## GREEK KING OPPOSED TO HELPING ALLIES

### PREMIER VENIZELOS RESIGNS--ROUMANIAN TROOPS FOR BULGARIAN FRONTIER

#### KING CONSTANTINE OPPOSES POLICY OF GREEK CABINET

**PREMIER VENIZELOS HAS RESIGNED—FORMAL PROTEST TO  
LANDING FRENCH TROOPS—ROUMANIAN MILITARY  
ACTIVITY—GERMANS IN CHARGE OF  
BULGARIAN GUNS**

(Special to The Daily News.)  
London, Oct. 6.—Premier Venize-  
los has tendered his resignation  
and the Greek chamber has  
been suspended owing to a dis-  
agreement with King Constantine.  
The situation is regarded as ser-  
ious.

King Constantine has intimated  
that he is opposed to the policy  
of the Venizelos cabinet, which  
proposed to strike a quick blow  
in aid of Serbia and her Allies.

**Formal Protest.**  
The Greek protest against the  
landing of allied troops at Sa-  
lonika is regarded as a formality  
arranged to meet the require-  
ments of the political situation.

Local naval, military and civil  
officers received the Allies cor-  
dially and willingly lent assist-  
ance in the landing operations.

**Roumanian Activity.**  
Reuters announces that Rou-  
mania is hurriedly despatching  
troops to the Bulgarian frontier  
and is taking extraordinary mili-  
tary measures. The Bulgarian  
artillery is now in charge of Ger-  
man gunners.

**More French Troops.**  
Additional French troops were  
landed at Salonika this morning.

**No Reply.**  
Petrograd, Oct. 6.—At noon  
Bulgaria had not replied to the  
Russian ultimatum.

**THE ZEPPELIN RAID HITS ONE HOUSE**

Picture shows a house in London hit by a Zeppelin bomb dur-  
ing the recent raid. Perhaps these walls represent the "fortifica-  
tions" referred to by Count Reventlow and others.

#### VIOLENT ARTILLERY DUELS AROUND THE GIVENCHY FORTS

**CONTINUOUS ARTILLERY FIGHTING IN WEST—RUDYARD KIP-  
LING'S ONLY SON KILLED IN ACTION—PROMINENT  
BRITISH M. P. KILLED—CONTINUAL  
SKIRMISHES IN EAST**

(Special to The Daily News.)  
Paris, Oct. 6.—Artillery ex-  
changes of particular violence  
are continuing in the vicinity of  
the forts of Givenchy.

Artillery action is continuous  
in the forest of Apremont, in Lor-  
raine, Arracourt and Ancerville.  
Attacks by the enemy east of Or-  
brey, in the Vosges, have been  
completely repulsed.

**Kipling's Son Killed.**  
London, Oct. 6.—Rudyard Kip-  
ling's only son has been killed in  
action in the recent fighting on  
the western front.

One well known member of the

British House of Commons has  
been killed, and also members of  
the most prominent families in  
Britain.

**Eastern Front.**  
Petrograd, Oct. 6.—There have  
been several engagements on our  
right wing, and we have occu-  
pied a portion of the German  
trenches.

On the upper Niemen there  
have been continual skirmishes  
with the enemy, who have been  
unsuccessfully trying to advance  
in an easterly direction. In some  
places the enemy have retired in  
disorder.

#### VANCOUVER OLD TIMER DIES VERY SUDDENLY

(Special to The Daily News.)  
Vancouver, Oct. 6.—Archibald  
Beattie, one of Vancouver's  
well known old timers, dropped  
dead on the street in Collingwood,  
while out walking last night.

Deceased was born in Dumfries,  
Scotland, 64 years ago, and  
came to Vancouver in 1886. He  
commanded the Richmond Field  
Artillery in the early days, and  
was consul for the Hawaiian Is-  
lands from 1892 until 1895. For  
years he had been a prominent  
auctioneer in the city.

#### REMOUNT ENQUIRY

(Special to The Daily News.)  
Victoria, Oct. 6.—The subma-  
rine enquiry is practically closed.  
Sir Charles Davidson is today in-  
vestigating remount purchases  
made in Vancouver for the Domi-  
nion government.

Most of the 48th Battalion are  
still in England, but the following  
boys have been sent "somewhere  
in France" as a reinforcement to  
the 31st: Neil McKay, Algy Hunt-  
er, Sam Massey, Fred McLeod,  
Bill Elliot, Allen Robertson, and  
Archie Cramb.

The men of the 48th will be  
drafted across to the front, in  
small companies as required.

Andy Hepburn, late of the city  
fire hall staff, is now driving a  
motor transport somewhere near  
the firing line.

#### PATHE FEATURES AT THE MAJESTIC THEATRE

The Majestic Theatre tonight  
and tomorrow presents a great  
four-act Pathe photoplay, entitled  
"The Price of Tyranny." The  
story is of a father who forgets  
that he was once young, and  
therefore fails to understand and  
cope with the folly of youth. The  
drama is one of those Pathe mas-  
terpieces which have become so  
popular with Majestic patrons.  
The staging and photography are  
superb.

There will also be a Pathe Ga-  
zette, showing the latest pictures  
from the various war centres.  
"His Friend the Captain," a most  
laughable comedy, provides the  
lighter side of a very fine pro-  
gram.

#### WEDDING BELLS

The marriage took place yes-  
terday at the home of Mr. and  
Mrs. E. J. Webber, of Mr. Andrew

#### SPECIAL TRADES AND LABOR COUNCIL MEETING

At a special meeting of the  
Trades and Labor Council in the  
Carpenters' Hall last night, dele-  
gates S. D. Macdonald, W. E.  
Thompson and George Rudder-  
ham brought down a report of  
the Trades and Labor Congress  
held recently in Vancouver. S. D.  
Macdonald, who presided, outlined  
the history of the Congress and  
the work it has done, and then  
called upon Vice-president Mac-  
lean to take the chair.

The delegates dealt with the  
resolutions which they thought  
would be of most interest to local  
labor men. Amongst them were  
resolutions along the following  
lines:—A Dominion Workmen's  
Compensation Act, covering all  
railroads, including government  
owned and operated roads; an  
act making it compulsory for all  
hotel and restaurant proprietors  
to grant employees one day per  
week as a rest day; that the union  
rate of wages be included as a  
fair wage in all government con-  
tracts; that railway companies be  
forced to pay employees weekly;  
that all medical fees, under work-  
men's compensation acts, be paid  
by the employer, or be taken from  
an insurance fund; that provin-  
cial education acts should be en-  
forced, and that a census of illit-  
erates be taken in each province;  
that a National Insurance Act be  
brought in for Canada, similar  
to the Lloyd George Act in Great  
Britain; that a system of agricul-  
tural credits be established, ap-  
plicable to all homesteaders or  
residents on farm lands; that the  
sanitary conditions obtaining in  
construction camps be investigat-  
ed by the Dominion government.

**GENERAL M. SAVOFF**

Former head of the Bulgarian  
army called home to confer with  
the Premier.

#### TRAFALGAR DAY

It has been decided by the  
Queen Mary Chapter of the I. O.  
D. E. to make a collection of  
wristlets, tobacco, and chocolate  
on Trafalgar Day, October 21st.

are requested to leave their gifts  
with Mrs. McMullin, government  
buildings, between 3 and 5 p. m.  
on that day.

and that the control of such  
camps be brought within the jur-  
isdiction of the government; that  
action be taken to promote the  
welfare of seamen, similar to the  
lines laid down by Mr. Furuseth,  
and included in the American Sea-  
men's Bill; that an act be framed  
for the protection of longshore-  
men, while loading and unload-  
ing ships; that it is the patriotic  
duty of employers to dispense  
with Oriental labor in order to  
make room for soldiers return-

A special committee, acting  
with the executive of the council,  
is arranging to have Mr. Williams  
address a meeting while in the  
city. He is certain of a hearty  
welcome and a large audience.

#### "THE GOVERNOR'S LADY" AT WESTHOLME THEATRE

Tonight and tomorrow, the  
Westholme presents a great five-  
act Lasky production entitled  
"The Governor's Lady." At the  
outset, the story is a domestic  
idyl, picturing sweet and simple  
American home life. Unexpectedly  
wealth comes along and with it  
political and social ambitions on  
the part of the husband, who is  
ultimately nominated for gover-  
nor. Dissatisfied with his wife's  
lack of interest in his ambitions,  
he makes up his mind to seek a  
divorce with the intention of  
marrying a younger and more  
ambitious woman. In the long  
run the simple honesty of the  
wife who has helped him to win  
success, loyalty and unobtrusively  
triumphs, and the story has a  
happy ending.

As in all Lasky features, the  
setting and photography are flaw-  
less, while Edith Wynne Mathison  
as the governor's wife, scores a  
big success. "Others started but  
Sophia Finished," a bright little  
comedy, concludes a splendid pro-  
gram.

Lester Clinger has been found  
guilty of the murder of the Cari-

and has been sentenced to be  
hanged at Kamloops on December  
23rd.

Clinger was arrested after try-  
ing to get Smith's money and pre-  
emption by means of forged  
cheques and a forged bill of sale.  
He had previously announced that  
Smith tried to rob him and had  
disappeared in order to avoid  
arrest. Indian trackers found

## GIVING THINGS AWAY

The submarine enquiry has taken exactly the lines everyone expected it would take. In commenting on the enquiry, our morning contemporary admits that Sir Richard has his faults, but that avarice and greed can never be laid against him. "He has too little regard for riches to be guilty of these crimes." With the statement that Sir Richard has too little regard for riches, the public of British Columbia will agree heartily. Even in buying the submarines, Sir Richard paid \$1,150,000 for \$750,000 worth. Everything Sir Dick has done for years past has been done regardless of cost to the province. It was this magnificent disregard of the riches of the province which prompted him to agree to the province carrying an abnormal load of C. N. R. bonds. It was the same utter disregard of the value of the lands of the province which caused him to permit the speculator to grab everything he wanted, regardless of results to the province.

Sir Richard's greatest weakness has been giving things away. Incidentally, his weakness has also been his strength as a Conservative leader. Now that there is nothing much more of importance left to give away, Sir Richard's day is over. This is no insinuation that anything was given away at the submarine enquiry. The McBride government has carried out to the limit the ordeal of dying for its friends, and Sir Richard has exemplified the truth of the old adage about the fool and his money, the only unfortunate difference being that the money in this case belonged to the people.

## THAT COMMISSION

Even the Journal is disgusted with the work of the Indian commission, but it is not surprising to find it trying to distribute the blame for the farce which is being perpetrated in British Columbia at present. It is interesting to learn that the "Friends of the Indians" are responsible for the whole costly business. Sir Richard McBride did his utmost to save the Indians from their friends, but it was of no avail. In fact Sir Richard could not see what claim the Indians had at all. How anyone who does not figure on the voters' list can possibly have any claim is probably beyond Conservative comprehension.

It seems that the Daily News is largely responsible for the trouble, having been able to coerce Sir Robert Borden into appointing the commission, in spite of the advice of Sir Richard McBride. It is to be hoped that Sir Robert will duly apologise to Sir Dick for allowing a weeping Liberal organ to hoodwink him into thinking that a man without a vote could ever have a claim worth investigating. The Conservative organ naturally ignores the fact that the commission might have done good work at little cost, and apologises most ingeniously for the fact that the commission was ever brought into existence. Evidently the fault lay in giving these gentlemen the opportunity to do nothing luxuriously for three years, at the expense of the people.

Journalist logic is a fearful and wonderful thing. Followed out carefully, it works out something like this: Suppose a man is being held up and robbed, and a law-abiding citizen

## AMERICAN ENTERPRISE IN NORTHERN MANCHURIA

American commercial travelers are now penetrating far into northern Manchuria. Consul Mosher reports from Harbin to the Bureau of Foreign and Domestic Commerce, Department of Commerce, that he is busy introducing American trade solicitors to Russian firms. The consul says he endeavors to be personally acquainted with the managers of every importing firm in his district. When the American commercial travelers arrive at Harbin, the consul introduces them, and gives them useful information. The result is that the buyer and seller are mutually assisted. Recent orders thus placed in Harbin for American goods include Pennsylvania watch cases, \$25,000 worth of Massachusetts shoes, New York roofing, California dried fruits, and Pennsylvania rubber goods, while several orders are pending for railway supplies and other goods. The Bureau of Foreign and Domestic Commerce has gathered considerable data about Manchuria for all American manufacturers who want to know. Duns Review.

informs the police, and the police in turn rob the thief, his victim, and everybody in sight, the blame for the whole transaction rests with the aforesaid law-abiding citizen. It will not be surprising to learn that the Liberals suggested the charter price of \$700 per day for the Chelohsin, and that some Liberal planned the excursion up the Naas, and the mining trip to Alice Arm.

## FARICAL CORONATION CEREMONY IN BELGIUM

Miss Sheridan, an Irishwoman, has, according to the Nouvelle Revue, of Paris, a curious story to tell about the German Crown Prince, who, she says, was crowned King of the Belgians in the marketplace of Meun on October 1, 1914. No natives were allowed to see the ceremony, the story of which later was told by German soldiers. A new flag, combining the German and Belgian colors, was hoisted on the church. Miss Sheridan left Ypres soon after the time the event is said to have taken place. Commenting upon the story the Paris Figaro says the ceremony was probably only a farical affair, which also goes to show the mentality of the future German Kaiser—if he ever fills that position.—World Wide.

## The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

**DR. PRICE'S CREAM BAKING POWDER**

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

### SPECIAL TRADES AND LABOR COUNCIL MEETING

(Continued From Page One.)  
ing from the front; the framing of a Mothers' Pension Act; an act for the prosecution of all employers who publish misleading "help wanted" advertisements; and that Oriental labor in the mines on Vancouver Island be replaced by white labor, and an investigation into the legality of licenses held by Orientals be made.

In speaking of this resolution, Secretary W. E. Thompson pointed out that delegate Foster, from Vancouver Island, scored the minister of labor in regard to the

handling of the strike on the Island. Mr. Crowther quibbled over the question and ultimately refused to answer any further questions on the subject. Mr. Thompson described the minister as a "slippery politician" and a man who did not understand the first principles of organized labor.

The resolution brought in by the Prince Rupert Trades and Labor Council urging that the Labor Congress take steps to form a Labor Party of Canada was not concurred in, as it was outside of the scope of the work of the congress. Another Prince Rupert resolution, asking for an investigation into the sanitary conditions obtaining in salmon canneries, was approved.

The resolution which called forth the most discussion was that dealing with labor's support of the war. A minority held to the opinion that it was entirely outside of the scope of organized labor to incite one man to go to war against another, but the majority approved of the finding of the executive to the effect that "it is the duty of the labor world, and particularly that of the Dominion of Canada and the Empire to lend every possible assistance to the Allies to secure victory for the cause of freedom and democracy."

Votes of thanks to the delegates who attended the congress brought a most interesting meeting to a close.

### Coughing scatters germs

—Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others.

Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure.

The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is especially due to its great value as a permanent lung and bronchial healer.

Sold everywhere, 35c large bottles.

### CANADIAN ARCTIC TERRITORY GROWING

Quebec, Oct. 4.—Capt. Joseph Bernier, the Canadian Arctic explorer, has reached port on his vessel, the Guide, after a successful trip to the new land he discovered in the north, known as Baffin Island, and which in 1916 will be recognized as a Canadian possession. This newly-discovered land, which is located in the Arctic Archipelago, about 2,500 miles from Quebec, comprises 500,000 square miles of territory, as extensive as France and Italy combined. The only casualty reported by Captain Bernier was the loss of one of his crew, a German, who, while taking photos of the islands, wandered too far away from the Eskimo settlement and was lost. His frozen body was found 30 days later 150 miles from the station, by a search party sent out by Captain Bernier.

### LAW OF GOOD FAITH MUST RULE THE WORLD

"I have little confidence in, although much sympathy with, all the schemes that are on foot for promoting peace, but it is no use crying peace when there is no peace and no possibility of peace—no possibility of peace until the authors of this awful war are brought to a condition where their adversaries and the whole world can see that hereafter they will obey the rule of good faith, the rule of keeping contracts, the rule that when they make a treaty they shall stand by it whether it is to their interest or not."—Hon. J. H. Choate at Toronto University Convocation.

## THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE  
OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 603 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
