New Dock This Year Now Assured

MEMBER FOR DISTRICT MAKES DAMAGING ATTACK ON CHIEF INSPECTOR

Contract for New Fish Dock at This Port has Been Let

Winnipeg Advice intimates that Grant, Smith & Co. & Magoffin, Ltd., well known Contractors, are to do the work

Have Done Number of Big Jobs along Pacific Coast

Early Commencement of Work seems assured; another Scowload Creosoted Lumber Arrived Yesterday

Word was just received yesterday from Winnipeg by the local engineering office of the Grand Trunk Pacific Railway that the contract for the ocean and fisheries dock extension has been let to Grant Smith & Co. & Magoffin, Ltd. The information conveyed was merely that the contract had been let and none of the details have yet reached the local office.

Grant Smith & Co. is one of the largest contracting firms on the Pacific Coast and has its head office at Vancouver. Under the firm name of Grant Smith & Co. & McDonnell, the company has carried out many important contracts in the south, including the building of the ocean docks inside the Victoria breakwater, a piece of work that took them well over a year. The head of the firm is Grant Smith, of Vancouver.

S. S. Magoffin, the other member of the company that will carry on the erection of the new dock here, is a well known railway contractor and has recently made his headquarters at Prince George, but with frequent visits to Prince Rupert has become well known here. At present Mr. Magoffin is on his honeymoon trip as he was married in Winnipeg last week.

The award of the wharf extension contract is a big step towards the building of the wharf and all indications are now pointing to an early commencement of the work. The lumber is arriving steadily and just yesterday another scow load of creosoted lumber arrived from the south. The contract held by Grant Smith & Co. & Magoffin will provide for the driving of piles and the decking, but will not include the building of sheds. It will be carried out, it is thought, on a cost plus basis.

Arrangements for the dredging have not, as yet, been completed.

Change in City Water Rates Will Come Into Effect on July First

Effective July 1, changes in the city water rates are to some into effect, these being set out by the city council last night after having resolved into committee as a whole for nearly two hours, when matters were thoroughly discussed. On rising, the deliberations were reported and the changes formally adopted. Though slight increases are shown generally, this does not prevail in every case.

All dwellings up to six rooms will pay \$1 per month regardless of the number of terminals within reason, between six and nine rooms, \$1.25 per month and over nine rooms, \$1.50 per month. Any unreasonable use of the water supply in residences will subject the occupants to measure by meter and charges according to meter rates.

Rooming or boarding houses with nine rooms will pay \$2.50 per month with 15¢ extra for each room over nine. Churches will pay \$1 per month and halls for lodges purposes, the same. Other halls will be required to pay \$2. Hotels will be charged on the meter system with a \$5 minimum. Any hotels with three or more toilets or urinals for the use of the general public will get an extra discount of 5 per cent over the regular 10 per cent. Dental offices will pay \$1 a month for each dental chair. Printing offices, with 5 employees or under will pay \$1.50 with an additional 10¢ for each employee over five.

Meter rates will run from 13¢ per 100 cubic feet up to 5,000 cubic feet to 5¢ for over 200,000 cubic feet. The minimum charge runs from \$3 to \$120, depending on the rate. The plastering rate has been changed from 20¢ for 100 square feet to 50¢ per 100 square yards.

SIT ANOTHER MONTH

Parliament Cannot Prorogue Before July 15, It is Announced

Ottawa, June 14.—Parliament is likely to sit for another month. It is announced here that, there being a large amount of business yet to transact, prorogation can not possibly take place before July 15 and perhaps it may be later than that.

CONSIDER STEEL PLANT UNION BAY

VICTORIA, June 15.—Henry S. Fleming of New York, chairman of the Canadian Collieries, Ltd. (Dunsmuir) is here to consult with the Government with a view to the establishment of a steel plant at Union Bay on Vancouver Island.

Union Bay is the shipping point for the Comox coal mines and is the site of the coke ovens which have been in operation for the past twenty or thirty years.

GRANBY EXPERT LEFT FOR EAST

Will Report to Directors After Examining All Properties of the Company.

VANCOUVER, June 15.—Edwin Ludlow, the Granby coal expert, left yesterday for New York after a month's investigation of all the properties owned or controlled by the company. He had no announcement to make before leaving, his duty being to report to the board of directors only.

H. S. Munro also had nothing to say except that he would live permanently at Anyox. His family is coming from Kimberly, Nevada, later on.

REFERENDUM IN EARLY OCTOBER

Premier Oliver Suggests that as Likely Time for Taking Vote on Liquor Question.

VICTORIA, June 15.—The prohibition referendum will probably take place early in October. Premier Oliver made an announcement to that effect yesterday. It will take some time to get the lists in shape and print them, and all the other machinery necessary to a general referendum. Owing to the enfranchisement of the women the lists will be large.

Case Will be Tried on June 28 Unless Further Adjournment Allowed.

VICTORIA, June 15.—The date has been set for the libel case of Oliver vs. Elliott under which the Premier is suing R. T. Elliott of Victoria for saying in effect that he picked out for himself lands which had been selected for soldier settlement purposes. It will be tried in Victoria on June 28 just before the commencement of the long law vacation, during which no cases are heard. It is possible that Elliott may ask for further time in order to have it stand over until the autumn.

Sensational Charge made against Hon. William Sloan regarding Monopoly; Estimates Passed After Discussion

OTTAWA, June 15.—In an address on the fisheries estimates which passed the House of Commons last night, Lt.-Col. C. W. Peck made an attack on the fisheries inspector and asked for a responsible permanent resident inspector in Prince Rupert. He also dealt with the employment of Orientals and touched on the recent proposals of Hon. William Sloan, chief commissioner of fisheries for British Columbia, and made a sensational charge that Mr. Sloan had been responsible more than any other man living for the cannery monopoly in northern British Columbia.

Colonel Peck said that the Fraser River had been seriously depleted by the Americans who caught the fish in traps on the Fraser River canyon had been partly responsible for the conditions at present obtaining on the Fraser River.

FIRST ISSUE OF LOCAL BONDS FOR SALE HERE

Council Last Night Decided to Float Them Locally.

On recommendation of the city treasurer and the finance committee, the city council decided last night to place municipal bonds on the local market. The first issue for local sale will total \$34,250 and will be divided into 1 year, 2 year, 3 year, 4 year and 5 year debentures at 6½ per cent interest, 1 per cent better than Victory Bonds.

The mayor pointed out that this issue would act somewhat as a test as to the reception municipal bonds will get locally. If this issue is successful the next one may be larger. The adoption of the report was moved by Alderman Rochester and seconded by Alderman McLean.

Evolve Naval Policy at Imperial Conference, 1921

War Vessels Donated by Great Britain will be kept partly on the Pacific Coast

OTTAWA, June 15.—Hon. G. C. Ballantyne, minister of naval service, announced this morning that no definite plans would be made in connection with the naval policy of the Government until the Imperial Conference in 1921.

Supplementary estimate for \$2,200,000 is proposed in order to provide for the upkeep of the battle cruiser, two destroyers and two submarines donated to the country by the Government of Great Britain. These vessels will be kept partly on the Pacific Ocean and will be manned by Canadians.

Turning to the question of the employment of Orientals, the member for Skeena said that for thirty years politicians had talked white B.C., but it was getting more yellow all the time. He appealed to the Government not to put back the British Columbia fishermen under the heel of a monopoly. The Japanese were gaining control of the fisheries and it was their ambition to control the mercantile marine on the Pacific ocean.

POLICE MAGISTRATE GETS SALARY RAISE

Attorney-General Sets New Scale of \$150 per Month—City Must Pay It.

The salary of Police Magistrate McMorde is to be increased from \$100 to \$150, according to a communication which was read last night by the city council from Attorney-General J. W. deB. Farris. The salary of the police magistrate is set by the attorney-general's department and the city is required to pay the salary.

Ald. Perry felt that the increase was well deserved.

ALD. PERRY EXPLAINS LAUNCH INCIDENT

The \$10 bill for launch hire by Mrs. Delmonico charged to the city and to which Alderman Rochester took objection last Monday was explained by Alderman Perry last night. Says Wife's Jaw was Broken in a Fall from the Steps

FRANCISCO, June 15.—Jack Dempsey took the witness box yesterday in his own defense on the charge of being a slacker. He denied his former wife's charge of cruelty. He swore that her jaw had been broken as the result of a fall from the steps leading to his residence.

Dempsey said he had been the chief support of his family and had done a great deal of patriotic work attending benefits.

WATER PIPE TENDERS

The tenders for the new city water pipe were opened at last night's council meeting and have been referred to the Board of Works and the city engineer with instructions to accept the lowest tender under the most favorable conditions. SCHOOL MATTERS AGAIN TO FORE

Question of Water Main Removal Delay Causes More Disturbance in Council.

At last night's council meeting a delegation from the Board of School Trustees including Dr. W. T. Kergin, Fred Shaw and Architect Potter was present to press the request that the Hays Cove water main be moved at the earliest possible date so that the school construction would not be impeded. Dr. Kergin pointed out that the School Board might be liable for damages if the contractor could not go ahead with his work. If all went well, it was hoped that the school building might be finished by the end of the year.

It was explained by Ald. Kerr that the plans for the lowering of the pipe line were down and that tenders were in for the work. The delay had been caused because there was no water pipe, but it was expected to open the tenders for the water pipe at this meeting. The representative of the board of works assured the members of the School Board that good progress would be made.

Rushed Unduly.

Alderman Perry then launched forth on a speech of criticism of the whole affair. He felt that if the city had to pay for this that the city should pass a by-law for the expenditure, which he understood was going to amount to somewhere in the neighborhood of \$18,000. He stated that the city council had not delayed matters, but, rather, that the school board had rushed things unduly.

"It is my opinion that the school board has been slipping it over the citizens," he continued. "They haven't played the game and I would like to see their tactics changed. I think that this matter should be looked into from a standpoint of finances and that the citizens should endorse it. Personally, I cannot support it."

Trustee Shaw drew attention to the fact that the pipe was on school property in the first place and had been placed there by a mistake of a previous administration. He could not see that the school board had pulled the wool over the eyes of the public. It was up to the public to dictate to the school board and not the city council.

Sufficient Funds.

Mayor McGlynn explained that sufficient money would be forthcoming from funds hypothesized from the original hydroelectric issue to pay the expense for the lowering of the pipe line and the expenditure would rightly come under this bond. While the main line was being lowered, a smaller line would be put in around Hays Cove Circle. After the work was done this pipe would be used in permanent lines in other parts of the city.

Alderman Roehoster was in a critical mood in regard to school board affairs. He held that the school board had made up its mind to follow a certain course and that it had ignored the city council. For one-quarter the money that was being spent now the school needs of the city could be attended to for the next five years. He would disclaim any responsibility for trouble that the school board might run into.

The mayor felt that the discussion was getting out of bounds so called for the next order of business.

FOOTBALL GAME RESULTS IN DRAW

Last night on the Acropolis Hill grounds the practit football match between the Callies and the Trail Club resulted in draw, 2 to 2. Although there were no particularly brilliant spasms during the play, yet it was very well contested and offered the spectators ample reward for their climb up the hill. Jimmy Simpson, the Callies' outside left, was kept going all the time and made some excellent passes while in front of the grand stand.

GETTING DATA FOR HISTORY

Major Longstaff and Assistant, Major Bray, are Visiting the City this Week.

For the purpose of securing historical and geographical data in this district, Major Frederick V. Longstaff, F.R.G.S., is visiting Prince Rupert this week, accompanied by his assistant in the work, Major Bray, who retired from the permanent forces last year after a long military record.

Major Longstaff, who also has a long record of service in the army, is a great traveller. Prior to 1910 he travelled extensively in Switzerland, South Germany, Italy, Norway, Sweden and Russia, and with his parents, he has travelled considerably in America. After practising some time as an architect in Victoria, he decided, in 1911, to compile the work upon which he has been working ever since except for the period he was overseas. This work is to be a historical geography of the whole of British Columbia.

Major Longstaff makes a specialty of taking long distance photographs with special lenses which is an aid to his written records. This is his first trip over the line of the Grand Trunk Pacific. Together with Major Bray he will be in the vicinity of Prince Rupert all week, leaving for Victoria next Sunday night.

WATER NOTICE, DIVERSION AND USE.

TAKE NOTICE that Premier Gold Mining Co., Ltd., whose address is Premier, B.C., via Stewart, B.C., will apply for a licence to take and use three cubic feet of water out of Fletcher Creek, which flows into the river and drains into Cascade Creek, about one quarter mile north of the International Boundary in Salmon River Valley.

The water will be diverted from the stream at a point located in the north east corner of Lot 3547, Rupert Mineral Claim, and will be used for power purposes upon the Premier Mine; power house to be located on Lot 3697—Cascade Forks No. 5. This will be used to generate power for use on the property of the Premier Gold Mining Co., Ltd., in connection with its mining and milling operations.

This notice was posted on the ground on the 29th day of April, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder, Prince Rupert, C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within fifty days after the first appearance of this notice in a local newspaper.

THE GREAT DEMAND

For Pratt's Fly Chaser

Increasing Yearly to such an extent that advance orders from dealers this season have literally swamped the manufacturers who were unprepared for this element testifying to the splendid efficiency of this insect repellent. We have been notified that our shipment now on the rail is all that we can have this year. In the same the orders are coming in as fast as they are sold before it arrives. If you have been disappointed in other fly remedies, get busy and get PRATT'S. This is the only device that can catch the milk--does not blister or burn the hide, does not gum up the hair; but, it surely DOES CHASE THE FLIES!

Send in your order now to branch or agency or to the MAIL ORDER DEPARTMENT.

The Big Profits are in Contented Cows

Cows, notwithstanding the layman's ideas to the contrary, are really highly nervous and sensitive animals, as all farmers know. Fleas pester them and make them nervous and ill-tempered. THIS affects the milk and the milk production and so decreases profits. CALVES and heifers cannot attain their proper weight, strength and vitality when worried by fleas. Fleas carry contagion and are in every way undesirable. Be humane—be comfortable and make your cows contented by using Pratt's Fly Chaser. It is easy to use and never fails.

PRINCE GEORGE

All the money by-laws were passed at last Monday's election with comfortable majorities. The by-laws were for street improvement, hospital extension, waterworks extension, electric light extension and school building. Several debenture by-laws were also passed which will amount almost to the borrowing power limit of the city.

The first inter-town game of the season will be tomorrow when Vanderhoof will arrive here to play the local squad of baseballers.

In its presentation to Chief Justice Hunter, the Grand Jury of the recent assizes has made criticism of the jail and court house accommodation at South Fort George, plumbing, heating and capacity of the schools, inadequacy and unsanitary condition of the postoffice and the heating plant and kitchen of the hospital.

The marriage was solemnized in Winnipeg on June 7 of S. S. Magoffin, the railway contractor, and Miss Margaret Boalt, of Winnipeg. They are now on their honeymoon which will take them as far as Honolulu.
