SUBMARINE HVALEN, FLYING SWEDISH FLAG IN SWEDISH WATERS FIRED ON BY GERMANS — THE HELMSMAN WOUNDED—SWEDEN WILL DEMAND ENQUIRY—RUSSIANS STILL ADVANCING

(Special to The Daily News.)

Stockholm, Oct. 23.—The Swedish submarine Hvalen, which has returned here at full speed, reports that, while in Swedish waters, and flying the Swedish flag, she was attacked by a German armed trawler, which fired nine shots, wounding the helmsman.

The Swedish government has demanded that a searching enquiry be made into the matter.

Russian Advance.

Petrograd, Oct. 23.—The Rus-

sians have advanced to the west bank of the upper Sara and have occupied the heights of Masourki, taking 67 officers and 2,025 men and three machine guns.

On the front south of Lake Boginskoi the Russians also made progress. German counter attacks were launched several times but were repulsed with heavy losses.

A violent encounter near the village of Douki resulted in the taking of the village by our troops.

THE BULGARIAN INVASION OF SERBIA

Map shows battle lines in the new war area north and east of Nish. The enemy paid heavily for taking Semendra and some bridges along the river. South of Ram the enemy was repulsed.

TEUTONS ARE DRIVEN BACK SERBIANS ASSUME OFFENSIVE

BULGARIANS EXPELLED FROM VRAYNA—SERBIANS NOW ENTERING BULGARIAN TERRITORY—ALLIED FLEET BOMBARD BULGARIAN COAST—ENEMY REPULSED IN GALLIOLI

(Special to The Daily News.)

Athens, Oct. 23.—The Serbians have assumed the offensive and have forced the Teutons back. They have repulsed the Bulgarians, who had entered Vrayna, and are now engaged in expelling them and are proceeding to enter Bulgarian territory.

Naval Attack.

The Allied fleets yesterday bombarded the Bulgarian coast from Dede Agatch, thirty-eight miles west of Porto Lagos. It is reported that the Italians took part in the bombardment.

Gallipoli.

Paris, Oct. 23.—The Allied troops yesterday repulsed strong Turkish attacks in the Suvia and Krithia regions. The Turks lost very heavily in both engagements. The Allied artillery action continues. Two destroyers, which had entered the straits, bombarded Tsacatepe.

Western Front.

Paris, Oct. 23.—(Official) detachments of German troops endeavored yesterday to take the Allies' advance trenches at Bois-ux-en-Hache and Givenchy. They were quickly dispersed by artillery fire.

FURTHER EVIDENCE OF ARBUTHNOT'S FRIENDSHIP

(Special to The Daily News.)

Victoria, Oct. 23.—Mr. Arbuthnot, one of the directors of the Pacific Coal Mines Company, in giving evidence today, stated that the giving of the \$105,000 in shares to Dr. H. E. Young was the fulfillment of a promise made in 1906, before Dr. Young became a cabinet minister.

Mr. Arbuthnot said that the minister was an old friend whom he had promised to remember, if the company ever reached a stage of prosperity, and so fulfilled his promise in 1909, when his chance came.

WEDDING BELLS

There was a jolly little wedding party at the home of Mrs. Seaman, on Seventh Ave. last night, when Miss Freda Anderson was married to Mr. Paul Wicks. The ceremony was performed by the Rev. W. W. Wright, in the presence of a large gathering of friends of the happy couple.

Mr. and Mrs. Wicks left this morning for North Pacific, where Mr. Wicks is a lineman in the service of the Government Telegraphs.

The following were amongst the first-class passengers on the Prince Rupert this morning: Mrs. Wilson, Miss Mulburn, Mr. and Mrs. A. Montador and child, F. G. Garrett, G. W. Dean, Mr. and Mrs. H. P. Wilson, Mrs. J. McRae, W. Hamilton and W. C. Treadwell.

MONTHLY MEETING OF HOSPITAL BOARD

At a meeting of the Hospital Board yesterday it was decided to increase the salary of Miss Carmichael to \$75 a month. The board, in view of the reduced number in the hospital and the urgent need of economy, decided to reduce the salary attaching to the position of matron.

Yesterday after considering the extra work and the acceptable manner in which it was being done, an increase was made to \$75, which is still less than the old salary by \$40 a month.

Tenders were opened for coal supply. The lowest tender was accepted, that of McCaffery & Albert, at \$8.35 a ton, which was one cent lower than the next lowest tender.

WESTHOLME THEATRE

The Westholme program is slightly different from that advertised yesterday. The leading feature is a two-act drama entitled "The Mystery of Henri Villard." It is a story of the south. "The Iron Hand of Law," another installment of "The Road of Strife," finds little Alene behind the prison bars on a charge of murder. "All on Account of Towser" is a comedy which includes a unique double elopement. "Ham, the Lineman," finds Ham in his element in a glorious mix-up. An interesting Hearst-Selig Gazette concludes the program.

WORLD'S MOST FAMOUS CRICKETER PASSED AWAY

(Special to The Daily News.)

London, Oct. 23.—Dr. W. G. Grace, the world's most famous cricketer, is dead at the age of 67.

Famous the world over as "W. G.," Dr. Grace earned a place in the annals of the great English game peculiarly his own. In the earlier days of the game, when grounds were rough and running up huge scores was a much harder task than it is today, Dr. Grace stood head and shoulders above any batsman, while at the same time he generally managed to come out near the top of the bowling averages. He played for England at the age of 17 and was still capable of taking a place on an international team at the age of 50.

Born near Bristol, in Gloucestershire, he was one of three famous brothers, the others being also stalwarts in the national game. His elder brother, "E.M.," at well over seventy years of age, still plays a prominent part in local matches. "G. F.," the younger brother, was cut off in his prime, when he showed signs of rivalling the great "W. G." in skill.

Dr. Grace wrote several books on the game, and in his later years published a book of anecdotes of his earlier experiences, which were as interesting as they were amusing.

He graduated in medicine from Edinburgh University, in Scotland.

JOFFRE 22 HOURS AT HIS POST IN BATTLE

Paris, Oct. 21.—A Paris paper today gives an account of how General Joffre, of the French forces, directed the operations during the battle in the Champagne region. Taking a post close to the front, in an innkeeper's kitchen, where a telephone had been installed, General Joffre, bending over a large scale map, listened to officers at the telephones, at intervals giving his orders in an absolutely calm voice.

In this position, the newspaper account says, General Joffre remained more than twenty-two hours—from 9 o'clock in the morning—neither eating nor sleeping during the whole time. After marking certain places on the map, he put down his pencil and said: "It is over; let us go and take a bite."

MAJESTIC THEATRE

An Essany three-act society drama entitled "The Return of Richard Neal" heads the bill at the Majestic. It depicts the scheme of a clever crook, who poses as a count in order to play his thieving game more easily. The story is full of thrilling scenes and is well staged and splendidly acted. "His Fairy Godmother" and "Sophie's Homecoming" are both good comedies. "Helen's sacrifice," a pleasing little drama completes an entertaining program. Monday night sees the staging of the 13th episode of "The Broken Coin."

G. T. P. WILL CONTINUE SUMMER BOAT SCHEDULE

Albert Davidson, general agent for the Grand Trunk Pacific at Prince Rupert, reports that the company has decided to continue their summer schedule of three boats each way per week between Prince Rupert and Seattle until further notice.

The proposal to return to the old schedule of two boats per week was purely tentative, and has not been confirmed at headquarters.

BOTHA RE-ELECTED

After a contest of unparalleled bitterness, General Botha has gone back to power in South Africa with a majority of 63. Certain sections of the press for weeks before the polling date conducted a campaign of extraordinary malignity, virulence and mendacity against the government, and in many districts, were only too successful in arousing a spirit of furious antagonism which was as much anti-British as anti-Botha. The result is a great triumph for the strong man of South Africa, who, since the formation of the Union of South Africa, has shown himself to be a statesman of the highest order, as well as a great military leader.

FREE COAL SHARES

The evidence brought out at Victoria yesterday in the Pacific Coal Company case would not startle anyone who has been digging into the political history of British Columbia during the past few years. The fact that a member of the McBride government accepted \$105,000 in shares in a company which was having difficulty in acquiring its property, is damaging. It is not enough that Mr. Arbuthnot should expatiate on his love for Dr. Young, even if that love had a face value of \$105,000. If Mr. Arbuthnot loved Dr. Young to the extent of \$105,000, how much did Dr. Young love Mr. Arbuthnot and his associates? When a director of a company, which wants something from a government, expresses his love for a member of that government so substantially as Mr. Arbuthnot has done, it is not unnatural that there should be a good deal of questioning

as to what was given in return. L. D. Wishard, of New York, who has no interest in politics, stated most emphatically that the \$105,000 of shares were distinctly set aside for political purposes. What political purposes?

ROYAL COMMISSION

The Borden government has appointed a royal commission to enquire into economic conditions in the Dominion, with particular reference to unemployment. It is gratifying to notice that J. C. Waters, president of the Trades and Labor Congress, is one of the commission, as he will certainly be able to provide much food for thought on the question of unemployment. The unfortunate thing about commissions is that the government seems to think that its work is over when it has shouldered the matter onto a commission, the report of which is usually "received and filed" and nothing more done. The appointment of a commission is too often both the beginning and the end of a movement for betterment. This commission has an opportunity to do a tremendous amount of good work, and it is to be hoped that its members will do their duty without regard to politics or capitalistic pressure.

OTTAWA APPOINTS NEW COMMISSION

Ottawa, Oct. 21.—The government appointed on Saturday last a new commission, whose duties it will be to take stock of Canada's natural resources, and to investigate and report upon such problems as those of rail and water transportation, immigration, the placing of soldiers after the war, co-operating systems, farmers' credits, unemployment, etc. Senator Lougheed, leader of the government in the senate, will be chairman of the new commission, with the following gentlemen as members: S. J. B. Rowland, of Montreal; W. Smith, M. P. for South Ontario; Dr. J. C. Rutherford, formerly Dominion veterinary general, and lately with the Canadian Pacific Railway; J. C. Waters, president of the Trades and Labor Congress; Wm. Farrell, of Victoria; E. N. Hopkins, of Moose Jaw; J. W. Flavell, of Toronto; and Senator W. B. Ross, of Nova Scotia.

W. J. Black, formerly principal of the Manitoba Agricultural College, has been appointed secretary to the commission.

The commission has been appointed as a result of requests made by a delegation of mayors and Reeves from different parts

WORTH KNOWING

"When things ain't going right with you, and you can't make them gee; when business matters look real blue, and you fear bankruptcy; when cobwebs gather on your stock, and customers are rare; when all your assets are in dock, don't cuss and tear your hair. Just listen to this good advice, and take it if you're wise; give every article a price, and then go advertise. And advertise from morn to night, don't overlook a day; and soon you'll see the world go bright, and things will come your way. Invest in good publicity, and fortune you will greet; and in a little while you'll be 'way up on Easy Street." Stomach Trouble and Rheumatism Relieved By "Fruit-a-tives"

MR. L. LABRIE

594 Champlain St., Montreal.

"I have been restored to health by taking 'Fruit-a-tives'. For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I became very weak, had frequent dizzy spells and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints and my hands swollen.

A friend advised me to try 'Fruit-a-tives' and from the outset, they did me good. After I had started the second box, I felt I was getting well and I persevered in the treatment. I can truthfully say that 'Fruit-a-tives' is the only medicine that helped me.

BIG INSPECTION TRIP ON G. T. R. HAS BEGUN

Montreal, Oct. 21.—The officials in the maintenance, operation and construction departments of the Grand Trunk Railway today began an inspection trip over the company's lines. A special train left Toronto carrying the railway men. An observation car, specially constructed for this trip, is on the rear of the train and it is fitted with electric indicators and other appliances for recording the decisions of the experts as they journey over the line.

Mr. H. R. Safford, the chief engineer of the Grand Trunk, is accompanied on this trip by the engineer of maintenance of ways, the general superintendents of divisions, track supervisors, inspectors of bridges and buildings, signal engineers, track foremen and others. Each division on the system will be carefully scrutinized and records kept of the results.

The honor of having track station buildings, etc., in the highest state of perfection is being eagerly contended for by the railway men in the various parts of the Grand Trunk's territory and the close inspection to which every mile of the company's lines are being subjected, insures the right of way being kept in the best possible condition.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

The following report was presented by Mrs. W. T. Kergin:

In August, 1915, when I took over this part of the work there was on hand:

One roll of linen from Mrs. McClure of this city.

One hospital kit-bag, given by the Daughters of the Empire.

One parcel containing linen and one Irish crochet handbag, for raffle from Mrs. Walter Williseroft, of Georgetown.

Two night shirts and eleven pairs of socks, without names of donors attached.

On August 14th, the society purchased 60 pounds of wool from the H. S. Wallace Company, at \$1.35 per pound. Fourteen pounds of this have been sold, to be used in knitting for the soldiers, bringing in 18.90.

Forty-five pounds have been given out to people wishing to do knitting; leaving us only one pound on hand at the present time.

From wool given out in this way, we have up to date received back the following:

Mrs. Thomas, 17 pairs; Helping Hand Society, 4 pairs; Mrs. Arthur Cuthbert, 3 pairs; Mrs. A. B. Williams, 1 pair; Miss Ellett, 2 pairs; Mrs. W. T. Barnes, 1 pair; Mrs. Watts, S. S. City of

**Don't Send Money
in a Letter**

WHEN you send subscriptions to magazines, or order goods out of town, or pay small accounts at a distance, do not place the actual cash in the envelope. Thousands of dollars are lost every year through fire, robbery or mis-direction. Use the Bank Money Orders, issued by this bank. They are payable in Canada and the United States in any sum up to fifty dollars.

Their protection is well worth their small cost.

**INSPECTION of the Gillette Safety Razor
by mechanical experts and men of judgment shows clearly WHY seven million shavers prefer it.**

The thin, flat blade is tempered to a uniform hardness impossible in an ordinary thick-backed razor. As a natural result, it takes an edge unequalled for even keenness.

By a simple turn of the wrist you can regulate a Gillette shave to a nicety—light, medium or as close as you like.

The toothed guard ensures safety, and permits such free and rapid strokes that a smooth, clean Gillette shave need take no more than three minutes.

The curved holder supports the blade close to the shaving edges, preventing all that vibration which makes hollow-ground open blades and other safeties pull and irritate when they strike a stiff beard.

Inspect the Gillette and you'll buy it—and shave in comfort thereafter. Go to it! Your Druggist, Jeweler or Hardware Dealer will gladly parade the Gillette Line before you.

Then there's the adjustable feature, exclusive to the Gillette.

"Bulldog", "Armatocrat" and Standard Sets, \$5.00—Pocket Editions, \$5.00 to \$6.00—Combination Sets, \$6.50 up.
