FRENCH ARTILLERY ACTIVE-- GERMAN GUNS SILENCED

VIOLENT ARTILLERY FIGHTING ALONG FRENCH LINE--FRENCH AVIATORS BOMBARD GERMAN BARRACKS--COURTLAND CAMPAIGN COSTLY TO GERMANS--MEN AND SUPPLIES MAY FAIL

(Special to The Daily News.)
Paris, Sept. 14.—Artillery activity continues with great violence all along the French line. The German guns at Mortmare have been silenced.

Aviators Busy.
French aviators have bombarded the stations and barracks of the Germans at Bensdorff, Chatel in the Argonne region and at Langemarcke.

Russian Front.
London, Sept. 14.—Although Von Hindenberg is threatening the railroad near Dvinsk, there is no cause for alarm, because of the Russian successes elsewhere. The Courland campaign is costing the Germans dearly. Their men and supplies are likely to fail.

The Austro-German losses in Russia during the last two months are 465,000 men.

ATTEMPTED MURDER BY HOTEL PROPRIETOR

(Special to The Daily News.)
Vancouver, Sept. 14.—H. M. Cottingham, a well known hotel man and proprietor of the Regent Hotel, has been arrested on a charge of shooting Mrs. Donald Smith, also known as Avery Donahue, at the house 1662 Third Ave., West, early this morning. Cottingham was paying attentions to the woman and was jealous of another man. His surprised rival escaped, leaving most of his clothing behind. Cottingham shot the woman with a 44 calibre army revolver in the breast and she is expected to die.

Cottingham was formerly prominent owing to having been accused of causing the death of Martin Longman, a city employee, at midnight during a joy ride, on Granville Street bridge in January, 1913. The chauffeur Virgil was sentenced to two years, and Cottingham was ordered to pay \$15,000 compensation to Longman's widow.

PROMINENT SEATTLE FISH DEALER HERE

J. M. Calvert, of Seattle, president of the San Juan Fish Company of that city, is in Prince Rupert. He has come here to look over the fishing situation. Mr. Calvert had intended to leave for the south this morning, but has found business sufficiently interesting to warrant his staying over for a few days.

MOTOR BOAT PETITION

The following applies to the "motor boat petition" at present being circulated for signatures: Editor, Daily News.

Dear Sir:—Enclosed you will please find copy of petition which is being circulated throughout the coast towns. Every post office and every cannery has received one. I am told that the language is not too strong, but undiplomatic. I wish to state that the language is my own. Language is for expressing thought, and I have expressed my own thoughts. I am no diplomat.

In order to meet the desires of people who believe in the reforms asked for, we have altered several of the petitions so that now you will find the original and the altered petition side by side. You may sign either one, and, if you still find objections, we would be very glad to have you state your objections and sign them, drawing a circle around both your objection and your signature so as to call particular attention to the matter. We wish this matter to be a real expression of public opinion.

Respectfully,
214-18. HOOMES F. FREEMAN.

Have you Signed the Motor Boat Petition? Petitions are at Frizzell's Meat Market, Cole's Sagar Store, Noble's Poolroom, P. R. Boat House, Launch Dixie, Launch Narbethong, Launch Alice B, Akerberg, Thompson's Machine shop, and Leuty's Machine Shop.

(Special to The Daily News.)
Vancouver, Sept. 14.—The Liberals in executive adopt the principle of the referendum on the liquor question as a party policy. It endorses the principle of direct legislation for the submission of all important questions.

THE SCANDINAVIAN- CANADIAN SENTIMENT

Editor Daily News,
Dear Sir:—As there also have been circulating in our city in the past unfounded rumors relating to the subject dealt with in the enclosed clipping from a Vancouver paper of recent date, I would consider it a favor, if you would kindly publish the enclosed which, in my opinion, plainly sets out the sentiment of the Scandinavian people.

Thanking you in advance, I am,
Yours very truly,
JOHN DYBHAVN.

Pro-British, Not Pro-German

Editor Province:—From time to time there have appeared in the daily papers articles regarding the Scandinavians living in Canada and their feelings and sympathies in the present great struggle in Europe. Prominent Canadian citizens of Scandinavian birth have asked us at times to explain this question to the public but knowing that such articles only sprung from a few hot-headed persons, that had not taken the trouble to study the question from its several sides, or that were not intelligent or clear-thinking enough to overlook their individual or personal feeling or objection to certain people we have so far not troubled about it, as we do not make it a practice to listen to slander: but when the gauntlet is thrown down to us, as Mr. James Roberts did in one of your recent issues, we can not, as the only Scandinavian paper in Canada west of Winnipeg, and so representing our own people living under the British flag in these provinces, help but to pick it up and throw such a slander back at the originator.

Sorry that we did not read Mr. (Continued From Page Two.)

TURKISH BATTERIES SILENCED ON ASIATIC SIDE OF STRAITS

HEAVY BOMBARDMENT COVERS LANDING OF NEW ARMY IN THE DARDANELLES--TURKS SEEM TO BE PREPARING TO ABANDON STRAITS--SANTA ANNA CONVOYED TO AZORES

(Special to The Daily News.)
London, Sept. 14.—There is a heavy bombardment in the Dardanelles covering the landing of a new army, which is believed to be Italian.

Another report from the Dardanelles states that the Turks are firing all villages on the Asiatic side, which suggests that they are preparing to abandon the straits.

On the Asiatic side, the Turkish batteries have been reduced to silence.

Santa Anna Convoied.
New York, Sept. 14.—There have been no lives lost on the Santa Anna. The vessel is now being convoyed to the Azores. The fire, which has been subdued, is believed to have originated from a fire bomb.

FRENCH COMMENT ON THE DUMBA CASE

Paris, Sept. 13.—The French press views with considerable satisfaction the action of the United States in calling upon Austria-Hungary to remove Dr. Dumba as ambassador to Washington.

"The die is cast and Washington is now passing from diplomatic controversy to acts," said the Petit Parisien. "The note is courteous in style, but at the same time imperative. Whatever Austria's response, the energetic act will have its effect on the world."

Alfred Capus says in the Fargo: "Nothing marks better the universal moral discredit to which our enemies have fallen than the note pointing out that Dumba no longer is acceptable. Certainly it is not a declaration of war, but it is a declaration of incompatibility."

NOVEL LOTTERY FOR RED CROSS SOCIETY

George Frizzell has devised a plan for raising a large sum for the Red Cross Society, and at the same time giving one the chance of clearing up a respectable amount. In his window on Third Avenue the whole matter is explained.

A great glass bowl filled with bills, silver and some "coppers" is to be drawn for. Tickets are on sale at the butcher shop at prices from 1 cent to \$3, according as it is drawn. The entire proceeds go to the Red Cross Society here. The bowl of money goes to the winner.

BASKETBALL

On Wednesday evening at 8 o'clock there will be a game of basketball between the C. C.'s and the Tigers in the Auditorium on Sixth Ave., Mr. Marren having kindly lent the building for the occasion. Proceeds will go to the Red Cross fund. Admission 25 cents, everybody invited.

NEWSPAPER MAN TURNS PROSPECTOR

W. McAdam, late editor of the Edmonton Capital, has turned his attention to mining. He arrived in the city last night with his partner, John P. Hogan, of Edmonton. Though "Bill" claims to have good prospects of success in the mining business, it is hardly likely that he will remain very long out of the newspaper world.

E. J. CHAMBERLIN INVITED TO MEET THE CITY COUNCIL

The G. T. P. agreement with the city was brought down at the city council meeting last night.

Ald. Beveridge asked that the parts applying to G. T. P. promises be read.

The agreement was that work on the terminals, roundhouses, etc., be started within three months of the ratifying of the agreement, February 27th, 1912, and that the hotel and drydock construction be started within two years of this date and should be proceeded with.

It was agreed, on the motion of Ald. Beveridge, seconded by Ald. Montgomery, that Mr. E. J. Chamberlin be invited to meet the council today.

An amendment by Ald. Dybhavn seconded by Ald. Maitland, that the mayor and Ald. Edge and Beveridge wait upon Mr. Chamberlin was defeated.

SHAWATLANS BREAKDOWN

The board of works report on the Shawatlangs repairs shows a cost of \$2,221.88. The light superintendent's report showed a cost of \$1,314.38 and the broken valve cost \$4,117.50, f. o. b. Prince Rupert, so that the total cost of the breakdown amounts to \$4,653.76.

PROMINENT ODDFELLOWS PASS THROUGH THE CITY

A party of prominent Oddfellows arrived on last night's train from the prairies. They were George Henderson, Calgary, Past Grand Master; M. A. Brimacombe, Vermilion, Alta., Grand Patriarch, J. Tueker, Unity, Sask., Past Grand Master, and E. A. May, Edmonton, Past Grand Master and Past Grand Patriarch, accompanied by Mrs. May.

The party left for the south this morning en route for the 91st Sovereign Grand Lodge at San Francisco. Prominent local Oddfellows met them at the train last night and took them around the city.

FAIR NOTES

Additions have been made to the 1915 prize list in several classes, and medals for rifle shooting, which is of such importance in these days of trouble and war, are offered to the best shots in Northern B. C. The directors deserve praise for encouraging rifle shooting in such a practical manner.

Prizes for photography and several other subjects which were left out of the prize list, have been added.

A good specimen of silver-lead ore has been received from the Barber Bill group on Nine Mile mountain. This is at present on view at the Board of Trade rooms but the owners think it good enough to make a bid with it for one of the mineral prizes.

The directors have decided to cancel the stock classes this year for horses, cattle, sheep, and pigs, the reason being that the amount of stock in the country is small and the increase not sufficiently large to permit of the exhibiting of home bred stock to any extent. The prize money offered for these classes has been devoted to other purposes, which the directors consider will furnish better attraction.

Work has begun towards getting Agricultural Hall in shape for the Fair, and several improvements as to the laying out of the interior will be made for the greater convenience of the public.

GRANBY FOOTBALL TEAM FOR EXHIBITION

F. S. Wright has been notified by Mr. Duff, of the Granby Company, that the smelter town will send a football team to the Exhibition, which will put up a real good fight in the old British game. Local football fans will give the boys from the north a real sportsman's welcome.

TAX SALE

The council chamber was crowded when the tax sale opened this morning, and fifty-five of the one hundred and eighty lots put up had been disposed of at noon. The G. T. P. redeemed all the lots in which it held an interest. For the better grades of property the bidding was quite spirited.

PRODUCTION

Germany has one great advantage over her opponents in the present struggle in that her people have had to make fewer changes in their ordinary mode of living than the people of the Allied countries have. Figuratively speaking, Germany has been at war for forty years, and in that time the people have gradually become used to having to pay for the upkeep of a colossal army, whereas the people of Britain particularly are just beginning to realize that the occasion calls for continual sacrifices on the part of every inhabitant of the Empire. Economists are pointing out that the cry of "Business as Usual" was a huge mistake, and that business can not be conducted as usual; that more of the necessities of life must be produced at home and much less imported from abroad, in order that the debit balance of trade against Britain may be kept as low as possible.

Britain is carrying the financial responsibilities of the Allies on her shoulders, and though her resources are much greater than those of any other nation, those resources must be husbanded. It has been brought home clearly to the people of Britain that the most stringent economy must be practiced, particularly in regard to purchases of imported goods; that every cent kept at home added capital to be applied in fighting the enemy. Economists differ in their views as to conditions after the war, but all are agreed that the outcome of the struggle depends largely on Britain being able to buy munitions in enormous quantities until it is ended. Goods for export must be

produced increasingly in order to help pay for imported munitions. The call today is not "Business as Usual," but "Production! Production! Production!!!"

LOOKING FORWARD

There were twenty-six American schooners discharging fish at the various wharves along the waterfront this morning.

The congestion of traffic at the corner of Third and McBride is becoming a serious menace and a special meeting of the council will be called to consider the matter.

Petitions are being circulated throughout the province of Manitoba praying for the release of members of a former government who are serving long terms for robbing the public treasury. The people of this province have a peculiar interest in the movement as similar methods may be adopted here to effect the release of some of our own distinguished prisoners.

The dry weather of the past few weeks is having a baneful effect on the products of the field in the surrounding district, as well as causing much anxiety to suburban residents, whose homes are threatened by spreading bush fires. The farmers have suggested that the city clergy be asked to make a special plea to Providence, at next Sunday's services, for relief from the drought.

Late advices from St. Helena indicate that the mental condition of William Hohenzollern, a former German Emperor, is not improving any, although he is rational enough at times to realize that he may yet meet the fate of his partner in crime, Von

NO ALUM MAGIC READ LABEL BAKING POWDER

Tirpitz, who was hanged at Antwerp three years ago.

Two full trainloads of fish left the G. T. P. yards this morning for eastern points. As practically all the deep sea fishing of the Pacific northwest is centred at Prince Rupert, the G. T. P. is, at times, pressed for rolling stock to meet the ever-increasing demand, but now that the car shops at the local drydock are turning out refrigerator cars regularly, no further shortage is looked for.—From the Daily News, of Sept. 10, 1920.

THE SCANDINAVIAN-CANADIAN SENTIMENT

(Continued From Page One.) Englebloom's first letter published in The Province, but as we consider the above mentioned gentleman fully able to answer for the Swedes, it may not matter so much. As for the other part, that deals with other Scandinavian nationalities, and foremost with the Norwegians, we certainly intend to deal with that.

First of all, permit us to state that we are absolutely not pro-German. In fact, most of the Scandinavian people look upon Germany as our enemy, and furthermore as an enemy to civilization—even to liberty, and the whole world knows us as liberty-loving people. Some of us try to be neutral, but very few succeed. Germany herself has made most of us stop trying to do so, by her brutal and barbarous methods. How can we help it, when, as in the case of sinking the S. S. Svein Jarl, the German mariners killed, without warning, of course, thirteen of our noble and innocent sailors that were trying to supply our homes away up in the cold north with coal for fuel during the winter? That is only one of Germany's many murder deeds.

As to the Lusitania we decline to discuss it because Mr. Roberts' statement that, "he knows that the Scandinavian-American press

was unanimous in declaring that the Germans were justified in sinking the Lusitania because she carried munitions of war." It is absurd. Of the fifteen or sixteen Scandinavian-American papers that come to our office every week, we have been unable at any time to find any such declaration; but what most of them say is, that it was brutal murder, and all of them agree that the act was absolutely barbarian and inhuman.

We do not know where Mr. Roberts gets his second-hand information, and, therefore, cannot trace the lie, but no right-thinking man or woman would make themselves a medium of spreading such slander without knowing more about the facts than Mr. Roberts does.

He furthermore writes about our dislike towards the British. Just one more falsehood. If Mr. Roberts would stop asking information from some I. W. W. Scandinavians about the Scandinavian American press and study the Daily Province a little more carefully, he would not get so badly (Continued on Page Three.)

"stung," but he would get some real information, like, for instance, "how the Danes honored the British mariners from the E13." Does such action of the Danes look like dislike? But—there is a but—there is one kind of British people, happily very few, that we most certainly do "dislike," and that is Mr. Roberts. It is these kind of people who make it so hard for us sometimes, even if we have been naturalized British subjects for twenty or thirty years, to feel at home in this country.

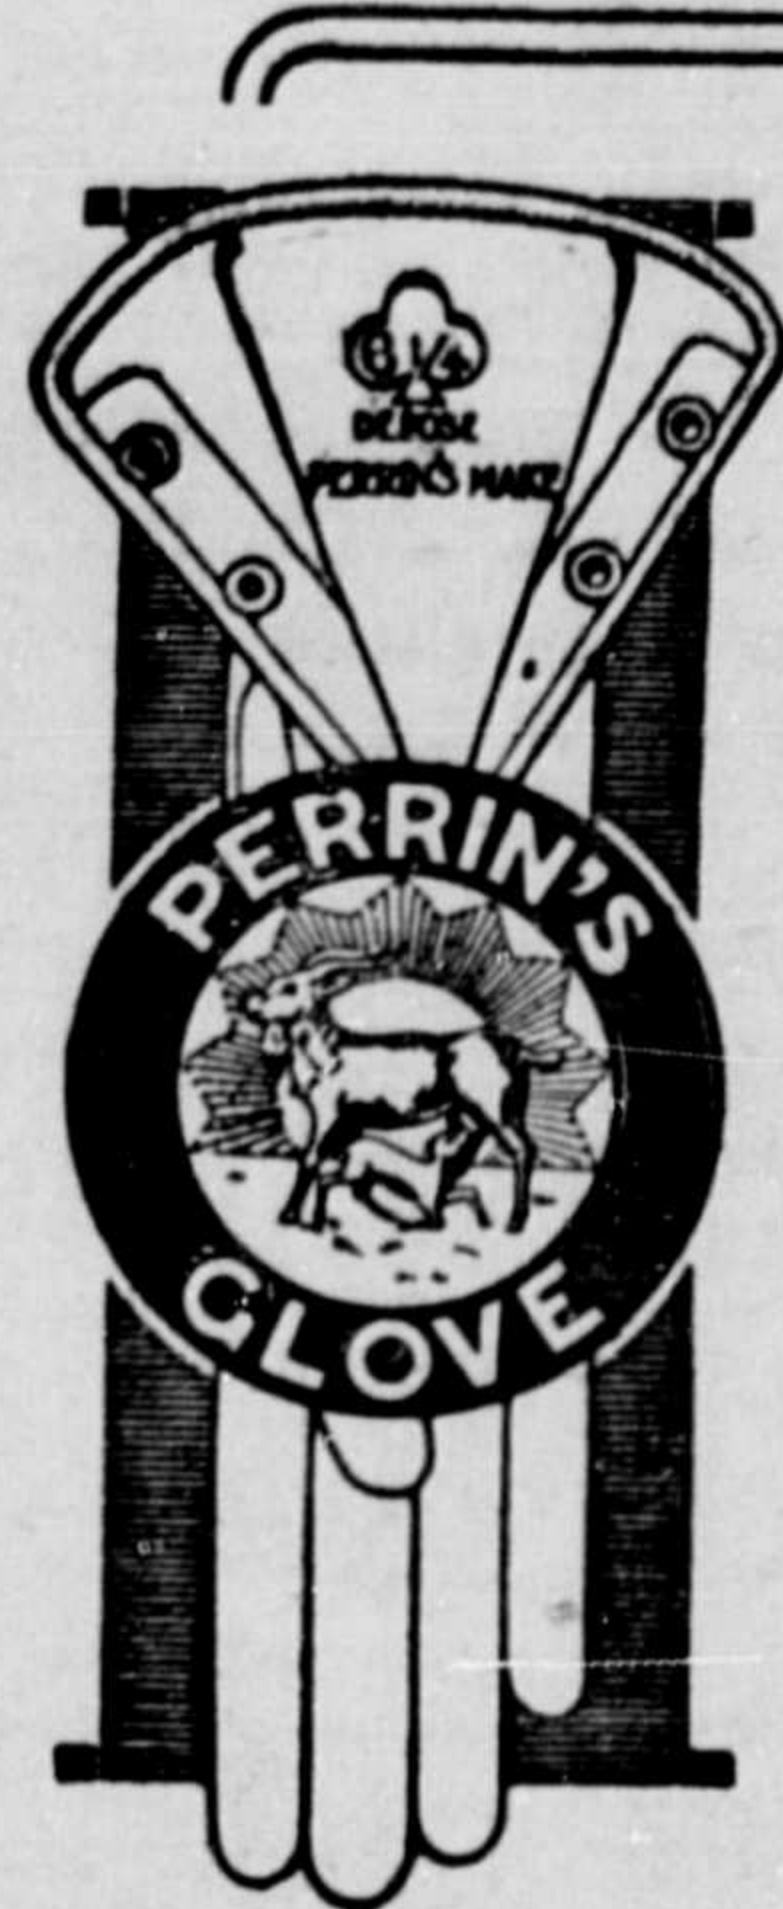

But as to what we are, and on what side we stand, we can sum it all up like this: It is only natural for us not to want to sign our own death sentence, and for us to sympathize with Germany would almost be to do so, because Great Britain and her allies are fighting for our interest, and we know it. Therefore we hope and wish that

SPLENDID COMEDY AT WESTHOLME THEATRE

The Westholme tonight has a real good program. The Pathe Gazette shows very fine pictures of cavalry manoeuvres in Egypt; Russian guns in action, and Princess Alexandra, of Teck visiting soldiers.

"The Inventor's Peril" is the story of two inventors who are working on a wireless telephone, and who meet at a country house party. A crank, who has accused Signor Marvelli of stealing his plans, attacks the inventor and kidnaps his hostess' daughter. The wireless phone aids in the rescue and all ends happily.

"Who goes There" is two reels of the best comedy seen for a long time. Walter Perkins as "Topsy" has an endless succession of most laughable exploits. "The Cadford Diamonds," a one-act drama concludes a program which is both interesting and highly amusing.

"THE BROKEN COIN" AT THE MAJESTIC THEATRE

"The Broken Coin" is still drawing crowded houses to the Majestic Theatre. Kitty becomes possessed of both halves of the coin only to lose them again. The story is as interesting and thrilling as ever.

"A Lonely Salvation" is a pretty little drama in which Mary Fuller plays the part of a girl rescued from the underworld. It is a story full of pathos and very interesting. "Defenders of the Empire" is a series of very fine views of the Indian troops, and "Their Brides got Mixed" is a most amusing comedy in which two eloping couples get mixed up with comical results. The Animated Weekly depicts something novel in water stunts, some of Hy Meyer's clever cartoons, and several other interesting items. The entire program is good.

A. J. BURROUGHS, Manager
1st Ave. and McBride St. PRINCE RUPERT, B.C.
PHONE 25 Branch Yard at Smithers

A. B. SMITH has a dry goods store in a certain Canadian city. He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business. So he advertises—every now and then. This is where our friend Smith is wrong—in advertising every now and then. He should advertise regularly—as frequently as his local newspaper is published.

Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales-manager, director of store service, credit man and half-a-dozen other things.

What Smith should do is this: If he is located in one of the smaller cities, in which there are no advertising agencies giving a local copy service, and he has no one among his own staff qualified by instinct or experience to write the daily announcements, he should go to the publisher of the newspaper in which he means to advertise, requesting his help. In nine cases out of ten, the publisher, through his advertising manager, will be only too glad to give Smith the assistance desired.

If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements.

In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements.

So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.

This man Smith---do you know him?
Are YOU Smith?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.
If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
