DEADLY SUBMARINE WORK IN THE BALTIC

GERMAN ORE SUPPLY CUT OFF—TWO DESTROYERS SUNK BY BRITISH SUBMARINE

BRITISH AND FRENCH WILL ATTACK BULGARIA DIRECT

GREECE WILL NOT AID SERBIA—BULGARIANS ATTACK THE NISH-SALONIKI RAILROAD—ITALY WILL SEND 150,000 MEN TO JOIN IN THE ATTACK ON BULGARIA

(Special to The Daily News.)
Bucharest, Oct. 16.—British and French troops in Saloniki will not be sent to Nish, but will make a direct attack on Sofia, the capital of Bulgaria, from the Serbian frontier, cutting Bulgaria in two and stopping the Austro-German advance on the Nish-Salonika railroad.

Italy Helps.
Italy is reported to be sending 150,000 troops to aid the Allies in striking at strategic points along the Serbian-Bulgarian frontier.

Attack on Railroad.
Athens, Oct. 16.—Forty thousand Bulgarian troops have been

gun an attack on the Salonika railroad, twenty miles north of the Greek border.

All lighthouses along the Greek coast have been extinguished. Entrance to Dede Agatch has been forbidden, except by daylight.

London Disappointed.
London, Oct. 16.—Disappointment has been caused by the announcement that Greece will not join in support of Serbia. There is, however, gratification over the slowness of General Mackensen's campaign.

Serbian in Nish express a fear that they will not be able to resist the advance unless reinforcements are forthcoming.

FRANCESCO VILLA IS EXECUTED BY FOLLOWERS

(Special to The Daily News.)
El Paso, Oct. 15.—General Francisco Villa, one of the leading characters in Mexico during the troublous times of the past few years, has been executed by his own men at Casca Grandes. He had refused money to his followers and had shot several of them. As a result revolt followed, ending in the death of the leader.

GOOD REPORT FROM NAAS VALLEY FARMERS

F. S. Wright, secretary of the Northern B. C. Agricultural Association, has received an interesting letter from A. F. Priestley, secretary of the Naas Valley Farmers' Institute, in which he describes how during the summer the ranchers have been very successful in producing tomatoes, cucumbers, tobacco, muskmelons, squash, etc. The lighter soil, he says, is producing potatoes equal to anything ever seen. Clearing is hard, but the abundant crops of wild fruits give promise of great things for the future in the way of growing small fruits. The rainfall from April to September this year averaged only slightly over one inch per month, but with plenty of snow on the mountains, the water supply all summer was ample and of good quality. There are 75 pre-emptors in the valley and some day it is going to be a big producer.

Mrs. H. E. Tremayne returned last night from a visit to Toronto and other eastern points.

PROVINCIAL SECRETARY GETS FREE COAL SHARES

Victoria, Oct. 14.—In the case of the Pacific Coast Coal Mines Company against some seventeen defendants, which began yesterday before Mr. Justice Clement, sensational evidence is promised. The afternoon proceedings yesterday and this forenoon were taken up by W. J. Taylor in reading the examination for discovery of L. D. Wishard, of New York, and John Arbuthnot.

Wishard told of the pooling of stock in the original company by six large shareholders and the setting aside of \$105,000 for political purposes. Mr. Arbuthnot denied that it was for that purpose, but admitted that ten hundred and fifty shares had been given him, above what his proportion was, and that of these, one thousand were for Hon. Dr. Young, who was an old friend of his since 1884, and whom he had promised that if ever he took anything up in this province he would give him an interest in it. The case will last some weeks.

DOUBLE ATTRACTION AT THE MAJESTIC THEATRE

The Majestic tonight presents a splendid double feature program. "His Brother Bill" is a two-part military drama produced by Lubin. It is a thrilling war story, which should appeal to all. "Coincidence" is a powerfully dramatic two-act play which is full of situations which grip.

The lighter side of the bill is full of fun. "Why Billings was Late" is calculated to keep any audience in a ripple of amusement, while "A Boob for Luck" is a screamingly funny piece.

"The Broken Coin," the Majestic's greatest feature, begins its twelfth episode on Monday night.

Mr. Parker Williams, M. P. P. for Newcastle, arrived from the south this morning. Mr. Williams will address a meeting in the Empress Theatre tonight at 8 o'clock.

BALKAN CAMPAIGN MENACES INDIA AND EGYPT
A menace to the British Empire greater than expected may be contained in the German plan of a Balkan campaign. Russian armies in the Caucasus and Allied armies on the Euphrates have been strengthened recently to protect the Allies' prestige in the Mohammedan world.

GRIEF CRAZED WOMAN KILLS GIRL AND HERSELF

(Special to The Daily News.)
Vancouver, Oct. 15.—Mrs. C. D. Mason, of Roberts Creek, crazed by grief over the loss of her husband by drowning last June and foreclosure on her ranch, cut the throat of her four year old daughter and then her own throat. The dead bodies were found by neighbors.

"THE MAKING OF HIM" AT THE WESTHOLME THEATRE

The Westholme presents a nicely balanced program tonight, in which the chief item is a pleasing two-reel comedy drama, entitled "The Making of Him." It is a paragraph from the life of a society youth who, in a fit of jealousy, determines to quit for a time the empty life of a man-about-town and enter a naval training station. He performs the tasks of an orderly Jack Tar with a firm determination to make good, and, the training over, returns to his old circles a new man.

"In the Wolf's Den," the eighth episode of "The Road O' Strife," unfolds another interesting chapter in the life of little Alene. "Billy the Bear Tamer" is a funny story of a successful ruse to overcome papa's objections. "His Wife's Pet" is a bright little comedy full of whirl-wind action. A real good Hearst-Selig Gazette completes an enjoyable program.

A. C. GARDE RETURNED AFTER SUCCESSFUL TRIP

Citizens will welcome the news that A. C. Garde, the well known mining man, returned this morning on the Camosun.

Mr. Garde had a most successful trip through the Gardner Canal country, being able to map out a route by which ore can be taken out from this difficult country to tide-water. He crossed the divide, and, having cached his canoe, had to build rafts at several places to cross lakes and rivers. His provisions played out and so did his ammunition, and the party had to live on the country for many days. Fortunately the Indians found traps, and, as it is a great game country, they got along fairly well. He states that the travelling was extremely hard, and there were no signs of human beings having been in there for many years.

Finally they reached the head of Dean river and, building a raft, drifted down to Kimsquit at the head of the Dean Canal. Mr. Garde arrived at 3 o'clock this morning travel-stained and ready for a complete rest, though perfectly happy because of the success of his hazardous trip.

John E. Dyer returned from the interior last night where he has been examining some of his mining property.

For applying designs to fabrics that are to be dyed in such a way that the dyes will not affect the designs an electrically heated fountain pen exuding wax has been patented, the wax being dissolved off after the dyeing is finished.

BRITISH SUBMARINES DOING GREAT WORK IN THE BALTIC

E-19 SINKS TWO DESTROYERS SINGLE-HANDED—GERMAN ORE CARRIERS HELD UP IN SWEDEN—MANY HAVE BEEN SUNK—REPORTED NAVAL BATTLE IN BALTIC

(Special to The Daily News.)
London, Oct. 16.—British submarines have completely cleared the Baltic of German shipping. Thirty-seven out of fifty German ore carriers, trading between Germany and Sweden, have been practically interned in Sweden. All the others have been sunk or been driven aground.

Great Naval Feat.
The British submarine E-19, in a battle with a German cruiser and three destroyers, sunk two of the destroyers with all hands. The rest of the fleet is to the south, engaged in a battle in the

sound between Sweden and Denmark.

Britain Declares.
Britain formally declared war on Bulgaria yesterday.

RED CROSS SALE

The Red Cross Society wishes to thank Mr. Lipsett for the use of his store, and Mr. Morte Craig and the owner of Taxi 43 for services rendered, and the public for their assistance at the sale held yesterday by Mrs. Jarvis McLeod and Mrs. W. E. Williams. The amount realized was \$21.80. The raffles have been held over until next week.

EARLY CLOSING CASE ADJOURNED TILL MONDAY

At the resumption of the Morrissey case yesterday afternoon, the city clerk testified to the receiving and filing by the city council on September 7th of a request from certain signatories to the early closing petition that their names be withdrawn from that petition.

Chief Vickers and Constable Shiel testified to the fact that goods had been sold by Mr. Morrissey after the hour of 6:30 p. m.

Axel Ferguson, grocer, was then called. He explained that he at first refused to sign the petition and had done so only after being assured that he would be permitted to sell cigars, fruit and soft drinks after the hour of 6:30 p. m.

Immediately on learning that this was not possible so long as he carried a stock of groceries, he requested that his name be withdrawn from the petition.

John Mussallem and R. A. Stalker, who had signed the petition in the name of limited companies, were asked by council for Mr. Morrissey as to whether they had obtained the consent of their directors before signing. Each stated that he had full power to sign for the firm which he represented.

Solomon Mussallem, who signed for the Mussallem Company, Ltd., stated that he had repeatedly refused to sign the petition, but ultimately had done so on being assured that several prominent grocers, who had not signed, would put their names to the petition, and on condition that the hour of closing was fixed at 7 p. m. He noted this hour opposite his signature on the petition, but it had apparently been deleted.

The case was adjourned until Monday to allow of the city solicitor calling more witnesses.

PRINCE RUPERT BOYS HAVE ARRIVED SAFELY

London, Oct. 14.—The Scandinavian, with a draft of men from British Columbia on board, has arrived safely in England.

This draft includes quite a number of Prince Rupert boys who were moved from Vernon, including "Scotty" Dennis, Geo. Abbott, W. A. Davie and several other well known members of St. Andrew's Society.

RED CROSS FUND

Prince Rupert, along with every other city in the Empire, has done much noble work for the wounded soldiers and sailors in the war, but the good work must be kept up just as surely as the manufacture of guns and munitions must be. So long as the war lasts, appeals will come and they must be answered. It is not a matter of charity, but of simple duty. As Mr. Noble so well pointed out in his soldierly address recently, though much has been done there is still more to do. As the Allied advance continues there are liable to be greater numbers of wounded, and every effort must be put forth to save life and limb.

With the spread of war to the Balkans, there are now many more men engaged than at any previous part of the war. New hospitals are being built and they must be equipped. For those who are forced to stay at home, it is simply a matter of duty to aid those who have gone. It is not a question of giving, but a matter of paying a debt, or rather an installment on a debt, for the debt owed to the men who have offered all they have to offer can never be wiped out. Thousands of Canada's bravest sons are suffering gladly in the cause, and the least that can be done by those who remain behind, is to help to alleviate that suffering.

On October 21st, in every city, town and village in the British Empire an opportunity will be given the public of showing how much they value what has been so nobly done for them. The boys at the front are making sacrifices incomparably greater than those who stay here, and one more opportunity to show apprecia-

tion of these sacrifices should be welcomed by all. The affairs of the Red Cross Society are admirably conducted and the money subscribed is used to the best possible advantage so that every cent does good work in relieving suffering and promoting the welfare of our soldiers and sailors.

WAR AND GENIUS

I asked Metchnikoff a while ago whether the war had really deprived the world of genius; whether we should have to wait long years for new inventions, for the solution of problems which vex and weigh upon humanity. The veteran bacteriologist was in a hopeful mood. In the calm of his laboratory, in which I found him engaged on a study of silkworms as if there were no earth-shaking war, he spoke to this effect:

"It is true that there has been a loss to science on the battlefield. Two of the young doctors here have died at the front; a young professor of promise has also perished. These are but samples of what has happened everywhere. But I do not despair. Nature is boundless in her resources; the regenerative force of France and Russia is not exhausted."

On the contrary, he feels that this frightful war may advance science rather than retard it, if the Germans are beaten they will return more readily to their interrupted studies and knowledge will benefit by their application.

I did not ask the learned investigator whether he thought the German was indispensable to science; but, at the moment England leads the way, and one of her sons, a graduate of a new university, has discovered what happens to be the ideal

KIPLING'S SON IS A GERMAN PRISONER

London, Oct. 14.—Rudyard Kipling has received no further news of his son who was wounded and reported missing in the north of France. He was only slightly wounded when last seen and his parents are hopeful that he suffered no more serious fate than being taken prisoner inside the German lines. Mr. Kipling sent to the Associated Press today the following message:

"I should be obliged if you would make public in America the fact that up to date my son John is reported wounded and missing, not wounded and believed killed, as reported in the press a few days ago."

John Kipling, of the Irish Guards, only son of Mr. Kipling, was but 18 years old when he entered the British army. Although of delicate health he finally overcame the objections of his parents, who were reluctant to have him enlist.

antiseptic. Dr. Dakin, the fortunate scientist, has been working with Dr. Carrel, the French-American, at the Compiegne branch of the Rockefeller institute. The young savant treats of his discovery in the British Medical Journal. And now, the French hospital if not the last word in scientific installation—for that costs money and a great deal of it—is at least admirably adapted to the end in view—the rapid recovery of men from their wounds.—London Observer.

THE JOY OF BEING ALIVE AND WELL

Restored To Health By "Fruit-a-tives"
The Famous Fruit Medicine

MDE. ROCHON

Rochon, P.Q. March 2nd, 1915.
"I have received the most wonderful benefit from taking 'Fruit-a-tives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable, without any good results. I heard of 'Fruit-a-tives' and gave it a trial and it was the only medicine that really did me good. Now I am entirely well; the Rheumatism has disappeared and the terrible pains in my body are all gone. I am exceedingly grateful to 'Fruit-a-tives' for such relief, and I hope that others who suffer from such distressing diseases will try 'Fruit-a-tives' and get well!"

The marvellous work that 'Fruit-a-tives' is doing, in overcoming disease and healing the sick, is winning the admiration of thousands and thousands. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

LUSITANIA MEMORIAL FUND TO ENDOW BEDS

The following letter from Mrs. Booth, wife of the chairman of the Cunard Steamship Co., Ltd. is self-explanatory:

Allerton Beeches, Liverpool, 6th September, 1915.

Dear sir:—I have raised a fund (from members of the Cunard Company only) to provide several motor ambulances for the front as a memorial to the 1,198 men, women and children, passengers and crew of the Lusitania, who lost their lives by the destruction of this ship on May 7th, 1915.

I received so many letters from England and America, from people not connected with the Cunard Company, who wish to take part in the memorial, that I am now raising a 2nd Memorial fund open to anyone in England and America.

This 2nd memorial will take the form of endowed beds, in the hospital near London, for the soldiers paralyzed or permanently disabled in the war.

If you care to contribute to this memorial, I shall be very glad to receive your donation of any sum from 25 cents upwards. Postage stamps will be accepted for small sums. Remittances may be sent

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

GUNS TURN RED HOT IN FIGHT WITH FRENCH

Berlin, Oct. 14.—Correspondents of Berlin newspapers report that the fighting on Monday in the districts around Loos and Souchez was most bitter. An intense bombardment of twenty hours preceded the French attack, which began Monday morning. It was directed against the hill near Vimy, as well as against the German positions further north between Loos and Givenchy.

The particular object of the French onslaught was the elevation to the west of Vimy, which commands the flat land of Lens. The artillery battle was of such intensity that the guns could not be handled with bare hands.

The French penetrated the German trenches in only one small section where the defenders and their guns had been buried by the French artillery fire. Bavarian troops threw out the French, using knives and hand grenades.

A VALUABLE CARGO OF FURS AND IVORY

Seward, Alaska, Oct. 15.—The steamer Dora arrived from Unalaska today with a cargo of furs, ivory and whalebone, valued at \$145,000. This is the most valuable cargo ever brought here from the westward.

Captain Lukens of the survey boat Yukon, which arrived today, reported that he had located a channel up the Kuskokwim river to Bethel. The channel is deep enough for boats drawing seventeen feet.

FINED FOR CREATING DISTURBANCE IN RESTAURANT

Charles Kallstrom and Richard Anderson were each fined \$3.00 and costs at the police court this morning for creating a disturbance in a Chinese restaurant. Accused, while under the influence of liquor, entered the restaurant and called for a meal, which they afterwards refused to pay for. When asked to pay, they smashed some of the crockery. Anderson who is a big husky fellow, must have been mistaken for crockery, judging by the war map around his optics.

Flowers are more fragrant when the sun is not shining on them, according to a French scientist, because the oils that produce the perfume are forced out by the water pressure in the plant cells and this is diminished by sunlight.

Your King and Country Need You

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION, CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT OFFICE NOW OPEN.

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

1.—How long am I to serve? Until the end of the war and six months after if required.

2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.

5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

Insurance and Steamship Agency, Prince Rupert, B. C.

A. B. SMITH has a dry goods store in a certain Canadian city.

He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business. So he advertises—every now and then. This is where our friend Smith is wrong—in advertising every now and then. He should advertise regularly—as frequently as his local newspaper is published.

Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales-manager, director of store service, credit man and half-a-dozen other things.

What Smith should do is this: If he is located in one of the smaller cities, in which there are no advertising agencies giving a local copy service, and he has no one among his own staff qualified by instinct or experience to write the daily announcements, he should go to the publisher of the newspaper in which he means to advertise, requesting his help. In nine cases out of ten, the publisher, through his advertising manager, will be only too glad to give Smith the assistance desired.

If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements.

In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements.

So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.

This man Smith---do you know him? Are YOU Smith?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
