CROWN PRINCE'S ARMY LOSES 100,000 MEN

ALLIES ADVANCE AMID RAIN OF SHELLS -- RUSSIANS HAVE CAPTURED KOVEL

ALLIED ADVANCE CONTINUES FURTHER RUSSIAN SUCCESSES

ALLIES STEADILY ADVANCE IN THE WEST—PERFECT RAIN OF SHELLS ON GERMAN LINES—ALL COUNTER ATTACKS REPULSED—RUMORED CAPTURE OF KOVEL BY RUSSIANS

Courtesy of Hotel Prince Rupert
London, Sept. 28.—The successes reported yesterday continue, and a perfect rain of shells, both from land batteries and from the air, is drenching the German lines.

Thousands of guns roar ceaselessly and the Allies are steadily gaining ground, and consolidating what they gain. The Germans have made several counter attacks, but all were easily repulsed with very heavy losses to the enemy.

The Allies have captured over 70 field guns, and have taken 23,000 prisoners. As a result of the success of the Allies' offensive, the Crown Prince Wilhelm has been relieved of his command on the western front.

Dardanelles.
Further British successes are reported from the Dardanelles. Bulgaria has officially notified Great Britain that she will not offer any opposition to the Allies' efforts.

Later.
London, Sept. 28.—The French official statement reports further gains in the Artois region near Souchez, also further progress in the Champagne. The German counter offensive in the Argonne was a failure. The French are now battering the second line of German defences. The French and British have successfully crushed all German counter attacks.

Eastern Front.
London, Sept. 28.—A despatch from Petrograd says that fighting of extraordinary violence is now proceeding around Dvinsk. The indications are that the operations are with apparent success for the Russians. The cavalry of the Russians is reported to be involving the defeat of a strong enemy column near Lake Tohighiry.

The Russians, taking advantage of their intimate knowledge of the country where the fighting is taking place, led the enemy into marshy ground, where they surrounded him on three sides. The

result was the exterminating or capturing of three infantry companies, and with that the taking of much booty. It is reported from the Austrians in retreat on the southern front that the Russians have reached Kovel. The Austrians have evacuated Brody, and during their precipitate retreat, the Austrians threw great quantities of supplies into the River Styr.

Later.
London, Sept. 28.—There is a rumor current that the Russians have captured Kovel. The report is not confirmed, but, if true, is most striking evidence of the sensational recovery of the Russians. Driven back for many weeks, through lack of munitions, the Russians, now plentifully supplied in every department, have taken the Germans completely by surprise and are administering terrific blows along a front of 260 miles.

Petrograd Report.
Petrograd, Sept. 28.—(Official) The Germans are expected to redouble their efforts against Russia. It is reported that the Kaiser has ordered Von Hindenburg to take Dvinsk this week, and proceed to Riga, where he is to spend the winter.

Naval Attack.
Russian ships have shelled German land batteries on the Gulf of Riga.

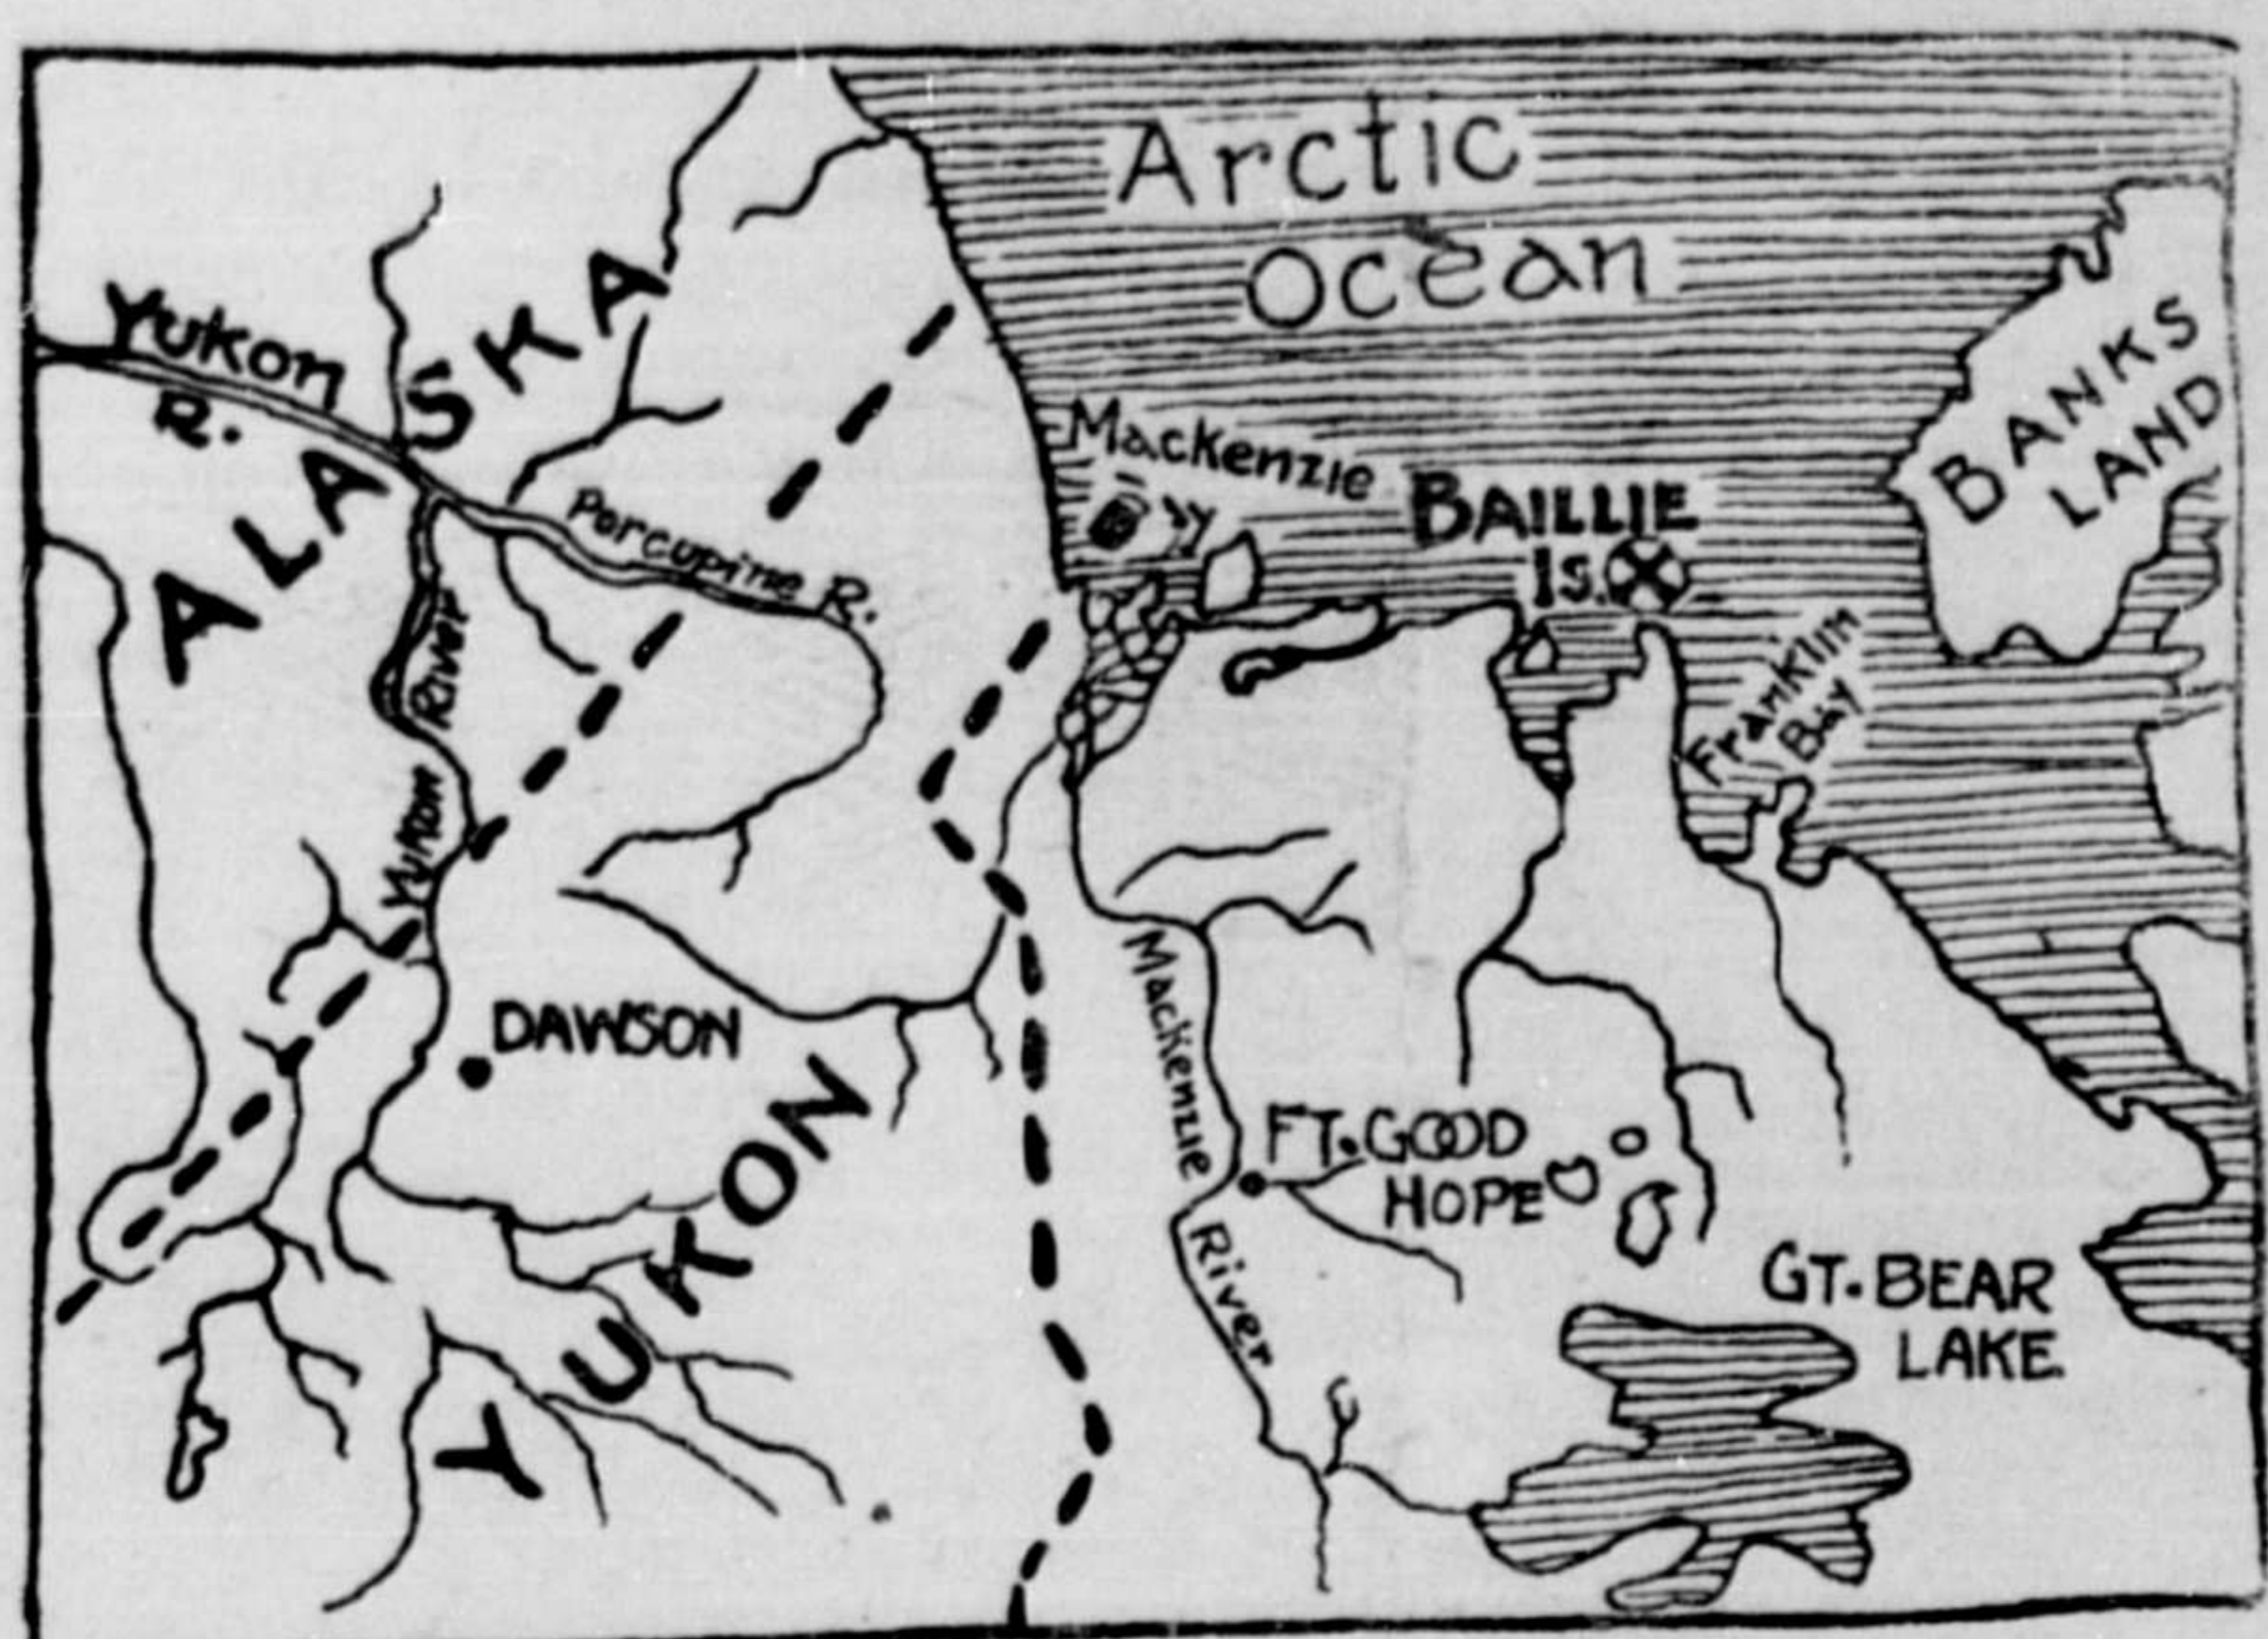

THRILLS AND FUN AT THE MAJESTIC THEATRE

The ninth episode of "The Broken Coin," at the Majestic, is just as full of surprises and exciting incidents as its predecessors. There is a murder, with a great scrap in the capturing of the Apache murderer. Kitty becomes possessed of one half of the coin, is imprisoned and escapes again. The story continues to be full of lively action, incident following incident with startling rapidity.

The Animated Weekly is splendid, while the comedies, "The Blank Note" and "Their Friend the Burglar" are most amusing. The former is a story in which invisible ink plays a prominent part, incidentally bringing about two weddings, and the latter depicts a burglar unconsciously aiding an elopement. It is a highly interesting and amusing program.

HEALTH REPORT

The report of the medical and health officer for August showed 15 births and 3 deaths. The officer reported that there had been no reports of infectious or contagious diseases, but that, in common with other places, there had been an epidemic of dysentery during part of July and August, due to the warm weather.

WHERE STEFANSSON HAS BEEN LOCATED
Map shows Baillie Islands in Beaufort Sea, Arctic ocean, from which Explorer Stefansson has sent a message to Ottawa, via Nome, Alaska.

R. P. CAMERON DIED ON TRAIN YESTERDAY

A man named R. P. Cameron, from Babine Portage, died on the train yesterday, on his way to Prince Rupert. Deceased had been unwell for some time and was on his way south for special treatment.

The body was taken care of by Hayner Bros. and sent south on the George this morning for interment.

"THE DIAMOND FROM THE SKY" AT THE WESTHOLME

The second instalment of "The Diamond from the Sky" sees the story fairly launched along most interesting lines. The changling babies have reached the age of 18, each innocent of any knowledge of what their parents had done. Esther, the daughter of the Stanleys, is stolen in childhood by the Gipsy woman and raised as a gipsy, while the son of the gipsy has been brought up in luxury as the heir to Stanley Hall. Esther is later adopted by the old doctor, and young Arthur Stanley immediately falls in love with her, his cousin, Blair, following suit. The Diamond, which has been in the care of the doctor, is stolen by Blair, and interesting developments follow.

The rest of the program is good. "The Taunt" and "The Smouldering" are dramas of the highest class, while Mr. and Mrs. Sidney Drew are as funny as ever.

YOUNG LIEUTENANT

H. C. Hannington, inspector of legal offices in the province, is here on his official duties. Mr. Hannington has his eldest son, Carl Hannington, serving at the front. Only twenty years of age, at the time of the outbreak of the war, he enlisted for the front with the artillery, serving in the ranks. He passed his twenty-first birthday in Flanders, and has been made a lieutenant in the regiment with which he is serving.

FUNERAL SERVICES

The funeral services of the infant son of Mr. and Mrs. Edwin Hodkins will be held in the parlors of the B. C. Undertakers tomorrow afternoon at 3 o'clock. Interment will take place at Fairview cemetery.

THIRTY-FIVE RECRUITS LEFT THIS MORNING

A detachment of 35 recruits left for the south this morning to join the various B. C. regiments. The majority came from Terrace, Telkwa and Hazelton. There were several from Metlakatla and seven from Prince Rupert.

The following is the list of names:

G. W. T. Hout, Sam Kirkaldy, W. Ryan, T. C. Turner, W. H. Johnson, C. Ryan, J. A. M. McKinnon, A. Pearce, W. Brentzner, J. Mitchell, J. Davis, F. Moody, E. Valpy, J. Rudland, W. Quinn, S. Schofield, J. H. Brewer, H. Mist, N. S. Short, C. Fox, M. Harvey, H. M. McGregor, H. Hankin, W. C. Newmarch, C. R. Hood, E. Widen, T. C. Closs, W. Wallace, W. Quinlivan, J. Thompson, J. Ritchie, J. Lee, C. W. Jones, Roy Clothier, Frank Dowling, R. McDonald.

G. T. P. AGREEMENT.

At the city council last night the draft of a letter from the city solicitor and city clerk to the president of the G. T. P. was read. The letter drew Mr. Chamberlin's attention to the fact that the terms of the agreement between the city and the company had not been carried out by the company to a reasonable extent, and asked that something be done towards bringing certain works nearer completion. The letter was approved by the council.

WESTERN PIONEERS' RANKS ARE FILLED

Major J. H. McMullin received a wire from Victoria this morning stating that the ranks of the Western Pioneers are filled and that all recruiting has been stopped.

HORSE SALE

A report was brought down by the board of works to the council last night recommending that an offer of \$100, on terms, by L. M. Pace, for one of the city horses be accepted. The report was adopted.

A recent patent covers the use of water which escapes from automatic sprinklers inside a building to operate a motor that rings a fire alarm outside.

CROWN PRINCE'S ARMY HAS BEEN COMPLETELY SHATTERED

GERMANS LOST 100,000 MEN IN REPEATED ATTACKS—ALLIES ARTILLERY MOWED THEM DOWN—FRENCH COM-MAND GERMAN RAILROAD TO RHEIMS—CROWN PRINCE SUPERSEDED

(Special to The Daily News)
Paris, Sept. 28.—Intelligence from Champagne shows that the Crown Prince's right army was shattered in Friday and Saturday's fighting. The centre, which made furious efforts to counter the advance in the Argonne yesterday was repulsed. All the rail-

way lines to the east and north are carrying away wounded Germans from the attempt.

Germans Lost 100,000.

The Crown Prince's army lost 100,000 men in the recent fighting up to date. Yesterday, the Crown Prince sent forward 80,000 troops in massed formation, making three repeated attacks with great courage. Each time they broke under the terrific artillery fire, leaving the ground dotted with dead.

It is reported that Von Mackenzen is to supersede the German Crown Prince in the Argonne. Heavy fighting continues, with 5,000,000 men engaged and 600 aeroplanes.

Germans Lose Railroad.

The French artillery now commands the German railroad to Rheims, and the French forces are pressing on towards Metz. It is anticipated that it will require heavy fighting to overcome the German second line of defences and the fortress of Tahore.

Fighting Continues.

London, Sept. 28.—The Russian successes in the south continue with the capture of Kovel threatening Von Mackenzen's retreat.

ST. JOHN AMBULANCE

The annual general meeting of The St. John Ambulance Association will be held in the Board of Trade rooms on 2nd Ave., Wednesday, the 29th inst., at 8 p. m. Business:—To receive annual report, election of officers for ensuing year, formation of new classes. All ladies and gentlemen interested in first aid to the injured and home nursing are urged to attend. 227-28.

THE GREAT ADVANCE

The long-looked-for advance on the western front has begun, and its success has far exceeded the expectations of the most sanguine.

Bilaire Belloc, the celebrated war correspondent, has been telling the people for months that nothing big could be expected in the west, until such time as the Russians deemed it advisable to strike in the east. On Saturday, the Russian offensive began, and, almost simultaneously, the British and French started the big move.

The capture of Lille is perhaps the most important gain so far, as this district will be able to relieve Britain of a good deal of strain in supplying coal and munitions. The most important feature of the advance is the fact that the territory gained has been consolidated.

With an ample supply of high explosives and other munitions, it is quite reasonable to expect that the Allies may advance for many miles yet, as the Germans are fully occupied on the eastern front, and, therefore, forced to split up their reinforcements between the two. It is, perhaps, too much to expect that the advance can be kept up steadily until the Huns are driven out of France and Belgium, but it is not outside the bounds of possibility. In any case, this great series of victories is the beginning of the end. There is much hard fighting still to be done, but nothing succeeds like success, and these big gains will prove a tremendous stimulus to recruiting, while the men in the munition factories will work with redoubled vigor when they realize that they are not toiling in vain.

When the full account of the war is written, the world will

more fully realize how much the Russians have done in the grim struggle. For months past Russia has borne the brunt of the heaviest of the fighting. To draw the enemy away from his strongholds, she has not hesitated to lay her land waste, and, now, when the moment to strike has come, her valiant soldiers have fought like heroes, their efforts making it possible for the waiting French and British to begin the advance on the other front. Kitchener has hushed his critics for all time, though, like the soldier he is, he will say nothing further than to praise the work of the men.

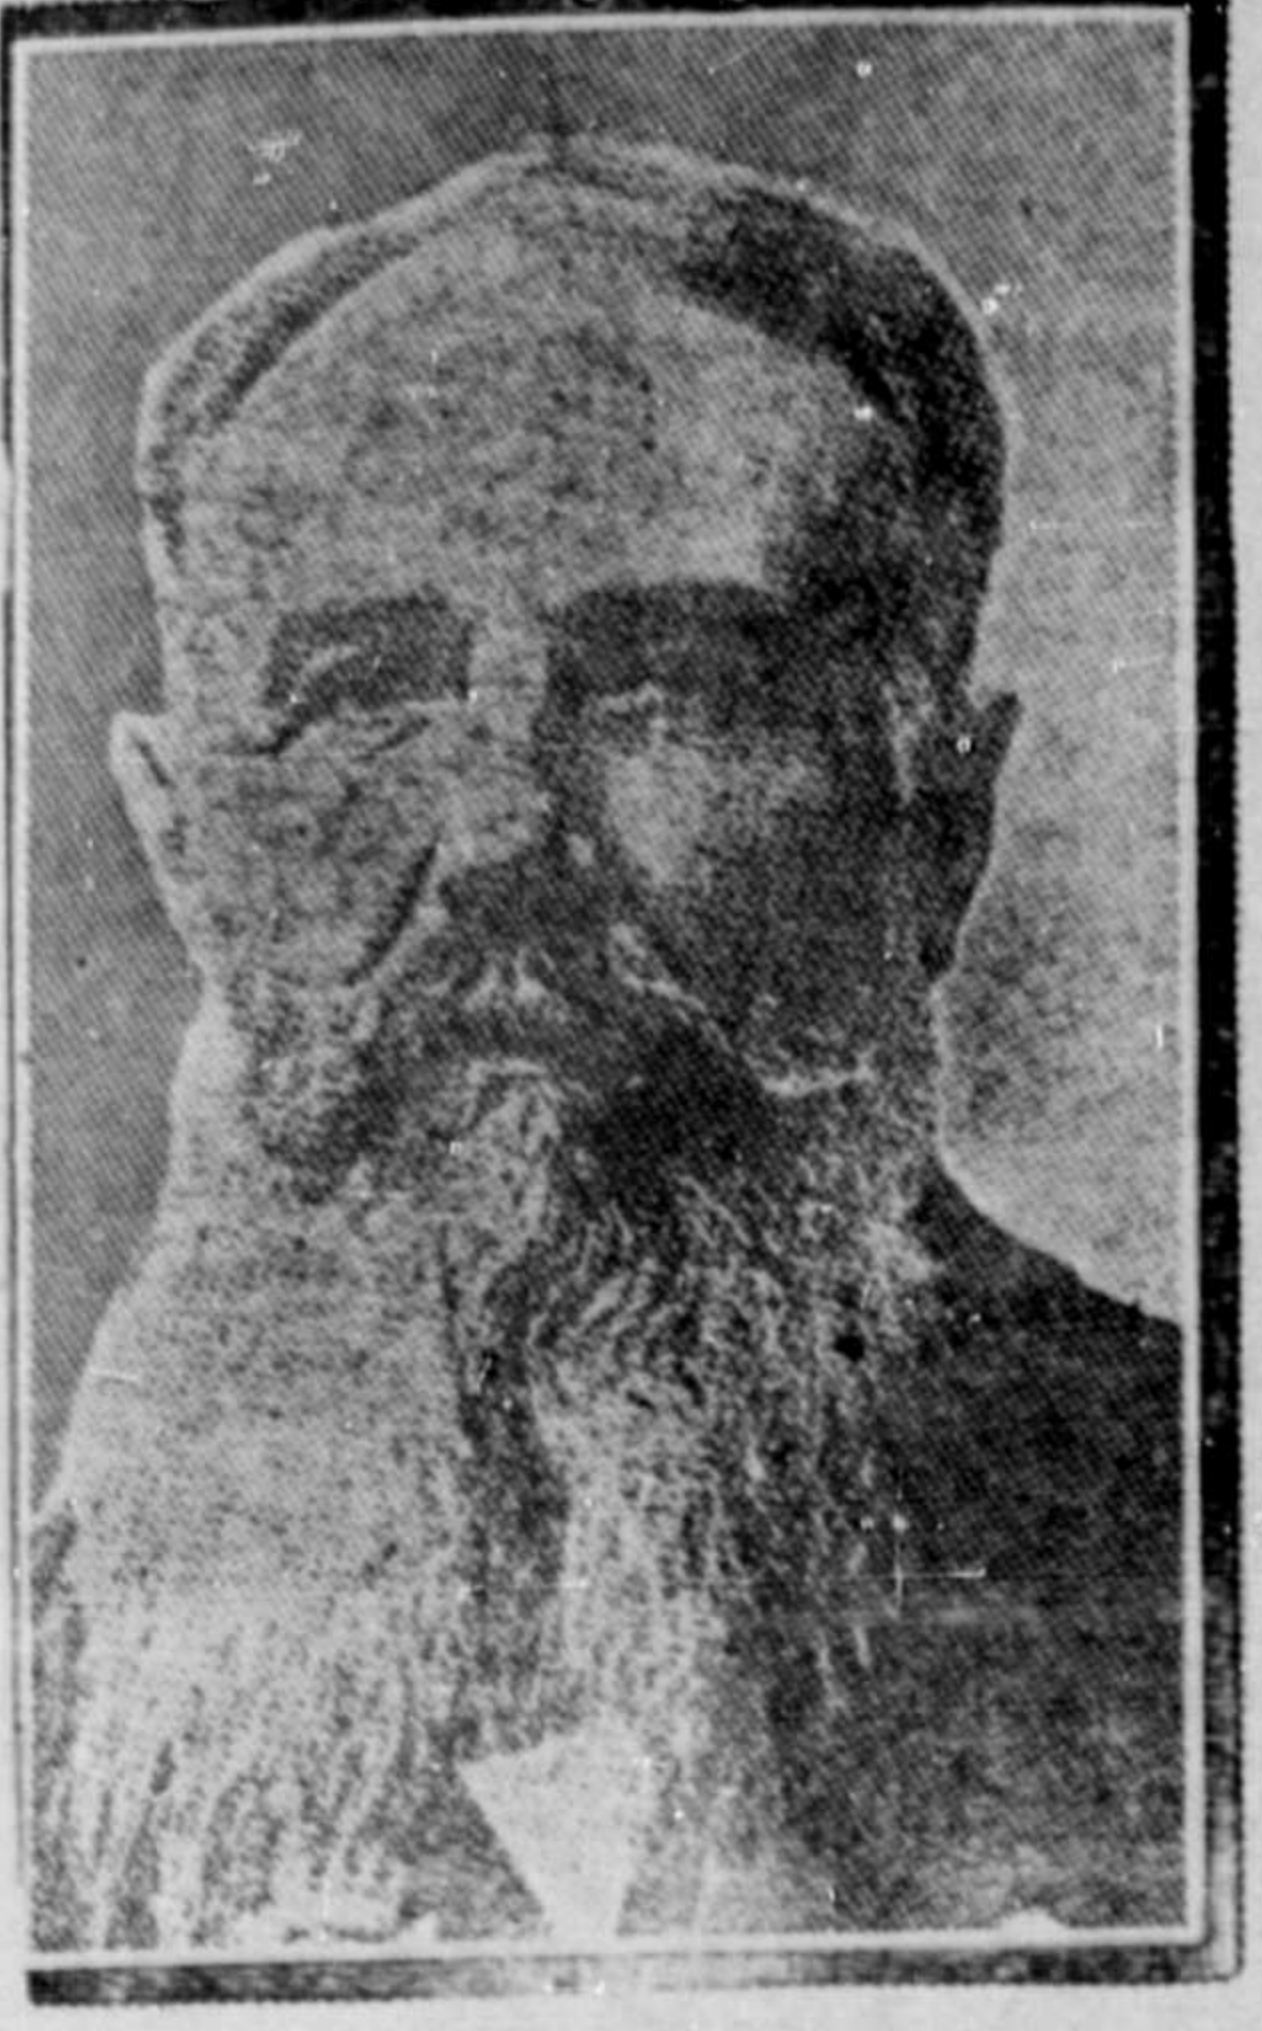

The whole effect of the operations of the past two days cannot yet be fully estimated, but one fact stands clear—the Balkan difficulties are over. Assailed so fiercely east and west, Germany cannot adequately supply the Turks with the badly needed munitions and men, and the fall of Constantinople may be announced very shortly. If there is any truth in the report that the Grand Duke Nicholas is in Odessa preparing a fleet and an army against the day when Bulgaria might declare war, then there is every reason to expect that very shortly the Turkish capital may be attacked from the Black Sea. The Goeben is beached and useless and the Turkish fleet is now of little account, so that things around Constantinople may become extremely interesting during the next few weeks. Constantinople seems to be within easy reach, and Berlin is being brought nearer every day.

When pressed part of the way down a Virginia inventor's automobile pedal throws out the clutch and when pressed all of the way applies the brakes.

MISSING CATHOLIC PRIESTS WERE FROZEN TO DEATH

Edmonton, Sept. 27.—That the two Catholic priests, Rev. Father Rouviere, O. M. I., and Rev. Father Le Roux, O. M. I., reported to be missing in the neighborhood of the Dease river, east of the Great Bear lake, fifteen hundred miles north of Edmonton, were not murdered by Eskimos, as had been reported, but were frozen to death is the opinion of D'Arcy Arden, an expert fur buyer and explorer in the employ of the Northern Trading Company, Ltd., who has been in that part of the country for several years. Mr. Arden's report was sent to J. K. Cornwall, of Edmonton, president of the company. It was the first reliable report of the matter that had reached the city, and was made use of by the mounted police during the course of their investigations. It was also perused with interest by His Lordship Bishop Breyntart, of the Catholic diocese of Mackenzie river, who arrived in Edmonton on Thursday last via the C. N. R. train from Athabasca, and is spending a few days in the city on a short business trip. A mounted police patrol has gone to the scene of the supposed crime, and outfitted for a two years' trip.

Premier Pasitch, of Serbia, who stated Serbia has done her duty by beating Austria and making concessions to the Balkans as asked by the Allies. But prospects in the Balkans are not bright today.

ATTACKED BY WOLVES

Port Arthur, Ont., Sept. 26.—While driving his hand car on the C. N. R. near Kashabowie, George Hymes, a bridge watchman, was attacked by a pack of wolves. He was forced to leave his car and defend himself with a heavy club which he was fortunate in picking up. He suffered a badly torn leg before beating off the pack of wolves, one of which he killed by a blow on the head.

TORTURED BY RHEUMATISM

Sunday School Supt. Tells How "Fruit-a-tives" Relieved

TORONTO, Ont., Oct. 1st, 1913.
"I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism, especially in my hands. I spent a lot of money without any good results. I have taken "Fruit-a-tives" for 18 months now and am pleased to tell you that I am well. All the enlargement has not left my hands, and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in eighteen months."

WESTERN CANADA'S LARGE FISH EXPORTS

Notable developments are taking place this fall in the fisheries of western Canada. The announcement is made by the G. T. P. authorities that white fish is now being shipped in car lots from Lesser Slave Lake in northern Alberta to Chicago.

The construction of the Edmonton, Dunvegan and British Columbia Railway northward from the main line of the G. T. P. has made this lake accessible and in its waters are great numbers of fish. Two companies have been formed to carry on the fishing in the lake and the Canadian Express Company is being called upon to supply special refrigerator cars to take the fish to Edmonton and by connecting lines to Chicago.

A great distributing point for fresh fish, the Chicago market states that it can take all the white fish that can be sent from western Canada and the transportation companies, it is expected, will have to enlarge their arrangements next year to meet the growing traffic.

Chicago is also taking from Canada large quantities of fresh Prince Rupert halibut and the fishing industry is very brisk at the new Pacific coast port. Over fifteen million pounds of fish handled in the month of August was Prince Rupert's record. While the salmon end of the industry was the largest part of the business, halibut showed up well,

with 2,106,400 pounds landed at this port. The salmon pack for the month represented 12,999,700 pounds of fish, representing, at a modest valuation, well on for three-quarters of a million dollars. Of the salmon catch, 4,060 hundred weight was used fresh or shipped fresh. There was about 223 hundred weight that was mild cured, while the remainder was canned. In the canning process, 149,527 cases were taken care of during August. There were 14,000 pounds of cod taken and used fresh and flounders represented 1,000 pounds.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

Ramsay's Empire Cream Sodas

In 2-lb. Tins

Have attained their enviable reputation by their superior quality and uniformity. The most discriminating housewife insists upon "Ramsay's Empire" when buying Soda Biscuits.

They are made in B. C. and your grocer gets his supply frequently and quickly, insuring freshness, which means crispness.

Prove it by buying a tin with your next order.

"ON THE FIELD OF HONOR"

The publishers of the Family Herald and Weekly Star, Montreal, are making a strong bid for that beautiful picture, full of pathos, entitled "On the Field of Honor." It is assumed the publishers of the Family Herald have in mind using it as a presentation plate. If that is so there is a great treat in store for readers of The Family Herald and Weekly Star this autumn. In past years The Family Herald of Montreal has been noted not only for the wonderful excellence of that journal but for many beautiful pictures it has presented to its readers. The Family Herald has a name for succeeding in anything it undertakes, and we feel sure if it is humanly possible to secure "On the Field of Honor," that the publishers will succeed in getting it. "On the Field of Honor" is attracting widespread attention in Europe.

CANADA AT THE FAIR

Geo. A. McNicholl, head of the colonization and Industrial department of the G. T. P., who has returned to Prince Rupert after having spent the summer months at the Panama Exposition, reports that the Canadian exhibit is admitted by the vast majority of people to be the finest in the Fair. A party of 42 visitors from Brooklyn were asked to vote on the question, and 36 out of the 42 plumped for the Canadian exhibit.

The light and power returns for August show a deficit of \$909.09. This is accounted for by the expenditure of \$1,314.34 in repairs at Shawatlans. The telephone department shows a surplus of \$565.45.

The council has instructed the city engineer to take steps to have certain lumber, which has been removed from the streets by citizens, replaced immediately.

The horsepower, as used as a measurement unit on the continent of Europe, differs from the British and American horsepower by more than one per cent.

Your King and Country Need You

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION, CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT OFFICE NOW OPEN.

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

1.—How long am I to serve? Until the end of the war and six months after if required.

2.—What pay shall I receive? Your pay as a private will be \$4.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.

5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

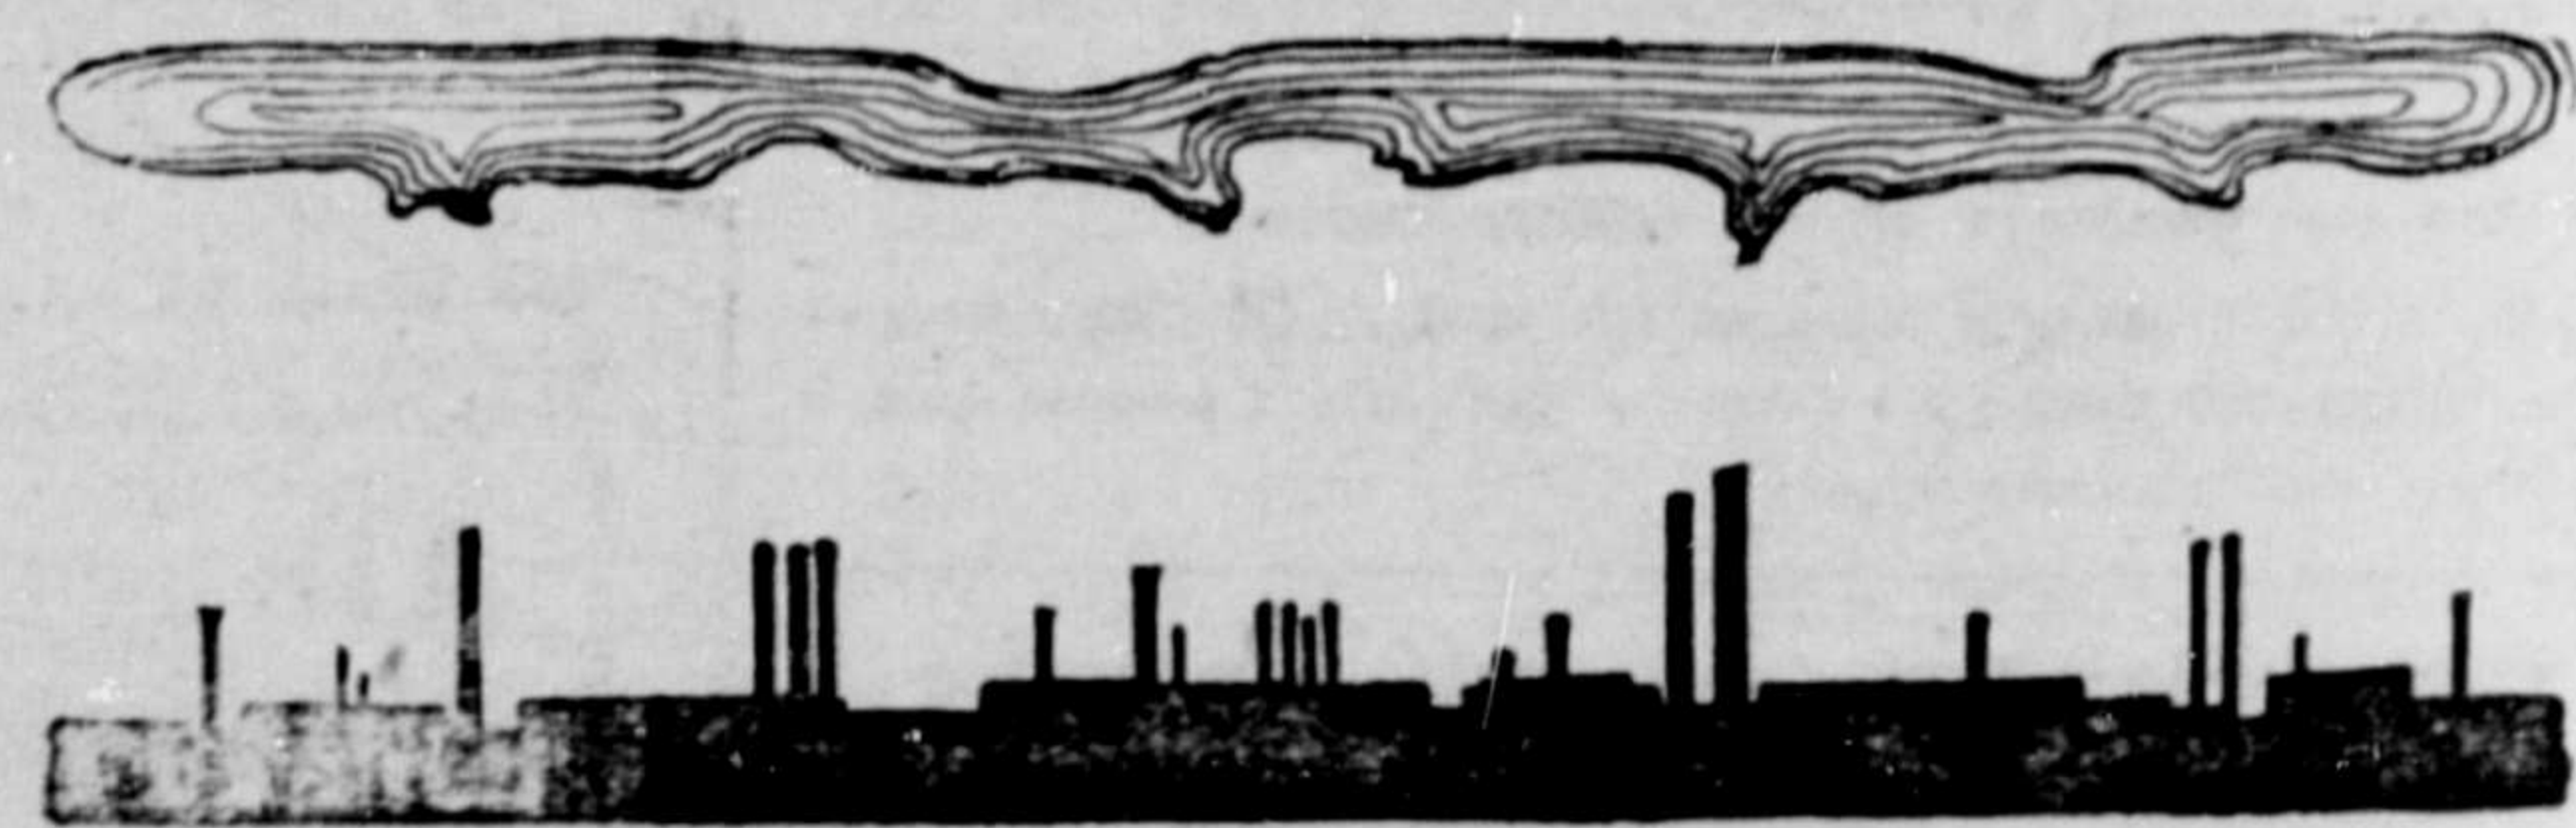

Don't merely smother your cough

CURE IT — Mathieu's Syrup of Tar and Cod Liver Oil not only promptly arrests coughing, but thanks to its tonic and strengthening properties it helps the system to throw off the cold and thus effects a permanent cure. It is this quality which has won for it the largest sale of any cough and cold remedy in Canada.

35c. large bottles, everywhere.

J. L. MATHIEU CO., Prop., SHERBROOKE, P.Q.

If your child is breathless, Mathieu's Mixture Powders, the wonderful headache cure, will promptly dispel the fever and chase the pain from head, back and limbs. Box of 12 Powders, 25c.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
