Dom. Liberals Prepare for Election

PROPOSAL TO SOLVE POWER PROBLEM BY LINKING UP WITH DRYDOCK PLANT

Federal Election Possible; Liberal Council is Called

In Anticipation of Appeal to Country before Next Spring, Mackenzie King has sent out Call for Meeting of Followers at Ottawa

VANCOUVER, June 1.—There may be an election before next spring. That is the opinion expressed by C. E. Campbell, provincial secretary of the Liberal organization for British Columbia. In anticipation of a possible federal election the National Liberal Council has been summoned to meet at Ottawa from June 8 to 12 in the rooms of the leader of the opposition, W. L. Mackenzie King.

There are seven representatives of the National Council in British Columbia, Premier John Oliver, Henry Hall, M. P. P. of Victoria, M. A. Macdonald, M. P. P., and G. E. Campbell of Vancouver; F. G. Dawson of Prince Rupert, Mr. McNab of Cranbrook, and Mr. McRae of Revelstoke. Of these Premier Oliver and Henry Hall are unable to go, but it is expected several of the others will be present.

The chief reason given for the impression that there is likely to be an election is the general dissatisfaction of the people with the budget, following the reckless extravagance which preceded it. There have been already a number of defections from the Unionist party and others are said to be getting restive.

Mr. Dawson was this morning asked if he intended to be at the meeting of the National Council, and he replied that he expected to leave tomorrow for the national capital to be at the gathering. Doubtless on his return he will be in a position to throw further light on the political situation.

Provincial Government May Back Fishing Plan For Returned Soldiers

VANCOUVER, June 1.—It is announced that if Colonel Peck's appeal to the Federal Government for assistance to returned soldier fishermen on this coast is refused, the Provincial Government, through the Industrial Advisory Council, will likely take the matter up and make a grant for the purpose.

The whole matter of assistance to returned soldier fishermen has been under discussion between the Provincial and Dominion Governments with a view to a settlement. The Provincial Government, it is understood, has moved in the matter from time to time, but so far the Borden Government has hung back and refused to take any definite action. Now Colonel Peck is bringing the matter before the committee on pensions and reconstruction with a view to a recommendation for aid.

FAIR MONTH FISH BUSINESS

Despite Handicap of Car Shortage Fish Arrivals Nearly Came Up to Last Year.

BIG SCHOONERS HAVE STOPPED COMING HERE

Considering the fact that the port has suffered from a car shortage that has prevailed throughout the month, halibut figures for May this year are not considered unsatisfactory. There were 1,963,000 pounds landed here this month as against 2,193,000 last year during the same month and 1,395,600 last month. The highest price for the month was 47.4c and 7c., while much fish sold for storage at 40c and 6c. Prices this year are much higher than last, the highest last year being 16c.

A noticeable feature of the arrivals this season and due no doubt to the car shortage, is the fact that the large schooners have deserted the port and are now taking their catches to Vancouver and Seattle. Among those that called a year ago but have not been seen since the car shortage commenced are the Pioneer, Helinland, Seymour, Republic, Alton, Commonwealth, Alaska, Wash-

NEWSPAPER SUIT HERE

Change of Venue from Prince George to Prince Rupert; Well Known Case.

The Herbert J. Vanderhoof vs. W. J. Rimes Publishing Co. case has been transferred to the Prince Rupert assize civil list and will be before Chief Justice Hunter at the assizes in two weeks' time. The case is now well known in the north. The plaintiff claims that the defendant usurped the plant of the Vanderhoof Herald at Vanderhoof, changed the name of the paper to the Nechako Chronicle, and is now publishing illegally on a plant that does not belong to him.

There are many claims in connection with the case. The main ones are the claim of the plaintiff for a 51 per cent interest in the W. J. Rimes Co., damages for \$10,000 on account of fraud, \$5,000 breach of contract and an injunction against the publishing of the Nechako Chronicle.

The plaintiff is represented by the law firm of Ellis & Brown of Vancouver, and it is expected that Mr. Brown will be in Rupert to handle the case.

The defendant lawyers are Ogston & Young of Prince George. The assizes commence on June 16 and after the Duff criminal case it is expected this civil action will come up.

SHAKEN LIKE RAT BY BEAR

Nelson Hunter Had Leg Chewed by Grizzly and is Now in Hospital.

NELSON, June 1.—Thomas Powell, who is credited with having killed 44 grizzlies, had a close shave yesterday from being killed by one near Ymir. He was shaken by the bear, just as a terrier shakes a rat, and his leg was badly chewed before his companion, Harry Jones, shot the big animal.

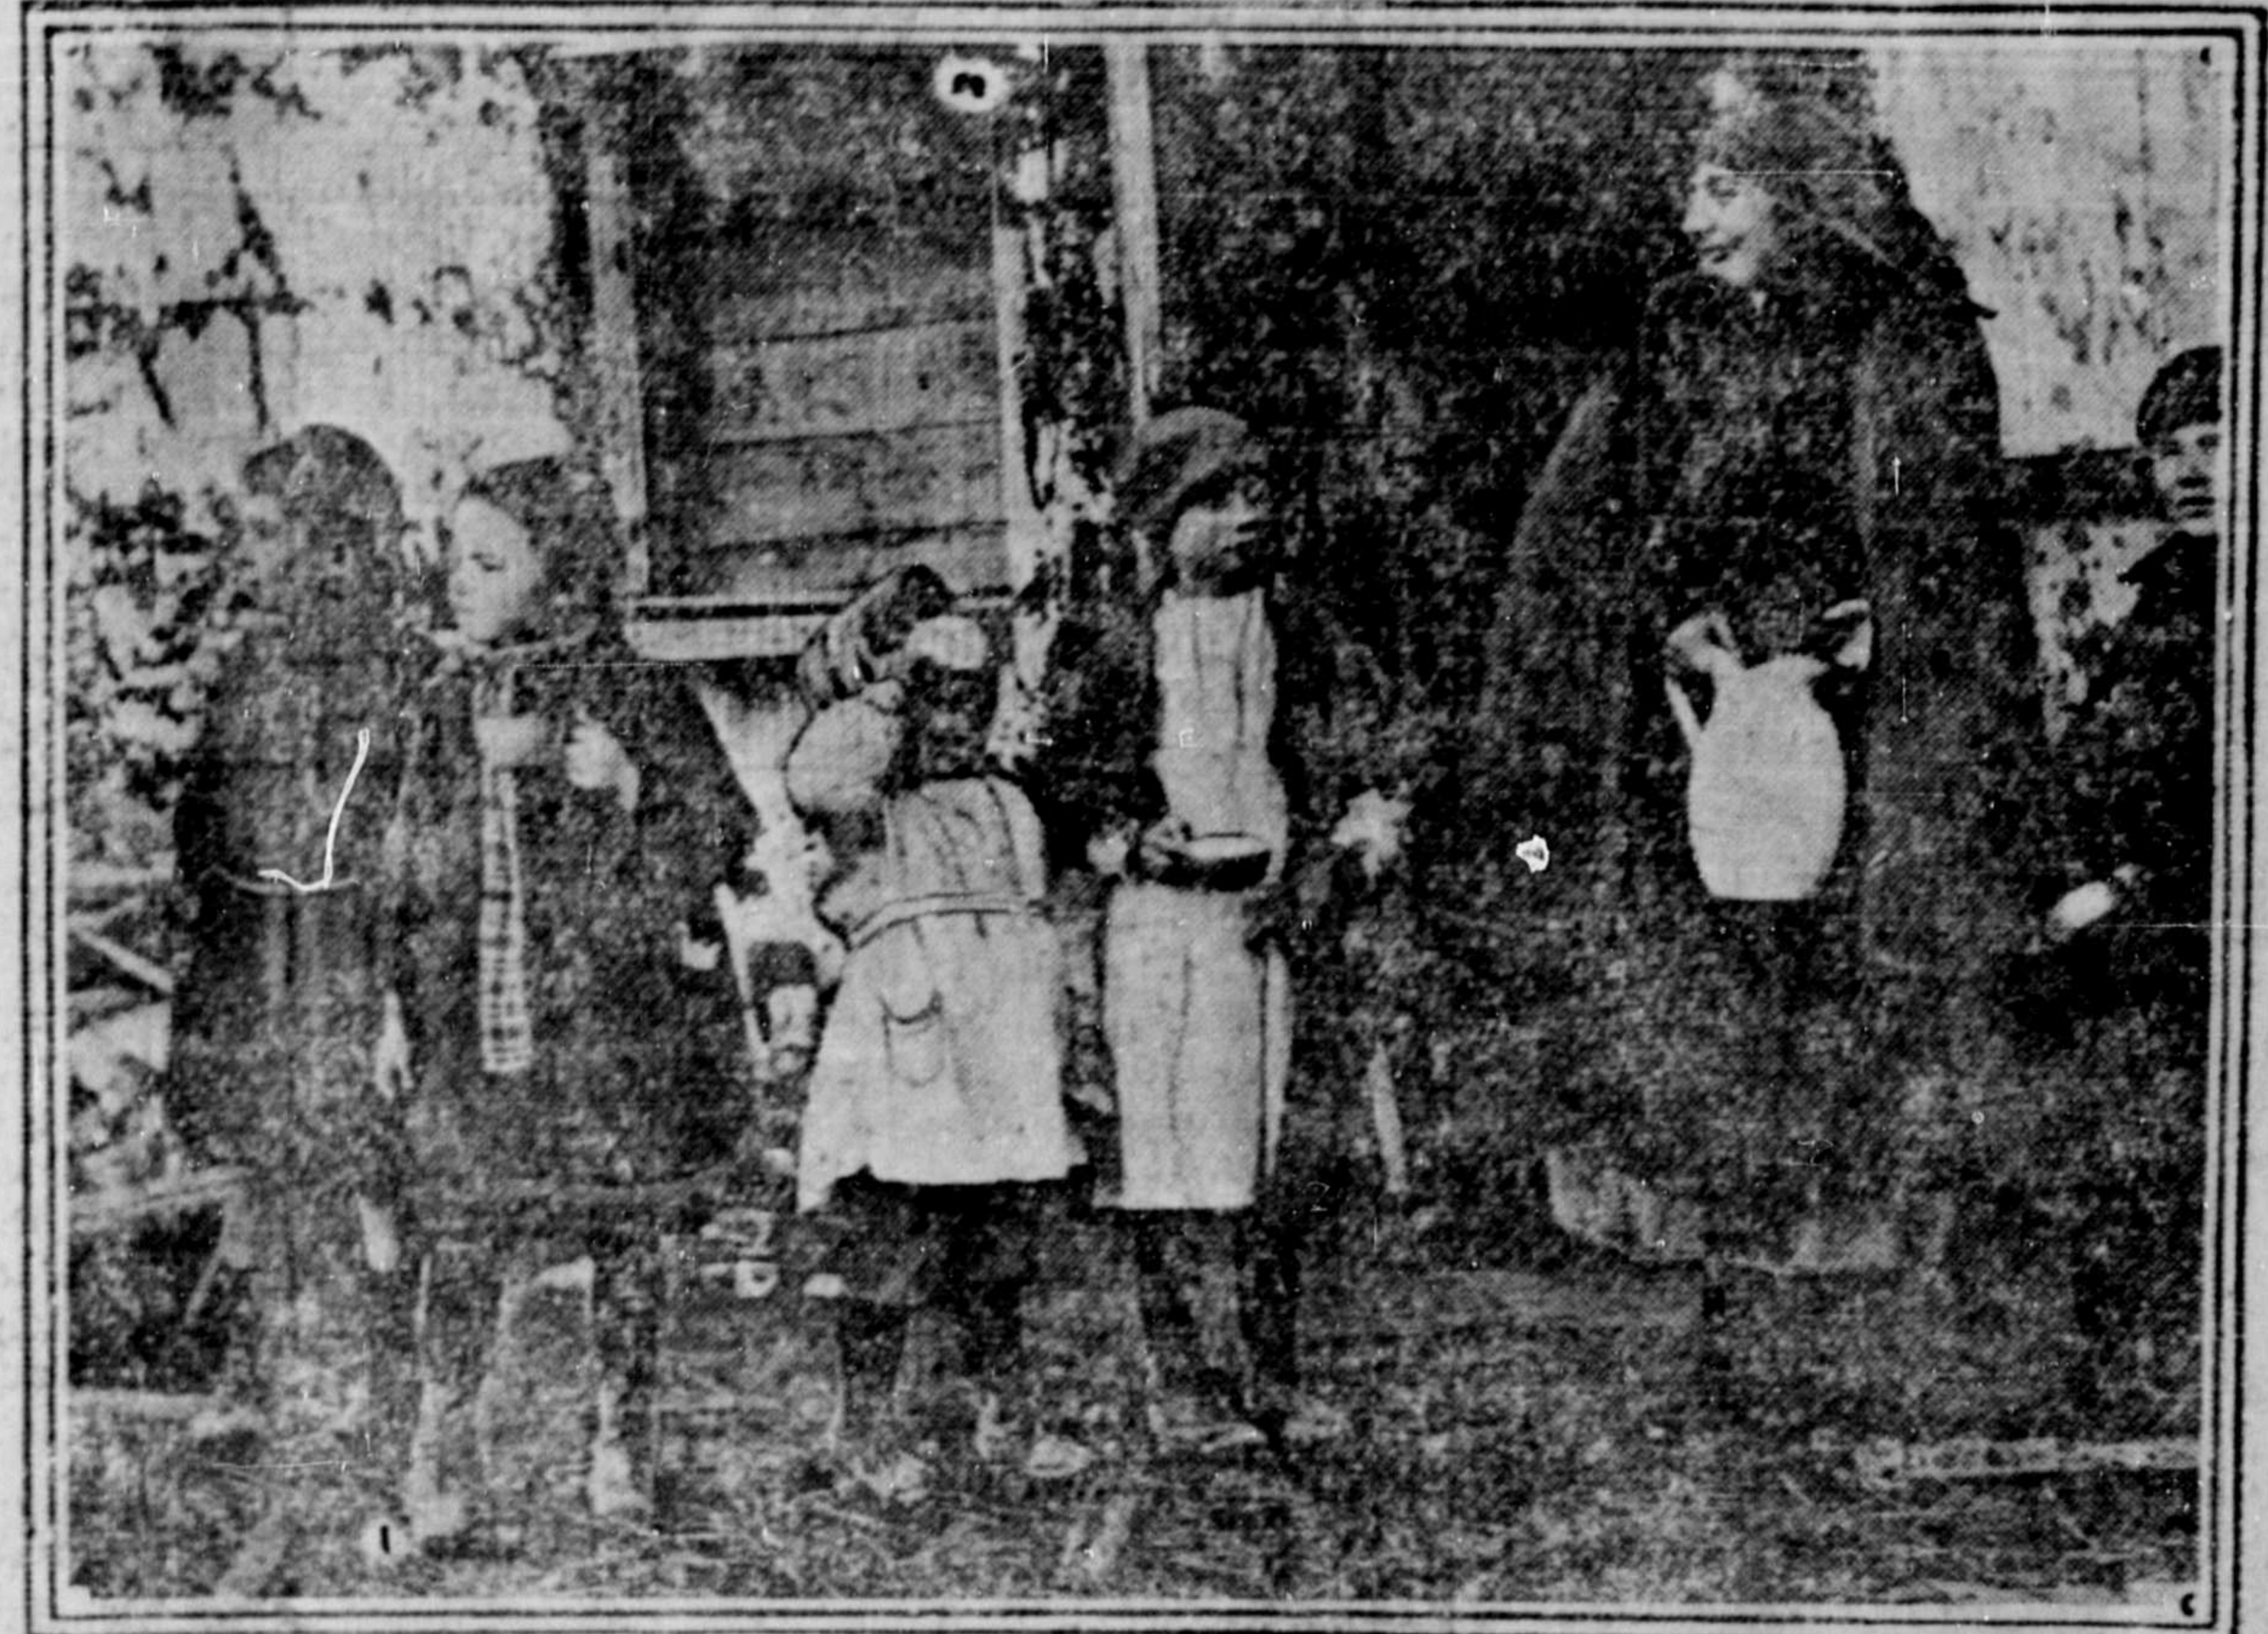

Powell is in the hospital here getting treatment for his injuries.

GASTON WINS AUTO RACE

Driver of Chevrolet Came in First in 5 Hours and 40 Minutes in 500-Mile Spin.

INDIANAPOLIS, June 1.—Gaston, driving a Chevrolet, won the 500-mile auto race yesterday here before a crowd of 125,000 people. De Palma, the favorite, was leading at 167 miles, when his car caught fire and he had to drop out. The official time for the 500 miles was 5 hours, 40 minutes, 15 seconds, and the total winnings amounted to \$30,000.

FRENCH SCHOOL CHILDREN RECEIVING CHOCOLATE FROM RED CROSS NURSE

With the date and arrival of the holiday season of these French school children it is not much, but to them it is the greatest treat of the day. This picture shows ME. Soutouon, of the Secour Blessé Militaire, director of the relief station at Mars la Tour, serving chocolate to the children. The American Red Cross provides most of the supply of this French organization for distribution among the people of the devastated areas.

Relief for Power Problem in Sight

Prince Rupert Dry Dock and Engineering Company have Submitted Agreement to City---Laid Over Two Weeks

A draft of an agreement between the city of Prince Rupert and the Prince Rupert Dry Dock and Engineering Co. prepared by the company was last night submitted to the city council and laid over for a couple of weeks so that the matter may be gone into carefully. In the meantime the local dry dock management is submitting the proposed agreement to Newman Erb and the other directors of the company for their approval.

Alderman Perry, in moving that the agreement be laid over, stated that the Utilities Committee had gone carefully into the question and negotiations had been pending a long time. At last a desirable basis of settlement has been nearly reached.

In answer to Alderman Rochester's queries as to the comparison of costs, the effectiveness of the three-year term, and the cost of installation, Alderman Perry stated that the connecting up and installation with the dry dock would cost \$14,000 and the rates would compare favorably with those existing now.

The mayor stated that the cost of installation would not be lost to the city as the same machinery could be used in connection with the dry dock when the city had its hydro-electric plant and the dry dock would be buying electricity from the city. The mayor was in favor of the connection in the meantime, for the city could not yet consider the installation of a hydro-electric plant. The connection with the dry dock would supply the needs of smaller industrial consumers and would clear the power problem for a few years at least.

The Proposed Agreement.
 The outline of the agreement is as follows:

1. The maximum supply from the dry dock will be 900 k. v. a.
2. Rates, up to 100 k. w. h. per month, 3.5c, 100-124 k. w. h. 3.5c, 124-151 k. w. h., 3c, 151-197 k. w. h. 2.5c, over 197 k. w. h. 2c.
3. The above rates shall apply

JAPAN WOULD RENEW TREATY

Decides to Open Negotiations with View to Continuing Integrity of Nations in Far East.

TOKYO, June 1.—The Japanese cabinet has decided to open negotiations for a renewal of the Anglo-Japanese alliance with such modifications as to bring it in harmony with the provisions of the League of Nations.

Japan wishes to maintain the same principles which are to safeguard the peace of Eastern Asia and to preserve the integrity of China and India. In view of the special interests of Japan and Great Britain in the Far East it is considered very desirable here that the present relations should be continued.

FORMER PREMIER OF FRANCE ON WAY TO ORIENT VIA CANADA

VANCOUVER, June 1.—M. Paul Painlevé, former president of France, is due here on Wednesday on his way to the Orient.

B. C. Undertakers. Phone 41

Refrigerator Cars Are Ordered by Railway for Use in Fish Business

The general superintendent of the Grand Trunk Pacific Railway here has been notified that thirty additional express refrigerator cars have been ordered for immediate delivery. These will be used in the fish business out of Prince Rupert and will to some extent fill the immediate need.

The G. T. P. owns 62 cars in all and for a long time past these have been insufficient. Officials of the railway have been anxious to have the shortage filled but they have been unable to secure appropriations for the purpose. The Minister of Railways has been the receiver for the road and all special appropriations have had to pass him.

Recently the local Board of Trade has become very insistent that something be done and has taken the matter up with the local member and with the railway officials. The result seems to have been a happy one, if the cars are rushed, as promised.

ADVOCATES INSPECTION OF ALL FISH

President of Canadian Fisheries Association Arrives in Vancouver for Big Convention.

VANCOUVER, June 1.—A. H. Brittain, president of the Canadian Fisheries Association, is here from the east to attend the big convention, which commences on Thursday of this week and continues until Saturday.

Mr. Brittain advocates the government inspection of fish, and says that the temporary losses of fishermen would be more than replaced in ultimate gains, as happened in the fruit industry, where the inspection is very rigid in regard to apple grading.

WOMAN KEPT SOLDIERS BACK

Held Them at Bay at Point of Revolver.

WINDSOR, June 1.—Five hundred veterans raided the police station in order to force the liberation of a veteran arrested on a charge of being drunk and disorderly. The wife of the constable who made the arrest kept the crowd out of her home at the point of a revolver.

COLLISHAW RETURNING TO PROVINCE

After Holiday at Nanaimo and Victoria Will Leave for India With British Army.

MONTREAL, June 1.—Major Collishaw, the celebrated aviator, hero of many an air battle and ace of aces, arrived here from England yesterday on the Metagama. He is on his way to his home and friends at Nanaimo and Victoria, where he expects to spend a holiday before joining the British army to take part in the tribal wars of northern India.

Collishaw is a Nanaimo boy and during the big war was responsible for more German planes than any other Canadian ace, with the exception of Colonel Bishop. After the war he took part in the fight against the Bolsheviks in South Russia and, as in the previous fighting, seemed to bear a charmed life. He had many hair-breadth escapes but came through safely.

At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

BOAT ARRESTED SELLING FISH

Patrol Steamer Thiepval Took Charge of American Craft for Not Reporting.

VANCOUVER, June 4.—The Dominion Fisheries Department here state that the patrol steamer Thiepval arrested the American fishing boat June last Friday near Barclay Sound on the West Coast of Vancouver Island, because she sold salmon in Canadian waters without first reporting to the customs authorities.

LEAVES GOVERNMENT, JOINS OPPOSITION

Member for Battleford Takes His Seat in House of Commons With National Progressives.

OTTAWA, June 4.—H. O. Wright, who was elected a member of Battleford in the Unionist interest, but who recently opposed the Government budget proposals, speaking against them in the House of Commons, yesterday crossed the floor and sat with the National Progressives. This means that he has permanently taken up the cause of the opposition.

Ten Years Ago in Prince Rupert

June 1, 1910
A petition has been received from Westenhaver Bros. and others asking that the city hall be built on Market Place. Alderman Pattullo felt that the site on Fulton Street was the most suitable for the present.

The second day of the Stewart lot sale realized nearly half a million dollars. The highest price was \$5,300 for the corner lot on Third and Brightwell. A. B. Mackenzie, of Mackenzie & Mann, was the biggest buyer.

Douglas Sutherland has resigned as C.P.R. agent here after seventeen years service with the company. He will go into the manufacturers' agent business in partnership with E. J. Maynard.

The Zanardi railway bridge is almost completed, the contractors now working on the last span.

The Board of Trade and City Council are jointly taking up the matter of the extermination of rats. The railway company already have a large quantity of poison on hand.

The Man in the Moon SAYS:

THAT while the cost of food and clothes is high we must be thankful that we are still allowed to buy them. It is not the case with some products. Paper in the East is often refused to Canadian buyers. It is received exclusively for the Americans.

THAT the girls are wondering how many June brides there will be this year.

THAT judging by what I see at night, I should say there ought to be a number.

THAT those who are unable to pay the prices asked for the stuff they sell under the pseudonym of whiskey in the Eastern provinces, may console themselves that dandelions are coming in bloom.

THAT a man lost his feet last week through crawling under a train.

THAT the moral is "never crawl."

THAT crabs never get anywhere, neither do other side-steppers.

THAT all they seem to be born for is to be caught.

THAT the Bolsheviks have reached the Caspian Sea, and long may they stay there. Nobody seems to welcome them.

Among Alice Arm visitors in Vancouver recently were Joe Gallo, G. L. Thompson and S. H. Horner.

Forest Fires are Terrible Waste.

The experiences through which New Brunswick and Nova Scotia are passing today in regard to forest fires are object lessons for British Columbia. They should make people here very careful of endangering life and property by setting fire to the woods.

Usually forest fires are the result of failure to extinguish camp fires, but sometimes they come from matches or cigarette ends thrown in the bracken or moss and igniting in a breeze. In any case the result is disastrous. Even if no lives are lost or buildings destroyed, the timber is damaged or destroyed.

Usually in the neighborhood of Prince Rupert there is not much danger, owing to the humidity of the atmosphere. There sometimes come dry times, however, in the middle of the summer when even here there is grave danger from fires. In the interior they often suffer and to the south much timber is destroyed. It lies with individuals rather than with the forestry department to see that fires are not allowed to start.

Plenty of Sport Near the City.

There is plenty of good trout fishing in the neighborhood of Prince Rupert and this should prove one of the great attractions to many. While the waters close by have been more or less fished out, there are within easy reach many choice spots where fish may be caught at almost any time during the season. There must be many undiscovered spots that will prove real bonanzas to the angler in the near future where local people may spend many holiday hours.

The news item published yesterday to the effect that some local anglers had visited Mud Creek on the Kestall River and had made good catches, getting excellent sport, shows that there are plenty of places which are not often visited, that may yet be popularized.

Returned Soldiers Trawling Proposal.

It is early yet to discuss the trawling proposal in regard to returned soldiers, but the matter is under advisement and something is likely to be done and Prince Rupert is likely to be considered in connection with any action that is taken.

So far as can be gathered there is a difference of opinion as to who should back the proposal. The fisheries belong to the Dominion Government. The Dominion Government has been undertaking the placing of men on the land, and the logical view is that they should also set men up in the fishing business. They have held back, however, but the local member is pressing the matter. If he fails to get a grant for the purpose, it will be for the Provincial Government to see what they can do.

It is to be hoped that in the differences between the Governments as to whose duty it is to undertake this work, it will not be delayed indefinitely until it is found too late to undertake the work. If the Dominion does not act soon, it would seem desirable that the matter should be urged on the Provincial Government. The fisheries are very important to this province, and everything possible should be done to develop them.

J. H. Pillsbury, acting general manager of the local dydock, went south last evening.

A. Belknap, of the Georgetown Lumber Co., returned from the south by the Princess Mary today.

Wicker go-carts, baby buggies, and sulkies—20% discount at Tite's. Watch windows for specials. If

Messrs. Doby and Emerson, of the Prince Rupert Lumber Co. left for Port Clements on the Albert yesterday.

School Inspector Paterson left by the Prince Albert yesterday for his regular visit to the Island schools.

O. B. Bush, the Stewart mining man, arrived from the north yesterday morning and is going to Alice Arm.

Callies Football Club Cinderella dance Wednesday, June 2, at 8:30 sharp, St. Andrew's hall. Admission 50c. 29

The water agreement between the city and G. T. P. Railway terminates on December 31 and the company is to be advised at once.

As a result of friction between different factions of the Prince Rupert Football Association, S. D. Macdonald resigned last night as president.

A reply has been received by the city to its message sent to Col. Peck, V. C., M. P., regarding the fish wharf and the car shortage. The member states that he is doing his utmost towards the clearing up of both problems.

DELEGATES AT CONVENTION

Alderman Dybhavn and G. W. Nickerson Will Represent Prince Rupert.

PARTY EXPECTED IN THE CITY NEXT WEEK

Two delegates left last night to represent Prince Rupert at the convention of the National Fishermen's Association at Vancouver. Ald. John Dybhavn represents the city and G. W. Nickerson represents the Board of Trade. Both of these men are aggressive and well informed on the subject and should voice the views of Prince Rupert with some effect before the big organization.

The Canadian Fish & Cold Storage Co. will be represented by the Vancouver manager of the concern, Mr. St. Denis.

While nothing definite has been received in regard to the plans of the delegates, it is understood that a large party will visit Prince Rupert after the convention. Possibly they will leave Vancouver on Monday, arriving here on Wednesday of next week. They will be entertained by the Board of Trade, co-operating with the officials of the Canadian Fish & Cold Storage Co., and other fishery interests in the city, but just what form the entertainment will take outside of showing the visitors the fishery facilities of the city, is not yet known.

DOUBLE SERVICE TO SKAGWAY JUNE 12

VICTORIA, June 1.—The C. P. R. announces that their double service to Skagway calling at Alert Bay, Prince Rupert, Ketchikan and Juneau will commence on June 12. The Princess Alice and Princess Mary will alternate on the run, leaving here every Friday night and Vancouver Saturday night.

DANISH COLONY FOR BRITISH COLUMBIA

Quebec, June 1.—A large party of Danish agriculturalists arrived here yesterday en route to the prairies and British Columbia. They have in view the purchase of large tracts of land and establishing a Danish colony.

RUSSIAN CAVALRY ENTERED ARMENIA

LONDON, June 1.—Two Russian cavalry regiments crossed the Armenian frontier and Armenia has protested to the Soviet Government against the invasion. New attacks made by the Poles on Kiev were repulsed by the Reds.

LUXURY TAX ON BOAT FOR VANCOUVER POLICE

VANCOUVER, June 1.—The city council will have to pay the ten per cent luxury tax on the new police boat ordered which is to cost \$3,900.

FRENCH KILLED THOUSAND TURKS

PARIS, June 1.—French columns have occupied Aintab, Syria, and taken a number of prisoners, killing 1,000 Turks.

INCREASED RATES FOR ADVERTISING

The continuous increase in the costs of production, both in wages and material, has made it necessary for the advertising rates charged by the Daily News to be revised, and the new rates will take effect after this issue. From now on, transient display advertising will cost \$1.25 per inch per insertion, and if required on the front page, \$2.00 per inch. Reading notices will be charged at 25c per line per insertion and classified advertisements 2c per word. The rates on the other particular classes of advertising are shown on the new rate card, which may be had upon application.

SUNLIGHT SOAP

Purity! Purity! Purity!

The one dominating note that runs all through the making of Sunlight Soap is Purity. The \$5,000 Guarantee you get with every single bar is not a mere advertisement. It marks a standard set for the buyers who select the choice Sunlight Soap materials—for the soap boiler—for the expert chemists—for the girls, even, who wrap and pack Sunlight.

Insist on getting the Soap you ask, for—

HONOR MRS. WILSON

In honor of Mrs. George Wilson, who has recently returned from an extended visit in the old country, a delightful reception was held last night in the Killas Hall de Luxe. The affair took the form of a dance, with Miss Adams, Will Martin and Robert Arthur, Jr., supplying excellent music. At midnight tasty refreshments were served in the parlor downstairs, after which dancing resumed till well on into the morning.

GRAND TRUNK NOW AT HEAD

Won From Trail Last Night and Divide First Position Honors With the Scots.

Last night's football game between the Grand Trunk Pacific and the Trail was won by the former by a score of 2-0. A good crowd watched the contest, which was well played and very interesting. The G.T.P. aggregation threaten to prove a serious contender for the football league honors this year and their advance so far this season is being watched with a certain amount of alarm by their opponents. The result is that last night the Trail got a good deal of side line support because a win for them wouldn't be so serious as a win for the G.T.P.

The two tallies last night were registered by Jackson and Fisher. O'Connell and Lawson, on the forward line, and the Fanthorpe brothers starred for the railroaders, while Waldorf, their goal tender, made a good many pretty saves. Cummins, forward, Vic Menzies, back, and Jack Judge, goal, on the Trail team are worthy of special mention. The game was refereed by W. E. Wilhiseroff, while Doc Clapperton and E. R. Tabrum were on the tapes.

The league standing to date is:

	P	W	D	L	Pts.
Calies	2	1	1	0	3
G. T. P.	2	1	1	0	3
Sons of Eng.	2	1	0	1	2
Trail	2	0	0	2	0

The printing of the city's annual report was tendered for at last night's council meeting by A. O. Franks who asked \$8.75 per page. The aldermen thought the price was excessive and decided to leave it over.

LAND ACT

Notice of Intention to Apply to Lease Land.

In the Skeena Land District, Recording District of Coast, Range Five District, and known as Zayas Island. TAKE NOTICE that William A. Noble of Prince Rupert, B. C., occupation Returned Soldier, intends to apply for permission to lease the following described lands:— Commencing at a post planted at the southwesterly end of an island, and about 20 chains northerly from location post of Lot 370, the most northerly part of the said island; thence in a westerly and southerly direction following the sinuosities of the shore line to point of commencement and containing eighty (80) acres, more or less.

LAND ACT

Notice of Intention to Apply to Purchase Land.

In Coast Land District, Recording District of Skeena, Range 5. TAKE NOTICE that I, David G. Mawhinney, of Prince Rupert, B. C., occupation Cook, intend to apply for permission to purchase the following described lands:— Commencing at a post planted at the southwesterly end of an island, and about 20 chains northerly from location post of Lot 370, the most northerly part of the said island; thence in a westerly and southerly direction following the sinuosities of the shore line to point of commencement and containing eighty (80) acres, more or less.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In Probate: In the matter of the "Administration Act" and in the matter of the Estate of Frank Harry Mobley, deceased.

TAKE NOTICE that on the 28th day of April, 1920, probate of the last will and testament of Frank H. Mobley, deceased, and administration of his estate, effects and credits was granted to David Gordon Stewart and Alexander Finnie of Prince Rupert, B. C., the executors named in the said will, and all parties having claims against the said estate are hereby required to furnish accounts properly verified to, and all parties indebted to the estate are required to pay the amount of their indebtedness to the said David Gordon Stewart and Alexander Finnie on or before the 1st day of June, 1920.

TIMBER SALE X 2331.

Sealed tenders will be received by the Minister of Lands not later than noon on the 2nd day of June, 1920, for the purchase of Licence X 2331, to cut 2,840,000 feet of Cedar, Spruce, Hemlock and Cedar on an area adjoining S. T. L. 4719p, Cumshewa Inlet, Queen Charlotte Islands District. (Two) years will be allowed for removal of timber.

"I HAVE PROVED"

Zam-Buk invaluable for eczema. Both in the case of my baby and myself," says Mrs. L. Bonin of West Arichat, N.S. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it. "In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk."

ALL KINDS ESTIMATES

Council Thought \$75—City Engineer Now Says \$690, and W. E. Thompson \$200 at Outside.

MARINE WAYS TRAIL IS IMMENSE PROBLEM

A report was received at last night's council meeting from the city engineer dealing with the state of matters in regard to the trail to the Seal Cove Marine Ways and it has now been decided to leave further action in the matter over until Alderman Perry has inspected the site. In the engineer's letter it is stated that it would cost \$690 to build the trail as now planned and that it would be money misspent if carried out as at present. The engineer stated that old planks would make the trail passable in the meantime.

W. E. Thompson was present and spoke to the council. He stated that in his original estimate of \$75 he had referred only to that part of the trail on the railway grade and had made no estimate as to the cost to the street. He said that the whole trail would cost no \$690 to build, but at the very outside would cost \$200. The city engineer should have figured out the cost before he allowed the work to be started. Planks would be no use and it would be better to leave it alone. If \$690 were to be spent it would be better to build a wagon road connecting with Eleventh Avenue.

MAY EXTEND TIME LIMIT

Ald. McLennan Says that Payment of Taxes by July will be Hard on Ratepayers.

As a result of Alderman McLennan's representations at last night's council meeting, the sending out of tax notices will be delayed a short time to consider the advisability of altering the dates when payment is imperative, the matter being in the hands of the finance committee with power to act. Ald. McLennan drew attention to the fact that by the present ruling taxes must be paid by July 1 or else there would be a 10 per cent penalty. Failing payment by October 1 there would be a further penalty of 5 per cent. Probably 95 per cent of the ratepayers did not know this. On account of the financial conditions this year there would be many who would be unable to pay and he would like to see the council take steps towards modifying them.

The mayor stated that the penalties could not be changed but the dates of the penalties could be altered. This year both local improvement and general taxation would fall due the same time and the tax notices for both would be on the same sheet but on either sides of it.

INVALIDS ARE TURNED AWAY

Sad Conditions of Those Unable to Get Prescriptions Filled Before Eight-Ounce Law in Force.

VANCOUVER, June 1.—Throng of "invalids" were turned away from the government liquor store yesterday. They were people who were anxious to take advantage of the last day for filling prescriptions before the eight-ounce limit came into effect. From this time on only eight ounces can be secured on each prescription.

McKeown, Esq., Secretary to the school Board, Kitsumakium, or the Department of Public Works, Victoria, B. C. Lowest or any tender not necessarily accepted. A. E. FOREMAN, Public Works Department, Victoria, B. C., May 10, 1920.

WATER NOTICE

DIVERSION AND USE. TAKE NOTICE that The Taylor Engineering Co., Ltd. whose address is Credit Foncier Building, Hastings Street, Vancouver, B. C., will apply for a license to take and use ten second feet of water out of Wolf Creek, also known as Davidson Creek, which flows southwesterly and drains into the Kitsumakium River, about two and a half miles north of the Dolly Varden Mine. The water will be diverted from the stream at a point about one mile from the Kitsumakium River and will be used for power purposes on the mine described as the Wolf Mineral Claim, and rights to Alice Arm District. This notice was posted on the ground on the 3rd day of May, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objection to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The powers of this undertaking are to be exercised for power and lighting within the territory embracing all the Wolf mineral claims, and all of this company's mineral claims, and all of its other mineral claims, and all buildings of other in and adjacent to the Alice Arm District. THE TAYLOR ENGINEERING CO., LTD., Applicant. By John Anderson, agent. The date of the first publication of this notice is May 6, 1920.

Mrs. Furoth Has a Special Way

Perhaps other cooks have a cake, say it calls for 1 cup of water and adds Pacific Milk to the cup. When Mrs. Furoth is mixing a cake, she takes first 1/2 cup of water and adds Pacific Milk to the cup. It is much better to pour milk into water than to water into 1/2 cup of milk. Which way do you dilute your Milk?

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the one neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight. The removal of the cause often restores the delicate run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye troubles.

Wonderful Possibilities of Fort Fraser District

Rich Land is very Productive and Ranchers are flocking into Country; Good Timber and Fish and Game in Abundance

FORT FRASER, June 1.—The history of the now flourishing town of Fort Fraser has been a very interesting one indeed and its founder, the late Simon Fraser, would hardly recognize the small trading centre of a few years ago. Later it became an important Hudson's Bay trading post and even today marks the frontier point for the Government Telegraph lines, as here the line passes off into the north and links up with Fort St. James and thence into the extreme north.

In recent years the district has been estimated very highly as a farming country and the production per acre proves its value as a cereal producing centre. Barley averages about 80 bushels per acre, whilst oats run from 75 to 80 and wheat reaches around the 85 mark in favorable seasons. The fall wheat crop gives the best satisfaction and a recent experiment in connection with the planting of oats in the fall points to just as good results. The green shoots of oats were about two or three inches above the ground when the snow came last autumn, yet it did not spoil with the frost and came along splendidly in the spring.

Stock Country
With the opening of the country further back a natural tendency will be towards large stock raising tracts being supervised. Already cattle and sheep thrive excellently and winter very easily, but the lack of good roads for the present prevents any great new enterprises. The district has only been recently discovered as a most valuable mixed farming area and as a result this year there is a great influx of new settlers. Only a few days ago a family arrived and were later followed by their effects in a box car and yet they have not yet picked out their spot for location. However, they are quite confident of the country and intend to stay.

Land Seekers Coming
In a few weeks time, following the seeding time in the prairie provinces, a general influx of land seekers is anticipated and from general records kept at least about two-thirds of them return to take up permanent homesteads. As at many other points along the line the season is rather backward. However, the farmers are not worrying as a crop has never failed them and they are just holding off for a day or two before planting, the rest of their garden truck. Very few people indeed have not heard of the Nechaco Valley potatoes, but how many of them have realized that the growers get about 10 tons to the acre.

Fish and Game
The fur market here is an important one for Fort Fraser forms the connection with a great sweep of game regions. Muskrat, mink and marten run high in the local catches, whilst otter, bear, fox and coyote are of very frequent occurrence. During the winter months the farmers find it very profitable to engage in trapping, and if otherwise inclined can cut ties or catch fish from the river and the lake for the eastern market. The fish not only abound in sufficient quantity to merit commercial operations, but it is a real fisherman's paradise for gamey fish. The Nechaco, teaming with sturgeon, trout and white fish, offers many advantages for the man who wants a real day's angling with something to show for his efforts.

Plenty of Timber
With the commencement of operations by the sawmill, which has a capacity of 20,000 feet per day and 60,000 laths per day, another valuable industry will have made its entry in the activities of the lively little centre. On the mountains to the north there is plenty of valuable and good-sized timber which is very easily reached by water transportation. Pulp wood is in abundance, and it is only recently that cruisers of a large Pacific coast firm were through the district and made estimates of available resources. Splendid water power can be controlled at the canyon, which is just a few miles from the townsite. Here the mighty river narrows down to a few hundred yards and drops in a series of three steps.

Small Fruits.
Small fruits have grown extremely well in the neighborhood and in a few weeks the first crop of wild strawberries will appear. Raspberries, strawberries, gooseberries, saskatoons, red and black currants all flourish and readily

TWO YEARS IN PENITENTIARY

Judge Young Finds H. Hokannen Guilty of Highway Robbery in Taking Watch

Found guilty of highway robbery, H. Hokannen was yesterday afternoon sent down by Judge Young to serve two years in the Provincial Penitentiary at New Westminster, for stealing a watch from a Hindu, Santokk Singh, at Seal Cove.

Court was in session for only a few minutes during which Lorne Peck testified as to taking the informant in his bus to Seal Cove at the time in question. The accused had maintained that informant and himself were in a taxi at that time, so the evidence was contradictory, verifying the informant's story. Peck had not noticed the accused in the bus, though he might have been.

GAME RESERVE MORESBY ISD.

No Shooting of Any Description to be Allowed There Says Notice to Police.

Chief Minty this morning received the following wire from A. R. Baker, chairman of the Game Conservation Board:

"Order-in-Council Number 823 approved May 12 reads as follows: 'That all that portion of Moresby Island in the Queen Charlotte group lying to the south of Hous-ton, Stewart Channel, and marked on the official maps as Kunghit Island, be set apart for the purposes of a game reservation. Notify wherever possible and warn fishermen that all shooting of any description is prohibited in the above-mentioned area.'"

On the recommendation of the housing committee the soldiers' loan to E. Shrubbsall has been transferred to C. L. Youngman.

D. A. McDonald arrived from Anxox on the Prince George yesterday morning.

NOTICE.

NOTICE IS HEREBY GIVEN that in accordance with an Amendment to the "Townsite Proportional Adjustment Act" passed at the last session of the Legislature any person holding an agreement for sale from the Crown in respect to the purchase at auction of town or city lots or lands within the site or suburb of a town payment for which has not been made in full and who wishes to obtain a proportionate allotment of such land in consideration of the monies already paid must file application in that respect, on or before the 1st day of September, 1920, on which date the privilege of obtaining a proportionate allotment will cease and any person in arrears of payment under an agreement for sale as aforesaid failing to make application as stipulated will thereafter be debarred from taking advantage of such privilege and will be subject to the fulfilment of the terms of the sale and the provisions of the "Land Act" governing overdue purchase money in connection with which special attention is drawn to the notice appearing in the current issues of this paper.

PRINCE GEORGE

William Balagno, while spending a few days' visit with his brother Charles here on his way west, was soloist at the I.O.D.E. hospital aid concert last Friday night.

The latest addition to the saw-mill business in this district is a new mill being put in at Shelly by the Prince George Sawmills Limited, the directors of which are Mayor H. G. Perry, A. Leith and D. G. Williams, of this city.

Alderman Barney Keegan is in the hospital as the result of an accident he sustained at the Willow River Mill last week when he was thrown from a carriage into a slough, crushing his leg and being severely shaken up.

The fifth annual firemen's dance held in the Ritts-Keifer Hall on Monday night was a great success and one of the leading events in the social calendar.

Dr. John Knox Wright, British Columbia Secretary of the Canadian Bible Society, spoke at the Presbyterian services on Sunday night.

A wedding of local interest took place at Vancouver last week when John Bronger, of this city, was married to Miss Elsie Dryden, formerly of South Fort George. After spending their honeymoon in Seattle the bride and groom will return here to make their residence.

TIMBER SALE X 2438.

Sealed tenders will be received by the Minister of Lands not later than noon on the 23rd day of June, 1920, for the purchase of Licence X 2438, to cut 2,414,000 feet of Spruce, Cedar, Balsam and Hemlock on an area situated on Deer and Bear Lakes, Princess Rupert Island, Range 4, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TIMBER SALE X 2450.

Sealed tenders will be received by the Minister of Lands not later than noon on the 24th day of June, 1920, for the purchase of Licence X 2450, to cut 1,550,000 feet of Cedar, Spruce, Hemlock and Balsam, on an area situated on Dufferin Island, Range 3, Coast District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

WATER NOTICE. DIVERSION AND USE.

TAKE NOTICE that Premier Gold Mining Co., Ltd., whose address is Premier, B.C., via Stewart, B.C., will apply for a licence to take and use three cubic feet of water out of Fletcher Creek, which flows westerly and drains into Cascade Creek, about one quarter mile north of the International Boundary in Salmon River Valley.

The water will be diverted from the stream at a point near the north-east corner of Lot 3507, Rupert Mineral Claim, and will be used for power purposes upon the Premier Mine; power house to be located on Lot 3597—Cascade Forks No. 2. This water is to be used to generate power for use on the property of the Premier Gold Mining Co., Ltd., in connection with its mining and milling operations.

This notice was posted on the ground on the 29th day of April, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within fifty days after the first appearance of this notice in a local newspaper.

PREMIER GOLD MINING CO., LTD.
by Dale L. Pitt, Applicant.

The date of the first publication of this notice is May 4, 1920.

WATER NOTICE. USE AND STORAGE.

Take notice that the Taylor Mining Co., Ltd., whose address is 607 Credit Foncier Building, Vancouver, B.C. will apply for a licence to take and use 50 second feet, and to store 2500 acre feet of water out of Clearwater Creek, tributary to Kitsault River, which flows westerly and drains into Kitsault River about 23 miles north of Alice Arm, B.C.

The storage-dam will be located at outlet of Clearwater Lake. The capacity of the reservoir to be created is about 2500 acre feet, and it will flood about 200 acres of land. The water will be diverted from the stream at a point close to lake outlet, and will be used for power purposes upon the mine described as Wolf Mineral Claim, and lights to Alice Arm District.

This notice was posted on the ground on the seventh day of April, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

The powers of this undertaking are to be exercised for power and lighting within the territory embracing all the Wolf mineral claims, the Dolly Varden mineral claims, and all of this company's Railroad and properties and buildings, or any properties and buildings of others in and adjacent to the Alice Arm District.

The petition for the approval of the undertaking will be heard in the office of the board at a date to be fixed by the Comptroller, and that any interested person may file an objection thereto in the office of the Comptroller, or of the Water Recorder of the District of Prince Rupert.

TAYLOR MINING CO., LTD.

FORT FRASER

In order to keep up with the general forward impetus to farming in the community C. L. Stuart has recently made a new addition to his general store, where he will sell the most modern farm implements.

About the 22nd of June the ownership of the Nechaco Hotel will change hands when Mr. and Mrs. P. Slavin will arrive from Houston to take over the reins of management. Mrs. Williamson, the present owner, is returning to take up farming activities in the vicinity.

With the recent appointment of the Rev. H. Munro to the Presbyterian Church of Fort Fraser during the next four summer months considerable activity is expected in Church circles.

Very soon now it is hoped that the final arrangements will be made for the forming of a tennis club. There are many nice plots available and with a little effort a first class court could be finished. Tournaments and matches could be conveniently arranged with some of the nearby points and splendid recreation provided during the long summer evenings.

A number of residents are considering the feasibility of approaching the Government with a view to securing financial aid for the completion of the Hospital. The sixteen room building is almost finished and a few minor changes would make the building most comfortable. The doctor from Vanderhoof could very conveniently make professional visits periodically.

TERRACE

A. J. Prudhomme, president and general manager of the Northern Interior Co-operative Association, held an organization meeting in the Progress Hall Friday night for the purpose of explaining the aims of the association and establishing a branch here.

Inspector Shinnick, of the federal department of railways, and Superintendent A. Kilpatrick, of Smithers, visited Terrace last Friday to look into the request for a railway siding at Kitsumkalum. Mr. Shinnick promised to put the matter before the railway commission, but was of the opinion that business did not warrant it, especially as the Terrace siding is less than a mile distant.

Plans and specifications for the new government school have been received by D. A. McKinnon, secretary of the School Board.

J. L. Powers, of the local Bank of Montreal staff, has gone to Stewart, to which branch he has been transferred.

Good progress is being made on the brickyard here and it is expected that brick will soon be turned out. The product will be the very best ornamental brick, of fine texture and very hard, taking a polish similar to pottery.

ENDAKO

A. G. Annan has opened a restaurant near the station where meals can be obtained at all hours in a convenient place for people who care to have a brief lunch as the train waits for fifteen minutes here. Mr. Annan is a returned soldier, well known throughout the northern country for his ability in the culinary line. Late wife he has been joined by his wife, who arrived from the Old Country by way of Victoria. A rooming house is a part of Mr. Annan's equipment.

NEW PUBLICATION

A splendidly illustrated folder descriptive of the Grand Trunk Pacific route through the Canadian Rockies and Pacific Coast tours, including tours to the Alaskan coast (Stewart, B. C.) and Observatory Inlet (Anxox, B. C.) has been issued from headquarters of the passenger traffic department, Winnipeg. Persons contemplating trips for their summer vacation should get a copy of this publication which will be mailed free on application to any Grand Trunk Pacific agent, or by writing to W. E. Duperow, general passenger agent, Winnipeg, Man.
