(Special to The Daily News.)

Petrograd, Aug. 4.—(Official).
During the last three days the
enemy has made enormous but
unsuccessful attempts to dis-
lodge us from the Sector of the
Narew river. At Jedwabno we
hold the upper hand in french
warfare. At the Pissa and Skwa
rivers we repulsed an attack by
the whole German army and re-
inforcements, and successfully
prevented them from bringing ar-
tillery across the Narew and an-
nihilated their forces with the
bayonet, compelling the enemy to
withdraw to await reinforce-
ments.

The enemy is now making
great efforts behind Ostrelenska.
In three days fighting, after se-
vere losses, the enemy has only
advanced nine furlongs. On August
3 his cavalry made an on-
slaught on his own infantry in
order to force them to return to
the attack. In the southern sec-
tor our artillery smothered an at-
tack by large concentrated masses
of infantry, forcing them to dis-
perse. Our losses are heavy, but
our troops are making a valiant
resistance, preventing the enemy
from dealing a blow at the rear
of the Russian lines, which is
now impeding Von Mackenzen
in the Vierpriz valley.

CLOUDBURST FLOODS SECTION OF ERIE CITY

(Special to The Daily News.)

Erie, Pa., August 4.—A cloud-
burst flooded the business section
of the city to a depth of five feet.
Many houses were washed away,
and the light and power plants
put out of commission.

Fourteen bodies were recovered
at daybreak after the cloudburst.
The flood, breaking Glenwood
dam, swept through the city for
a mile, killing twenty-three and
causing damage to the extent of
\$3,000,000. A wave five feet high,
carrying debris, acted like a bat-
tering ram.

TERRIFIC RAIN STORM SWEEPS NEW YORK

(Special to The Daily News.)

New York, Aug. 4.—The streets
of the city and suburbs of New
York have been turned into rivers.
Traffic is crippled and wires have
been blown down by a sixty-mile
gale accompanying a terrific
downpour. In the harbor a small
schooner foundered with the cap-
tain and one sailor aboard. The
New Jersey coast has been swept
by the gale and the town of Sea-
bright damaged.

LABOR DAY SPORTS

The Trades and Labor Council
will hold sports on September 6th,
Labor Day, at Recreation Park.
Prizes to the value of \$300 have
already been donated, so local
athletes had better get into train-
ing.

WESTHOLME ORCHESTRA WILL ASSIST TONIGHT

With the consent of W. W.

Craig, manager of the Majestic
Stock Co., the Westholme Theatre
will be closed tonight, in order
that the orchestra may take part
in the war anniversary gathering.

On Thursday the Majestic Stock
Company will stage a great Amer-
ican political play, entitled "The
Woman."

PARAMOUNT ATTRACTION AT MAJESTIC THEATRE

The Majestic Theatre has pro-
cured for tonight and tomorrow
a great six-act story of the Amer-
ican Civil war, entitled "The War-
rens of Virginia."

This is a most realistic Para-
mount feature, with an all-star
Lasky-Belasco cast. The manage-
ment has gone to great expense to
secure this attraction.

Commemoration Day

Today is the anniversary of the outbreak of war. A
year ago today Britain joined with France and Russia to
break a barbarian military power which threatened to
smash all that is best in European civilization. The task
is not yet finished. Many of Britain's bravest sons have
fallen in the struggle, but men just as determined to see
the thing through have taken their places. Tonight, the
citizens of Prince Rupert are invited to gather at the City
Hall and march to the auditorium where the great anni-
versary will be fittingly commemorated. Tonight the cit-
izens of the Empire will remind the men in the trenches
that they are with them: to the last man and the last
dollar, if need be.

PEACE RIVER COUNTRY WILL BE TRIBUTARY TO THIS CITY

SCHOOLS INSPECTOR G. H. GOWER GIVES AN INTERESTING
ACCOUNT OF HIS TRIP THROUGH THE LAST GREAT
WEST—POUCE COUPE SETTLERS ASKING
ABOUT PRINCE RUPERT

Gordon H. Gower, provincial
inspector of schools, has just re-
turned from a most interesting
trip into the British Columbia
section of the Peace River coun-
try, where he has been looking
over school sites for the depart-
ment. Of the three routes, (1)
via Prince George, Gascoine,
Summit Lake, Crooked, Park, and
Parsnip rivers, (2) via Edson,
over wagon road into Grande
Prairie; (3) via Edmonton and
Peace River Crossing, the latter
is the one generally used today.
The Edson route, over which the
mails were formerly taken, is a
good winter road.

From Edmonton, via the Ed-
monton, Dunvegan and British
Columbia Railway, it is now pos-
sible to reach within 50 miles of
the Crossing and within 7 miles
of the Smokey river. A tempo-
rary bridge is being built across
the Smokey, and, before the be-
ginning of the year, the line will
be in operation as far as the Brit-
ish Columbia boundary.

Mr. Gower made the trip in to
Fort St. John down the Peace to
Cut Bank and overland through
the Pouce Coupe Prairie into
Grande Prairie, coming out by way
of Bezanin to the Smokey River,
the end of steel. For 600 miles
of Hudson's Hope the Peace River
flows without a ripple, hence its
name.

Mr. Gower reports that the set-
tlers in the Pouce Coupe Prairie
are thorough British Columbians
and he had to answer innumera-
ble questions regarding Prince
Rupert. They are anxiously await-
ing the Pacific Great Eastern into
that country, in order to connect
up with the coast here. After this
part of the railroad is completed,
the traffic now moving east and
south through Edmonton is bound
to come westward. Settlers in the
Grande Prairie, Alberta, are also
anxiously enquiring regarding
the P. G. E. as they want to mar-
ket their crops via Prince Rupert.
The Pouce Coupe Prairie, B. C.,
which constitutes the southeast
corner of the Peace River block,
is an excellent stretch of prairie
land, having an area of about
30 miles by 25 of fine black loam.
The district is being settled under
the Dominion Homesteads Act, a
quarter section being the largest
individual holding.

There are about 800 settlers in
the Pouce Coupe Prairie, many
of these Americans. More or less
difficulty has been found in pro-
viding lumber for buildings, most
of the buildings being log and
mud structures. Crops every-
where look well, as there has been
an abundance of rain, with fine
weather following. The provincial
government proposes to establish
schools in the block this fall.

There are over 4,000 men em-
ployed on the Edmonton, Dun-
vegan and B. C. Railroad. Peace

River Crossing is a busy town
situated on the south side of the
Peace about 250 miles east of
Hudson's Hope. Large areas are
still open for homesteading and
this country is going to be a big
producing country in the near
future, tributary to Prince Ru-
pert.

CANADA MAKES GOOD

In 1914 Canada had almost 500,000 more men than women. The war will consume a great part of this surplus. There is evidence, however, that Canada will deal more and more liberally with homesteaders in the future, and this should bring in sturdy workers to help make up the loss. Annually she has allotted to settlers from five to seven million acres of free land, but today the premier of Saskatchewan wants to see immigrants not only assigned to free lands, but equipped with seeds, farm implements, and good advice. It will not be surprising if Canada makes, too, a determined essay to keep her sons and daughters at home, to make the most of her great resources and repair, as rapidly as may be, her share of the loss brought upon civilization by the war of the Kaiser's. It is hard hoeing for Canada just now. War contracts worth \$156,000,000 have already been placed in Canada, however, and these should help to start again the flow of Canadian prosperity. According to the Kingston (Ont.) "British Whig," "Canada has borrowed capital for municipal and industrial enterprises to such an extent that the annual tax in interest alone is about \$140,000,000. Too much attention has been given to civil life and all that it implies, and not enough attention to farm life." Of late some towns have been obliged to ask for time to meet interest due on their bonds—something unprecedented in the Dominion. But whatever Canada's immediate future may be, the larger future is hers, and it is bright. In no event can Canada prosper too richly for our satisfaction. We of the United States must not only appreciate our neighbor's effective patriotism, but must strive also to bring about ever more friendly relations, and, in banking and commerce, relations increasingly profitable to

both sets of Americans. Neglect of Canadian markets and Canadian sympathies forms one of the least creditable chapters in the history of American protectionism; but the time for us to ignore or to patronize Canada—if there ever was such a time—has now gone by. As the "Economist" of Chicago observes (after giving reasons): "Canada has been the phenomenon of the Western Hemisphere in the past ten or fifteen years. In no other part of the world has there been so much progress in recent years, nowhere else so much profit in the pursuit of ordinary occupations or the investment of capital. Canada has made good."—Collier's Weekly.

YOUNG INDIAN IS BELIEVED DROWNED

Rumors on Sunday night that an Indian had been killed on the Kispix road were investigated by Chief Minty and Constable Mead, who learned that the report originated in the disappearance of David Robinson, a young native, whose saddle horse had been found across the Skeena. No information was volunteered by the Indians, and the police were somewhat handicapped in their investigation. As a result of their work, however, it has been fairly well established that Robinson was drowned on Thursday night of last week, when he tried to ford the river just above the rifle range. It appears that he attempted to ride his horse up the steep bank on the other side, while intoxicated, and fell into the rapid current. His father has offered \$100 reward for his body.—Omineca Miner.

BASEBALL OFF

The baseball match which had been arranged between the Merchants and the Professionals for tonight has been called off, on account of the commemoration meeting in the Auditorium.

NEW HAZELTON NOTES.

J. T. Breckon, civil and mining engineer, has decided to locate in New Hazelton and he is now preparing data for use in his line of business.

Mr. and Mrs. Constantine and Mr. and Mrs. Forbes leave this week for a three-weeks' vacation trip to Winnipeg and other eastern prairie points.

R. P. Trimble, Portland, came in on Wednesday's train after a visit to Grouse mountain. This (Friday) morning he goes to the Great Ohio on Rocher de Boule mountain where he will decide upon the work to be undertaken in the immediate future.

H.F. Gorman, purchasing agent for the Montana Continental Development Co., was a visitor in town last week.

Some of the boys are now figuring on going to the prairie for the harvest. There are many worse things for them to do.

Mrs. (Dr.) Shewan returned to her home in Vancouver today after visiting for several weeks with her parents at the Harris ranch.

The heavy rains last week did not damage the hay crop although it gave some of the farmers a little extra work.—Omineca Herald.

ANOTHER SUCCESS BY MAJESTIC STOCK CO.

At the Westholme last night, the members of the Majestic Stock Company scored another success in "The Wolf," a story of the woods of New Ontario.

Miss Vane Calvert, as Hilda McTavish, the daughter of a grim old Scotch settler, acted beautifully the part of a simple child of the forest, while Fred Cantway, as Jules Beaubien, a young French Canadian and Hilda's lover, acted convincingly.

Hugh O'Connell, as Andrew McTavish, the austere old Scotch settler, did full justice to the old man's reputation for grim severity and utter contempt for anything or anyone not Scotch. One of the finest features of the piece was the great work of W. W. Craig, as Baptiste Le Grande, a Northwestern trader and nomad. Albert Lawrence played the villain, in the shape of a callous American engineer, with fitting nonchalance, while Edward Tisne, as George Huntley, the happy-go-lucky assistant engineer, scored a big success.

Sunlight Soap

cuts Monday's labor clean
in half.

The Sunlight way is so easy
—just note. First you soap
the garment; then roll it up
to soak. After a while you
rinse it thoroughly and the
dirt drops out like magic.

Why scrub, and rub, and
wear and tear the clothes
when the gentle strength of
Sunlight Soap will do the
work with never a hurt to
fabric or hands.

Try it once—

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION,
CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT
OFFICE NOW OPEN.

In view of the recruiting which is in progress at present
throughout the Province, it is apropos to answer a few of
the questions which are considered by those who contem-
plate entering the Service. The following is a list of perti-
nent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

1.—How long am I to serve? Until the end of the war
and six months after if required.

2.—What pay shall I receive? Your pay as a private will
be \$1.00 per day and 10 cents field allowance. Besides this
you will be clothed, equipped and subsisted by the Govern-
ment.

3.—What will my wife receive during my absence? Every
month there will be paid her a separation allowance of \$20
(also part of your pay) and if this be not enough to com-
fortably maintain your family, the Canadian Patriotic Fund
will further assist them.

4.—What will happen if I am wounded or sick? You will
be cared for by the Government and your pay continued
until you are discharged. If you are permanently disabled an
allowance will be paid you, varying according to the extent of
your injury or disability.

5.—What will be done for my wife and children if I die
while on Active Service? The Government will provide an
adequate pension, that will enable the family to live com-
fortably until the children are old enough to look after them-
selves. The widowed mother of a single man, if the son be
her sole support, is treated in the same way as a wife.
