67 SUBMARINES CAPTURED SINCE MAY 5th—CAUGHT IN STEEL MESH NETS—CONSTANTINOPLE IN MISERY—GERMAN PRISONERS DESCRIBE DESTRUCTION AS BEING TERRIBLE

(Special to The Daily News.)
Providence, N. J., Sept. 23.—The Journal states today on absolute authority that Germany has lost 67 submarines since May 5th, 27 being of the latest type. Her utmost building capacity is three per month. The submarine crews are in a panic of fear owing to the mysterious disappearance of their comrades. The Journal describes the system by which pairs of fast destroyers, carrying weighted fifteen feet mesh nets, which are cut adrift ahead of the submarines, are riding the seas of these craft. The submarines become entangled, turn turtle and sink.

Turkey's Troubles.
Geneva, Sept. 23.—A returned Swiss from Constantinople says that life is intolerable in the Turkish capital. There is no gas nor electricity. Two thousand

workmen from Krupps are idle, owing to lack of materials.

Terrible Destruction.
Havre, Sept. 23.—German prisoners brought here describe the destruction of the German positions as terrible. Aerial raids by the French continue to play havoc with the enemy's positions.

Violent Fighting.
Paris, Sept. 23.—The violent artillery fighting of the past three weeks continues. It is especially severe in the vicinity of Rochelincourt and to the north and south of the river Avre.

Steamer Capsized.
London, Sept. 23.—The Dutch steamer Koningin Emma, which was torpedoed yesterday, capsized and sank in the Thames while under tow to London.

PRINCE GEORGE ARRIVES
The following were amongst the first-class passengers on the George today:

BALKAN STATES TO BE STRICTLY NEUTRAL

(Special to The Daily News.)
London, Sept. 23.—Radostavoff, the premier of Bulgaria, has announced the signing of a convention with Turkey for the future maintenance of an armed neutrality on the part of Bulgaria.
Other States Neutral.
Sofia, Sept. 23.—Premier Radostavoff has assured his supporters that Roumania and Greece will remain neutral.

This is much more reassuring than the news of yesterday, and is welcome to the Allies, as the Germans will now be unable to reinforce Turkey.

SIR WILFRID NOW STEADILY IMPROVES

Ottawa, Sept. 20.—Sir Wilfrid Laurier is steadily improving in health at the Water Street Hospital, and is gaining strength after his operation. Today he sat up in bed and read most of the afternoon. He also went over his correspondence with his secretary and dictated a number of letters.

CORRECTION

It was inadvertently reported that Terrace was one of the districts competing for the Dewar Cup. This should have read Kitsumkalum and Lakelse valleys.

A SPLENDID PROGRAM AT MAJESTIC THEATRE

The Majestic tonight has a great Pathe comedy drama in 3 parts, entitled "Nick Winter and the Masked Thieves." It is a stirring detective story, and Nick has all the old favorites in that line looking like novices. His work is as neat and polished as it is effective.

"Ima Simp on the Job" is ludicrously funny, while "Whiffles Goes Two Ways" is a French comedy rich in most laughable situations.

The Pathe Gazette is an outstanding feature in a real good program, providing the finest pictures of British soldiers maneuvering seen for a long time, and also views of field cooking operations. A most impressive series is the story of the Lusitania disaster, showing the huge liner leaving New York on her last voyage; the receipt of the news of the disaster in Liverpool and the crowd of anxious relatives around the Cunard offices, and finally the digging of a huge grave in which to bury the victims.

THE LABOR CONGRESS DISCUSSES MILITARISM

(Special to The Daily News.)
Vancouver, Sept. 23.—The Labor Congress, after a debate which lasted for two hours, voted down an amendment to the executive report stating that the labor movement opposed war and militarism entirely, and went on record that, under existing conditions, it is the duty of the labor world to lend every assistance to Great Britain and her allies in the fight for freedom and democracy.

SALVATION ARMY HARVEST FESTIVAL

The Salvation Army will hold its Harvest Thanksgiving Festival from Saturday, September 25th, until Tuesday, September 30th. Any help which friends can render, either in cash, saleable goods, fruits and vegetables, etc., will be gratefully received. The proceeds will be devoted to helping to meet the ever increasing demands upon the army, locally and throughout Canada.

All friends who have promised to send goods for the sale on Monday, September 27th, are asked to kindly send them along on Saturday. If information is desired, it will be cheerfully given by

L. M. HODGE,
Commanding Officer.

"FANCHON THE CRICKET" AT THE WESTHOLME THEATRE

The Westholme was packed last night when "Fanchon the Cricket" was produced. The novelist might have written the story specially for dainty little Mary Pickford. Her brother and sister, along with an all-star cast, figure in the piece, but Mary is the one bright particular star, and she plays brilliantly throughout. The story of the despised little ragged maid of the woods, who ultimately attains to her heart's desire, is a beautifully dramatic one, and, with Mary Pickford in the title role, it is played to perfection.

The village scenes, with their Maypole dances, are charming in their fresh beauty, while the staging throughout is just what one expects from the Famous Players' Company. Both from an artistic and dramatic standpoint the picture is one of the finest ever screened. "A Safe Investment," a comedy featuring Billy Reeves, concludes the program.

AGRICULTURAL EXHIBITION AN UNQUALIFIED SUCCESS

INDIVIDUAL EXHIBITS MORE THAN DOUBLE THOSE OF LAST YEAR—FROM BOTH FINANCIAL AND SHOW STANDPOINTS IT HAS FAR EXCEEDED ALL EXPECTATIONS

Prince Rupert's Third Agricultural Exhibition is already an assured success, and the heartiest congratulations are due to all concerned in the management of it. President A. J. Prudhomme must be gratified indeed that, in a year in which conditions have been particularly hard, the fair should have topped all previous records.

There are 275 individual exhibitors this year as against 141 last year, and exhibits have been sent in from an area of 1,500 miles north and south, and 750 miles east and west. The Association has not had so much money to dispose of as on former occasions, the city being unable to donate anything, as against \$5,000 last year, while the government gave \$400, as against \$3,000 last year, still the exhibitors came along loyally and in every way the Fair is already an unqualified success.

Children's Sports.

The children's sports yesterday morning were in the capable hands of J. R. Beatty, Chief Victors and George Frizzell. The following were the prizewinners:

- Boys' race, 15 and 16 years: Jack Naden, 1st; John Currie, 2nd; Geo. Shaw, 3rd.
- Girls' race, 13 and 14 years: Hilda Halvorson, 1st; Dorothy Tovey, 2nd.
- Boys' race, 13 and 14 years: Jack Naden, 1st; Sidney Jones, 2nd; A. Grant, 3rd.
- Girls' race, 11 and 12 years: Anna Bloomquist, 1st; Lorna Tite, 2nd; Grace Carroll, 3rd.
- Boys' race, 11 and 12 years: Geo. Roberts, 1st; Archie Grant, 2nd; W. Rogers, 3rd.
- Girls' race, 9 and 10 years: Marjory Roberts, 1st; Florence Williams, 2nd; Marguerite Lindsay, 3rd.
- Boys' race, 9 and 10 years: Aubrey Sweet, 1st; Willie Martin, 2nd; John Fotos, 3rd.
- Girls' race, 7 and 8 years: Georges Lundquist, 1st; Laura Frizzell, 2nd; Marguerite Casey, 3rd.
- Boys' race, 7 and 8 years: Alfred Slocum, 1st; Paul Syrotuck, 2nd; Fred Kergin, 3rd.
- Girls' race, 6 years and under: Julian Caldron, 1st; Francis Hauk, 2nd; Marjory Meuse, 3rd.
- Boys' race, 6 years and under: Geo. Mussalleh, 1st; John Martin, 2nd; Roy Thomas, 3rd.

Football.

In the football game yesterday afternoon between Granby and Prince Rupert, the local boys won by 8 goals to 1. The game was not nearly so one-sided as the score would indicate. The Granby boys put up a real good brand of football, and, with a little more training, would give the Rupert team a hard run for victory.

The boys from the north scored first and throughout the first half

the game was evenly contested. Towards the end the lack of training began to tell and several goals were got rather easily. It was a clean, enjoyable game, and was well conducted by "Doc" Clapperton. Goals were scored by, Brighton, 3; Hardy, 2; Murray, 1; Kinghorn, 1; Hunter, 1.

Concert.

In the evening an excellent concert was given, under the management of J. E. Davey. The following took part:—Miss King, violin solo; Mrs. F. S. Wright, solo; Meth Davies, solo, and Messrs. Jones, Lancaster, Clapperton and Davey, quartette. Pte. Lawrence rendered a cornet solo, and Principal Brady gave a reading. Special mention must be made of the Metlakatla Band, which rendered splendid music throughout the afternoon and evening.

ALBERTA'S FIRST LADY BARRISTER

Edmonton, Sept. 21.—The fall sittings of the supreme court opened at the court house this morning with Mr. Justice Ives presiding.

The first business of the court was the calling to the Alberta bar of two members. More than ordinary interest attaches to this ceremony by reason of the fact that for the first time in the history of the Alberta bar a woman was sworn in as a member. The lady to receive this distinction is Miss Lillian Ruby Clements, of Vegreville. Arthur George Brown, of Edmonton, was the other member sworn. They were introduced by O. M. Biggar, K. C.

THE PRODUCER

That competition is the life of a farming community is amply demonstrated at the third Prince Rupert Exhibition. This year, in spite of dull times and financial stringency, the farmers of the interior and of the islands show that they have devoted more time and energy than ever before, in their efforts to show what can be produced in Northern B. C. The exhibits are of a standard which not only reflects great credit on the producers, but speak volumes for the climate and soil conditions under which they were produced.

The pioneers who are today bringing the wilderness into a state of cultivation are empire builders of the highest type; they are the trail-breakers for a huge army of northern farmers, who will ultimately conquer wild nature and guide it into channels of usefulness and wealth. Their calling does not carry with it the glory of the leader of battalions, but it is being demonstrated in Europe today that the feeder of battalions is just as important as the leader. All honor to the men who are opening up new avenues of production in this last great west, instead of waiting idly for the chance turn of some market.

There must be great satisfaction to the farmer when his produce gains him a medal, or the produce of his district wins the cup, but, even to the man who wins nothing in the way of prizes, there is the much greater gain of having produced something useful on land which was so recently jungle. The life of the pioneer farmer is a long, stern battle, and every fresh acre broken is another outpost gained for civilisation.

WEALTH IN FISH

The following from the Seattle P. I. should prove interesting to the people of Prince Rupert:

Aside from the wealth of timber, the deposits of gold, the copper and the coal wealth of this Northwest coast, which seems wellnigh inexhaustible, the Creator, for good measure, filled the waters of the sea and of the rivers and lakes of this region with varieties of food fish in such abundance as to now constitute the principal source of supply for the whole nation. The importance of the fishing industry has not been fully understood even by the people residing on the Coast. Recent bulletins of the federal government and several magazine articles go far to impress this upon the public.

This Coast and particularly Alaska and the Puget sound district, supplies most of the saltwater fish consumed by the people of the interior, the salmon and halibut going even to the Atlantic coast, the halibut catch forming 85 per cent. of the supply of the whole country.

One Pacific coast company alone ships to the market 1,000,000 cases or 48,000,000 cans of salmon annually. This company puts up 40,000 cases on the Columbia river, approximately 400,000 cases on Puget Sound and 450,000 cases in Alaska. Since the period of development began the Alaska fishing grounds have yielded \$275,000,000 worth of fish, or more than the amount of mineral wealth produced by the territory since its purchase by the United States.

In view of the great increase in the use of fish as food, it is encouraging to know that artificial propagation is likely

to sustain and even increase our present annual supplies. Hatcheries are maintained, and we are returning to the ocean waters more than one fish for every fish caught.

In food value certain kinds of fish are greatly superior to fresh meats, eggs or poultry. A pound of canned salmon, at 16 cents, is equal in food value to 36 cents' worth of eggs, 33 cents' worth of sirloin steak, or 21 cents' worth of chicken. The whitefish lead in food value with 22.2 per cent. of protein. The cod has 18.1 per cent., the halibut 18 per cent., mackerel 18 per cent., and black bass 20 per cent. A loin of beef has 17.9 per cent. of protein.

Alaska and the Puget Sound district have an asset of enormous value in the fishing interests. In the salmon industry alone \$40,000,000 is invested and 20,000 men are employed. This product, as well as the greater portion of the halibut supply of the whole country, is handled and distributed from Puget Sound ports, the bulk through Seattle.

GERMANY TO ANNEX PART OF FRANCE AND BELGIUM

Geneva, Sept. 22.—The Lusanne Gazette says it has learned that the German government has decided to issue a declaration annexing to the German empire the occupied territory in France and Belgium.

The Gazette says this measure has been determined upon for the near future because it now appears impossible that the war will be ended, as had been hoped, before winter. According to this newspaper the German government intends to organize the occupied territory from a political and administrative standpoint which is expected to strengthen Germany's moral position.

Civil administration has been slowly replacing military rule in the occupied regions and, the Gazette continues, this process will be extended methodically.

BRITISH CASUALTIES IN THE DARDANELLES

London, Sept. 21.—British casualties at the Dardanelles up to August 21 were 87,630. The number of kill in that time was 17,608.

These figures were included in the grand total of British casualties published earlier in the week.

Today's announcement says the number of officers killed was 1,130 and the number of men 16,478; wounded, 2,371 officers and 59,257 men; missing, 373 officers and 8,021 men.

The first specific information of the price England is paying for her efforts to win Constantinople is contained in these figures. It has been known that the fighting on the Gallipoli peninsula was of the most deadly character, but heretofore official statistics have been lacking. To this total must be added the losses sustained by the French, which have not been revealed.

The ratio at the Dardanelles has been nearly the same as on all fronts, or approximately 1 to 4 1-3 in each instance. Before the present war, with its scientific methods of destruction, the proportion of killed to wounded was usually calculated at about 1 to 10.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

Your King and Country Need You

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION, CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT OFFICE NOW OPEN.

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

- 1.—How long am I to serve? Until the end of the war and six months after if required.
- 2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.
- 3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.
- 4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.
- 5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

The Case of A.B. Smith Retailer.

A. B. SMITH has a dry goods store in a certain Canadian city.

He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business. So he advertises—every now and then.

This is where our friend Smith is wrong—in advertising every now and then. He should advertise regularly—as frequently as his local newspaper is published.

Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales-manager, director of store service, credit man and half-a-dozen other things. What Smith should do is this: If he is located in one of the smaller cities, in which there are no advertising agencies giving a local copy service, and he has no one among his own staff qualified by instinct or experience to write the daily announcements, he should go to the publisher of the newspaper in which he means to advertise, requesting his help. In nine cases out of ten, the publisher, through his advertising manager, will be only too glad to give Smith the assistance desired.

If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements.

In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements.

So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.

This man Smith---do you know him?
Are YOU Smith?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.
If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
