Union Men Ask for White Canada

STEP TOWARD CONSOLIDATION OF TWO GOVERNMENT RAILWAYS IN WEST

Labor Federation Demands Total Exclusion of Orientals

In Session at Montreal, Resolution is Passed asking for Cancellation of Gentleman's Agreement at present in force

MONTREAL, June 16.—A white Canada is what the labor men in the east are asking. The Labor Federation in session at Montreal demand the total exclusion of Orientals and the cancellation of the "gentleman's agreement" at present in force. On Chinese there is at present a tax of \$500 on those coming to this country, and also an order was sent out a short time ago refusing admission to any more at present, even at that price. With Japan, however, it is different. Great Britain has a treaty with Japan and that country objects to discrimination against her citizens. She has made an agreement, however, to allow only a few of her citizens each year to come to this country. Also the immigration laws are very strict and a good many are returning for various reasons. Hindus are totally excluded under the immigration regulations. The result of the restrictions is that for a number of years only a few Orientals have come to this coast and those of the better class of Chinese and Japanese. The labor men at Montreal object to ever this small number and want total prohibition of Oriental immigration.

THREE BOATS SELL THEIR FISH CATCHES

Trouble With Cars Causes Boats to Leave for Other Points.

At the Fish Exchange this morning three boats were up for sale and these had been bought by the Atlin Fisheries to make up a car load on the day previous. When one of the cars reached the city last evening on the passenger train it was found to be out of order and will be under repairs for over a week. The three boats which had their catches up again today were the Ha with 5,000 pounds which was bought by the Canadian Fish & Cold Storage Co. at 11.2c and 7c. The Viola, 5,000 lbs., was re-purchased by the Atlin Fisheries at 11.8c and 6.5c, and the Marguerite, which was the third boat in the deal, will not sell now until Friday morning, when a better market is expected. The Carolen with 15,000 lbs. left port yesterday evening and will dispose of her catch at Ketchikan. The Convention with 15,000 is also taking her fish elsewhere and sailed for the south last night. It is expected that she will fish on the way south. There were no further arrivals today.

NEGROES WERE LYNCHED LAST NIGHT DULUTH

Five Thousand People Gathered and Executed Three Men for Alleged Assault.

DULUTH, Minn., June 16.—There was immense excitement here last night when three negroes were lynched, following an alleged assault on a white girl. Five thousand people took part in the affair, which took place on the circus ground. There was a mock trial at which the men were condemned to death and execution quickly followed.

SEATTLE, June 16.—The plea of temporary insanity has been entered by the defence at the opening of the trial of Mrs. Sawyer, a former Vancouver bride, who is charged with the murder of her husband by shooting. The jury sworn in to try the case is made up of eight men and four women.

LABOR CONVENTION REFUSE RECOGNITION OF THE RUSSIAN REDS

MONTREAL, June 16.—A radical resolution urging recognition of the Russian Reds by America, was defeated when it came before the labor convention here yesterday.

VICTORIA, June 16.—The two local newspapers, the Colonist and the Times, have both increased their subscription rates. The price delivered in the city has jumped from 75c to \$1 and the out of town-rate by mail from \$4 to \$6 a year.

Members of the Elks' Lodge will meet tonight in the Killas hall at 8:30.

Grand Forks Decides to Clean up Boot-leggers That Invest the City

GRAND FORKS, June 16.—There is to be a clean up in this town. There has been an orgy of illicit liquor selling and the condition has become so bad that at last the police commissioners have been induced to move in the matter. They have consequently decided to make a clean sweep of the bootleggers infesting the city. More police are to be put on at once in order to see that the law is enforced.

WOMEN "PUSSYFOOTERS" IN ENGLAND

The American women who have arrived in England on a temperance mission are sparing a little time or stibsteering in London.

'ROUGH HOUSE' CHALLENGES TWO FIGHTERS

Burns Would Meet Either Neff or McCarthy in Boxing Match Here.

A letter was received by the sporting editor this morning from "Rough House" Charley Burns offering to fight either Chet Neff or McCarthy, although he would rather meet the latter. He says:—"I see where Chet Neff and McCarthy had quite a tussel at your great little town, Mr. Editor. If it's possible to use your daily paper, I would like to challenge either McCarthy or Neff. You know I boxed Neff twice in your city and I'm satisfied I'm Neff's master. I would prefer McCarthy but either will do for me."

OTTAWA, June 16.—In connection with the tax on luxuries as announced in the budget speech of the finance minister recently, a number of changes have been made. The most recent of these include a reduction in the tax on silks and proprietary medicines. There are other changes in men's hats, carpets, sporting goods and other articles.

Fast Train Service Canadian National

Trains will Use G.T.P. on Prairies and C.N.R. Edmonton to Vancouver

VANCOUVER, June 16.—An important change is taking place in connection with the Grand Trunk Pacific and Canadian National Railway consolidation. There has been a gradual interlocking of interests with a view to economy of operation. Now the Canadian National has arranged to start a fast schedule on the G. T. P. from Winnipeg to Edmonton and taking the short route from Edmonton to Vancouver over the C. N. R. This schedule will commence June 27 next.

Silver Standard Mine is Shipping Ore Steadily

Concentrating Mill at New Hazelton Operating all time and Good Deal of Development Work Is Proceeding

The Silver Standard mine at New Hazelton has been shipping steadily this spring with considerable development proceeding at the same time. The new tunnel which is being put in 200 feet below the present outlet, has now reached two veins and the work will continue until the main lead is struck. This has not been tapped so far, as even the present tunnel has not gone into the original vein which first caught the eye of the prospector at the surface showing.

The mine itself is on an ideal site, being on the side of the mountain which gives a commanding view of the whole Kispitox Valley. Far in the distance looms up the lofty peaks of the Seven Sisters of the Skeena River and over to the left stands Kooche de Boule with its sharp snowy peak enshrouded in mist. In the little valley below the mine the camp is laid out on a most picturesque grassy plateau and the log cabins lend a very pleasing tone to the whole scene.

NORMAL PRICES RETURN 1927

So Says Retail Drapers from Old Country at Vancouver.

VANCOUVER, June 16.—Twenty one big retail drapers from Great Britain are here on a continental inspection. Discussing the high prices and the possibility of their going lower, they expressed the opinion that prices would not become normal before 1927 at the earliest. That was the consensus of opinion among them.

INDIANS ASK COMPENSATION FOR DREDGING

Claim Riparian Rights in Metlakatla Bar are of Value to Them.

In connection with the dredging of the Metlakatla Bar by the Department of Public Works there has been some delay on account of a demand made by the Indians of Metlakatla in connection with their riparian rights. The bar is part of an Indian reserve and those living in the village have rights to it which, it is claimed, cannot be set aside. An agreement has now been reached, tentatively, by which the Indians are to receive certain remuneration for the removal of their gravel, and if this agreement is accepted at Ottawa, the work should proceed before long.

LOGGERS GO ON STRIKE

All Camps Between Hazelton and Prince George are Now Out; May Affect Mills.

All the loggers in the camps east of Hazelton have gone on strike, according to word that was received this morning by I. H. Burroughs, general secretary of the Central Labor Council. The men are co-ordinating their demands for an eight-hour day with the wage of \$4 per day and board, the minimum figure. About 2,000 men it is expected will be affected by the strike order and the logging industry between Hazelton and Prince George will be tied up. Eventually, if the strike lasts, the mills will also be affected by log scarcity.

SHRINERS HAVE CHARTERED BOAT

Special Train Bearing Members of Mystic Order will Arrive Tomorrow Evening.

The Prince Rupert when she sails for the south tomorrow night will be a Shriners' boat. Practically all her accommodation has been taken by members of that order who are on their way to attend the big convention in Portland. A special train bringing Shriners from the east will arrive here tomorrow evening and they will be met by members of the order here. It is possible that if the evening is fine there will be a parade of the visitors before they embark on the steamer.

Railway Dock Contract Let.

It was great news that we were able to announce yesterday in regard to the letting of the contract for the new dock. The structure is badly needed and its erection means a great deal to the city. It also indicates that the Government is taking at least a little interest in this port and that possibly, if we let them know that we are alive, we may get further help.

Another Step Toward Developing a Port.

The building of the dock for the Alaska and possibly ocean going business here is the first step toward the development of a real seaport. It is impossible to put on a steamship line unless there is a dock at which to load and discharge cargo.

If we knew we could get an improvement for the asking, the one thing we should undoubtedly choose in this city would be a dock. Above everything else it is what we need in order to develop into a real seaport.

Henry S. Fleming is Considering Steel Plant.

The Canadian Collieries have good producing mines and large coal fields. They are in a suitable position on the east coast of Vancouver Island not far from considerable deposits of magnetite iron ore and they make coke right there, so that in many respects they are well located for iron and steel works.

There is one thing that Union Bay has not, and it is something that we have. Union Bay or its locality has no limonite or hematite suitable to mix with the magnetite ore in order to give it the proper smelting properties.

Granby Shakeup and Eostall Properties.

While there is a secondary interest taken in Prince Rupert in the recent shuffle of officials at Anyox and Vancouver in connection with the Granby Company, what concerns this city most is what effect if any the changes will have on the development of the Eostall properties controlled by the big concern.

It is possible that a new concern will be formed for the purpose of developing the deposits. The properties may be sold. In any event it is to be hoped they will not be forgotten.

The Man in the Moon SAYS:-

THAT after a lot of dirty linen had been washed and someone had done a lot of lying, it is discovered that the champion boxer is not a slacker.

THAT since the trial a great many Americans will be putting their money on Carpentier in the coming fight.

THAT it is impossible to enthuse over a man who, while he may be a champion, does not act like one.

THAT a man may make a partner of his wife, but never a silent partner.

THAT many partnerships are not successes; that is why there are divorcees.

THAT the Elliott case which is to be tried on the 28th seems likely to be an interesting one.

THAT most people will pin their faith to Farmer John, at any rate until the evidence is all in.

THAT now local bonds are to be offered for sale, we shall see who has faith in his own town.

THAT at six and a half per cent they ought to be pretty good buying.

THAT "buy a bond" was the slogan when the nation wanted money. What about "buy a bond" when the city wants money.

THAT why should we send the interest on our money to the States or to Eastern Canada? Why not keep it in Prince Rupert?

THAT it is always a good plan to patronize home industries, even if it is only the bond making industry.

Sport Briefs

On Dominion Day there will be no baseball game by the teams of the Junior League. At first it was thought that it would be quite possible to arrange a skirmish for that date. However, the day is so full of the other big games that it was impossible to give the young boys a suitable time for playing.

There will be no races for grown ups this year at the First of July celebration. The whole morning will be given over to the jollification of the Prince Rupert youngsters.

New Metlakatla is alive these days. Ben Self just received a wire the other day saying that they were coming down to Prince Rupert for the first of July. No financial assistance was requested but they just wanted to come down for this year's big blowout. They will also bring their own band if arrangements can be made. It will be rather awkward to arrange for more baseball games on Dominion Day, so if the New Metlakatla people were willing, it is very likely that a couple of matches might be manoeuvred before that time.

From every quarter comes the good news that Ketchikan is coming here with a greater representation than ever this year. Very likely one of the big boats will be chartered so that three or four hundred can make the trip. After taking the visitors home the boat will carry a large delegation from here to storm the Alaskan fort on the Fourth of July.

On Dominion Day the football match will come in the middle of the afternoon, immediately after the first baseball game.

The cup tie games will be played off on Friday night between the Gallies and the Sons of England and the G. T. P. and Trails will meet next Wednesday. The deciding game which is to be staged on Dominion Day ought to prove a very interesting one.

At the first playoff in the cup tie series on Friday evening the Sons of England will be picked from the following: S. J. Wisby, H. F. Wearmouth, S. Darton, I. Tabrum, W. Crisp, G. Kelsey, A. Bentley, A. E. Slocomb, G. P. Tinker, H. M. D. Lambe, James Farquhar, A. M. Davis, W. Quayle.

For the Gallies the line-up will be Martin; Menzie and Stewart; Steward, Kinghorn and Lay; Booth, Wiggins, White, Willisroft and Black; reserve, Mitchell.

"Best to Get the Best"

There was a time when people who always got "the best of everything" were defined either wealthy or extravagant, but now we have a different idea. The best is more satisfactory "in the long run." And it gives much greater satisfaction in the using or wearing of it.

This applies particularly to diamonds. Whether your turn to purchase diamonds is now, next week, next month, or in two or three years hence, it is good to remember that Birks are "The Finest Diamonds Procurable."

SILVER STANDARD MINE IS SHIPPING ORE STEADILY
(Continued From Page One.)

new tunnel 200 feet extra depth of veins will be gained and this greater amount of available ore will require larger and better equipment. A new road will be constructed to the mouth of the new tunnel and will give a much lower grade so that a large number of machines can be utilized for hauling. The mine, though producing very profitably, is still in the development stage and the present motor and steam engine at the mine are only temporary expedients. With the development of water power next year, hydro-electric power will be utilized. The mill closes down for about three months of the year on account of the freezing of the present water supply. During such period only the high class ore is brought to the surface. At the present time about 40 men are engaged including all hands but Mr. Norrie-Lowenthal predicts that with the proper return to industrial conditions there will be a very large camp at the Silver Standard mine.

Free Milling.
The galena which has been stoped out of late has been running very high in value as the silver percentage has been steadily increasing upon further mining. Sphalerite (zinc) and pyrrhotite (gray copper) both occur closely associated with the lead ore and fine free milling stuff has been turned out. The whole mine has a great variety of minerals in ores and specimens of many kinds have been taken out. The method of working is known as the shrinkage system which has proved very convenient as all the veins have sufficient dip to allow the work to be carried out very easily. Boards are built from the roof of the tunnel and then the miners go up and work above these by means of a manhole. Only sufficient ore is drawn out from the chutes to keep the top of the pile at the right level to allow the miners to continue the work overhead.

Real-Fruit Desserts. The Rarest Sort

The only gelatine dessert which has fruit-juice flavors sealed in glass is Jiffy-Jell.
No artificial flavor can take the place of fruit. For Jiffy-Jell the fruit is crushed, condensed and sealed in vials. A bottle of this liquid essence comes in the package. And sugar is used—not saccharine—to sweeten Jiffy-Jell.
Jiffy-Jell comes in ten flavors. Try loganberry and pineapple for desserts. Try blue-fruit flavor for tart salad jell. Try mint for a refreshing mint jell.

POSTMASTER LOSES BROTHER IN TORONTO

W. D. McIntosh, Jr., was a Merchant in the Ontario Capital.

W. D. McIntosh, Jr., a Toronto merchant, died on Thursday after a serious operation at the Mayo Bros. Hospital in Rochester, Minn., says the Toronto Globe.

The late Mr. McIntosh started business here in 1883 as representative for Toronto and the west of David Morris & Sons, selling agents of the Penman Company, a position which he had continued to hold since the business was taken over about fifteen years ago by John Gordon & Son.

Mr. McIntosh was the eldest son of W. D. McIntosh, formerly a grain merchant in this city, who survives him at 84 years of age. He is also survived by his mother, a brother, who is postmaster at Prince Rupert, B.C., and one sister, Mrs. Mercer Adams, of Toronto.

He was a member of the Ontario Jockey Club, Albany Club, Royal Canadian Yacht Club, Board of Trade and Empire Club.

The pall-bearers at the funeral were: Mr. R. B. Morrice and Mr. H. Rowland of Montreal, Mr. J. Penman, J. Bonner, C. M. Haddie and C. B. Robinson of Paris, and Mr. F. Mallison and A. F. B. Sowdon of Toronto.

JUNIOR GIANTS GET AWAY WITH BALL GAME

Beat Drydocks Last Night by the Score of 12 to 5.

In a baseball match last night between the Junior Giants and the Drydocks the Giants were the winners by a score of 12 to 5. The victors have been playing a steady game all season as they have not lost one game so far in the league. Both teams did some very good hitting last night but the Giants proved too steady for their opponents.

For the winners the heavy hitters were A. Mitchell, Gordon Johnson and H. Cox, whilst the sluggers for the Drydocks were T. Fraser, B. Lundquist and W. Crossley. The battery for the Junior Giants was Reuben Scherk and Gordon Johnson, whilst Willie Crossley held the mound for the Drydocks with Barney Lundquist behind the bat. George Will acted as umpire. The players were: Giants—Serk, Johnson, Mitchell, McNicholl, Johnson, Coxey, Palmer, Mortimer and Shockley. Drydocks—Lundquist, Crossley, Fraser, McKinnon, Force, Blythe, Phillipson, Hill and Tattersall.

HEARD BULLET AS IT WHISTLED PAST

Boy at Comox Almost Victim of Fool Hunter.

COMOX, June 16.—Whilst looking for cows on the farm of Dr. Beadnell on the Little River Road, Comox, a boy, the nephew of Mr. Horace Smith, heard a bullet whistle past his ear. Immediately after there burst into the clearing where he was a man with a gun who stood aghast for a few moments and then said, "Good God, I thought you were a deer!" then realizing that his act had put him outside the law he made off as fast as he could.

The matter has been reported to the police.

SHOWS ACCIDENTAL HONEYMOON TONIGHT

Unusual interest will be taken in the showing of "The Accidental Honeymoon" at the Westholme Theatre tonight, for it is the last picture in which Captain Robert Warwick appeared before he heard the call of the flag and went to the fighting front in France to serve in the interest of Uncle Sam.

Young romance is the dominating influence of the story. There is much bright comedy, some unique and amusing situations and a steady flow of interesting incidents leading up to a fixed purpose.

Captain Warwick enacts the role of a young artist who is despondent and tired of life until a certain girl dawns on his vision. The young artist sets out to win the girl for his wife, but he has so much trouble in winning her that it often seems as though his efforts were destined to fail.

FAMOUS HERB REMEDY NOW HANDED LOCALLY

Simple Preparation of Herb Juices Which Does Marvellous Work.

Arrangements have recently been made whereby the Prince Rupert Drug Co. will handle the distribution of Wonder Health Restorer in Prince Rupert and vicinity. This announcement is worthy of more than ordinary note as it places at the disposal of sufferers from many complaints a remedy which has done work of the most wonderful character.

Wonder Health Restorer is not a patent medicine. It is a pure herbal preparation, containing not a trace of alcohol or drug of any kind. Its action is perfectly natural, soothing, alleviating and relieving pain and correcting bodily ills as only nature can. The wonderful work of this remedy would be unbelievable were it not supported by the positive testimony of thousands who have used it for various forms of disease and have found in it the relief they sought. In many cases this relief has come after drug- and even hospital treatment have failed to accomplish results.

Any sufferer from disease such as rheumatism, asthma, stomach trouble, nervous complaints, kidney and bladder trouble, skin disease, piles, etc., should investigate the established record of this wonderful remedy. It has been used in all parts of Canada for years, but the arrangements for local distribution just made afford an opportunity for spreading its good work here such as has hitherto been impossible.

The full facts concerning Wonder Health Restorer have been embodied in a booklet, "The Road to Health," which should be in every household. This interesting book can be obtained from the Prince Rupert Drug Co., who can also supply readers with the world-famed preparation.

George Findlay, the road superintendent at North Bulkley, is deserving of great praise for the excellent progress he has been making in the direction of Burns Lake. It is one of the fondest hopes of the farmers along the way to be able to drive by automobile as far as Prince George and thence south by the Cariboo Road to Vancouver. It is only by the completion of a number of the bad sections which still exist that the project can be finally carried out.

The Royal Bank of Canada is now doing good business at Telkwa and at Burns Lake. Soon too things will be well under way at Vanderhoof, where an office will be opened to carry on the financial matters for the farmers.

On July 1st all the sport enthusiasts here will be excited over the outcome of the engagement with the baseball team at Hazelton. The trip down will be made by automobile as the road is now in excellent condition and has wonderful scenic attractions. A great number will likely make the trip as there are plenty of cars available.

Last Sunday's baseball match with Smithers ended in favor of the local boys by a very large margin. These friendly practice matches have been creating quite a bit of attention and interest runs high at times. Sunday's demonstration showed laxity on the part of both sides.

Mr. Stapleton, representative from the Prince Rupert Dry Dock has been here looking over the possibilities of securing more building sand for the large plant at the coast. Arrangements have been made so that Brab. Hoops can make further shipments. The sand is of excellent quality for this purpose and is reported to be the best in the north.
