GERMAN CENTRE CONTINUES TO ADVANCE INTO RUSSIA

MINOR RUSSIAN SUCCESSES—GERMAN RIGHT WING IS STILL RETREATING—JAPAN AND RUSSIA PRODUCING MUNITIONS RAPIDLY—FRENCH TAKE TURKISH POSITION

(Special to The Daily News.)
Petrograd, Sept. 18.—The enemy has reached and crossed the River St. Chara. The fortress of Vilna is likely to fall. In the fighting along the railway from Kobrin to Minsk we scored a success, driving the enemy toward the village of Roudakrasnovia, and taking 2,000 prisoners and four guns.

At Gontava we took 12 officers, 540 men and 3 machine guns. The enemy is in retreat from the Strypa river, losing at Yanovka 14 officers and 1,800 men.

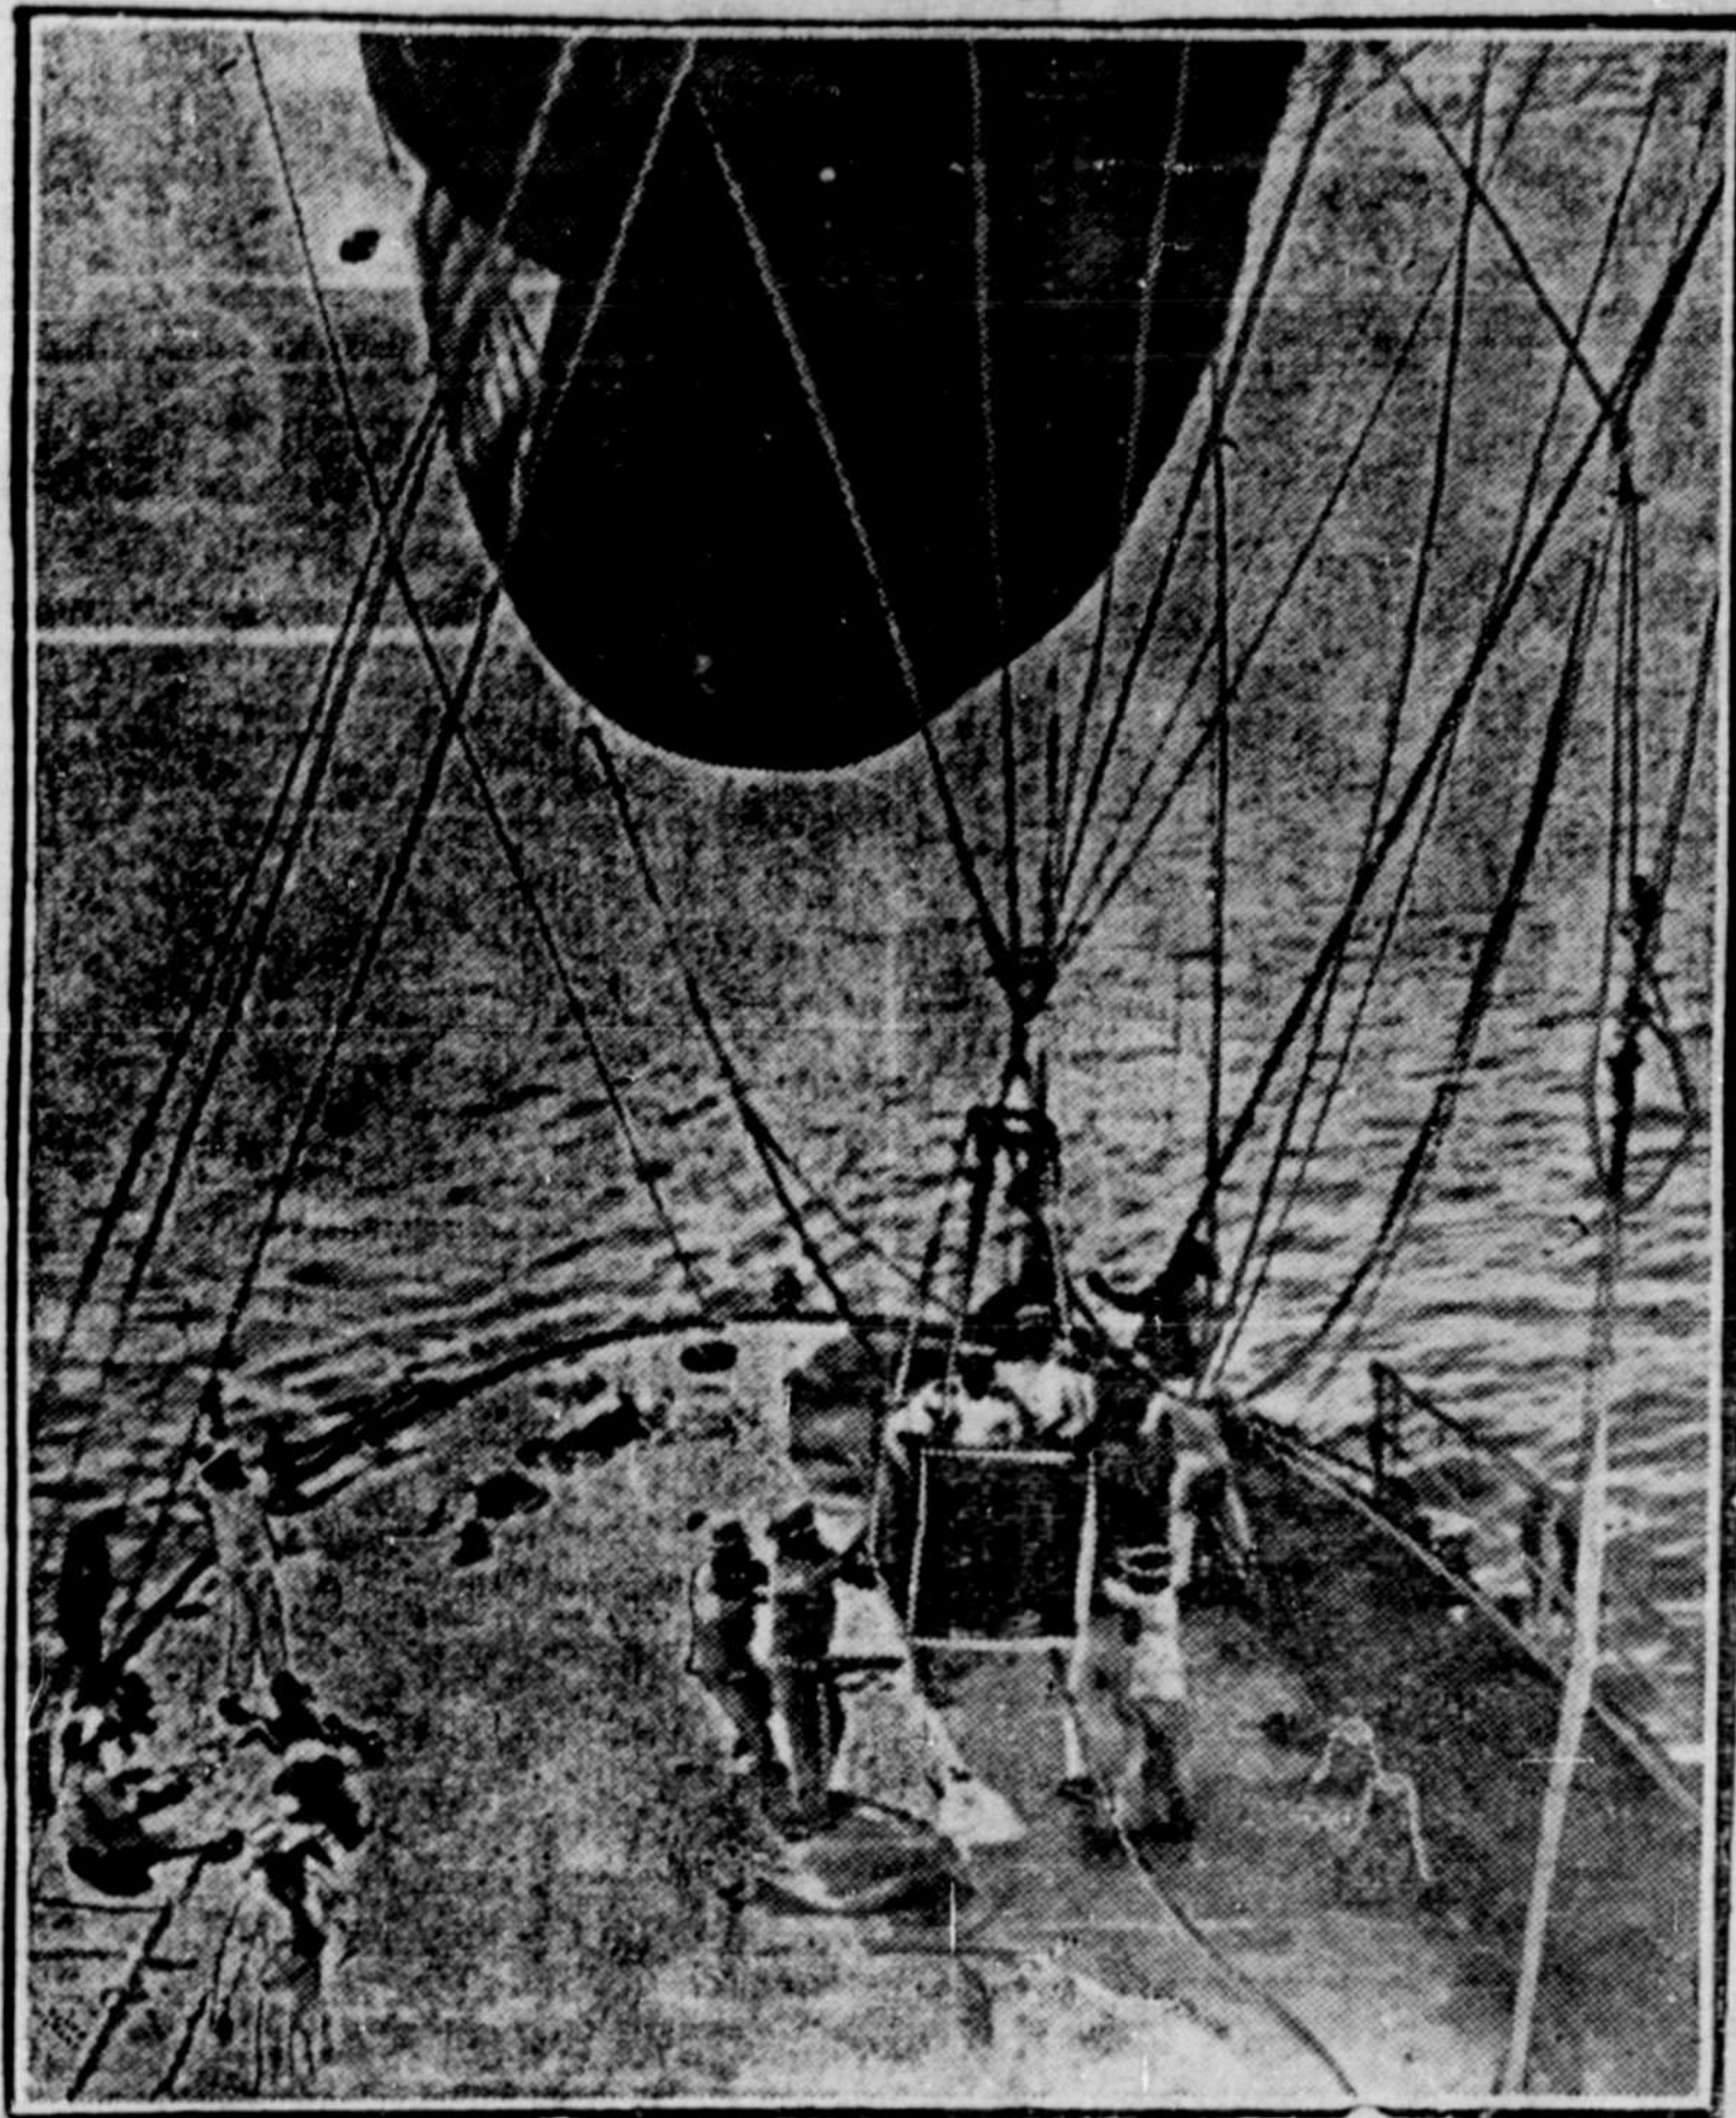

Munitions.
Paris, Sept. 18.—Twelve hun-

dred Russian factories, with 100,000 men, are now engaged in the manufacture of munitions.

Japan is busy building new munition factories to help the Allies.

Gallipoli
French forces have captured a new Turkish position in Gallipoli.

Bulgaria.
Athens, Sept. 18.—Premier Radis-Lavoff, of Bulgaria, in addressing the foreign ministers at Sofia, said that Bulgarian public opinion was against any attack on Turkey.

DR. STEFANSSON HAS DISCOVERED NEW LANDS

(Special to The Daily News.)
Vancouver, Sept. 18.—Dr. Stefan's report shows that he has discovered new lands at 78 degrees north and 117 degrees west. North Prince Patrick Island, which is found to be land, he has completed charting. The explorer is continuing his explorations.

RED CROSS SALE

The Red Cross sale of home cooking yesterday, which was in charge of Mrs. Wm. Manson and Mrs. Hal Peck, realized the sum of \$46, a good sum considering the weather conditions. The drawing for the table and centerpieces, in charge of Mrs. H. Parker, is postponed until next week. The ladies wish to thank Mr. Benson for the use of his store, and all who assisted.

The G. T. P. dining cars are now running clear through to Winnipeg instead of to Edmonton.

HE EXTRACTED BULLET FROM SOLDIER'S HEART

Paris, Sept. 17.—Means by which he extracted a shrapnel bullet from the right auricle of a French soldier's heart were described to the Academy of Medicine last night by Dr. Charles Infroit. This surgical feat was accomplished by use of a radiographic compass invented by the surgeon.

This instrument enables Dr. Infroit to locate foreign bodies in the tissues with mathematical precision and permits their extraction without injury to the neighboring organs, he told his colleagues.

EXHIBITION NOTES

The Exhibition opens on Wednesday, September 22nd at 4 p. m. An informal opening will be conducted by President Alex. Prudhomme and Mayor Newton.

Children's Day.
The opening day will be Children's Day, and all children will be admitted free. The children's races will be held that day. The band will start from the City Hall at noon.

Added Prize.
A prize of a case of stumping powder has been donated by the Canadian Explosives, Limited. It will go to the exhibitor gaining the largest number of points in Class 16.

Red Cross Teas.
The ladies of the Red Cross Society will serve tea on all three days of the Fair.

PIANO

The piano which is advertised on the front page is the property of Mrs. Jessup, widow of Allen Jessup, who sacrificed his life in the trenches in France. The party owning the equity in the piano will make easy terms in order to effect a sale beneficial to Mrs. Jessup. See E. H. Mortimer.

CASE OF GREAT INTEREST TO FISHERMEN

A case of great interest to fishermen came up before Magistrate McMullin today, when M. McLeod and N. K. Nelson were charged with fishing for salmon with a gill net without having first paid the fisheries tax of \$5. The case was dismissed, and it is probable that the crown will apply for a stated case to the supreme court.

W. E. Williams, of Williams & Manson, who appeared for the defendants, stated that the act was to become operative by an order-in-council by the Lieutenant-Governor. He contended that no order had been published in the Gazette, but simply a notice issued by the attorney-general from the fisheries department, and that the act had never become operative. In the second place, he held that the act is ultra vires of the province of British Columbia.

THE NEW HAZELTON PROSPECTS LOOK GOOD

Al. Harris returned Saturday from the Sibola district where he spent several weeks prospecting over the country where gold was discovered last summer. He reports unfavorably on the country as a free gold producer. He is more satisfied than ever that it is easier to get mineral in paying quantities right around New Hazelton than any place he has yet prospected.—Omineca Herald.

PRINCE RUPERT'S LABOR DELEGATES LEFT TODAY

Prince Rupert's three delegates to the Trades Congress of Canada, S. D. Macdonald, W. E. Thompson and George Rudderham, left for Vancouver this morning. The congress opens on Monday, when about 200 delegates, representing 80,000 workmen in all parts of Canada, will meet in "Labor's Parliament."

This is the first occasion on which the congress has met in Vancouver, and also the first occasion on which Prince Rupert has been represented. Representatives of every trade in Canada will be there, as well as delegates from the American Federation of Labor and the British Trades Union Congress.

SPLENDID SHOW AT THE MAJESTIC THEATRE

The Majestic tonight presents one of the finest scenic films ever produced, entitled "O'Garry of the Royal Mounted." The story runs to three reels, and they contain a great deal more than beautiful scenery. There are thrills mixed with the views. The hero shoots rapids in a birch bark canoe and is upset, and you actually see him in the rapids, not just before and after. He is thrown over a cliff by the villain and flops into a river only to be rescued by the heroine, who has swung herself down the cliff by a rope. Incidentally the villain cuts the rope and she also flops. The mountain scenery depicted is splendid and the photography perfect.

A "Moonshiner" drama, and two good comedies make up a strong bill. "Sweedie and the Sultan's Present" is a circus.

The annual general meeting of the Northern B. C. Agricultural Association will be held in the City Hall on the 23rd at 8 p. m.

SWITZERLAND PREPARES FOR POSSIBLE GERMAN INVASION

MORE TROOPS CALLED TO THE COLORS — GERMANS ACTIVE IN ALSACE — AUSTRIANS REPULSED THREE TIMES BY SERBIANS — AMERICA ADDING TO MILITARY DEFENSE

(Special to The Daily News.)
Paris, Sept. 18.—Switzerland has called her fourth division of troops to the colors. The Germans are reported to be active in Alsace and it is feared that they may attempt to invade Switzerland in order to attack France's unprotected frontier.

Austrians Repulsed.
Nish, Sept. 18.—Three Austrian attempts to cross the Save river and invade Serbia have been repulsed.

America Preparing.
Washington, Sept. 18.—Secretary of War Garrison is to ask

RED CROSS DANCE AND WHIST DRIVE

Under the auspices of the Willing Hands Society, a most enjoyable whist drive was held in St. Andrew's Hall last night. The prizes were won by Mrs. J. M. Dunn and Mr. J. C. Gavigan.

A delightful dance, for which Gray's Orchestra provided the music, was held later in the evening, and everyone had a real good time. Scottish dances were introduced at intervals and were greatly enjoyed. The proceeds were devoted to the Red Cross Fund.

GREAT CHAPLIN FILM AT THE WESTHOLME THEATRE

The Westholme tonight presents one of the funniest Chaplin comedies ever screened. "Work" is two reels of hilarious excitement. You can imagine Charlie assisting in paperhanging, with a plentiful supply of paste, and smile at the mere thought, but on the screen he out-Chaplins anything you can possibly imagine.

"In the Hands of the Jury" is a very fine two-act Kalem drama which furnishes thrilling situations, and some splendid acting. "The Ring of Death", the fourth episode of "The Road O' Strife," sees the innocent Abner handed over to the sheriff by the villain. "What's Ours" is a particularly pleasing little love story. It is a real good show.

GOOD SMELTER RETURNS FROM SUNRISE ORE

The smelter returns from the first car of ore shipped from the Sunrise mine have been received and showed one hundred and twenty-two ounces of silver and forty-nine per cent lead per ton. The Herald was informed by the superintendent of the mine that the second and third cars will run higher than that as they had struck a couple of very rich shoots on the surface.—Omineca Herald.

"CHUCK" AVERIL HAS EARNED A COMMISSION

Mr. Smithers, of the Bank of B. N. A., has received a letter from Charles Averil. "Chuck" was in the old country on holiday when war broke out and at once enlisted as a private. His many friends in town will be delighted to learn that he has risen from the ranks and now holds a lieutenant's commission. His regiment, at the time of writing, was stationed in a pretty warm quarter.

PROFIE LIBERAL GAINS

The electors of Prince Edward Island have again returned the Conservatives to power, but not to any great extent. In 1912, the Conservatives captured 28 out of 30 seats, only 2 Liberals being returned, so that the returning of 13 Liberals against 17 Conservatives is an important Liberal gain.

The weakness of the late government was its strength in the house. With practically no opposition, members of the government played fast and loose with the funds provided for the province. The Dominion government grant under the agricultural aid bill was spent largely in salaries to instructors whose chief qualifications was party allegiance. In spite of largely increased revenue, the debt of the province had been increased by \$30,000. Increases were voted to the salaries of the premier and officials, while new offices were created which were absolutely useless except insofar as they provided salaries for supporters of the government, and large sums were expended without tenders being called for. In fact, the late government was a typical Conservative aggregation.

One very important feature which helped the Liberals materially was the fact that the ballot was used for the first time on the island, instead of open voting. Under the old system the official vote naturally went solid for the government, while every employee of the Prince Edward Island Railroad, in Charlottetown, with one exception, voted Conservative. It is significant that, in the last election, it was a difficult matter getting Liberal candidates, whereas on this occasion, there was competi-

tion for the nomination in the various constituencies.

The result is still further proof, if further proof were needed, that the power of the Conservatives in the Dominion is on the wane. There can be little doubt but that the proximity of Prince Edward Island to Nova Scotia had not a little to do with the big Liberal gain. The notorious Nova Scotian horse deal must have cost the Conservatives many votes. Conservatives are welcome to any little grain of comfort they may extract from the fact that they at least have been returned to power. With a strong opposition, the government must now make some attempt to legislate for the people instead of for the party, and Premier Mathieson's four years' picnic is over.

FOOTBALL

The Agricultural and Industrial Association having requested the Football Association to take charge of the arrangements for football games to be played during the exhibition, a selection committee was appointed by the Football Association, consisting of seven members, five of whom met on Friday night to choose a team to represent Prince Rupert in the game with Granby to be played on Wednesday, Sept. 22nd at 1:15 p.m., and, after carefully considering the merits of the various players in the city, decided on the following:—Goal, Brand; reserve, Martin; backs, Darton and Cunningham; reserve, J. Currie; halves, Fenton, W. Murray and Hunter; reserve, Arthur; forwards, S. Hardy, Brighton, Kinghorn, Dowther and Neilson; reserves, Williscroft and Winsby; Captain, W. Murray.

The committee requests that if any of those chosen to play are unable to do so, that they notify

BELLA COOLA NOTES

Percy Gadsden and C. Charlton
have just returned from an ex-
pedition up the Kimsquit River.
They traversed the valley a dis-
tance of about twenty-four miles
for the purpose of locating a
trail to some agricultural lands
along this river. What seemed
to impress them the most on the

trip was the large number of
seals seen at the head of the in-
let and even for some distance
up the river. The salmon was
conspicuous by their almost en-
tire absence.

A very pleasant party, arranged
by the cannery boys, took place
at the hotel on Thursday of last
week. A number of the younger
members of the community spent
the evening agreeably in playing
games and displaying their skill
in different contests.

Albert Hammer, the energetic
secretary of the local Farmers'
Institute, urges upon the farmers
to get their exhibits for the
Prince Rupert Fair ready in time
for shipment on the 16th inst.
In the meantime he will be busy
canvassing the farmers for ex-
hibits.—Bella Coola Courier.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leaven-
ing agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and
soda, or soda and sour milk. She may not get the propor-
tions quite right, but she knows her food is safe. But does
she ever use a mixture of alum and soda? Was there ever
a housekeeper who bought alum and soda to make a home
made baking powder? Intuitively she feels it would be
unsafe.

Then why use baking powder made from alum or the
same mixture that the housekeeper would not dare to mix
and use in her food?

Alum is alum, whether bought in the drug store or in
baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum,
lime or phosphate. There is absolute safety in its use.

**THE KAISER WEPT
CROCODILE TEARS**

Paris, Sept. 17.—ABassel dispatch summarizes a recently published article by Anton Fendrich, the prominent Baden Socialist, describing a conversation with Emperor William at general headquarters on the western front.

Herr Fendrich was greatly impressed with the emperor's sincere pacifism and also with the sorrow of his disillusionment regarding his royal relatives in England and Russia, who "betrayed him at a moment of danger."

"The emperor," Fendrich said, "related for an hour horrible French atrocities. Carried away by the monstrosity of these proved acts, which leave no hope for decadent France, the emperor wept more than once at the shame of such demoralization of a once noble people, victimized now by a fixed idea."

The emperor said the result of the war would be the "unification and purification of Germany for her historic task of serving as the heart of Europe."

FRIZZELL'S RAFFLE

It is expected that the chances on the cash prize offered by Geo. Frizzell for the Red Cross Fund, will be sold by Saturday, September 18th.

The drawing will take place at Frizzell's Meat Market at 7:30 o'clock Saturday evening. Mayor Newton will officiate. All ticket holders are requested to be on hand at the hour of drawing.

There are plenty of low numbers left yet, so call at the market and get a ticket before it is too late. Remember the lucky holder gets the large bowl of money put up by Mr. Frizzell himself, while the proceeds from sales of tickets go entirely to the Red Cross Fund.

**CAUSE OF RUSSIAN
MUNITION SHORTAGE**

London, Sept. 17.—Great interest was shown here today in reports printed in a London paper which declared Russian shortage of munitions was caused by the blowing up, months ago, of the great Russian ammunition factory at Okhta, with the loss of some thousands of lives. Not a word of this reported disaster had reached here. It is believed here that the story is at least probable, for the Russian munitions failed suddenly and this could not have been caused by a mere failure to foresee the heavy demand for projectiles and powder.

A meeting of the executive of the Prince Rupert Football league will be held at St. Andrew's rooms Monday at 8 p. m.

Albert Davidson, G. T. P. general agent returned from Hazelton on last night's train.

Bill McAdam and his mining partner, J. F. Hogan, returned from the south this morning.

A. B. SMITH has a dry goods store in a certain Canadian city. He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business. So he advertises—every now and then. This is where our friend Smith is wrong—in advertising every now and then. He should advertise regularly—as frequently as his local newspaper is published.

Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales-manager, director of store service, credit man and half-a-dozen other things. What Smith should do is this: If he is located in one of the smaller cities, in which there are no advertising agencies giving a local copy service, and he has no one among his own staff qualified by instinct or experience to write the daily announcements, he should go to the publisher of the newspaper in which he means to advertise, requesting his help. In nine cases out of ten, the publisher, through his advertising manager, will be only too glad to give Smith the assistance desired.

If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements. In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements. So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.

**This man Smith---do you know him?
Are YOU Smith?**

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.
If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
