More Improvements At Salt Lakes.

The warmer weather is making the young people look across the harbor in the direction of the Salt Lakes. It is rousing the Swimming Club and making them consider the season's activities. Last year a big effort was made and the result was the making of substantial improvements at the swimming resort. This year there is some work to be done. The beach should certainly be improved in order to give the younger people an opportunity to learn to swim. When the dredging is going on at Metlakatla it is possible a scow load or two of sand could be diverted to the Salt Lake, where it would make the shallow splash pond much more inviting. The Swimming Club may depend upon the people backing them in any efforts they make to improve the lake.

Came Through Game Without a Penalty.

The Winnipeg "Falcons," the team that made the big clean up at Antwerp, played through the winning game without a penalty against them. That is a great record. It is the kind of record of which any team may be proud. To play the game and play it clean; to win if possible, and to lose rather than play unfairly; that is true sport.

Canada is following along British lines in going in for clean sport. There is nothing trickey or unfair about the best British sportsmen. The same may be said of Canadians. They give the best that is in them, but scorn to win by anything but straightforward methods. It is a great aim, to be able to go through a game without deserving a penalty.

Vandals Destroy Flowers in City.

It is reported that vandals, ruffians, or whatever name might be given to men who would do such a deed, have deliberately destroyed flowers growing on the government lawns. These lawns are kept up by the provincial government especially for the benefit of the people of this city and they form one of the show spots here. From them visitors are able to gather an idea what may be done in the way of gardening. To have the flowers deliberately pulled up and carried away is a criminal action of

the worst kind. It seems a pity that in so many communities there are people who seem to delight in destroying things. Prince Rupert it seems has at least one of those people and the sooner he is behind the bars the better for the place.

STUDENTS' FEES

To the Editor,-In view of the fact that the governing body of the University of British Columbia has decided next year to charge a tuition fee of \$50.00 for all students attending, would it not be well for some of the local men of influence in political circles to take up the matter on behalf of the local students.

When the young men and women of this city go to such expense to go to Vancouver to comsurely the least that the authoriling expenses as is done in so many other larger colleges.

The Vancouver and suburban district students can all live at them. Trusting that some public spirited citizens will take this it over with a view to some deflinite action or resolution, I thank you for the space.

ONE INTERESTED.

BOOTLEGGING SAID TO BE ON THE INCREASE From Pt. Simpson, Arrandale, Mill

sales of liquor in the government stores for the first three months of the year are not available at For Massett, Port Clements and the moment, it is understood that the removal of the ban in connection with importation has had a very considerable effect both upon the number of prescriptions issued, and consequently upon the amount of the forbidden liquor, disposed of.

Another effect has been felt, however, if information received by the Prohibition Commission is substantiated. Report has it that in several districts of the province liberal importation has been carried on by bootleggers whose business has expanded to a very considerable extent. Their traffic at the present time, moreover, is not confined to the injurious concoctions of their own manufacture, but includes a "watered" variety of the more palatable liquid from the famous distillers. In an endeavor to curtail this

new development Colonel Sciater has taken steps to warn the chief magistrate of a number of cities -in which suspects are believed The time used is Pacific Stan- to be prosecuting their illegal calling-in an endeavor to stamp a more permanent and widespread

JACK HARKLEY HAS GANG ON L. L. AND H.

A crew of men is at work on the 'L. L. & H." group under Jack Harkley on Bitter Creek, says the Portland Canal News. The preliminary work is completed and a crosscut tunnel faced up. C. N. Tubman to whom the property is under bond, has returned to Stewart after inspecting the work. This property has a big surface showing and considerable work was done on it in 1910.

SEASON'S SPORT

Officers of Club Want as Many Members as Possible—May Send South Local Representative.

A meeting will be called at an early date to elect officers of the Prince Rupert Swimming Club. Last year's officers have in view a progressive policy for this year and are looking for the support of the public generally in connection with their plans. Several thousand dollars have already been expended at the Salt Lakes improvements and conveniences for swimmers. Before any work is started this year the officers state that they want to see finances in the treasury and if sufficient \$1 members subscribe there will be no necessity for any special subscriptions such as have been raised in the past. The Vancouver Swimming Club offers a number of awards for open handicap races for which any amateur swimmers in the province can compete. It is the lambition of the Prince Rupert Swimming Club to send swimmers south this year to enter into competition and with this end in view local swimming skill is to be closely scrutinized to ascertain if there is any promise among local swimmers. The Vancouver, record for the 100 yards swimming dash is 64 seconds and the world's 56 seconds. Can anybody beat it?

STEWART OFFICIAL

H. C. Davies, M. D., of Stewart inpro vincial Government to be medical ler seation 88, must be health officer and medical in- be issuence of such Certificate of spector of schools for Stewart.

A committee consisting of L. H Kenny, E. E. Chandler and B. (). Andrews has been named by the Board of Trade to make arrangements for a Victoria Day Celebration here. This committee will! also endeavor to make arrangements with the G.T.P. to run a special train from Prince Rupert for the event.

Mr. Buchanan, representing New York and Boston capital, is in town this week to thoroughly investigate mining possibilities in this district. Owing to the big demand for silver and lead and the fact that the Terrace district has much of this class of ore, a number of mining men are expected to visit here this summer.

A very commendable improvement was made to the appearance of the town last week when the citizens turned out and cleared off the gight of way from the main street east to the station. This has now been plowed and will be planted in clover, so that the unsightly array of stumps that formerly greeted each arrival on the trains will be a thing of the past.

A provincial police officer will arrive here this week to remain; permanently stationed at this

When applied to a skin disease or sore, Zam-Buk's unusual power of

penetration enables it to reach the underlying tissues where most of the

disease germs are located. These it destroys, and when the diseased

parts are medicinally cleansed the healing essences contained in Zam-Buk

grow new, healthy tissue which replaces the old and diseased. This is

why Zam-Buk cures are permanent. Zam-Buk cures from the root up,

consequently it cannot turn rancid, but will "keep" for an indefinite

period. This naturally appeals to careful buyers and in combination

with the balm's reliability, explains why Zam-Buk is always found on

eczema, ringworm, sait rheum, boils, pimpies, ulcers, abscesses, chronic

sores, blood-poisoning, piles, cuts, burns, scalds and all skin injuries.

50c box, 3 for \$1.25. All dealers, or Zam-Buk Co., Toronto. FREE

Comment of the second s

Zam-Buk is absolutely pure. It is also free from animal fat and

. Synopsis of . Land Act Amendments

Pre-emption new confined to sur-

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emptions abolished, but parties of not more than four may with joint residence, but each making necessary improvements on respective

Pre-emptore must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres. before receiving Crown Grant.
Where pre-emptor in occupation not less than I years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of

provement and transfer his claim. Records without permanent realdence may be issued, provided appli cant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required. Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made

and residence maintained on Crown Unsurveyed areas, not exceeding 20 acres, may be leased as homesites: title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include

payment of stumpage. Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchasprice, is made.

PRE-EMPTORS' FREE GRANTS The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The

time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made re-No fees relating to pre-emptions are due or payable by soldiers on

emptions recorded after June 26, 1918. Taxes are remitted for five years. Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions. Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 21, 1920.

SUB-PURCHASERS OF CROWN

Provision made for issuance Crown grants to sub-purchasers Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchascel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING. Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range edministration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range managetor settlers, campers or travellers, up

ome definite announcement as between the local branch of tion and the Dominion government through the harbor commissioners regarding the proposal to make extensions to the gov-To the Editor .- The following ernment wharf for the purpose Perhaps one of the most inter- has been sent to the school chil- of making provision for the storage of salmon is expected within

The first intimation outside of the article appearing in The World a few weeks ago announcing that plans for the expenditure of some \$300,000 for the conand lots of property are destroyed verting one of the sheds into a double-deck structure for the purpose of storing salmon, was made at last night's meeting of the local branch of the Canadian Fisheries Association.

F. E. Burke, president, explained that he had every reason to believe that the government would view the proposal of the fish men with favor. He thought that the case made out by the fish men was a very sound one and that a favorable impression was created in the minds of the harbor commissioners.

"It was not until we had gone fully into the matter," he said, "that we realized the possibilities in the enterprise. It will be of great benefit to the fish men to the theological students would be wide open, not only for your own have a large structure like this able to take their arts course dur- safety but also for the safety of in which to store salmon and will also be a good thing from the 'Adopt as your motto this word standpoint of the government."

OF APRIL WAS SLACK

Permits to the Value of \$14,516 .-50 Issued; Soldiers', \$7816.50, General, \$6700.00

Building in the city was slack ast month and the number of permits issued totalled only \$14,516.50 as compared with \$16,458,00 for last month. Despite the quietness in building for the month the figures exceed last year's which were \$13,400. April's permits were divided, 8.7816.50 for soldiers' housing and \$6,700 for general city build-
