VON MACKENZEN ROUTED BY GEN. IVANOFF

BERLIN ADMITS DEFEAT -- ANTI-TEUTONIC RIOTS IN THE ROUMANIAN CAPITAL

GERMAN OFFENSIVE CHECKED-- VON MACKENZEN RETREATING

BERLIN ADMITS DEFEAT--IVANOFF HERO OF THE HOUR IN RUSSIA--GERMANS LOSE 7,000 MEN, LEAVING OVER 2,000 DEAD ON THE FIELD--TERRIFIC BOMBARDMENT OF ZEEBRUGGE

(Special to The Daily News.)

Petrograd, Sept. 25.—The German offensive has been checked, and the positions lost along the Dvinski have been recaptured, the enemy being in retreat. General Ivanoff has succeeded in routing Von Mackenzen by a counter thrust and a broad enveloping movement in Galicia. The Russians have captured 5,000 Germans at Legischin and the enemy left 2,000 dead on the field.

Hero of the Hour.

Berlin admits that Von Mackenzen has been obliged to retreat, and Ivanoff is the hero of the hour in Russia.

Except where Von Hindenburg is forcing his way by means of liquid fire, poisonous gases and big guns, the Russians are victorious along the whole line. It is expected that the new turn in events will be as effective as additional battalions to the Russians.

Guns Captured.

At Vielika, the Russians captured eight guns, four howitzers, nine artillery ammunition wagons and several machine guns, which were turned against the Germans.

Naval Rumor.

Stockholm, Sept. 25.—There are rumors that a naval battle is taking place near Aland Island, and that a large German cruiser has been torpedoed.

Terrific Bombardment.

Amsterdam, Sept. 25.—British warships started a terrific bombardment of the Zeebrugge defences at dawn today.

LABOR CONGRESS SELECTS COMMISSIONER

(Special to The Daily News.)

Vancouver, Sept. 25.—J. H. McVety has been selected by the Labor Congress as a labor member of the workmen's compensation commission, which starts a tour of the United States and eastern Canada in October to collect data. He will serve later as a permanent commissioner.

Mr. McVety served on the arbitration board in the B. C. E. R. wage reduction dispute, bringing in a minority report.

G. T. P. OFFICIALS ARRIVE FROM SOUTH

Vice-president Dalrymple, of the G. T. P., and President Pullen, of the Canadian Express Company and G. A. McNichol, publicity commissioner of the G. T. P., arrived on the Prince Rupert this morning.

Mr. McNichol has spent the summer at the San Francisco Fair, where he has been conducting the publicity bureau of the G. T. P. The other two officials left for the east on a special at 8:30 this morning.

ANTI-TEUTONIC RIOTS IN THE ROUMANIAN CAPITAL

ROUMANIAN PEOPLE FAVOR THE ALLIES -- TROOPS MASSING ON BULGARIAN BORDER--PARIS SUSPICIOUS OF GREEK KING--THE GERMANS PLAN ATTACK ON SERBIA

(Special to The Daily News.)

Rome, Sept. 25.—Roumania is moving troops to the Bulgarian border. There were violent anti-Teutonic riots in Bucharest, following the rumor that Roumania would enter the war on the side of Germany. Public sentiment strongly favors the Allies.

Paris Suspicious.

Paris is suspicious of King Constantine of Greece, as he is a brother-in-law of the Kaiser. There is a suspicion that the Greek mobilization may be an attempt at a coupe d'etat in favor of Germany and her allies.

Bulgaria Warned.

London, Sept. 25.—King Constantine of Greece has warned Czar Ferdinand of Bulgaria of the seriousness of the situation.

pointing out that Greece will be bound to support Serbia in the event of a Bulgarian attack.

There is a report from Paris that Bulgarian troops are invading Macedonia.

German Move.

Venice, Sept. 25.—It is reported that a general Teutonic movement against Serbia will start in a few days. Heavy artillery from Vienna is being rushed to the front to demolish the defences constructed by the British in Serbia.

PRINCE RUPERT BOYS TAKE SECOND GAME

The local baseball players gained their second victory over the Hazelton team yesterday by 8 runs to 7. Up to the sixth, Hazelton looked easy winners, but the local boys suddenly woke up, and in the eighth managed to draw level. In the ninth, Hazelton failed to score and with two Rupert men out, it looked as if extra time would be required, but Hatchford made a great steal home, knocking Rock off the plate as he passed.

The umpire ruled that Rock did not touch the baserunner with the ball, therefore Prince Rupert took the lead and the game amidst great excitement. Hazelton disputed the decision of Umpire Sullivan. Every credit is coming to the Prince Rupert boys for their two victories, as they were gained without the assistance of any outside players. The games were triumphs for our local talent.

A SPLENDID SHOW AT THE MAJESTIC THEATRE

The Majestic presents a sensational three-act Lubin photoplay tonight entitled "The Cypher Key." This is one of the most exciting stories ever shown at the Majestic. The key to a cypher offer made by a large ship-building firm is wanted by an opponent. The holder of the key is followed to South America, but manages by the cleverest moves to elude his pursuers. In South America the chase is resumed by auto, aeroplane and motorboat, and furnishes thrills enough to satisfy anyone.

"The Fable of the Search for Climate" is a most amusing comedy, depicting the efforts of a clubman to find a climate which suits him. His idea of a change of climate is a change of liquid nourishment, and, after trying every conceivable drink in Europe and America, finds that he thrives best on buttermilk. "The Coyote" is one of the most remarkable little dramas seen for a long time, while "Bertie's Stratagem" is a comedy of the most laughable description.

Two more American schooners came in this morning. The Albatross had about 30,000 and the Republic about 45,000 pounds of halibut.

F. J. Burd, business manager of the Vancouver Province, arrived from the east last night and left for the south this morning. He has been in Toronto attending a press convention.

The Third Annual Exhibition of the Northern B. C. Agricultural Association was brought to a close last night. The gate receipts amounted to \$930.75, which is within a very few dollars of last year, and much better than was expected. The fair has been the most successful ever held here, and no small credit for the result is due to the efforts of Alex. Prudhomme, the president of the Association, and F. S. Wright, secretary. Both gentlemen have worked indefatigably for months past, to make the fair a success.

The Fair closed with an auction sale, conducted by G. R. Naden, of the exhibits from Kitsumkalum and Lakelse. A good sum was realized, which, at the request of the owners, was handed over to the Red Cross Society. Following the auction, the hall was cleared, and a grand dance was held, the Metlakatla band providing the music. Dancing was kept up until 1 a. m.

The local branch of the Red Cross Society is the richer by nearly \$400, raised by selling refreshments during the three days.

The Indians of the district responded splendidly to the efforts put forth to interest them in the exhibition, and not a little of the success of the fair is due to them. The exhibit sent in by the Indians were amongst the most interesting.

Band Contest.

The Indian band contest was held yesterday afternoon, when Messrs. V. C. Knowles, Ed. Stilwell and Harvey acted as judges. The Metlakatla band was awarded the first prize of \$250, the Aiyansh band being second. The decision was 117 points to 94.

The following is a continuation of the prize list:

GREAT MILITARY PLAY AT THE WESTHOLME THEATRE

The Westholme shows a splendidly varied program tonight, the chief item in which is a military two-act drama entitled "By the Flip of a Coin." It is the old story of two aspirants for the hand of a beautiful girl. The suitors are brother officers, the younger being the favored one. In South Africa, he is shot and his rival reports him as dead, returns home and marries the girl. Years afterwards, in India, the supposedly dead man unexpectedly confronts the villain, and dramatic scenes follow. It is a most pleasing play.

"The Only Way," the fifth episode of the "Road O' Strife," is even better than the previous installments of this interesting serial. It depicts the marriage of Abner Gray and the heroine carried out in jail, in order to save Abner from a charge of murder. "Love's Way" is a beautiful little drama, while the views of the Grand Canyon are magnificent. "The Dreamy Kid" is a series of remarkably clever cartoons, describing the terrible experiences of a youngster and his dog in dreamland.

WESTERN PIONEERS LEFT FOR VANCOUVER TODAY

There were scenes of great enthusiasm at the wharf this morning when a party of 58 recruits left for Vancouver. Forty-two of these have joined the 67th Battalion, while the other sixteen, who are all from Hazelton, are Western Pioneers.

The boys were met at the train last night by a large crowd carrying a banner bearing the words, "Hazelton Pioneers for Berlin," and even a larger gathering wished them godspeed this morning. They are a stalwart company and should give a good account of themselves in the strenuous work before them.

Before the boat drew out, Johnny McGinnis, a pioneer rancher from the Hazelton district, delighted the crowd with a characteristic rendering of Drummond's "Johnnie Couteau" which was thoroughly enjoyed. The boys left amid great cheering, to the strains of "Tipperary."

In a new odorless garbage can refuse is placed on a shelf and scraped into the receptacle by turning a handle without removing the lid.

SIR DICK'S LETTERS

Sir Richard McBride has written to Toronto Saturday Night, complaining of the tone of certain of its articles regarding British Columbia, and pointing out that an editor so many miles away cannot possibly know about the affairs of this province. He also enclosed Bowser's pamphlet in reply to Moses Cotsworth, and asked Saturday Night to make the truth regarding the Cotsworth charges known to its readers, that is the Bowser version of the truth.

Saturday Night has promptly replied that, not only is the writer of the articles conversant with affairs in British Columbia, but he knows that, in the main, the charges made in The Crisis are true. The following is an extract from the reply to Sir Dick's letter:—

"Mr. Bowser, in his pamphlet, admits in a general way that the land laws of British Columbia are mostly wrong, but blames it on a former administration. He admits that a company in which he was interested grabbed off the lease of an oyster bed at half the regular price, but excuses it on the grounds that the venture did not pay anyhow. The fraudulent land speculator is excused on the same grounds, the boom burst, and he made no money out of it. So it is with the fraudulent speculator in coal lands. According to Mr. Bowser, they, too, would like to have their money back—which reminds one of the story of the bank burglar who pleaded that he should not be sent to jail because he did not get the safe door open. I presume that the same excuse will apply to the holders of British Columbia's timber limits (many of them our German friends) just because this enormously

valuable timber cannot be marketed at the present time.

The difficulty with British Columbia has been too much politics, too much speculation among its public administrators, and too little attention to business. British Columbia, through a public policy which was far from wise, attempted to grow great before its time. That, coupled with an administration soaked with political bias, and saturated with a get-rich-quick idea, is responsible for the present position."

Sir Richard must be regretting bitterly that he ever took up the pen to reply to the Globe and Saturday Night. He admits that both papers are influential and that he feared that the articles complained of would prove damaging to British Columbia. These influential Toronto papers have rendered a great service to British Columbia and Canada as a whole, in dealing so thoroughly with the rottenness which has prevailed in this province for years. When a mining district earns a bad reputation through wildcatting, it would be ridiculous to throw the blame on the man who exposes it, instead of on the shoulders of the promoters. On the day on which the people of British Columbia set to work to clear out the men who, through incompetence and worse, have brought about present conditions, the credit of the province will begin to advance.

An electric storage battery locomotive, automatic in its operations, is giving excellent results in many ways in a German coal mine.

The installation of a 500-light electric plant in the palace of the Sultan of Oman marked the introduction of electrical machinery into Arabia.

Train Of Thought Inspired By A Letter
About "Fruit-a-tives"

MR. D. McLEAN

Orillia, Ont., Nov. 28th, 1914.
"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. I tried several medicines, but got no results and my Headaches became more severe. One day I saw your sign which read 'Fruit-a-tives' make you feel like walking on air. This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. Now I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I cannot say too much for 'Fruit-a-tives', and recommend this pleasant fruit medicine to all my friends'."

RUSSIAN PEASANTS LEAVING THEIR HOMES BEFORE THE GERMANS ARRIVE

GERMAN BRIBE FOR GREAT LAKES STRIKE

Toledo, Ohio, Sept 23.—More than \$1,000,000 was offered to T. V. O'Connor, president of the international Longshoremen's Union, supposedly by foreign agents, to call a general strike of his men along the Atlantic and Pacific seaboard, according to a statement made by Mr. O'Connor at a convention of the delegates from the Longshoremen's Union of the Great Lakes district.

Mr. O'Connor, who made known the plot to the United States government officials, warned the

Great Lakes Longshoremen against being misled or drawn into a strike through the machinations of German and Austrian agents.

A strike of the longshoremen not only would hamper greatly the shipping of munitions, but if non-union men were hired to take the places of the strikers it would give to agents of Germany and Austria, under guise of strike-breaking workmen, a chance to gain access to the ships and plant bombs or other explosives aboard them.

The precise terms of the scheme, which Mr. O'Connor said were outlined to him by a Boston grocer, were that the stevedores should be called out on strike for one month and that \$1,035,000 was to be paid for it. This would be equivalent to one month's

strike benefit for the 24,000 men in the deep water division of the union.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

Your King and Country Need You

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION, CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT OFFICE NOW OPEN.

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

1.—How long am I to serve? Until the end of the war and six months after if required.

2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.

5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.
