News is one column wider than it has been heretofore. It has assumed the regular city size. If we get proper support from the people here, we shall continue the size, but if not, it will have to be reduced to correspond to the advertising support. The increase is a costly one, adding six columns to that carried previously.

When the paper was taken over by its present management nearly two years ago, it was not expected that it would always continue as a six page paper. It was thought that during dull months it would drop back to four. However, with the exception of the time when the strike was in progress a year ago, the six pages have been continued, even though sometimes money was lost in doing so. It is to be hoped that the present increase may also be permanent and that the growth of the city will make possible even further increases.

NERVES ALL GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAINS, MAN.
 "In the year 1910, I had *Nervous Prostration* in its worst form; dropping from 170 to 115 pounds. The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives". I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I can never without "Fruit-a-tives" in the house". JAS. S. DELGATY.
 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Low, 22:48 p.m., 19 feet.	Low, 4:21 a.m., 6.1 feet.
High, 16:32 p.m., 6 feet.	

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

Dated this 6th day of March, 1920.

The Man in the Moon SAYS--

THAT an overall club has been formed by the students of the Victoria High School.

THAT the name sounds something like one that would have been formed in Germany before the war under the direct aegis of the Kaiser.

THAT someone has dug up the fact that there are no printers in the asylums. That is undoubtedly true, says an editor, but printers are the cause of hundreds of editors and managers going there.

THAT any person wishing to live in Prince Rupert should emulate Diogenes. That worthy philosopher lived in a tub. The difficulty with modern people is they are not philosophers.

THAT an editor makes a mistake who puts the funny column on the same page as the editorial. The people read the f. e. but leave the highbrow stuff for the highbrows who do not exist.

THAT it is different when the editor writes funny stuff himself. In some papers (south of the boundary line) the people leave the humorous column to laugh over the foolishness of the editor.

THAT if a man is warned not to get off a car backwards and he fails, he falls on his own responsibility.

THAT some lightheaded loon wants to know what he would have fallen on if he had not been warned.

THAT the advantage of living in Prince Rupert is that nobody worries if you smoke a cigarette. It is somewhat the same in Vancouver or Victoria, but from the ebb tide east, whatever that may mean, may the good lordimus deliver us.

THAT if people would only change their socks, as often as they change their minds!

THAT a stuttering man should be very familiar with the parts of speech.

THAT it is wonderful how natural some people will look if they have to wear overalls.

THAT it is only girls who worry about high or low waists. Men never seem to mind where they are as long as they are where they are.

THAT a contemporary discusses "a sound public opinion."

THAT is the difficulty; many of the public opinions are nothing but sound.

THAT there is already a son recorder here, and now we are to have a sun recorder.

THAT both will be kept busy if things go on as they have been going.

STRONGLY URGE BUILDING OF MORSE CREEK BRIDGE

(Continued From Page One.)

The soldiers, drew attention to the large number of returned men residing there. He stated that the G. W. V. A. was especially in favor of good roads and bridges and urged the city to surmount the financial difficulties in the way of the construction and thus provide an asset for the city as a whole as well as the returned men.

The mayor stated that there was no argument to offer against the remarks in the main. Personally, he was much in favor of the bridge going in but \$12,000 had been voted by the people for the bridge and it was going to cost over \$30,000. A new money bylaw would have to be passed and this might be turned down, putting the city in a bad position. He was, however, confident that the Board of Works would recommend this course.

Alderman Dybhavn suggested that the bridge might be built of hemlock instead of imported fir, thus reducing the cost. Alderman Casey said that it would be good business to have the bridge constructed and, as a member of the Board of Works, felt sure they would urge the work being proceeded with as soon as possible. Ald. Casey suggested the conference in committee with the contractors which was acted upon.

CANNOT UNDERSTAND PRINCE RUPERT FOLK

Col. McMillan, of Cassiar Packing Co., Says Not Directly Interested in Salmon.

Speaking of the persistence of the Prince Rupert people in having the new fishery regulations strictly enforced, Col. McMillan, of the Cassiar Packing Co., owners of the Cassiar Cannery on the Skeena, remarked recently that it was difficult to understand the stand of Prince Rupert people who are in favor of the open-fishing regulations inaugurated this year.

Col. McMillan also voiced the anxiety of the cannery people regarding the feared invasion of the salmon fisheries of B. C. by Americans. He also said that of 30 or more canneries on the Fraser River only two would operate this year.

On the recommendation of the Board of Works and the City Engineer, 36 feet of sewer pipe is to be supplied to C. B. Anderson Co., Eighth St., so that he may connect up with the city sewer.

STENOGRAPHERS.

An Examination for junior and senior stenographers will be held on Saturday, May 22, 1920, at Vancouver, Victoria, New Westminster and such other points as there may be five or more candidates. Candidates must be British subjects, residents of Canada for at least one year of full age of seventeen years, and not more than thirty-five years of age.

W. H. MACINNES, Civil Service Commissioner, Victoria, B. C., April 19th, 1920.

NOTICE.

IN THE MATTER of an application for the issue of fresh Certificates of Title for Lot Fifteen (15), of Lot Three hundred and sixty-two (362), Range Five (5), Coast District (Map 967), and the North West One hundred and twenty (120) acres, more or less, of Lot Fourteen hundred and twenty (1420), Range Five (5), Coast District.

NOTICE is hereby given that it is my intention to issue, after the expiration of one month from the first publication hereof, fresh certificates of title to the above mentioned lands, in the name of Alexander Nicholson, which certificates will be dated 29th March, 1919, and 29th May, 1918, and numbered 3112-1 and 1099-1 respectively. Land Registry Office, Prince Rupert, B. C., 9th day of April, 1920.

H. F. MACLEOD, District Registrar of Titles.

LAND ACT

VANCOUVER LAND DISTRICT—DISTRICT OF COAST, RANGE III.

TAKE NOTICE that J. C. Clausen of Ocean Falls, B. C., occupation superintendent of logging, intends to apply for permission to lease the following described lands:—Commencing at a post planted 2 1/2 miles northwesterly direction from the north-west corner of Lot 897 on the west coast of Calverly Island; thence north 40 chains; hence west 40 chains to a point; thence east 40 chains to a point of commencement and containing 160 acres, more or less.

J. C. CLAUSEN, Date January 21st, 1920.

LAND ACT

Notice of Intention to Apply to Lease Land in Queen Charlotte Islands Land District, District of Skeena, and adjacent.

Take notice that James B. Robinson of Prince Rupert, occupation master mariner, intends to apply for permission to lease the following described lands:—Commencing at a post planted about 20 chains southeast of George Pt., thence north 40 chains to a point; thence southwesterly along shore to post and containing 1 1/2 acres, more or less.

H. B. BAINSTON.

WATER NOTICE

USE AND STORAGE

Take notice that the Taylor Mining Co., Ltd., whose address is 607 Credit Building, Vancouver, B. C., will apply for a license to take and use the water of the amount of a point close to Jack outlet, and will be used for power purposes upon the mine described as Wolf Mountain Claim, and Alice Arm District.

This notice was posted on the ground on the seventh day of April, 1920, in pursuance of the provisions of the Water Act, 1914, and will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder, or with the Commissioner of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The powers of this undertaking are to be exercised for power and lighting within the territory embracing all the Wolf Mountain claims, the Holly Garden mine, and properties and buildings, or any properties and buildings of others in and adjacent to the Alice Arm District.

By C. B. North, Agent.

The date of the first publication of this notice is April 17, 1920.

Salmon Canning is Very Important Industry with 28 Plants in Operation

Six Thousand People to be Employed and Should Support Population of 20,000 in vicinity of Prince Rupert

Now that the salmon canning season is about to commence a resume of the industry in the district tributary to Prince Rupert will not be out of place. Few people realize the large extent of the business tributary to the city in the canning of salmon in the Skeena, Naas and Queen Charlotte districts. Last year a total of 1,017,491 cases were packed in these districts with a value that reached nearly \$10,000,000. The industry is the means of employment of 6,000 persons which would support a population of at least 20,000. This season there will be 28

canneries operating in the immediate vicinity of Prince Rupert.

Closest to the city, with the exception of the Prince Rupert Cannery, owned by the Canadian Fish & Cold Storage Co., are the Skeena River canneries. The Skeena River district is the largest of all. In it there are no less than 14 canneries operating. The employees total 1,400 persons. The largest is the Balmoral Cannery at the mouth of the Estall River on the east side. This plant is owned by the B.C. Packers of Vancouver. The other canneries are smaller and their outputs are about the same size.

Location of Canneries

Following the line of the G.T.P. out of Prince Rupert the first cannery is the Port Edward owned by the Northern B.C. Fish Co. of Vancouver, in which George Frizzell and R. V. Winch are largely interested. Next comes the Inverness Cannery, owned by J. H. Todd & Co., which is being rebuilt after the recent fire.

Across the Slough from Inverness is the Dominion Cannery owned by the B.C. Packers. In sight of Inverness and on the river come Sunnyside, Gosse-Millerd Co. and North Pacific, owned by the A.B.C. Packers. Past this is the Cassiar Cannery owned by the Cassiar Packing Co. At Haysport a new cannery will be operated this year, owned by the Maritime Fisheries. This is the last cannery on the north side of the Skeena with the exception of the old Aberdeen Cannery which was destroyed by fire years ago.

Almost directly across from the old Aberdeen is the Estall River and the Balmoral Cannery. At Port Essington there are three canneries, the British American, owned by the A.B.C. Packers, the Skeena Commercial, the Northern B.C. Packers and Gunningham Cannery, the property of the B.C. Packers. West of Essington and at the gap of the Skeena River is the Carlisle Cannery owned by the Kildala Packing Co. Across from this on Smith Island is the Oceanic Cannery belonging to the B.C. Canning Co. of Victoria. At Claxton is the cannery of the Wallace Fisheries. This list comprises all the canneries of the Skeena, except the B.C. Packers' Alexander Cannery, near Balmoral, which is not operating this year.

Down the coast from the Skeena River and in Queen Charlotte and the Butedale Cannery, belonging to the Western Packers, and the Joyce later Cannery of the B.C. Packers Co.

Queen Charlotte On the Queen Charlotte Islands there are five plants, which are not so extensive as the ones on the mainland and pack more intermittently. These are the Lockport Cannery, owned by the Lockport Canning Co. of the Alford Bay Cannery, by the Maritime Fisheries, the Carishewa Cannery, by J. M. McMillan; the Masset Inlet Cannery, by the Wallace Fisheries; and the Lapanan Cannery, belonging to Captain Balmington and associates. The last mentioned is the only cannery that has ever operated during the winter in this district, which it was busy canning crabs. The mild winter station at Langara, owned last year by C. P. Riell, may not operate this season.

In the Naas River district there will be six canneries in operation this season. On the island in this region, which belongs to the Maritime Fisheries, is the Naas Cannery, owned by the Naas and Portland Cannery, the well known responsible plant, belonging to the A. B. C. Packers Co. Justify from the north are Mail Bay, owned by the B. C. Fisheries, and Naas Harbor, by the B. C. Packers. On Smith Island is the cannery of that name

owned by the Western Salmon Packers and close by the Kumeon Cannery, belonging to the Northern B. C. Fisheries. One cannery, the Port Nelson, owned by the A. B. C. Packing Co., will not operate this season.

The Seasons. None of the canneries can commence operations to any extent before May 1 when the licenses are granted. The first fish to be taken ad-canned are the springs which run from May 1 to July 15. On or before June 20, the sockeye, the greatest of commercial fish, commences to run and the canning season commences in earnest. They continue till the end of August. When the humpbacks start about July 15, the canneries are working their hardest with the various varieties coming in. The cohoes and chums commence to run about August 1 and continue till September 30 when the season is practically over.

At the present time all the canneries are busy preparing for the season's work, organizing staffs and getting in supplies for the villages of Japs and Indians, as well as whies that will gather about each one. The majority do not start canning until June 20 although the Balmoral starts putting up mild cured springs about May 1. Until May 1 the only fish that can be taken at the plants are those brought in by trolling boats.

After having used the jail quarters in the court house for school purposes for some years, the school has again opened in the regular large schoolhouse with Miss Dorothy Thompson in charge.

Last Saturday night the Stewart Athletic Association met and made plans for a baseball team this season. Stewart possesses a number of strong players and it is expected will make a good showing in inter-town matches.

At an election held in the court house on Friday morning last, James Stewart, William Fraser and Martin Smith were elected fire wardens for the year. A strict campaign for fire-protection is to be followed this year. Tents will be prohibited in the business section and stoppages and changes are to be examined.

Last Saturday night a large crowd attended the opening of the F. M. St. Gabriel. Two percent and music quickly whittled the time away. Another cabaret, the Ocean View, is opening shortly.

There is still a good deal of snow in the hills but the operating camps are working satisfactorily and recent indications would promise that the snow will disappear quickly once it gets started.

F. M. Hutchinson, head of the Chalmers Land Co., appeared on the streets of Victoria a few days ago in overalls. His idea he says is to beat the H. C. of L. and he expects others to follow his lead.

Brandram's Genuine BB WHITE LEAD

THEY used it for the stage-coach of olden days in England—we use it in Canada today. Compare it with any other white lead or white paint, and you will decide that your house—or anything you wish to have truly white and remain white—must be painted with this brand which has survived as the leading white lead for nearly two centuries.

Thinned with linseed oil and turpentine, it makes a perfect white paint. Combined with coloring matter, it makes the satisfactory tinted paint of any shade. It is the basis for that finest of ready-mixed paint, B-H "English" Paint.

Made in a modern Canadian factory, and by the same process as was employed for its manufacture by its inventor in England, it is today the only survivor of all the patented white lead processes of that earlier generation. It has survived because it results in a white lead of exceptional fineness, whiteness and durability.

STATES STRIKE HAS EFFECT ON LOCAL MARKET

Green Vegetables and Fruit From States Not Coming to British Columbia.

Green vegetables and fresh fruit from California is not arriving at any point in British Columbia on account of the switchmen's strike in the United States, which has practically tied up the railroads of that country. As a result the only green stuff selling on the Prince Rupert market today are green onions, lettuce and rhubarb, which is coming from the Victoria district. Supplies of cabbage, cauliflower and Brussels sprouts are stopped. Fruit is also affected and only large oranges, with which the market is amply supplied in wholesale houses, are being sold.

Following is today's corrected list:—

Meats.	
Sirloin steak	55c
Beef, pot roast, lb.	30c
Beef, chuck roast, lb.	30c
Beef, rib roast, lb.	45c
Beef, boiling, lb.	25c
Hamburger, per lb.	30c
Stewing beef, per lb.	25c
Corned beef, per lb.	25c
Lamb, leg, per lb.	55c
Lamb, loin,	55c
Mutton, stewing	25c
Mutton, shoulder roast 32c to 35c	
Veal shoulder, roast	35c
Veal shoulder roast	22c
Leg of veal	30c and 40c
Pork sausages, per lb.	45c
Tomato sausages	30c
Pork, leg,	45c to 50c
Pork chops	60c
Pork, shoulder,	45c
Bacon, piece, per lb.	67c
Bacon, sliced, per lb.	70c
Ham, sliced,	65c
Ham, smoked,	60c
Salt backs	45c
Chicken, per lb.,	50c
"Owl, per lb.,	45c
Pickled pork, per lb.	45c
Cooked ham, sliced, per lb.	75c
Spare ribs, per lb.,	30c
Roast ham	80c
Bologna, per lb.,	35c
Jellied tongue	50c to 60c
Broilers	60c
Rabbits, each,	75c
Calves liver, lb.,	35c
Cooked beef tongue,	75c
Lamb hearts	25c
Dairy Produce.	
Butter	80c
Butter (cooking)	75c
Cheese, per lb.,	45c
Limberger cheese, per lb.	60c
Eggs (case)	50c
B. C. fresh eggs	65c
Strictly new-laid eggs	80c

Black Figs	30c

Mining News

Silver Tip Bonded.

The first payment on the \$67,500 for the bonding of the Silver Tip group in the Salmon River valley has been made by R. H. Stewart, M. E., of Vancouver to a group of Victoria men. As soon as the snow melts eight or ten men are to be sent in under P. W. Radey, M. E., to institute development operations which are to be carried on vigorously this season. The Silver Tip, which consists of three claims about seven miles up the Salmon River from the Premier mine, was originally located by Messrs. Sloan, Williams and Cameron in 1912. In 1913 it was purchased by the Victoria syndicate which consists of Dean and Hisecks, C. W. Frank, D. W. Hanbury, C. H. Bowes, J. J. Caulfield, J. W. Crocker, John MacKay, George E. Winkler and J. B. Clegg. Payment on the new bond are to run over a term of three years.

Another Premier Suit.

In an effort to realize three hundred thousand dollars each in stock and money on an initial investment of \$1,250 each in cash, Dr. S. P. Hopkins and Dr. Robert J. Kearns, of Spokane, have started a suit against Roland W. Wood and Amos D. Tritts, shareholders in the Premier Mine at Stewart, says a dispatch from Spokane to the Ketchikan Times. The two physicians declare that under an agreement in 1915 they each advanced \$1,250 for one-tenth interest each in the syndicate the defendants formed to explore the mining property. They allege that the defendants acquired the Premier Mine and in 1919 with R. K. Neill and others, to whom the defendants had sold a half interest, formed the Premier Gold Mining Co. They further allege a sale by the defendants and R. K. Neill of 2,500,000 shares of stock to the Guggenheim interests for \$1,250,000.

Campbell River Copper.

In addition to the Temiskaming Mining Co. there is now operating in the Campbell River section, on Vancouver Island, another mining company known as the Providential Mining Co. They have been doing preliminary work on a copper prospect near Buttle's Lake all winter and are now taking in a diamond drill and a boiler to prove the depth of the property. The machinery is landed at Forles Landing and from that point a road and trail has been cut in for a distance of over twelve miles. It is said that the company has already spent \$10,000 on the claims.

Boulder Worth \$24,000.

"Alice Arm is keeping up its reputation as the bonanza silver camp of British Columbia," said Miles Donald of Alice Arm when in town recently. Mr. Donald brought word that a boulder of ore measuring about six feet square was recently struck in the Dolly Varden mine. The boulder is estimated to contain \$24,000 worth of silver. When blasting for its removal the pieces had to be pried apart with bars because of the ribbons of native silver holding the rock together.

PRESENTATION TO MISS SHOCKLEY

is Recipient of Silver Entree Dish On Occasion of Approaching Marriage.

The members of the Anglican Church choir met at the home of Mrs. Jack Barnsley on Fourth Ave. last night and spent a very pleasant evening in honor of Miss Grace Shockley, whose marriage to Don Yelf takes place on Thursday next.

The choir presented Miss Shockley with a silver entree dish, suitably engraved, and in making the presentation Rev. Canon Rix, on behalf of the choir, offered the couple every good wish for their future happiness.

W. E. Fisher and W. H. Mellior also spoke a few words of congratulation and expressed satisfaction that the bride to be was not leaving town and would still be able to continue her associations with the choir.

SATISFIES SAVES NERVES

"Wee MacGregor" DRAG SAW

THE ORIGINAL LIGHT WEIGHT PORTABLE, GASOLINE OPERATED DRAG SAW & POWER PLANT (Frequently Imitated Never Equalled)

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 30 cords of wood a day.

So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord.

Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator.

We carry in stock at all times in our Vancouver Warehouses a full line of service parts. In case of emergency there is no long wait for delivery.

SMITHERS

The Tod building opposite the school house has been bought by the Hospital Board and will be the new hospital. A drive of \$10,000 is being made for equipment and initial expenses. The institution will be operating, it is expected, by May 15.

Messrs. Sealy and Doodson are about to start the construction of an up-to-date cold storage and cooling plant with a capacity for 500 carcasses. The outfit will cost in the neighborhood of \$6,000.

A petition for the incorporation of Smithers under the new Village Act is being widely signed and will shortly be forwarded to Victoria.

Wiggs O'Neill has been made manager of the Smithers Baseball Club and N. P. Moran, secretary-treasurer.

FISH ARRIVALS

The following fish arrivals sold this morning: Spéculator, 5,000 lbs.; Zibalos, 18,000 lbs.; Muri-near, 8,000 lbs.; to Booth Fisheries at 15.5c and 9c. Viking, 10,000 lbs. to the Cold Storage at 11.8c and 6.8c. Rose Spit, 10,000 lbs. to Cold Storage at 12c and 7c. Rennell, 7,000 lbs. to Alfin Fisheries at 12c and 7c. The Booth Fisheries are sending a car load east tomorrow.

Tom Hansen was fined \$35 and costs on two charges of being drunk in the police court.

TENDERS FOR COAL.

SEALED TENDERS addressed to the undersigned and endorsed "Quotation for coal, Dominion Buildings, British Columbia," will be received until 12 o'clock noon, Monday, May 17, 1920, for the supply of coal for the public buildings throughout the province of British Columbia. Combined specification and form of tender can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and from the Caretakers of the different Dominion Buildings. Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. War Risk Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount. My order,
R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, Ont., April 12, 1920.

Patmore, Free Miner's License No. 31013 G, as agent for William Martin, of Seattle, Washington, U.S.A., Free Miner's Certificate No. 3316 G, intends, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of each of the above claims, and that section, under further take notice that section, under section 85, must be commenced before the issuance of such Certificate of Improvements. This notice shall be published in the Daily News of April, A. D. 1920. Dated this 2nd day of April, A. D. 1920.
LEWIS W. PATMORE.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, if not examined, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

Local News Notes

Central Labor Council meets tonight at 8 o'clock in McIntyre Hall.

Best Household Lump Coal, \$13.50 delivered. Phone Black 85. —Terminal Coal Co.

J. M. Lawrence and Pat Landers arrived from Anxox on the Chelohsin this morning.

Launch Provincial for Stewart Wednesday noon. Phone Red 394 —Prince Rupert Boat House.

A. W. Garter, of Oceanic Cannery, arrived in town yesterday and expects to return Thursday.

Just arrived! Shipment of 500 tons of New Wellington coal; also large shipment of double dressed fir, doors, windows, flooring, etc.

A bylaw providing that all municipal taxes, local improvement and general, become payable on July 30 was passed at last night's council meeting.

The Gallies players in tomorrow night's game will be selected from Campbell, Wiggins, Black, Stewart, Sellars, Wood, Mitchell, Kinghorn, McAties, Martin, McLean and Kelly.

The city council discussed the report of the mayor on the local improvement question last night in committee and have left it over till another committee meeting on Friday.

A. W. Cameron, manager of the Royal Bank, returned from Alice Arm on the Chelohsin this morning. Arrangements are nearing completion for the opening of the branch at that point.

Ald. Perry stated at last night's council meeting that if there was not a city by-law requiring all people living along sewer lines to be connected with same that he would introduce such a by-law.

The services of Harry L. Wighton, of Vancouver, are to be obtained by this city to study the street question with a view to permanent work, according to a decision of the council last night.

A letter from A. Akerberg, Ambrose Ave., drawing attention to the unsafe condition of the plank road on that street was referred by the council to the Board of Works for action at last night's meeting.

The Grand Trunk team for tomorrow night's game with the Gallies will be chosen from Waldorf; Hamilton, Fanthorpe; Harrison, McIlravy; Foote, Roberts, Eddie Smith, Price, Fanthorpe; Reserves — Alexander, Stanley Smith, Armstrong and Millwater.

Mrs. A. Davis of Wrangell left on the halibut schooner Washington this morning for Ketchikan from which port she will proceed to Wrangell where Mrs. Davis' husband was recently killed. Mrs. Campbell received the sad information while she was visiting at Campbell River.

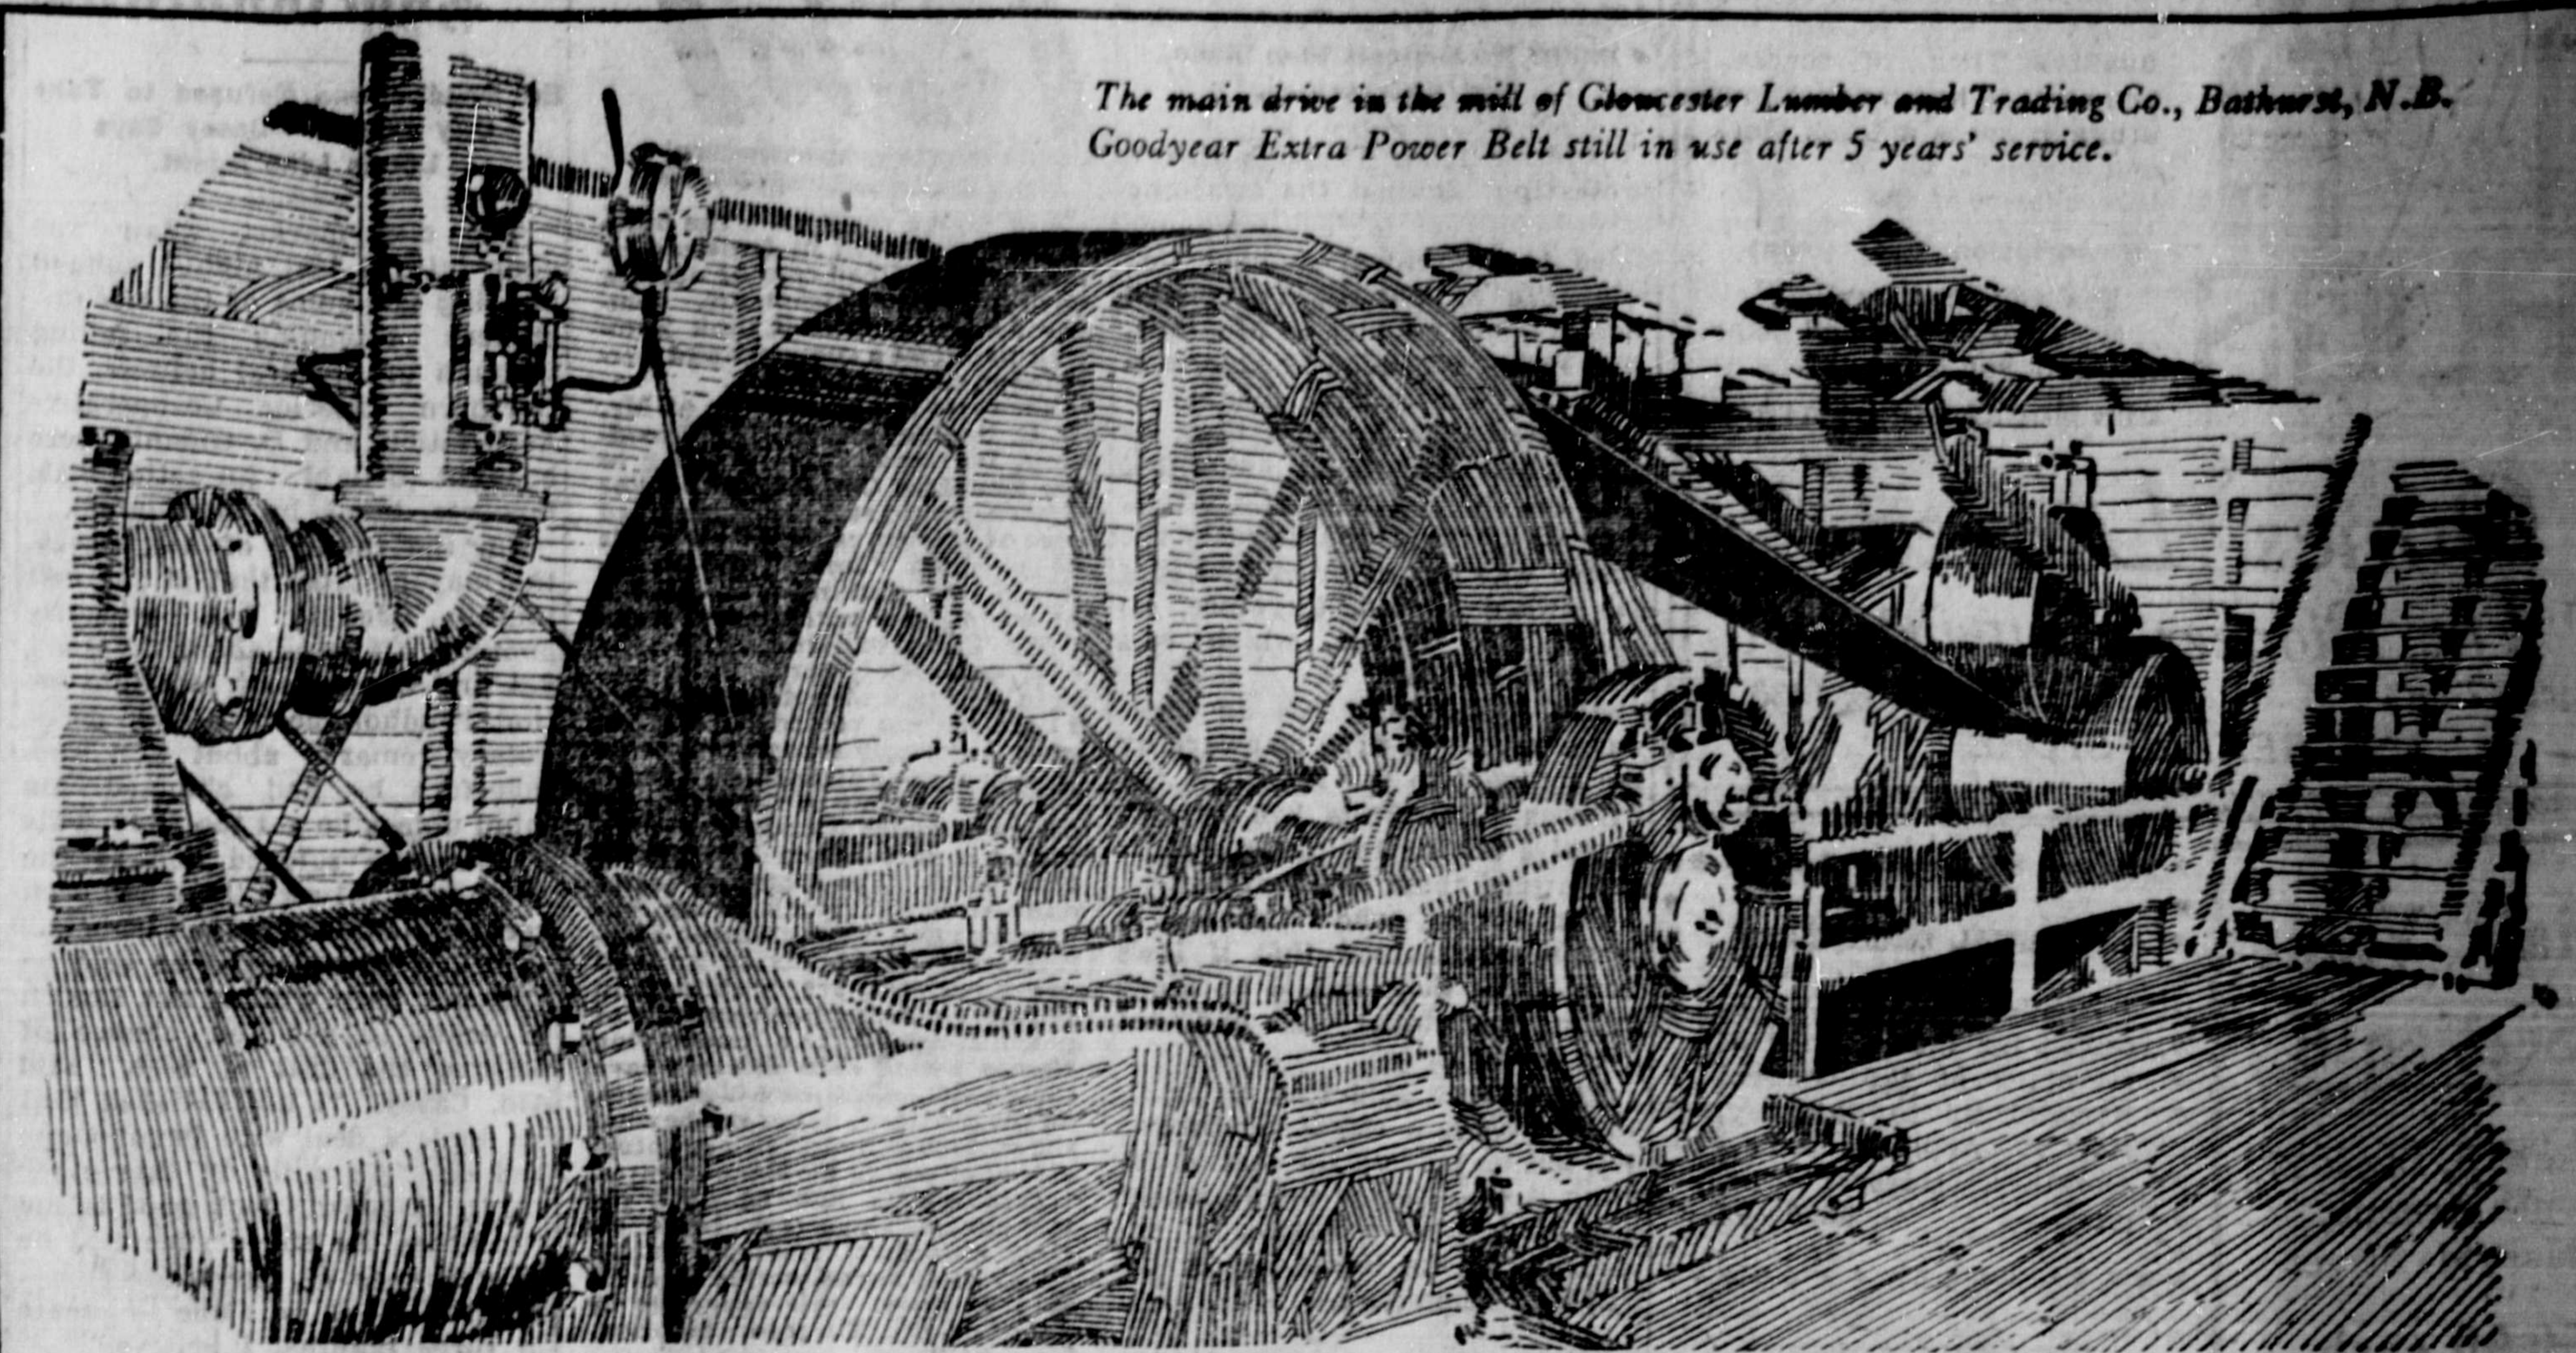

The disposition of ashes came in for some discussion at last night's council meeting and Ald. Casey cleared the matter up by stating that the city engineer was in communication with the city authorities at Victoria where a model ash and garbage removal system is in vogue.

Select dances will be held each Wednesday evening commencing April 28th in the new Killas hall, De Luxe, Third Ave. This hall has without doubt the finest dancing floor in the city. Refreshments will be served in the ice cream parlor. Gray's Orchestra has been engaged for the season. Mr. Ed. Craggs will act as floor manager. Invitations are out, but those who have been unavoidably overlooked may obtain same from Mr. and Mrs. McEvoy who are promoting these dances.

MINERAL ACT

Certificate of Improvement

NOTICE
KING SOLOMON and IRON KING Mineral Claims, situate in the Bella Coola Mining Division of Coast District.
Where located—West side of Dean Channel, North of Cascade Inlet in Range Coast District.
TAKE NOTICE that I, HUGH ARCHIBALD JACLEAN, as Agent for SMELTERS STEEL COMPANY, Free Miner's Certificate No. 239, intend, sixty days from the date hereof, to apply to the Mining Recorder of a Certificate of Improvements for each of said claims for the purpose of obtaining Crown Grant of the above claims.
And further take notice that action under section 85, must be commenced before the issuance of such Certificate of Improvements.
Dated this 15th day of January, A. D. 1920.
H. A. MACLEAN.

The main drive in the mill of Gloucester Lumber and Trading Co., Bathurst, N.B. Goodyear Extra Power Belt still in use after 5 years' service.

Master Belts of Industry

Goodyear has solved the problem of belting the great main drives of industry—the backbone of production.

Experience, in a thousand Canadian plants, says Goodyear Extra Power Belts.

Because these belts are strong—with the strength of properly selected fabric, every thread perfect.

Yet flexible, hugging pulleys, taking advantage of every inch of pulley surface. Flexible because in Goodyear Extra Power Belting high-grade rubber is forced through and through the fabric in generous quantities. Every strand is cushioned in it. No stitching to stiffen or weaken the belt. No separation of plies.

Its friction surface grips, even through dampness or dust. No slipping with Extra Power. No need for extra tight belts, pulling pulleys out of line. No need for belt dressing. No lost power.

The testimony for Goodyear Extra Power on main drives is very complete. For instance:—
The Norfolk Milling Company, of Simcoe, writing about their main drive belt, purchased a year ago, say:—

"Has been in continuous operation for one year, and has not stretched nor given us the slightest bit of trouble."

There are many others—some selected at random are:—

- Swordish Crucible Steel Company, Ltd., Windsor, Ont.
- Dominion Sugar Company, Ltd., Chatham, Ont.
- Dominion Forge and Stamping Co., Ltd., Walkerville, Ont.
- Page Wire Fence Company of Canada, Ltd., Walkerville, Ont.
- Echo Flour Mills, Ltd., Gladstone, Man.
- P. Burns Company, Ltd., Edmonton, Alta.
- Hollinger Consolidated Gold Mines Co., Ltd., Timmins, Ont.
- Dome Mines Company, Ltd., South Porcupine, Ont.
- Barrard Saw Mills, Ltd., Vancouver, B.C.
- Silverton Lumber and Power Company, Ltd., Silverton, B.C.
- Woodstock Electric Railway Light and Power Company, Ltd., Woodstock, N.B.
- Gloucester Lumbering and Trading Company, Bathurst, N.B.
- Amherst Foundry Company, Ltd., Amherst, N.S.
- Hull Iron and Steel Foundries, Ltd., Hull, Que.
- Quebec Graphite Co., Ltd., Buckingham, Que.

The complete story of Goodyear Extra Power Belts on main drives is interesting. There are facts about other types of drives just as important to you. Let a Goodyear belting man call and talk to you. No obligation. Just phone, wire or write the nearest branch.

The Goodyear Tire & Rubber Co. of Canada, Limited

Branches:—Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Winnipeg, Regina, Saskatoon, Calgary, Edmonton, Vancouver. Service stocks in smaller cities.

EXTRA POWER BELTING

At the recent school board meeting an application was received for a lady at Edmonton to act as substitute teacher. She said in her letter that she had seen the advertisement in the Daily News. The position was given to W. Aekroyd, 45 years of age, from Terrace, but it is understood the lady will come to the city and will act as occasional substitute until there is a vacancy.

The Board of Works' recommendation for a minimum wage scale of 67¢ for city day workers was thrown out at last night's council meeting. Aldermen Kerr and Casey voting for its adoption and Aldermen Perry, Dybbavn, McLennan and Rochester against it. It was deemed inadvisable by the majority of the aldermen to place the city under a hard and fast rule.

GERMAN TROOPS HAVE EVACUATED RUHR DIST.

PARIS, April 26.—A German note handed to the Foreign Office stated that additional troops which had entered the Ruhr District had evacuated that district on April 21.

A report from the Board of Works and city solicitor read at last night's council meeting recommending that the city was not responsible and should not pay damages when Mrs. A. G. Crater's son fell over a sidewalk was adopted unanimously.

GRANBY BAY SCHOOL NOTICE TO CONTRACTORS.

ROYAL LUMBER CO.
GETS POLE AWARD

Objection by Other Tenderer Because No Deposit Was Made, Not Entertained.

A letter from Thain & Brown protesting against the awarding of the contract for 300 telephone poles to the Royal Lumber Co., was read at last night's council meeting and on motion of Alderman Perry, seconded by Alderman Dybbahn, was ordered filed.

The letter maintained that, as no deposit had been submitted with the Royal Lumber Co.'s tender, which was the lowest, the tender was out of order and that the award should, therefore, go to the next lowest, which was Thain & Brown.

Ald. Perry said that as there was a saving of \$160 by awarding the contract to the Royal Co. the Utilities Committee had decided to waive the matter of the deposit and award them the contract.

Don Brown, who appeared in person, maintained that if laws were made they should be stood by and the Royal Co. had not lived up to it.

The mayor said that probably all the tenders might be thrown out, but on putting the motion for filing it was passed unanimously, upholding the awarding of the contract to the Royal Co. by the Utilities Committee.

M'CLYMONT SUES FOR COMMISSION ON SALE

A. B. Williams, of Victoria, is Defendant in Case Over Lot in Section 2.

The case of Thos. McClymont vs. A. B. Williams of Victoria is slated for hearing before Judge Young in the county court tomorrow morning. It arises out of the sale of a lot in Section 2 in which the plaintiff claims \$150 as 5 per cent commission on \$3,000. This, the plaintiff alleges, Mr. Williams refused or neglected to pay.

The defence is that Mr. McClymont was not employed to make the sale nor did he make it. Williams & Manson appear for the plaintiff and W. O. Fulton for the defence.

SET TAX RATE

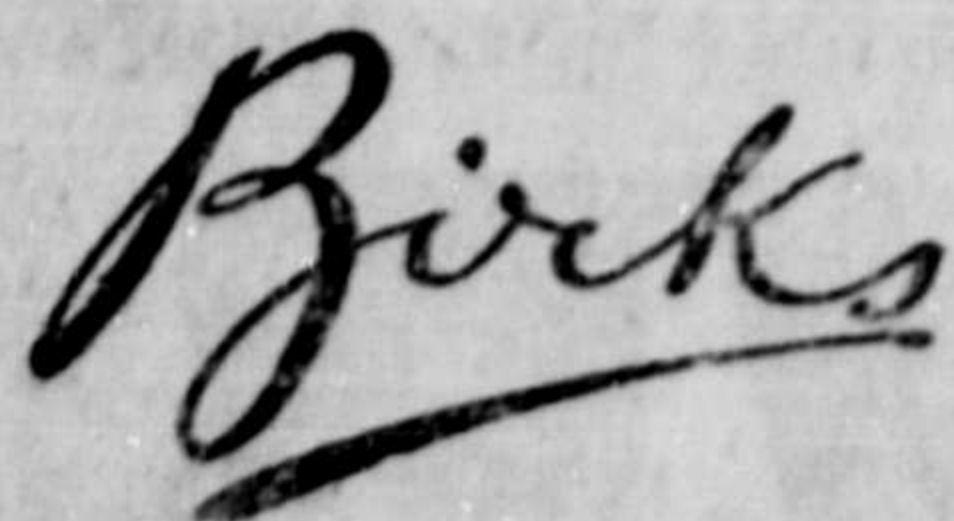

(Special via C. E. P. Telegrams)
VICTORIA, April 27.—Victoria city's tax rate this year is set at 26 mills, slightly less than last year. Oak Bay Municipality rate is 25 mills.

Written Permanently

That the Memorial Tablet is the most fitting tribute to the memory of those who "Volunteered for King and Country" is shown by the great number of Tablets which our factory has supplied.

Has your community thus perpetuated the memory of its heroic sons? We supply Tablets for churches, clubs, lodges, etc., and are glad to send full particulars and estimates on application.

HOUSES TO LET FOR SALE

Lots in Sections 1, 5, 6 and 8 at prices and on terms to suit. Sound revenue bearing investments and rare speculative values. Phone Black 461 or see F. W. HART at Gils' corner.

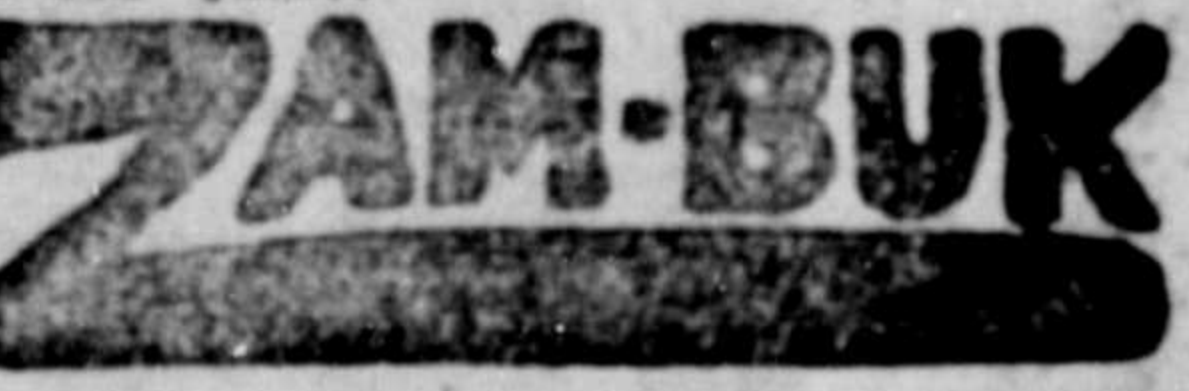

15 to 1

The above represents the number of years spent in fruitless efforts to cure a bad case of eczema with ordinary ointments, compared with the time it took Zam-Buk to effect a complete and permanent cure.

This was the experience of Mr. H. C. Buckley of 461 East Broadway, Portland, Ore. Writing to the Zam-Buk Co., he says: "For fifteen years I suffered with a bad case of eczema, and used all kinds of so-called 'cures' and treatments, but nothing was capable of curing me until I tried Zam-Buk. This wonderful balm, however, completely cured me in less than a year, and not only so, but I have had no return of the disease. I strongly recommend Zam-Buk to anyone afflicted as I was."

This is but one of the hundreds of cases where Zam-Buk has effected a cure when everything else failed. The reason is easily explained. Zam-Buk being unusually refined—containing absolutely no animal fats or mineral drugs such as are contained in ordinary ointments—is capable of penetrating to the underlying tissues where skin diseases have their roots. Ordinary ointments, on the contrary, never get beyond the surface skin and so are incapable of effecting permanent cures.

Zam-Buk is just as good for salt rheum, ringworm, boils, ulcers, abscesses, blood-poisoning, piles, cuts, burns, scalds and all skin injuries. All druggists or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

IRON SMELTER HERE

(Continued From Page One.)

abundance. Here then we have magnetite, limonite and coal, the three essentials.

It is pointed out by mining men that only ten per cent of limonite is required to 90 per cent of magnetite, so that while the proven deposits at Copper River are less than ten million tons, that provides for the use of something like ninety million tons of magnetite, and there is every indication that there is plenty more in the mountain, only it has not yet been proved by borings.

At Porcher Island.

One of the large deposits of magnetite is located at Porcher Island, which is close to this port and nearer still to the suggested site of a smelter at Port Edward. The immense deposit outcrops on the shore at either side of the island and could be worked in such a way that it would be available for water transportation, thus effecting an immense saving over any other method. The ore assays over sixty per cent of iron and is without harmful impurities.

Just what the working of these deposits and the establishment of a smelter close to Prince Rupert would mean, almost passes imagination. Yet here are the resources and up to this time no valid reason has been given why the industry should not be set going. It is a matter for the citizens of Prince Rupert to urge, firmly, clearly, but sanely, this purely business proposal. Let them muster every fact and meet every criticism, but keep up the work. There are other places that have claims and powerful ones, and it needs much more than the casual sending of a letter or the protest of a Board of Trade or newspaper to show that a big thing like this should be located here.

Launch "Alice B." Phone 41.

LAND ACT

Notice of Intention to Apply to Lease Land. In The Skeena Land District, Recording District of Coast Range Five District, and Huatae and known as Zayas Island.

TAKE NOTICE that William A. Noble of Prince Rupert, B. C., occupation Returned Soldier, intends to apply for permission to lease the following described lands:

Commencing at a post planted on the East Coast, about 1 1/2 miles distant in a northerly direction from the S.E. extreme point of the island, thence including the whole of the said Zayas Island, and containing 3,000 acres, more or less. WILLIAM A. NOBLE, Per Hoopes K. Freeman, Agent. Dated March 12th, 1920.

GLENNIE WANTS \$500 GOODWILL

As Prudhomme Refused to Take City Market—Casey Says Looks Like Agent.

The city market affair was gone into at last night's council meeting and some of the circumstances attending the falling through of the deal between the Northern Interior Co-operative Association and D. Glennie were brought to light. No action was, however, taken by the council.

On the inquiry of Ald. Casey, the mayor stated that at the last minute Glennie had evidently changed his mind about the market and when I saw him told me that Prudhomme had made derogatory remarks about him and, therefore he had changed his mind unless he got the \$500. This Prudhomme refused and as the agreement between them had been verbal, Glennie could not be held.

"I saw Glennie and he said he was not only willing but tickled to death to get the chance of making the deal at first," said Ald. Casey. "I am satisfied that he made a deal with Prudhomme and then he pulls off this other stunt. It doesn't look good to me and bears the appearance that he is acting as an agent for somebody. He can be made to vacate in three months, I believe."

FEED STUFFS TO BE UNDER CONTROL OF THE GOVERNMENT

OTTAWA, April 27.—A move to place the control of all commercial feeding stuffs entirely in the hands of the federal department of agriculture, is to be made in the House of Commons.

For some time past it has been felt desirable that the control of inspection and sale of commercial feeding stuffs, such as bran, shorts, chopped feed and middlings should be in the hands of the department of agriculture. The bill will be introduced to permit of regulations being made and administered by the department.

CITY COUNCIL IS AFTER NEW STATION

The matter of the erection of some kind of a station here is to be urged upon Col. Peck and Supt. McCall by the Finance Committee of the City Council. The standing disgrace of the terminal facilities at this place was the subject of some biting remarks by Alderman Rochester at last night's council meeting so the city is going to lend its voice to the general agitation for a station.

CIVIL RULE SOON FOR PALESTINE

SAN REMO, April 26.—Assurance has been given the Zionist representatives by the British delegates here that the military administration of Palestine will be changed to civil rule.

BIRTHDAY PARTY

Mrs. Alex Saint was the hostess at a charming little birthday party at her home in the McMorde Apartments last evening. The evening was spent with dancing, singing and games and at midnight refreshments were served. Among those present were Col. and Mrs. McMorde, Mr. and Mrs. Alex Macdonald, Sergeant Gope, Captain Davidson and Mr. Raleigh.

FIREMEN'S UNIFORMS

Tenders for the supplying of 6 firemen's uniforms were opened at last night's council meeting and brought forth as much variety as the bridge tenders. They were referred to the purchasing agent and the utilities committee.

Following are the tenders: S. King, \$75, 78, and \$82; J. Isenberg, \$50 and \$55; S. Wood, \$95 and \$90.
