GERMANS TAKE WINDAU AND ADVANCE ON RIGA—CLAIM TO HAVE TAKEN 45,000 MEN—RUSSIANS DRIVE BACK THE ENEMY AT RAWKA RIVER, TAKING OVER 700 PRISONERS

(Special to The Daily News.)  
London, July 20.—The wisdom of abandoning Warsaw is being discussed here. It is believed that the Russians will retire from the capital before investment is made, in order to avert complete disaster.

**Copenhagen Report.**  
Copenhagen reports that the Germans have occupied Windau,

and are advancing on Riga, with the idea of making it a naval base.

#### Berlin Reports.

Berlin claims that the Germans captured 45,000 men during the retirement from Windau.

#### Russian Report.

The Russian forces at Rawka River drove the Austro-Germans back for several miles, taking 700 prisoners.

#### FATAL ACCIDENT AT GRANBY SMELTER

In placing a water-jacket at the new Granby smelter, the machinery slipped and crushed Edward B. Allen, master mechanic, to death.

Mr. Allen was 36 years of age and a native of St. John, N. B.

Deceased was one of the most popular men in Granby, and his untimely death cast a deep gloom over the whole community. Before going to Granby he had done mining in the Yukon and Chisana fields.

The body was taken south on the Prince George today, and will be interred at Edmonds, Wash. The funeral services were conducted by the Rev. Mr. Atkinson, the K. of P. Lodge being present. Mr. Morton, of the B. C. Undertakers, had charge of the funeral.

#### FUNERAL SERVICES OF NEIL J. McLEOD

The funeral of Neil J. McLeod will take place at 3 o'clock tomorrow afternoon from Haynor's chapel. Rev. W. W. Wright will conduct the private service and a Masonic service will be held under the auspices of Tyee Lodge.

#### SEVEN MORE MEN FOR THIRD CONTINGENT

The following men left on the Prince George to join the third local contingent:

A. Pescott, L. Harding, Charles Frost, Thomas Phillips, from Prince Rupert; Leonard Hunt and Alfred Payne, from Granby; and G. M. Durham, one of the stewards on the George.

#### NORTHERN PIONEER VISITING IN THE CITY

Mr. and Mrs. Fletcher Bredin, of Lesser Slave Lake, are visiting Mr. and Mrs. F. H. Mobley, who knew them in the north twenty years ago.

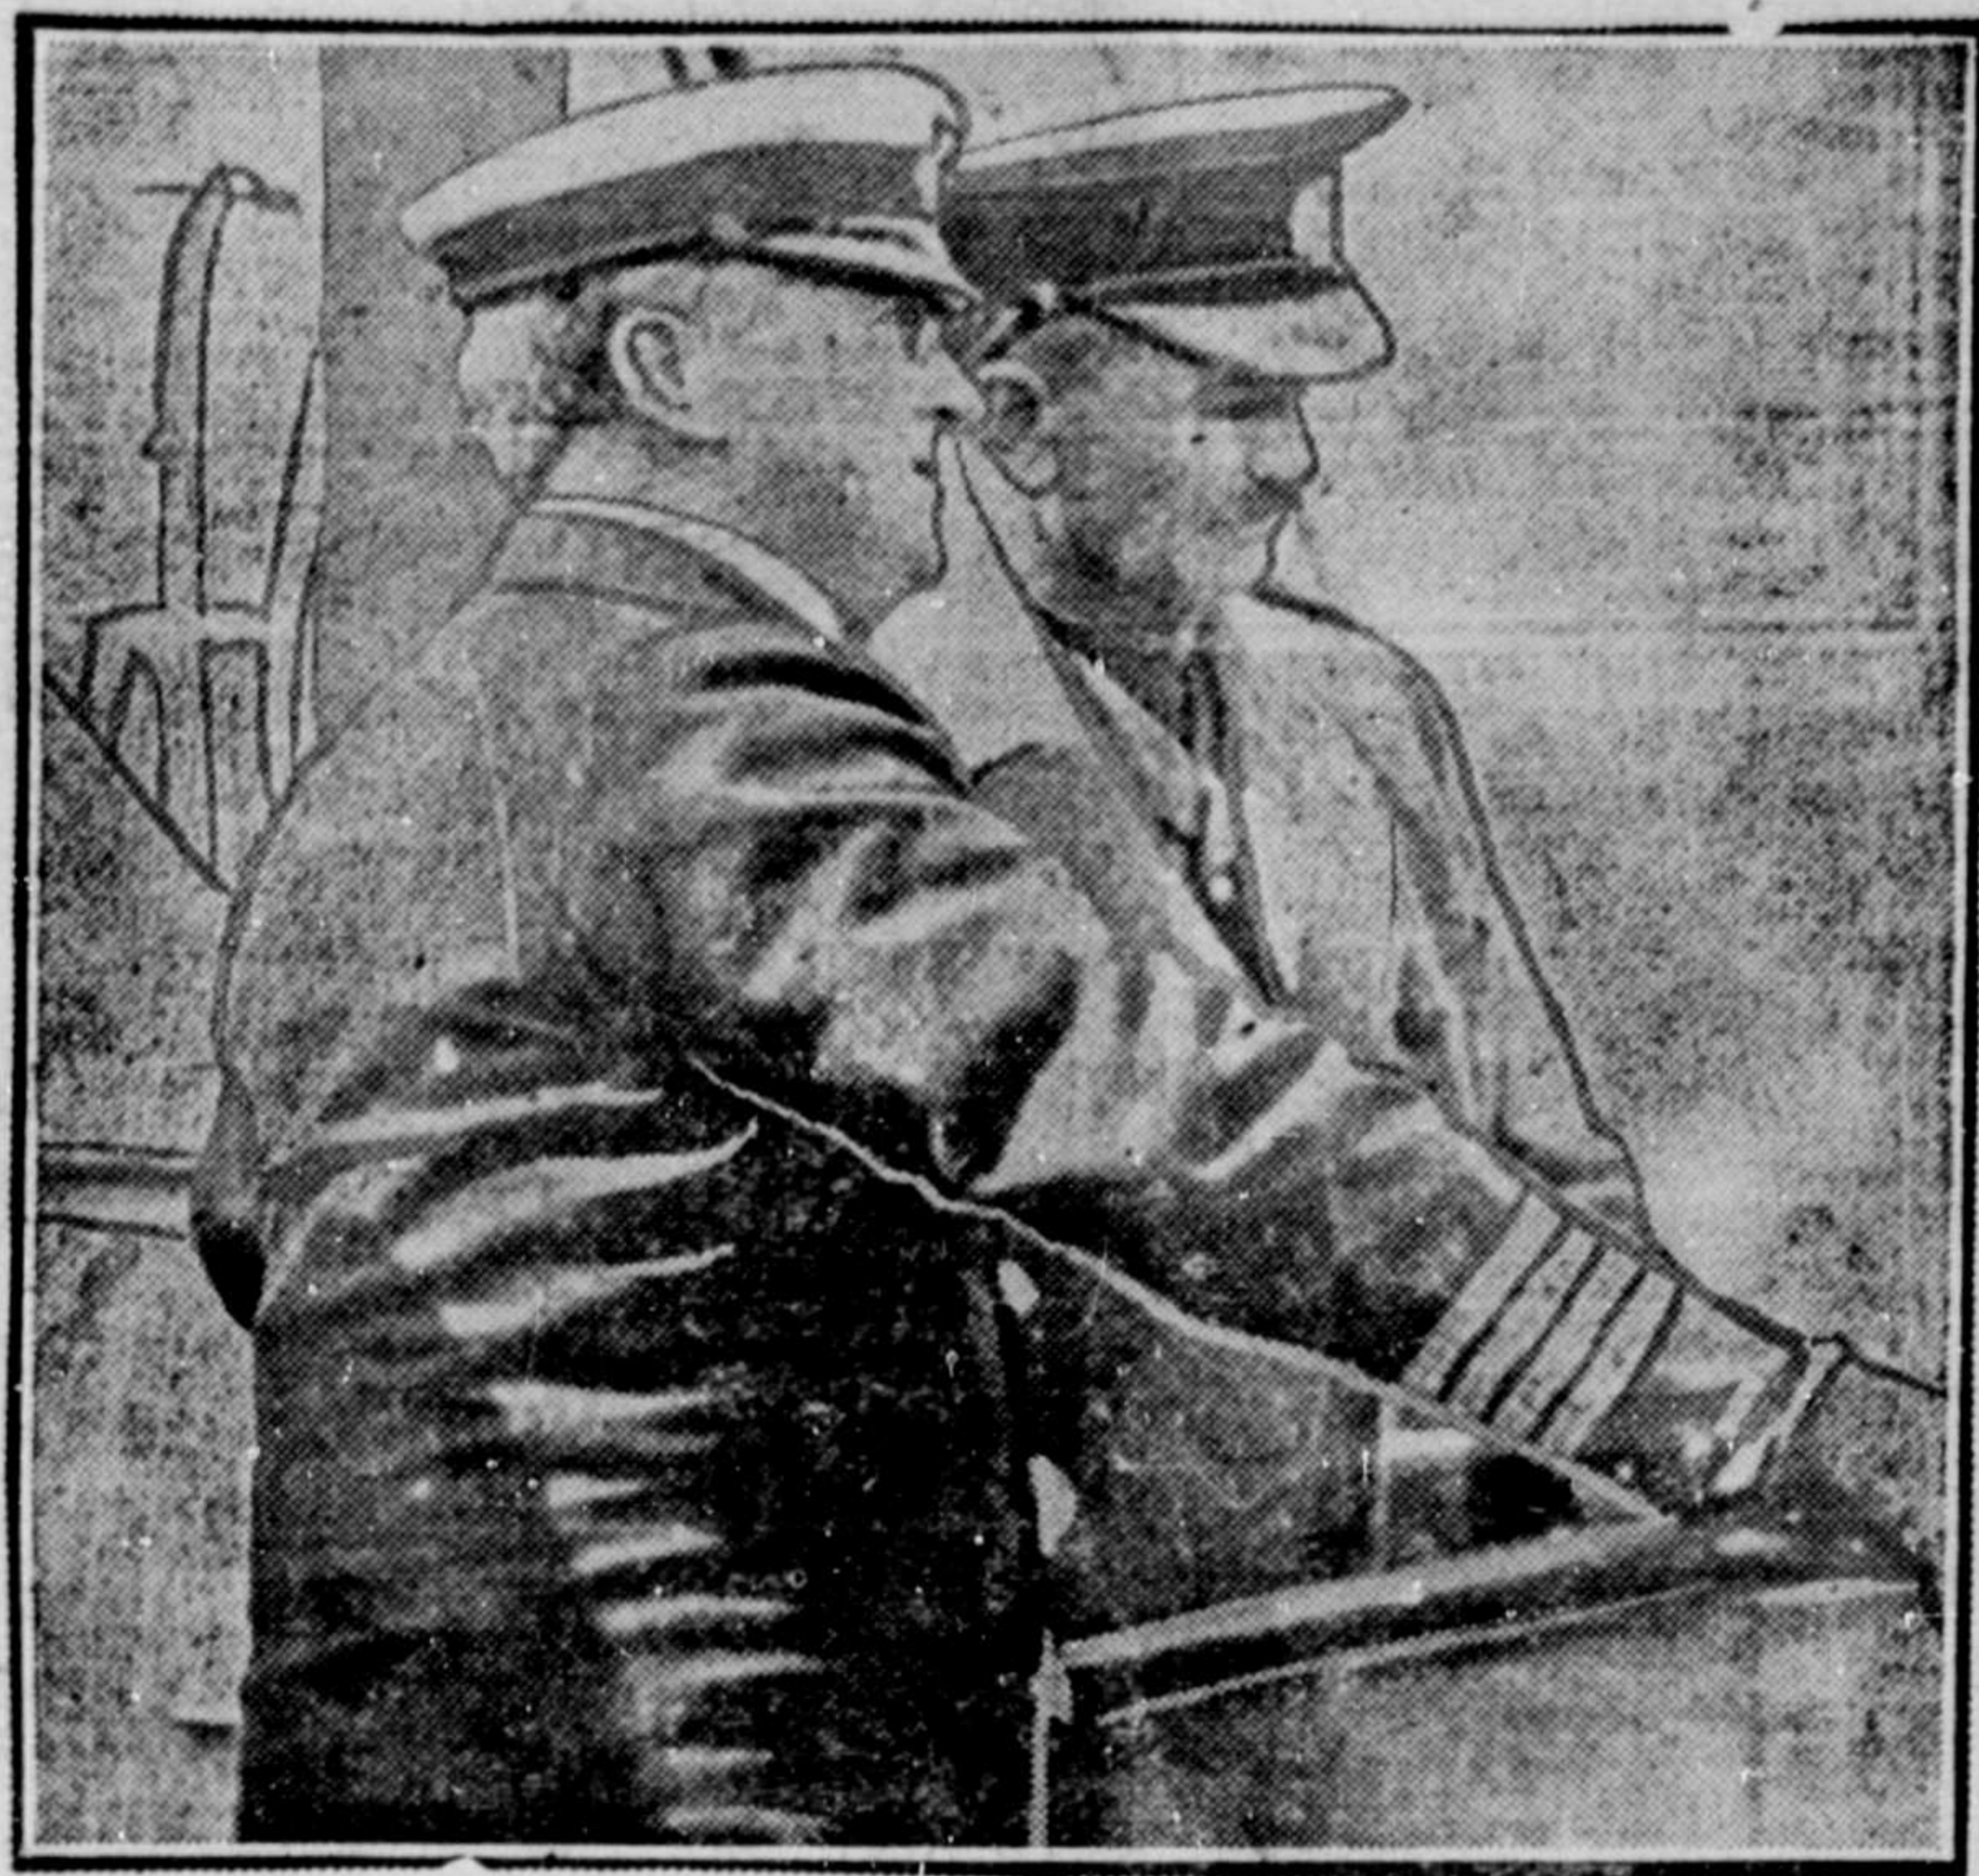

Mr. Bredin is a pioneer of the Mackenzie River country. Mrs. Bredin is a sister of the Rev. Thomas Marsh, of Kitsumkalum. At one time Mr. Bredin was a member of the Saskatchewan legislature.

#### SPLENDID SHOW AT WESTHOLME THEATRE

The Westholme Theatre was crowded last night to hear Madame Loeser, the grand opera prima donna. At both shows, Madame Loeser was heartily recalled for her splendid rendering of "For All Eternity," and responded with a spirited patriotic song entitled "On to Victory." Prince Rupert is not often favored with such singing, and the large audience thoroughly enjoyed it. Tonight Madame Loeser will again appear at both shows and will give a few more selections from her widely varied repertoire. In addition to the splendid singing, the pictures were very fine. "The Last Appeal" is thrilling, while "The Empty Sleeve" is a beautiful one-act drama. "The Rival Undertakers" and "The Professor's Painless Cure" created no end of merriment. On Wednesday and Thursday the Westholme will present Mary Pickford in "Hearts Adrift."

Charles Cullin and Mrs. Cullin returned from the interior last night.

Frank E. Cullin left for Telegraph Creek yesterday, sailing on the Princess Alice for Wrangel.

#### POPE BENEDICT ISSUES STATEMENT

(Special to The Daily News.)  
Paris, July 20.—An autograph letter signed by Pope Benedict disavows the recent article published by Latapie in the Paris papers. He says the article neither represents his words nor his ideas. The article caused a painful sensation owing to its pro-German tone.

#### FARMERS COMMITTED ON TREASON CHARGE

(Special to The Daily News.)  
New Westminster, July 20.—Ernest Hamil and David Kitzel, farmers from the boundary country, have been committed on a charge of assisting alien enemies to leave the country. Steffan Ramur, an Austrian naval reservist and a pro-Ally, gave evidence against them. They had put Ramur through to Seattle to return to Austria to fight.

(Special to The Daily News.)  
Bridgeport, July 20.—A thousand machinists threw down their tools today at the Remington Arms Co. works as a result of efforts by German leaders to make a strike spread through the munition plants. They boast that neither Gompers nor President Wilson can stop the strike.

#### LIGHT AND PHONE IN SECTION TWO

The light superintendent reported to the council last night that it would cost \$625.25 to put in light and phone connections for the benefit of residents in section two and that the phone alone would cost \$347.60. In view of the small revenue in that section he suggested that the phone connections be put on and that the light connections be made later on. The light and finance committee recommended the adoption of the report. The report was carried.

#### A VARIED PROGRAM AT MAJESTIC THEATRE

#### ITALIANS GAIN FIVE MILES SUCCESSFUL AERIAL ATTACKS

REPORTS FROM GENEVA ARE ENCOURAGING. ITALIANS MAKE AIR ATTACK ON AUSTRIAN DESTROYERS AND RAILROAD—FRENCH AEROPLANES BOMBARD COLMAR

(Special to The Daily News.)

Mr. and Mrs. L. W. Patmore and family returned from upriver last night.

#### FIRST COPPER SHIPMENT FOR NEW YORK

The Prince George arrived from Granby with 100 tons of blister copper for New York. The transshipping of the metal from boat to rail delayed the George nearly three hours this morning. This is the first consignment of copper to be shipped to New York via Prince Rupert and the G. T. P. In the past the metal has been forwarded via Seattle. The copper is in bricks of 225 lbs. each. Shipments will pass through regularly in the future.

In our editorial columns we publish an article dealing with Seattle metal receipts, in order to show what Prince Rupert may look for some day. This copper shipment is the first step.

#### GREAT BASEBALL FOR WEDNESDAY NIGHT

All baseball fans are looking forward with much interest to the match between the Colts and the C. C.'s at Recreation Park on Wednesday night. The C. C.'s have a strong team together now and are playing in the form that they ended the season last year. The Colts, on the other hand, are still playing gilt-edged ball and intend to stay at the head of the city league. On Monday night, Manager McAleenan, of the Colts, worked out several new men, changing his team around, strengthening the weak spots and making the strong positions stronger, so that on Wednesday night he will have a formidable aggregation of ball tossers to dispute the game with the C. C.'s.

Considerable enthusiasm is being shown in preparing for this game and it is rumored that not a little money will change hands as the outcome. The rooters will be there with their full strength to cheer for their own team.

#### FOOTBALL

The Regiment and the Sons of England meet in a league game at Recreation Park tonight. The Regiment lineup is: Youngman; Cunningham and Macdonald; Hazell, Fenton and Porter; Ofwald, Dixon, Long, Gardner and Berwick.

#### NEIL McLEOD PASSED AWAY LAST NIGHT

The death of Neil J. McLeod occurred last evening at his home, after a prolonged illness. He was 51 years of age, and had resided in Prince Rupert for the past four years. He came to Prince Rupert from Seattle, but had originally come from Sydney, N. S., where his mother and brothers reside.

He was a contractor, and after coming here followed that line of business. Among his contracts, was one opposite the present G. T. P. station, where the new depot of the company is expected to be located.

For over a year, however, he has not been able to follow his business, owing to his illness. At times he would recover sufficiently to be about for a few weeks, but his strength has been steadily declining.

Mr. McLeod was held in the highest esteem by a wide circle of friends, and was a prominent member of the Baptist Church.

He was a member of the Masonic Order, and the funeral will be under the charge of Tyee Lodge. The body will be taken of Seattle. The deceased is survived by his widow and a family of four daughters, Mrs. A. B. McDonald, who resides on Third Ave. and Misses Lillian, Laura and Gretta.

Follow the crowd to Self's Cafe. There is a reason. Next Majestic Theatre. 102ft.

**A. F. and A. M.**

An Emergent Communication of Tyee Lodge, No. 68, A. F. & A. M., B. C. R., will be held at the Masonic Temple on Wednesday, 21st July, 1915, at 2:45 p. m., for the purpose of conducting the funeral of the late Brother Neil J. McLeod, of St. Andrew's Lodge No. 7, Sydney, G. R. N. S.

All sojourning brethren are invited to attend.

By Order of the W. M.  
JAS. M. CARMICHAEL,  
Secretary.

**NORTHERN GOLD**

The report for the fiscal year of the government assay office in Seattle indicates the important influence that Alaska, British Columbia and the Yukon gold exert in contributing to the business of this city. During the year nineteen tons of gold, of the value of \$8,850,000, were received here, and of this amount approximately \$5,000,000 was exchanged for newly-minted coin and entered the channels of city trade.

Shippers to the assay office have the alternative of accepting gold coin or treasury drafts on New York for their bars of gold and dust. It is particularly that portion of the shipments converted into coin that remains in Seattle. Beyond this, large sums are invested hereby miners who feel that Seattle property is an attractive form of investment. In the seventeen years of the life of the local assay office 157.6 tons of gold have been received, valued at \$228,462,761, and of this total British Columbia and Yukon Territory contributed \$109,428,000.

The unlocking of Alaska resources and the construction of the government railway are expected to bring a return of old golden days. New placer deposits are being opened, as well as new quartz mines requiring large initial investments for machinery. Gold receipts here between now and the closing of navigation are expected to show an increase over the average receipts for the same period.

In gold and copper receipts, in general commerce and as the entrepot of Alaska for the business man and the settler Seattle expects a great year in 1916, the evidences of which are even now apparent.—Seattle P. I.

**LEARNING FROM THE ENEMY**

That Great Britain has awakened to the necessity of

organization of industry is causing some uneasiness in Germany. The German government is trying to reassure itself and its friends. In an inspired article in the Cologne Gazette, it is said that for the first time in history England has to face an enemy superior to itself in technical resources and organization. The writer in the Gazette says that this advantage cannot now be overcome. He says:

"Even if one multiplies Lloyd George by 10, one cannot require of him that now, in the midst of this exhausting war, he is expected to raise out of the ground a mighty national munitions industry. For this purpose there are needed a proper number of well-trained and well-practised engineers, technical experts, and chemists of the first rank, a wealth of the most modern special machinery, and a band of workers who go at their work with devotion and understanding, and strain their whole strength in unity from the first man to the last. What was slowly built up elsewhere in a decade, upon the basis of countless individual experiences and with the help of the best trained workmen, is now to be improvised in England."

The German writer says that Great Britain cannot do what she set out to do. There he is wrong. He says that the task will require devotion and unity. There he is right. He is right when he says that Great Britain must improvise in the midst of war a machinery similar to that which Germany has been preparing for years. He is wrong when he says that this cannot be done. What is needed is a recognition of the magnitude of the task, combined with will and determination to do it. And Great Britain is now settling down into that frame of mind, which is as far removed from foolish pessimism as from foolish optimism.—Globe.

**BANK COUNTERACTED ADVERSE PRESS REPORTS**

The council last night passed an account for \$128,23, sent in by the Bank of Montreal, covering news items sent to the London Times, Telegraph, Standard, Westminster Gazette and the Evening Standard.

During the two days in which the city's treasury certificates were in default, the London press published reports which the bank thought might be harmful to Prince Rupert, therefore Sir Frederick Williams Taylor, on his own initiative, cabled a statement to the above papers, in order to counteract any evil effects of these articles.

The council approved of this action and ordered the account paid.

**Make Monday Ironing Day**

LET Sunlight Soap do your washing Monday morning and you can do the light ironing Monday afternoon. The rub, rub, rub at the board has no place in the Sunlight way—so with the hardest part of washing cut out you'll feel like making it a good day's work by doing at least part of the ironing.

Follow the directions that cut your work in half and remember there's nothing in Sunlight to injure fine fabric or dainty hand. A \$5,000 guarantee backs this statement.
