ALLAN LINER HESPERIAN SUBMARINED

TWENTY-SIX LIVES LOST -- ALLIES ARE AGGRESSORS IN ARTILLERY OFFENSIVE

OUTWARD BOUND HESPERIAN TORPEDOED OFF QUEENSTOWN

TWENTY-SIX LIVES LOST—VESSEL REMAINS AFLOAT THIRTY-FOUR HOURS—BECOMES UNMANAGEABLE IN HEAVY SEA—ALLIES ARE AGGRESSORS ON THE WESTERN FRONT

(Special to The Daily News.)

Liverpool, Sept. 6.—The Allan liner Hesperian was torpedoed without warning, outward bound from Liverpool to Montreal, when 120 miles west of Queenstown late on Saturday evening. She was struck forward of the engine room. The crew and passengers took to the boats. The liner floated for thirty-four hours and sank in rough weather while under tow for Queenstown at 6:30 a. m. today.

Captain Main was navigating the vessel and a crew of twenty remained with her until she sank. Eight members of the crew were lost. Twenty passengers were injured of whom Miss Carbery and an unidentified woman died. Consul General Frost notified American Ambassador Page that the vessel had been torpedoed without warning. The incident created a painful impression in Washington, following on Von Bernstorff's promise of immunity for liners. Several Americans were among the passengers.

Later.

London, Sept. 7.—The loss of life on the Hesperian was 26, 13 being of the crew and 13 passen-

gers, the latter principally women. 3545 bags of mail were lost. Flooding of the forward compartments lifted the propellers from the sea, making the vessel helpless and unmanageable. An Amsterdam wire says that Berlin's explanation will be that the submarine left its bast before the new instructions were issued.

Western Front.

Paris, Sept. 7.—Heavy artillery action along the entire western front continues, the Allies being the aggressors. The fighting is particularly severe around Souchez, Neuville and Nouvron. Its purpose is not apparent, but it is believed that it means that the Allied offensive begins before the cold weather sets in.

Indian Patriotism.

Simla, Sept. 7.—The Gaekwar of Baroda has contributed five lakhs of rupees (\$160,000) to provide aeroplanes for the British front. Last December he purchased the Empress of India as a hospital ship for the Indian troops.

Submarine Success.

Athens, Sept. 7.—The Turkish destroyer Yarihissar has been sunk in the Sea of Marmora by a British submarine.

A St. Catharines munition worker has been made famous by the action of General Bertram, chairman of the shell commission, who has reproduced his crude sketch in colors and will send it to Britain and France as the commission's publicity poster.

TRADES AND LABOR SMOKER BIG SUCCESS

The Trades and Labor Council of Prince Rupert concluded a red letter day in its history with a great smoking concert in the Empress Theatre last night. The building was packed; plenty of eating, drinking and smoking material was provided and the greatest enthusiasm prevailed.

President S. D. McDonald, after thanking the donors of prizes to the sports, in a few introductory remarks, called up the Mayor to address the gathering.

At the outset, Mayor Newton congratulated the Trades and Labor Council on the great success attending the day's celebration, and expressed the hope that such an observance of Labor Day would become an annual thing in Prince Rupert. In dealing with the question of labor, he pointed out that it was essential that labor men should be united. In referring to the critics of labor unions, he said that dentists, doctors and lawyers had their unions as well, the only difference being that labor men united in order to assure themselves of getting the means of living, whereas the professional men are united in order to ensure the getting of from \$15 to \$100 per day. He did not find fault with professional men for being united, but he did object to their criticism of united labor. "Do you find the lawyer, dentist, or doctor willing to work for from \$3 to \$5 per day?" he asked.

In speaking of labor conditions he pointed out how workers in Europe had a struggle to make a living, while the manufacturers became millionaires, and went on to show that only by proper organization could the worker ever hope to get a fair proportion of what he produced. "When we see the manufacturers of a country becoming millionaires, it is time that the producers of that wealth should receive some of it back," said the mayor. Dealing with tariffs, he said he believed in pro-

Health	2,750.00
Scavenging	11,750.00
Engineering	23,247.00
Police	11,982.00
Total subject to rebate of one-sixth	\$144,720.00

Schools

Schools	\$26,150.00
Sinking funds and other	
Special rates as shown on city clerk, treasurer and collector...	60,473.91
Total not subject to rebate	\$86,623.91
The gross levy will be 12,570 mills. The estimated expenditure for 1915 is \$77,989.82 less than that of 1914. The assessment is also \$2,624,927.75 less than that of 1914.	

The recommendation of the treasurer that the rate be struck as follows, was adopted: General, 6 mills; Health and Hospital, 1 mill; School 1.505 mills, making a total of 8.505 mills, 7 mills of which is liable to a rebate of 1-6 if paid by a given time. The special rates including that for scavenging total 4.505 mills, making a gross levy of 12,570 mills. The report also recommended that the collector be instructed not to make any levy in connection with the light and telephone plant bylaws as the revenue from these utilities will take care of the redemption charges. The report was adopted.

EIGHT MORE RECRUITS LEAVE FOR THE SOUTH

Eight more men left for the training camp at Vernon on the Prince Rupert this morning. They were:—Dan O'Leary, Thomas W. Collins, John Roberts, Wm. Hutinson, J. W. Dutton, John Gilmour, Robert C. Killin and Alphonse Leveque.

TRADES AND LABOR SPORTS AN UNQUALIFIED SUCCESS

LARGE CROWD AT RECREATION PARK—REGIMENT WINS THE FOOTBALL COMPETITION — VETERANS MAKE GOOD SHOWING IN BASEBALL GAME—EVERYONE HAS A REAL GOOD TIME

The Labor Day sports, under the auspices of the Trades and Labor Council, were an unqualified success. The weather, though looking threatening, was cool and pleasant, and, thanks to the splendid work of those in charge, everything passed off like clockwork. Competitors and spectators, young and old, had a most delightful time.

The various events were keenly contested and several good performances were recorded. Metlakatla band was in attendance, and rendered high-class music during the afternoon.

In the five-a-side football competition, the Regiment defeated the Callies "A" team in the final by a corner to nothing.

The baseball game between the Merchants and Union Men provided more amusement than good ball, and the crowd displayed great glee when the veterans of the Merchants pounded Hanniffin for 7 runs in the fourth. The

Union men won by 15 to 12. For the losing side, Geo. Frizzell, Fred Stork, Geo. Tite, Geo. Sweet, J. McAlleenan and Harry Sheere showed wonderful form against a side composed largely of regular ball players.

The following were the results in the athletic events, the judges being Mayor Newton, Rev. Canon Rix, Chief Vickers, Geo. W. Kerr, V. Cole, Mr. Harris and J. R. Beatty.

One mile open race: Nicholson, 1st; Hazel, 2nd.

HIDDEN ASSASSIN SHOOTS JUDGE KNOWLES

(Special to The Daily News.) Providence, R. I., Sept. 7.—Judge Willis S. Knowles, justice of the district court, has been murdered near his summer home at Lake Moswansicut by an assassin who fired from the bushes by the side of the road. A rigorous enforcement of the game laws had made enemies for the judge, who had received threatening letters.

LUTHERAN MINISTER FROM CALGARY HERE

Rev. A. Vaaler, Lutheran minister in Calgary, spent the weekend in the city. Though a descendant of the great seafaring people of Norway, this was his first visit to the ocean. Along with Alderman Dybhavn he spent a most enjoyable time cruising around the harbor and visiting some of the beauty spots of the district.

Mr. Vaaler returned east yesterday morning delighted with his first trip to the coast, and promising to return next summer.

Commissioner and Mrs. Sowton of the Salvation Army, went south this morning.

BULKLEY FARMERS' SUCCESSFUL PICNIC

On September 1st, the farmers of the Bulkley held their first picnic. After luncheon, addresses were delivered by H. A. Beck, A. J. Prudhomme, A. H. Tomlinson, H. E. Walker, and S. F. Dunlap, after which sports were held, including horse racing, foot racing, for ladies and gentlemen, a tug-o-war and a boat race.

Farmers and friends for miles around were present, and a most useful, as well as instructive, day was spent. Everybody was enthusiastic, the weather was ideal, and the crops of this fertile valley looked better than they have ever done. Tea was served at 6 o'clock and the outing concluded with "God Save the King." The picnic was a huge success from every point of view, and there was an unanimous vote in favor of holding a similar gathering each year.

LABOR DAY

The Trades and Labor Council is to be congratulated on the results attending its efforts to provide an enjoyable entertainment for Prince Rupert's citizens on Labor Day. The lure of the woods drew many hunters away from town over the weekend, and several heavy bags of geese were brought in, while the number of deer in the vicinity must have been considerably reduced, but those who remained at home had no cause to grumble at the fare provided in the way of entertainment.

Recreation Park swarmed with kiddies having the time of their lives, while the grown-ups were young again. The sports committee displayed businesslike management in the carrying out of the lengthy program, and everything ran along smoothly and right on time.

It was a fitting climax to labor's annual day of relaxation that Prince Rupert drydock's first ship should be brought into the harbor at the close. The Delhi is not a big vessel, and the job is not a very important one, as ship-repairing jobs go, but it is all-important to the city in that it is the first repair job for our new drydock. That it is the forerunner of bigger and more important things for Prince Rupert we know.

DEFIANCE

Another liner has been sunk without warning, and while outward bound from Liverpool to Montreal. Surely President Wilson must now realize that action is the only thing Berlin understands. In German diplomacy words are used to conceal the truth; only in German

action is the truth bluntly told. Doubtless Washington has felt that the situation is delicate, owing to the fact that there are so many German sympathisers in the United States, and that the onus for definite action must be thrown upon Germany, but, if there is any red blood in Washington, surely that blood must now have reached boiling point. In this last dastardly act, Berlin has placed Washington at defiance in the most unmistakable manner, and, if the president still contents himself with a cabled notice of surprise and another demand for an explanation, he will prove to the world that he made a grave error when he did not walk out along with William Jennings Bryan.

Berlin is quite willing to go on explaining for the duration of the war. It will not be surprising to learn that the Hesperian was sunk without instructions, and that the submarine which committed the murder can not be found, but that Berlin has given definite instructions that warning must be given to all liners. The farce will be kept up just so long as America cares to use cables instead of guns. The honor of the United States is at stake: all that the American flag stands for has been set at defiance, and Washington must prove to the world that it places safety on a lower plane than honor and freedom.

fecting infant industries, but that it was time for the government to step in and reduce the tariffs in certain lines where the manufacturers had got past infancy and were now millionaires and so arrogant that they thought they owned the country, body and soul. "It is time the tariff was brought to a minimum, simply to allow home manufacturers to compete with the foreigner," he said.

Referring to Professor Adam Shortt's remarks recently regarding the high rate of wages prevailing in the west, he said the professor was too prone to blame the labor situation. He felt that if the cost of living were reduced, labor could afford to come down proportionately. With a reduction in the tariff walls, he believed, the increased production would lower the cost of living, and a proportionate drop in wages would lead to Prince Rupert and the rest of the west becoming prosperous.

Ald. Casey congratulated the council on the success attending its efforts in celebrating the day

dedicated to the honor of labor. He congratulated the council on its firm establishment in the city. He pointed out that the task of the labor unions was much harder than that of the professional unions, as the members of the latter were so thoroughly developed in their class consciousness, which so many of the rank and file in the labor movement had not got. "The task of the Trades and Labor Council is to instill that

TRADES AND LABOR SMOKER BIG SUCCESS

(Continued from Page Three)

class consciousness into the minds of the working classes. When it has done that, it has done its work," he concluded.

During the evening, musical selections were rendered by Cy Confer, R. Anderson, H. Fletcher, Harry La Salle, W. Murray, A. Clapperton, C. D. Jones, G. Couture, Pte. Collier, Ed. Stilwell, V. C. Knowles, A. Gray, and J. Sturgeon, while Joe Laing recited.

Corgoral Fenton and Pte. Dunn, of the Irish Fusiliers, gave a fast three-round display of boxing, which referee Billy Wright adjudged a draw. The most amusing item in a very fine program was a world championship bout of 40 rounds between the champion of Africa and the champion of Patagonia. They fought at any weight under the catch-as-catch-can rules. The midget sometimes missed his foot on the ladder trying to swing at the dusky champion's wool and a circus movement ensued, with the nigger's complexion distributing itself all over the white. In the third round when the big fellow's footwork became hampered by his chest dropping to around his knees, the midget missed a terrific swing and the rush of air floored the giant who peacefully took the count.

The smoker, which concluded in the wee sma' hours, was voted by everyone as a huge success.

GROUSE MOUNTAIN PROPERTY TURNED

R. P. Trimble passed through here last Monday morning on his way south after completing the details in a deal for Schorn & Bush's copper property on Grouse mountain, just back of the saw-mill camp. The consideration is understood to be a \$75,000 bond.

This property is a zinc of low grade copper which will require a large expenditure of money on equipment and work before it reaches the producing stage, but it gives promise of being a very large shipper.

The property is only five miles from the railroad and the nearest point to the railway is about fifteen miles east of Telkwa.—Omineca Herald.

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION,
CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT
OFFICE NOW OPEN.

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

- 1.—How long am I to serve? Until the end of the war and six months after if required.
- 2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.
- 3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.
- 4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.
- 5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

JOHN HALLAM LIMITED TORONTO

Noblesse Oblige

Rank imposes obligations—
or—as the French put it—"Noblesse Oblige."

It is a very natural and right principle that those who by their position in life command the respect of others should deserve it and be worthy of maintaining their position. "Much is expected of those in high station."

But this principle is not confined to persons of noble birth—it has a hundred applications. It applies, for example, to those manufacturers of reputation and prestige who make goods of high quality and who advertise them constantly in the newspapers of the land.

By their advertising they have attained an eminence where the very best in quality and good service is expected of

them. They have set a standard and their very business life depends on the constant maintenance of it.

So that when you buy advertised articles you rest assured that you are getting the best value that money can buy.

Well may you place your faith in advertised goods. Well may you give them preference over articles which you can only hope may prove satisfactory.

For the principle of "Noblesse Oblige" is
your guarantee of excellence in Advertised Goods.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 603, Lumsden Building, Toronto.
