Work on G.T.P. Dock to be Rushed

SEVERAL FATALITIES OCCURRED AT BIG FIRE IN VANCOUVER SUNDAY NIGHT

Contractor Arrives to Begin Construction of G.T.P. Dock

W. P. Hinton says Work Proceed at once and be Completed at as early a date as possible

That work will proceed at once on the new dock for the Grand Trunk Pacific Railway and will be completed at as early a date as possible, is the word brought by W. P. Hinton, vice-president and general manager of the Grand Trunk Pacific Railway, who arrived in the city Saturday along with H. H. Brewer, the general superintendent.

F. S. Magoffin, a member of the firm of Grant Smith & Co. & Magoffin, Ltd., the contractors, arrived here last night and is making preparations for the commencement of the work. He says that dredging will commence immediately and that pile-driving will follow as soon as possible. Arrangements are being made at once to ship an outfit from Vancouver and the work will be finished with all speed possible. The dock is large and of modern construction and will be a very important addition to the facilities offered at this port.

Mr. Magoffin has his headquarters at Prince George where he has been engaged in railway construction work.

DEPARTMENTAL STORE MANAGER IS ARRESTED

Frederick Gimbel Alleged to Have Made Profit of 275 per cent.

NEW YORK, June 21.—Frederick Gimbel, head of a departmental store, manager and buyer, has been arrested here on a charge of profiteering in clothing. It is alleged that he made the enormous profit of 275 per cent on some of the goods handled by his firm.

THEFT CASE BEFORE MAGISTRATE TODAY

Freida Gold Arrested in Prince George Arrived Here Yesterday.

Mrs. Beareh, alias Freida Gold, appeared before Magistrate McMorde at the Police Court this morning on the charge of stealing from Lillian Russell of Ninth Avenue during the month of May. The chief evidence taken was that of H. A. Stewart, chief of police at Prince George who brought the accused from that city by last evening's train. The chief made a search of the woman's quarters on June 3, where he found goods which were later identified as being those which were stolen. Amongst the collection were souvenirs from almost every hotel in Prince Rupert.

The chief returned to the interior this morning and the case was adjourned until ten o'clock tomorrow. L. W. Patmore is acting for the defendant.

One case of drunkenness was disposed of in the police court with the customary fine.

SEVENTEEN MILLION ACRES OF WHEAT IS LESS THAN USUAL

Crop Report Issued From Ottawa Indicates Better Condition Than was Expected.

OTTAWA, June 21.—The Dominion bureau of statistics has issued the first or preliminary estimate of the areas sown this spring to grain, hay and potatoes, together with a report of their condition May 31 as compiled from the returns of crop correspondents. The very cold and backward April prevented almost any seeding during that month in the prairie provinces, but the excellent weather which came in May enabled the seeding to be done quickly, and with a splendid seed bed, the condition of the grain at the end of May was not far behind the average.

The total area estimated to be sown to wheat in Canada for 1920 is 16,921,000 acres, the final estimate of 1919. The decrease this year is 2,205,000 acres or 12 per cent. The area to be harvested of fall wheat is 740,300 acres; so that the area under spring wheat is 16,180,700 acres as compared with 18,453,175 acres in 1919. Of oats the total acreage sown is estimated at 15,294,000 acres as against 14,952,000 acres last year and increase of 339,000 acres, or 2 per cent. Barley has an acreage of 2,574,900 acres in 1920 as against 2,645,509 acres in 1919; rye, 730,100 acres as against 753,081 in 1919; peas, 219,065 as against 230,351 acres; mixed grains, 900,800 as against 901,612; hay and clover, 10,492,900 as against 10,595,393; and alfalfa, 220,800, as against 226,869.

The crops all show a decrease as follows:

Barley, rye and alfalfa of 3 per cent; peas 5 per cent, and hay and clover 1 per cent. Mixed grains are practically equal to last year. The end of May is rather too soon for definite reports on the areas planted to potatoes, but a preliminary estimate of areas planted, or to be planted, is 802,500 acres as against 818,767 acres in 1919, a decrease of 16,267 acres, or 2 per cent.

QUIET WEDDING

Miss Margaret Musgrave Becomes Bride of James Parks.

The quiet wedding took place on Friday evening of James Parks, city fireman, to Miss Margaret Musgrave, until recently a member of the Inlander staff. The ceremony was performed by Rev. W. W. Wright, while Mr. and Mrs. Parks, brother and sister-in-law of the bridegroom, accompanied them.

On Saturday night Mr. and Mrs. James Parks held a reception at their home on Taylor Street which was largely attended and when a large number of their friends were present.

Mr. Parks has been a member of the fire department since the town came into being.

BIRTH

A daughter was born to Mr. and Mrs. Arthur H. Silversides, 513 Eighth Avenue East, yesterday.

PATIENT FROM PORT SIMPSON HOSPITAL BROUGHT TO TOWN LAST NIGHT ON ROUTE.

The provincial police launch was called upon yesterday to make a trip to Port Simpson to bring to Prince Rupert a man named Fitzgerald who has been in the Port Simpson hospital for the last few days. The patient fell from the roof of Kumeon cannery and sustained injuries causing paralysis from the neck down. The G. T. P. steamer Prince George waited for an hour on the arrival of the launch, which got in at 1 a.m. when the patient was transferred to the big steamer en route for Mayo Brothers, the medical specialists at Rochester, Minn.

Dr. Large accompanied the injured man and is going right through.

OFFICIALS OF G.T.P. MEET BUSINESSMEN

No Concessions to be Made by Company as Efficiency Here is Low.

On Saturday, W. P. Hinton, the vice-president and general manager of the G. T. P.; H. H. Brewer, general superintendent, and Capt. Nicholson arrived and had a consultation with the citizens committee in regard to the strike situation. Mr. Hinton explained to the committee that they had gone thoroughly into the matter of cost of living and found that while some articles were higher in Prince Rupert than in Vancouver, others were lower, and the average cost was practically the same. It would work to the detriment of this port to have a differential in the matter of handling freight and he did not think such a differential would be justified. The company was standing by its position and refused to pay the increase demanded by the men.

It was further pointed out by the officials that while they were paying the same rate here as in Vancouver they were getting less efficiency. It was costing from 65c to 79c more to move freight here than in Vancouver.

Earn More Here.

Capt. Nicholson also pointed out that the longshoremen here were earning \$15 a month more than those in Vancouver and that from October 1 to the end of April there were 24 men here who averaged \$260 a month and over, and 68 of them earned from \$175 to \$200 a month.

Asked by the committee if they would be willing to consider a piece work contract with the men, Mr. Hinton said that they would be willing to give the matter consideration.

Previous Meeting.

The meeting with the citizens' committee followed a meeting between the same committee and representatives of the men a few days ago, at which the position of the strikers was outlined. They claimed that the men at Vancouver were able to earn more money than was possible here, because of a higher rate paid for deep sea freight. They also claimed that the cost of living was higher.

Mr. Beaumont attended the meeting on Saturday along with the other company officials.

On Friday next there will be closing exercises at the King Edward school assembly room where the pupils from all the public schools will gather. The rolls of honor will be presented to the leaders in the respective grades.

Arrivals from Queen Charlotte Islands yesterday included Mr. and Mrs. E. H. Simpson of Naden Harbor and A. Mackie of Skidegate.

K. F. Snider of the G. T. P. staff at Prince George, was an arrival from the east by the train last evening.

Apartment Block at Vancouver Burned

Five Dead and Many Injured in Big Blaze which was witnessed by Thousands of People

VANCOUVER, June 21.—The Balmoral Apartment was burned down last night and several people lost their lives, while others were severely injured. There was much excitement and immense crowds gathered to witness the big blaze.

K. R. Jackson, head of the grocery department of the Hudson's Bay Company, died this morning from injuries received. The roll of dead up to noon was, Charles Dennehy, Miss McLennan, Jackson, and two men hitherto unidentified. In the hospital are J. Holland, Mrs. Ethel Allen, Mrs. F. W. Powell.

The apartments destroyed are near the First Congregational Church. The blaze was witnessed by thousands returning from a band concert at English Bay.

Many survivors were rescued in their bedclothes.

Looting was rife during the darkness, while household goods were being removed from adjoining homes.

The fire is supposed to have originated from an over-heated furnace. Janitor S. A. Pencier is missing and it is believed he is dead. He ran through the block rousing the tenants, several of whom leaped from the fire escape at different heights.

It is charged that inadequate telephone service delayed the calling of the brigade. When they arrived, crowds cheered them as they scaled the building, mounted police assisting.

MISS GLADYS DERRY MARRIED LAST NIGHT

Ceremony Took Place at Methodist Church Following Evening Service

Immediately following the evening church services at the Methodist Church last evening the marriage of W. Youden and Gladys Derry was solemnized, with Rev. T. H. Nuttall performing the ceremony and Mrs. Nuttall at the organ. The bride was given away by her father and was attended by Miss Elsie Shaw. The groom was supported by W. Rance, a member of the crew of the G. T. P. steamer Prince George.

After the ceremony supper was served at the home of the bride and a large number of friends attended. The newlyweds sailed for Vancouver by last night's boat, where they will now make their home. Mr. Youden has a position in one of the shipbuilding yards in Vancouver, but has visited in Prince Rupert a number of times. Miss Derry was employed for a long time in McRae Bros. here and was very popular. As the boat moved away the bride threw her bouquet to those waiting on the wharf and it was caught by Miss Amy Shaw.

BALL PLAYERS LEFT

Went South Last Night, Refusing Good Positions at the Drydock.

Last evening E. Brown, J. Cummings, R. McGregor and H. Brown sailed for Victoria where they will resume their baseball activities. These four men appeared in the baseball series on Saturday and their departure has caused a little alarm in the baseball camp. They had all been offered positions at the drydock here to start today at \$175 per month but they claimed to be able to do much better in the south, and thither they went.

Harvey Fraser is still quite confident that the little set back is only to spur the boys on to do greater things. Clem. got busy at once and has a good team on the field already for the first practice tomorrow evening.

Good Humor Most Valuable Thing in Life.

In watching the baseball match on Saturday, everyone was struck with the persistent good humor of the visitors and the gentlemanly way in which they played the game. There was plenty of banter, but it was of the kind which leaves no sting. Only once at the evening game did Dady, the pitcher, show signs of impatience, and then he talked to himself for a minute or so instead of talking to the ball. His recovery was so quick, however, that it served only to add to the general feeling of good humor.

The match was in strong contrast with some of the local games, especially football, in which a few of the players have persistently made a point of being as bitter as possible with opponents. It was pleasant for the players and for the fans.

It is such mistake for anyone, whether playing a game of ball or taking part in the ordinary game of life, to take himself too seriously and to make himself disagreeable. Life is too short for that sort of thing. Anyone who does it should certainly be banned from all games and be given short shrift in the more serious contests of daily life.

Relief for War Widows at Last.

At last there seems a prospect of some relief for war widows and others who are suffering as a result of the late war. For nearly two years they have had to exist on a pittance and now, when it seems as if there was a prospect of prices dropping, they are to have their allowances increased. "Better late than never" can be applied to this case, but "better never late" would have been much better. If it is right they should receive the increase now, it was right two years ago. Had it been given them they would have been spared many an anxious pang and mothers would have been able to care for their children in a more fitting manner than has been the case. The nation would have been spared the stigma of having neglected her duty in one very important respect.

The neglect was not due to a lack of knowledge. The matter was continually drawn to the attention of the Government. It was not lack of money for it would have taken but a small part of the excess profits of some of the big concerns to have provided the necessary amount. Now, when they found that the country was determinedly against them for their neglect, a recommendation has been made and the women are likely to get at least part of what is coming to them from an ingrate country.

Justify Nomination of Harding for President.

Politicians in the United States are now busily engaged in trying to justify the nomination of Warren G. Harding for the presidency of the United States. One reason given for the defeat of General Wood was that the profligate and gambling interests were behind him, and it was necessary he should be defeated in order that these interests should not gain the ascendancy.

Naturally the Democrats are making the most of the present situation, but with no leader except Wilson, it seems highly improbable they will be able to make any showing against their aggressive rivals. Who will be nominated at San Francisco no one seems to know. McAdoo has refused and there are not many strong men in the limelight just now.

Longest Day Of The Year.

This is the longest day of the year. From today there will be a gradual shortening of the hours of daylight. Just now we are getting much more daylight than the people of Vancouver, owing to our location farther north.

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER

805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pain after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me."

At last a friend advised me to take "Fruit-a-tives". I did so and soon I felt some relief. I continued with "Fruit-a-tives" and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

COL. COLLISHAW ON HARSHIPS

Says Denikine's Retreat Was Due to the Army of Camp Followers.

VANCOUVER, June 19.—Col. Collishaw in an interview here says that Denikine's retreat was due to spoliation work of the peasants, who followed the army. The Canadian pilots, he says, did wonderful work. It was the biggest kind of war and the hardships were unheard of. There were no hangars, although the thermometer showed 24 degrees below zero. They were forced to take food from the peasants. Water had to be thawed and the oil heated before flying.

Ten Years Ago in Prince Rupert

June 21, 1920

The Baptist Church was established here yesterday with Rev. Eastbrook of Summerland here to conduct the services. Mrs. Robinson presided at the piano and was assisted in the music by a small choir. For the time being the McIntyre Hall will be used as the Church. Next Sunday the Rev. J. W. Litch of Vancouver will take charge of the services.

More English capital has been invested in Prince Rupert. Chas. Halsey of M. M. Stephens and Co. has just completed a deal amounting to \$42,425 for four lots near the corner of First Avenue and First Street, and in Block 19, Section 1. The corner lots went for \$20,000 and the other two for \$12,425. The two lots in Section 1, Block 19, went for \$10,000.

Rev. Chas. R. Sing and his wife and family arrived on the Princess May last night and are registered at the Premier Hotel. They will take up their residence here very shortly and Mr. Sing will occupy the pulpit of the Methodist Church.

Robert McKenzie was discharged from custody by His Honor Judge Young on Saturday afternoon. The case occupied the whole day and the action of the detective was upheld. McKenzie was charged by Heaton with having shot him in the leg with intent to disfigure.

ANOTHER NATURALIST HERE FROM ISLANDS

C. deB. Green Has Been Holidaying with Major Brooks at Masset.

C. deB. Green, a well known naturalist from the Okanagan, who has been holidaying at his favorite hobby, arrived in the city yesterday and will be here for a day or two.

Mr. Green is enthusiastic over the art work of Major Allan Brooks, who is painting pictures at Masset. He says he considers his work superior to anything done by Fuertes or any of the other bird painters and he looks for great things from this talented artist within the next few years. He is only just becoming known, but his work is being received with enthusiasm.

STEWART EDITOR IS HERE ON BUSINESS

J. Cullins of the Portland Canal News Says Mining Camp Looks Well.

Jas. Cullins of the Portland Canal News arrived last night and will spend a few days in the city in the interests of his paper. He says that good deal of progress is being made at Stewart. Six new outfits have gone in during the week and the snow is getting off the hills. A good many prospectors have gone to the hills and everything is looking very good in the mining camp. A good class of people are coming in.

George Hull, district engineer of the Dominion Government Public Works Department, has gone to the Dease River country to make a survey preparatory to clearing out the river and making it navigable for boats. Interest is being taken in the district owing to gold being found there and there being a consequent influx of miners.

"Scarlet Days" is a Griffiths' story in which the days of the California gold rush is reproduced.

Among the arrivals from Stewart by the boat yesterday were W. G. Harris, J. L. Powers and Mrs. M. Falconer.

R. E. Dugan of Prince George is a visitor in the city, having arrived from the interior city by last evening's train.

Ladies' crepe de chine, georgette and voile blouses at twenty per cent discount all this week. Jabour Brothers, Ltd.

Griffiths' pictures are always true to life. "Scarlet Days" at the Westholme tonight is so true as to be almost unbelievable.

For three ply cottonwood lining for buildings—can be put on by amateurs—see E. H. Shockley, Cow Bay.

E. E. Chandler, editor of the Terrace News, was an arrival from the interior on last night's train and will visit here for a few days.

Up-river visitors by last evening's train included S. H. Pearce, Inverness; T. A. Sandison, Haynesport, and James Oliver, of Skeena Crossing.

The annual meeting of the Hospital Ladies' Auxiliary will be held in the Council Chamber on Tuesday, June 22, at 4 p.m. Report and election of officers.

Miss Hazel Cunningham returned to her home in Hazelton by this morning's train following a three weeks' stay in Port Essington and Prince Rupert.

The Grand Trunk private cars "Quinte" and "Prince Rupert" were both on this morning's train for the east. They have been in the yards for the past few days.

A. C. Hearns, the popular baseball umpire, went out to Port Essington on the passenger train today. If the Colts and Sawmill play tonight with favorable weather conditions they will miss his services.

A confirmation service was conducted yesterday at the Anglican Church at the morning service when nine candidates were presented by Rev. Canon Rix. An impressive address was delivered by Archbishop Vernet.

Among those leaving for the south on the Grand Trunk steamer last evening was Mrs. Levy and her daughter, Miss N. Levy. Miss Levy graduated recently at the General Hospital here and her many friends hope for her early return from the south.

Bargains in remnants Wednesday. Wallace's.

Tomorrow evening at Acropolis Hall at seven o'clock there will be a baseball game between the Regulars and the Yannigans. The regulars will be as follows: Day, Corkle, Menzie, Hardy, Anderson, Farquharson, H. Menzie, Clementson and Astoria. The Yannigans will be represented by Donohue, McDonald, Mitchell, Hennings, Raby, Winsby, Shaw, Roberts, Hill, Hatchford and Wolfe.

BRITISH COLUMBIA COAL PRODUCTION

Telkwa Output for Five Months Was 1,279 Tons.

Coal production in British Columbia for the period from January 1 to May 31 is running practically the same in quantity as for the similar period in 1919, according to returns made by the various coal producing concerns of the Provincial Department of Mines. The total production for the five months on Vancouver Island aggregated 709,408 tons, as follows:

Canadian Western Fuel Co. 279,857
Canadian Collieries (Dunsmuir) Ltd.

Comox 167,182
South Wellington 35,309

Extension 88,629
Pacific Coast Coal Co. 43,884

Nanose Collieries 11,083
Granby Company 82,023

Van-Sanimo Co. (Jingle Pot) 1,441

Mainland returns are incomplete in that some of the producing companies having not as yet sent in their May figures. The totals, aggregating 360,753 tons, so far reported for the five months, are as follows:

Princeton 7,378
Coalmont Coal Co. 701

Middlewood Collieries 36,273
Corbin Coal Co. 49,071

Fleming Coal Co. 15,848

Crow's Nest Pass Coal Co. 250,203
Telkwa Collieries 1,279

May returns are missing.

With the May figures complete for the Mainland producers the aggregate production for the five months for the province would be approximately 1,250,000 tons.

D. W. GRIFFITH'S PLAY
"SCARLET DAYS" HERE

D. W. Griffiths in his story of the West, "Scarlet Days," aims to reconstruct conditions as they were in the gold days.

For the central figure in his story this great producer chose a man known to every Californian in the least concerned about the early history of that State, Joaquin Murietta, the Robin Hood of the Pacific Coast, a wild-mannered Mexican bandit king who robbed the rich and gave his loot to the poor and was a chivalrous knight toward the aged and women, though a terror to every border sheriff. Rosy Nell, the "scarlet" dance-hall girl; her innocent, Eastern-educated daughter; Chiquita, the bandit's black-eyed sweetheart; Randolph, the aristocrat from Virginia; King Bagley, the dance-hall bully, and the Sheriff—all these characters live in "Scarlet Days" and enact again the romantic pages of early California history before your eyes.

"Scarlet Days" will be shown at the Westholme tonight.

Miss Phyllis Sloan underwent an operation on Saturday at the General Hospital when skin was grafted from her father's arm to hers, which was burnt last October.

Scarlet Days" will be shown at the Westholme tonight.

DAVIES Lunch Tongue

CAN you imagine a more delightful treat for lunch than tender, juicy pork tongues cooked in the Davies way? They really are as dainty a dish as it is possible for a thoughtful housewife to serve.

You will appreciate them when you see how appetizing they look—cooked perfectly and sealed in parchment-lined tins to keep them good. They are irresistible. Your grocer will tell you about Davies Lunch Tongue, and the other—

Booth, the outside right on the Callie forward line, showed up to very good form in the football match last Friday evening. Men on the field who were reckoned to be very fast seemed to be travelling backwards when he went by them. In the second half in the eagerness of the game he was caught offside a couple of times, but there were very few other errors. It might have been better for the forward line if the inside men had fed the ball to Booth a little more. His return passes were always in the right place and worried the English backs considerably.

In the baseball game this evening between the Colts and the Sawmill both teams are going to have a number of new players on the bench, but they are not saying much about their respective dark horses until the time comes. Certainly this game ought to be one of the most interesting that has ever been held under the auspices of the Intermediate League.

Bert Wearmouth played a star game Friday evening in the football game between the Sons and the Callies. He had to work all the time, but was always there in his position. With such genial good sportsmanship as he displays on the field Bert would win a place on any team.

Harry Menzie played a star game on Saturday evening in the baseball series between Stewart and Rupert. Although playing against his own team he never made an error and his hitting was all that could be desired. Only on the one occasion in an attempted double play from the pitcher to second he was unable to get his balance in time to get the ball to first to catch the runner. He seemed to take particular delight in fielding his brother's hits and pegging the ball to first and put him out more than once in this way.

Tiny Daly was suffering from a bad black eye all during Saturday's baseball games. While warming up before the game the ball struck him in the eye. It was sore and the big pitcher claimed that it seemed to be an awful size as he stepped forward to deliver the ball. In the mirror it didn't look very large, but when on the mound and ready to deliver to the batter it seemed as large as a house.

"Buck" Buchanan was the life of both ball games on Saturday. He talked all the time, encouraging the pitcher and rattling the batter. Even when the crowd stilled at a tense moment Buck was never breathless and emitted some wild yell to bring them back to the realities. Al Buchanan, as he is known among the Varsity activities in Vancouver, is star forward on the University basketball team and is next year's president of the Track Club. Last summer he played for the Centrals' baseball team in Vancouver.

WILL ERECT A MEMORIAL

Tablet Being Prepared for King Edward School in Memory of the Boys Who Served Overseas.

When the first Victory Loan was subscribed the pupils of the King Edward school bought a bond on the understanding that it was to be used eventually toward a memorial tablet for the boys of the school who joined the overseas forces. Now the fifty dollars is being utilized. The high school literary society and the high school athletic association have each donated ten dollars toward the fund and the remainder is being made up by the pupils at King Edward. With it a brass tablet is being purchased and it will be erected at the school.

It had been planned to have the unveiling take place this coming Friday, but the tablet is not ready, so it will be unveiled later. Henry Birks of Vancouver is preparing the tablet which will be mounted on oak with an oak frame.

Of the boys from the King Edward School, three lost their lives and seventeen in all went overseas. The following names will be on the tablet:

Jack Dowling, killed.
Frank Holland, killed.
Walter Smith, killed.
Fred Ives.
Noel Peters.
G. R. Murray.
Harry Lloyd Johnston.
Frank Dowling.
George Ambrose.
Robert Ritchie.
Fritz Skjellum.
Wallace Anderson.
Arthur Mansson.
Will Stephen.

PENSIONS COMMITTEE IS NEARLY READY TO MAKE THEIR REPORT

OTTAWA, June 19.—The special committee on pensions and other features of soldiers' re-establishment will present its report in a few days.

The report will be an extensive one and its main features will be as follows:

First—There will be no further bonuses or gratuities.

Second—There will be an increase described as substantial in pensions based on conditions of health and disabilities.

Third—Increased pay to dependents of disabled soldiers.

Fourth—Pensions to both parents of fallen soldiers instead of to one only.

Fifth—Increased consideration to tubercular veterans.

Sixth—A change in the regulations whereby a woman's pension will not be diminished by reason of her earnings from other sources.

Seventh—Increase in the salaries of the pension commissioners from \$5,000 to \$6,000 a year.

PRINCESS EARNS HER DAILY BREAD

LONDON, June 19.—Another daughter of Russian royalty has been forced by poverty to earn her daily bread. She is Princess Obolensky Yousssevskr, a daughter of Alexander Second, aunt of the late murdered czar. She is attempting to earn her living as an opera singer and has arranged her first public appearance at Queen's Hall for June 25. The princess has a rich mezzo voice. She is a rather tall blonde and wears her hair braided across her forehead and has unmistakably Romanoff features.

"I lost everything in the revolution but life itself," she declared here today. "I first escaped when our gardener gave me his wife's passport papers and left in disguise, being forced to act as a serving maid to escape detection. I waited on the Bolsheviks and heard from them the report that my husband had been killed."

"Dressed as a Sister of Mercy I finally reached Moscow and found my husband alive hidden by friends."

GREAT BALL ON SATURDAY

Double Header Goes One Each to Stewart and Prince Rupert.

Honors broke even in Saturday's baseball series between Stewart and Prince Rupert. In the afternoon the visitors suffered defeat at the hands of the home nine by the score of 7 to 1, but in the evening the reverse occurred with a score of 6 to 1. The battery for the northern boys was Daly and Buchanan in both games, whilst in the afternoon Brown and Brown acted for Rupert and in the evening the match started with McGregor in the box and Brown receiving. In the sixth Brown replaced McGregor. Heaton was judge of balls and strikes at both engagements and Fred Henning acted as base umpire.

In the afternoon match the visitors were at a disadvantage as they were short McKnight, the 3rd baseman. George Mitchell, the Colts' short stop, was substituted. On an overhand he let the first man in but got a fine put out from third a few minutes later. The game was well played throughout and the spirit of the Stewart boys continued until the end, even though there were so many runs against them in the first innings. The star plays of the afternoon were when Cummings knocked a home run over the rock pile and Clem's right hand spear in centre field when the Stewart catcher's long fly had backed him up almost to the face of the cliff. Before such a display of high-class baseball all the fans rose to their feet and shouted with one accord. The one score made by Stewart came in the third by Milloy. The bases were full at the end of the same inning but Mitchell got hit when he struck at the ball and was put out. The final record was 7 to 4 in favor of the home team.

In the evening Stewart was plainly out to win and Tiny Daly pitched good ball all the time. They started the tally with three runs in the first inning while Rupert didn't score until the 5th on Clem's home-run. This made the second \$10.00 to be paid out by Mr. Jayne during the day. McGregor was pitching for Rupert up to the seventh but they were finding him rather easily. Too late was Brownie substituted to save the day, however he saved a larger score as only one hit was scored.

...the winners following his entrance to the box. The Stewart boys were playing good ball and the home team seemed to be unable to get away with the same stride that they had shown in the afternoon.

The lineup was as follows:

Stewart—Buchanan, Priest, McKnight, Daly, M. Roman, Kellerman, V. Roman, Benson and Milroy.

Menzies was substituted for Kellerman in the evening.

Prince Rupert—Cummings, Anderson, Brown, Clementson, McGregor, Hardy, Menzie, Farquhar and Brown.

REGISTRATION INCREASE

OTTAWA, June 19.—The House yesterday passed amendments calling for an increase in the postal registration fee from five to ten cents. There is also an increase in newspaper postage.

NOTICE IS HEREBY GIVEN that all persons holding Crown Lands or Lots in Townsite subdivisions under agreement for sale from whom the purchase money on such lands or Townsite Lots remaining unpaid or overdue are required to make payment, or payment in arrears from the date of this Notice, either of the full amount due, together with interest thereon, if any be due, or of a substantial proportion of such amount, which shall at least cover the full amount due to date together with evidence that all taxes, whether Municipal or Provincial, have been paid, failing which the agreements for sale will be cancelled, as provided by Section 76 of the "Land Act," Chapter 1, 1912, Revised Statutes of 1914.

WHEN you select Sheetings, Pillow-cottons, Towelling, Summer Blankets, Underwear Cotton, Overall Material, Prints or Cretonnes, ask your retailer for one of the "Prue" lines. The housemark of the Dominion Textile Company appears on the end of every piece. It is the guarantee of maximum quality at minimum price.

Steel-clad Galateas and Rock-fast Drills are only a few of the lines embraced under the "Prue Cotton" Brands.

BOYCOTT PROVES BENEFIT TO CHINA

Medical Missionary Tells of Effect of Recent Movement.

VICTORIA, June 21.—That the boycott imposed by the Chinese through hatred of the Japanese is proving a good move for China is the statement of E. J. Dickson, medical missionary, who passed through here on the Empress of Japan. He pointed out that as the result of Chinese business men refusing to handle Japanese merchandise Chinese were manufacturing the barred goods themselves. He did not believe it would be necessary for the Chinese Government to take any steps to protect these new industries, as the masses would do this themselves. It is only in a very few instances that the boycott has shown any signs of slipping, he said. This is the most successful boycott ever imposed by China in his opinion.

While there are no important labor disputes on at the present time, said Mr. Dickson, outbreaks at intervals show that the tendencies of the outside world are being transmitted to the Orient. Labor is becoming restless.
