EXECUTIVE FAILED TO REACH AGREEMENT--MEET AGAIN AT CARDIFF MONDAY--SPECIAL CABINET MEETING IS CALLED--RIOTING AT PEMBRY--LOYAL WOMEN PARADE

(Special to The Daily News.)

London, July 17.—The South Wales coal strike is still unsettled. The miners executive failed to reach an agreement at a meeting in London today.

The executive will meet again at Cardiff on Monday. A special meeting of the cabinet has been called.

Rioting has broken out at the Pembry collieries. Soldiers who were sent to guard the mines, have arrested seven of the rioters.

Loyal Women.

A procession of 500,000 women paraded the streets of the city

today, carrying banners bearing the words, "We Make Munitions," "We Are Not Slackers," and "Shells Made By Wife Save Husband."

AUSTRIAN RETREAT ACROSS DNEISTER TURNED TO ROUT

DEADLY RUSSIAN ARTILLERY FIRE—LINER ORDUNA ESCAPES FROM SUBMARINE—COURT OF ENQUIRY INTO THE LUSITANIA DISASTER FINDS THAT VESSEL WAS UNARMED

(Special to The Daily News.)

Geneva, July 17.—Deadly Russian artillery fire and fierce bayonet charges have converted the Austrian retreat across the Dneister into a rout.

Liner Escapes.

New York, July 17.—A submarine attempted to torpedo the liner Orduna, which reached here today. Failing in the attempt, it fired six shells, none of which took effect. Ultimately the submarine was outdistanced in the chase.

Lusitania Enquiry.

London, July 17.—The court of

enquiry into the Lusitania disaster finds that no blame attaches to Captain Turner or to the Cunard Line. It finds that the torpedoing was done not merely with the intention of sinking the ship, but also to destroy the lives of her passengers.

The court also finds that the behavior of the crew was above blame; that the ship was unarmed, and that her ammunition cargo consisted only of 5,000 cases of cartridges, from which there was no explosion.

Sale still going on at Wallace's.

KAISER SAYS WAR IS TO END IN OCTOBER

London, July 17.—The German Emperor, according to the Times, in a speech to a deputation of bankers who had insisted on an interview in order to point out to the Emperor the financial difficulties of the situation and the grave risk attending the pursuance of the campaign through another winter, stated that the war would end in October.

The bankers are alleged to have declared that even if the war was fought to an end immediately and an indemnity obtained, Germany's position would be difficult, but that if the war was prolonged the German Empire would become utterly bankrupt. It was in reply to those representations, according to the Times, that the Emperor is understood to have declared that the war would end in October.

DOUBLE ATTRACTION AT MAJESTIC THEATRE

The Majestic Theatre presents a great double attraction tonight and Monday. The program opens with a three-act Selig photoplay entitled "In Defiance of the Law." This is one of those intensely interesting dramas dealing with the work of the Northwest Mounted Police.

"Young Mrs. Winthrop," is a powerful modern society drama in two acts. "Manners and the Man" and "Mazie puts one over" are two screaming comedies.

For a room of ordinary size \$1.25 will supply the wall paper, ceiling and border to match, in a good quality—Wallace's sale.

FISH EXPORTING

Prince Rupert has today an opportunity to get a strong foothold in the London fish market, which it will probably never have again. The British market is very short of fish, as the result of the stopping of fishing operations in the North Sea. Meat is very dear and will go still higher, so that there will be an ever-increasing demand for fish, and Rupert is well able to meet that demand.

When operations are resumed in the North Sea, there will be an enormous increase in the quantities of fish taken, as, during the time that there has been no fishing, the fish will have been multiplied very rapidly. However, if Prince Rupert is able to gain a solid foothold in the market, by shipping high-grade fish at reasonable prices, we should be able to permanently retain a large share of this trade.

INDEPENDENCE

Canada's condemnation, in the eyes of the apologist for Germany at the Deutscher Bund held in Detroit the other day, is that Canadians did not take advantage of the war to secure their independence and the separation of Canada from Britain. "We have no hostility to the people of Canada," said Albert Kaltschmidt, the leader of the new pro-German organization, and head of the dynamite plots, "no hostility, only pity." And one of the chief spokesmen explained to The Globe: "Canada had a great opportunity to become independent when the war started," and, knowing Berlin sentiment, he was sure that "after the war Canada can have her independence under a German and American protectorate."

One is disposed to smile even at the tragedy of this obtuseness. How is it these German-minded people cannot understand? Are they so dull as

not to know that life in Canada is quite as free and quite as self-governed as in the United States? Do they not know that fifty years ago Canadians had their chance for independence and absolute political separation? that both Beaconsfield and Gladstone thought the colonies then would take the way taken by the American colonies a century earlier? that to leaders of British opinion Confederation was only a step to separation? but that a new way to nationhood came to the people of Canada, a way never before taken by any colony of any empire, the way to national self-government without revolution and without the loss of the historic background of the nation? Is it utterly impossible to get the greatness, the uniqueness, the world significance of that event in Canada's development into the German mind? So it would seem.

The narrow and barren notion of patriotism inculcated by the German professors and their Prussianized conception of nationalism made the Junker head, whether in Germany, in Britain, or in America, impervious to the larger ideas of nationalism and of independence which Canada illustrates in American history.

Canada could have had independence a half-century ago—could have had it, then and since then, for the asking. But what Canadians prize far more is not the eighteenth century idea of independence, but the twentieth century British idea of independence. What Canada stands for is not yesterday's narrow and ingrowing conception of nationalism, which Germany magnifies, but tomorrow's larger, more civilized and more truly cultured idea of internationalism represented in the British commonwealth of free nations and in the international disarmament of the two English-speaking nations of North America.

No, Canada neither wants nor would accept an independence based on any form of "Protectorate," German or American or even British. "Protectorate" belongs to the out-grown conditions of the "Imperium." Into this war Canadians go, not at the bidding of the War Office or the Admiralty of Britain, but wholly and loyally by the authority of the Canadian government and Parliament, responsible to the Canadian people. Long ago the despotism of Divine Right of Sovereigns was destroyed. Canada does not propose to return to the bondage of arrogant and reactionary Junkerdom, imported into Britain under the early Georges, even though it might now call its "protectorate" German-American.

Interdependence in the world wide British Commonwealth is Canada's star of destiny.—Toronto Globe.

BRIGHT SHOW AT WESTHOLME THEATRE

The Westholme Theatre program for tonight is bright and amusing from start to finish. The Hearst-Selig Gazette is particularly fine, showing Los Angeles school children playing Hans Christian Andersen's Fairy Tales, President Wilson throwing the first ball of the season, lady tennis champions at practice, and the "Dacia" at anchor off Brest,

flying the French flag. "How to do it and Why" is a two-reel college story, featuring Wally Van. Van and his uncle John are funnier than ever. "Ambrose's First Falsehood" brings such terrible complications in its train that it is liable to be his last. "A Man's Faith," a remarkable little drama, concludes a most enjoyable program.

BYLAW NUMBER 259

A BYLAW OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE CONSTRUCTION OF A PLANK ROADWAY FROM THE WEST SIDE OF KELLIHER STREET TO CONNECT WITH A PLANK ROADWAY NOW EXISTING AT SEAL COVE, AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF CONSTRUCTING SAID PLANK ROADWAY AMOUNTING TO THE SUM OF FOUR THOUSAND AND FIVE HUNDRED DOLLARS (\$4,500.00):

WHEREAS the Municipal Council of the Corporation of the City of Prince Rupert has determined to construct a plank roadway from the west side of Kelliher street to connect with a plank roadway now existing at Seal Cove, the said plank roadway being shown on a plan by W. Mcg. Mason, then City Engineer of the City of Prince Rupert and dated the 17th day of July, 1913, and which plan is filed in the office of the Engineer of the City of Prince Rupert, and a copy thereof annexed to a lease of the land over which the proposed plank roadway passes, from the Grand Trunk Pacific Railway Company to the Municipality of the City of Prince Rupert, and dated the 2nd day of January, 1915:

AND WHEREAS for the purpose of constructing the said plank roadway it will be necessary to incur a debt to the extent of Four Thousand, Five Hundred Dollars (\$4,500.00):

AND WHEREAS the City intends to issue debentures for the amount of the said proposed debt, being Four Thousand, Five Hundred Dollars (\$4,500.00), by the sale of which to realize moneys necessary for the said purpose, the said debentures to extend over a period of four (4) years from the first day of August, 1915, and to be secured in the manner hereinafter appearing:

AND WHEREAS the assessed value of the lands and improvements in the City of Prince Rupert, according to the last revised assessment roll, namely, the assessment roll for the year 1915, is the sum of Twenty-five Millions, Eight Hundred and Forty-six Thousand, Six Hundred and Seventy-two Dollars (\$25,846,672.00):

AND WHEREAS the aggregate debt owing by the said City, exclusive of debts for works of local improvements and school purposes does not exceed One Million, Five Hundred and Seventy-four Thousand Dollars (\$1,574,000.00), nor does it exceed twenty (20) per centum of the value of the assessed lands and improvements according to the latest revised assessment roll:

AND WHEREAS the total amount which will have to be raised annually for the purpose of paying the said debt and interest will be One Thousand, Three Hundred and Thirty-seven dollars and Sixty-three cents (\$1,337.63):

AND WHEREAS the sum necessary for the payment of interest during the currency of the said debentures to be issued hereunder is the sum of Two Hundred and Seventy Dollars (\$270.00):

AND WHEREAS the sum to be set aside annually by way of sinking fund to discharge the debt authorized to be created by this bylaw is the sum of One Thousand and Sixty-seven Dollars and Sixty-three cents (\$1,067.63), and it is proposed to set aside such annual sum of One Thousand and Sixty-seven Dollars and Sixty-three cents (\$1,067.63) by depositing the same annually at interest in a chartered bank or trust company in Canada, or by investing the same in any manner that a municipal corporation may legally adopt:

AND WHEREAS the amount to be raised annually as to sinking fund to pay the said debt is arrived at by estimating the interest to be derived from the annual investment of such sum at the rate of three and one-half per centum (3½%) per annum:

AND WHEREAS this bylaw cannot be altered save with the consent of the Lieutenant Governor in Council:

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE CITY OF PRINCE RUPERT ENACTS AS FOLLOWS:—

1. This bylaw shall take effect on the registration thereof;
2. It shall be lawful for the City of Prince Rupert to construct the said plank roadway as hereinbefore described, and as laid down in the said plan;
3. For the purpose of paying for the

construction of the said plank roadway, as hereinbefore mentioned, the City of Prince Rupert is hereby empowered to create a debt of Four Thousand, Five Hundred Dollars (\$4,500.00) which debt shall be payable in four (4) years from the first day of August, 1915, for which debt debentures shall be issued, to be secured in the manner hereinafter appearing:

4. The sum of Two Hundred and Seventy Dollars (\$270.00) is necessary for the payment of interest each year during the currency of the said debentures, and the sum of One Thousand and Sixty-seven Dollars and Sixty-three Cents (\$1,067.63) is necessary to set aside annually during the currency of the said debentures for the purpose of forming a sinking fund with which to pay the said debt and debentures at maturity. The said sum of One Thousand and Sixty-seven Dollars and Sixty-three Cents (\$1,067.63) to be raised annually as a sinking fund being such that together with the profits accruing from the investment thereof at the interest rate of three and one-half per centum (3½%) per annum during the currency of said debentures will be sufficient to discharge the said debt when due:

5. The said sum necessary to pay the interest, namely, the sum of Two Hundred and Seventy Dollars (\$270.00), and the sinking fund, namely, the sum of One Thousand and Sixty-seven Dollars and Sixty-three Cents (\$1,067.63), making together the sum of One Thousand, Three Hundred and Thirty-seven Dollars and Sixty-three Cents (\$1,337.63), shall be annually raised as follows, namely, by a special rate levied annually on all the rateable land of the City of Prince Rupert during the currency of the said debentures and shall be collected as municipal taxes and placed to a separate account called "Seal Cove Plank Roadway account":

6. The said sum of One Thousand and Sixty-seven Dollars and Sixty-three Cents (\$1,067.63) to be raised annually as a sinking fund shall be invested annually by the City Treasurer upon the recommendation of the Council in such securities or in such manner as is permitted by law, including the herebefore recited investments:

7. There shall be issued any number of debentures to be made for such sums as may be required for raising the said sum of Four Thousand, Five Hundred Dollars (\$4,500.00), and said debentures may be expressed either in currency or sterling money, payable in gold coin for not less than \$100.00 currency or 20-0-0 pounds sterling each, and not exceeding the said sum of Four Thousand and Five Hundred Dollars (\$4,500.00), and the said debentures shall be duly prepared, executed and sold for the purpose aforesaid:

8. The said debentures shall be deemed to have been properly executed by being signed by the Mayor and the Treasurer of the said City, and shall be sealed with its Corporate Seal:

9. The said debentures shall bear date the First day of August, A. D. 1915, and shall contain a promise to pay the principal of the said debentures and also the interest thereon, at the rate of Six per centum (6%) per annum, payable half-yearly, on the First day of February, and the First day of August in each year, and may be with or without coupons attached thereto for the payment of interest and in case coupons shall be attached to said debentures each of such coupons shall be equivalent to one-half year's interest at the rate of Six per centum (6%) per annum upon the amount of the debentures to which they shall be respectively attached, one coupon being made payable each six months from the date of the said debentures. In case the whole of the six months' interest shall not have accrued before the First day of February next the difference shall be adjusted in the first payment of interest. The said coupons shall be deemed to have been properly executed by each one having written, stamped, printed or lithographed thereon the names of the Mayor and Treasurer of the said City. Each coupon shall be numbered with the number of the debentures to which it is attached:

10. The said debentures shall be made payable at any place in England, the United States or Canada therein set out:

11. The amount of the said coupons for interest shall be payable at any of the places in England, the United States or Canada therein set out:

12. The said debentures and the coupons attached thereto shall be deemed a valid and binding charge upon the rateable land in the City of Prince Rupert and upon the City of Prince Rupert:

13. The amount of the debt authorized by this bylaw is subject to consolidation with the debt authorized by any other bylaws of the said City passed for the issue and sale of debentures, and notwithstanding anything herein contained authorizing and directing the issue and sale of debentures for the payment of the debt hereby created the City of Prince Rupert consolidated stock may be issued in the place and stead of the debentures to the amount of the debt. This section shall apply only insofar as the City may be empowered by law so to do.

14. It shall be lawful for the Council during the construction of the plank roadway hereby authorized to borrow money from any bank or other person willing to advance the same at interest to be agreed upon for the purpose of paying for the said construction and for such loan to hypothecate the debentures to be issued hereunder, provided that such loan with the interest agreed to be paid to such bank or person shall be repaid out of the sums of money realized upon the sale of the said debentures. The Council may sell the said debentures at less than par if it is found necessary or advisable so to do:
